

## Married At First Sight

**Married At First Sight Chapter 3182**-Abby inquired very clearly.

Evan was the most filial to his grandma and the most respectful to his eldest brother, Zachary. If something happened, he might not tell his biological brother, Callum, but he might tell his eldest brother, Zachary.

Zachary was a doting wife. If his brothers came to him for something, he would talk to his beloved wife, and Serenity would know.

That's why Abby took the liberty to come to Serenity.

People in Serenity's company also suspected that she was Serenity's love rival.

Even Serenity might be a little suspicious of her.

At first, she just asked the secretary to make tea for her.

After learning the purpose of her visit, she asked the secretary to serve some snacks and fruits.

Abby was not angry at Serenity's different treatment. If it were hers, she would do the same.

If a love rival arrives, she can at most give her a cup of warm water without losing basic courtesy. There is no way she can make tea or serve her snacks if she wants to!

Love rival!

They were extremely jealous when they met.

Therefore, when Serenity did this, Abby felt it was very real.

Abby also knew a thing or two about what kind of big family the York family was.

If she had the chance to marry into such a family, she would be absolutely happy.

But she didn't know what kind of mentality Evan had towards her.

"Evan occasionally talks to his elder brother, but I haven't seen him in recent times." Abby said it again.

"Where is Evan now?" Serenity asked Abby.

Abby replied, "He was in Hiribaty half a month ago. I don't know now. He may have returned to Wiltspoon, or he may be on a business trip elsewhere."

Serenity asked, "So, you haven't seen him for half a month?"

Abby nodded. "I haven't seen him for half a month. Evan is like this. When I was about to get rid of him, he showed up again and was very nice to me. When I was tempted and wanted to have a vigorous love affair with him, he disappeared without a trace."

"It's really annoying!" Abby gritted her teeth.

What Evan did was full of resentment.

Serenity understood, "That br\*t, I will ask his elder brother to call him later and ask him where he is now. If he is in Wiltspoon, I will ask his elder brother to ask him what he means."

Abby said, "If he is in Wiltspoon, and I am in Wiltspoon now, Miss Hunt, I don't need you to help me ask him. I will go find him myself and ask him what he thinks I am."

Serenity hummed, "Okay, Miss Du, give me your contact information later. When I have news, I'll let you know and ask you to find him."

Dealing with this type of personal relationship issue is necessary. The two parties involved need to talk face-to-face.

"What Evan did is too much." Serenity stood by Abby's side.

If he really can't fall in love with Abby, he should pursue the girl in his dream wholeheartedly. As long as he and the other person truly love each other, and as long as the other person's character is good enough, grandma won't blame him for changing her.

Evan flirts with both sides like this, and neither side gives an answer, which makes people really want to slap him.

The old lady was present now, and she definitely waved her cane to greet him.
