

Married At First Sight

Married At First Sight Chapter 3187-Zachary didn't care how troubled Evan was. Anyway, his notification was in place, and Evan also gave him a reply.

Even if Evan guesses something, he will not dare to regret it. As long as he still recognizes Zachary as his elder brother, he will not dare to regret it.

Zachary called Serenity to ask for credit and asked her why she suddenly said she wanted to treat Evan to dinner.

Serenity smiled and said, "Evan's other half, Abby, came to the door. It was Grandma who selected the candidate for Evan."

"Evan's other half came to the door. How could she find you? Shouldn't she be looking for Evan?" Zachary was stunned and said something funny.

"Abby said that sometimes Evan would not answer the phone or reply to messages. She didn't know Evan's private residence in Wiltspoon, so she could only come to me to ask."

When I returned to the company in the afternoon, everyone told me that there was a beautiful woman waiting for me. They believed you were acquiring a romantic rival for me by stealing her away behind my back. "The love rival came to ask me to give up my position."

Zachary's face darkened. "How is that possible? We've been husband and wife for a long time, and my feelings for you are as clear as the sun and the moon. Seren, believe me, I will never betray you in this life. Even if you have a love rival, it's not me who caused it; they came over on their own initiative, and it has nothing to do with me."

He can't scratch his face.

Many times, what they value is not just him as a person but also his status.

Even if he is embarrassed, as long as he is the leader of the York clan, those nymphos will still be obsessed with him. Furthermore, he can't scratch his face just because of others. On occasion, serenity will touch his face. The scratches will cause scars. If there are scars, they will become less slippery to touch, affecting his wife's feelings.

This kind of thing must never be done.

Serenity smiled and said, "That's what others speculated, and it was not my intention. I believe you will not betray me or take the initiative to provoke women outside."

"I didn't know that Miss Abby Du had come here for Evan." When I saw her, I was full of questions. Later, she said that she came for Evan, and I understood. Evan was also a bit excessive. He pressed Grandma, who replied that she went to get close to Abby and was very kind to her.

According to Abby, anyone who sees how good Evan is to her will think that he is pursuing her. But when Abby becomes a little tempted and Evan withdraws, he will not pick her up for a while. If you don't respond to calls or messages, it's like he doesn't know Abby."

Abby doesn't just come and go at the drop of a hat. She also has a temper. Evan doesn't want to talk to anyone, so she forgets about him.

But when Abby was about to forget about him, he suddenly appeared again and continued to be nice to her. This happened over and over again. He disappeared again, didn't answer the phone, and didn't reply to messages. No, Abby chased after her; she wanted to ask Evan for a clear explanation. She couldn't find Evan, so she came to me. Who said I was his sister-in-law?"

Zachary suddenly realized, "I see. Evan is probably confused. Didn't he mention that he frequently dreams about a woman who is involved with him, even though that woman isn't the one his grandmother chose for him?"

He wants to follow grandma's request to pursue his wife, and he also wants to follow his own heart. Maybe he likes the girl in his dream more."

Serenity said, "He must not have made a decision yet. If he had made a decision, he would not hang on to Abby."

Zachary asked, "How is Abby?"

Serenity said, "I have a good impression of Abby. Grandma's taste is not bad. If she can be chosen by Grandma, she must be suitable for Evan." "However, Evan has a dream lover, which is quite difficult to deal with."

Serenity felt that Evan's love affair might not go well.

The two women sandwiched Evan, pulling him from both sides. He suffered the most.

No matter who he chooses, it will hurt the other party, and he will not feel better.

“I asked Evan to come over for dinner this evening.” I also told Abby that she came from afar and was a guest. I invited her to dinner at our Wiltspoon Hotel. She is staying in the hotel now. Let them resolve the matter between her and Evan face-to-face. We can’t help with emotional matters.”
