

Married At First Sight

Married At First Sight Chapter 3138-Liam added, “Our family will be very lively during the New Year next year. Our grandson should be a few months old by then. Tania, who do you think Zack and Serenity’s children will look like?”

Tania said, “Of course it’s like the couple. It’s their child. Also, don’t talk about your grandchildren at home. Your mother will hear this and scold you to death. She wants to hold her great-granddaughter.”

Liam: “Can she hold it if she wants? I dare say that the baby in Serenity’s belly is definitely a boy—our eldest grandson. I don’t care about grandchildren; the first grandchild is in my eyes.

We will now have fun with our grandchildren at home. Regardless, the master revealed that Zack and Serenity have a destiny to bear both sons and daughters. Life eventually brings fulfillment. We can always have a granddaughter. This birth gave birth to a son. In a few years, let them fight for a second child; maybe we can have both children and a daughter.”

Tania didn’t pay much attention to whether the first grandchild was a grandson or a granddaughter.

It took Serenity a year after she got married to get pregnant. For a year, the elders had been looking forward to it. They thought it would be great if Serenity could get pregnant. It didn’t matter whether it was male or female.

Tania said, “Mom chose Elora for Tatum. The Ormond family is also the richest in their city. In terms of wealth and power, they are almost the same as ours.”

Liam smiled and said, “With my mom here, we parents can worry a lot less. My mom doesn’t have any concerns regarding the children’s life events. They are only afraid of their grandma, that is, their grandma. Only then can she control them and let them pursue their wives honestly.”

Tania glared at him and said, "Don't you realize the seriousness of the problem? Serenity is our eldest daughter-in-law. Zack will be the family's leader after the York family. Serenity is the head wife, but her family background is not as good as Elora's."

When Serenity begins her journey in the future, will Elora target her? The palms and backs of her hands are all flesh, and both of them are my daughters-in-law. Who should I help?"

Liam said, "Honey, you are thinking too much and going too far. The person my mom likes will have good character. Elora will never bully Serenity, even if she gains momentum."

Besides, is serenity allowed to be bullied? So much time has passed, and you still have no idea what sort of individual Serenity is? Besides, Zack is here. Zack is the eldest of the brothers. His younger brothers and cousins all respect him.

If Zack can control his brothers, Serenity will gain the respect of his sisters-in-law."

Liam had great confidence in his eldest daughter-in-law, Serenity.

"Mom always said that Zack has a special relationship. She fell in love with Serenity primarily because she understood their destiny as husband and wife. Serenity's family background is comparable to that of Camryn, and compared with Hayden, it's not enough, let alone Elora."

Tania was concerned that her sister-in-law would eventually overwhelm Serenity.

"Then you're feeling a little bit more hurt, Serenity."

Liam smiled.

Tania added, "The palms and backs of my hands are all flesh."

"Flesh, both on the palms and backs of the hands, varies in thickness." The flesh on the palms is thicker, and the flesh on the back of the hands is thinner."

After thinking about it, Tania said, “I have to give Serenity a little more attention. Before Elora comes in, I can help Serenity establish her authority in Wiltspoon so that no one dares to underestimate her.”

Liam: “No one looks down on her now. There are only people who are envious and jealous of her. No one dares to look down on her. Wife, you don’t think about the good things, but always think about the bad things. The people in our family are all reasonable; don’t worry. Besides, when a few boys get married, they will also be divided, so they usually stay with their own children. At home, we only come back to the villa to get together during the holidays.”

The fragrance is far away, and the odor is close. Keep a certain distance, and there will be no conflicts. No matter how powerful Elora is, she just gave birth to a good child and inherited the ancestral property. Serenity started her own business. Her vegetables and fruits The company’s territory is getting wider and wider.”

In a word, Liam is 100% confident that his eldest daughter-in-law, Serenity, could be the head wife of the York family.
