

## Married At First Sight

**Married At First Sight Chapter 3264**-Anyway, Evan showed off his cards to his grandma and made it clear to Abby that he no longer had any psychological burden and could pursue the girl he really liked openly.

Fox:”.....”

Evan said, “I just need to know your name. If I keep calling you a Fox, I feel like I’m scolding you.”

“My nickname is Fox. As long as you say Variety Fox, everyone will know me.” The Fox just didn’t want to say her name. “If you have the ability, just go and check it yourself. Didn’t you ask someone to check on me?”

The Fox seemed to be smiling but was quite upset that Evan could not find out her true identity.

The ever-changing Fox meant that she had a hundred different faces, so people didn’t know which one was her.

In short, no one had seen her true face since she came out to wander the world.

She came to see Evan like this today, and tomorrow she would appear in front of Evan with another face. Not only would her face be different, but her voice and personality would also be different.

She had learned to change her voice. If she changed her face, her speaking voice would be different, so that others would not associate her with so-and-so.

Evan smiled sarcastically, “I sent someone to check you, but didn’t you put a sack on my man and beat him until his face was bruised and his nose was swollen, so I didn’t send anyone to check you again, lest I get sacked by you again?”

To be honest, your skills, as well as being mysterious and unfathomable, remind me of some old-timers who lived decades ago. I heard my grandma mention it. Grandma has special respect for them.

It can be said that our brothers grew up listening to grandma tell their stories. Our second brother is Callum, my eldest brother. He was lucky enough to meet one of them. Oh, my second brother met Lilian Carden, the old miracle doctor.

My second sister-in-law was able to see the light again, thanks to Dr. Carden's treatment. She is indeed a disciple of the miracle doctor. Once she took action, my second sister-in-law could see again soon."

Doctor Carden: She took advantage of her seniors, okay?

Camryn's eyes were about to be cured, but the old doctor who treated Camryn's eyes died, and the treatment was interrupted, so Camryn was not cured by him.

When Callum asked Dr. Carden to treat Camryn's eyes, the disease was cured, and Camryn soon regained her sight.

Dr. Carden also told everyone clearly that this cannot be said to be entirely her fault but also the credit of the deceased old doctor.

However, if Callum had not invited Dr. Carden to treat Camryn's eyes, Camryn would not have recovered and could only live in darkness.

Fox knew who Evan was talking about, and she didn't explain. She just said, "I've also heard about the old miracle doctor. He never married and had no children. Later, he picked up a baby girl to raise. His high-profile doctor, Dr. Carden,.

Dr. Carden is now the fourth young lady of the Johnson family in Annenburg. People in the upper class among you all know these things, and they are not secrets."

Camryn had been blind for ten years but was cured by Dr. Carden. Dr. Carden had long become a miracle doctor in everyone's eyes.

She heard that Dr. Carden was not only superb in medical skills but also powerful in using poisons. Compared with the old miracle doctor, Dr. Carden was better than his master.

No one dared to offend Dr. Carden.

Not only was she a superb doctor, but many people wanted to make friends with her. After all, it is impossible for a person to not get sick in their life. If he makes friends with extremely high medical skills, he can always ask Dr. Carden to see him when he gets sick.
