

## Married At First Sight

**Married At First Sight Chapter 3214**-Fellow peers were jealous of each other.

Tatum said, "I will make adjustments based on the eldest lady's evaluation. That way, I can make progress. As long as the eldest lady is satisfied with every dish I cook, I can start my apprenticeship."

Uncle Joly smiled and said, "In that case, the eldest lady will probably be unable to leave you."

Tatum wanted to say that he would be happy to cook for Elora for the rest of his life. However, it is better not to say this, as it will easily make people think wrongly. Even if his secondary goal is to capture Elora, he cannot reveal such thoughts.

Elora took care of the family business, which showed that she was a smart and capable person. It was not easy to win over such a strong woman.

Unexpectedly, it took Kevin a long time. With Serenity's help, he took a shortcut and won Hayden's heart.

After Uncle Joly finished speaking, he realized that those words were easy for people to imagine, so he quickly changed the topic.

"Tatum, you have been busy all afternoon. Go to bed early and prepare breakfast for the eldest lady tomorrow. The eldest lady and Young Master Alonzo are the first to have breakfast. Young Master Alonzo has to go to school, so it is early. Every day, the oldest lady sends Young Master Alonzo off. After returning from school, she will go to the company, so the siblings will go together.

At around seven o'clock in the morning, you have to prepare breakfast for the eldest lady and Young Master Alonzo. You can prepare breakfast for everyone else after nine o'clock. Mr. and Mrs. Ormond usually get up around 10:30 to 11 o'clock."

Tatum: "At this point, breakfast and lunch will be eaten together."

Uncle Joly nodded. “Mr. and Mrs. Ormond are like this. They sleep until noon and don’t get up. They go out after lunch and come back for dinner in the evening. Sometimes they don’t come back. When they don’t come back, I will tell you in advance. As long as they don’t come back. When you eat, rest; just fill your stomach.”

In the main room, only Elora and Alonzo have breakfast.

Tatum said, “The eldest lady, won’t she come back for dinner tonight?”

Uncle Joly said, “Normally she won’t come back, and she will tell me in advance when she comes back. Young Master Alonzo often follows Mr. and Mrs. Ormond after school, so he rarely has dinner at home. However, maybe everyone will come back for dinner. Everyone is still very satisfied with your cooking skills.”

Every time there was a new chef, everyone would come back to eat for a few days. After the novelty wore off, they would go back to their own ways.

Tatum remembered.

The Ormond family was unlike their York family, who had fixed meal times.

If everyone returned to the villa and had three meals a day together, especially breakfast and lunch, if none of them got up to eat, grandma’s cane would make them jump up to eat.

Grandma said that if the three meals are not stable, it will easily hurt the stomach. If there is something wrong with the stomach, it will take a long time to recover.

Zachary had a bad stomach for a while, so Serenity spent a long time helping him to recuperate his spleen and stomach and watched him eat three meals on time.

Tatum couldn’t care too much about other people’s stomachs, but he must help Elora’s stomach take care of her and not let her have a bad stomach due to diet.

Uncle Joly said, “There’s nothing else to do. You should go to bed early. If you have anything you don’t understand in the future, just ask me.”

“Okay, thank you, Uncle Joly.” Tatum thanked Uncle Joly repeatedly.

He sent Uncle Joly downstairs and waited until Uncle Joly was gone before returning to his dormitory. Then he sent a message to his family members to tell everyone that he had successfully re-examined.

Elora admitted him, and Mr. Talbot and others had no chance.

This was based on strength. Everyone had obtained the results through fair competition, and Tatum would not feel guilty.

**Married At First Sight Chapter 3215**-Evan, who was taking care of Abby in the hotel, received Tatum’s voice message.

The voice message Tatum sent asked Evan, “You traveled so far just to be a chef?”

Tatum was sitting on the sofa at the moment. He replied to Evan, “Isn’t it possible? The Ormond family’s chefs are very challenging. I merely sought admission to test my abilities. Fortunately, I defeated all the competitors. It can be said that it’s time to pass five levels and kill six generals.”

Evan: “...a chef acts like he is running for president.

How long do you plan to stay? It’s not far from the New Year. Aren’t you planning to come back during the New Year?”

Tatum replied, “I may not go back during the New Year. I will go back when the boss fires me.”

Evan smiled cheerfully. “With your ability, the boss can still fire you, so it’s reasonable for you to fire the boss. I just don’t understand why you have to travel so far away. You also have a career, and you have to travel thousands of miles away to cook instead of cooking. Is it cold inside? Can you bear it?”

Tatum said, “It’s not like we haven’t been cold before. Haven’t you been thrown into the snowy mountains by grandma? Fourth brother, if you don’t talk about me, how are you doing? “Did you go after my future fourth sister-in-law?”

Tatum thought to himself that he had already taken action. If Evan hadn't taken action, he would be in a better position when he took Elora back to see his grandma.

If grandma's crutch doesn't hit Evan, he won't be called Tatum.

Evan said, "Don't mention it; it's so annoying. My sister-in-law invites me to dinner tonight."

Tatum smiled and said, "Let's have a banquet at Hongmen."

Evan: "Isn't that right? The fourth sister-in-law that grandma picked for me found out that the elder sister-in-law sued me, and the elder sister-in-law invited me to dinner."

Tatum: "Brother, what did you do to the fourth sister-in-law?"

Evan: "Tatum, she is not your fourth sister-in-law!"

Evan corrected Tatum's title. He didn't think he would marry Abby.

Tomorrow, he will go back to find Grandma for a showdown. Although he didn't know the fox very well, he was certain that he didn't want to marry Abby.

Grandma wanted to hit or scold her, but he didn't care.

Getting married is a lifelong event.

He didn't want to force himself to marry a woman he didn't love. Even if he didn't hate Abby, he felt that she was very suitable for him in all aspects.

He didn't even want to marry.

Tatum said amusingly, "Brother, Can you still resist Grandma? Grandma's chosen fourth sister-in-law is undoubtedly a good fit for you. You can develop a relationship with her. Anyway, it will take a year. If we can't develop a relationship in a year, we will have a showdown with Grandma."

Like Grandma selected Elora for him.

Tatum liked Elora very much after seeing her in person. He determined that Elora was his future wife. Tatum fell in love with Elora at first sight.

After Evan was silent for a while, he said, "It's suitable, but I don't have that kind of passion for her."

Tatum naturally knew about him.

Tatum said, "Brother, just think about it carefully and don't regret it in the future."

Everyone has their own goals to attack, and no one can help anyone else. When they are troubled, the only thing they can do as brothers is enlighten them.

"I never do anything that I regret. I won't talk to you anymore. Abby is asking for water again."

When Evan heard Abby calling for water, he stopped chatting with Tatum and went to get Abby a glass of warm water.

He sat down on the bed's edge, placed the glass of water down, helped Abby up, and then took the glass to feed her.

This was the first time in his life that he had taken care of a drunkard.

It was better to drink water, but he was afraid she would be vomiting like before.

After Abby drank the water, she fell back on the bed and continued to sleep. She didn't sleep for two minutes before she rolled over and got out of bed.

However, she was so drunk that she staggered around when she walked.
