

## Married At First Sight

**Married At First Sight Chapter 3302**-In Trenton's opinion, his parents love Carrie the most. The family property was handed over to him because he had told his parents about Carrie's squandering deeds. His two aunts were keeping an eye on Carrie and were worried that she would be taken advantage of. In order to keep the family property, his parents listened to him and transferred the property to his name.

Carrie said, "I will still associate with you, my younger brother, for now. If you keep mentioning them in front of me, keep lecturing me, and keep quarreling with me, I will stop associating with you. Anyway, this is the worst that can happen to me."

She hooked up with Mr. Labbe and had plenty of money to spend. As long as she worked hard for Mr. Labbe, she would have saved a lot of money, even if he stopped supporting her in the future.

It's better not to have any contact with these relatives.

Trenton felt that Carrie was beyond redemption. He didn't want to persuade her anymore. Every time he tried to persuade them, they quarreled. He silently helped her pay the bill and then took her out to eat.

After dinner, Trenton took Carrie to look for a house. After helping her rent a house, he accompanied her to buy a lot of daily necessities.

He was busy until 11 o'clock in the evening.

"Sister, it's late. I'll go back first." Trenton looked at the time and decided not to stay to help Carrie clean. He said, "This room is very new and clean. Sister, just spread the sheets, and you can sleep. If you need to clean it, I will come over to help you clean it tomorrow afternoon when I am free."

He left a key. It would be convenient for him to come and see Carrie in the future.

Carrie nodded. "Go back, be careful on the road, and send me a message when you get home. I'm renting here; don't tell your elder sister that I don't want to have anything to do with her. She's the one I hate the most. Seeing how happy I'm now makes her crazy with jealousy."

In front of Trenton, she made no secret of her jealousy towards Camryn.

Trenton pretended not to hear and left under the gaze of Carrie.

Carrie watched from the balcony and saw Trenton walk out of the apartment building, go out to the street, hail a taxi, and leave.

She just came back from outside the balcony. Then she quickly closed the doors, windows, and balcony door, took the key, went out, locked the door of the rented house, and hurried downstairs.

Labbe

When she went downstairs, she called one of the Labbe family's bodyguards and asked him to drive over to pick her up.

The Labbe family's bodyguards were nearby and had been secretly following her all night.

Less than two minutes after Carrie walked out of the apartment building, the Labbe family bodyguards arrived. However, the car did not drive towards Carrie but drove away directly.

Carrie: "..."

Were those two d\*mn bodyguards blind? She was standing right here, and they couldn't see her?

Carrie was so angry that she immediately called one of the bodyguards and started to curse, "Are you blind? Can't you see me standing here? Come and pick me up quickly. I'm freezing."

Even though she was wearing a thick coat, the temperature dropped to the lowest point late at night, and she was freezing.

"Ma'am, someone is following you."

Carrie was stunned.

"Ma'am, don't go back tonight. Just stay in the rented house. Wait until we help you deal with the people who are following you, and then you can leave."

Carrie lowered her voice and said, "Can't you kill them now? Are they Serenity's people? Or Camryn's?"

The bodyguard replied, "It's probably your eldest sister's people; because you met your brother, it's convenient for her people to follow you."

Carrie also felt that the probability of it being Camryn was higher.

Carrie: "They are her people; kill them!"

The bodyguard: "We can't kill them. If we do, it will cause more trouble. Ma'am, go back to the rental house first. We will find a way to lure them away."
