

Genius 3271

Chapter 3271

“Lord Commander, don’t you claim to be some kind of calculator, now guess what we want.”

Scar walked in from outside the tent and squatted down in front of Wen Qiang and gently patted his white cheek.

Wen Qiang looked at the men and the hemp rope they were holding in their hands.

A cold smile appeared on his face and he sneered and said.

“You guys don’t think that tying me and also him up would be enough to exchange yourselves from death, do you?”

Wen Qiang knew deep down that if they really handed themselves and the remnants of the Third Prince over.

There was a real possibility that Gadrei would no longer pursue the past and even dispatch them.

But he could not show the slightest hint of panic, or he would certainly die.

“The supreme commander of the Black Dove wanted to commit a rebellion and had forced the agents of the Black Dove to do harm to the people before.”

“And all done at your direction, handing you over to His Majesty and to the people of the entire Vientiane Kingdom.”

“Do you think they would hate a mastermind behind the scenes or a group of forced agents?”

At Scar’s voice, Wen Qiang’s pupils snapped shut.

He hadn’t expected that there were actually smart people inside this Black Hatchet.

“Men, kidnap our Commander Wen Qiang and the remnants of the Third Prince he colluded with, and send them with me to His Majesty’s imperial court tomorrow!”

A few soldiers came from the rear with an impish look on their faces.

The thick and long hemp ropes in their hands looked sturdy.

Wen Qiang closed his eyes helplessly, there was nothing he could do when things had come to this.

Just as he was thinking of closing his eyes and letting the Black Dove members tie him up, he suddenly felt something wrong with the touch of his body.

When he opened his eyes, a Black Hatchet soldier was tying a bow around his chest with a piece of twine.

“b*****d, a soldier can be killed but not humiliated!”

Wen Qiang’s whole body was tied directly on top of the pillar in the usual way of turtle armour bondage.

Looking at the empty tent and the old courtiers of the Third Prince across from him, Wen Qiang shed tears of remorse.

Now there was not a single watchman, there was no one to turn against even if he wanted to.

.....

On top of the national highway in the territory of Wanxiang country.

The company's main business is to provide a wide range of products and services to the public.

The smoke and dust rose up in the back of the SUV.

And Lin Mo was looking at the various messages on his mobile phone.

In it were all speculations about himself, the chief pillar minister during Gadre's reign.

There were even various biographies as well as information that one could search out in plain sight, etc.

Last night, Jiade Lie had called Lin Mo and asked him if he was willing to become the Chief Pillar Minister.

He also promised Lin Mo that as long as he was willing, Lin Mo would have half of what he had in this Wanxiang Kingdom.

And added to this was the information reported by the spies earlier.

Xu Hanxia's figure had appeared in the Wanxiang Kingdom.

And the Wanxiang Kingdom was so large that Lin Mo was alone in his search for Xu Hanxia.

That was no different from finding a needle in a haystack.

So Lin Mo agreed to take up the post of Chief Pillar Minister for Jia De Lie.

He also told Jiadrei that he would arrive in Wanxiang King City tomorrow morning.

And Jiadrei would be there early to set up everything.

And he had asked a reporter to shoot a video for the two of them and upload it to the entire world wide web.

Lin Mo's eyes gradually became more and more determined.

Only Jiadre's help was not enough, Lin Mo also needed more eyes and ears.

A gradually crazy idea appeared within Lin Mo's heart.

He was a little hesitant, not knowing whether to do so or not.

But inwardly, the worry and the thought that Xu Hanxia was nowhere to be found intensified.

The speed of the SUV was still accelerating rapidly.

Lin Mo was also getting closer and closer to the King's City.

He could already see the dense crowd at the entrance of the city and the figure standing at the front of the crowd.

Chapter 3272

The SUV pulled up steadily at the entrance of Wanxiang Wangcheng.

As soon as the car door opened, a group of reporters who had been prepared for a long time carrying long guns came around.

In the face of the flashing cameras, Lin Mo only smiled lightly.

“Lin Mo, the widow has waited for you so hard.”

A silhouette ran over, and Jiadrey gave Lin Mo a fierce bear hug.

Dressed in a king’s robe, Jiadrei wrapped his arms around Lin Mo, his face filled with a sincere smile.

“Jiadrei, I can tell you that I only love Hanxia, you don’t stand a chance, give it up!”

“f*ck you, I still only love my crown princess.”

The friendly exchange between the two was also recorded by journalists.

Tomorrow the whole world online will know how friendly the two are.

“We welcome the Minister of the Pillar State!”

The ministers behind Jade Lie also ran over and said as they knelt down to Lin Mo.

“My Wanxiang Kingdom has been blessed by the heavens with two heavenly pride, His Majesty and the Pillar State Minister, so my Wanxiang can continue for ten thousand years!”

It was still the witty minister who spoke out, causing the others to curse inwardly.

D*mn you grandmother, a salute you also have to roll inside here.

“All of you, get up quickly.”

One minister rose from the ground and stood respectfully to one side.

“Go on, get into the widow’s car.”

Gadre pointed to the luxurious special padded car to one side and led Lin Mo as he was about to get on it.

“Don’t stop us, we want to see His Majesty!”

The noises in the distance immediately made Jiadre frown slightly.

He then looked to the head guard at the side and said in a solemn voice.

“What is happening, bring it here and see.”

“Yes!”

The head guard hurriedly ran over to the side.

Today was a very important day for the Wanxiang Kingdom.

There could never be any interruptions at this time!

At this moment, a group of Black Hatchet members outside were dragging Wen Qiang and a few others towards barging inside.

And the guards were barely stopping them.

“You really can’t go in now, His Majesty is going back to the palace with the Pillar Minister.”

“Bullsh*t, we Black Vultures have something important to report to His Majesty, and you dare to stop us!”

Scar as well as Bald Head led a group of minions inside and kept charging, while roaring angrily.

“How dare you disrupt the order without looking at what day it is!”

A serious-faced head guard came from afar and angrily rebuked at the crowd of Black Vultures.

“We have an important matter to meet His Majesty, making them stop us.”

Even in the face of the chief guard, Scar did not concede in the slightest and continued to shout with a stubborn neck.

The Squire looked at the crowd of Black Doves for a few moments, thought of Gadre’s words and said indifferently.

“You had better have something urgent enough to follow me.”

The Squire’s final words were thick with coldness.

If these few people were there because of some trivial matter, then all that awaited them was death.

“You still need to say that, is the matter big enough for the Third Prince’s remnant party?”

Scar tugged on the hemp rope in his hand, and the Third Prince’s remnants and Wen Qiang, who were tied up, were dragged over.

That’s right, they were dragged over.

They had been dragged over directly by Black Hatchet’s crowd today.

Black Hatchet’s men were walking in front, and they were being dragged behind them.

Wen Qiang did not speak, just a silent face.

His clothes were already worn down in the middle of the dragging, and even the clothes on top were about to be yanked off.

“The remnants of the Third Prince’s party?”

The head guard's face changed abruptly and he gave Scar and the others a deep look.

Then he turned around and quickly ran towards where Jia De Lie was.

Scar, on the other hand, was proudly tugging Wen Qiang and a few of the Third Prince's party members towards the front.

The strange stares around him did not cause him any panic at all, instead.

Instead, a look of pride appeared on Scar's as well as Bald Head's face.

Chapter 3273

"Your Majesty, it was Black Hatchet's men, and said something about having captured the remnants of the Third Prince's party."

Gadrei's gaze faintly stared, and then nodded gently.

Seeing that Jiadrei did not speak, the head guard also stopped speaking and stood quietly to the side.

Soon, several of Scar's men arrived in front of Gadrei and directly knelt down on both knees.

"Agent Scar of the Black Hatchet kowtows to Your Majesty."

"Where is the remnant of the Third Prince you spoke of?"

Hearing Gadrei's words, Scar raised his hand and tugged at the few people tied up behind him.

"Your Majesty, just yesterday morning, Wen Qiang, the commanding officer of the Black Dove, was so treacherous that he actually tried to kill and assassinate Your Majesty in the royal palace."

"He even promised us glory and wealth for us to follow and assassinate His Majesty with him."

Gadrei enquired with interest, "Then why did you not agree?"

"Because His Majesty is a chance given by the heavens to the Wanxiang Kingdom to become the world's top power!"

Scar's tone was tinged with such fervour that those who didn't know would have thought that he was a die-hard fan of Gadrei.

Jia De Lie followed Scar's hand and a smile appeared on his face.

Wen Qiang and the few thieving men were being tied to the ground in tortoise armour bondage.

There was even all sorts of dust on their bodies.

Lin Mo's gaze was suddenly drawn to the Wen Qiang on the ground, which had intrigued him a little.

The first time he and Wanxiang had met was also in the middle of the Wanxiang Kingdom.

Now it was a different time, the same place, and things had long since changed.

“Your Majesty, the Black Hatchet Commander, Wen Qiang, has colluded with the remnants of the Third Prince’s party to try to murder you, we believe.”

“Kill without pardon!”

The original ministers heard Scar’s loud voice and hurriedly ran over to kneel down with Scar and the others.

Gadre as well as Lin Mo’s eyes looked at several people, and after a long time, Gadre spoke.

“None of you are going to weasel out of the code? ”

Wen Qiang looked at Jia De Lie and spoke with a bitter smile.

“It’s just a matter of success and failure, Jiadrei, sooner or later you will have this day.”

“You gave the position of Pillar Minister to Lin Mo, an outsider, you are also vaguely afraid in your heart, right?”

Wen Qiang’s words did not cause any change in Jia De Lie’s expression at all.

“Wen Qiang ah Wen Qiang, if it was before I really still might have been turned by your words, but it is no longer the same”

Jiade Lie looked at Wen Qiang and muttered.

If Wen Qiang had said this to Jia De Lie before, the latter might have hesitated a bit.

It was very possible that he might even have had ill will towards Lin Mo in his heart.

But now, Jia De Lie had already let go of these matters.

Even if Lin Mo really had that in mind.

China would not allow Lin Mo to completely hollow out the Wanxiang Kingdom.

Because once Lin Mo really hollowed out Jiadre to take control of the Wanxiang Kingdom, the whole world would quickly know about it.

And.

Jia De Lie’s afterimage glanced at Lin Mo who was a little tired but still full of sharpness.

He, Jiad Lie, was willing to believe that Lin Mo was not that kind of person.

Power could really corrupt a person’s heart.

But a person like Lin Mo would not be greedy for power at all.

Even in other words, that Great Qu Alliance Zhen Yue Amba*sador’s power wasn’t small.

“Men, put them in the water prison and wait for me to discuss them afterwards.”

With an order from Jiade Lie, a group of guards stepped forward and grabbed several people straight up and headed straight for the middle of Wang Cheng.

“Let’s go, I’ve made you laugh today.”

A smile appeared on Gadre’s face as he pulled Lin Mo’s arm and got into the car.

The car drove on the long red carpet, a group of soldiers stood with serious faces and guns.

As the car gradually advanced, the soldiers suddenly fired at the balloons in the sky.

“Bang!”

With the sound of the gunshot, the sky was suddenly filled with fireworks.

Chapter 3275

“Gah-”

The sound of gripping teeth gradually rang out.

This well cover of hundreds of pounds had just been lifted by a little girl.

Even a big man would have to use all his strength on it to open it.

As the cover was gradually lifted, a ray of moonlight shone on Yin Xiaochi’s face.

With great difficulty, she raised the lid to a height that would allow her to drill out.

With great difficulty, she climbed out and lay panting on the ground.

Yin Xiaochi’s tights reeked of an unspeakable stench.

Those who didn’t know would have thought that some sh*t emptier had come out.

The only thing that remained the same was that dimpled body, enough to drive a man mad, and the face.

“Ta-da.”

A soft sound rang out and two pairs of black shoes appeared right in front of Yin Xiaochi’s eyes.

At once, Yin Xiaochi was startled and hurriedly stood up from the ground to look in front of her.

The next moment she was frozen.

Under the silvery white moonlight, in front of Yin Xiaozhi was Yu Huatian, dressed in a white suit.

His handsome yet feminine face, with skin even whiter than Yin Xiaozhi’s, made it impossible for her to tell the difference between a man and a woman for a moment.

The phoenix eyes beneath his willow brows looked at Yin Xiaozhi quietly.

The faint charm emanating from Yin Xiaozhi’s body felt familiar to Yu Hua Tian.

“Who are you and why do you appear here late at night?”

Yu Huatian rarely appeared in the public eye on weekdays.

Most of the time, he preferred to stay on the roof of the palace, somewhere in the branches of a living tree.

It was only when he needed to correct a document or make a decision that he would appear.

At first, Gadrei was puzzled.

He did not understand why he liked to stay in the palace.

Later, after some questioning, he found out the reason why he stayed in the palace and had a quiet mind.

Yin Xiaochi did not bother to answer Yu Huatian, but silently clutched the dagger in his hand, which was already too dull.

“You couldn’t hurt me a bit even with that tiny dagger.”

Yu Huatian was telling the truth.

Even if he didn’t resist at his clan master cultivation, Yin Xiaochi wouldn’t be able to hurt him a bit with just a tiny dagger.

Not to mention

The first time I looked at the small dagger in Yin Xiaozhi’s hand, the tip of the blade was already worn out.

Such a dagger probably couldn’t even hurt an ordinary person.

“Are you here to block me?”

Yin Xiaochi finally uttered a word, and tears had even appeared in her eyes.

It wasn’t fear for the possibility that she might die.

Rather, it was sadness at the fact that he had failed to avenge his parents just like that.

He himself had failed all expectations

The revenge that his parents had entrusted to him before they died.

The favor that old King Jiayuan I had given to himself before.

All these were let down by Yin Xiaozhi little by little.

The white figure in front of me looked so lonely and cold.

He was so unattainable and so high above the world.

It seemed that he could only stop here today.

Just as Yin Xiaozhi was grieving, Yu Huatian spoke up.

“Are you willing to follow me?”

Yu Huatian’s words were like a turn in the road.

Ruthlessly, Yin Xiaochi was taken aback and looked at Yu Huatian somewhat incredulously.

Was he saying again that he should follow him?

Wasn’t he one of Gadre’s people?

“Don’t you think about my identity?”

Faced with Yin Xiaochi’s somewhat puzzled question, Yu Huatian pondered for a moment.

“Once upon a time it didn’t matter what kind of identity you were, the most important thing was whether you were willing to follow me?”

Yin Xiaochi’s words set a fire of hope alight in his heart.

This was his last chance of survival.

“Yin Xiaochi of the Yin Clan, I am willing to follow Your Excellency, with my liver and brain!”

Chapter 3277

“Minister of the Pillar State, I have heard of your great name long ago, and when I see you today, you are indeed a veritable young talent!”

That Minister of the Crazy Inner Scroll also came over with a gla*s of red wine, bowing and saluting Lin Mo as well as Jade Lie from afar.

“Those are all exaggerated rumours, I’ll be swollen if you do.”

Lin Mo still needed their help in finding his wife Xu Hanxia in the middle of the Wanxiang Kingdom afterwards.

So they were also greeted with smiling faces.

After a banquet, everyone was all happy.

This Minister of the Pillar State seemed to be getting along quite well.

Not at all as vicious as the rumours had it .

Early the next morning, Lin Mo got up early.

“Jiadrei, you should also know my main purpose, right?”

When Lin Mo saw Jiadre, he was about to say goodbye to the other party straight away.

His worry for his wife had left him in no mood to stay in the palace at all.

“Why don’t we stay for a few days, and I will immediately send everyone out to look for my sister-in-law.”

Faced with Jia De Lie’s proposal, Lin Mo only shook his head indifferently.

“If I am not there when you find her, she will be worried as well as scared.”

Hearing Lin Mo’s words, a helpless look appeared on Jia De Lie’s face.

“Alright, since that’s the case then I won’t stop you anymore, this is the Pillar Minister’s waist tag and this is the widow’s token.”

“If the time comes when your girdle does not work, take mine out too, as the widow himself.”

“Of course.”

An awkward smile appeared on Gadre’s face.

“If your to shoot is not even useful in the realm, then the widow’s waist plate is probably not useful either.”

Lin Mo looked at the two waist plates handed to him by Jiade Lie, and a solemn look appeared on his face.

“Many thanks, I owe you a favour.”

“What other favours do we have, if it wasn’t for you in the first place I would have become the sustenance of the back mountains of the Bashar God Mountain.”

Jiadre personally escorted Lin Mo to the entrance of the royal palace.

He handed Lin Mo the key that was handed to him by a guard.

“I will do my best to have all the troops of the Wanxiang Kingdom observe my sister-in-law’s situation, so you don’t have to worry.”

A bitter smile appeared on Lin Mo’s face.

Finding a woman above the land of the Wanxiang Kingdom was completely like finding a needle in a haystack.

“Let’s hope so

After leaving a sentence, Lin Mo turned around and sat within the car.

The sound of buzzing sounded, and the car raised some smoke and dust and ran away.

This go, even Lin Mo did not know where he was heading.

.....

The first thing you need to do is to get a good idea of where you are going.

And Yin Xiaochi, who was sunbathing in the courtyard in boredom, quickly rose from his feet after seeing Yu Huatian.

“My lord.”

Yu Huatian nodded gently and looked at Yin Xiaochi.

Today Yin Xiaozhi was wearing a light blue dress and her hair was bound by a jade pin.

But her chest was stretched to the point where it looked like it was about to fall apart.

At the moment Yin Xiaozhi is dressed cleanly yet must not be too smoky.

There is a feeling of the little girl next door.

“Do you want to become strong?”

Looking at Yin Xiaozhi even though dressed cleanly, but still every moment exudes charm body posture.

But there was no lust in Yu Huatian’s eyes, he only felt that this was a person with good talent.

Hearing Yu Huatian’s words, Yin Xiaochi’s face revealed a look of wild joy as he hurriedly responded.

“My subordinate is willing to become stronger and follow your lord forever!”

As if he had been prepared for this, Yu Huatian took out two techniques from the pocket under his cloak.

“These two charm techniques are both the most suitable for you, your body already carries its own charm.”

“Practising charming techniques is naturally twice as fast as others.”

“If you can cultivate them successfully, you can become a strong person.”

Chapter 3278

Yin Xiaochi slightly trembled as he took the secret book from Yu Hua Ti’an and held it in his hands.

“I will certainly not fail Your Excellency’s expectations.”

It was a path of prosperity that lay before her.

Even Yin Xiaochi felt that this was the most crucial one away from her revenge for her family.

Yu Huatian nodded and did not stay any longer as her body turned into a white residue and disappeared instantly.

Yin Xiaozhi, on the other hand, was holding two ancient mystery books and flipping through them.

And from time to time, a look of confusion passed through her eyes.

.....

“Old villager, have you seen this girl?”

In the middle of a countryside a thousand miles away from the royal city.

Lin Mo was holding a photo that had been handed in by someone below earlier.

In it, it was the black rags that Xu Hanxia was draped in that were blown off by the wind under the dust and dirt.

It revealed Xu Hanxia's delicate, porcelain doll-like face.

The old man carrying the hoe looked close at the photo and finally shook his head.

"Young man, the place she's in up here might be near the border, and that place is windy and dusty."

"And what is she to you, that you are in such a hurry to find her?"

The old man pointed in the direction of the guide, which was the border of the Wanxiang country, where there was less greenery. The sand and wind were the greatest on weekdays.

Lin Mo looked at Xu Hanxia's photo and a gentle smile appeared on his face as he said softly.

"She is my wife"

As if realizing his change in mood, Lin Mo waved his hand at the old uncle.

"Old uncle, I'll take my leave then, I'll trouble you."

"It's fine, it's fine, what's the trouble."

Lin Mo got into the SUV and drove off in the direction the old man pointed.

In the past few days, the Wanxiang Kingdom's army as well as all sorts of forces were using a carpet method.

Inch by inch, they were searching for Xu Hanxia's figure.

But there was still no news at all.

Lin Mo didn't want to sit there and wait around, so he ran out on his own to join the search.

As the buggy left, not far behind the old man, under the shadows.

A black figure flashed by.

The old man's expression suddenly became confused.

He raised his hand and touched his forehead, ground to himself and muttered.

"Why am I here, old man?"

The sky was gradually getting darker, and in the middle of the King's Castle's other courtyard.

Xu Hanxia's body was glowing with a light red spiritual energy.

After a day of exploring as well as cultivating, she had already cultivated the Enchanting Technique to begin with.

"Ta-da."

A soft footstep sounded, waking Yin Xiaochi from her cultivation state.

A white clothed Jade Teean was standing in front of her.

“Yin Xiaochi has met Your Excellency.”

Yu Huatian looked at Yin Xiaozhi who was kneeling in front of him, and his thin lips lightly opened.

“Your talent is still good, try using your charm on me.”

Yu Huatian wanted to test how far Yin Xiaozhi had reached in her charming skills.

Although he did not have that worldly desire.

But instead, he could judge based on the mental fluctuations Yin Xiaochi’s charming power caused to him.

“Ah yes.”

Although there was some slight hesitation, Yin Xiaozhi immediately did as she was told.

A thin pale red mist was immediately emitted from her body.

Under the backdrop of this mist, Yin Xiaochi’s body arrived in front of Yu Hua Tien’s body.

Her eyes were like autumn water that could grip a man’s heart.

A face as exquisite and perfect as a body created by God’s own hands.

No man can be indifferent in the presence of this woman.

The long skirt was slightly lifted up, and the snow-white and delicate thighs were immediately exposed.

“My lord~”

Yin Xiaochi’s voice was tinged with a euphonious moan.

It was enough to make most men in the world take her in their arms and play with her.

Unfortunately, Jade Teean didn’t feel much for such things.

“Mom and Dad, I’ll soon be able to avenge you! “

Chapter 3279

The originally expressionless Yu Huatian suddenly changed his face.

He suddenly felt a wave of hysterical hatred erupt in Yin Xiaochi’s body.

This hatred even caused Yu Huatian’s body to follow the rage.

A hint of redness suddenly appeared in his eyes, which were originally ancient and untouched.

The previous Yu Huatian gave off a feeling of loneliness.

Then now he felt like sinister and ruthless!

Yin Xiaochi's movements suddenly stopped.

Because the feeling that the current Yu Hua Tien gave him had changed.

The inexplicable peace of mind that he had before gradually disappeared.

Yu Huatian seemed to be looking at Yin Xiaozhi with a more demonic face and said.

"More practice is still needed."

Then Yu Huatian's figure disappeared directly in front of Yin Xiaozhi as a residual shadow.

As Yu Huatian left, Yin Xiaozhi suddenly let out a sigh of relief.

The Yu Huatian just now was like a different person.

The eyes were no longer the same as before, but full of ambition.

.....

The command house of the Flying Armor Organization.

The first time I saw the man, I was a little bit of a fool.

"Buzz!"

The ancient bell instantly emitted a buzzing sound that spread throughout the entire courtyard of the Flying Armour Commandery.

Lights quickly lit up in one of the rooms.

A figure darted out of the house to stand in front of Yu Hua Ti An.

They were each dressed in well-made ichthyosaur costumes.

The Flying Armour Organisation Command House was at the very least a junior captain who could live in it.

Ordinary members of the Ruihe costume crew were not qualified to stay here at all.

"Lord Titus!"

Looking at the hundreds of Flying Armour members in ichthyosaur costumes in front of him.

The strong wild hope in Yu Hua Tien's eyes seemed to be burning up.

"The latest news has just been received, His Majesty the King has been threatened and his life is in danger."

"Now immediately gather all the flying armor members, no matter what they are doing, all gather at the entrance of the royal palace within ten minutes."

"All follow me to clear the king's side!"

The crowd of the Flying Armor was momentarily overwhelmed by the tremendous news.

But their good military upbringing allowed them to quickly come back to their senses and run towards the outside of the Flying Armor's command residence.

In just ten minutes, thousands of soldiers of the Flying Armour had already gathered at the entrance of the palace.

These were all the talented people that Yu Hua Tien had been frantically recruiting these days.

After entering the Flying Armour, they would be trained for a period of time before becoming a real member.

The bright torches in the hands of thousands of soldiers lit up the entire entrance of the Royal Palace.

The guard commander of the royal palace quickly walked up to the gates, and fear flashed in his eyes when he saw the thousands of flying armour members below.

"Yu Hua Ti An, and the members of the flying armour, are you trying to rebel?"

The sound of his roar caused the Yu Hua Tien below to look up and say.

"His Majesty Gadrei is being threatened, his life for in fear, we have to attend to the king to save him, if you don't want to die, get out of the way!"

"Save the King!"

"Save the King!"

"Save the King!"

"From whom have you heard that His Majesty is being threatened, His Majesty is well, you and others return quickly."

"I can pretend that none of you were here this evening."

How could it be pretended that none of them had been here.

It was just a temporary attempt to stabilise Yu Huatian.

As soon as Yu Huatian led the men of the flying armour to leave.

He turned around and went to Jiadrei's chambers to report what Jiadrei had done tonight.

"The guard commander has colluded with the thieves and prevented us from saving the king's life, kill!"

Yu Huatian gave an order and the members of the flying armour began to attack straight away.

The flying locks on their bodies were thrown straight out and hung on the parapet wall of the royal palace.

The guards' commander's eyes were wide with anger and he was born with a direct roar.

"Open fire, kill these rebellious b*****ds and protect His Majesty!"

The sound of guns firing immediately resounded throughout the royal palace.

Chapter 3280

The deafening sound of gunfire woke up Gadrei, who was resting.

He went to the door in a thin nightdress and pulled it open.

Not far from there, the sky erupted with light.

The sound of gunfire and the sound of killing came to Gadrei's ears in a continuous stream.

"Arnold, what's going on?"

Just as Gadrei's words fell, Arnold appeared in front of him on one knee.

"Your Majesty, Yu Huatian has led the members of the flying armour to kill in under the slogan of rising up to serve the king."

"Where are the royal palace guards?"

"The head of the guards has been killed by Yu Huatian on the parapet wall, now please evacuate with me first, Your Majesty."

Gadrei's face was filled with anger.

He really did not expect Yu Huatian to have such guts.

"Has it been killed there now?"

"Your Majesty, the Flying Armour Organisation has already killed its way to the Hall of All Signs."

"No, it has already killed its way to the king's chambers."

A light voice rang out, and Yu Hua Tien, dressed in a black and gold python, appeared in front.

Gadrei's eyes narrowed slightly, and Arnold, who was kneeling on the ground, rose straight away.

The pale blue longsword, full of elegance, appeared in his hand.

A rugged-faced Marshall appeared in front of Gadrei holding a huge steel shield.

"Senior Marshall, you take His Majesty away first, I'll hold him back."

"Good, catch up as soon as you can after you get away."

Marshall didn't say anything like dying together or anything like that.

Both he and Arnold knew very well in their hearts the strength of Patriarch Yu Huatian.

The only one capable of delaying Jade Helm was Arnold.

Staying by himself would be a heavy burden.

Marshall directly picked up Gadre's body and ran towards the outside.

"Marshall, go find Lin Mo!"

Jiadrei's tone was filled with anxiety.

The only one who could help himself in this situation was Lin Mo.

As for Fire Ina and the little one who had just been born and was not yet a month old.

Even though there was a thousand reluctances in his heart, he could not take them away.

As long as he did not get caught by the Jade Helm, Ina and the baby would be fine.

The Marshall took Gadre's form gradually away.

And Arnold's expression gradually firmed up, and with his long pale blue sword in his hand across his body, he spoke gently.

"I am Arnold, and I ask for your guidance."

Yu Huatian looked at Arnold with a little look of disdain on his face.

"Do you think you can stop me?"

"My junior does not dare to boast, but I would like to give it a try today."

Arnold's figure instantly rushed towards Yu Hua Tien, a luminous blue light emanating from the long pale blue blade in his hand.

"Overrate the tree, mantis the chariot, don't measure yourself!"

Yu Huatian's white palm directly grabbed Arnold's pale blue long blade.

The next moment.

"Bang!"

The long blade shattered with a bang, and Arnold's pupils shrank as he directly dodged backwards.

The cloak behind Jade Huatian rolled directly behind him, and the shards flying towards him directly attacked Arnold's drop.

Even though Arnold, who was dressed in fine Black Eagle armour, did his best to dodge, his armour was still quite damaged.

Even a bloodstain appeared above that gentle cheek.

"Are you still going to stop me?"

Yu Huatian stood there, not even moving his body a bit.

This was the realm of the Sovereign Master.

All below the Sovereign were ants!

Even if Arnold's son was smart, he could not stop Yu Huatian if he had not reached the rank of Sovereign.

A smile appeared on Arnold's face as he secretly calculated his time inwardly.

"My junior has another move, which I have been practicing for a full ten years, so I would like to ask senior to teach it to me."

A light blue glow blossomed from Arnold's hand.
