Chapter 3351

“Your Highness, what are we going to do now?”

The man sitting on top of the driver’s seat looked at Ziobillo and asked suspiciously.

Ziobello’s long, slender legs were folded together and a mysterious smile appeared on his face.

Grabbing a make-up kit from the side, Ziobello gave himself a touch-up.

In just a few minutes, Ziobello’s originally rosy complexion disappeared.

In its place, it was as pale as paper.

The delicate red lips had become dry and cracked.

Ziobello looked like a different person, her whole body was lost in thought.

He picked up a very old shirt that had been washed white.

Without estimating the men in front of him, Ziobello took off his flashy shirt.

The man in the driver’s seat hurriedly put his head down when he saw Ziobello take off his own shirt.

With a change of clothes, Ziobello suddenly went from being a rich girl to a poor citizen.

But the white-washed garment still did not hide Ziobello’s proud figure.

It even accentuated her magnificence.

Ziobello looked at her costume in the rear-view mirror and nodded in satisfaction.

“You wait here.”

After leaving such a statement, Ziobello opened the car door and walked straight down.

The entire aura and demeanour of the man instantly changed.

The original haughty and confident expression on her face was completely hidden, and what emerged was the soft and helpless look of a weak woman.

Her gaze was filled with helplessness and urgency as she unconsciously walked towards Fang Hui’s direction.

Fang Hui, who had finished explaining things at the morning tea in Xia Mo, intended to drive away.

A girl came from the distance and Fang Hui’s body moved slightly to avoid colliding with her.

Then she took out her mobile phone with the intention of making a phone call.

Suddenly, Fang Hui felt that she had bumped into something and her mobile phone fell to the ground.

“Who is it? Don’t you have eyes to walk?”

Looking at her broken phone, Fang Hui looked up and shouted angrily.

A pitiful and helpless Ziobiero stood in front of Fang Hui with tears in his eyes and said in an urgent voice.

“I’m sorry, I got lost in thought earlier.”

All this must have been done by Ziobillo on purpose, in order to be able to strike up a conversation with Fang Hui.

“Pay for it, my phone is very expensive don’t you know?”

Fang Hui shouted in depression as she looked at the soft and weak Ziobiero in front of her.

Her own phone had a lot of important things in it, and now it would take hours to repair it after it was broken.

With a disgusted glance at the old and worn out Ziobello, Fang Hui cursed “bad luck”.

The bean-sized tears slid down the corners of Ziobello’s eyes as she took the scraps of cash out of her pocket and said in a broken voice.

“I’m sorry I only have so much money on me.”

“My husband has money on him, you wait until I find my husband will definitely return it to you.”

Fang Hui looked at Ziobillo with a slightly surprised expression.

“What’s your husband’s phone number and where he works, I’ll take you to her.”

Looking at her broken phone, although Fang Hui was now rich, she could not afford to spend the money out of her own pocket.

Although taking this woman to find her husband was a bit of a ha*sle, Fang Hui preferred the latter.

“My husband’s name is Lin Mo, I don’t know his phone number or place of work.”

“He spends most of his time on business trips and will only visit me once or twice a week.”

Ziobiero’s words rang out like a thunderclap exploding inside Fang Hui.

“What did you say your husband’s name was?!”

Looking at Fang Hui whose voice had steeply risen a great deal, Ziobiero was startled and did not dare to speak at once.

It just stood there silently shedding tears.

Fang Hui hurriedly changed her tone for the sake of her inner suspicion.

“Girl, tell me, is your husband’s name Lin Mo.”

“And is also very handsome?”

Chapter 3352

Ziobello nodded weakly, gazed at Fang Hui and whispered.

“Do you know where my husband is now, he hasn’t seen me for ages. ”

A monstrous fire surged within Fang Hui’s chest.

The fire was faintly coming out of her eyes.

He said that his daughter Xu Hanxia had been away from home for so many days.

Lin Mo obviously had so much power in his hands, yet he had yet to find Xu Hanxia.

It turned out that he was raising a little vixen outside!

It was because he was afraid that Xu Hanxia would come back and disturb him from continuing to make out with the little fox spirit, right?

“Come with me!”

Fang Hui pulled Qi Obiero’s wrist and tugged her towards her car.

This matter could not be talked about in such a public setting now.

“What are you doing let go of me!”

Ziobello’s soft body kept slapping Fang Hui’s palm.

Trying to get Fang Hui to let go of the hands that were clutching her tightly.

A helpless expression appeared on her pale face, her teeth clenching her lips, looking pitiful.

“I know where Lin Mo is, you come with me and I’ll take you to him.”

Fang Hui’s words caused a look of hesitation to appear on Qi Obiero’s face.

In the end, his ‘longing’ for Lin Mo still made him silently follow Fang Hui’s figure.

Not far away, above the street, a long-lost figure stood there.

It was none other than the second young master of the Lei family, Lei Shaoting.

Ever since his initial confession to Bai Rongruo had failed, Lei Shaoting had not appeared in Lin Mo’s world.

But he had actually been secretly plotting against Lin Mo all along.

It was just that he had been unable to find a good way to do it.

Lei ShaoTing looked at Qi Obiero, who had been forcibly pulled away by Fang Hui, and a trace of grimness flashed across his face.

It was true that he hadn’t found a chance to strike before, but now.

He saw it himself.

.....

In the middle of a villa in Panyang City.

Fang Hui took down a photo from the counter and placed it in front of the pale Ziobiero.

She pointed her finger at Lin Mo in the photo and questioned Qi Obiero.

“Is your husband him!”

Qi Obiero looked at Fang Hui’s furious look and trembling finger.

A flash of ridicule flashed across the bottom of his eyes.

Such a powerful figure like Lin Mo would actually have such a stupid mother-in-law.

“No wrong, he is my husband.”

Ziobilo’s emotions seemed to explode violently. As soon as he did, he took the photo album on the table into his arms.

Fingers were still constantly rubbing against Lin Mo’s position on the photo as tears continued to slide down his cheeks.

Upon hearing Ziobiero’s affirmation, Fang Hui’s eyes went black in front of her.

A monstrous rage rose to the sky, and Fang Hui was now filled with fury and helplessness.

Looking at Qi Obiero, who was not as pretty as her own daughter, but also had a very high face value.

No wonder Lin Mo had never been able to find his daughter, it seemed that it was simply on purpose!

“Tell me everything you know, word for word!”

Ziobiero was startled by Fang Hui’s angry voice and spoke in a broken voice.

“My husband and I met on the outskirts of the city, when he was so handsome and kind.”

“We soon developed a love affair after we met, and took on the name of husband and wife.”

“But he told me that his wife had died but it would be three years before he could go and get a marriage licence.”

“And he was so busy with his work that he needed to travel a lot and could only visit me once or twice a week

Ziobillo’s words made Fang Hui’s anger intensify.

Good, good enough.

His own wife had just gotten pregnant and was nothing but missing.

Instead of going to find her back, he went to find another woman.

He even told her that his wife had died before he could go and get a marriage license.

Is there only one such woman?

Or was Lin Mo so well disguised that this was the only one who happened to be bumped into by Fang Hui?

Chapter 3353

Ziobiero's words were full of loopholes that did not know Lin Mo too well.

If Fang Hui were replaced by Xu Hanxia, his wife who knew Lin Mo very well.

She would have heard the holes in Ziobiero's words immediately.

When exactly did the two of them meet, and it was a long time ago that Lin Mo was in Panyang.

But Ziobiero acted as if she had just started looking for her husband.

And if it had been Lin Mo, he would never have used the fact that his wife had died as an excuse.

But Fang Hui didn't know much about Lin Mo.

In addition, Xu Hanxia had not been heard from for so long.

Fang Hui's heart was still somewhat prejudiced against Lin Mo.

These factors made Fang Hui not even have the slightest doubt about Qi Obiero's words.

"You will stay here for the next few days, I will get Lin Mo here!"

Fang Hui grimaced, suppressing the anger on her face as she said in a deep voice to Qi Obiero.

Qi Obiero seemed to be very scared of Fang Hui and nodded obediently.

A slightly calmer person here would have noticed that something was wrong.

It was all simply going too well.

Like Ziobiero had said she lived on the outskirts of the city, the kind of place that was very chaotic before Lin Mo arrived.

A very good looking girl like Ziobiero was still standing clean.

How could there be no suspicion at all for a stranger.

And Fang Hui hadn't even spoken much on her way.

Ziobello just dumbly ran back after her.

If there was really such a simple girl, she would have been abducted by the Yin family long ago.

Fang Hui took out the spare mobile phone inside the drawer and called Lin Mo in a fury.

Fang Hui wanted Lin Mo to come back and confront him face to face about what was going on.

.....

The previous dilapidated neighborhood in Hai Fang City.

Now it had been transformed and was exuding life all around.

Three teaching buildings for reading, eight dormitory buildings for rest, and a wide martial arts training ground as well as a martial arts performance field.

The school's walkways are lined with rubbish bins and water heaters.

Water is available to all martial arts students at all times.

He Er walked with Murong Hai and Lin Mo, whose eyes were shining with excitement, on the way to the canteen.

The canteen was the most important part of Lin Mo's life.

What happened in the Martial Union's first floor martial arts training room at the beginning had always stayed in Lin Mo's mind.

The children who practiced martial arts did not say that they had big fish and meat at meals, but they actually took a daily meal of cabbage and tofu.

This wasn't training a child, this was ruining them!

"Lord Zhen Yue, President, you two can rest assured."

"We are using open tenders for the Martial Arts Academy's canteen, and the entire process is being made public."

"The canteen's interior will also be placed under surveillance to prevent everyone from being protected by officials and camping for private connections."

"We will also send people to contact students in private on a regular basis."

"A means of getting information in private to find out how things are going at the Martial Arts Academy."

A strong look of confidence appeared on Kazuji's face.

This time all the matters of the Martial Arts Academy were handled by Kazuji according to all high priority.

It was guaranteed that there would never be any hint of a mistake in the situation of the Martial Arts Academy.

"By the way, two lords, the name of the Martial Arts Academy has not been decided yet."

"I wonder if you two have any ideas now?"

He Er's gaze suddenly looked at the two of them, mainly Lin Mo of course.

That big guy Murong Hai had nothing but fighting and practicing martial arts, and now had a new addition of liking to watch the adoring gaze of children.

He could do nothing but that.

Lin Mo pondered for a few seconds and spoke.

“Let’s call it the Future Martial Arts Academy.”

Kazuji’s eyes lit up.

“Future, the future of the Martial Alliance, the future of martial arts, good name.”

Just as the crowd was talking and laughing, Lin Mo’s mobile phone kept vibrating on the vehicle that several people had come from

Chapter 3354

Outside the villa, in the small garden.

Fang Hui looked at the phone that showed no connection on her mobile phone with an angry expression.

“Good, now you don’t even want to answer my call.”

“It seems that my Xu family has really raised a white-eyed wolf!”

Inside the villa, Qi Obiero stood in front of the window sill.

Looking at Fang Hui’s expression full of anger, the look of mockery in his eyes intensified.

It was simply not too easy to manipulate a woman with this kind of intelligence.

She even thinks it is all her own idea when you manipulate her.

As night fell, an unexpected guest suddenly arrived outside the villa.

Lei Shaoting, dressed in an expensive suit, stood at the door with a warm smile on his face.

Fang Hui opened the door and looked at Lei Shaoting with some confusion.

“Who are you, I don’t know you, do I? ”

Lei Shaoting said with a smile on his face as he spoke to Fang Hui.

“Mr. Fang, I am Lei Shaoting from the Lei family in China.”

Fang Hui’s eyes flashed with bewilderment.

She had indeed heard of the Lei Family in China.

That was also a top family in China, so why had they come to her door today?

Fang Hui was relieved after recalling that there was indeed nothing to offend the Lei family.

“I wonder what exactly is the matter that Young Master Lei has come to see me about?”

Fang Hui looked at Lei Shao-Ting with a cordial tone in her voice.

The Lei family was considered a behemoth in China, so if they could make friends it would certainly be of some help to them.

Fang Hui practiced without knowing that Lei Shaoting and Lin Mo had clashed.

The company will probably apologize to Lei Shaoting on behalf of Lin Mo.

Lei Shaoting face with a warm smile, from the bag in his arms took out a contract.

“It’s like this, Mr. Fang, I’m here this time because our Lei family is very optimistic about your Xia Mo morning tea.”

“And the Lei family has decided to take out five hundred million dollars to invest in Xia Mo Morning Tea, what do you think?”

Lei Shaoting put his posture very low and handed the contract in his hands to Fang Hui.

“Five hundred million?”

Hearing Lei Shao-ting’s words, Fang Hui hurriedly took the contract in his hands and checked it out.

The party saw that it was clearly written on the contract that it was five hundred million dollars and that it was all handed over to Fang Hui together.

Fang Hui’s face revealed a strong look of joy.

With such a large sum of money, Xia Mo’s morning tea business would be able to spread quickly.

Rapid development and sales were carried out in other cities as well.

“Young Master Lei, come in, come in, it’s so sunny outside, come inside and rest.”

Fang Hui’s entire attitude was like a different person, and said to Lei Shao Ting.

“It’s not convenient, right

Lei ShaoTing’s face showed a difficult look, and for a moment he was a little hesitant.

“Aiya, young Lei, what’s so inconvenient about it, come in and have a sip of tea before you leave.”

Xu Hanxia enthusiastically pulled Lei ShaoTing by the hand, forcibly pulling the other party towards the house.

“Then interrupt.”

Lei Shao-ting had an embarra*sed face when Hui pulled him inside, just in time to meet eyes with Ziobiero.

“This person is coming from a bad place.”

“This woman is quite well disguised.”

Lei Shao-Ting asked suspiciously as he looked at Ziobilo, who was soft and helpless with tear marks on top of her cheeks.

“Mr. Fang, this blonde foreign lady is?”

Fang Hui’s face stiffened when she saw that Lei Shaoting had suddenly asked about Qi Obiero, who was weakly shrinking to one side.

Family shame must not be disclosed, and Fang Hui still knew something about this kind of thing inside.

Qi Obiero’s status was still very embarrassing.

And what Fang Hui had not been aware of suddenly occurred to her.

Didn’t Ziobiero say he was a resident of the outskirts of Panyang, so why was he blonde and blue-eyed?

A hint of hatred flashed in Ziobiero’s eyes, but in his heart he also understood that he could not remain so silent any longer.

Otherwise, even if Fang Hui was pure, she would probably realise that something was wrong.

“My father is from the Maple Leaf country.”

Chapter 3355

Ziobello spoke weakly in a faintly audible voice.

“My father was previously a wealthy businessman in the Maple Leaf Country, and then came to Panyang City to meet my mother after he went bankrupt.”

Ziobiero’s words caused a trace of doubt to dissipate in Fang Hui’s eyes.

No wonder it felt like the girl had some upbringing in her words as well as her temperament; it seemed that his father had taught her.

Ziobiero’s heart was filled with irritation as he said this.

A strong look of anger also appeared in the gaze that looked at Lei Shaoting from the bottom of his eyes.

From the first moment Lei Shaoting arrived in the house, Ziobello could feel it.

This guy definitely had the same intention as herself.

She had originally thought that Lei Shaoting would become an ally with herself, and even if she didn’t, the two of them would not cross the river.

But instead, she did not expect Lei Shaoting to come up and turn on himself.

“Young Master Lei, you sit down first, don’t mind her, she is a homeless woman.”

Fang Hui looked at Ziobiero and finally held back a reason like this.

Lei ShaoTing nodded and slowly sat down in the main seat on the middle sofa.

Fang Hui's brow furrowed lightly; the guests were supposed to sit on either side.

It was somewhat impolite for Lei Shaoting to come up and sit in the very middle.

But considering the 500 million contract Lei Shaoting had brought, Fang Hui suppressed her inner dissatisfaction.

Fang Hui went forward to pour the tea, while Lei Shaoting's gaze was directed towards Qi Obiero on one side.

"What is your status?"

Lei Shao-Ting suddenly lowered his voice and whispered to Qi Obiero.

Qi Obiero's gaze slanted at Fang Hui who was pouring tea with her back to the two in the distance.

"Lin Mo's enemy."

Ziobiero's words caused Lei Shao-Ting's gaze to light up.

As the saying went, the enemy of an enemy was a friend, and Lin Mo's enemy could naturally become his ally.

"An alliance?"

Lei ShaoTing uttered these two words directly, waiting for Ziobiero's reply.

Qi Obiero hesitated slightly before finally nodding his head.

"Good."

The most important thing now was to completely destroy Lin Mo's family.

One couldn't fight him openly.

Then let's secretly scatter his wife and family and have no peace!

"Young Lei, have some tea."

At this time, Fang Hui came over with a cup of tea and placed it in front of Lei ShaoTing with a smile on her face.

"Thank you, Mr. Fang."

Fang Hui sat down on the other sofa on Lei ShaoTing's left hand side.

"Young Lei, I wonder when the five hundred million dollars will arrive?"

Lei ShaoTing swallowed the fragrant tea in his own mouth and said softly.

"Don't worry, Mr. Fang, it will definitely arrive before twenty-four tonight."

When Fang Hui heard Lei Shaoting's words, it was as if a shot of rea*surance had been administered inside her.

What was written on Lei Shao-ting's contract was that the five hundred million investment would be converted into a five percent share for the next three years.

This condition can be said to be even no money at all.

And Lei Shaoting's statement that the money would arrive by twelve o'clock tonight even made Fang Hui's heart steal joy.

"Ga—"

Suddenly, the villa's door was pushed open.

Xu Jiankong, dressed in casual clothes, walked in through the door carrying a suitcase.

When he saw the three people inside the house, a look of dismay appeared on Xu Jiangong's face.

"Wife, these two are?"

Xu Jiangong's gaze looked towards Fang Hui, waiting for her introduction.

"Old Xu, let me introduce to you, this is Lei ShaoTing of the Lei family, Young Lei."

Fang Hui stood up and waved her hand at Xu Jiangong, while addressing Lei ShaoTing.

"Young Lei, compared to you, you also know my husband, Xu Jiankong."

Lei ShaoTing stood up with a smile on his face and extended his hand to shake hands with Xu JianGong to talk.

"Mr. Xu, I have heard a lot about you, the other thousand-year-old Xu Hanxia was extremely famous at that time, the proud daughter of the sky."

A look of regret appeared on Lei Shao-ting's face.

Chapter 3356

"It's a pity that by the time I knew about your daughter, she was already married to Mr. Lin Mo."

"But Miss Xu Hanxia is also indeed considered a good match for Mr Lin Mo."

"The head of the Martial Alliance's Zhen Yue Amba*sadors and the Sage of Chinese Medicine, these two titles alone are something that ordinary people wouldn't even dare to think about."

"Not to mention Mr. Lin Mo who also has both positions together in one."

Lei ShaoTing's words caused a smile to appear on Xu JianGong's face as well.

"Nowhere, young master Lei is kind, my daughter and Lin Mo are also due to fate."

"Even if Lin Mo didn't have these identities, as long as my little daughter likes it, we will definitely not stand in the way."

While the two were talking and laughing here, Xu Jiangong didn't notice Fang Hui's gradually gloomy face in the slightest.

"How respectful Lin Mo was when he was serving tea in our house, and now he's become some kind of Zhen Yue ambassador."

"His stance has also grown so big that we two old married couples don't even look at each other in the slightest."

Fang Hui's gloomy words caused Xu Jian Gong's face to look slightly unnatural, and he turned his head sideways and whispered.

"Why are you saying this now at this time?"

Hearing Xu Jiangong still speaking about himself, Fang Hui's face instantly revealed a look of anger.

"Xu Jiangong, what's wrong with me telling the truth, what's wrong with the truth not letting people tell it?"

Xu Jiangong saw that Fang Hui was actually disregarding the outsiders and started to argue with himself without any shame.

His face suddenly did not look good and he said to Lei ShaoTing.

"Sorry young Lei, there is some small misunderstanding within the family today, so it is not convenient to entertain you."

"I will definitely find an opportunity to make amends to you next time."

"No, no, no, Mr. Xu is very polite, it just so happens that I have something to do later, goodbye."

Without the slightest hint of displeasure on his face, Lei Shao-ting said to Xu Jian-gong and turned to leave.

But when the crowd couldn't see it.

Lei ShaoTing's face revealed a strong look of resentment.

Lin Mo, you should have guessed this scene today long ago when you spoiled my big event and ruined my marriage!

After Lei ShaoTing left, Xu JianGong's face also sank as he looked at Fang Hui and said in a deep voice.

"There were outsiders there just now, and you talked about Lin Mo like that in front of them."

"Does our family not want to save face at all?"

When Fang Hui heard Xu Jiangong's rebuke, a look of resignation appeared on her face and she screamed.

"Xu Jiangong, I've worked so hard for your Xu family for so many years, but I'm still no better than an outsider like Lin Mo?"

"No, what I mean is"

Xu Jiangong looked at Fang Hui who was shouting shrilly, a helpless look appeared in his eyes and he wanted to open his mouth to explain.

But Fang Hui did not give him any chance at all, and a cold smile appeared on her face.

Her finger pointed towards Qi Obiero, who had little presence at the side, and she yelled.

“Surname Xu, do you know who she is, you don’t even know that your daughter has been green until now, do you?”

Xu Jian Gong’s originally helpless face changed abruptly when he heard Fang Hui’s words.

With an eager voice, he said to Fang Hui.

“What did you say!?”

Seeing the anxiety on Xu Jiangong’s face.

A cold smile appeared on Fang Hui’s face.

“Now you know you’re anxious, what were you thinking about when you were lecturing me just now?”

Xu Jiangong didn’t bother with Fang Hui’s words, instead he stared at the other party with a deadly stare, waiting for his answer.

“He’s the woman Lin Mo developed in Panyang City an unknown amount of time ago.”

“Even now I don’t know if he’s the only one or if there are other women outside of Lin Mo that we don’t know about!”

As Fang Hui spoke, her tone suddenly saddened and she wailed.

“My poor daughter, Hanxia, married such a heartless, white-eyed wolf.”

“Thanks to the fact that our family has been treating him well, feeding him and giving him drinks, he now has some power.”

“Just treat us like this, even as Hanxia disappears until now.”

Chapter 3357

There was not a single tear in the corner of Fang Hui’s eyes, but the sound of crying did resound throughout the villa.

“There hasn’t been the slightest news of my poor daughter’s disappearance so far.”

“I’m afraid that Lin Mo has long since left Hanxia behind and doesn’t care!”

Fang Hui’s wails caused Xu Jiangong’s brows to furrow together.

“Stop it!”

Xu Jian Gong’s loud roar caused Fang Hui’s voice to subconsciously stop.

The next moment, an even louder wail sounded out.

“Xu Jiangong, what kind of man are you if you’re only a guy who’s mean to women!”

“Your own daughter is now being hoodwinked and you’re yelling at me, you have the guts to go find Lin Mo!”

Xu Jiangong was so angry at Fang Hui’s voice that his face turned red.

“Has Lin Mo made contact, are you so sure it must be Lin Mo who has cheated on you?”

“How come I haven’t contacted, but Lin Mo’s phone doesn’t even work!”

“And who has nothing to do with running over to Lin Mo to touch the porcelain saying they are his woman and have nothing to do with it?”

Fang Hui’s words made Xu Jiangong stand still, momentarily at a loss for words.

In the middle of the corner, Qi Obiero looked at the two arguing.

A strong sense of pleasure passed through his eyes.

If it were not for the need to maintain his identity without revealing the slightest hint of his identity.

At this moment, Ziobello would have laughed out loud.

There were few things that could be happier than seeing a quarrel occurring in Lin Mo’s house live.

Suddenly, Xu Jian Gong’s gaze turned to Ziobiero in the middle of the corner.

“Are you sure that your husband is Lin Mo?”

“If you lie or conceal it, then I will definitely pursue it to the end.”

“The law will also condemn you for slandering someone’s reputation!”

Xu Jiangong’s words filled with anger caused Qi Obiero to jump with fright.

Eventually, after some hesitation, he said honestly.

“My husband Lin Mo and I met in the outskirts of the city, when he was so handsome and kind.”

“We soon developed a love affair after we met, and called each other husband and wife.”

“But he told me that his wife had died, but it would take three years before he could go and get a marriage licence.”

“And he was so busy with his work that he needed to travel a lot and could only visit me once or twice a week

Ziobiero’s words were exactly the same as those he had said to Fang Hui at the beginning, word for word.

Xu Jiangong’s face was very ugly, but he still decided that Lin Mo did not look like someone who would cheat on his wife.

And

Xu Jiankong's eyes looked at Ziobiero and made a comparison.

The face was simply not as good as his own daughter's, not to mention the body.

And even if young people like to play something special, half a summer is not a curmudgeon.

The odds were that she would not reject Lin Mo.

So Xu Jiangong pondered for half a day but could not figure out what was better than his daughter about Ziobiero.

"I don't think we should be so decisive to just go and say that Lin Mo is cheating."

"Send a message to Lin Mo and ask him to come back, just say I have something for him."

Xu Jiangong said to Fang Hui in a somewhat heavy tone.

"What else can I say, he's not even answering my calls right now."

"What kind of status is someone in now, is it for us people to call back whenever we want?"

"Lin Mo is probably just busy, he has a lot more on his plate than the two of us."

Xu Jiangong rubbed his brow with a headache and said patiently to Fang Hui.

"As for her, I'll go and contact the president of the Martial Alliance and ask him to help check all her identity information."

"If everything is really all true, even if I have to risk this face of mine."

"I must also seek justice for my daughter!"

Xu Jiangong said, directly carrying the suitcase in his hand and walking wearily towards the upper floor.

Fang Hui looked at Xu Jiankong's figure and wanted to say something, but in the end, she did not speak.

Chapter 3358

Early the next morning, Xu Jiankong washed up early and planned to go to Wang Laosan.

He asked him to help him investigate this unidentified person, Ziobilo.

"Auntie Xu, it was my nephew who was ignorant and naughty before, and even made a big mistake like that."

"In recent months my nephew's heart has been pondering at times that he has done such a great wrong."

"Eating is like chewing wax, even dreaming at night is in a constant state of guilt!"

A young voice rang out from downstairs, and Xu Jiankong felt slightly familiar.

He hurriedly changed his clothes and walked towards the stairs.

Sure enough, Fang Hui was sitting on a chair eating breakfast.

Beside Fang Hui was Xu Ming, who had a respectful face and a tone full of remorse and self-reproach.

Xu Jian Gong's eyes shrank slightly and anger appeared in his gaze.

When Xu Ming had initially spilled tea on his carefully prepared formal wear and on the Xu family's grand ceremony.

Every moment was a reminder of himself.

Xu Jian Gong walked straight down the stairs and looked at Xu Ming with a chill in his gaze.

"Young Master Xu, you are not welcome here, please leave."

"Go back to your Xu family and be your young master properly, this Da Qu is a very messy place!"

Xu Jiankong's words were filled with coldness as well as a sense of rejection.

It caused the smile on Xu Ming's face, who was standing next to the breakfast table, to involuntarily stiffen.

Anger flashed across his eyes.

A branch of a barren place like the Southern Realm dared to treat himself, a direct descendant of the main lineage, in such a manner.

If it wasn't for the fact that he had been sent on a mission by his father to come this time.

Xu Ming wouldn't want to stay here for a moment.

"Uncle, what happened before was my nephew's fault, my nephew apologizes to you."

"I only beg you not to take this matter to heart, consider it to be my young nephew's youthful ignorance."

Xu Ming's tone was full of sincerity, and he bowed ninety degrees directly to Xu Jiankong.

He did not get up, as if he could not wait for Xu Jiangong's forgiveness.

Xu Jian Gong looked at Xu Ming who bowed ninety degrees, and a look of disgust flashed in his eyes.

"Since you want to bow, then just bow like this, and never move."

Xu Jiangong went straight to the breakfast table and sat down.

He picked up the bread and milk set out on the table and ate it.

His eyes did not bother to look at Xu Ming in the slightest.

Since he wanted to make a dawning image of a good nephew.

So let him bow down like that and leave when he can't.

Xu Ming, whose face was turned downwards, had a fierce look on his face.

A guy who wanted to climb into the Xu family had dared to humiliate himself like that.

He should not have poured tea on his body in the first place.

He should have just scalded him to death with boiling water and had the whole family disposed of!

Suddenly, Fang Hui, who was slowly eating her bread, suddenly spoke up.

“Well Little Ming, you are still young after all, and have some rebellious actions, uncle mother can understand.”

“As long as you won’t become an ill-bred, white-eyed wolf eating out of the bag in the future, that’s all that matters.”

Fang Hui’s words made Xu Jian Gong’s brow furrow.

But after thinking about it, he didn’t say anything after all.

Fang Hui pulled a chair beside herself away and said to Xu Ming.

“Alright Xiao Ming, get up, you just had to eat something.”

Only then did Xu Ming finally get up after hearing Fang Hui’s words.

The expression on his face instantly changed to that of a remorse filled apologetic expression.

“Uncle father, auntie mother, thank you both for your forgiveness, my nephew will definitely treat you both as real family in the future.”

Xu Ming slowly sat down in the seat next to Fang Hui, his tone filled with a strong sense of gratitude.

He then literally spoke about family matters as if he wanted to get on good terms with the two.

“Auntie, you really do look younger and prettier these days!”

Chapter 3359

Xu Ming suddenly looked at Fang Hui with a look of shock all over his face.

“Before, I saw that you were still charming and looked like thirty, but today I look at you.”

“If you and Miss Hanxia were standing together, those who didn’t know would think that you two were sisters.”

What older women like most is to be complimented on their youth and beauty.

No one likes to be told that they are an old woman or something like that.

As expected, Xu Ming’s words quickly elicited a smile from Fang Hui.

A light smile appeared on her face and she said lamely.

“Little Ming, you’re just good at complimenting people, Auntie I’m almost fifty this year.”

“Not to mention standing with Hanxia like sisters.”

The smile on Xu Ming’s face did not diminish, he just continued to compliment.

“Auntie, you’re wrong, how can other people compare to you.”

“Look, just the whiteness of your skin, I would believe you if you said you were twenty years old.”

A smile appeared in Fang Hui’s eyes as she snapped at Xu Ming.

“You child, you know how to say such things to make me happy.”

In just a few words, Fang Hui’s attitude towards Xu Ming was different.

Xu Jiangong, who was sitting across the table, remained cold and did not say a word.

Suddenly, his tightly closed lips suddenly opened and he said in a deep voice.

“Young Master Xu has come all the way from Kyoto in China to this sh*tless Da Qu this time.”

“It wouldn’t just be a simple desire to come and talk to your aunt, about these words of yours to coax a woman?”

Xu Jiangong’s words made the atmosphere at the table suddenly heavy once again.

The smile on Xu Ming’s face was a little forced, but he still tried his best to maintain it.

“Uncle, I came to Da Qu this time just because I was having trouble with my heart and came to apologise.”

“Other than that, there is absolutely no meaning.”

Xu Ming swore in his words, speaking as if it were true.

“Xu Jian Gong, Xiao Ming has come a long way to Da Qu, so even if you don’t welcome him with a smile.”

“Why are you still cold you take a foul face, who are you showing it to?”

Even Fang Hui at this moment opened her mouth to accuse Xu Jiankong of wrongdoing.

Xu Jiangong’s brows were locked, inwardly suppressing his anger.

He was a bit angry that Fang Hui’s stance had changed so much, when Xu Ming had come to the villa to cause trouble.

Fang Hui had just completely thrown it out of her mind and ignored it.

“Uncle and aunt, in fact, this time I’ve come, I’ve mainly brought a good thing.”

Xu Jiangong’s eyes instantly heaved, and a stern look flashed in his eyes.

Xu Ming, this wolf cub’s fangs were finally coming out!

“The thing is, my young nephew was having trouble sleeping and eating because of the guilt inside him.”

“So he went to my father as well as the old man and made a plea, hoping that he could help his aunt and uncle.”

“In the end, with my young nephew’s pleading, my father and grandfather agreed to something.”

Fang Hui as well as Xu Jiangong both did not speak, waiting for Xu Ming to speak.

“Your lineage can return to the main lineage of the Xu family in the capital, and.”

“The Xu Family’s medicinal food industry will merge with your Xia Mo morning tea, Auntie.”

“At that time, the Xu family will contribute one billion dollars to invest in Xia Mo Morning Tea, while you, auntie mother, will take the position of vice chairman.”

“Grandpa will be the chairman of the board, but will not manage the group internally in kind, and you will still be the head of Xia Mo Morning Tea at that time.”

“And the Xu family will use all their power for the publicity as well as promotion of this business.”

“We will strive to make the new generation of Xia Mo Morning Tea a brand known to everyone in the whole of China!”

“Bang!”

“Bullsh*t, this is impossible!”

Xu Jiangong slapped his palm directly on top of the table, glaring at Xu Ming with eyes wide open.

The Xu family’s current health congee was not competitive at all with Xia Mo morning tea.

Xu Ming was still talking about the great thing that he had begged so hard for.

Xu Jian Gong could not wait to give him a fierce punch!

Chapter 3360

The Xu family now wants to take away the late summer morning tea with a mere one billion dollars and a chance to return to the family.

Does he really think that his Xu family is some kind of lingering treasure hall and that he absolutely regrets not going?

As for the matter of Fang Hui as vice chairman after the merger.

Xu Jiangong is even more face smiling.

He said that he would not worry about the group’s affairs afterwards, and that all matters would be managed by Fang Hui.

But the real power would definitely still be in the hands of the Xu family’s old man.

When the time comes, everything is still not up to them.

The Lei family's Lei Shooting came to invest 500 million.

The Xu family took out only twice as much money and wanted to acquire Xia Mo morning tea.

Toads wanting to eat swan meat, delusional!

The smile on Xu Ming's face could barely be maintained, and the bottom of his eyes were filled with a gloomy look.

The Xu family had already gone soft, and had asked themselves to come and negotiate with them.

But Xu Jiangong dared to disrespect him so much!

A branch of the Southern Realm dared to speak to him like this.

Did he really think that he was now so high and mighty that he could be equal to the Xu family?

For a moment, the table was filled with a sullen atmosphere.

Xu Ming also knew that speaking up at this moment might have a counterproductive effect.

Xu Jian Gong also sat down again, his eyes staring deadily at Xu Ming.

If not for the fact that the latter had always used the attitude of his son and nephew this time, reaching out and not smiling.

Otherwise, Xu Jiangong would have shouted at the property and kicked him out directly.

After a long time, Fang Hui, who had been silent, suddenly put down the bread in her hand.

"I don't think it's actually impossible to say yes, except that I"

"Promise him? Fang Hui, have you really gone completely mad!"

Xu Jiangong, who had just sat down and was silent, stood up again and questioned Fang Hui loudly.

Xu Ming, who was sitting beside Fang Hui, had a strong flash of joy in his eyes.

As long as he could get the job done perfectly this time.

Then his position within the Xu family would grow rapidly!

As he thought, Xu Ming's eyes glanced at Xu Jiangong who was opposite him.

This old thing had almost ruined his great good deed.

A look of anger rose in his eyes, when he had completely secured his power within the Xu Family.

The first thing he must do was to get rid of this old man Xu Jiangong.

Xu Ming's eyes incidentally also glanced at Fang Hui beside him as he continued to sneer inwardly.

Such a stupid woman was also worthy of sitting on a medicinal recipe as good as Xia Mo's morning tea?

Did she really even think that after the Xu family's merger and acquisition of Xia Mo Morning Tea, she would still be able to hold the position of vice chairman unharmed?

When the merger is completed, the first thing that Old Master Xu will do after he becomes the chairman of the board.

It was to kick Fang Hui, a brainless woman, straight out of the group.

Fang Hui's face showed a cold smile in the face of Xu Jian Gong's questioning.

"What, now your own daughter is missing and can't be found."

"Even the relationship with the Xu family has to be broken, do you really want to be a loner?"

Fang Hui's sarcastic words caused Xu Jiangong to blush red, his face turning green and red for a while.

Xu Jiangong shook his fingers in anger and angrily rebuked at Fang Hui.

"Fang Hui, you are confused!"

"Pah!"

Fang Hui slapped her hand on the table and stood up as well.

"Xu Jiankong, is your heart so narrow?"

"You have to be so calculating even after your own family members have done just a few wrong things!"

"If you, Xu Jiangong, want to be a loner with no relatives in this life, just go find Lin Mo, the white-eyed wolf."

Fang Hui's words caused an unbelievable look to appear in Xu Jiangong's eyes.

He did not expect Fang Hui to actually go and forgive the Xu family for their actions in the first place.

"When they cheated the medicinal recipe away in the first place and opened the medicinal shop themselves before anyone else, have you even forgotten?"

"If Lin Mo hadn't gotten someone behind to carry out the help, could we have Xia Mo morning tea now?"

"Xu Jiankong, watch your words!"

"I'm the chairman of Xia Mo Morning Tea."
