

Married At First Sight

Married At First Sight Chapter 3344-The butler came over and respectfully told Audrey that it was time to eat.

Audrey asked everyone to eat first.

Bianca deliberately slowed down her pace and followed her master, Ezequiel (Silver Fox). She even tugged at her master's sleeve. When the old man slowed down his pace, the master and apprentice fell behind.

"Master, have you found the two female dolls that the old man was looking for?"

Silver Fox said, "Your older brother, Nolan, didn't tell you? Those two female dolls are not female dolls now. Forty or fifty years have passed. One of the two female dolls back then is Miss Audrey Farrell in Wiltspoon now. She is the eldest daughter of the previous head of the Farrell family in Jensburg."

"The younger one, Miss Harlow Farrell, is the biological mother of Serenity and Liberty, the eldest mistress of the York family in Wiltspoon. However, Miss Harlow Farrell died in a car accident more than ten years ago, leaving only the Serenity and Liberty."

Bianca said, "Brother Nolan didn't tell me, so I kept asking around, but to no avail. It turns out it's Audrey. Therefore, Serenity and her sister can be regarded as descendants of the Farrell family."

The position of head of the Farrell family was passed down from daughter to daughter.

Strictly speaking, Serenity, Liberty, and Elisa can be called the successors of the Farrell family.

Silver Fox said, "Strictly speaking, they are all candidates for succession. Audrey and others knew earlier than us. The current head of the Farrell family even came to visit Audrey, and the aunt and niece met."

Bianca asked, "Don't Audrey remember that she is a young lady from the Farrell family?"

"She remembered her surname and that her family used to be in good condition, but she didn't remember the specific location of her home. She was only eight years old at the time. She encountered great changes and escaped with her younger sister. She experienced too many dangers and frights, and she would forget many things."

Bianca sighed. "I didn't expect that the people the old man was looking for would be Audrey, Serenity, and others."

Silver Fox glanced at his apprentice and asked her, "Cute baby, is the company busy recently? You still have time to come to Wiltspoon."

Bianca smiled and said, "Can't I take some time off while the company is busy? Wiltspoon is a big city, and there are many opportunities. I'll come over and take a look and see if I can do some business here."

The silver fox stretched out his hand and poked the cute baby on the forehead. "You still slap me in front of the master, haha. You were trained by the master. As soon as your tail is raised, I know what you want to do."

Bianca chuckled. "I can't hide anything from you."

The silver fox said, "No wonder you've been so busy recently and didn't even know that your old man found the young master."

Bianca: "Master, I'm really busy with the company's affairs."

Silver Fox made it clear that he didn't believe what Bianca said.

After entering the dining hall, the master (Ezequiel or Silver Fox) and apprentice (Bianca) stopped talking in secret.

Silver Fox just knew that Bianca was in Wiltspoon, so he sent a message to her asking her to come to the Stone family.

Master and apprentice could meet each other.

When children grow up, they will leave their parents' side.

Similarly, when a disciple grows up, he also leaves the master's side.

He has many disciples, and they fly all over the country and abroad. He, the master, can only see all his disciples on his birthday every year.

Normally, even during the New Year, not all the disciples—those who were closer and who were not so busy at work—would fly over to spend the New Year with their master.

Those who are far away and busy with work, like Bianca, were really busy with their daily work. They only got to see each other once a year on their birthdays, and they just talked on the phone occasionally.

Silver Fox was very happy that all his apprentices were being trained to be talented. However, the juniors were flying around, and he felt lonely again.

Thanks to a few old friends who lived close by, they often visited each other and got together to pass the boring time.

Also, the next generation had Titus, who was the apprentice of the old genius doctor and was also regarded as his apprentice by them. Usually, they trained and taught Titus in various ways.
