

# Married At First Sight

**Married At First Sight Chapter 3326**-He also wanted to get off work early to spend time with Serenity and take a break from time to time. Especially after Serenity became pregnant, he wished he could stay with her for twenty-four hours a day.

It was Serenity who didn't let him cling to her like this. She still has to go to work.

Serenity still had to go to work even though she was pregnant, so Zachary felt embarrassed not to go to work because he still had to earn money for milk powder.

Sonny said he was his little brother.

If he has a son, he has to earn money to buy him a house, a car, and a wife, which costs a lot of money. Well, he is not short on money. It can be said that he has the most money without spending much.

But no one would mind having too much money. The money he earned was enough for his son to spend his whole life.

There will be grandchildren in the future, and it will be passed down from generation to generation. He hopes that when it comes to his children and grandchildren, the York family will still be the richest man in Wiltspoon.

"Can Alex go to work next year?" Serenity always felt that Alex was still very young. I always feel like Alex is in high school. He has a baby face and looks like a student."

When Alex went out, when others saw him, they would think that he was a high school student.

Zachary said, "He just has a baby face and is already an adult."

"Go back to the villa." Zachary said it to the driver. Then he said to Serenity, "Alex, the eighth young master, will be 23 after the New Year, and River, the seventh young master, will start working at the age of 23."

Serenity smiled and said, "When I saw Alex's face, I looked at him as a child. He will have to work before he knows it."

She also knew that the children of the York family usually only show up when they officially start working. They were usually well protected by the family. People outside know that there were nine young masters in this generation of the York family. In addition to those who have already entered society, others have never been seen by anyone.

Even if he has entered society and is not a member of the upper class, he has been unknown to many people since the Fourth Young Master, Evan.

The York family was most famous for Zachary, Callum, and Kevin. Very few people were familiar with them.

Evan and the others were very low-key.

Zachary said, "Grandma plans to wait until our child is born and turns one month old. When hosting a full-moon banquet, she will let Alex accompany her to entertain the guests, which is to let everyone get to know Alex."

Serenity said, "Would that be wrong, Alex?"

Zachary said, "What grievance does he have? When we elder brothers entered society, we all went out to socialize with our grandparents. Who can hold a banquet at home? I am lucky."

Serenity touched her belly, and she felt that the baby seemed to be moving. She stopped her hand and felt it quietly, but she couldn't feel it.

She knew this was not an illusion. The baby was moving, but the movements were subtle and difficult to feel. If she occasionally felt them, she would think it was an illusion.

After a while, the fetal movement became more severe.

Jasmine's was more than a month older than her, so she could really feel the fetal movement.

Zachary said, "What's wrong? Do you feel sick to your stomach? If you feel uncomfortable, I'll take you home now. Don't follow me back to Wildridge Manor. It's a bit far."

Noticing that she was touching her belly and suddenly stopping moving, Zachary thought she was feeling uncomfortable, so he immediately became nervous and asked the driver to change the route.

Serenity said quickly, "It's not uncomfortable. Don't be surprised. Just now, I seemed to feel the baby moving again. When I felt it quietly, I couldn't feel it."

"Zachary."

Zachary immediately corrected her: "Call me husband. When I heard you call me by my first name, I became nervous and worried that I had made a mistake somewhere and made you angry."

When Serenity was angry, she would call him by his first name.
