

Married At First Sight

Married At First Sight Chapter 3418-Serenity smiled and said, "If you like it, eat more, but we're going to have dinner soon, so don't eat too many snacks, or you won't be able to eat later."

After she and Audrey met Mrs. Lewis, they hurried back to Wildridge Manor.

"By the way, when my sister-in-law and I came out of the coffee shop, we ran into Mrs. Labbe. Then, when we returned to the villa, Carrie showed up. What a coincidence!"

Elisa continued, "Why do you feel that Mrs. Labbe happened to meet you by chance? Is she coming for you?"

After the two women looked at each other, Serenity said to Elisa, "Could it be that our aunt is manipulating everything behind the scenes?"

Elisa denied, "If she had this ability, the Farrell family wouldn't be in such a mess now."

Even in Jensburg, the Farrell family was not as powerful as before.

Not to mention extending their reach to Wiltspoon City.

If everything was controlled by Clarissa, how could the Bucham family not find out?

Do you think the Bucham family lives on free meals?

Bianca still ate her favorite snacks and found that the York family's snacks were not only exquisitely made but also very delicious.

She loved to eat.

It tasted better than the ones made by the pastry chef at home.

Bianca said, "Jensburg Farrell family? They don't have that ability. Sister Serenity, don't underestimate your husband's family connections. The old lady's connections are so wide that you dare not imagine.

Also, the Stone family, the Lewis family, the Bucham family, and the wealthy families in Wiltspoon are all in the same boat as your York family. If they can't find the mastermind behind the scenes despite the efforts of several parties, it means that the person has a powerful background. From your conversation, I think if Mrs. Labbe is really Carrie, she must be plotting something, mainly to get close to Sister Serenity."

Serenity and others thought Bianca's analysis made sense, and then everyone looked at her.

Bianca: "I'll just eat this piece. I'll stop eating after this one. I'll leave some room for dinner."

Wildridge Manor invited many distinguished guests today, just like hosting a banquet.

Of course, those who were invited by the York family were all extraordinary people.

The old lady was an expert at eating. Bianca heard that the dishes cooked by the York family's chef were very delicious, and the young masters of the York family could also cook. For foodies, coming to Wildridge Manor was like entering heaven.

How could Bianca miss the opportunity to taste the most delicious food on earth?

Several people still looked at Bianca.

Bianca continued to play dumb, saying, "Okay, I won't eat, or I won't be able to eat later."

She put down the exquisite plate.

Bianca said, "Why are you still looking at me? Do you think I'm greedy? You guys are just like me; which one of you is not a foodie? Oh, Sister Camryn is not, but Sister Serenity is an authentic, genuine foodie from Wiltspoon."

Serenity smiled and said, "Bianca, what do you think of us? I felt a sense of familiarity with you the moment I met you, just like we've been friends for decades."

Bianca laughed. "Sister Serenity, from what you said before, it's easy for people to misunderstand that there's something going on between us. Although I like you very much, I don't dare to do anything. Your husband is very powerful. He can chop me in half with his knife. His eyes are so sharp.

I like you guys, too. I can chat with you guys just like old friends. I have quite a few senior brothers and sisters, but they all go their separate ways and are scattered all over the world. It's a dream to think of getting together with them."
