

## Chapter 11

"Mr. Lester, everyone has their own methods. I don't need to be like other women!" Leslie said.

They were too close to each other. His hot breath sprayed on Leslie's face, making her face burn even hotter.

Carlos chuckled, "So that's why you're trying to play cat and mouse with me?"

Leslie paused for a moment. Her beautiful eyes were shining with a bright light. "Mr. Lester, quite smart!"

Her lips were as thin as cherry petals and it had a seductive luster. Her big watery eyes were like a willow branch in the rain, cool and seductive.

"Since you want me so much, then I'll grant you your wish!" Carlos couldn't help but grab hold of the back of her head and press it down.

Leslie didn't expect that he would suddenly kiss her. She was so scared that she froze on the spot. She felt that the man's lips were on hers, which made her heart beat more wildly and her face and ears redder!

His aura made her fearful. The audacious kiss left Leslie's body feeling weak, and his hands had even slipped inside her clothes. Wasn't this the prelude to a crime?

Terrified, Leslie desperately tried to push him away, but his body proved unyielding. Despite her small stature, she couldn't make any impact. Fueled by a mix of anger and frustration, she bit Carlos' lip hard. He winced in pain, giving her the chance to shove him away. She promptly leaped out of the car.

When Carlos came back to his senses, Leslie had already jumped out of the car and strode towards the estate. He narrowed his eyes as he looked at her back. Funny girl!

There was a faint pain coming from his lips. "Leslie, wild girl, I won't let

you go!"

As the saying goes, the more unattainable something is, the more one desires it. At this moment, Carlos found himself increasingly intrigued by Leslie.

When Leslie returned home, Ashley was not home, while Sarah was watching TV at home. When she returned to her room, she opened her laptop and made a call to Mya to borrow 500,000 dollars. Plus the two million in her account, she had two million and five hundred thousand dollars to stock the shares.

Leslie was spoiled by Ashley and Riley. They were so nice to her, just because she could transfer the shares to them in the future!

So on one's daily life, they gave her 180,000 dollars for daily life.

And Leslie loved luxury too much before, so she also spent a lot of money.

Leslie turned her head and glanced at the valuable necklace and other items laid on the side. Her eyes lit up, realizing that these things could be used as collateral!

Leslie decided to do it now, but this time she went out through the back door, which Sarah did not know.

After pawning everything valuable, Leslie got another three million dollars.

If she could multiply that by stocks, she would have over ten million!

She might have to use this money one day!

Leslie took a deep breath. Ashley, just wait. One day, I will make you lose everything!

On the evening of the tenth day, Ashley pulled Leslie to go to the most famous luxury market in Brickelwhyte, and they went to a foreign brand store.

"Miss, take out the evening dress I've ordered!" Ashley said with a

chuckle.

The several ladies respectfully took out the gown that Ashley had ordered.

Leslie and Sarah's eyes lit up as soon as they saw the dress.

What a beautiful gown!

Leslie raised her eyebrows slightly and asked, "Mommy, did you give this dress to me?"

"Yeah, it's for you. Weren't you always a big fan of evening gowns designed by the Italian designer? So, I specifically had him design a gown for you. There's an auction tonight, and you can make your entrance wearing it!"

Ashley smiled gently.

Leslie widened her eyes in surprise. In her previous life, she really liked to participate in the fun of the auction, and Ashley had bought her favorite Gem of Eternity at the auction tomorrow night!

However, Riley secretly disliked Leslie even more, because a daughter who spent money like water couldn't be the successor of the Byrd family!

Riley was good to her, just for the shares in her hand.

However, when she was 25 years old, the year she could use the shares, Riley asked her to transfer all the shares to him, without any condition. Because the Byrd family had a crisis at that time, only Leslie could save the Byrd family.

At that time, she gave up the shares foolishly, but she did not expect that it was just a scam!

There was no crisis at all in the company. And the second night after Leslie knew, it was her birthday and her falling of life...

"I do. This gown is so beautiful. Mommy, how much did it cost?"

Leslie said with a smile, her tone full of gratitude.

"Miss Byrd, your mother is so kind to you!" The service lady on the side couldn't help but laugh.

Leslie smiled even more happily.

"It won't cost a lot, as long as you like it!"

Leslie, however, turned to look at the service lady. "Miss, what's the estimated cost of this evening gown? How much is it?"

Ashley was slightly stunned. She quickly smiled and said, "Leslie, I spent 188,000 dollars on this evening's dress. It's okay. Take it as a gift from mommy!"

188,000 dollars!

It was exactly the same as what she had in her previous life!

Leslie's heart was filled with shock. She didn't expect that except for Carlos, everything else had happened exactly the same!

But this was also good. It would not disturb her plan!

"Mommy! What a expensive evening gift!"

Leslie happily touched the skirt.

"Leslie, Mommy will be willing to buy whatever you like. Don't take it to heart!" Sarah also smiled wisely.

Her scandal had spread all over. She said that she was torturing Leslie at home, and she was even jealous of Leslie's status as the eldest daughter of the Byrd family.

Now, Sarah was going to try her best to clear her name.

"You're right. Mommy will treat me as her own daughter at any time. But because of this... I can't take it. Sarah, you always wear my old clothes. Now here you are, you can take this. Anyway, we wear the same size!"

Leslie smiled and said, putting the evening gown in Sarah's hand.

Sarah and Ashley were stunned. They looked at Leslie in disbelief.

Was she insane?

Because this girl liked luxury. No matter who designed it, as long as it was expensive, she liked it!

But she was willing to give the evening gown to Sarah?

"How dare I take your things? You should wear them! It's Mommy's wish. You can't let her down!" Sarah said with a fake affection.
