## MY MATE HAS TWO WOLVES BY JESSICA

### Chapter 26

#### Catherine's POV

"Please!" Henry was happy to hear that.

As expected, the moment Gina heard that I was going up to see Blake, she froze.

"Stop!" Gina suddenly shouted and then quickly walked up to me. "Don't you want your mother's

necklace? Come back with me now to get it."

le

Hearing her words, I was slightly stunned.

"This is your only chance to get it back. I won't give you a second chance!" Gina said fiercely.

I bit my lip and said coldly, "Fine. I'll go with you to get it. You'd better not lie to me this time!"

"Of course. Let's go!" Gina even reached out and grabbed my arm as if she was afraid that I would

turn around and go upstairs to see Blake.

"Catherine, Mr. Chavez is still waiting for you upstairs."

"Let him wait. He takes himself too seriously," I said angrily.

When Gina heard what I said, she snorted and raised the corners of her mouth.

Henry shrugged helplessly, while Harley was in a daze.

Gina didn't wait for Harley. She pulled me out of the restaurant directly.

My hand was grabbed by Gina. She used too much force and my hand hurt. I angrily shook her hand

off. Gina looked at me hatefully, with shock and panic in her eyes.

Just as we walked out of the restaurant, a few fans of Gina suddenly came to surround us. They were

excited and happy, wanting to take photos with Gina and craving her signatures.

Gina was shocked by their sudden appearance. She suddenly pulled me to her side and smiled at her

fans. "Everyone, give me a break. Celebrities are also ordinary people, right? I just want to have a meal

with my sister today. Please! Just cut me some slack."

I didn't expect Gina to be so good at acting and even made me a part of it. She was so disgusting.

Meanwhile, Harley, Gina's guard, saw that Gina was surrounded by a group of people. He hurriedly

handed over her purse.

Gina retreated and wanted to leave quickly. She deliberately trod on my foot with the heel of her

high heels as she passed me.

I cried out in pain. Harley rushed to me and asked with concern, "Cathy, are you alright?"

I was furious, yet I didn't dare to say anything. If it weren't for the fact that my mother's necklace was

still in Gina's hands, I would have exposed her true colors in front of her fans today.

But I did not dare to offend her before I got the necklace back.

Gina immediately pretended to be concerned and asked, "Catherine, are you alright? There are too

many people here. Did they step on your foot? Well, that happens to me a lot. My fans are just too

excited. I'm sure you'll understand, right?"

In such a chaotic situation, Gina still managed to maintain her positive image.

Someone aside immediately praised, "Gina has such a nice and gentle voice!"

"She's so much prettier in person than she is on TV! She's got a nice shape and fair skin!"

Hearing their compliments, Gina was so complacent. The corners of her mouth curled up even

more.

I was helped out by Harley. Just now, Gina trod on my foot with much strength. Besides, she used the

heel of her high heels to step on my toes. I felt as if my toes were about to break. It was so painful that I

wanted to cry.

I could hardly walk without Harley's support.

At the same time, the door of the restaurant was suddenly opened. Six tall men came out first. They

forcibly part a path with their muscular and beefy bodies.

Then, a tall and elegant man casually walked out of the elevator.

Compared to the chaotic situation on our side, Blake walked so easily without any obstacle.

His appearance immediately shocked everyone present.

“Oh dear. He is the most handsome man I have ever seen.”

“Who is he? He has a great figure and is so good-looking.”

Blake’s gaze was cold. Inadvertently, he saw me, who was half-leaning in Harley’s arms.

His gaze was as sharp as a knife. He glared at me with hatred. His expression turned extremely

gloomy at once.

“Gina, let’s go!” Harley took the opportunity to pull us to the car.

Gina was reluctant to leave. Of course, the same as others, she stared at Blake obsessively though he

had already gotten into his car.

I didn’t know what she was thinking, but she withdrew her gaze from Blake and then turned to me. Her

expression fluctuated.

There was jealousy, hate, doubt, and fear in her heart.

All kinds of emotions flashed across her eyes.

“Gina, hurry up and get in the car!” Harley was so anxious that he was sweating.

“Harley, we’re going to my place first. You go first.” Gina opened the car door and got in.

I knew. The reason why Gina was willing to drive me home was because she wanted to keep an eye on

me. She didn't want to give me a chance to see Blake.

Gina couldn't concentrate while driving. She stared at the car behind her along the way, which

made me a little impatient.

Gina was absent-minded. Just when we were about to reach my previous home, Gina's car hit the

fence next to the garden.

Gina was shocked. She gripped the steering wheel tightly.

She pushed open the car door, and her body was stiff. She stared at me, who had just gotten out of the

car.

"Come in with me!" Gina walked hastily.

I frowned and quickly followed her into the house.

"Where is Troy?" I hadn't seen my father in so long, and I didn't know if he had forgiven me or wanted

to see me again after all these years.

"He and Elena have been visiting other packs. I arranged everything. I am now his pride." Gina

smirked.

Gina tossed her purse onto the sofa and ran upstairs.

I looked at the place, which was both familiar and strange to me. It had changed greatly. The old

furniture was all gone. Now, the place was so luxurious and upscale.

Inexplicably, the feeling of heartache overwhelmed me.

I have been homeless for a long time!

Gina's hasty footsteps rang out again. She ran down with a bag in her hand and threw it directly in front

of me. "Take this junk away as far as you can. Get it out of my sight. It's a jinx."

I ignored her harsh words, squatted down, carefully opened the bag, and examined the things inside

one by one.

"Where is my obsidian necklace? Did you take it?" There was one thing missing.

Gina sneered and said disdainfully, "Seriously? Do you think I want your things? I have everything

now, whether money or status. Are you really saying that I want things from you, you rogue?"

"My obsidian necklace isn't here. Find it and give it back to me now." I was very determined.

bu

"You want to take the necklace back? No problem. As long as you promise me one condition, I will give

it back to you and I will also give you a lot of money to assure you to live well." Gina snorted coldly.

[Gina's POV](#)

I knew the whereabouts of the obsidian necklace that Catherine was talking about, but I just didn't want

to tell her. Seeing her so upset about not being able to find it, I felt so much better.

But then I thought of the fact that Blake had already noticed Catherine. It made me frustrated again.

No way. This had to stop. I had to drive Catherine away. On no ground could Blake meet her.

But I was the future Lycan Luna now. I couldn't risk ruining my fame.

"I told you already. As long as you agree with my condition, I will give you the obsidian necklace and

the money. Well? What do you say?" I asked complacently.

Things that could be solved with money were nothing.

"What condition?" Catherine seemed so eager to get that necklace back.

"It's very simple, actually. I'll give you 100 thousand dollars a month if you leave New Jersey tomorrow

and swear never to return. I will also find the necklace for you. How does that sound?" I thought my

offer was good enough for a rogue.

"You want me to leave New Jersey? And you'll give me money? How can you be so kind?" Catherine

was in disbelief.

"Don't ask. Just say yes or no. If you nod, I'll start looking for it right away, and I'll get someone to

transfer the money to you immediately..." She sounded hesitant, and I couldn't help but be anxious.

Sound

Catherine sneered, “What if I say no?”

“Then you’ll never get that necklace back. Also, I can assure you that if I intervene, you will never find a

pack in New Jersey to take you in. You are just a rogue now, and I am the future Lycan Luna. Which

pack do you think will take you in if I say the word?” I ruthlessly threatened.

Catherine froze.

My words worked. She pursed her lips tightly, pondering.

“Is it about Blake?” Catherine suddenly asked.

When I heard her question, my scalp went numb. I felt as if I had been beaten up, and I was disturbed.

I tried to calm down and then said coldly, “What does it have to do with him? I just don’t want to see

you. I hate you.”

“Gina, how did you become Lycan Luna and the limelight of New Jersey? Is it really because of the

Moon Goddess?” Catherine smiled sarcastically,

Every word she said was like a knife, cutting my fragile nerves.

My limbs were cold, and my heart was beating fast. My eyes fixed on Catherine. I couldn’t believe it.

How did she figure it out?

“Ever since I got back to New Jersey, back to Sayreville, I’ve heard a lot about you. I know that the

other werewolves are saying that you are the future Lycan Luna, and it was King Blake that supported

you to be a big star. When we were at the restaurant, King Blake was the boss who said that he was

interested in me, right? That was why you were so anxious. That was why you said that you wanted to

return my mother's thing to me. Are you scared?" Catherine crossed her arms in front of her chest,

looking calm and composed, but every word she said made me feel cold.

"Catherine, who do you think you are? Do you really think that King Blake would be interested in a

rogue like you who has no pack and even no wolf? A werewolf like you who can't shift isn't even

qualified to become King Blake's breeder. Why should I be scared?" As I spoke, I deliberately raised

my chin.

Catherine frowned and then sneered, "Is that so? When Blake went downstairs, if I saw it right, it

seemed that ... he didn't even glance at you. Isn't he your mate? Why is he so cold to you?"

Catherine was rubbing salt into my wound. Even my face felt pain. I couldn't help but roar, "Catherine,

what are you trying to say? I'm warning you! If you offend me, you won't end up well. I'll be blunt with

you. I gave your obsidian necklace to someone else!"

“I... This is too much! Get it back right now! Otherwise, I will go to King Blake. I will tell him that I was

the one who slept with him five years ago!” Catherine was provoked and furious.

“Stop dreaming. Do you think the man who fucked you five years ago was King Blake?” I said guiltily.

“Of course! I woke up halfway and saw his face!” Catherine said resolutely.

I collapsed on the sofa.

I was pissed off and clenched my fists. “Catherine, what do you want?”

“Give the necklace back to me. And give me ten million dollars. Then I will leave New Jersey. You and

Blake will never hear from me again,” Catherine said firmly.

“Catherine, don’t lie to me. Since you know the man was King Blake, there’s no way you can resist his

charm.” I didn’t buy it. Catherine could never turn a blind eye to King Blake’s charm.

Catherine pursed her lips. Then she said sarcastically and disdainfully, “He’s not my mate. I don’t feel

anything for him.”

I suddenly wondered if Catherine was nuts.

I suddenly wondered if Catherine was nuts.

“Remember your words. The money will be transferred to your account tomorrow morning. And ... I’ll

go and get your necklace back right now. You’d better leave tomorrow without a moment’s delay.” I

softened my tone.

“Sure. I will leave immediately after everything is settled.”

“Wait. The spoken word flies. We must sign a contract. You have to promise that in return for the

Follow current on [NovelEnglish.net](http://NovelEnglish.net)

money and the obsidian necklace, you will have nothing to do with Blake for the rest of your life,” I told

her about my condition.

“OK!” Catherine agreed.

After Catherine signed, she stood up, took her things, and went out.

I looked at the agreement, and the corner of my mouth curved into a victorious smile.

With this agreement as a guarantee, I can rest easy. Catherine would never be brazen enough to fight

me over Blake again.

After I put away the agreement, I immediately called Elizabeth Saul. She belonged to Sunset Pack.

She took the obsidian necklace away back then.

The call went through and I heard a sweet voice. She said, “Well, well. What a pleasant surprise. Isn’t

this the big star of New Jersey? You still remember me?”

“Lisa, do you remember you came to my place five years ago and took an obsidian necklace?” I asked.

“No. Gina, I don’t think you remember that right. I don’t remember taking any obsidian necklaces,”

Elizabeth immediately denied it, and then she quickly said, “You probably remembered it wrong. Ask

someone else.”

Then she hung up the phone. I froze for a moment and then gritted my teeth in anger.

Five years ago, it was Elizabeth who saw the moon symbol on the obsidian necklace and felt that it

was very pretty and unique. I even went with her to her pack. She took the obsidian necklace and

asked the witch of the pack. The witch said that the necklace may come from a special family, and the

specific details had to be checked.

Now, Elizabethan was pretending that she knew nothing about it. Clearly, she felt that the necklace was

very valuable, and she wanted to keep it. She did not want to give it back to me.

It was outrageous!

[Noah's POV](#)

“Noah, come get me, come get me...” Hedwig had just taken a shower. She was wearing pajamas and

running around the living room.

After I chased her several rounds, I felt tired and said, “I’m done. This is no fun.”

“No! Noah, play with me.” Hedwig pouted and pulled my arm, swaying it.

At this time, the door of Mabel’s place was suddenly pushed open, and I turned to see. Mommy was

back.

“Mommy is back!” I ran over and hugged her. “Mommy, did you go on a date with someone?”

Mommy could not help but chuckle. “You are thinking too much. I was just hanging out with a

friend.”

“Mommy, I want to see daddy again. OK?” Hedwig also squeezed over. Her two small hands held

mommy’s other leg pitifully. Hedwig raised her little head and pleaded.

mom

When mommy heard Hedwig’s request, she immediately squatted down and stroked Hedwig’s little

head. Mommy said gently, “Hedwig, don’t you have Noah? Let’s not look for daddy, OK? Mommy will

take you back to our previous place. The three of us will live our lives to the fullest.”

I was aside, and I heard mommy say that she would take us back to the old place. I thought, ‘Does it

mean that ... Mommy will take me and Hedwig back to Pennsylvania?’

“No! Mommy. I don’t want to go back there. I want to go back to daddy’s house. Daddy’s house is so

big and wonderful. And there are so many toys and tasty food... Mommy, can’t we go back to daddy’s

home?" Hedwig asked innocently.

"Hedwig, listen to mommy. If it's up to you, who would you be with? Daddy or mommy?" asked Mommy.

Hedwig looked at me, and then she gave me a push with her small hand.

"Noah, who would you

choose?"

"Mommy, are you willing to stay if I let daddy become your mate?" I was silent because I was thinking

about a deeper question.

Mommy looked at me in a daze.

Hedwig jumped up and cheered, "Great! Noah and I will have a daddy and a mommy! Yay!"

"Noah, I'm not your daddy's mate. Don't be naive. Your daddy and I are from two separate worlds,"

Mommy said very seriously.

"You will be. He promised me!" I said confidently.

"Noah, you're still a little boy. He must be lying to you," mommy tried to explain.

"Daddy won't lie. He is the Lycan King. The Lycan King cannot lie. Mommy, why don't..."

"No!" Mommy blurted out, and her tone was very determined, which startled us.

Mommy scratched her long hair in great irritation and walked to her bedroom.

Hedwig and I looked at each other, at a loss somehow.

Soon, Mabel followed mommy into the room and closed the door.

“Come with me!” I waved at Hedwig, and the two of us ran into another room.

With my two little hands behind my back, I paced the room.

Hedwig immediately said, “Noah, what should we do? Mommy doesn’t want us to see daddy again, but

I still want to play with daddy. He is nice to me.”

“Dummy, is mommy mean to you?” I glared at Hedwig immediately.

Hedwig pouted, and she kept nodding. “Mommy is nice to me too! But I’ll be happier if daddy and

mommy are both with me!”

“You’re so greedy at such a young age. What will happen after you grow up?” I scolded Hedwig.

Hedwig immediately lowered her head and said pitifully, “Noah, don’t you miss daddy? Didn’t you say

before that when we found daddy, you would let daddy take you to soccer and play toys with you? Now

that we have found daddy, you don’t like him. You are so annoying!”

“Who says I don’t like him? Can’t you see that mommy doesn’t like him? We swore before! We won’t

like anyone mommy hates!” I said angrily.

“Why doesn’t mommy like daddy? Mommy should like him,” Hedwig said, tilting her head.

I suddenly had an idea.

“Why don’t we call daddy?” I said.

Hedwig immediately nodded hard and was very happy. “OK! I want to hear daddy’s voice. But ... We

don't have daddy's number."

"There's no need to call. Henry told me how to use Mind-Link today. Henry said that we were daddy's

kids, so we could use Mind-Link to contact him directly." I happened to recall it.

"Okay! Noah, hurry up! Use Mind-Link to contact Daddy!" Hedwig jumped up and down and asked.

I gestured for Hedwig to calm down and then recalled the method Henry taught me. I tried to shield

myself from the surrounding sounds and focused on my mind.

Then I outlined daddy's appearance in my mind and called his name silently.

But I didn't have that "connected" feeling that Henry mentioned. I tried to change the way I addressed

him and called out to daddy silently.

Just as I was murmuring silently for the fifth time, I suddenly felt that I had made a connection with

someone. It was a wonderful feeling I had never had before.

“Noah?” Daddy’s voice sounded in my mind, as if he were speaking in my ear. I tried to concentrate

and not let myself look around, and then I responded to him silently.

“Noah, how did you learn to use Mind-Link? Why don’t you say anything? Are you still mad at me?”

Daddy’s voice came again.

“Daddy, Henry taught me how to contact you through Mind-Link,” I explained and then continued,

“Daddy, I want to ask you something. Will you let mommy be your mate?”

“I’ll consider it if you can convince your mommy to move in with me,” answered daddy.

“But mommy says she hates you.” I sighed inwardly. IN

Daddy immediately raised his voice, “Did she really say that?”

“Yes. Daddy, did you do something annoying mommy? That’s why she hates you. Why don’t you

apologize to her? Mommy is forgiving. Once you two make up, we can meet again,” I said.

“OK. I will come over and apologize to her tomorrow. You and Hedwig should also put in a few good

words for daddy, okay?” Daddy was silent for a moment and then answered.

“Really? That’s great...” I couldn’t help but smile happily.

At the same time, the door was pushed open, and I heard mommy’s voice.

“Noah, what are you doing?

Are you using Mind-Link?”

Chapter 29

Catherine's POV

I told Mabel that I would go back to Pennsylvania with Noah and Hedwig. Although Mabel wanted me

to stay in New Jersey, she supported me.

I calmed myself down and planned to put Noah and Hedwig to bed. When I opened the door, I saw

Noah with his eyes closed. Hedwig was standing beside Noah, looking at him curiously and quietly.

I couldn't have been more familiar with this scene. I knew immediately that Noah was contacting

someone through Middle-Link because it was exactly how I looked when I was learning how to use

Mind-Link.

But, how could Noah know how to use Mind-Link? We didn't join any pack, so who could he talk to

through Mind-Link?

I couldn't help but ask loudly, "Noah, what are you doing? Are you using Mind-Link?"

My arrival caught Noah by surprise. He was startled and hurriedly opened his eyes. Then he looked

at me in alarm.

The next second, the two little guys lowered their heads, looking pitiful.

"Noah, were you using Mind-Link just now? Who taught you that? Who were you talking to?" I ran my

eyes over their faces.

The two little guys kept their mouths shut. No one answered my questions.

I suddenly got upset when I saw them like this.

I didn't want to punish them for their small mistakes. I squatted down and patted their faces. "Alright, it's

getting late. Hurry up and go to bed."

"Mommy ... Noah was talking to daddy through Mind-Link. Henry taught Noah how to do so. Through

Mind-Link, Noah could contact daddy even without a phone!" Hedwig blurted out the truth in the end.

Follow current on [NovelEnglish.net](http://NovelEnglish.net)

Hearing her words, I realized that Hedwig and Noah were Blake's children and the same bloodline

allowed them to Mind-Link.

Maybe Henry taught Noah Mind-Link so that Noah could contact Blake freely in the future.

In fact, I originally planned to join a pack and teach Noah and Hedwig Mind-Link after that. But now,

the two kids were going to leave New Jersey with me.

So when I heard Hedwig's words, my heart ached even more.

I kissed Hedwig on her face and said gently, "Okay. Now go to bed!"

That night, I was plagued by nightmares, in which Blake tried to take Noah and Hedwig away from me

by hook or by crook.

In the dream, I cried and ran, chasing him all night. When I woke up in the morning, I was listless and

tired, both physically and mentally.

“Bastard...” I sat up from the bed with a sore back and cursed.

Today, I was going to see Gina. We made a deal that she would return the obsidian necklace to me and

I would leave with Noah and Hedwig.

So I called the teacher of the werewolf school to ask for leave for Noah and Hedwig. Then, I took a taxi

to see Gina in Black Moon Pack.

“Cathy, you’re here so early.” Gina put on a fake smile when she saw me walk in. It was the first time

she had greeted me so kindly.

I felt disgusted and said coldly, “Where is my obsidian necklace? Give it to me now!”

“Well... Cathy, I transferred another 2 million dollars into your card. Did you receive the notification?”

Just take it as I bought the necklace for 2 million dollars, okay? Your necklace is not worth so much

money at all, but I understand that it is very valuable to you. So, I gave you 2 million dollars in

compensation.”

I did receive the money this morning. So, it turned out that Gina did not find my necklace.

“So, where is the obsidian necklace?” I asked, frowning.

“I don’t know. My friend told me yesterday that she didn’t remember taking it away. She must have lost

it. Cathy, I'm really sorry. If I knew that the necklace was so important to you, I would definitely take

good care of it. But I can't find it very soon. I promise you that I will continue to look for the necklace. If I

find it, I will mail it to you immediately, okay? Leave New Jersey now!" Gina pleaded.

Naturally, I couldn't wait to leave. Moreover, judging by Gina's expression, I guessed she was not lying,

but I still felt a little angry.

"Then keep looking for the necklace. If you find it, return it to me immediately," I warned.

Jari

Gina promised, "Of course, of course. The necklace doesn't mean anything to me, so I won't keep it for

myself."

I nodded and turned to leave, Gina said behind me, "Cathy, I'll ask someone to drive you home."

"No thanks. I'll take a taxi," I refused coldly.

I left the Black Moon Pack and took a taxi, heading for downtown Sayreville. I was leaving today, so I

had to buy something for the journey. Otherwise, children might feel bored on the way to

Pennsylvania.

However, I had just gotten out of the car when Eva suddenly awakened.

"There are werewolves following you," Eva said.

“Who are they?” Since I had Eva, I had been more perceptive and stronger. I asked Eva in my heart,

but I did not stop

“Judging by their scent, they belong to the pack you just left,” Eva said lazily.

“What should we do now?” I looked around. Most people were still working now, so there were not

many on the street. Therefore, if I made any sudden moves, werewolves who were following me

would notice easily.

Follow current on [NovelEnglish.net](http://NovelEnglish.net)

“Do you see the park not far away? Go into the grove in the park and leave the rest to me,” Eva said

lightly.

“Alright,” I agreed in my heart. So, I walked past my original destination, the mall, and quickly

walked towards the park. Those werewolves were still stalking me.

Upon stepping into the park, I started running towards the grove. After I ran into the woods, I quickly

took off my clothes and started to transform into a werewolf.

were

I finished my transformation very quickly, owing to the tacit understanding Eva and I built during

the years.

With my four limbs on the soft soil, I shook my fur and felt the air around me. I could tell the

enemy's position through the airflow. Now I found that the werewolves of the Black Moon Pack

were already approaching the grove of the park.

So I started running towards the hill on the fringe of the grove. Then I jumped to the other side of the

mountain and fled the park.

No one in the Black Moon Pack knew that I had found my own wolf, so I got rid of the stalkers and

soon ran back to Mabel's house.

Mabel opened the door and was startled to see me as a wolf, but she quickly moved aside to let me

1. in.

In order not to scare Noah and Hedwig, I went to Mabel's room and turned back into a human at

once.

"What's wrong, Catherine?" After I got changed, Mabel walked in, asking worriedly.

"I was stalked just now," I explained. I turned around and saw the luggage that Mabel helped me pack.

Then I called Noah and Hedwig over.

"Say goodbye to Mabel."

Noah and Hedwig bid Mabel farewell. I also hugged Mabel.

“Mabel, you can come to visit us in Pennsylvania when you get time,” I said with a bit of sadness.

“Cathy, be careful and take good care of Noah and Hedwig,” Mabel cautioned.

“I got it. Goodbye, Mabel.”

My Uber was here and I put my luggage in the car. Then I helped Noah and Hedwig into the car.

Finally, I sat in and closed the door.

The car started, and we set out for Pennsylvania.

In the taxi, Hedwig seemed to be in low spirits and stayed silent, while Noah lowered his head and

sighed constantly.

“Alright, you two, cheer up. Mommy will take you to the amusement park...” I comforted them.

“Will daddy go with us?” Hedwig asked in anticipation.

I was slightly stunned. I held Hedwig in my arms and held her tightly.

I rested my chin on Hedwig’s head and said softly, “Hedwig, mommy will always be there for you. I’ll

watch you grow up. Forget about daddy, okay?”

Noah understood what I meant and he sighed again.

Hedwig stayed in my arms quietly and obediently. But she was looking out the window. I didn’t

know what she was thinking.

In the taxi, the three of us sat quietly. Suddenly...

Several black cars overtook the taxi we were in and circled us.

The taxi driver was so scared that he quickly stepped on the brake, his face already pale.

“What ... what happened? What are these cars doing?’ The taxi driver’s eyes were filled with fear.

“It’s daddy...” Noah crawled to the window, looked out with his big eyes, and then turned to Hedwig and

me.

When I heard Noah’s words, I got extremely flustered. I also hurriedly looked out the window.

Blake had already gotten out of the car and was walking toward us. Then, he directly opened the door

of the taxi.

When I saw Blake, I was so scared that I almost had a heart attack. Why was he here?

“Daddy...” Hedwig was also stunned for a while. When she saw Blake, she got a little excited.

Blake looked really angry, but when he saw the two little fellows, he smiled at them gently, and then he

looked at me coldly.

He knocked on the window and said to me, “Get out of the car. I have something to say!”

This fickle man!

I looked at the cars around and my heart skipped a beat. It seemed that I would not be able to leave

today.

“Mommy, daddy has come for us. Let’s go home with daddy, okay?” Hedwig immediately looked at me

pitifully, shaking my hand with hers and pleading.

I sighed resignedly and nodded. “Alright, we’ll go back!”

“Yay!” Noah shouted happily. He put his hands in the air and cheered, but when he looked back and

saw my face, he immediately put his hands down.

He stared at me with his dark eyes, as if he wanted to see me through.

Noah got out of the car on his own, but Hedwig stretched out her arms and wanted Blake to hold her.

Of course, Blake wouldn’t reject Hedwig. He picked Hedwig up very gently and said to me slowly,

“Where are you taking my children?”

I didn’t say a word, and I had nothing to say to this man.

Blake didn’t get answers from me and immediately signaled Henry. Henry walked directly to the

driver and asked, “Where is the destination?”

“The Air... Airport.” The driver told Henry the truth helplessly.

Blake’s face suddenly darkened.

“Daddy, don’t scare mommy. Mommy is timid!” Hedwig, who was in Blake’s arms, blinked her big bright

eyes and cleverly pleaded for me.

Upon hearing Hedwig’s words, Blake’s face softened.

“Hedwig, don’t be afraid. Daddy will take you home!” Blake ignored me and held Noah with his right

hand as he was holding Hedwig with his left hand.

However, Blake would be wrong if he thought he could take the children away without me. Because

Noah got rid of Blake’s hand, turned around, and ran toward me. He grabbed one of my fingers with

his chubby little hands. “Mommy, let’s go together!”

I had no choice but to nod and walk towards the car.

“Hedwig, can you take that car with Noah and Henry? Daddy and mommy have something to talk

Follow current on [NovelEnglish.net](http://NovelEnglish.net) about,” Blake coaxed.

“Well, daddy and mommy should quickly make it up. I don’t want to see you quarrel,” said Hedwig.

I also had a lot of things to say to this man, so I squatted down and said to Noah, “Take that car with

your sister and take care of her.”

“Okay!” Noah nodded considerately, but his large eyes were filled with worry.

Watching the two little guys get into the car, Blake’s face turned even colder:

Blake sat in the car first and then I followed.

As soon as I got in, I found that this was a small and enclosed space being partitioned off from the

driver’s seat.

The atmosphere got tense.

“Why are you leaving with the children? Just because they are the kids of the Lycan King?”

I thought that Blake would quarrel with me. But he actually talked to me calmly.

“Sort of. Of course, I can’t let you take them away. Without you, we lived a good life in Pennsylvania.”

Seeing his calmness, I also suppressed my emotions and answered him calmly.

“If I didn’t know about the existence of the children, I definitely wouldn’t interfere with your life. But now,

I can’t let you leave New Jersey. You are a rogue. Without the protection of the pack, how can you

provide the kids with a better life?” Blake said seriously.

I turned to stare at Blake. Tears suddenly welled up in my eyes.

“You should put yourself in my shoes. All these years, I have been raising Hedwig and Noah alone. Do you know how important they are to me? You want to take them away from me without my permission.

Every mother in the world will do what I did.” I couldn’t contain my anger and indignation when I said

this.

Blake narrowed his eyes slightly, and then he said lightly, “Sorry, I was being too impatient.”
