## MY MATE HAS TWO WOLVES BY JESSICA

### Chapter 7

#### Catherine's POV

The next morning, I woke up early.

I sat up and found Noah and Hedwig still asleep beside me. My face cracked into a smile.

patted the two kids to wake them up.

Mabel had gotten the breakfast ready. After washing up, I helped Hedwig wash her face and brush her

teeth. Noah was an independent kid and could do these things himself.

“Mommy, hug me.” Hedwig blinked her beautiful big eyes sleepily. Obviously, she didn't get enough

sleep.

I kissed her tender face as I got her into her dress.

Hedwig had an adorable expression and didn't avoid my kiss.

Noah really cared about his image, so I dipped the comb in the water before I combed his hair.

As I combed Noah's bang back, I was astonished at the sight of his smooth forehead.

“How is this possible?”

The man standing with Gina last night appeared in my mind.

His hairstyle was the same as Noah's. I gazed at Noah and found that he looked exactly like that man.

Only then did I understand why I had a familiar feeling when I saw the man last night.

I didn't dare to think deeply about it but shook my head subconsciously as I looked at Noah's face.

"Mommy, are you alright?"

I looked down and found Noah staring at me with concern in his amber eyes.

My heart skipped a beat. I took a deep breath and hid my uneasiness.

I smiled at Noah and said, "I'm fine. Go take Hedwig to breakfast."

I must be so stressed that I would have such a weird idea.

I thought as I watched Noah and Hedwig drink milk.

After breakfast, I took Hedwig and Noah by the hand and left Mabel's house.

I was going to visit the Alpha of the Black Thorn Pack. The Black Thorn Pack was in downtown

Sayreville, not far from New York.

If I could be a member of it. Noah and Hedwig could get into a werewolf kindergarten in Sayreville

There was a vast land of trees and greenery in Sayreville, as well as a huge lake where Noah and

Hedwig could fish

The rent of the townhouse wasn't high, so I could live a comfortable life with my two kids here.

As I was lost in thought, we soon arrived at the destination and the car pulled up

Carl got out of the car, followed by my kids and me

Carl walked a few steps to the patroller of the Black Thorn Pack and talked with him for a while. After

that, Carl turned around and waved at me.

“Go, Catherine Charlie will take you to meet his Alpha,” Carl said.

I nodded with gratitude and followed the man in front of me.

Before I came, I had written to the Alpha of the Black Thorn Pack about my particulars.

He wasn't in the same circle as my father, and he didn't care about my identity as a rogue.

Walking across a large lawn, I saw a townhouse not far away.

Charlie stopped and jutted his chin toward the townhouse. He said, “Alpha Theo is right there. You

guys can go in.”

I took Noah and Hedwig into the building.

At the entrance sat a woman in uniform. She saw me and smiled. “Are you Catherine? Sign the register

and you can go upstairs. Alpha Theo is on the third floor.”

Finally, we arrived at Alpha Theo's office. He was sitting at his desk and reading a report. Noticing that

the door was open, he looked up and saw us come in.

He had messy blonde short hair and chiseled features.

He looked at me and then at Noah and Hedwig, revealing a smile.

“Welcome, Catherine. As we agreed before, I am willing to accept you into the Black Thorn Pack.”

Hearing this, I couldn't help but heave a sigh of relief and smiled,

"Thank you very much, Alpha Theo. This is really good news for me. When shall I come to the initiation

ceremony?"

"My Beta is out now. When he comes back, I will have him arrange it. Just wait for our call." Alpha Theo

said gently and then looked down at Noah and Hedwig. "Now you two are our members too."

I didn't expect things to go so smoothly. When I left, I still couldn't believe it.

"Mommy, where are we going next?" Noah shook my hand,

quickly squatted and looked at the two kids, saying, "After we officially join the Black Thorn Pack, we

can rent a house and live here. Now let's go shopping."

There was a big Walmart downtown. I strolled around the supermarket with Noah and Hedwig,

choosing what we wanted from the dazzling array of goods.

Suddenly, the clothing section came into view. I looked down and found Hedwig staring at a pink dress,

Just as I decided to walk over, my phone rang.

"Catherine? I'm Alpha Theo. I'm sorry to inform you that you can't join our pack."

"What? But we just met, and you said you would accept me." I thought I had misheard.

"My Beta said that you had offended Gina at the mating gathering in Shadow Forest yesterday. She is

the future Lycan Luna. I can't take such a risk to take you in.' Alpha Theo sounded a little guilty, but he

immediately hung up before I could say something.

I stood where I was, totally in shock. I stared at my phone and couldn't think clearly for a long time.

Just now, the kids and I were happy about our new life, but I got the bad news in less than two hours.

I didn't even dare to think about what this meant.

Just as I was full of anxiety. I received a call from Mabel.

"Catherine, how is it going with you? Is everything okay?"

"..." I felt that my throat was very dry. I swallowed and said, "Mable, Alpha Theo refused my request..."

Because he thought that I had offended Gina, the future Lycan Luna."

"Catherine, don't worry. Come back, and we will discuss what to do next." Mabel comforted me despite

her surprise.

When we returned to Mabel's place, I left the two kids with Mabel and went into the bedroom alone.

Thad thought I was tough, but I would still feel sad when faced with such circumstances.

I couldn't help but shed tears. I wanted to have a good cry to vent the frustration I had suffered during

these days.

Abruptly, the bedroom door was opened. Noah and Hedwig came in, hand in hand.

## Chapter 8

### Catherine's POV

I froze for a moment upon hearing their laughter and instantly tried to dry my eyes with some tissues.

But I was too flustered to find any,

“Mommy, are you crying?” Just as I was getting anxious, I turned around and met my kids' clear eyes

“Who made you cry? Have you been bullied by bad people? Noah walked over and looked at me

worriedly

I immediately turned around and wiped away my tears with my hand. I forced a smile and said, “No one

bullied me I just had a piece of grit in my eye!”

“Mommy, don't lie to me. Do you think we are still babies?”

“Right, we are four years old now!” Hedwig curled her lips and said seriously

Mabel stood at the door, staring at me with a concerned look

Perhaps because it wasn't proper to ask the reason for my crying in front of the kids, Mabel just

comforted me softly

Mabel asked, “Catherine, are you all right?”

“Yes, Mabel!” | answered with a guilty look,

If I had known that the two kids would come back so early. I would have gone to a secret place to give

full vent to my sorrow

Hedwig ran over and held my leg. She put her little face against my leg and said in a cute voice,

“Mommy. don’t cry. I like it when you smile.”

“Alright, Mommy is not crying now! I just miss you two so much. Now I see you guys and feel much

better!” squatted and held my daughter in my arms, restraining all my sadness and chagrin.

“Mommy, don’t be sad. Noah and I can be child actors,” Hedwig looked at me and said.

“Mommy doesn’t want you to be famous at such a young age. Besides, you’re just four years old. How

Follow current on [NovelEnglish.net](http://NovelEnglish.net)

can let you make money to support me?” I said disapprovingly

“Mommy, it doesn’t matter. We don’t need to care about what others think of us,” Noah added.

I shook my head and didn’t know what to say. I had to admit that the two kids were thoughtful, though

they were still young

Surely, this also indicated that the two kids were smart

My thoughts traveled back to how to make money. Thinking that I had been rejected by the Black Thorn

Pack, my spirits sank again

“Well, let’s go wash our hands The dinner will be ready soon

I led the kids to the bathroom to wash their hands clean. Probably afraid that I would be sad, they

behaved very well

Blake's POV

Although Sayreville wasn't as prosperous as New York, there were some good places downtown

I went to the most high-end bar in Sayreville with my Beta for fun,

Except for me, there were two other men in the huge box

One was my Beta, and the other was my Gamma, Gerrard Smart

They were both my subordinates and my friends.

"Blake, do you have illegitimate children?"

Gerrard, who was sitting opposite me, asked.

I didn't know why he asked me that.

"Gerrard, do you want to die?" | cast a cold glance at Gerrard and warned him to stop his nonsense.

Henry chuckled, "Gerrard, don't go too far with your joke. King Blake is never one to be trifled with. In

particular, it's about his reputation..."

"Henry, come and take a look. I'm not joking about his reputation for no reason..."

As my Gamma, Gerrard had a dashing look with short brown hair, showing his unruliness and

flamboyance

He worked at my company and was responsible for the security of the entire group.

"Aren't you coming?" Seeing that Henry remained uninterested, Gerrard moved closer to him.

“Stay away from me.” Henry glared at him.

As Gerrard showed his phone to Henry, I saw Henry’s face lit up with surprise.

Since both of them were so shocked, I asked with a frown, “Did you see a ghost?”

“It’s even worse than that.” The exclamation was from Henry.

“Henry...” | gritted my teeth.

Henry snatched Gerrard’s phone and sat down next to me, showing me the photo on the phone.

“Where did you get the photo? Do they look like me?”

I saw that there was a boy and a girl in the photo.

To be honest, I was astonished the moment I saw the two kids. But I quickly calmed down as I knew

what thought couldn’t be true,

Generally speaking, it was very difficult for a werewolf, especially the Lycan King, to have a kid with

someone who wasn’t his mate.

These years, I only slept with my nominal future Luna, the woman named Gina.

Obviously, she never had a baby. Thus, it was naturally impossible for me to have a child.

“I got the photo from the Alpha of the Black Thorn Pack, Theo Clayton He said that a female Rogue

went to see him with her two kids today and wanted to join their pack, but he refused. He took a photo

of the two kids and sent it to me just because he felt that they looked a little like you,” Gerrard took

back his phone and explained it to me

“Blake, I think we have to look into it. Perhaps some woman slept with you when you were drunk,”

Henry guessed

“What are you talking about? Is there any woman who dares to do that to me?” I gave a derisive laugh.

Follow current on [NovelEnglish.net](http://NovelEnglish.net)  
What Henry had said was simply a big joke.

“Well, how do you explain why the two kids are so similar to you? Could they be Leo’s kids?” Gerrard

said.

Leo was my younger brother. Although he was also a Chavez, his life was quite different from mine.

When I was running the company for the development of the royal family, Leo went to Los Angeles to

be a movie star

He hadn’t found his mate during these years, let alone had kids.

If it weren’t for him being so uninhibited, the Council wouldn’t have allowed me to take over the position

of the Lycan King without marking a Lycan Luna.

I had thought it was just a joke. But when I saw Henry and Gerrard both looked serious, I felt a little

angry.

punched the back of the chair and left a hole in it.

I snorted and said, “I’ve warned Leo not to fool around, but now he even has illegitimate kids. I swear

that I'll teach him a lesson."

"It's not only about that. If the Council know that Leo has children, they might cause trouble for you

despite the fact that Leo is unruly."

I knew what Henry was talking about. In the past two years, the Council had been urging me to finish

the ceremony and mark Gina, making her the real Lycan Luna. Then she could share the rights with

me.

But I didn't even want to touch her, let alone mark her.

At this thought, I glared at Henry. "Shut up!"

Then I gulped my wine and put down the glass before I put on my coat and left.

Sitting in the car, I leaned back in my seat to have a rest

As this was related to the descendants of the royal family, I must carry out a thorough investigation.

[Blake's POV](#)

After returning to my residence in Sayreville, I lit a cigarette and stood in front of the window, enjoying

the beautiful moon

I suddenly felt a little irritable and couldn't help but pinch myself between my eyebrows. I couldn't

remember how many times I had helped Leo solve his problems.

Now Leo was in Europe for a vacation, so I had to investigate the two kids for him again.

What a nuisance!

I cursed and then contacted Henry through Mind-Link.

“Henry.” I sent him a voice message.

After a while, I received his reply.

“Good evening. King Blake!” Henry responded. Then he joked, “I’m so glad that I haven’t met my mate.

Otherwise, I might not be able to spend a night alone with her.”

“Cut the crap.” I snorted, “I want all the information about the two kids in the photo.”

“Got it. I’ll call Alpha Theo” Henry replied in a serious tone.

After cutting off Mind-Link, I put out the cigarette in my hand and went to the bathroom to take a shower

Although my residence in Sayreville was far inferior to my villa in New York, I would feel particularly

peaceful every time I came here.

When I came out in a white bath towel, I received a photo and a file on my phone.

I took the phone and looked through the file.

I saw the photo again. This time, I looked at the boy and the girl in the photo carefully

Follow current on [NovelEnglish.net](http://NovelEnglish.net)

Then I saw their names. The boy was called Noah, and the girl was called Hedwig.

When I saw the word 'mother' in the file, I quickly clicked her photo

I was astounded when I saw the face of the beautiful woman in the photo.

I couldn't help but mutter, "What the fuck? Why is it her?"

The two kids were four years old. Their father was unknown, while their mother was Catherine Wyatt.

Catherine was exactly the crazy woman who had bitten me in Shadow Forest.

"What the hell? Why can't get rid of the woman?" I felt a little annoyed.

The next morning, I asked Henry to drive me to the place where Catherine and the two kids temporarily

lived.

They were staying at the residence of a werewolf called Mabel Erich, who was from the Aurora Pack

As our car stopped at the gate of Mabel's yard, I saw the two kids chasing a puppy through the window

Soon the little boy named Noah noticed our car.

I glanced at Henry, and then he understood what I meant. Henry got out of the car and walked to the

woman and the two kids

"What do you want?" The woman called Catherine was alert and hid the two kids behind her.

I sat in the car and examined the woman carefully.

She had a soft womanly figure, and even the ordinary dress couldn't hide her slender legs.

She looked exuberant with her long brown curly hair.

She had a solemn look on her pure and pretty face, with a trace of worry in her eyes.

I found her attractive that way.

'Damn it! Why would I have such a feeling?'

"Are you Catherine?" Henry asked kindly.

"Yes, I am!" Catherine replied.

"The Lycan King wants to see you."

Catherine's face instantly turned pale, and her voice became cold. "Sorry, I don't have time now. I need

to take my kids to the store."

"Mommy, are they bad guys?" Noah asked.

"Mommy, which pack are they from? I heard that there are ferocious killers among rogues. Are they

killers? Mommy, let's get out of here," the little girl called Hedwig said.

Sitting in the car, I saw that Noah and Hedwig both looked nervous and scared.

Afterward, Noah shouted at Henry, "Back off! Stay away from us!"

Then I felt a familiar pressure, which gave me a shock.

It was incredible that the two kids could release the Lycan aura at such a young age. They were

probably Leo's kids!

Thurriedly opened the car door and got off.

My eyes met Catherine's eyes. When we looked at each other, surprise registered on her face. I

guessed

that she hadn't expected the person she had bitten that day to be the Lycan King.

On cue, I felt my heart keep contracting. I didn't know why my wolf became restless.

"Leroy, no! Not now!" I comforted my wolf and tried to make him fall asleep again.

"Ms. Wyatt, you don't have to be so afraid. I came here just to talk to you." I put on a sincere look.

I thought she should feel content. After all, I usually spoke to others in a condescending tone.

To my surprise, Catherine seemed to be hostile to me and looked even more afraid,

"I have nothing to say to you." Catherine became a little annoyed,

Follow current on [NovelEnglish.net](http://NovelEnglish.net)

I waved my hand and took over a document from my subordinate. Then I handed it to Catherine

| smiled and said, "I heard that you haven't joined any pack yet. This is the contract of the Chavez

Group. If you sign it, you can become a member of the Chavez Pack. And your kids can get into the

largest school for werewolves in Sayreville."

Hearing this, Catherine goggled at me in disbelief.

At this moment, the two kids behind her poked out their heads from either side, sizing me up with their

big eyes.

"Sir, are you the Lycan King?" Hedwig looked at me and asked curiously

To tell the truth, I would allow a rogue to join the Chavez Pack just because of the two kids.

I quickly squatted to stroke Hedwig's head and tried to be gentle. "Yes, I am King Blake."

When I touched Hedwig's soft hair, I had a warm feeling in my cold heart. I felt that even my heart

seemed to become soft.

"Don't touch Hedwig's head. Only I can do it!" Noah, who was standing next to Hedwig, said in a tender

but decisive voice.

I looked at Noah, who had a handsome face. Now he was slightly jutting his chin and glaring at me

fiercely.

Although Noah was small, he looked powerful and august, just like the Chavez family.

I stood up and looked down at Catherine, who was still in a state of shock. "Ms. Wyatt, I know that you

have been rejected by Alpha Theo. As long as you agree to join the Chavez Group. you can become a

member of the Chavez Pack. This way, you will have a place in the wolf pack and even get a job. Isn't it

good for you?"

I said with a smile and then cast a longing look at the two kids before I got into the car and left.

## Chapter 10

### Catherine's POV

The man in Shadow Forest that night was actually the Lycan King. No wonder he would help Gina.

I couldn't believe that the Lycan King would choose Gina as his Lycan Luna

I watched his back as he left, lost in deep thought. What's he up to?

"Mommy, the Lycan King is really impressive. If only he could be our daddy. He just smiled at me, and

he is very handsome!" Hedwig grabbed my sleeve and said expectantly.

"Hedwig, how can you ask someone to be our daddy just because he is handsome? Our daddy is

Mommy's mate. Not anyone can be our daddy!" Noah stared at Hedwig with a disapproving look.

Hedwig pouted and felt sad. She snorted, "Everyone else has a daddy, but we don't. Is it because we

are rogues?"

Hearing this, Noah was lost for words.

Honestly, the last thing I wanted was to answer the question.

Although I had two kids and got back to a normal life, what had happened five years ago still left an

indelible mark

squatted down and held the two kids in my arms to comfort them.

I said, "Babies, I believe that I will find my mate sooner or later. Then you will have a daddy."

“Mommy, the Lycan King’s subordinate just said that we are the kids of the Lycan King’s younger

brother.” Noah blinked and whispered into my ear.

“Who?” My heart skipped a beat.

Noah recalled, “He seems to be a star called Leo.”

I was unnerved when I heard the name.

Follow current on [NovelEnglish.net](http://NovelEnglish.net)

While I was in Pennsylvania, some human friends had suspected that I had something to do with Leo

when they saw Noah’s face.

Oh no!

Is Leo the man who spent a night with me back then?’

Hedwig seemed to have a different opinion. She curled her lips and said, “The Lycan King also looks

very similar to Noah. Maybe he is our daddy.”

What Hedwig had said brought me out in a cold sweat. A bad premonition came to my mind, and I felt a

dart of panic.

“Well, you two are too imaginative. Let’s go now. We’re going to be late!” I suppressed all my

speculation and uneasiness and held their hands.

Yesterday, Mabel introduced a kindergarten for humans to me. I planned to have Noah and Hedwig get

to know the place first.

After all, I still needed time to find a new pack, and Mabel also had to do her things.

I took the two kids to the kindergarten by taxi, and they were still arguing over what had happened in

the morning

“I still think that Leo is our daddy...”

“That’s impossible. The Lycan King is more like...”

“Alright, stop it. Go to the classroom with the teacher. Mommy will pick you up in the afternoon,” I said

and left my kids with the teacher. Then I turned around and left.

Walking out of the kindergarten, I wandered alone on the street.

‘Why did the Lycan King come to see me today? What’s his real purpose?’

I looked down at the contract in my hand, and a tide of rage surged through me.

If he wanted to take my kids away, I would tear the contract to shreds and smash them in his face.

I wouldn’t allow anyone to take the kids away from me.

No matter what purpose he had, I wanted to straighten it out.

Thailed a taxi and headed for the Chavez Group.

A few days ago, Noah had been longing to visit the building when we passed by this place. I didn’t

expect myself to have the opportunity to come here today.

When I stood in the personnel office of the Chavez Group, I was given a warm reception,

Then I was taken to an elegant reception room to have a rest.

While I was deep in thought with my head down, the door was pushed open from outside.

A tall and straight figure walked in, and I froze with shock.

As Blake moved over, his sharp eyes were fixed on me.

He had deep-set brown eyes. When he stared at me, he was so intimidating that I couldn't help but

tremble.

"Do I fall into the trap set up by the bastard?"

Despite my doubt, I still tried to straighten up and looked him in the eye without fear.

Then I saw a trace of surprise in his icy eyes.

I felt uncomfortable under Blake's gaze.

Blake, like an emperor, sat opposite me with his long legs crossed.

Lolling back in his seat, Blake looked distant and indifferent. As he spoke, my eyes were blazing with

fury.

"When and where did you sleep with my brother? How many times did you sleep with him?"

I was aware of the irony in his tone and said coolly, "What do you mean by it? I don't know your brother

at

all."

Follow current on [NovelEnglish.net](http://NovelEnglish.net)

"You don't know him? Then why would you have two kids? I saw the kids this morning. They looked

exactly like my brother when he was a child.” Blake’s voice was low and attractive.

But I was in no mood to enjoy his charming voice. When he mentioned my children, I instantly stood up

in anger because the kids were my soft spot

I retorted emotionally, “You think your brother is the father of my kids just because they look like your

brother? You’re ridiculous. In my view, my kids also look like you. Does it mean that I’ve slept with you?

You’re crazy”

“I will never be interested in a plain woman like you even if you take off all your clothes in front of me,”

Blake seemed to get angry and said with disdain.

Irritated by his contempt for me, I didn’t show weakness but snort, “Well, you think too highly of

yourself. Frankly, I have seen many guys more handsome than you. Actually, I have no compulsion to

take off my clothes when I see you.”

I dared to say that Blake had never heard such a remark before. His handsome face darkened, and he

looked sullen as if he was going to throw a fit.

“This morning, I noticed that Noah could release the Lycan aura. Thus, I’m sure that the two kids are

descendants of the Chavez family. I have given their hair to the wolf doctor, and I will know the result

soon. But I have to warn you that you should never try to use your kids to become Leo’s mate. No

Lycan will make a rogue like you his mate,” said Blake stonily.

When I heard that Blake had sent Noah’s and Hedwig’s hair for a test, my heart sank

I was instantly enraged and clenched my fists, eager to slap him.

“Sir, I am their mother. How can you do such a thing without my permission? I am going to report you to

the Council!”
