

Genius 2761

Chapter 2761

When the guests heard Lilia's words, they felt a sense of solidarity.

Many of the guests like them had spent a lot of money to get an invitation, but now look at them, not only did the Sixth Prince invite them, but they were personally delivered by Lilia.

This is a huge difference in treatment.

Naturally, many people became curious as to who Lin Mo was that he was treated so well.

"The dinner is about to start tonight, Mr. Lin Mo, why don't I take you to your seat, the VIP seat?"

After Lin Mo nodded his head, he was ready to start and follow Lilia to leave.

"Hey, what are you standing around for, go over there together."

Bai Shaoer hadn't even reacted from this sudden turn of events, and only after being pushed by Lin Mo did she come back to her senses.

"Can I go over together? I have this identity"

"What identity or not, since we met in Da Qu, that's the old hometown.

Go, a few days let you dabble in my Lin Mo's light!"

"Cut, you can die if you don't fool around!"

Bai Shaoer rolled her eyes, spat out a sentence and followed quickly, but she looked at Lin Mo's back with a little more curiosity and a little more compromise.

As for Lilia, she hadn't taken a few steps when she suddenly stopped again.

"By the way, Lady Mana, there is something I forgot to tell you, that very ugly signature is none other than His Highness's own handwriting.

Mine to think it's a very dashing signature!"

Once again, Mana's heart was ashen, she had completely offended the Sixth Prince with this series of foolishness, even if her husband's partnership with the Sixth Prince was as close as it could be, it was a death sentence to openly insult a member of the royal family in front of a large audience.

"I told you, this b*tch is definitely going to get cold feet, and you still don't believe me."

"You tigers do have a lot of nerve, like I've never seen in my life, do you think her husband will kill her mother-in-law when he finds out about this?"

The small group of people who had come early had seen Lin Mo's position in Peterborough, and they had expected the situation today, only none of them had warned them.

As for the wealthy businessmen in the rubber industry, their hearts were already racing, as the old saying goes, a whale falls and everything grows.

The next thing you know, the others who noticed his unusual action also followed quietly.

Lin Mo's side had by now followed Lilia to the exclusive VIP banquet table and settled down.

"Lin Mo, I say what on earth have you done, why does it feel as if they value you so much."

Bai Shaoer asked curiously as she came up to his ear, to get a king's son, to personally produce an invitation, that's a lot of weight!

Lin Mo touched his nose, "Maybe it's because I'm handsome."

"Cut, forget it if you don't want to talk about it, you really are annoying as always."

Although Bai Shaoer admitted that Lin Mo was handsome, this Sixth Prince was definitely not because of that.

"Alright, no more teasing you, I'll confess."

When Bai Shao'er once again looked at Lin Mo with expectation, the latter smiled mysteriously.

"Because I'm too good!"

When Bai Shaoer received this reply, his teeth gritted so hard that if it weren't for the scene, he would have thrown a gla*s of water in Farmer Li's nasty face.

Just as the two were conferring, two shadows suddenly came up behind them.

"Hello sir, is this seat taken please?"

Lin Mo turned back and casually replied, "No one, please feel free!"

After receiving the reply, the two women stroked their tight evening dresses and sat gracefully beside Lin Mo.

Chapter 2762

Each seat is a leather sofa with its own ma*sage function, and the waiters are carrying various drinks and whispering to and fro.

The guests outside would occasionally look this way, with a few wisps of envy in their eyes, as all the people who could enter the VIP room were special guests of the prince or princess, although the word "guest" was the same as "guest", the treatment was very different.

"These two women are not like good people!"

Bai Shaoer looked warily at the two graceful beauties not far away and spoke quietly to Lin Mo.

Lin Mo turned his head curiously, "How do you know that?"

He didn't pay much attention to the other party, compared to his wife Xu Hanxia, Xue Lian and Bai Ruorong these two enchanting beauties in front of him were just rouge.

Bai Shao'er deflated with glee.

"It's a woman's intuition!"

"I thought you were jealous of their luscious figures and gorgeous faces!"

"You"

Bai Shaoer was so angry at Lin Mo's joke that she directly turned her head away, no longer bothering with him.

Lin Mo smiled and did not say anything, holding the big red robe black tea and continued to drink lightly, originally boring joke just thought to beat the time, did not expect Bai Bai shallow child this girl so ignorant of teasing.

The two young and beautiful women not far from Lin Mo, have been whispering to each other nibbling ears, from time to time sneak a glance towards this side, but when Lin Mo they look at each other, the two women immediately shyly avoid the line of sight, that shy look hooked a lot of people.

After a while, they seemed to have gathered enough courage and approached this side together.

"May I ask you, Doctor Lin?"

Lin Mo did not deny: "Yes, may I ask if you are?"

The two women immediately became excited after receiving Lin Mo's affirmative answer.

"Mr. Lin, how do you do, I am Ziyi, and this is my sister Zixuan."

Lin Mo did not answer, his face was calm as he waited for the other party to follow up, there was no matter what since they took the initiative to come forward and greet each other they must have brought a purpose, of course it could not be ruled out that they were gluttonous for their handsome looks.

For the latter point, Lin Mo was obviously thinking too much.

"Mr. Lin, they all say that your medical skills are incomparable, our famous White Wolf Grand Witch of the Wanxiang Kingdom is not even as skilled as you.

This is the first time my sister and I have heard of such an outstanding young talent like you.

Originally I thought you were an old man, but I didn't expect you to be so young looking, and most of all,, most of all really you are so handsome!"

Zi Yi's eyes were glowing with gold, only to suddenly blush with shyness as she praised him. After noticing her cheeks burning, she immediately shrunk her head into her chest again, that shy look would make anyone's heart flutter.

Lin Mo didn't react to the other party being so clicked and complimented.

“Miss Ziyi, what do you want to see me about, you’d better say it first.”

He D*mn well needs you to say, I’ve been handsome for over twenty years!

When her sister Zi Xuan saw that her sister was still too shy to look up, she anxiously reached out and poked Zi Yi’s thin waist, only that the latter still did not have any reaction, so in desperation Zi Xuan could only speak up herself.

“Mr. Lin is like this, our sister has been unwell for a while, but after going to many hospitals, nothing could be seen to be wrong.”

“I heard that you are a Chinese doctor, Mr. Lin, and you crushed the Great Witch Doctor White Wolf in terms of medical skills, so we have the cheek to ask you to help her see what the problem is.”

At the mention of professional issues, the bored Lin Mo became interested.

“Extend your arm!”

As soon as sister Ziyi heard this, she directly raised her head and without saying a word, she stretched her white and tender arm in front of Lin Mo’s body.

“Mr. Lin, I’ll trouble you then.”

At this moment, her big watery eyes carried an endless flirtation within them.

Chapter 2763

Lin Mo fetched a tissue and placed it on Zi Yi’s wrist, before lifting his finger and gently taking his pulse.

“Have there been any cold foods eaten during this period of time?”

Ziyi still had that flowery look, staring straight at Lin Mo.

“No, I usually eat nutritious meals that are low in calories and high in protein!”

Lin Mo took a glance at the other party’s delicate figure and nodded in his heart, it seemed that there was a reason why people had a good figure.

She then straightened her thin waist and straightened her back, revealing a pair of proud bosoms in front of Lin Mo’s eyes.

When Lin Mo saw this look on her face, he blushed with embarrass*ment and hurriedly withdrew his gaze, coughing lightly to cover his embarrass*ment.

“Ahem! It’s nothing serious, you just have a cold body by nature, plus the disruption of your period caused by staying up late a lot.

That’s why every time you have your period, it hurts like hell!”

Originally, she had only wanted to approach Lin Mo with her discomfort, but she had never expected that Lin Mo would understand her biggest pain every month just by taking her pulse.

“So is there anything left for me to do?”

Zi Yi couldn't help the chill running down her back when she thought of the pain she felt every month, which was worse than death.

Lin Mo shook his head speechlessly, “It's not that serious, it's just a blockage of blood caused by body cold, I'll just prescribe a prescription to dispel the cold and invigorate the blood, it's guaranteed to cure the disease.”

However, Lin Mo's confident diagnosis was indeed rewarded with a lost look on Zi Yi's face.

“Divine Doctor Lin, shouldn't you zap me?”

“I've heard, don't you Chinese doctors all need to stick needles to cure diseases!”

Lin Mo didn't have a frown, he suspected that the other party was driving just didn't have any evidence.

“Not all illnesses are treated with the application of needles, this is a prescription you can buy at a random Chinese medicine shop.”

“Thank you, handsome healer saint!”

Zi Yi thanked him and was about to get up, but just as his buttocks left his seat, his body suddenly lurched and he was about to fall to the ground. Lin Mo's quick eyes and hands held him up.

“Eh ah, my head is so dizzy!”

Zi Yi held her temples with one hand and obediently fell into Lin Mo's embrace.

How could Lin Mo let her get away with it? He got up and measured his body, and with a slight effort in his hand, Zi Yi's weight shifted and she fell directly onto the seat.

“Mr. Lin, why don't you hold her up!”

Ziyi looked at him sulkily and said accusingly, “It's not good, my heart is beating fast now, am I sick.”

As she said that, she reached out to hold Lin Mo's arm and made a move to lean on her uplifted bosom.

As for her sister Ziyuan, who was at the side, she also began to help at this time.

“Mr. Lin, you have to save my sister, our two sisters are dependent on each other, I can't live without her.”

After saying this she also went straight to the hand, a handful of Lin Mo's arm, and hid it into the abyss she took if she was hidden.

Lin Mo at this point in time, if he did not understand the other party's intentions would be really stupid.

The beauty plan!

“You're just stunned!”

After saying that, Lin Mo tried to pull out his fragrant hands, but the other party was using all his strength, holding on tightly and not letting go.

Lin Mo had no choice but to cast a look of help towards Bai Shaoer, who was watching the show with great interest. He would rather face an opponent with strong martial arts skills than this kind of stalking tenderness.

The two girls were going too far, and she was not going to stand by and watch.

Although Lin Mo is annoying, but who let him be the beloved of his sisters.

Chapter 2764

After Bai Shao'er first tidied up her makeup and calmed down to adjust her mood, her lips suddenly deflated and a crystal light quietly appeared in her eyes.

"Brother Lin Mo (~), why are they holding your arms!"

Her aggrieved expression had a hint of anger in it, and her angry little eyes had a hint of sorrow in it, simply portraying the divine appearance of a little girl who had eaten the wrong thing to the fullest.

When Lin Mo was shouted at by her, his body's cold hairs instantly exploded, when did this b*tch become so disgusting.

The two sisters, Zi Yi, did not know Lin Mo's relationship with Bai Shan'er and only thought that the two were objects, but that did not stop them from their purpose.

The two pretended to panic and hurriedly let go of Lin Mo's arm with apologetic faces.

"Mr. Lin, sorry sorry sorry, my two sisters' inattention caused your female companion to misunderstand."

Although their palms were loosened, their bodies came closer together, and Zi Yi stared at Bai Shallow-er with a provocative face behind Lin Mo's back.

Bai Shao'er did not care, just aggrieved to grab Lin Mo's sleeve, deflated mouth eyes with crystal: "It's okay, brother Lin Mo is so excellent, greedy his girl naturally many."

The two women were instantly speechless, this woman seemed to be even more green tea than they were!

"Mr. Lin, although your female companion is a bit rustic, but she is quite big in temperament, you are really lucky."

Bai Shaoer grabbed a reply, "Brother Lin Mo, originally, is not a person who likes to be extravagant and wasteful, you guys just look at his dress code."

"I'm just doing it for brother Lin Mo's preference, after all, I'm not the kind of girl who cares about external beauty either."

"You two sisters, don't you think so?"

The two women only reacted after hearing this, Lin Mo's simple attire all over was the most rustic in the room, the two of them secretly said no, their intention to belittle Bai Shao'er directly fell flat, and instead they were mocked by the other party in return.

The two of them had no intention of belittling Bai Shao'er, but were instead mocked by the other party. Moreover, the sound of a sister raised their age up a level.

Lin Mo took advantage of their daze to immediately escape the two women's 'siege' and sidled over to Bai Shallow-er's side.

"I see that there is nothing seriously wrong with your body, I think there should be nothing wrong.

If I diagnose you again, my female companion will be angry."

Lin Mo simply went along with the situation, he didn't expect that Bai Shao'er would be so powerful, in just a few words he wanted to dislike the other party and render them speechless!

Lin Mo secretly gave Bai Shao'er a thumbs up, a talent!

Originally, Zi Xuan wanted to fight for more, but she was stopped by her sister on the side.

"Sorry, Mr. Lin for causing you trouble, then we'll take our leave."

The duo came to the door in pairs, Zi Xuan's face was full of resignation.

"Sister, why don't you let me fight for it a little more?"

"Since the person has already given the expulsion order, we have to be sensible, or else we will make him disgusted instead."

Zi Xuan's face was tinged with worry: "But His Highness's side of the mission?"

"It's alright, His Highness only asked us to approach Lin Mo, it's not a deadly order.

Besides, just now we were so backwards, look how Lin Mo reacted!"

From the beginning, no matter how much the two of them seduced each other, Lin Mo remained stubbornly still, his gaze was pure to the core from the beginning to the end. Zi Yi had been in society for so many years, so she was naturally clear that it was impossible to move that man with wealth and sex alone.

As Zi Yi thought of this, Lin Mo's handsome face once again came to mind, and for a moment her cheeks turned red.

"Wow, sister you're blushing eh, you don't have a crush on that Lin Mo do you?"

Zi Yi blankly glanced at her sister and said without good humour, "Such an excellent and so handsome boy, don't you like it?"

Zi Xuan puffed up her lips with a sweet smile, "I like it!"

The two sisters exchanged a knowing glance and then walked together towards the exclusive lounge area for the royal family of Peterborough.

Chapter 2765

Ziyi knocked on the door of her room, and as soon as she walked into the royal lounge, she led her sister to her knees together.

“Your Highness, we have failed!”

In front of them, on a bed of white jade encrusted with precious stones, lay a man dressed in light silk, with long white legs that were even more exquisite than a woman’s, and a sultry face that was even more beautiful.

He was Jia Bailiou, the third royal brother of Jia De Lie.

“Is this Lin Mo’s rejection of you?”

Zi Yi bowed her head and smoothed her eyebrows, “Back to Your Highness, we have used all our means, but he is not the least bit interested in our two sisters!”

“Oh? That’s interesting, there’s someone who can’t show the slightest interest in you.

Although I have never met this person, he still looks like he has a good heart, worthy of being someone who is valued by Sixth Brother.”

Jia Bailiou had a teasing smile on his face, his body lying on its side, his slender and flawless fingers resting on his temples.

“Forget it, since this Lin Mo doesn’t see you guys, let’s put an end to this matter for now, I heard that the male son of the Minister of Border Affairs’ family is not on good terms with him, let’s watch their good show next.”

“Sixth brother has been moving a bit too much this time, you should send someone to keep a close eye on him!”

Zi Yi understood the tug of war between their princes, and although she was the sixth prince’s beloved, she was ultimately a subordinate, so she could just do as she was told.

After she led her sister in an answering salute, she respectfully retreated.

.....

At the other end of Peter’s Castle, a naked Zatbayha was shaking her lower body wildly, while beneath her a woman with long, dishevelled hair hissed so loudly that even the three layers of soundproof walls could not stop her screaming!

The corridor was filled with armed guards, and naturally they could hear the commotion in the room, but all of them were expressionless and did their duty, a lesson learned from the lives of countless predecessors who had told them not to listen to what they shouldn’t!

“Honey, I’m going up to heaven, I’m going up to heaven!”

Hearing this, Zat Baikha ploughed even harder, until the woman's face was flushed and her body twitched, and only then did he stop his movements, covered in sweat.

"Second Princess, how did I do?"

Avis nodded in satisfaction and threw her arms around Zat Baikha's neck to give him a deep kiss, the only one of the dozens of people she had spoken to who had satisfied him most was Zat Baikha, the son of the Minister of Border Affairs.

If Avis hadn't been so exhausted by now, she might have had another bloody fight with him!

"You're getting better and better, husband!"

Zat Baikha put on his clothes at the edge of the bed, and although his back was already covered with blood-red nail marks, he could not stop looking proud, with the expression of a war god returning from a victorious battle!

"Get some rest, then, my dear! I'm going to take care of a little business!"

Zat Baikha bent down and gave another deep kiss before exiting the room, while behind him Avis looked at her back with affection, as if she could not get enough.

Zat Baikha returned to his room where his men had been waiting for him.

"Lord Zaat, Lin Mo, who you asked us to keep an eye on, is inside the VIP room."

"En, I know!"

Zat Baikha nodded calmly, a faint killing intent surfacing on his face.

Previously, when he was in Ancient Inner City, he had hidden his identity and united with the Kong family and the Zhao family's second son to control the Zhao family's old man with the witch doctor's secret medicine, however, because Lin Mo's appearance had completely ruined their plan, this matter had always held a grudge in Zat Baiha's heart.

"Where is White Wolf, didn't I tell him to come over earlier and join hands to treat the Crown Princess, how come it's already this hour and he hasn't arrived yet?"

The minister looked stiff, "My lord, that White Wolf had a medical battle with Lin Mo before arriving at the dinner."

Zat Baiha asked impatiently, "And then what?"

"Not only did the Great Witch Doctor of the White Wolf lose the match, she also threw the Sixth Prince's VIP invitation on the ground.

And this act of hers was seen by Lilia!"

After waiting for the ministry to recapitulate what had happened, Zat Baiha's face was incomparably gloomy.

Chapter 2766

“Rubbish, in vain I bragged in front of His Highness Gadrei about how great his medical skills are, and this is how he repays me?”

“Losing the art of healing and offending Tong Hai, and even discarding the invitation, where is this white wolf’s brain!”

Zat Baiha gnashed his teeth and muttered to himself.

Although he and the second princess were like glue, he knew in his heart that Alice was Sl*tty by nature, and the reason why she took a fancy to him was just because of the pleasure of fish and water, once she got tired of playing with him he would eventually be kicked away mercilessly just like those ‘seniors’.

This is why Zat Baikha planned to recommend White Wolf and the great witch doctors with whom he had a good relationship to the Sixth Prince, so that if they could make a mark on the Sixth Prince’s side, he, Zat Baikha, would have a way out for himself, even if he did not stand up for the Sixth Prince.

However, his carefully planned plan was ruined by Lin Mo.

“D*mn it, if I don’t get rid of this Lin Mo, I won’t be able to sleep at night!”

Jiade Lie cursed angrily and slapped his big hand heavily on the table.

.....

The conversation was divided into two ends.

Bai Shaoer’s face couldn’t help but blush as Lin Mo kept staring at her.

“What are you doing? Are you looking at this girl, tell you no way, there is no way I like a scum like you.”

Lin Mo froze and snorted, “Heh, you think too much, I just didn’t think you actually have such a green tea side.”

“You”

Bai Shao’er’s eyebrows furrowed when he said that, “Are you upset that I just ruined your fragrant encounter, so you’ve got revenge on your mind.”

“Oh, men really are not a good thing, having eaten from the pot and looking at the bowl!”

Lin Mo retracted his joke: “Alright, I won’t tease you anymore. This is for you as a thank you for stepping up to the plate.”

If Lin Mo hadn’t been helped by Bai Shao’er, he wouldn’t have known how to deal with those two sisters who were so rotten.

Bai Shaoer was still angry: “Who cares about something from a smelly scum like you, give it to me”

She originally planned to refuse, but after her eyes skimmed over the small pill box in Lin Mo’s hand, her words suddenly stopped, this pill box looked really familiar.

“This is the lotus seeds of the Dunhuang Domain’s Fire Xia Immortal Lotus?”

At first, she had been longing for this item for a long time, and she even almost had a conflict with Bai Ruorong because of this item, but now that she saw the Fire Haze Immortal Lotus seeds again, her eyes suddenly appeared endlessly hot.

Lin Mo shook his head: "Naturally not, how can the Fire Haze Immortal Lotus Seed be preserved for such a long time!"

Just as Bai Shao'er immediately stormed off in disappointment, Lin Mo added another sentence.

"However, it's actually not much worse, those leftover Fire Haze Immortal Lotus Seeds from before were refined into pills by me.

Since they've been stored for too long, the effect might be a bit worse."

"How about that? Are you taking it or not?"

Bai Shao'er snorted coldly, "Who cares about your stuff!"

Although she refused with her mouth, her body was still honest, and without waiting for Lin Mo to take it back, she snatched the pill box off with one hand.

"This Fire Haze Immortal Lotus Pill, it has the effect of washing the impurities of the flesh, be careful where you take it, or else you'll be covered in a stench by then, you know?"

Lin Mo did not because of her just out of rescue love, still could not help but to speak out a reminder.

Bai Shou'er didn't have the good grace to say back, "Humph, if you want to say so, of course this girl knows."

She was there when Bai Ruo Rong was taking it, and although she was covered in stains, a strong yearning appeared in Bai Shallow's eyes when she thought of the radical change, and now she couldn't help but look at Lin Mo much more favorably.

However, while the two of them were conversing, a shadowy gaze had already locked onto Lin Mo not far away.

"Laugh, laugh as much as you like, you've ruined my life one after another, I'll make your life worse than death!"

At that moment, classical music rang out, a melodious melody floated throughout Peterborough, and the dinner hosted by the Sixth Prince officially began!

Chapter 2767

On the magnificent stage, hundreds of musicians played in unison, a variety of instruments emitting a beautiful sound that varied in tone but was perfectly blended by the top musicians to create a beautiful composition.

The lighting at the party became more and more ambiguous under the influence of Squeaks, as the men in their fine gowns straightened their gowns and then began to invite the opposite sex, known or unknown, to a social dance as gentlemen.

This is a necessary part of the pre-party warm-up!

“Beautiful lady, may I have the honour of asking you to dance?”

Although she was less well dressed than the other women, her own face was still good enough, and with her natural advantage of being young, many men her age naturally took notice of her.

Although he was a good-looking man, his outfit had dissuaded many girls.

The women in the room, except for Bai Shaoer, were not dressed in hundreds of high-end dresses, and if they were to dance with Lin Mo, who was dressed in cheap casual clothes, they could not afford to lose face.

Of course, Lin Mo did not care, he just fell clean, but aside Bai Shaoer, skimmed him a glance.

“Why don’t you let this girl dance with you?”

Lin Mo smashed his mouth and shook his head with a bitter smile, “You’re drunk! Do you think I’m the kind of person who can dance?”

He could fight, and he was good at healing, but if he was asked to dance, it would really take his life.

Lin Mo was still confused as to who had invented such a boring and uninteresting thing.

Bai Shaoer rolled her eyes, “Che, you’re the one who’s been drinking fake wine!”

As soon as the words left her mouth, another lanky young boy suddenly walked up behind her.

“Hello, beautiful lady, may I have the honour of asking you to dance?”

Although impatient but still suppressing her temper, Bai Shaoer replied politely.

“Sorry, I’m not feeling too well, sorry about that!”

“That’s true, it’s a pity that I can’t dance with such a beautiful lady like you, what a regret in this life!

To your stunning beauty, I drink to you.”

The man spoke in an oily manner, but Bai Shaoer loved to listen, so when the other man finished she graciously raised her gla*s and clinked it together.

The man also took the opportunity to lean his body against the dining table, and when her palm was pressed against the table, there was a sudden twist in her sleeve, followed by a small thumb-thick poisonous snake darting under the table.

“Then I shall leave you to it, and wish you a pleasant dinner.”

With that the man didn’t bother and turned to leave, only when he was just about to turn and leave, Lin Mo behind him suddenly called out to him.

“Wait, haven’t we met somewhere before!”

Lin Mo looked at the other party’s appearance, he always felt familiar, but after coming to this side of Da Qu, he had seen too many people he couldn’t recall for a while.

The other party froze, “I don’t think so!”

The man looked at Lin Mo with a faint smile, yet it was this stare that made Lin Mo suddenly wary.

The man had a murderous look in his eyes, and although it was only a flash, Lin Mo still caught it.

After Lin Mo sensed this abnormality, he unobtrusively pulled Bai Shao’er down behind him.

“I think we’ve met at the Zhao family before!”

He remembered, wasn’t this person in front of him the great witch doctor who had drugged Old Master Zhao?

When he went to the Zhao family, he had carefully disguised himself to prevent his true identity from being discovered, and now his appearance, clothing and temperament had changed drastically.

But what he never expected was that Lin Mo had never forgotten that he had a murderous intent!

Chapter 2768

Zat Baiha had originally thought of secretly disposing of Lin Mo, but now that his identity had been discovered he simply stopped hiding.

“I didn’t expect you to have a good memory.”

Lin Mo was clear that the two of them were not on friendly terms, and he stepped in front of Bai Shaoer.

“So what’s your plot to approach me so sneakily?”

Lin Mo himself was not afraid of the other party’s dark tricks, but if this person made a move on Bai Shaoer it would be a problem.

The corners of Zat Baiha’s mouth were tinged with a cruel smile.

“Oh, you’ve misunderstood, I just think this female companion of yours is beautiful and attractive, so I intend to get to know her.”

Lin Mo was not an idiot, so there was no way he would believe the other party’s bullsh*t.

“It seems that I have indeed misunderstood.”

After saying that, Lin Mo twisted his head and reminded, “You take care of your safety!”

Bai Shao’er was also puzzled, she was not aware of the direct conflict between the two.

“Who is this person?”

“We had a bit of conflict before, and now that we’ve come to someone else’s cha*sis, he’s naturally thinking of getting back.

I’m afraid that the other party will make a move towards you, so you should be careful.”

Bai Shaoer rolled her eyes, “So I’m being implicated?”

“That’s true, if you say so!”

When Zat Baiha on the other side saw that Lin Mo was still in the mood for flirting even though he was dead, he stopped talking and simply turned around and left.

Lin Mo was also an honoured guest invited by the Sixth Prince, so if he were to kill him in front of everyone, he would not be able to explain himself to the Sixth Prince.

So Zat Baikha planned to get away from here and then command the Golden Ringed Snake to attack.

However, what he didn’t know was that Lin Mo behind him had already found out about the attack. When the golden-ringed snake under the table popped out its head, Lin Mo smiled disdainfully and three Xuan needles appeared in his hand.

Such a trivial skill dared to show off in front of him.

Before Zat Baikha could take a few steps, Lin Mo behind him called out to him again.

“Please wait, you have left something behind!”

Zat Baikha subconsciously turned his head to look back, however, in front of him there was a black shadow swooping over, and when he saw the flying object, his face instantly turned white.

But when he reacted and tried to dodge, it was too late! The golden-ringed snake’s oozing fangs sank directly into his cheek, and with a tingling sensation coming from his face, Zat Baikha said he was finished.

He didn’t even have time to look at Lin Mo before he darted out of the hall.

“Alright it’s alright!”

Lin Mo originally thought that the other party could have some brilliant tricks, but now it seemed to be nothing more than playing with snakes, just this golden ring snake thing, even if he was bitten, Lin Mo had a dozen ways to treat it.

However, he had this ability, but Zat Baiha did not, and the first time he was bitten by the golden-ringed snake, he had already rushed to the room at speed.

“Hurry up and tell me about the other few witch doctors and bring them to me!”

A dozen breaths later, there was a rush of footsteps in the corridor outside the room.

These people were the great witch doctors of the Wanxiang Kingdom who had come with White Wolf, and since they were only for White Wolf, they had escaped the punishment of being expelled, and when they saw this urgent order from Tebaha, they rushed over at the first opportunity.

“Master Zat, what’s wrong with you.”

Several of the great witch doctors were startled by his present appearance as soon as they entered.

At this moment, Zat Baiha’s left cheek, which had been bitten, was already swollen like a steamed bun, and the blood vessels around the mountain pa*s had taken on a dark red colour, which was still the result of his emergency treatment, otherwise he would have died a long time ago.

He was already furious, and was even more chagrined at being asked this question.

“What’s the trouble, make me the antidote cleanly. If anything happens to me, you will all be buried with me!”

Chapter 2769

Although the few great witch doctors were not of low status, they were only relative to ordinary people, and when faced with the eunuch of the Minister of Border Affairs of the Wanxiang Kingdom, they were no more than mere ants.

With a roar from Zat Baikha, several people immediately began to make the concoction in a panic.

Half a minute later, a bottle of turquoise antidote for the golden-ringed snake poison appeared in front of everyone’s eyes.

After Zat Baikha had injected the antidote, the pain in his face slowly dissipated, but the swollen cheek remained unchanged, and this part of his face still needed further treatment.

Just then, the door to Zat Baikha’s room was suddenly thrown open.

“My dear, my dear, I heard you had been bitten by a snake, how are you?”

The second princess Avis was still full of anxiety, but when she saw the swollen face of Zat Baikha, her face flashed with disgust, if not for the presence of so many people, she would have turned her head and left.

If it weren’t for the presence of so many people, she would have turned her head away.

Avis asked patiently, “Zat, who made you look like this?”

Even though he knew the character of the second princess and had already prepared himself mentally from the very beginning of their relationship, he was still heartbroken when he was confronted with him.

And all this was caused by Lin Mo.

After the figure of this man came to his mind, Zat Baiha’s gaze was instantly filled with hatred.

“It’s Lin Mo, he’s the one who set the poisonous snake to bite me!

This person is extremely malicious, not only does he want to disfigure me, he even wants to kill me!”

“Your Highness, you must do something for my servant!”

He knew that even though Avis was displeased with him, their relationship as lovers was well recognized, and this second princess Avis, who relied on his father's favour, was also well recognized for being spiteful and capricious, and now that he had become like this Avis would definitely go to Lin Mo for trouble.

As expected, when he finished speaking, Avis' face instantly turned gloomy.

"Don't worry, this Lin Mo I will make him pay for it."

Zat Baiha even if you were no good, that was still her own male pet, and now that her male pet was being bullied, how could she sit back and do nothing.

Only the thought of the pig-headed man in front of her, who had ploughed through her earlier, made her feel a bad chill.

"Take care of your injuries first and wait for my good news!"

She turned around and left straight after she finished speaking.

On Lin Mo's side, he still didn't know that he was being held against him again, as he was chatting with Bai Shaoer, the woman in a classical dress with a white gold and diamond crown came straight behind him.

"You're the one who hurt my man?"

When Lin Mo turned around, he looked directly at the tall woman directly in front of him. Although he did not know Avis, he could tell that this woman was not a simple person just by looking at the other party's condescending aura and the several experts behind him whose aura was drawn without any action.

"Your man?"

Lin Mo was full of doubt, the two of them had only met for the first time, how could they have injured his man, but on second thought he reacted, the man the other party was talking about should be Zat Baiha.

"Not bad, but he was the one who did it first, I"

Lin Mo was only halfway through his words when he suddenly stopped, because he noticed that the woman in front of him was looking at him with a gaze that was surprisingly full of aggression.

That's right it was aggression, like a wolf who hadn't eaten for ten days and wanted to eat himself alive.

Lin Mo had no doubt that if not for the presence of so many people, this b*tch would have pounced on him.

The second princess of the royal family, the most favoured daughter of the king of Wanxiang, if she were to take her fancy, glory and wealth would no longer be a dream, it would be a hundred years less of a struggle.

Chapter 2770

Avis could have sworn she was in love, a rush of love in her brain, the handsome man in front of her was the one he loved the most out of the one he saw.

Although he didn't have flashy clothes or expensive decorations, a mere glance took his heart away, and according to Avis' years of experience in sex hunting, the handsome man in front of her must have a superb body that showed off his clothes and showed off his flesh.

At this moment Avis suddenly went from being aggressive to being quiet.

"Hello, I'm Avis, we met on the fourth day, it's an honor to meet you!"

Lin Mo, faced with this unexpected change of mood, was at a loss for a moment and could only nod woodenly.

"Hello, Lin Mo!"

When he finished shaking hands with the other party, he originally intended to touch him lightly, but this Avis held his palm and at the same time, his fingers were not honestly snapping at Lin Mo's palm.

Old pervert?

This word suddenly flashed through Lin Mo's mind, but of course his hand naturally withdrew his arm quickly.

If Lin Mo had been obedient, she would not have felt uninterested, but now Lin Mo's act of resistance has directly aroused her heart to become more excited!

"Mr. Lin, as a gentleman, shouldn't you ask me for a dance?"

Lin Mo not to mention that he had already seen through the other party's mind, even if he was not clear about the other party's intentions, he would not cater to this woman.

"Sorry, I don't know how to dance!"

"It's alright, I'll teach you, it's easy!"

As soon as Avis said this, the surrounding guests' faces instantly showed their envy, this was Her Highness the Second Princess, if they could dance with her, they would have no regrets in their lives.

"Sorry, I don't want to learn!"

Lin Mo could not possibly spoil her, he was just being polite before, but now that the other party was pestering him, he was getting impatient.

And her such a clear refusal immediately aroused the strong dissatisfaction of Avis' guards at the side.

"Unbridled, Her Highness has taken the initiative to invite you, it is an honour for you, and you still feel like refusing, you really think you are something!"

After rebuking Lin Mo, this man put his palm on the hilt of his sword at his waist, as soon as Her Highness gave the order, he would be the first to take Lin Mo's down, however, all Avis replied to him was a loud slap.

"Are you allowed to interrupt here too?"

She had originally thought that Lin Mo would refuse first, and then she would push him harder and harder, and the other party would comply with her half-heartedly, which was the way to go.

However, Lin Mo had actually lost her face in public, which was intolerable!

At this moment, the guests who were still around pretending not to be interested, also hurriedly moved away from here, the second princess was angry, they were also afraid of being implicated, otherwise curiosity killed the cat is not a joke.

"Mr. Lin, you don't mind if your men don't know how to behave, some dogs will listen after a beating.

Let's continue what we were just talking about!"

Avis stared at Lin Mo with a leathery smile, while she seemed to be lecturing her men, but in fact she was really insinuating, secretly admonishing Lin Mo to know better.

Lin Mo looked at her coldly, "I've said that I don't want to learn, don't you understand?"

He was at least a Zhen Yue Amba*sador of the Martial Alliance, how could he be submissive to the slightest threat from the other party, and the way the other party kept treating him like a forbidden food made him extremely unhappy!
