

The Killer 211

Chapter 211

Preston, I thank you all for

bringing funds into the group, as the name suggests, refers to a certain celebrity entering the group with funds.

Now it is a derogatory term, implying that the star relies on himself or the boss behind him to be rich, behaves mischievously, and bullies others with his privileges.

What the agent meant was that “love” originally liked Vivian, but unfortunately Hedy broke out halfway and used his “money ability” to steal away Vivian’s resources.

“Are Hedy’s parents rich?” Vivian asked.

“As far as I know, her family is not as good as yours.” The manager shook his head.

Hedy’s father is a farmer, and his mother marries a chicken as the chicken marries a dog as the dog. The eldest brother’s company has just started, and the fifth brother’s business has just started. In terms of overall financial strength, it is impossible to compare with

Vivian, who has been popular for several years.

“So there is a sugar daddy?” Vivian sneered.

“It should be so.” The manager nodded.

Although the fire girl group is signed by King Family Entertainment, the leader Hedy is not likable.

Vanilla, Bird, Doris and the others have a start-up capital of 100 million USD and can receive all-round training.

Hedy has nothing.

Not even a broker.

Obviously, Hedy is an “abandoned son”.

Apart from sugar daddy, no one is willing to spend money on Hedy.

“Okay, with the sugar daddy, you will bully me, right? Think I’m a soft persimmon?” Vivian returned the phone to the agent, and said in a cold tone,

“Let the inside story out!”

“Okay.” The agent nod.

After the “love” official announced Hedy’s joining, the comment area was in chaos.

Hedy's fans are ecstatic, Good guy, it's time to watch Goddess Hedy again!

Vivian 's fans were angry, Did you agree that the last female guest will be Vivian? Playing tricks, isn't it?

Not long after, drafts from various marketing accounts came one after another.

"Eighteen-tier actresses brought funds into the group, and robbed the variety show resources of first-tier female cafes?"

"If you have money, you can really do whatever you want..."

"The last female guest of "love" is suspected to rely on sugar daddy for the position."

Several drafts were smashed, and Vivian 's fans were furious, and they fired all their firepower and aimed at the official Twitter of "love".

Vivian's official support club, Please "love" give Vivian an explanation!

Favorite Vivian, Program crew, if I have money, can I be the father of all of you? Did

Vivian post a selfie today, LOL, if you have money, let them be dogs.

Bring money into the group to kill the whole family, Eighteen-tier actresses can grab the resources of first-tier female cafes, there is no reason at all!

Vivian 's baby, I feel sorry for Vivian, now the whole entertainment circle knows that she was bullied by newcomers/smile.

In just one hour, Vivian fans posted more than 8,000 comments on the official Twitter of "love"!

This shows how exaggerated Vivian's appeal is.

"To Love" program group.

Everyone, you look at me, I look at you, angry and funny.

"This Vivian is really good, as expected of a variety show female cafe, she has a good rhythm, and the trend of the Internet is true."

Boris shook his head, "So I don't agree to let her join, she has too many things, and she likes to play big names, so it's not suitable for her." "love"

940 Vouchers

"Then what should we do now? Everyone thinks that our program team has been rebellious and bullied Vivian."

Boris thought for a while, "Issuing a statement saying that we have never cooperated with

Vivian, so they don't misunderstand." A moment Finally, the staff said, "I posted it, and then Vivian 's fans said that we were playing word games, and Hedy's Twitter was also 'exploded.'"

Boris clicked on Hedy's Twitter.

Hedy Twitter has more than 10 million fans.

She doesn't tweet very much, the last tweet was during the "Bright Star" and she replied to a reporter, saying that the Amber group is a waste of waste, suggesting that it should be rebuilt or something. The last time Boris clicked on this Twitter, there were more than 13,000 comments in it.

The two comments with the most likes, one praised her for her singing, dancing and rap skills, and the other was a passer-by who came during the "military training exercise accident" and praised her for being beautiful and A. Clicking in this time, the comments surged to 30,000.

The comments with the most likes are all about Hedy's words from

Vivian fans. "You like to grab other people's resources so much, you must have been a beggar in your previous life, right? /Cute" "

Hedy, listen to my sister's persuasion, do things with conscience, don't look back and find that you are the only one left with your household registration." "

People set up Flying from the ground, **sugar daddy is** a cool **group**, tall and human-looking, with a dark and twisted heart." "

Pure passers-by, if you talk about **it**, you will **grab** the resources **of** the first-line female cafes when you come up, and your tricks are dark enough."

Hedy no matter in the entertainment industry How good is it in other places? In the entertainment industry, it is an idol who has just passed the draft.

It can't compare to the status of a first-line cafe like

Vivian. Half an hour later, " Vivian's resources were robbed" rushed into the top five searches.

"Spend the money and get me number one in the hot search!" Vivian commanded.

As we all know, if the hot search is not up, you can spend money to buy it.

When the money is in place, the most popular search is in place.

Things are going well.

-The next day, dawn.

Hedy wakes up in Preston's arms.

She gets a lot of messages.

One is that classmates and friends, led by Sun, said that Vivian's fans scolded her on the Internet for stealing Vivian's "love" resources.

The second was sent by Boris, telling her that the program team had never agreed to cooperate with Vivian, and it was Vivian who posted

the draft behind the scenes with rhythm, and advised her to ignore the abuse on the Internet.

Hedy raised an eyebrow.

She never cared about the abuse on the Internet.

“I’m going to the place where the variety show is filmed, remember to take a good rest.” Hedy told the man on the bed again.

“Go, I’ll wait for you to come back.” The man’s eyes were quite sad, almost turned into a stone looking at his wife.

Hedy left, feeling calm.

The Internet was not calm, and after one night, things got even worse.

It also affects another male guest who has been officially announced by “love”.

The male guest is Benny, who is also a relatively well-known male star. He and Vivian are friends in the circle, and they have collaborated in movies.

Vivian fans used to cry, “he, Vivian is being bullied, please help her!”

The male star was caught in a dilemma.

He likes “to love”.

But if he doesn’t help Vivian, he will definitely bear the reputation of “superficial friend”, which will affect the popularity of passers-by.

After thinking twice, he sent a tweet.

[Benny], I like “love” very much, but this thing is really a bit outrageous, I have the idea of quitting the variety show, alas...

Vivian fans are **happy**, “He is a real **man**, he is a real brother, the banner of friends **will** never fall! Let’s see how ‘**love**’ chooses!”

Ten minutes later, “love” **forwarded** a reply, **Don’t** force it, **this time the contract** is terminated, and we will cooperate next time **if we are** destined.

Male **star**,

He just wanted to try, why did he just terminate the contract!

Boris sneered, “You still gang up and threaten us? Do you want to shoot or not!”

Boris also has backbone!

The tough attitude of “love” not only angered Vivian’s fans this time, but also angered fans of male stars.

Hot searches such as “Boycott Hedy” and “Boycott the second season to love” have been on the list one after another.

Anyone with a discerning eye can tell that “love” stinks before it is aired this time.

There are also uninformed passers-by who follow suit and say that there is no need to chase after the second season.

Vivian and the male star met in private, and the two started drinking.

The male star said, “After I quit, ‘love’ lost a male guest. My fans said that any male star who dares to take this position will be black all his life, and will be sprayed to death.” Vivian clinked glasses with him, with a bright and

generous face Very proud, “My fans said the same thing.”

Both of their phones were on

Because tweeted “to love”.

[Longing for love life], Preston, chairman and CEO of King Family Group, confirms to join!

The accompanying picture is Preston’s fixed makeup photo.

The tall and straight man was wearing a custom-made black suit, with his back to the camera, his profile was handsome, and his slender eyes were charming and deep

There are also eight characters on the picture,

come for love, stay with love.

Vivian, “...”

Male star.

The two fans. “...”

I can’t afford to provoke them.

Chapter 212 Dr., contemporary Sherlock Holmes

Preston joined “love”, and within ten minutes, he rushed to the top of Twitter’s hot search without spending a penny.

Two hours later, the English words “Preston” and “love” also appeared in the hot searches on the largest social platform abroad.

Obviously, the second season of “Longing for Life” is about to hit!

And it’s the kind that’s popular all over the world!

The “love” official blog is full of exclamations from people from all walks of life.

“My god, why did Childe King come to participate in the love variety show? And this makeup photo is so handsome, I lick it!” “Cold knowledge,

Boris and Preston, the chief director of love, are classmates, so it can be speculated that it was a help from friends.

Isn't the female guest lucky? If there is a spark of love with Childe King, the position of the wife of the richest family in USA will be..." "Woo..."

"I'm so curious about Childe King's performance in variety shows!" "

I heard that the external network is also secretly looking forward to it."

"The second season will be broadcast live tomorrow, right? Today I really don't want to stay for a second!"

Vivian and the male star looked at each other.

Sending off the male **star**, Vivian leaned **on** the **sofa**, calculations

floated on her glamorous face, and she made a decisive call to another female guest of "love", "I

remember you are married in secret, so you don't need to approach Childe King, if you are willing to quit **the** variety show, give me the opportunity, and I can give you the resources of the leading actress in the movie.

If Childe King and I become married in the future, I will not forget you."

This female guest and her husband are very affectionate and came to the variety show. The program is just to accumulate popularity and enter the film industry.

She hit it off with Vivian and quit the variety show on the grounds of physical discomfort.

Vivian also once again expressed to the program group that she would like to join "love", and claimed that she is an old fan of "love", so she does not need to be paid.

Boris' assistant asked, "Boris, what should we do about this?"

"Since there is no reward, let's officially announce her joining." Boris had a headache.

Vivian's brainless fans are like wild dogs, not deterrent, but noisy and barking every day, no one can stand it.

An hour later, "To Love" sent two tweets.

"

One stated that the female guest was scheduled to withdraw, and the other officially announced that Vivian would join. The anger of

Vivian fans subsided.

45 Mouchers

Hedy

knows nothing about all kinds of things on the Internet.

She's sitting in the car when she gets a call from Lucas, who runs **the** " Black Gang.

"Lucas' tone was very excited, "Boss, you... are you really Dr. L, who is known as the contemporary Sherlock Holmes?"

L is an internationally renowned expert in criminal psychology and criminal forensics.

It is called "Spirit Fox" because she always wears a white spirit fox mask and appears in front of the public. No one knows her real appearance.

She solved four of the top ten unsolved cases in the world.

They are "Jayne the Ripper Case", "Route 59 Case", "Platinum Serial Killer Case" and "California Corpse Case".

She brought the murderer to justice and let the victim's soul rest in peace. She is known as the contemporary female Sherlock Holmes by the outside world.

"Who told you?" Hedy's eyes froze,

Will." Lucas began to explain why he knew about it.

This matter is outrageous.

Lucas, who is in charge of the " Black Gang ", and

Will, who is in charge of the "Nirvana" killer organization, have a chat group, which was pulled by Hedy.

These two are her confidantes, and it is convenient for them to act

One of them is in the **open**, and the other is in the dark. **They** finitely got twice the result with half the effort.

But men, there is always some strange and childish competitiveness.

Will shows off how he was saved by Hedy himself.

Lucas showed off how Hedy raced for himself.

Will also showed off how powerful his international ranking is.

Lucas refused to accept, What's the use of being awesome, have I assisted the leader more times?

He mentioned the Joe thing.

At that time, Hedy's brother next door and three colleagues who were policemen were arrested, and he led others to rescue them.

After finishing speaking, he boasted,

"Our leader is really clever. After reading a little about criminal psychology, he knew that the female pervert would not kill them before the master selection contest, and sent us to save them. He is so clever. Don't mess around in danger!"

Will, "Only read a little? Don't you know that she is the contemporary Sherlock Holmes, Dr. L? My God."

A simple "My God" made Lucas feel the ridicule overflowing the phone screen.

After his questioning, he found out that Hedy and Will met at a party on a private yacht.

The two have the same assassination target.

Hedy participated as "Dr. Fox".

Will participates as a "rich businessman".

The target died at the hands of Hedy, but the private yacht also capsized in the storm at sea.

Will's life was hanging by a thread and was rescued by Hedy, and the two woke up on the quicksand island in the North Pacific.

Therefore, Will knows that Hedy has such an identity.

Now Lucas knew too.

Unfortunately, Lucas' idol is Dr. L.

If you want to ask Lucas how he feels at this moment, it is that not only the pie fell from the sky, but it also fell directly into his stomach!

"I'm indeed a spirit fox." Hedy pinched his brows helplessly.

Fortunately, Will only knows her identity.

Lucas happily hung up the phone.

Hedy also arrived in a courtyard in Village smoothly.

This is the live broadcast location of the second season of "Towards Love".

When she was standing at the gate of the yard, an elegant young man driving and dragging a wood chipper passed behind her.

Hedy pushed open the courtyard door of the courtyard. The courtyard was quite simple, without even tables, chairs and benches. There were quite a lot of decorative potted plants and hanging flower baskets, which looked very warm.

40

There are three stars in it.

One is Roger, male, 40 years old, **with a strong sense of drama, has** played many popular roles, and is a veteran of the entertainment industry.

One is Teresa, female, **30** years old, calm and calm, because of her charming facial features, she always plays roles like vixen and mistress.

One named Renly, male, 25 years old, a returnee singer, looks exactly like the big boy next door

The three of them were chatting, but when Hedy came in, the atmosphere froze. In their hearts, Hedy is a sugar daddy,

a ruthless person who

brought money into the group and squeezed out the position of the first-line female cafe Vivian. As long as there is a little bit of three views, it is impossible to have a good impression of Hedy.

But it still needs to be installed.

“Ms. Ellis! Hello, hello, hello.” Renly smiled warmly.

Roger and Teresa also warmly greeted each other.

The atmosphere is still very harmonious, but a little less sincere.

“Hi everyone.” Hedy responded lightly, and went to the room prepared for her by the program crew.

There is only one bed and one cabinet in the room, which is worse than a slum.

Since the variety show will officially start tomorrow, everyone will

it on their **own** tonight.

the next day. With the arrival of

chief director Boris, the second season of “Longing for Love **Life**” **officially** started live broadcast.

The audience happily posted barrage,

Boris gathered the four of Hedy in the yard, and said, “The plan can’t keep up with the changes. We have two new guests who will come later, a man and a woman.”

Come later? Who is it?” Renly stared.

Roger and Teresa pretended not to know for the sake of the show.

In fact, they know well that these two people are Preston and Vivian .

On the contrary, Hedy, who was calm and unmoved, really didn’t know who the two guests were.

”

Chapter 213 Shocked, Childe King **was** shut **down**.

Boris finished speaking, wearing a goose yellow bohemian style dress, stepping on eight centimeter high heels, and Vivian with wavy hair and **sexy**, walked into the simple courtyard.

“Hi everyone.” She waved generously to the host, guests and the camera.

The barrage immediately increased.

Vivian is so beautiful today!”

Vivian is super polite!”

After Vivian stood in the group of guests, Boris outside the screen said again,

“Now, invite the three female guests to enter the huts with their respective name plates and wait for the male guests to come. The heartbeat choice.”

The so-called “heartbeat choice” means that the male guest chooses CP for the first time.

If you want to try to develop a relationship with someone, you can push open the door of her room.

In terms of choosing CP, the program team has put a lot of thought into it

For example, the veteran cadre Roger and the banshee Teresa are the set CPs.

Recent CP is Renly, which developed **into** a friendship line.

Everyone knows these things. After

Hedy, Vivian, and Teresa entered their respective huts, the camera **of** the live broadcast room was shown outside the Village.

A black Bugatti Veyron came slowly and stopped at the gate of the courtyard.

Aiden got out of the car and opened the rear door with a respectful expression.

Preston, in a white shirt and black suit, leaned forward, with a cold expression, a tall figure, and a dignified and elegant aura.

Bullet chatting is faster.

“Childe King! Childe King! Childe King!”

“Kill me, I dare not dream that Childe King will participate in a variety show! Or a love variety show!

“!”

“If he makes his debut, I can smash the voting button!”

“I’m so fucking envious of these female guests...”

In addition, there are some barrages in foreign languages.

“My Prince (My Prince). My King (My King)!”

“(so handsome)!”

Preston walked into the door of the courtyard, and his thin lips parted, “Hello everyone.”

was funny with her heart, “Oh! Childe King’s voice is so magnetic, **my ears** are instantly pregnant!” The barrage was full of “hahaha”.

There were three male guests standing in the courtyard

Boris asked, "Which one of you will pick the female guest first?"

The program crew deliberately threw the question to the three of them.

They believe that the audience wants to see this scene more than the program group arranges male guests to choose together.

After all, who doesn't want the opposite sex to be active and anxious when chasing him?

Renly and Roger exchanged glances

They have been in the entertainment industry for many years, and they know what to do in this situation.

First of all, it is polite to greet each other.

Secondly, letting the seniors choose first is out of respect.

In addition, the situation is special today. Preston is here. This guy is extremely distinguished, so he needs to be polite.

The elder Roger looked at Preston, "What suggestion does Childe King have?"

He felt that Preston would politely let him choose first, showing his humble side and showing the demeanor of the heir to a thousand-year-old family.

But Preston doesn't play by the box.

ston **said in** a low voice, "I choose first."

Not "I want **to** choose first", not "I want to choose **first**", but a direct sentence of "I choose first".

It is an order, a statement, and even more authoritarian and overbearing.

Roger froze for a moment, "It seems that Childe King is in a hurry?"

"Indeed." Preston nodded and admitted.

He has come all the way to Village, can you not be in a hurry?

Renly answered nonchalantly,

"Then let Childe King choose first. By the way, Childe King, is your entertainment company short of people? I'm twenty-five, with normal intelligence."

This sentence relieved Roger and avoided Roger's embarrassment.

"There are two such artists, especially Roger, whose works are great." Preston's slender eyes flashed, and he secretly threw an olive branch to

the two.

The premise is to let him choose first.

"It's overrated, Childe King, hurry up and choose a female guest." Roger's face was full of face.

Barrage excitement,

“Childe King threw out olive branches in order to choose female guests first. It seems that he is really anxious/laughing and crying.” S he is here! She is here!”

“I have already brought in myself as a female guest Help!”

“I **bet** Childe King chooses Vivian!”

“Not necessarily, what if Childe King chooses Teresa ?”

“**Anyway**, it’s unlikely to be Hedy

Hedy was “left in the sidelines” by King Family Entertainment, everyone Know

Under the camera, the handsome man walked straight to Hedy’s door with long legs and “knocked, knocked” and knocked three times.

Barrage, “?”

Hedy heard the knock on the door and opened it.

Seeing who came, her pupils narrowed slightly.

Why is Preston here?

Shouldn’t he be in Alice ‘s hospital?

Doesn’t he know that he should take a good rest!

Preston frowned and raised his hand. “Hi.”

pia.

With a sullen face, Hedy closed the door angrily.

Preston,

Barrage, “??”

WTF?

Childe King **gof** a rejection?

The richest and **most** handsome man in the entire USA **went to the 18th-** tier actress Hedy to knock on the door, and Hedy closed the door behind her backhand?

No... what **does** that mean?

Is there something wrong with their eyes, or is there something wrong with Hedy’s brain?

The atmosphere in the courtyard was once very awkward.

Hedy didn't open the door, and Preston just stood in front of the door and/kept knocking on the door lightly and rhythmically, very patiently.

Three minutes passed.

Roger asked Boris in a daze, "Is this considered a good choice?"

Boris was also embarrassed. "The female guest only needs to open the door to be considered as a CP success. It seems that Hedy is still thinking about it, so you go ahead and choose."

Roger said nothing, went to Knocked on Teresa 's door, Teresa also opened the door decisively.

Renly was disheveled in the wind.

He wished he could use his mobile phone to go online and ask, What should I do if the female guest is robbed by the most powerful man in USA? Urgent, wait online!

But with a hundred guts, he didn't dare to compete with Preston for the female guest, so he could only bite the bullet and walked to Vivian's door and knocked three times.

shut down

Vivian opened the door **with a** gentle face, and found that the person who chose her was Renly, who was the smallest among the male guests, and her expression changed on the spot.

Renly could tell that he was uncomfortable, but he had a bright smile on his face, "Fairy Wei, do I have the honor to be voted against by you?" As soon as this

remark came out, someone knocked on the barrage, and the successful female star X just started male singer.

Vivian didn't speak, looked at the opposite Preston, and bit his back molars.

How could Childe King be at Hedy's door!

I knocked so many times and didn't give up!

Then she can wait!

In front of Hedy's door, Preston's voice was helpless, "Hedy, if you don't open the door, I will be voted away by other female guests." Both

he and Renly were not re-elected, and according to the rules, they could only give up the current choice,

Hearing this, Hedy grimaced and opened the door.

This counts as a successful counter-election.

Preston's thin lips turned up.

On the other hand, Vivian could only choose Renly, and replied very gently, "It's my honor to be chosen by you."

Renly's heart ached, Vivian was clearly waiting for Childe King, how hypocritical!

Vivian fans posted a **barrage**,

"**Vivian** is so gentle, she takes good care of the face **of** a small **male** star!"

"Childe King will definitely regret it if he doesn't choose us Vivian!"

Chapter 214

Don't Think That You Can Be Forgiven If You Smile! In addition to the speeches of

Vivian fans, the barrage was more about the shock that Preston chose Hedy, the shock that Hedy closed the door, and the shock and shock that Preston patiently waited for Hedy to open the door again.

"Childe King

is the boss of King Family Entertainment. Doesn't that mean that Hedy is not popular in the company?"

The fat water is not for outsiders. Anyway, Childe King participates in variety shows to help friends. It is reasonable to choose Hedy for the company."

"

Even participating in variety shows does not forget about work, Childe King can single-handedly support the King Family Group, which makes sense."

On the other hand, Hedy, she actually gave the boss a bad face and closed the door once, isn't she too disrespectful to Childe King?"

"Why did she do that?"

"Playing hard to get, I'm so scheming!"

The barrage complained about them, and the variety show continued to be broadcast live.

Three pairs of guests formed a CP and reappeared in the center of the courtyard.

Boris glanced at the line card, his voice was gentle, as if it could

40 Vouche

penetrate people's hearts.

"Congratulations on the success **of** 'I leartbeat', I would like **to ask** you a question, Have you ever looked forward to the simplicity of working **at** sunrise and resting at sunset?" The six

nodded.

Boris asked again, "I lave you ever expected that one day you can be **away** from the city, away from the hustle and bustle, away from anxiety and stress, and have a peaceful encounter?" The six

nodded again.

This is the process that has been informed in advance.

“Congratulations, the opportunity has come. The second season of ‘Longing for Love Life’ revolves around these two things. Now, please listen to me introduce the rules.” Boris put away the line card, “I believe you have also discovered

This courtyard house is very simple, with very little furniture, not even a stove for cooking.”

Renly looked left and right, stood on tiptoe, and seemed to confirm what the chief director said.

Boris, “Your first goal, to survive.

Make your own stoves and exchange labor for food. Our staff will take away all your smart communication devices.”

Huh?” Vivian was surprised by the effect of the program, “Why does it sound like a survival variety show?”

Boris replied, “Living in this world is nothing more than the word ‘alive’. At the same time, there are more than a dozen crops planted

40 Voucher

around the yard and on the back hill, and you can get them yourself.” Roger thought for a moment and asked, “What if everyone doesn’t

earn enough to eat, and the crops are not so good?”

Boris smiled, “Then I suggest you quit.”

The barrage increased,

“It’s so cruel! Almost everything starts from scratch!”

“But it’s also it’s even more interesting, I like it!”

“Is this ‘a friend in need is a friend in need’? Interesting.”

Boris’ words made the atmosphere in the courtyard a bit more dignified.

I thought that everyone was here for vacation, but I never thought that whether they could have enough food on the first day would be a problem.

“Don’t be nervous, our program team is not a devil.” Boris beckoned, and the staff sent some flour and vegetables,

“We have prepared a meal for six people for you. It is a novice protection card. What happens in the future depends on You guys.”

“Thank you, otherwise I’d be really nervous.” Renly was grateful from the bottom of her heart.

After introducing the rules. Boris closed the microphone for the time being, leaving the rest to the six guests.

The six people surrounded the flour and vegetables sent by the program group and got into trouble.

They have too many problems.

40 Noucher

For example, how to set up the stove?

Who will cook?

Who will exchange labor for food?

How many crops are there around?

“I’ll take care of everyone’s three meals, if there is enough food.” Roger took the initiative to speak, “I have a chef certificate.”

Preston nodded, “I will take Renly to see how to exchange labor for food, and the female guest will go nearby to see the crops The quantity and type.”

Being called, Renly was flattered and left with Preston.

Before Preston left, he glanced at Hedy and frowned.

Hedy,

Don’t think that you can be forgiven if you smile!

Roger began to count the food, and while thinking about what to do, he said to the three of Hedy,

“You leave a female guest to help me move some bricks, and I will build a small stove, otherwise one person may be too late, and everyone will be hungry.

“Vivian Hearing that there was the dirtiest and most tiring physical work, he rolled his eyes and said with a smile,

“Hedy, you are the youngest, stay here, some crops are on the mountain, and climbing the mountain is too tiring.”

In fact, how could the program group really make it Such a tiring job,

words will **only** deceive simple-minded **fans** and

Teresa twitched the corner **of** her mouth, “Otherwise **it’s** me...”

“I **can do** whatever I want.” Hedy looked calm.

If

Vivian thought moving bricks could embarrass her, she was very wrong. Teresa raised an eyebrow.

This little girl has a pretty good personality, not as bad as the Internet

says.

“Then leave Hedy, Teresa, I’ll change my high heels and go up the mountain with you.” Vivian went in to change her shoes.

When he came out, Hedy was moving bricks outside the courtyard, wearing white gloves prepared by the program crew.

Vivian walked over, pretending to help, but actually turned his back to the camera, sneered, and his lowered voice was full of arrogance declaring war,

“Childe King is mine, don’t think about it, you know?”

Hedy stopped moving bricks and turned to look. Her eyes flashed coldly, “You seem to like taking other people’s things for yourself.”

The last female guest of “love” is.

So is Preston.

“Your things? It’s funny, Childe King only chose you for the company.” Vivian’s red lips curled up, full of confidence,

“If you don’t believe me, we’ll see who he chooses in the end!”

After **finishing** speaking, he went to the front **to find Teresa up**.

Hedy’s **delicate** face flashed with hostility

She carried the eight bricks back to the courtyard and put them at Roger’s feet.

“It’s been hard work, but I have to move a little more.” Roger replied, afraid that Hedy would not like it.

He didn’t mean to trick Hedy, he just wanted to get a decent stove, at least a few dozen more.

The bullet screen gloated,

“Hahahaha.”

“Well done, kill Hedy, an 18th-tier actress who relies on sugar daddy!”

“Someone is avenging Vivian!”

Roger thought for a while, thinking that a little girl would move. So many bricks are not suitable, so he stood up and said,

“Let me move it.”

“No, I can.” Hedy turned around and went out to continue moving bricks.

She moved it over and over again, and Roger built one by one.

Roger hadn’t worked like this for a long time, and accidentally got into it, forgetting to talk to Hedy.

It’s just that bricks are missing, just take them from hand.

Hedy didn’t complain, she didn’t know how big the stove Roger had planned, and she kept moving it if didn’t say **enough**. This level **of** physical work **is not too** tiring

When Roger finally finished building the stove **in** his mind, looking back, he stood up **in** fright, and said in a frightened tone,

“**What’s** going on? Why is there a brick wall here?”

Who can tell him that when he was building the stove, something happened? What!

Chapter 215

The brick **wall** at the **large**–scale true fragrance scene gave **Roger a** sense of **horror**.

Just like in a ghost movie, some strange things suddenly appeared around the protagonist.

His exaggerated reaction made the program crew not far away laugh.

The barrage is also laughing.

“Haha, Roger was also surprised by Hedy’s speed of moving bricks!”

“Don’t let the construction team at the construction site see the live broadcast, otherwise Hedy will be snatched away overnight!”

”

One thing to say, Hedy moved so many bricks, didn’t complain or say anything, it’s quite nice.”

“Tch, it’s just that pure physical strength is better, don’t forget that she is a bad woman who relies on sugar daddy to grab other people’s resources!” In the

camera, Hedy hugged a Stack bricks and walk into the courtyard again.

Roger’s eyes widened, “Hedy, you moved all these? Why did you move so much? Are you not tired?” “Not tired

“Hedy put down the bricks in his arms calmly, “Is it enough? Not enough for me Go.”

“Enough, enough, enough.” Roger said three times in succession, “Take a break.”

000

14:19

215

40 Vouchers

A wonderful change occurred in the veteran cadre’s heart.

Didn’t the agent say that Hedy hugs a sugar daddy, and his character is not good?

Why are you so honest?

This is a little too pleasing...or is this a character set up by her on purpose?

With these doubts, Roger started to meet.

Today's dinner is handmade green vegetable noodles, and then one poached fried egg per person.

Hedy had nothing to do, so he moved a small wooden stool and sat next to Roger, watching him knead the dough.

She is learning to cook recently, and she hasn't tried pasta and pasta, so she just took this opportunity to learn. In order to play a role well,

Roger studied cooking for half a year, and he has hard skills.

"First, knead the noodles to this extent, and then you can pull them out." Roger pulled the noodles to the camera.

Repeat a dozen times, the noodles become thinner and thinner.

He took a moment to look at Hedy, and found that Hedy had been looking at her.

The little girl was wearing a blue denim suspenders with a ponytail, she was very obedient.

She sat on a small bench, resting her chin with both hands, without saying a word, her eyes flashing such as "really amazing" and "admiration".

The barrage refreshes the screen.

"I didn't like Hedy at first, but Hedy is so cute like this!"

"I'm already very popular, my mother fan is established, and Hedy's daughter is a duck!"

"I also..."

"Laughing to death, acting is just a fan, nothing more. Someone really fell for it."

"Exactly, is Vivian as cute as us?"

Roger looked at Hedy, and his heart softened.

At this moment, he didn't know if Hedy had a sugar daddy.

He just wants to be Hedy's father!

This little girl is so cute!

"Do you want to learn ramen?" Roger's tone was soft, with less politeness and more love from the elders to the younger ones.

"Yeah." Hedy nodded.

"Then you come closer, and I'll tell you some details and techniques, you can't see clearly when you sit there."

-When

it was almost evening, Preston and Renly came back.

The barrage became lively.

“Actually, Renly’s looks are pretty pretty when viewed alone.”

“But standing next to the handsome Childe King, the contrast immediately came out, and he became very ordinary...” ”

I feel sorry for Renly **2333**.”

140 Vouchers

Roger boiled the water, Ask them, “How is it? How much did you earn?” “50 USD

“Preston took out a banknote and said in a low voice, “The villagers said that everyone’s daily salary is 25.” “25?” Mention, “The program team is too ruthless, what have you all done?”

Renly was unlovable and exhausted, “We watered a lot of fruit trees together.”

Preston and Renly just arrived, and Vivian and Teresa also came back

1. up.

Vivian told everyone about the surrounding crops.

Roger asked casually, “Why did you two come back so late? Did you encounter any trouble on the way?”

Logically speaking, they should come back two hours earlier.

“Vivian lost her earring, and I’ve been looking for it for a long time.” When

Teresa said this, she was looking at Hedy. Some crops are on the hill in the backyard. Standing on the hill with Vivian, she can see the situation in the courtyard.

It’s time to go back. Vivian said that she lost her earring and spent a few hours in the mountains.

Teresa has been in the entertainment industry for a long time, and she knows that Vivian is delaying time just so as not to come back to help

love bricks.

This involves other people’s grievances, so it’s not easy for her to say anything.

“That earring was given to me by my mother. It’s very precious to me.” Vivian walked towards Preston less deliberately, a little tear in her eye.

Everyone just thinks that Vivian is walking normally.

Preston also walked towards Vivian

Vivian’s heart was pounding and she tensed up.

Did Childe King come to comfort her?

In fact, Preston passed Vivian without even looking at her, and came to Hedy next to the stove, and said in a magnetic voice,

“What are you busy with this afternoon?”

Hedy ignored this guy and walked to the side with a sullen face.

A barrage of “?”

“Shameless is yes.”

“Hedy has a bad tic, is he addicted to playing hard to get?”

“Childe King has never been used to women, just look at it, he will definitely clean it up Ye Wu...fuck, why is he smiling?”

Preston looked at his little girlfriend walking away angrily, his thin lips raised.

She is so cute too.

It made him want to press her down and kiss her until she calmed

Too bad it's still recording

Ten minutes later, Roger cooked the ramen and shared a bowl for everyone. There were **six** poached eggs on the plate, one for each person

After a busy day, everyone was really hungry. After finishing the polite words, Vivian picked up her own bowl and handed it to Preston with a fork of noodles between them.

Her face was slightly red, and her tone was gentle, “Childe King must be very tired after doing so much farm work, right? I will lose weight at night and don't eat. I want to share my share with you and Renly.”

Vivian's purpose is to please Preston, bringing Renly just by the way.

Renly is her cp, in order not to fall into the trap, she must share it evenly.

Her fans posted bullet chats, “Vivian is so caring!”

“No. I'm a clean freak and don't like things touched by others.” Preston replied lightly, his deep voice without any warmth.

Vivian doesn't feel frustrated because that's how Preston treats women.

Cold and distant.

She smiled sweetly and explained, “I didn't touch the fork, don't worry...”

Before finishing the rest, Roger pointed at Hedy,

Vivian, if it doesn't work, you can

share the food with Hedy? Didn't you ask her to keep the food?” Will you help me move the bricks in the

The brick wall in our yard and the bricks **for** the stove were all carried by Hedy, and she also used **up** a lot of energy.” Roger thinks

that Childe King is a wealthy son, The standards and rules in my heart will not be changed easily.

Vivian's temples twitched, and he didn't answer for the first time.

Just kidding, she's still hungry, how could she share with Hedy?

She doesn't please Hedy!

During the silence, Preston divided a large part of the noodles in his bowl and put them in Hedy's bowl.

The two are cp, no matter how angry Hedy is, he still has to sit with Preston according to the regulations of the program.

Chapter 216 His woman, **Vivian** has no right **to** bully!

Preston's move caused random barrage in the live broadcast room!

"Why **did** Childe King share his food with Hedy as soon as he heard that Hedy was tired? Isn't he also tired and hungry?" "My family, my intuition tells me that there is something wrong between these two!"

"Fart, Childe King is called caring for his subordinates, he is a gentleman!"

"Made, Hedy is really smoking from his ancestral grave, to be taken care of by Childe King like this!"

In the courtyard.

Preston separated the faces with lightning speed, watched Hedy's thin lips parted, and said in a gentle voice with a hint of distress,

"Are you hungry? Eat more."

It was completely different from the indifferent tone when talking to

Vivian! Hedy just took a bite of a fried egg.

She stared at the extra noodles in the bowl, Preston's face, expressionless.

Speaking of which, Preston, who was injured and participated in variety shows, is the one who needs to supplement nutrition and food.

She pursed her lips, and silently put the fried egg she took a bite into the Preston bowl.

He also shared part of the noodles in his own bowl with Preston, and

40 Voucher

en ate **his own**,

Just don't talk to Preston.

Very awkward.

Preston smiled, his pool-like eyes sparkling with laughter.

There are more question marks in the barrage.

“Is Hedy deaf? Didn’t you hear Childe King say that she’s ‘cleanliness“?”

“The blood pressure is up.

“Childe King kindly gave her food, and she didn’t even say thank you to Childe King!” ”

She even ate herself Put the cooked fried eggs in Childe King’s bowl, and Childe King must have the heart to throw the bowl!”

It seems that Childe King is going to be hungry tonight, it’s all Hedy’s fault, woohoo.”

Not only the audience in the live broadcast room were dumbfounded, Everyone in the courtyard was also dumbfounded.

Roger and Teresa exchanged glances, Renly’s expression tensed.

I was wondering what happened to Hedy.

Childe King will not participate in the first night of the love variety show, so he won’t be able to eat anything, right?

Will you get angry and leave on the spot?

Vivian raised her eyebrows to watch the show.

But nothing good happened.

Preston picked **up** the fried egg that Hedy bit into and put it in his mouth without any hesitation.

Everyone, “?”

What about cleanliness?

What about saying that you don’t like what other people have touched?

After a short period of confusion, the barrage explained to Preston, “Childe King also fought hard to maintain the CP of the two of them.”

Stop talking, I feel sorry for Childe King, Hedy crawled for you!”

Vivian’s jealous eyes turned red, I can only give half of it to Renly and half to Roger to complete my “losing weight” and “very considerate” drama.

night.

Each of the six guests has a room.

On the second day, all the property of the six people was only the “50” earned yesterday.

To live, and to live well, labor is necessary.

Several people discussed and planned to go to the villager’s house to work together.

Vivian dressed up and wore long fringed earrings that accentuated her swan neck.

Group activities mean that there is an opportunity to meet Preston, and
be ready

Of the three female **guests**, **Vivian** 's makeup is the thickest.

Teresa wore light makeup, and Hedy wore no **makeup**.

Before going out, **Preston**'s cold eyes fell on Vivian.

Vivian's face was hot, her preparations were not in vain!

"Why does Childe King keep watching me? I'm almost embarrassed." She pretended to be shy.

"I'm just curious as to whether Ms. Tang is here for an outing or to help the villagers." The man's eyes were as cold as ice, "I

suggest that Ms. Tang take off her earrings, necklaces, rings, etc.

We don't know which one is right. It's very
precious to you, and I don't know how many hours you'll have to look for it if you lose it."

Smart as Preston, through yesterday's short conversation, he deduced the whole story—

Vivian asked Hedy to move the bricks, and Teresa finished counting early Crop, in order not to go back to help Hedy, deliberately uses "the earring is lost" as an excuse to delay returning home.

Preston knows how to move bricks easily, and will not embarrass Hedy, and Hedy will not take bricks moving seriously.

But his woman, Vivian, is not qualified to bully!

Preston's
words were the first to pierce the windows of the world, Roger, Teresa, and Renly were all thoughtful.

Vouchers

The barrage also suddenly realized,

"Indeed, how **can** I work dressed **like this**?"

"If I have something
very precious, I will never wear it on this occasion, because I'm afraid I won't find it if I lose it. Vivian is really careless.

"**If she** had come back earlier yesterday, Hedy would not have moved so many bricks."

Come on, Vivian just has a woman's instinct to dress up, is it worth saying that to her?" "

And Vivian also went back to change clothes."

In the courtyard, Vivian With an awkward smile, he went back to the
house and changed his clothes.

When he came out again, he was dressed in homely clothes.

The six went to the villagers' homes arranged by today's program group.

"Hello, I'm Hank, a fruit farmer in Village." The elegant young man in a plaid shirt, about thirty years old, said.

"Wow, Mr., you are so handsome." Renly was surprised.

Hank's appearance is definitely a village grass in the village.

"Thank you for the compliment, you are handsome too." Hank smiled shyly.

Hedy's eyes flashed.

She had seen this young man before.

40 Nouthers

When **she** first came to the courtyard, the young man happened **to pass** behind her dragging a wood chipper.

As a killer, she habitually observes her surroundings.

Hank's house layout is a common house **type** in rural areas, the same **as** her Geary Village home.

Living room at the main entrance, kitchen on the left, bedroom on the right.

The doors were all open.

Hedy found that the three-piece bed set in the bedroom was new, the label was still there, and a 36-inch wedding photo hung above the bed.

Hank is the groom, the bride has an oval face, delicate features, and is also very beautiful.

The bride does not appear to be at home.

There is a large freezer in the kitchen, which is also new.

This kind of freezer is generally used in convenience stores in summer, where the owner sells ice cream, and is rarely used for home use.

Hank is a fruit grower, and he bought it probably to freeze the fruit.

"I have a pear grove, and it's the season to bag pears, but I don't have enough manpower. If you are willing to help me. I can pay each of you '25' and some fruits as a reward." Hank followed the meaning of the

program team, publish the task.

"Okay!" Everyone was full of enthusiasm.

“Please follow me.”

A **group of people followed** Hank to the pear forest contracted **by**

Hank. “There are **six rows of** fruit trees here. Let’s start working one row at a time.” Hank commanded.

People who had never been to the countryside were **amazed**. They received special paper bags for fruit and laughed and started working.

“I’m with you.” With a smile on his lips, Preston walked to the row near Hedy.

Hedy didn’t say a word, and set his own fruit.

Preston didn’t force Hedy to answer the conversation, and silently followed suit.

Sometimes, lovers don’t need to talk, just stay together quietly, and each other will be very comfortable and at ease.

“I choose this row.” Vivian came near Preston.

She wanted to find a chance to get close to Preston, but Preston and Hedy were very fast, and the two of them swished and slipped to the front.

Vivian ‘s plan fails again.

At 12 noon, labor ends.

The six people got paid and some fruits.

“Mr., Mr..” Renly was very curious,

“I see that the orchard you contracted is huge, and there are a lot of fruits on the tree, where will they be stored when they are ripe?”

Hank, “The village has built a special cold storage for fruit growers.

looked back and forth, “There are **so many pears**, can you **put** them down? I see that the villagers are **all** growing **fruits, not just your** family.”

Hank smiled and said, “**It** can be put **down**, the cold storage is very big.”

Hedy listened behind, eyes closed droop slightly.

Since the cold storage can hold it, why do you buy such a big refrigerator at home? Is there any other use for it?

Hedy didn’t think about it any further.

Chapter **217** performance cp

Hank took Hedy and others to the small supermarket in Village. Although the sparrow is small, it has all five internal organs, rice noodles, grains, oils, condiments, vegetable snacks, etc., everything you expect.

The owner of the small supermarket asked, "Where is your wife? She asked my wife to go to the town today, but she didn't come, and the phone

couldn't get through." Power on." Hank parked the car and asked casually,

"Where's my dad? I'll pick him up for dinner."

Hank's dad works in a small supermarket, he is a dark-skinned old man.

"Here, Uncle. I'm off work." The boss shouted.

Hank took his father and said goodbye to Hedy and others.

After a morning of labor, the six guests received a total of 150 USD.

Although not much, it is enough for everyone to eat meat, but it is only enough for six people's food expenses for a day, and they have to work tomorrow.

In terms of "inappropriate people", the program group is particularly good at it.

After lunch, everyone felt that the courtyard house was too simple.

There is only a low bamboo bed in the yard, and there is a small table on the bed. Every time everyone eats, they have to sit cross-legged on it, crowded together, and there are no extra chairs.

Under the instructions of the script of the program group, everyone decided to make some furniture.

Renly was eager to try, "It feels so fun."

Teresa nodded, "I've grown up so much, I haven't tried to make furniture myself."

"I can try it today." Roger smiled. "I just don't know if I can make it."

Boris said at the right time. "There are some bamboos in the back mountain. The six of you draw lots and divide into two teams. One is responsible for transporting materials back, and the other is responsible for making furniture." The

staff came up with the lottery box.

Six people draw.

Hedy, Renly, Teresa are responsible for transporting materials.

Preston, Roger, Vivian, are in charge of staying in the yard to make furniture.

"Be careful when you chop bamboo!" Roger urged.

"Be careful." Vivian looked worried,

Preston didn't speak.

This little thing can't help Hedy.

Hedy, Renly, Teresa, come to the back mountain.

The accompanying staff roughly talked about the points that need to be paid attention to, and waited with the medical staff, just in case. Comrade

Renly said that he is a man, and let him do the tiring work of chopping bamboo.

Hedy and Teresa just waited by and hauled the chopped bamboo away.

Then he chopped for fifteen minutes, and saw the bamboo leaves floating, but not falling down.

“No, this bamboo is a hard bone, I’ll change it.” Renly blushed and made excuses.

The barrage sneered ruthlessly,

“Hahaha, the pretense failed!”

“The program crew is too messed up. How can a pampered star do this kind of rough work?”

“Let me do it.” Hedy had a headache and couldn’t stand it anymore.

At Renly’s speed, the bamboo needed to make furniture does not know how long it will be cut down.

She took the hatchet from his hand.

“You, be careful, the bamboo is very hard.” Renly stepped aside.

The barrage laughed even harder,

Renly is a man who can’t cut down bamboo, and Hedy is ashamed to try!”

•

“I want a camera, I have a strong desire to express myself.”

18 40 Wakhels

Hedy adjusted the angle and chopped down obliquely. The depth of one cut was ten times that of Renly. “Wow!” Teresa and Renly were taken aback.

What surprised them was still behind. Hedy quickly hacked more than a dozen times, and when he pushed with his hand, the bamboo fell down.

Teresa and Renly were shocked, “It’s so simple?”

The barrage was also shocked.

“My daughter is awesome! She’s even better than a man!”

“Hey, Hedy is from the countryside. Isn’t it normal that he can chop bamboo?”

“”

“I used to be Hedy black, but now I want to become a fan...”

Hedy didn't know what the barrage was talking about, so she continued to chop bamboo.

Teresa and Renly are responsible for dragging the bamboo she cuts back to the courtyard.

-The situation in the courtyard is not very good either.

Roger didn't make furniture, and Vivian didn't know much.

Not sure where to start.

Only Preston took a ruler and a pen to draw on paper.

After finishing the drawing, he split the bamboo **again**, took a measuring tape **to** measure the **size**, and marked **on** the bamboo, with serious eyes and charming handsome face.

The barrage began to be nympho,

"I never expected that the person who can make furniture is Childe King...and he looks so professional..."

Woo, I really want to marry Childe King, how can there be such an excellent man in the world Ah!"

Vivian was also very excited.

She walked over, her tone so gentle that water dripped out, "Childe King, you are so amazing, how can we help you?"

Preston looked up at her, and said four words coldly, "Stay away from me."

Vivian's expression changed Still, immediately weeping.

Roger eased the atmosphere," Vivian, let's learn how to make furniture with Childe King, don't disturb him. it will affect his progress." "

Okay." Vivian walked down the steps

Time passed slowly.

Hedy returned to the courtyard after being informed by the program group that the material was sufficient.

Preston has already made a long handmade bamboo sofa, and the workmanship is excellent.

Vivian, Roger, Teresa and Renly, all gathered around the sofa, expressing their admiration and admiration.

Preston was indifferent, his heavenly face showed **the joy of** not being praised.

When Hedy passed by, he grabbed her and asked in a low voice, "**Is** the bamboo sofa I made beautiful?"

He felt helpless, how long would his little girlfriend be angry.

Hedy glanced at the sofa, with a cold attitude, "Normal."

Vivian couldn't hear this, opened his mouth and raised his arms and walked towards Hedy, as if he wanted to fight for Preston.

The man lowered his eyes, his handsome face was a little disappointed, and his mood was low, "I have done it for a long time, and I wanted to give it to you, thinking you would praise me..."

A state called "poor" emanated from him.

Hedy's heart skipped a beat.

Is it a little too much to reflect on yourself?

There are so many people here, and the show is still live.

And this handmade furniture is actually very good.

She squirmed her lips a little bit, and finally, looking at the bamboo sofa, she said dryly, "Look carefully, it's pretty."

The man's eyebrows frowned, "It's good to see, it's not hurt in vain."

"Injured? Let me see." Hedy frowned, the anger in his heart dissipated, and he grabbed his hand to look for the wound.

The one-sided cold war is over.

Roger, Teresa, Renly, "..."

har 217 performance ep

Aren't we here to perform variety shows?

How can I feel a **mouth** full of **dog** food!

Vivian shut her mouth in embarrassment and put down her hands, feeling jealous, feeling that Hedy was an eyesore.

The audience's eyes widened.

"Something's wrong, family members! I feel that their interaction is so sweet!"

It's so sweet! It's a scheming businessman vs. an upright entertainment actress!"

As for it? Childe King is only for the company's performance Take care of Hedy!"

"Performance? Okay, the cp, homophonic performance cp, it's done!"

Chapter 218 About Hedy's autism After

dinner, six guests sat in the yard, talking with the night breeze.

This is the "tea party" session prepared by the program group.

The lively and outgoing Renly was the first to speak, “Hedy and Childe King really impress me, and I really agree with the saying that people should not look like they are.

Roger cooks delicious food, and Teresa looks at her fingers without touching the spring water, and walks faster with the bamboo in her arms. I’m fast.

Vivian is...uh, cute and pretty.” Comrade

Renly really didn’t have a better word to describe Vivian.

Teresa smiled and said, “Although life in the country is tiring, it has allowed me to experience many things that I have never experienced before. I think it is very meaningful, and I will face challenges with a better attitude in the future. As the director said, life is alive

., nothing more than the word ‘alive’, all sentient beings are busy with their own lives, I am not special, there is no need to feel sorry for myself.” “right.” Roger looked appreciatively. Instead, Teresa lowered her head in embarrassment.

Not far away, Boris, the chief director, listened to their words and nodded repeatedly.

That’s what “Longing for a Love Life” does.

Let the audience and fans see another side of the star idol, showing a

218 About

40 (Vouchers

different personality charm.

Renly is enthusiastic and lively, has a high emotional intelligence, and will try her best to take care of everyone.

Teresa, a professional vixen, is a master on the screen, but she is quiet and **easy-**going in reality. The insights she gets are all real and simple, not pretending to be profound.

Needless to say,

veteran cadre Roger, inviting him here is to let him be the pinnacle of the sea and maintain the interpersonal relationship of each guest. He did too.

Boris believes that the word-of-mouth of “love” this season will not be

bad.

Until Vivian spoke.

“The hard work of the past few days reminded me of something I experienced before.” Vivian’s expression was soft, as if she was talking

to someone,

“I was filming a criminal investigation film, and I played a female detective. Great, I was afraid that I would not be able to act well, so I gritted my teeth and went abroad to take the detective certificate test. It

Was

really special at that time... Hey, what should I say, a detective, you have to solve many cases, such as the dismemberment case, the serial A murder case.

In order to be able to play this role well, I watched a lot of real cases and real evidence!”

Teresa shuddered, “Still looking at physical evidence? It feels so scary!”

Hedy’s Buttem Aer

40 Voucher

Vivian smiled lightly and said to Preston, “ When I first came **into** contact with these things, I would have nightmares every night. **Fortunately**, I persevered and passed the detective certificate. **On the day I got** the certificate, I

had a great sense of accomplishment. I felt that I was very great and that I was a hero. .” The

Vivian fans in the barrage were very moved.

Vivian is great, she even got a detective certificate for filming!”

“If you don’t want to film someday, you can become a detective!”

He is really versatile, woo, so proud.”

Just being moved, Hedy’s eyes were indifferent, with a cold voice, “Just after taking a detective certificate, do you think you are great?”

She told Vivian that Preston is her boyfriend.

But Vivian has to challenge her bottom line again and again.

Then don’t blame her for being ruthless.

Hedy’s words, like a bomb, detonated on the spot.

Except for Preston, the faces of the other guests changed drastically.

“love” is a live variety show without post–editing. Hedy’s move is directly provoking Vivian!

Vivian’s fans have already scolded Hedy in the barrage. Not to be outdone,

Vivian asked with a smile, “Do you think the detective certificate test is easy?”

This matter has nothing to do with the detective certificate, but your attitude.” Hedy leaned on the bamboo sofa made by Preston himself,

“You are an actor, it is your responsibility to **play** a role well, and it is your duty to step into the script to experience the role, where do you **say** ‘great’ and ‘hero’?” Roger, Teresa, and Renly did not express their opinions on the surface,

but they agreed in their hearts Hedy’s words.

Preston chuckled.

Hedy is jealous.

-Vivian provoked him again and again, which made her unhappy.

Hedy’s sharp words made the smile on Vivian’s face awkward, and he wanted to slap Hedy in the heart!

Not far away, Boris pursed his lips. This is

why

he was always reluctant to let Vivian join “love”. To put it simply, Vivian has nothing in her stomach, and her popularity is all brought about by her face and funny variety shows.

That’s why at this time, he exposed his stupid and ridiculous true face.

She couldn’t say something that moved everyone like

Teresa. Not surprisingly, after participating in this variety show, Vivian’s popularity will drop.

“Come, come, eat the fruit first.” Save the scene.

38.99%

Ahe

40 Vouchers

The barrage became noisy.

“I think what Hedy said makes sense.

“Vivian is really outrageous, and I don’t like it.” ”

In order to play a good chef, he even got a chef certificate. Why didn’t he say that he is great?” ;

Vivian fans sophistry, ” Vivian just wanted to express that the detective certificate is hard to pass.

“That’s right, our Vivian is dedicated anyway, and Hedy is a person who relies on sugar daddy for his position. What qualifications does he have to call Vivian ?”

Hedy’s fans objected, “Open your mouth and shut up., where is the evidence? You guys are the only ones who talk about it, don’t you, talk about it endlessly.”

The tea party broke up badly.

In the next few days, I will work in the morning and have different activities in the afternoon.

Hedy's performance made guests other than

Vivian like her more and more. The audience in the live broadcast room gradually became fans of Hedy.

This is a manifestation of personality charm.

It is also a kind of strength.

Compared with Hedy, Vivian is very pale.

COSTA

Because she **is** not willing to endure hardship except for being beautiful.

Finally willing to endure hardship, but also useless, what to do, can only hold back

"love" became her demon mirror.

On this day, the

program team said that the 32nd Women's Corn Breaking Competition and Men's Walking Tractor Competition in Village started.

The program team deeply felt the "enthusiasm" of the six guests and took the initiative to sign up for everyone.

Everyone, "...

It's not human again.

Fortunately, the program team also said, If a certain guest wins the championship, the program team can fulfill a wish of this guest.

Including but not limited to eating steak, soaking in hot springs, watching TV for a day, etc.

Roger, Teresa, Renly, Vivian are listless.

Even if you give them 100 million, they won't be able to win against the real villagers!

Hedy is full of fighting spirit.

She wants cake!

Out of the corner of Preston's eyes, he glanced at the girl with bright eyes, and his thin lips lifted.

The **six were** quickly sent to the competition location, the field ridge.

The village cadres enthusiastically interviewed, "**What** are the goals **of** the three!"

Renly, "Uh... **try** not to turn over?" He has never opened.

Roger, "Try to finish running!" He saw his relatives drive this thing when he was a child.

Preston, "Win the championship."

“Hey, young man, you have a lot of fighting spirit!” The village cadre looked at Preston very much, and then asked everyone,

“The competition is coming soon, do you have any questions?”

Preston, “Yes.

Village cadre, “What’s the problem?”

Preston, “How do you drive the walking tractor?”

Village cadre,

”

After briefly explaining the working principle, the walking tractor competition began.

A handsome man, driving a battle-tested tractor, advances in the field.

Barrage, “...

After the embarrassment, the audience laughed until their stomachs ached.

“The program group is so messed up, I laughed so hard.”

It’s okay, I already imagined that Childe King drove a Maserati, so it’s not a big problem.

Damn it, Childe King really won the championship!”

“?.?”

T’ll go to another live broadcast room to see.”

“love” has a multi-camera live broadcast room, one main camera, and the rest are in sub-scenes.

After watching the male guest’s game, everyone went to watch the female guest’s.

The corn breaking competition is in full swing.

The audience enthusiastically discussed, “Based on what I know about Hedy, Hedy must win.’

Yes, this guy is really a ‘ruthless championship machine’.”

“And her eyes are very firm, she really wants to win! ”

Ten minutes later.

The village cadre grabbed the arm of a village woman,

“I announce that the champion of the 32nd Women’s Corn Breaking Contest in Village is Mrs. Black. This is the tenth time she has won this championship. Warm applause!”

The villagers are applauding.

Hedy squatted in the corner, closed his back to everyone, and was full of resentment.

After the embarrassment passed, the audience laughed even happier.

“Hahaha *no*, tears are coming out of my eyes.”

Some people joked,

“Now squatting **in front of** you are the Olympiad champions, the racing champions, the novel champions, the chess champions, the Go champions, the Bright Star champions, and the Ewha Village. The runner-up of the 32nd Women’s Corn Breaking Contest-

Ye! None! Double!”

Boris asked Preston with a suppressed smile, “You won the championship of the walking tractor, what is your wish?”

Preston stretched his long legs and squatted on the Hedy in the corner pulled him up, then held Hedy’s waist, and embraced the aggrieved Hedy in his arms, with a deep voice and a slight smile,

“My wish is, take her to the town to cat cake.”

Chapter 219 The missing daughter, the quarreling couple

Preston embraced, and the live broadcast room was boiling.

“Oh my god, Childe King is working too hard for the company’s performance!” ”

I ate the fried egg that Hedy bit into a few days ago, and hugged Hedy today!” ”

When Hedy participated in the ‘Bright Star’, he once said that he likes to eat Cake...”

“I don’t care, the performance ep is real, and the performance cp ist locked!”

Roger, Teresa, and Renly were already paralyzed.

They couldn’t tell whether Preston was acting with Hedy for performance.

Still really have a situation with Hedy.

Vivian is different.

She thinks that Preston’s kindness to Hedy is all for the audience to see.

Even so, she was so jealous of Hedy!

Hedy and Preston took the commercial vehicle of the program group to Lihua Town.

the quating

40 Maul here

The staff followed behind with their cameras raised.

Forty minutes later, the commercial vehicle arrived at the best dessert house in Lihua Town.

Because of the prior greeting, the dessert shop is empty at the moment, and Hedy and Preston are the only customers.

“Hello miss, what would you like to order?” The young boss asked **with** a smile.

According to the regulations of the program group, since Preston’s wish is to take Hedy to eat cake in the town, Hedy can only eat it alone.

Hedy glanced at the man beside him, and ordered a piece of Black Forest cake.

After the cake was served, she cut a piece and handed it to the mouth of Preston who was sitting across from her. She didn’t speak, but her eyes flickered.

Preston raised his thin lips and said in a deep voice, “I don’t like desserts, you can eat them and leave me alone.”

Hedy thought for a while, and it seemed that Preston really didn’t eat sweets, so he stuffed the cake into his mouth.

The long-lost sweet smell made her eyes widen suddenly, and her whole body became energetic.

The heart of the mother’s fan melted, “My daughter is so cute when she eats the cake, woohoo!”

Soon, the cake was wiped out by Hedy.

She put down the fork obediently, and looked at Preston with gratitude

in her clear eyes, completely unaware that there was a touch of cream on her rosy **lips**.

It seems to be calling people to taste.

The man’s deep eyes dimmed.

He held up the menu of the dessert house, stood in front of the camera, leaned over and kissed Hedy’s lips, and happily went to the

appointment.

The barrage increased dramatically!

1994

“What’s going on? Did Childe King kiss Hedy?”

“I can’t see it!”

“CP fan screamed!”

“It’s fake, it’s all fake, Childe King is acting, how could he fall in love with it Hedy!”

“The purpose of raising the menu is to misunderstand everyone!”

Dessert House.

Preston put down the menu, sat back to his original position, rested his chin on one hand, smiled half-smile, admiring the stunned little girlfriend.

“You...” Hedy came back to his senses and his face became warmer. He glanced at the question mark-filled staff and the live camera not far away, and lowered his voice to ask, “What are you doing? Are you not afraid of being discovered?”

“It’s your fault.” The man took his time and led the army instead.

“What did I do wrong?” Hedy felt unreasonable.

He frowned, “You’re too cute, I can’t help it.”

Hedy, “...”

It’s even more unreasonable.

The two returned to the courtyard by car.

Roger was preparing dinner when he saw the two of them, his eyes lit

1. up.

“Vivian and the others are out on a mission. Hedy, help me go to the back of the yard and pull some onions back, cooking without onions won’t taste good.”

Hedy nodded and went out.

When Preston was going to follow. Roger called to stop him, and Roger held his back. feeling embarrassed.

“Childe King, can you make me a chair too, I don’t feel comfortable doing it myself. after a few days of farm work, my back hurts Seriously.”

Preston glanced at the dog-like chair under his buttocks, and smiled, “Okay.”

The two separated.

Hedy walked along the field ridge to the place where shallots were planted.

She had just squatted down when a vicious dog with a broken chain out of the haystack next to her and bit Hedy with **its** mouth

Hedy’s face darkened, and he charged up to fight back.

“Hey!”

Seeing this, Mrs. Black, who won the corn-breaking contest, dropped the vegetables in his arms, rushed over to block the vicious dog, and was bitten hard on his arm.

“Ah!” she yelled, bleeding from the wound.

Hedy’s pupils shrank slightly.

The owner of the dog came over with a broken chain to apologize, tied up the vicious dog, and said with an apologetic face, “Mrs. Black, I’m so sorry, I’ll tie the dog first and send you to the clinic right away.”

Mrs. Black covered his head and face After a while scolding, “Pig brain, how many times have I told you, change to a better chain, if I wasn’t by my side, your dog would have bitten that little girl!” “I’m sorry, I’m sorry.” The

master Apologize quickly.

“What’s the use of apologizing, you have to remember, you—”

Mrs. Black continued to preach, but was interrupted by Hedy, who held Mrs. Black’s arm, “Mrs. Black, you need to get rabies vaccine as soon as possible, where is the village clinic?”

She didn’t expect Mrs. Black to rush over.

“Over there.” Mrs. Black grinned in pain.

Two people came to the village clinic.

Mrs. Black continued to preach, but was interrupted by Hedy, who held Mrs. Black 's arm. " Mrs. Black, you need to get rabies vaccine as soon as possible, where is the village clinic?"

She didn't expect Mrs. Black to rush over.

"Over there." Mrs. Black grinned in pain.

Two people came to the village clinic.

140 Neuchers

The doctor took care of the wound and gave Mrs. Black an injection.

Mrs. Black thought of something, and handed his mobile phone to Hedy, "Little girl, my aunt can't read, can you help my aunt contact her daughter's classmates?" Of course Hedy will help.

She took the phone and lit it up, and the screen saver picture made her raise her eyebrows.

"This is my daughter Cherry."

"Your daughter is Mr.'s wife?" Hedy asked.

The girl in the photo looks exactly like the bride in

Hank's wedding photo. Mrs. Black nodded, "Well, she hasn't come back for several days, and the phone can't be reached. I asked my son-in-law whose wedding she attended, and my son-in-law didn't know either."

"Why don't you know?" Hedy frowned slightly.

Mrs. Black was silent for a moment, and said with a dry smile, "I'm not afraid of your jokes when I say it. Farmers look to God for food. There were many natural disasters in the past few years. The fruit forest contracted by my daughter and son-in-law didn't have any harvest, and I lost a lot of money. In fact, losing money is

nothing It's a big deal, just earn it back, but the young man has a bad temper, and the two of them always quarrel, and when they quarrel, they often have a cold war. They often don't communicate or turn on the phone for several days, so the son-in-law doesn't know where the daughter has gone. I'm thinking about contacting my daughter

Inquire about it from your college classmates."

Hedy nodded, and opened the cell phone address book, "What's the

140 Noters

name of your daughter's classmates.

"I don't know, I don't have their numbers." Mrs. Black replied.

Hedy flicked through the address book for a moment.

"Didn't it mean that the current mobile phones are very powerful and can find everything?" Mrs. Black was confused.

Hedy thought for a moment, "What university did your daughter study in? What major? Which class?"

She can call the school and get the contact information of her former classmates through the school.

Mrs. Black reported some information about her daughter.

Hedy searched for the university's admissions phone number on the Internet, and after calling the number, he explained the purpose.

After confirming Mrs. Black's identity over there, he gave Mrs. Black all the reserved phone numbers of a class of students.

Mrs. Black tried one by one, and the answers were "not married" and "don't know".

It was getting dark.

Preston found the village clinic.

"Little girl, you can go back, I can make the rest by myself, thank you for helping me get the phone number." Mrs. Black waved his hand.

Chapter 220 Even More Popular! Solve the case live!

A night without dreams.

On the second day, according to the arrangement of the program group, the six guests went to the villagers' homes to receive tasks.

But something is wrong with Village today.

The villagers gathered around Hank's house, craning their necks to peer inside.

In the yard, Mrs. Black was crying, Hank's eyes were red, and the -police were questioning them.

"What's wrong?" Roger asked the villagers.

Villager Answer, Cherry, Hank's wife and Mrs. Black's daughter, is missing.

Hank claimed that his wife, Cherry, went to other provinces to attend a reunion of college classmates.

But Mrs. Black contacted all of Cherry's college classmates, and found out that none of them were married recently.

Then it is impossible for Cherry to go to other provinces to attend a classmate's wedding.

Hank lied.

Mrs. Black came to question, Hank was even more aggrieved, saying that Cherry told him.

In any case, it is a fact that Cherry has lost contact for several days, and

Per Bolve these live

the police should be called as soon as possible.

That's why there was this scene where the police questioned them in the courtyard.

Renly had a complicated expression, "Mr, why did such a thing. happen, I hope his wife will come back soon."

He thought Hank was a very good person.

The nearby villagers heard it and whispered,

"I can't come back, his wife eloped with the first love of the rich second generation."

Everyone was stunned.

The bullet screen was also taken aback.

Boris hurriedly took everyone to the agreed villager's house to receive today's farm work.

Today, everyone is going to pick fruit.

During the process of picking fruit, the police officers with their dogs searched around Village, and all six guests could see it.

For a while, the style of variety shows was very strange.

Everyone can't joke around unscrupulously in this atmosphere.

Police dogs searched for two days, but did not find Cherry's whereabouts.

The village is not like a city, and there is no almost full-scale surveillance coverage. The police don't know where

Cherry has gone, The police also contacted the major transportation departments, and they said that Cherry had no ticket purchase records.

This person, like a mist, evaporated from the world.

At the same time, the six guests gradually learned about "Cherry from the villagers.

For example, she has a rich second-generation first love.

For example, Hank Cherry has lost nearly one million in the past two years, and now it still has hundreds of thousands to pay back.

For example, when the first love came to visit Cherry, the couple was being made things difficult by the creditors, and the first love finally settled the matter by paying the money.

For another example, after this incident, Cherry and Chulian began to communicate frequently. Once, he drove Cherry out for dinner in a luxury car, and many villagers saw it.

Based on the above clues, the villagers speculate, Cherry really eloped with the rich second-generation first love.

She couldn't bear to continue to owe debts, and regretted marrying Hank. It happened that the rich first love had no more love for her, so she might as well find a way to disappear from the world and live the life of a rich wife.

"It's so miserable." Renly sighed in the invisible place of the live broadcast,

"Even the police dogs can't find it, which means that this woman deliberately used other things to cover up her own smell and disturb the police dogs' sense of smell. She doesn't want to be found."

Roger and Teresa shook their heads helplessly.

40 Woolter

skills

Preston were doing crafts in the yard and chatting about

After these days of hard work, there are more rattan chairs, cradles and other furniture in the yard, which is **very** warm.

Vivian watched from the sidelines, no matter how jealous she was, she couldn't join in.

Hedy's fans have increased.

Preston also has a lot of fans, and everyone finds that he is not only handsome, but also has strong hands-on ability. Apart from not being very enthusiastic about women, he has no airs and is not special.

This is very nice.

Breaking everyone's stereotype of the heir to a wealthy family.

There are more and more audiences waving the banner of "Performance CP".

—

Another day passed.

The police said that Cherry's rich second-generation first love has not left in the city, and they don't know that Cherry has disappeared.

The villagers felt,

Cherry must have been hidden, or was spoiled by the rich second-generation golden house, no matter what, she didn't want to come back, she abandoned her husband and mother. When

Mrs. Black heard this, she cried and cursed with others on the spot, saying that her daughter is the most filial, and it is impossible for her

40 Wouchers

to do such a thing!

Hank beat up

people directly, saying **that** he believed **in** his wife, even if the two quarreled normally, his wife would never elope **with** the rich second generation, and warned everyone not to **talk** nonsense.

The case became clueless.

At noon, Hedy and the others were having dinner in the courtyard. Hank rushed in, knelt in front of Vivian, and left two lines of male tears,

“Miss Tang, I don’t have any extra money to hire a detective, I heard that you are also a detective. You have passed the detective certificate. Please help me find my wife, Cherry! Clear the stigma of the villagers who say she is not chaste and unclean!”

Hank who suddenly appeared in the camera shocked the audience.

When the words

Hank and Cherry came out, some people were surprised, “Hank and Cherry? Isn’t this the ‘CP’ that was very popular in Agricultural University a few years ago?”

Agricultural University is Hank and Cherry’s alma mater. The man and

the two are elegant, the woman is classical, and their grades are not bad. They are very beautiful scenery on the campus.

During a debate competition, the two rushed to the top of the trending searches. They were once extremely popular and were hailed as the fairy love in the university.

Later, the two decided to come to the woman’s hometown to contract the fruit forest, and disappeared from the public eye.

Who knew it would appear again in this way.

This... After a short hesitation,

Vivian nodded **in** agreement, with a serious expression on her face, “I’m willing to help you.” The whole broadcast of “love” was broadcast live, and the audience could see the scene of Hank kneeling and begging her.

She agreed that it was doing good deeds and attracting fans.

What’s more—in front of Childe King, show another side of yourself that is different!

Vivian’s blood boiled.

“Thank you, thank you!” Hank wiped away tears, hope in his eyes.

The barrage praises Vivian.

Vivian is so good, she is my fan!”

‘Pure passer-by, I’m starting to like Vivian!’

It's been so many years since CP, and the relationship is still so deep. hope Vivian can solve the case."

Not far away, Boris approached The staff said, " When Vivian goes to olve the case, you don't have to fol low."

his kind of thing is more sensitive, and it is not suitable for live roadcasting for the public to watch.

ask the program team to live broadcast with Ms. Tang!" Hank bowed › Boris with a sad voice,

There are so many people, so maybe others can see clues and provide

40 Nouchers

key clues **through** the live broadcast!"

The voice fell, and the screen was **full** of" want **to** see".

The audience's feedback made Boris think for a while and agreed.

Partly to help **Hank**.

Another aspect is to cater to the audience.

If Hank really found his wife with the help of "love", it would be a good story. After

Boris agreed to broadcast live to solve the case, two entries became popular searches.

One is " CP Wife Missing".

One is " Vivian Live Broadcast to Solve the Case".

The two hot searches are both related to "love", and there is a lot of movement.

The matter quickly aroused the curiosity of the detective circle.

Many people who are good at reasoning gathered in the "love" variety show live broadcast room, trying to analyze and decipher Cherry 's situation through the live broadcast.

The popularity of "love" ushered in a new height.
