

## **The Killer 91**

Chapter 91 The Gods Return, Dream Linkage

Lynn heard Hedy's words, and smiled wryly,

"Ms. Ellis is really observant, but you don't know how much the breach of contract is."

I would like to hear more about it." Hedy's tone calm.

"Early resignation, breach of contract 500,000, leaked video, breach of contract 5 million, you can't even afford a better video equipment, how can you help me pay the breach of contract?" Lynn's voice was \_desperate.

Hedy's eyelids lifted slightly, his eyes sparkling.

At this stage, apart from the prize money from various competitions, she doesn't have many sources of income.

Using past life savings is the only way.

Although this is in danger of being noticed by the killer community.

She was about to speak when Preston came over, wrote a check and handed it to Lynn, with a magnetic voice,

"Here are 6 million, 500,000 to help you leave early, 5 million to buy May 's unedited video, and the remaining 500,000, yes Rewards for the Resistance."

Lynn is to May what the Resistance is to a female tyrant.

Hedy turned to look at Preston, who raised his eyebrows back.

"Childe King!" Lynn recognized Preston with a surprised tone.

The first youngest, how could it appear in San Francisco, next to a female high school student?

What is their relationship?

God!

Preston didn't give Lynn time to think, he simply withdrew the check, and his narrow eyes flashed brightly,

"Since Lynn doesn't want to be the resistance army, then forget it

"There is a reward of 500,000 USD, why should I not do it!"

Lynn was afraid that Preston would repent, and quickly took the check with both hands, saying excitedly, "You two can wait to see my performance!"

After saying that, Lynn left.

In the restaurant, Hedy stared at Preston intently, with mixed emotions in his pupils.

He took 6 million to help her.

“Don’t look at me like that, isn’t it right for friends to help each other? Or, you don’t really regard me as a friend?” The man smiled, with a refined and calm demeanor, and retreated as he advanced.

Hedy pursed her lips, and after a long while, she said sullenly, “When you need my help, remember to ask me.”

If Preston was always asked to help her unilaterally, she would feel a sense of incompetence and frustration.

Preston’s thin lips rose, his chest vibrated, and he let out a low smile. with unknown meaning,

“There will be such a day.”

There are “many” places where he needs her help.

But patience is the last thing a hunter can forget, the time is not yet. ripe.

Before going to bed, Preston finished editing and uploaded to Station

Title, Phoenix, Reunion!

Once the video was uploaded, it quickly swept through Station C.

More than 100,000 people are online at the same time, watching this video with different moods.

At the beginning of the shot, it is an empty abandoned factory. At the end of the factory, there are seven people in black standing in the distance, unable to see clearly.

The filter uses a special black and white, which is different.

The music starts.

The camera zoomed in slowly, and it was clear at a glance who the seven were.

Needless to say, Hedy standing in the middle without a mask is already a celebrity at Station C.

Although the remaining six people were wearing masks, their features

were obvious, and they were immediately recognized, and the barrage flew up,

“Isn’t this the world’s strongest dance troupe, the first core six elders of Phoenix?!”

The six of them Picking out any one of them alone is a god-level existence in the hip-hop world!” ”

Hedy is really nameless, the leader of the phoenix! Oh my God! Why are there such awesome female high school students!”

This light and shadow structure is too amazing! It’s like watching a movie! As expected of Sam’s filming!”

“This wave, this wave is the return of the gods, a dream linkage!”

After the prelude, the seven people stepped on the dots, stepped forward in unison, spread the formation, and danced. It is surprisingly consistent.

After a melody, except for Hedy's central position, the remaining six people leaned over and danced around Hedy, highlighting the primary and secondary.

When the climax is about to enter, the camera pulls directly in front of Hedy.

Hedy raised his right hand, and the camera quickly moved up, passing through the roof of the factory.

Through the smooth splicing of post-editing, the seven Hedy "flashed" above the roof, dancing to the climax of the song, giving people a visual surprise.

At this moment, the picture is still black and white, even the sky is gray, it seems that there is some depression before the storm.

No matter how the formation changes, Hedy always stands firmly in the center, and his position is self-evident.

The transition after the climax ends, and the song enters the second climax.

The camera zooms in on Hedy again, Hedy does a front flip and steps. the camera down.

With this "stepping", Hedy "crossed" to the garage of the villa, the camera zoomed out, and the remaining six people also passed through.

This transition is just two words, handsome!

The lights in the garage were turned off, and everyone was covered in fluorescent paint, glowing in the dark, and dancing to the rhythm of the climax.

Above the walls that were sprayed with "nameless" before, a larger "phoenix (phoenix)" was added.

If you pause the playback screen, you will find caster eggs with the names of the rest of the dance troupe in various corners.

The black-and-white picture is canceled, and the colors are normal. The audience feels that the capillary pores are opened, and the previously suppressed emotions are instantly released, heartily.

The aftertaste ends and the video ends.

The popularity of this video cannot be described in simple words.

Buttons such as message, play, like, share, favorite, download, etc., have been pressed too many times at the same time.

All the code requests behind the network flooded into the C station.  
server.

Half an hour later, the server was overwhelmed and declared paralyzed.

After ten minutes of emergency repairs, Station C returned to normal.

But this small episode did not reduce the popularity of this video.

Instead, it became its honor and a good story passed on by users,

Family members, watch it, it is this video that broke station C, don't watch the blood loss!

The growth rate of the playback volume is suspected to be in a hurry for the next nine days of the Milky Way. Every time users refresh, they are shocked.

100,000, 500,000, 1,000,000, 1,500,000...

Today's popular video TOP1, it is it!

The hot search column of station C, it is it!

Hedy's fan value exploded from 1 million to more than 2 million within a few hours.

After watching the video, some people gathered around May's live broadcast room to watch the show.

May, who was broadcasting live, was alarmed.

She was in a nervous mood, and when she clicked on the video, the blood on her face disappeared visibly to the naked eye.

But after thinking about it, she sneered,

"Who can prove that these people are the core members of the Phoenix Dance Troupe? Find a group performer, or make up and disguise myself!"

May's fans also echoed.

[I love Star], That is, the Phoenix Dance Troupe is famous for its faceless dancing, anyone can pretend to imitate it!

[The stars are little angels], Hedy is the most shameless woman I've ever seen. It's okay to pretend to be someone else, but she also found so many people to pretend to be someone else's team!

[Follow Starry Forever], I think Hedy's parents should not be well-bred, otherwise they wouldn't be able to teach such a daughter!

Sun in the live broadcast room also sneered, and posted a few links,

"This is the statement of Phoenix members on the Internet! Widen your dog eyes and watch carefully!"

The viewers immediately shifted positions and clicked on the link.

That was the statement made by the six members on their social accounts on the extranet.

The statement is thoughtfully divided into American and English versions for American audiences to understand.

Chapter 92 Miracle Night, May was blocked!

Now, the truth is out.

Hedy is nameless!

She is the founder of the Phoenix Dance Troupe and the individual champion of the World Street Dance Competition! Even

Sam, a bigwig in the photography industry, personally took pictures for her with his camera!

Then, events get interesting.

People push back the Hedy and

May thing. One day, May, whose dancing skills were poor, went to Lowell High School to record a vlog, claiming that she needed a mentor to improve her dancing skills, so Hedy, a leader in the hip-hop industry, recommended himself.

But May looked down on Hedy, saying she was unworthy.

Hedy announces that he is nameless, but May doesn't believe it.

Hedy gathers the core members of the phoenix, and May said that she is looking for group performers.

This kind of feeling is like God showing mercy and feeding food to May's mouth. May not only refuses to eat, but also overturns the rice bowl and scolds the thief for being sinister and vicious-

how stupid and ridiculous!

Studio.

May stood up in a trance, and on the computer interface, he stayed on the statement posted on the external network by the core members of Phoenix.

This is the hardest real hammer!

She felt a bolt of lightning hit her.

Her world is shattered, on the verge of fragmentation and destruction.

After a while, she returned to the live broadcast camera, looked at the ridicule and sarcasm on the screen, clenched her fists and smiled. reluctantly, "

I just pursue the truth of things more, there is nothing to be ashamed of!"

May's fans immediately posted on The guardian of the live broadcast room.

[Follow Starry forever], You are right. Could it be that Hedy is nameless, so can she cover up the fact that she insulted the stars and insulted the fans of the stars?

[I Love Star], This kind of low-quality celebrity should be boycotted by the public, Hedy, get out of station C!

[Starry is an angel], Our Starry is different. Although she is not as good at dancing as Hedy, she is innocent, kind, cute and sexy, and she very kind to fans! Unlike Hedy, who never interacts with fans and only treats fans as her tools!

The three of them are May 's most loyal fans, and they give May more than one million rewards every year. They are known as the Three Musketeers.

They firmly believe that May is their god, even if the whole world betrays May, they will protect May with their lives.

“Thank you, I love you!” May burst into tears in the live broadcast room, crying with emotion.

This time she was really moved.

Fans are her last resort, with fans, she is not afraid of Hedy!

While they were touching each other, a new video link swiped the screen in the live broadcast room.

Video title, I am a Starry star / May 's assistant Lynn, exposing the evil deeds of the first sister in the dance zone!

Clicking in, Lynn appeared in the video in real life, and introduced,

“Hi everyone, my name is Lynn, and I am the female assistant of the first sister in the dance area. There is only one purpose for posting this video, I am fed up with May.

Innocent and cute, but in reality he punched and kicked me, here are some photos of my wounds, and the medical certificate issued by the hospital.” In

the video, there are many wound photos immediately, including wounds, burns, and hospital certificates.

She herself has unhealed nail scratches on her face, all thanks to May.

“She’s in the feed, saying Hedy Ms. Ellis scolded her and her fans, this is nonsense, please see the unedited video below. “All the interactions between

Hedy and May in front of the old teaching building of Lowell High School are presented on the screen.

“Through the unedited video, we can conclude that she exposed Ms. Ellis’ real name during the live broadcast, which was intentional and wanted to start a fan online storm. Ms. Ellis! “Fans, don’t rush to clean up. You think she treats you as a treasure. In fact, you are just a dead fat house and an ATM in her mouth. There are a lot of relevant evidence and videos. Fans with a bad heart are advised to bring their own blood pressure.

medicine. ”

Lynn uploaded more than 20 clips all at once, all of which were pictures of May insulting and belittling her fans from different angles and on different occasions.

Even the strongest Three Musketeers were not missed.

Let me tell you, huge fat, full of fat, disgusting to death!

Starry is an angel” not fat, but ugly, if he is not rich, I would have given up on him long ago!

”Follow Starry forever” is also a peerless ugly man, the only advantage is that he is a rich second generation and can be my cash. machine.

—I waved and cried a few times, and they gathered here like mangy dogs, really mentally handicapped!

Lynn said, “The one who really scolded the fans for being mentally retarded is herself. Her dancing skills are as bad as her character, and she has nothing to do but make it. I hope fans will be sensible and follow stars, and don’t be treated like dogs and be disgusted by others!

The video ends here.

The live broadcast room has also become a scene of large-scale fans.

and backlash.

[I Love Star], Why?

[Starry is a little angel], I was born and died for you, but you said that behind my back?!

[Follow Starry forever], So we are just a cash machine, just licking dogs, if you are not rich, you will not even look at us, right

! The goddess said that I was mentally handicapped, hahahaha!

For a moment, the barrage made people who heard it sad and those who saw it cry.

“I’m not... I don’t have...” May panicked and waved her hands to defend herself, but she was so powerless [

I love star], You are unkind and I am unrighteous, brothers, I have a photo of May’s bed in my space, go and see it!

[ Starry is a little angel]. She said that I was disgusting, and at the same time gave me a hard time in the hotel. My mouth! There is a video! [

Starry star who I follow you ], May, you are a whore with thousands of people riding! I am blind to follow you!

In just ten minutes, May lost 300,000 followers, changing from 6 million It reached 5.7 million.

This speed of losing fans is terrifying.

Sun left a message in the live broadcast room, “Hurry up and learn to dance with Goddess Hedy! After finishing her studies, she might be able to use her dancing skills to retain a little bit of fans!”

No, I can't learn to dance with Hedy, never will, and her fans haven't surpassed mine yet!"

May saw this message, and her face turned blue with anger!

Even if she lost a lot of fans, she still has more than 5 million fans, which is a number that Hedy can't match!

Hip-hop, not a star, not an idol, nor Top traffic.

Its circle has a ceiling. Hedy is so hanging, so far, isn't it only 2 million fans? It's still far from her own!

May closed the live broadcast room.

She turned around angrily and questioned the people in the studio, Viciously said,

"Where is Lynn! Find a lawyer for me, I want to sue Lynn, I want to demand sky-high compensation! If she can't get it out, let her immediately clarify that the video is fake, I didn't scold the fans!

This is the only remedy!

She can still be saved!

"Lynn she..." The staff hesitated again and again, throwing out the last straw that broke the camel's back,

"At the same time she released the video, she transferred 5.5 million to In your account, 500,000 is the breach of contract fee for resignation, and 5 million is the breach of contract fee for revealing the video..."

Lynn, the objection has been decided.

Boom!

May couldn't bear the blow and fainted backwards.

King Family villa.

Hedy got Knowing that Lynn released the video, May's fans turned against the Lord. What

May said in the live broadcast room at the end made her eyes flicker.

Preston understood what she was thinking. Susan smiled, and the smile didn't reach her eyes,

"May is just a dead duck with a hard mouth, don't worry, with your popularity and strength, it's only a matter of time before you overtake May."

He knew that Hedy is not a dodder, and has enough ability to deal with the storm.

But this May is true, which makes him not happy.

He is not happy, and neither can others.

"I know. "Hedy covered the quilt and closed his eyes. According to

his own speed of gaining followers, plus the speed of May's loss of followers, he should be able to surpass

May in a month at most. It has developed in an unexpected direction.

In the dead of night in the USA, the sun rises on the other side of the ocean..

People in the fan circle turn on their mobile phones and take a look,

Hey, the street dance world has an earthquake?

Nameless, the leader of Phoenix Dance Troupe, is now in USA They are also involved in a strange fan competition?

Wait!

Their idol needs or wants to cooperate with Phoenix Dance Troupe, right?

Hedy, the leader of Phoenix, has encountered the dilemma of insufficient fans. Right?

Then help Hedy!

Helping Hedy is tantamount to helping Phoenix.

Helping Phoenix means that Phoenix owes them a favor.

It also means that they owe their idol a favor!

Wouldn't the chances of cooperation be great?

I What a clever little ghost!

All of a sudden, the flags of foreign fan circles were flying, and all the fans racked their brains, worked hard, and wrote books,

"Teaching You How to Register C Station and Follow Hedy"

"On English "Awesome" 108 One way to use it, to boast is to earn"

"Today you and I don't work hard, tomorrow the idol will hoe the earth"

Fans who have broken their hearts for their idols, traveled across the Internet to station C, registered to follow and blow rainbow farts in one

When they found out that the fans of their opponents were also gone, they were anxious,

A new war was imminent, which also attracted the attention of the

USA fans.

“The foreign fans have noticed, we can’t lose, go!

Even if idols are not in a hurry to dance now, we can prepare for a rainy day, go!” ”

“Isn’t it just attention, and it doesn’t cost money, go!

“Don’t rush, the website is down again!”

Yes.

Standing C was paralyzed again when the tide came in.

The maintenance staff was being scolded by their superiors while repairing, while crying in their hearts.

He was wronged!

Early in the morning.

Hedy got out of the quilt, sleepy-eyed, and took out Mobile phone, intending to see how many fans she has at Station C.

The number of words that caught her eyes made her slowly tilt her head, and a big “?”

Ten million...it’s...

did something extraordinary happen last night?

## Chapter 93

Preston said, pretending to be my girlfriend, about the fact that Hedy’s fans exceeded 10 million, not only Hedy was confused, but the users of station C were also dumbfounded.

It’s hard for them to understand, how Hedy has soared 8 million fans after just sleeping, surpassing May!

It was a night of miracles!

Station C was paralyzed twice by Hedy within 24 hours... This is simply a historic scene!

What’s even more frightening is that the number of Hedy’s fans is still growing at a frightening trend!

People who have suffered from May for a long time laughed, and planned to taunt May crazily under the past posts.

They clicked in, and then they were dumbfounded. The five words that caught their eyes were.

The account has been banned!

May’s account was officially banned by Station C!

At the same time, Station C issued an official statement,

Received instructions from above to strictly investigate indecent

behavior of bloggers for a harmonious and healthy online environment. Among them bloggers such as

“One Starry Star”, “xx” and “xx” have seriously violated the regulations and will be banned permanently. I hope all bloggers will take warning! May studio.

–

After waking up, May looked at the official bulletin and wished she could faint again!

Her social accounts on other platforms were also highly humiliated and abused.

Her blogging career is over!

“I have to leave quickly, I have to change places, otherwise there will definitely be black fans...”

May hurriedly stuffed a few clothes from the closet into the suitcase, packed them up, and left in a hurry.

The door was blocked by people.

A group of men in black suits surrounded the place where she lived.

The leader, Aiden, walked over with a blank expression on his face, standing on his body with the unique hostility of a killer,

“Childe King said, when will you learn Ms. Ellis’ street dance, and when will you be able to walk out of this door.”

Pat. The suitcase in

May’s hand fell to the side.

The owner of the suitcase was limp and sat on the ground.

King Family Villa.

Hedy glanced at the comment area, and roughly understood the reason for the skyrocketing 8 million followers.

This was indeed a path she had never imagined, and she underestimated the influence of the Phoenix Dance Troupe.

Now, the comment area is full of demons.

Some people really like her and pay attention to her.

Some people do it for their idols and regard following her as a task.

Some are May’s fans, paying attention to her in retaliation, hoping that she will overtake May.

Others were just joining in the fun, and simply wanted to see how much her fan value would rise in the end.

This is a huge bubble, vain and unstable, and it will break sooner or later.

She didn't feel happy, just thinking about how to teach May.

Hedy got up and got out of bed, out of the corner of his eye, he saw a white sticky note on the table.

She picked it up and looked at it. A few lines of words were written on it with a black pen.

The handwriting is sharp and sharp, and the master's arrogance can be felt even through a piece of paper.

"I have ordered Aiden to go to May and ask her to learn to dance. slowly according to your video, and you don't need to worry about the

rest.

There is a cake in the refrigerator—Preston."

Hedy looked at the note, and the corners of his lips slightly raised.

Having used the cake, Hedy returns to Lowell High School.

Originally, she thought that there should be a lot of reporters gathered around the school gate to interview her, but there were none.

Evan's eyebrows, which were suitable for her shades, raised, but it wasn't just right.

When Hedy stepped into Class 7, Sun was the first to rush over with his mobile phone in hand, beaming with joy,

"Goddess Hedy! Good news! May 's account was blocked by Station C!

Look at this picture! It is rumored that this person entered C in the early morning." The station building, station C decided to block May! It's a pity, this picture only shows the back and one hand, and you can't see the whole picture."

The phone hit Hedy's face, and Hedy's pupils shrank slightly when he saw the photo.

She spends a lot of time with Preston, and she immediately recognized that the hand in the photo was Preston's hand, and so was the back

view.

For her sake, Preston came forward to clean up May

Is he being so nice to his friends...?

The student next to Sun was curious about another thing, "Did Goddess Hedy go abroad to participate in the street dance competition during last summer vacation?" If

Hedy is nameless, it means that she went abroad to participate in the street dance competition. It was during last summer vacation.

"Hmm." Hedy lowered his eyes and didn't say any more.

That's why she didn't expose herself as nameless in the first place.

Once the time track is out of line, or if someone scrutinizes it, it will cause endless troubles.

-Evening

Aiden returned to the King Family villa with two things.

One is a file investigation, and the other is a DNA test, both of which are related to Hedy.

"Childe King." Aiden's tone was unparalleled.

He presented Preston with both hands.

Preston took it, his trousers were straightened, and he stood in front of" . the French window and opened the book.

"The investigation shows that Ms. Ellis has been on the mountain during the summer vacation last year and did not go abroad." Aiden looked serious.

Childe King originally did not intend to investigate whether Ms. Ellis had gone abroad.

He acquiesced that Ms. Ellis had gone abroad, and planned to find out who "Cooper" was and whether he needed help around Ms. Ellis's

overseas route.

Childe King did not find any clues related to "Cooper" in

the United States. After this investigation, it was found that Ms. Ellis had no record of going abroad.

It also shows that ledy and nameless are two people.

Ms. Ellis, who lives in the villa, may be put in double quotation marks and become "Ms. Ellis".

This conclusion is really shocking.

JJudging from the performance of Phoenix members and the superb

dancing skills of "Ms. Ellis", she is undoubtedly nameless.

Thus, a new conclusion came out,

nameless, under the pseudonym "Hedy", appeared in the USA.

SSo where is the old Hedy, the real Hedy?

WWith this question in mind, Aiden took a hair from "Ms. Ellis" that had fallen between the pillows for a DNA test at the behest of Preston.

The test results are even more shocking.

The DDNA of “Ms. Ellis” matches Hedy perfectly!

Two people are the same person.

Such a concision is beyond the comprehension of human science present and it is directly illusory.

It is Hedy who knows how to split into two, one stays in Geary Village, and the other goes to the hip-hop competition.

Or was it a vision from heaven that the two merged into one?

No matter which answer, it points to the fact that

the “Ms. Ellis” who makes Childe King tempted is not a normal human being.

According to the traditional American mythology, she may be a ghost, a demon, or something else, and the explanation is not clear.

The unknown is dangerous.

Aiden was silent for a moment, and answered earnestly, “My subordinates think that Childe King should get out in time.”

Childe King’s affection for “Ms. Ellis” is a matter of course.

Just like a boy meets a fun game console, a girl sees a beautiful dress.

But the boy will not be able to buy this game console because of insufficient coins.

Girls will not be able to wear this dress because of the wrong size.

Not every relationship has to blossom and bear fruit.

Childe King is smarter than him, calmer than him, stronger than him, and more rational than him, so he should be able to distinguish between the pros and cons.

“Get out?”

Preston closed the file, and in his slender and deep eyes, dark and thick clouds of fog appeared.

He didn’t expect that he wanted to check “Cooper”, but he found out Hedy’s shocking secret.

Downstairs in the courtyard, the driver happened to be driving Hedy back from school.

Hedy carried a schoolbag on one shoulder, wore a good-looking college uniform, had a beautiful face, and walked into the villa with a cold demeanor.

She didn’t notice upstairs.

Because she has judged that this place is safe, and the owner here, Preston, is trustworthy and there is no need to be overly vigilant.

Preston turned to look at Aiden, in a low tone, mixed with tenderness and violence,

“Get away, and then let her go to another man, let other men appreciate her self-improvement, feel sorry for her fragility, hold her in his arms in the middle of the night, and let her go in the morning Kiss her between the eyebrows?”

You know, Aiden, just thinking about it makes me jealous, and I want to tear that man into pieces.”

Aiden’s body froze suddenly.

Childe King, who had always been rational and calm, did not intend to

let go...

“Treat all her whereabouts files as confidential, and prohibit the second person from launching an investigation.” Preston’s heavenly handsome face was icy cold.

The matter of the Phoenix Dance Troupe put her under the eyes of the public.

The media who want to investigate her are probably from the United States to foreign countries.

If it is not stopped, the consequences will be disastrous.

“Yes.” Aiden lowered his head, “Will those reporters who want to interview Ms. Ellis and Ms. Ellis’ family continue to stop them?” ”

Go ahead, she doesn’t like this.”

The man turned and went downstairs.

downstairs.

Hedy took the second cake out of the freezer and ate it – she had an appointment with Preston and had at least two cakes a week.

“Is it delicious?” Preston walked over with a faint smile on his lips.

“The most delicious food in the world!” Hedy did not hesitate to praise himself.

“I need your help with something recently.” Preston sat across from Hedy.

“What’s the matter?” Hedy suddenly lost the idea of eating cake, and straightened up with a stern expression.

This posture, as if Preston asked her to assassinate the president of the next country, she also went.

“What’s your expression? I just want to take you to a family dinner.” Preston couldn’t help laughing.

“Family dinner?” Hedy was puzzled and relaxed.

“Well, a simple family dinner, only my grandpa and my grandma.” Preston sighed,

“You know, the old people are getting old, and they like to urge the younger generation to get married and have children. How can I have such thoughts? So I thought Let you pretend to be my girlfriend and deal with them.”

Chapter 94 I would be happy to win the school glory

Hedy thought about it for a while, then nodded and said, “Yes.”

Pretending to be a girlfriend to accompany Preston to a family dinner or something is much easier than assassinating the president.

This answer was expected by Preston

The light of success flashed across his bottomless eyes, and his thin red lips raised, “That’s a deal.”

“Where is the family banquet held, and what date is it?” Hedy asked.

If she has to go to school that day, she needs to ask for leave in advance.

“In S City, the time is 20 days later, and that day is my grandma’s birthday.” Preston looked at her with a soft voice,

“After tonight, I have to go back to deal with some urgent matters, and I can’t accompany you in San Francisco for the time being.”

He had only planned to stay in San Francisco for three days, but it was much longer than that.

“Hmm.” Hedy’s eyes flickered slightly.

He International is the home court of the King Family, and it is really impossible to stay in San Francisco.

She thought so.

There was a ripple in his heart.

The ripples disappeared too quickly, before she had time to catch them, they disappeared without a trace.

Early in the morning, Preston took Aiden away.

The driver and servant were left at the King Family villa and were ordered to take care of Hedy’s daily life.

After breakfast, Hedy headed to Lowell High School.

For the next ten days, Hedy lived comfortably between Lowell High School and the villa.

Phoenix core members played in USA for a period of time and returned one after another!

Since surpassing May in the number of fans, Hedy has never posted a video on Station C.

According to Sun, when her fan value was the highest, it reached 13 million.

Here it is, the bubble expands and bursts.

After the carnival, the number of fans dropped precipitously, and now there are not even 9 million fans, and the decline continues.

This is a very normal phenomenon.

Hedy didn't have much idea about it.

Although she was silent, station C and the network platform would not follow suit.

News such as "a celebrity was exposed to cheating" and "a top celebrity admitted to plagiarism" emerged one after another, dazzled netizens, rushed into the ocean of gossip, and gradually left Hedy behind.

On the night of the tenth day, a system notification sounded in Hedy's car,

[Trial mission (6) has been completed. ]

[The new trial task will be released in four days. ]

The maid Nancy walked in with a "kind" smile, and handed a memory card to Hedy,

"Ms. Ellis, this is May's latest dance video, please take a look at it."

Hedy frowned, and inserted the memory card into the computer, the video that pops up is very interesting.

In the video, May was unwilling to learn at first, and resisted on a hunger strike until she fainted from hunger.

After being rescued, she realized that Preston was not joking. If she couldn't learn it, she wouldn't be able to get out for the rest of her life.

She began to study desperately.

Because she has several years of background in hip-hop, she can learn the basics quickly. After all, she only wants to "learn", not "learn".

"Let her out." Hedy turned off the video.

Self-inflicted can't live, the rest of May's life has been ruined.

Not only was she blocked by the platform, she was also chased and scolded by fans, and unspeakable pornographic videos were flying all over the sky.

I heard that the extreme fans even went to May's hometown to throw shit, causing the whole village to know the good things May did outside.

Four days later, Hedy was called to the principal's office by Lowell High School principal Kelly

The cute little boy, who was suffering from dwarfism, had a serious face and handed her a letter with the words "Invitation Letter for the Master Selection Competition" written on it.

"What is this?" Hedy opened the letter.

Kelly said, "The four-yearly chess master selection competition is about to begin. I hope you can win glory for the school and expand the popularity of Lowell High School.

The selection of masters is a four-year competition in the chess world.

The competition has a high threshold, and only chess players above the third level are eligible to participate.

The contestants are basically adult men and women over 30 years old, and 25 years old is considered young.

"I haven't passed the grade." Hedy frowned slightly.

"But you defeated Jackson, the master of the San Francisco Chess Association. According to the regulations of the Chess Association, anyone who beats the master of the Chess Association in an official game will automatically receive the title of 'Alternate Master of the Chess Association' for a period of one year." Kelly challenged eyebrow.

The "Interschool Chess League" previously held by Lowell High School is an official competition authorized and recognized by the Chess Association.

Hedy closed the letter, "I don't care about these false names..."

Before finishing speaking, the system prompt sounded.

[Ding! Trial mission released. ]

[Trial task (7), Participate in the master selection and win the title of chess master. ]

Hedy changed the subject, "It's impossible not to care, I'd love to win glory for the school, so when will I start?" "

Go now, the competition venue is in S City." Kelly smiled,

"If it wasn't for you every time The exams are all full marks, I can't let you participate in this competition at the critical moment of the third year of high school."

The vast majority of senior high school students need to prepare for the college entrance examination.

Hedy is different, she is a top student, and a top student doesn't need to be reasonable. The words

"S City" moved Hedy's ears.

She just happened to be going to southern Xinjiang recently, so she pretended to be Preston's girlfriend to accompany him to the family banquet, which would kill two birds with one stone.

Hedy said goodbye to Class 7 and returned to the King Family villa to pack her luggage.

This competition has a large scale and a long schedule, so you need to prepare for a change of clothes.

Just after finishing the clothes, Hedy's cell phone rang, and her mother Malina made a video call.

Hedy chooses to connect.

"Hedy, the seafood you ordered in

D City has arrived, and they are all alive." Malina pointed the camera at the white foam box containing the seafood. "Fresh is good." Hedy nodded.

"Hey, our family is so beautiful now! Where are you going to pack your clothes?" A fat rural woman squeezed into the camera.

She is Mrs. White, a neighbor of the Ellis Family. She just returned from working outside the city a few days ago, and has a good relationship with the Ellis Family.

In the early years, Malina suffered a sudden dystocia, and Mrs. White rode a tricycle to send Malina to the town hospital.

Hedy, "Go to S City and participate in a competition."

Mrs. White's eyes lit up, "You Ray is a policeman in S City! This kid talked about his girlfriend last month! The photos look pretty, but I don't know how the real person is. So, you can go to southern Xinjiang and help me take a look, and catch up with you Ray by the way!"

Ray, thirty-two years old, the son of

Mrs. White. "Yeah." Hedy didn't refuse.

Kill two birds with one stone and kill three birds with one stone.

"That's fine, I'll let him add you VX!"

On the way to the bus station, Hedy received a new friend request from Ray.

Hedy agreed, and the two also made a video call.

In the camera, Ray is wearing a dark blue police uniform and has a mustache on his chin. When he sees Hedy, he smiles,

"Oh, it's really a girl's 18th transformation! Sister Hedy, Brother South River treats you to barbecue!"

"Make contact, video hang up.

A police officer came over, "Ray, we just received a call. The caller said that he will be on the bus at South c1226, preparing for a mass self-immolation." "I guess it's another spoof call?" The police officer was speechless, "There are always people who are idle."

San Francisco bus station.

Hedy bought the ticket.

The train number displayed on the ticket, South c1226.

Chapter 95 Hedy saves the whole car.

South c1226 is a long-distance air-conditioned bus with closed windows. It is a six-hour drive from S City.

When Hedy boarded the car, the passengers were already full, and the driver was about to start the car, but was stopped by a group of local police,

“S City received a call, saying that there is a suspected arsonist in this car, please cooperate with the body search!”

Passenger A was surprised, “Didn’t we all go through the security check when we entered the station? How could there be an arsonist?”

We don’t know either. For the sake of safety, please bear with me.” The policewoman calmed her emotions.

Fifteen minutes later, all the passengers were searched, and the bus was inspected from the inside by the police.

The test results are safe and there are no risk factors.

Passenger B said, “Could it be another idiot calling the police blindly? Last time, some idiot made trouble, saying that there was a bomb in the bus. The police even called bomb disposal experts, but in the end they found nothing. It was a waste of work.” When this

matter was brought up, the policewoman was very helpless, because of her duty, if someone else made a joke, the people’s police had to charge forward.

She told the male conductor on the bus, “If there are passengers getting on the bus, you should pay attention.”

There are several stops on the long-distance bus, and not everyone will get on the bus from the bus station.

“Okay, hard work comrade policeman!” The male conductor nodded.

The bus pulled out of the bus station, and the environment inside the car was noisy.

Some people made loud calls, some children laughed and cried, some couples flirted, and some passengers slept on chairs.

Hedy sat in the middle row by the window, watching the scenery outside the window keep receding.

Time passed unconsciously, the bus stopped and went, passengers got on and off.

At the beginning, the male conductor also followed the instructions of the female police officer to carefully check whether the passengers were carrying dangerous and flammable items.

Later, he was so annoyed that he didn’t bother to check again. After a quick glance, he waved to the passengers to get on the bus. When

it was about to enter the S City area, the bus ushered in two male

passengers.

One is a young man about 19 years old, with delicate features and delicate skin, wearing expensive clothes, but his face is full of excitement and curiosity.

Like a high-ranking rich young master, come to experience what it feels like to take a bus.

One is a farmer over 50 years old, wearing a windbreaker that does not suit the season, with pale hair at the temples, and his wrinkled face is full of vigilance, fear, despair, anger and other emotions.

Hedy's keen eyes fell on the farmer, thoughtfully.

Seeing that neither of them had any luggage, the male conductor sold tickets directly.

Although the farmer wears a windbreaker... some people are not in good health, but they need to wear a little more than others, there is no

way.

The bus restarted, and after a while, it drove into the urban area.

The farmer walked to the middle door, as if he was in a hurry and wanted to get out of the car first. Not far from his feet, there was a half piece of golden banana peel left by a child.

Tsk-

the bus braked and stopped in front of the traffic lights on the downtown street.

"After passing this red light, we will arrive at Bus Station. Please check your salutes and don't leave your things on the bus!" The conductor said loudly.

After being reminded, most passengers bowed their heads to check and salute.

Taking advantage of this time, the farmer quickly took out the hammer hidden in his coat, and with a "bang", it hit the door sensor hard!

"What are you doing!" The driver tried to press the button to open the door, but found that the door could not be opened!

The farmer did not speak, he dropped the hammer, took out two medium bottles of gasoline from his coat, poured them on the passengers and the interior of the compartment, and then took out two lighters from his pocket and lit them

"Ah—" "It 's gasoline

he's the arsonist the police said! "

He came to meet the romantic love triggered by a bus, how did he bump into the arsonist?

Because the door was damaged, everyone could only try to break out of the window, but this is an air-conditioned bus, and the windows are closed tempered glass, which cannot be broken by ordinary things.

All of a sudden, ghosts and wolves were howling in the carriage, and they were in a panic.

The vehicles that were also waiting at the traffic lights saw the situation inside the bus and rushed to call the police.

“Don’t make noise! Listen to me!” The farmer held up the lighter and shouted,

“From now on, if the driver dares to step on the gas pedal, I will throw the lighter!

Passengers who dare to break the window, I will also throw the lighter.” Get out!

Don’t try to subdue me, everyone has gasoline on them, and the worst is to die together!”

Everyone didn’t dare to act rashly.

“Brother, brother, we are strangers, and we have never offended you, can you let us go?” The conductor regretted very much.

It’s all his negligence!

“Shut up!” the farmer stopped, looked around, and looked sharply at a woman who wanted to call the police.

“Tell the police, within ten minutes, I want all the news media in S City to send reporters, or I will set myself on fire!”

The lady was so frightened that she burst into tears and truthfully conveyed the truth to the police.

Five minutes later, several police cars rushed to the bus with their sirens sounding, and cordoned off the scene.

Ten minutes later, media from all walks of life swarmed in, holding up recording equipment, aiming at the bus like a long gun.

Passers-by who don’t know why are in a safe distance, holding up their mobile phones to shoot or live broadcast.

Hedy’s neighbor brother Ray also came, and when he got out of the car, he frowned,

“Didn’t you tell San Francisco to be careful!” /

“Maybe they thought it was just a joke...” The short-haired policewoman handed the horn to Ray.

Ray picked up the loudspeaker and shouted, “Hello, I am the captain of the third brigade of the S City Police Department, Ray. The reporters are here. If you have anything to say, just say it.”

Based on his years of experience as a police officer, The peasant’s goal was not to set himself on fire, but to get the attention of the media and the police.

Probably there is a grievance.

Inside the bus, the farmer turned on the loudspeaker he carried with him, and said numbly,

“My name is Ted. I’m a villager in Village, S City. I’ve been a larmel all my life. I don’t prostitute or gamble.”

“I have a daughter who is twelve years old. Her name is Betty, and she is very sensible and obedient.”

“Betty likes to play Go. She is less than ten years old and is a third- level chess player of the Chess Association. She has participated in many competitions and won many trophies. Everyone praised her as a talented chess boy.”

Last year, Betty was on the way to the competition hall, and someone...”

Ted choked up, tears welled up in his eyes, and roared, “Someone cut off his hands!” ”

I asked the organizer to monitor, but the organizer won’t give it to me!”

“I went to the police station to report the case, and the police told me to wait, saying they would give my daughter an explanation, but there was no follow-up!” ”

Now! I want you police to promise me in front of all the media that you will find out and kill my daughter. The murderer, or I will let the whole car be buried with my daughter’s hand!”

This is Ted ‘s purpose, and using public attention to defend his rights. is his last resort.

“Okay, I, Ray, promise you in front of all the media that the murderer of your daughter will be found out, and put away the lighter!”

Ray immediately agreed, he became a policeman to protect the injustice in the world, how could he refuse.

It’s just that this case made him feel uncomfortable.

What is the difference between a talented female chess girl whose hands are cut off, and a baby bird losing its wings.

With Ray’s consent, Ted relaxed. He stepped back and slipped on a banana peel!

A lighter flew out, and the interior of the car was full of gasoline.

The police were shocked, the passengers were desperate, and the media frequently captured the incident.

Seeing that a big mistake was about to happen, Hedy walked over, with a calm face on his delicate face, spread his five fingers, and grasped the lighter with precision.

Snapped.

The lid of the lighter was pushed back by her thumb.

She saved the whole car.

Chapter 96, the beautiful teenager twins

followed Hedy to turn off the lighter, and everyone raised their hearts and put it back.

They looked at Hedy, only to realize that the female passenger was so beautiful.

She was wearing a peaked cap, a simple ponytail, a white shirt, black jeans and blue canvas shoes.

In addition to being youthful and beautiful, she has an aloof and cold temperament, which is very rare.

“Sister Hedy! My God, why is she in this car!” Ray glared, and hurriedly greeted the fat man’s subordinates,

“Why don’t you go and open the door?”

The fat policeman pried open the closed car door, and the driver, passengers, and conductor fled. He also got off the car, and under the guidance of the others, went to the police station to make a record.

Hedy has to go too.

“Thank you, little girl...” Ted leaned on the chair and stood up, breaking out in a cold sweat.

If Hedy didn’t catch the lighter, it would be a disaster.

Hedy didn’t answer, returned the lighter to Ted and got out of the car.

“She’s so cool, isn’t she?”

The 19-year-old wealthy boy who has never left has twinkling eyes like diamonds. He gestured to Ted with his hands,

“Do you know the book “Love in Trip “? The story tells the story of a man and a woman. The Lord met on the bus, and finally fell in love and got married...I think she is my one!”

“What are you talking about?” Ted was puzzled.

Slap.

A pair of handcuffs were placed on Ted’s wrist, and Ray patted him on the shoulder,

“Although I promised to help you investigate your daughter’s matter, you destroyed the vehicle, poured gasoline, and behaved badly, causing widespread panic. Come with us to the police.” Bureau, by the way, the details of your daughter’s case.”

Ted nodded.

Police station.

Hedy sat on a bench and waited in line to take notes.

Ray walked over, with a cigarette in his mouth, and rubbed the top of her head, “Sister Hedy, brother, go ask Ted something first, and wait for me after you finish the transcript?”

When he left San Francisco, Hedy was still a child. Small one, so big in the blink of an eye.

“Hmm.” Hedy’s body was a little stiff for Susan .

She is not used to this kind of intimacy.

“Hedy.” The short-haired policewoman called Hedy’s name and began to take notes for Hedy.

Ted and Ray were talking in the office area three meters away.

“Which game was your daughter Betty injured, and the exact date and time.” Ray also took notes.

Ted gives the answer.

“Are you the first to find out? Was there any severed hand at the scene?”

Well, it was me. Except for the blood, there was no severed hand at the scene.”

Ray was silent, feeling blocked by a stone in his heart.

If there is a severed hand at the scene, Ted can take it and his daughter to the hospital and let the doctor connect the severed hand.

Doing this does not mean restoring 100% hand flexibility, at least there are still hands.

The severed hand was taken away, which shows that the suspect is extremely cruel, and may even be a psychopath.

“Has she offended anyone before, and have you ever had a conflict with someone?”

“No, officer.” Ted clenched his fists and whispered,

“In the past few years in the Go tournament, the chess players whose hands have been cut off hands, not just my daughter.”

Ray sat up straight, his eyes sharpened.

Serial broken hands case?

Hedy finished taking notes, returned to the bench, and waited for Ray to get off work.

The sassy short-haired policewoman came to Hedy with two glasses of water after finishing her duties, and gave her a glass,

“Hello, sister Hedy, my name is Sid, and I am Ray’s girlfriend.”

“Hello.” Hedy took the water, Eyes flicker.

Unexpectedly, Ray ‘s girlfriend is also a policeman.

Her facial features are regular and generous, and her skin is a shade darker than that of common women.

“Your brother is still taking notes, let me chat with you.” Sid was afraid that Hedy would be bored,

“I heard from him that you came to S City to participate in a competition. May I ask what kind of competition it is, the speech contest for high school students in the North District?”

This competition is most in line with Hedy’s student status.

After asking, Sid took a sip of water,

“Chess master selection competition.” Hedy replied.

“Puff! Cough cough cough!” Sid spat, coughing and widening his eyes,

“You are already a third-level chess player at your age? Really good, what kind of chess do you play?”  
The

“Master Selection Tournament” in the chess world has already held it, and citizens know that the competition has a high threshold.

After coughing, she took another sip of water to moisten her throat.

“Playing chess.” Hedy was very honest, “Not a third-level chess player, but an alternate chess master.” ”

Puff! Cough cough cough cough cough!”

Sid sprayed again, coughing worse, his face flushed red, eyes full Both had the word “Shock” written on them.

Eighteen-year-old alternate chess grandmaster?

This is too genius!

Sid, what’s the matter with you, you have advanced dementia, have you forgotten how to drink water?”  
Ray walked over, hurting his girlfriend, but his eyes were full of tenderness.

Sid had a lot of meat on his face, and hit Ray in the stomach with an elbow.

“Oh...” Ray clutched his stomach, and then apologized to Hedy,

“Sister Hedy, the situation has changed, we have to work overtime, and we can’t take you out for a big meal, but the hotel has already booked it for you in advance.”

He made the reservation Give Hedy the hotel key card.

Hedy hesitated for a moment, then took it.

“Ms. Ellis can go to dinner with me! You saved me on the bus, and I want to repay you!” The 19-year-old wealthy boy came from the side, “My name is Xavier Holt, the

son of the Holt Family, He is a third-level Go player, and U going to participate in this master selection competition.

Our Go players are holding a banquet in a five-star hotel, and there are a lot of delicious food in it!”

When it comes to delicious food, Xavier said Thinking of his favorite cake, he added, “There are many super delicious desserts!” The

“Invisible Dessert Catcher” on the top of Hedy’s head sprang up.

“Go.”

She wanted to cat.

‘Holt Family ?’ Sid’s tone slowed down.

This is an amazing family.

“Go if you want, and I’ll pick you up back to the hotel.” Ray squinted at Xavier, “Don’t let anyone bully her.”

“Don’t worry, absolutely not!” Xavier patted his chest and promised.

At this time, a male voice came from outside,

“Xavier, are you okay!”

Several people looked over and found that the person who came was a beautiful boy with the same appearance and age as

Xavier. The juvenile demeanor is much calmer than Xavier, wearing black casual clothes, with an anxious expression on his face.

“I’m fine!” Xavier introduced to Hedy,

“This is my twin brother, Tony, a third-level Go player, and he is also going to participate in the master selection competition.”

Sid nodded.

Secretly slander, Holt Family Twin Stars, Tony and Xavier are here.

“It’s fine.” Tony glanced at Hedy and the three of them lightly, without too much emotion.

“Brother, let me introduce you, this is HedyMs. Ellis!” Xavier pointed at Hedy, full of energy,

“Just now she was on the bus and saved all the people in the bus. I plan to take her to the hotel for a banquet. Invite her to dinner.”

Chapter 97 She is the 18-year-old alternate Chess Association master

Tony just took a second look at Hedy.

In the indifferent eyes, “appreciation” flashed away, and soon returned to calm.

“Then invite Ms. Ellis to go with you.” He looked at his younger brother,

“I’ll settle the matter with you later for running around without saying hello.”

Everyone had already arrived at the hotel, and the twin brothers

insisted on going to experience it. The plot in a certain love story really made him laugh.

Fortunately, nothing major happened this time, otherwise he would regret it and blame himself to death.

Xavier knew that he was going to be scolded, so he made a death imitation of sticking out his tongue, which was so cute.

The two brothers said goodbye to Ray and Sid, and led Hedy to a black luxury sports car.

Tony is in the co-pilot, Hedy and Xavier are in the back.

On the way to the five-star hotel, Xavier has been chatting with Hedy, who is extroverted and completely opposite to his brother.

Hedy looked at the face of the dessert cake and reluctantly answered a few words.

Tony frowned as he observed the interaction in the back row through the interior rearview mirror.

According to the way of thinking of the younger brother's lack of roots, shouldn't Hedy be regarded as his "Daughter of Destiny"?

He had to calm down his brother.

"Eldest Young Master, Second Young Master, Ms. Ellis, here we are." The driver stopped.

The three stepped out of the luxury car, and what everyone saw was a luxurious and towering five-star hotel.

Many men and women gathered at the entrance of the hotel, ranging in age from young to old.

Among them was a tall, straight girl in a wheelchair, who was quiet and well-behaved.

The girl was 19 years old, and there was a small red suitcase beside her, which probably contained hidden items and medicines needed by the disabled.

"We're back, and we've brought a new friend!" Xavier waved to everyone.

"Tony Xavier is back, hey, isn't this new friend the lady with the peaked cap reported in the evening headlines? Everyone's eyes lit up.

Hedy was taken aback.

Has she been in the newspaper?

"Yes, that's her!" "Xavier's tone was focused, as if he was reciting the lines of a stage play, and the moonlight sprinkled on his delicate face,

"She is what the newspaper said' she walked over calmly, raised her hand and grabbed the lit lighter, and also grabbed all Man's hope, brave and calm' hero! Hedy

got goosebumps silently. But Xavier gave her a wink, "I bought the newly released evening newspaper while I was waiting for you to take the record at the police station. The story of Ted 's father and daughter is known all over the city, and it's hard not to think about it in the newspapers.

However, the core of the newspaper report is Ted's father and daughter, and there are only a few words about Hedy.

“It’s really her!” Heroine, come on, let’s take a photo together!”

“I want it, I want it too!” ”

“Heroine, you are so beautiful, perfectly echoing the word ‘beautiful and kind’! ”

“Do you have a boyfriend?” Am I right? Everyone surrounded them. excitedly, and ignored the straight black girl sitting in the wheelchair.

Only Tony strode towards the disabled girl, his eyes changed from the indifference towards others, and there was a layer of enthusiasm and obsession,

Joe, hungry?”

Not bad. Joe’s voice was as light as a feather.

On the other side, Xavier was very protective and stopped the frenzied crowd, “What are you doing, don’t scare Ms. Ellis!” Ms. Ellis, let me introduce to you, they are all Go players who will participate in this master selection competition.

The girl next to my brother is Joe, her daughter, a first-class chess player, she is the strongest female genius among us, and also the most promising female genius! Hedy

Susan nodded and didn’t care much.

Everyone entered a banquet hall for dinner, and there were more people inside.

He wanted to follow, but was pulled aside by his brother to give a lecture.

There were also people who wanted to get close to Hedy, but in the end they all declared defeat because of Hedy’s cold and talkative personality.

Hedy was happy to be at ease, tasting the sliced cakes one by one, frowning slightly She misses Preston.

In all fairness, the taste of these cakes is much better than the cakes on the market.

Unfortunately, it is still a bit worse than Preston.

Hum–

Joe steered the electric wheelchair and came to the dessert area.

She

didn’t speak, Hedy didn’t say a word.

When Hedy thought that Joe was about to leave after taking the cake, Joe fell to the ground with a wheelchair, and the small saucer that contained the cake was also broken.

Boom!

Know what happened.

“Joe! Tony, who was lecturing, left his younger brother and ran to Joe

with a nervous expression, hugged Princess Joe in his arms, and said in a distressed tone,  
“What’s going on?”

Joe didn’t speak, and looked at Hedy silently, without any emotion in his pupils.

Like a weak person who has been bullied, he has been used to humiliation, leaving nothing but numbness.

Hedy put down the cake, and his eyes fell on Joe coldly

Joe’s play, She didn’t understand.

She and Joe had no interests involved, no previous hatred, and were not even in the same circle, so there was no reason for this drama to be staged.

But Joe’s eyes and reactions were very similar to those she encountered when she was on a mission. Seeing that Joe kept looking at Hedy,

Tony thought that Hedy was the one who caused the crime, and immediately asked Hedy angrily, “You pushed her?” “I don’t play such low-level tricks.

“Hedy continued to eat the cake, and didn’t bother to

pay attention. She wanted to do something to someone, but she wouldn’t use this kind of housekeeping.

“Brother, Ms. Ellis probably won’t...” Xavier was a little anxious.

“Waiter!” Adjust monitoring! Tony interrupted his younger brother sharply, and put Joe back on the straightening wheelchair.

The beautiful boy stared at Hedy viciously, and all the good feelings he

had earlier because of the “bus” turned into dark clouds,

“If Joe has any problems, I will definitely not I will let you go!

Soon, the hotel staff presented the surveillance just now.

But the surveillance couldn’t explain anything.

The camera was blocked by Joe’s back, so he couldn’t see the whole picture. It could only show that Joe fell out with his chair.

A chess player said, “The floor is flat, Joe couldn’t have fallen on his own, Hedy must have done it!”

Joe’s Family has an extraordinary status in the USA, and Joe also has an extraordinary status in the Go world, so it’s right to help her.

“Impossible! Ms. Ellis is the heroine who saved a carload of passengers! Xavier retorted immediately.

His one-woman, there is no way he would do such a thing!

“What hero?” Don’t forget, she is also in the car, she is saving herself! The chess player pointed to the clothes Hedy was wearing,

“And you can see that the clothes she wears are all 50 or 100 cheap brand names. She must have never been to a high-end place or seen so many delicious foods.” Another chess player answered, “So she thought Joe would compete with her for dessert, and accidentally pushed Joe down?”

They presumptuously reasoned out the “truth”.

Tony’s eyes became more and more angry.

Xavier hurriedly said, “No, it is impossible for her not to have been of such an occasion. She is only 18 years old. Lack of money!”

For a genius like Hedy, the local Chess Association will spend a lot of money to cultivate them, so how can they wrong her!

## Chapter 98

Tony’s hostility, the real culprit of the severed hand case was announced, and everyone was shocked.

“What? You said that Hedy is an 18-year-old alternate chess master?”

Joe is 19 years old, and only a first-level chess player...”

“She is better than

Joe ?” Xavier nodded, “Ms. Ellis is also going to participate in this competition It is impossible for the people in the master selection. contest to bully Joe for a piece of cake!” He looked at

Joe again, and said anxiously, “ Joe, tell me what happened just now, and don’t let everyone misunderstand Ms. Ellis.”

Everyone looked at Joe, but Joe still didn’t speak, as if he was a deaf-mute.

“That’s enough!” Tony stood in front of Joe, blocking everyone from probing.

Joe has been bullied before and has a psychological shadow, so he can’t stand such persecution. He looked at Hedy with hostility, “Even if she didn’t push him, she didn’t help Joe up after he fell to the ground!”

Everyone nodded.

“That’s right, she is the closest to Joe, but she just looks on and doesn’t help!”

“It’s so cold-blooded, how can such a heartless person be a heroine who saves people!” ”

Sure enough, she only held him to save herself." The lighter!"

"If you want me to say, she pushed Joe, it can't be wrong!"

At this moment, a white-haired old man in a blue Tang suit came up from the crowd, leaning on a mahogany cane,

"Okay, everything is fine." Stop arguing, since Joe is fine and there is no evidence in the monitoring, don't rush to label a little girl, it's not like our Go players."

His name is Tod, and he is the oldest master in the Go world. Known as "Old Lu" by outsiders, he is one of the referees of the "Go Field" of this master selection competition.

Tod stopped in front of Hedy, his piercing eyes filled with admiration,

"It's not easy to become an alternate chess master at the age of 18. Which field are you a chess player in?"

In this chess master competition, a total of There are five arenas.

They are, Go arena, chess arena, shogi arena, chess arena and checkers arena.

Tod is the referee of the Go game, and he knows the information of the contestants like the back of his hand.

There is no word "Hedy" in the Go arena, which means that she is from another arena.

He wished Hedy was playing chess.

Chess, like Go, is an ancient game].

"The chess field." Hedy told the truth.

When the words fell to the ground, all the appreciation in Tod's eyes disappeared, and he turned into anger, holding a mahogany cane and hitting the ground heavily,

"I don't learn chess in my own country, so I went to learn from

foreigners, and I was promoted to an alternate chess master at a young age. Decent!

It is because of the existence of people like you who worship foreigners and foreigners that our country's traditional culture has become more and more declining. You are not welcome at the banquet in the Go arena, go out!" No matter what kind of chess you play, you need strong logical thinking ability and abstract thinking

ability.

If Hedy can devote the energy of learning chess to learning Go, his achievements will not be low!

But she chose to learn from foreigners, which really disappointed

Tod! "If you don't welcome, you won't welcome. My sister, Hedy, doesn't care about being here!" Ray came over with a cigarette in his mouth after working overtime, and accused Tod,

"Old man, why do you control the world and people shit and fart? Does the law stipulate that Americans are not allowed to learn chess? Hedy, let's go! Ignore them!"

Ray took Hedy's arm and walked out of the hotel.

"Wait a minute!" Xavier chased out, stopped the two, and said apologetically,

"I didn't say Ms. Ellis on purpose, he was too unwilling to speak out

because of the current situation in the Go world, I will give Ms. Ellis apologizes."

"Not for what?" Ray asked.

He doesn't know how to play Go, and he doesn't usually observe these things, and is only busy with handling cases.

Xavier sighed, "Since the reform and opening up, the United States has bordered the world, and a group of people who are proud to speak

French have been born. Their blind worship squeezes the traditional culture of the United States into a corner.

Take Go, you may not know it, now The most powerful players in Go are from Toyo, Japan and Japan. There is a talented

Japanese player named Shita Yamamoto in the Go arena of this competition. He is an 18-year-old alternate chess master.

He has participated in many He has also won many awards in the Go competition. Every time he is interviewed, he will laugh at the fact that no one in the USA can play. He

said that if the ancestors of the USA knew the game he invented and were mastered by Japan, they would definitely be so angry that they would unravel the coffin, I wish I could go back to the original palace and put an end to such embarrassing offspring."

"It sounds like I deserve a beating." Ray took a puff of his cigarette, with a melancholy expression on his face.

"That's why I feel so sad that people in the USA don't learn Go..." Xavier was helpless.

"Okay, sister Hedy and I don't know as much as him, you go back, we're going to have sex too."

Ray stuffed Hedy into the police car.

After getting into the car, Hedy found three people in the car.

One is Ray's girlfriend Sid, sitting in the co-pilot.

One is the fat police officer under Ray, sitting in the back row with a little girl in her early teens.

The little girl was beautiful, with black eyes, wearing a cheap pink floral dress, her wrists were bald and showed signs of being chopped.

“Betty, Ted ‘s daughter.” Ray got into the driver’s seat and explained to Hedy,

“Her father was detained for fifteen days, and her daughter was left alone. Her mother passed away a few years ago, so we had to take care of it temporarily.

Sid and I rented the house is too small, there is no place for her to sleep, and there is no place for Fatty to live in a dormitory, we have made up our minds, let Betty stay with you in a hotel for a few nights, and just send him to the police station during the day.”

Betty looked at Hedy timidly.

“Yeah.” Hedy nodded.

“Go, fuck!” Ray stepped on the gas pedal.

Five-star hotel. Carrying a small red suitcase,

Tony followed Joe’s electric wheelchair to the pre-booked VIP room.

He opened the door, let Joe in, and put the suitcase on the table.

Before leaving, he half squatted in front of the wheelchair, his pretty face was extremely serious and affectionate,

“Call me if you have anything to do, and call me if you are not happy. I will always be with you, you know?”

“Well, thank you Brother Tony .” Joe nodded, his voice soft.

Tony just left.

After he left, Joe opened the combination lock of the small suitcase, and placed the contents on the desk one by one.

It was ten cylindrical glass bottles filled with formalin, and each bottle. contained a severed hand, paired in pairs.

There are men and women in the bones of the severed hands, and there, are old and young in shape.

Each bottle is marked with the

corresponding name.

Joe looked at them, as if he was admiring the most advanced works of art, intoxicated and fascinated.

She picked up a bottle with “Betty” written on it, and rubbed it on her cheeks, like lovers, with a gentle voice,

“You are my lucky charm, and you will help me defeat Shita

Yamamoto, right?”

Putting down the bottle, he said coldly.

“Miss.” The bodyguard waiting in the room responded.

“Since S City Police Captain Ray is so interested in the severed hand case, let’s give them a little color – give it now!”

## Chapter 99

The girl next door has just grown up, and she is powerful and powerful

Ray took Hedy and others into an empty night food stall to order food.

The delicious smell of barbecue invaded everyone’s nostrils, even Hedy, who ate some cake earlier, was aroused a bit of appetite.

The first batch of kebabs came to the table, and the two men feasted on them.

Betty sat upright, quietly swallowing a mouthful of saliva. Seeing this,

Sid rolled the skewers with his left hand, took out a skewer with his right hand, and fed it to Betty’s mouth, “Are you hungry?”

The poor little girl’s hand was chopped off, and it’s hard to eat without someone feeding her.

Betty didn’t dare to eat, but looked at Ray, waiting for the police captain’s order.

“Eat, what are you looking at me for? Do I look like someone who doesn’t feed children?” Ray asked the fat policeman, his eyes widening.

“Like.” The fat policeman nodded.

“Fuck you!”

Several people laughed and cursed together, and Betty was not so nervous anymore.

After a while, the second batch of skewers came out, and the boss put

“Wait a minute!” Ray was arm-wrestling with the fat policeman, blushing and thick-necked.

Sid is feeding Betty a drink.

“I’ll go get it.” Hedy said calmly, stood up and walked into the store.

The moment she entered the store, a group of muscular, tattooed men ran up the alley next to the food stall,

They carried narrow and long machetes and slashed at

Ray's back. "Ray! Watch out!" Sid yelled.

Thanks to Ray being a policeman, he has practiced fighting a lot, lying on the table to avoid the attack, and got up to wrestle with this group of people.

The fat cop joins the fight, and Sid hides aside while protecting

Betty. Everything changes in an instant.

There were many people on the other side, and they were holding weapons. Ray and the fat policeman were quickly subdued, and Sid and Betty were also surrounded by villains.

"Ray is long." The flower-armed man at the head put the machete by Ray's neck and narrowed his eyes,

"You investigated a case that shouldn't be investigated. Should I cut off one of your ears? Or chop off your finger?"

"Who sent you?" Ray looked angry.

Over the years he has investigated and handled cases, he has offended many people, but no one has dared to lay hands on the police so blatantly!

"You don't care if I'm-"

Hedy appeared at the door before she finished speaking. She lowered her head and slowly put the skewer plate on the table without looking at the crowd.

The neon lights cast star-like brilliance on her curled eyelashes, and she said lightly,

"Let them go.

The cold command tone caught the ears of everyone present.

Ray shouted at the top of his voice, "Sister Hedy, run!"

The girl next door, who has always been timid, has thin arms and legs, why doesn't she run away when something happens, and instead yells at the wicked?

There are a dozen vicious villains here!

The flower-armed man let out a hey, walked up to Hedy with a machete in his hand, and grabbed Hedy's neck with his other hand, saying contemptuously, "You little bitch is quite crazy?" Before he touched Hedy, Hedy turned expressionlessly. Dodging from the back side, he quickly reached out and locked his neck behind him, and pulled him down violently.

Boom!

The flower-armed man slammed his head on the table heavily, making a big gap in the cheap table made of sawdust plywood.

The whole process seems to be completed in the blink of an eye.

“I told you to let them go, didn’t you hear?” Hedy stood still and looked down at him, her beautiful eyes gradually becoming angry.

The fat policeman stared straight at him.

Ray’s sister is so cool!

The flower-armed man didn’t feel pulled, he only had a kind of humiliation and anger of being beaten by a woman in his heart, he raised the machete and swung Hedy’s neck.

Hedy stepped back to hide.

The flower-armed man chased after him, raised his hand and chopped off Hedy’s shoulder.

Hedy grabbed the arm of the flower-armed man and twisted his wrist.

“Ah!” The flower-armed man stretched out his five fingers in pain, and the machete fell to the ground with a bang.

Hedy let go of his hand, raised his leg and kicked the flower-armed man’s face, and the flower-armed man stepped back again and again, knocking down a table, chairs and benches.

Seeing this, the strong men around looked at each other and besieged them with machetes.

Hedy looked as usual, with his toes pointing up, he raised the machete. that the flower-armed man left near her, reached out to hold it, and raised it to block.

bass!

Blades collide!

For the next ten minutes, Ray, Sid, the fat policeman, and Betty were

dumbfounded, watching Hedy see every move, wait for an opportunity to counterattack, and kick the group of strong men down one by one.

Fat Policeman, “Excuse me, am I watching a Hollywood blockbuster action movie in a movie theater?”

Sid, “It may also be a kung fu movie,”

Ray, “The girl next door is just growing up...”

Betty, “She is as powerful as a mountain!”

She I feel that big sister Hedy is as powerful as the Overlord of Western in the TV series!

“Well said.” Ray finished patting Betty on the shoulder and dialed the police number.

Not long after, a group of policemen pushed the strong man into the police car.

“Sid, you send my sister and Betty to the hotel, and I’ll take Fatty back to interrogate them.” Ray left.

“Okay.” Sid drove and sent Hedy and Betty to a business hotel.

On the way, Sid was worried that today’s incident would scare the young Betty, so he explained,

“Betty is so brave, she hasn’t cried all this time, isn’t she afraid?”

Ordinary children may cry like this when they encounter such a thing.

“Afraid of ducks.” Betty smiled innocently, “But, crying is useless, right?”

After her hands were cut off, she kept crying, crying, but no amount of

That being the case, why not use the crying time to do other things?

The answer made Sid fall silent.

It also made Hedy raise his eyes and look at Betty one more time.

Business hotels are not as luxurious as five-star hotels, but they are clean and well-equipped.

Hedy and Betty were sleeping together without much communication.

The former is cold and the latter is timid.

the next day.

Hedy wakes up and washes up, and Betty stays in bed.

The temperature was low in the morning, so Betty clamped the chain with her bare arms, unzipped the backpack with great effort, and took out a coat with great effort.

The coat is a button-down shirt that she bought before, and she can only button it herself when her father is away.

She squeezed and pushed and pushed, and several minutes passed, but she couldn’t buckle one.

Just about to give up, Hedy squatted in front of her, fastening all the buttons for her with her slender and beautiful fingers, her delicate face was calm and unwavering.

“Thank you sister!” Betty blushed.

Her dad made trouble for her sister, she herself disturbed her sister’s

“Hurry up and attend the opening ceremony of the master selection competition, don’t be late.”

“Follow me to the police station.” Hedy pulled out the key card.

The two went to the police station by car, and Ray and Sid happened to come to work.

“Come?” Ray yawned, lack of sleep, “I interrogated those people until midnight yesterday, and I didn’t say a word. I was so pissed off.” “Just

continue the interrogation today, Betty, come here.” Sid answered Passing Betty, he said to Hedy,

“Hurry up and attend the opening ceremony of the master selection competition, don’t be late.”

## Chapter 100

Hedy has more interview value than Joe! After Hedy left, Ray, Sid and Betty walked into the police station.

“Fatty, what about those people from yesterday, let’s continue the interrogation.” Ray was full of energy.

The fat policeman came over with a complicated expression, “They were released on bail...”

“What? Who bailed them? Who let them go?” Ray turned and looked around at his colleagues with an angry and puzzled expression.

“Ray, Sid, Fatty, the chief is calling you.” A police officer came over.

The three looked at each other, settled Betty, and walked into the director’s room. The chief of the S City Police Department is a man in his fifties with a majestic face and many medals on his police uniform.

“Director.” The three saluted in unison.

“You Iron Triangle, haven’t you been on vacation for a long time?” the director said in a concerned tone.

“What do you mean?”

“I’ve booked you a seven-day tour to the North Sea. Pack your bags and go out to play.”

“Is there such a good thing?” Fatty was delighted.

Ray frowned, “I have a case of amputation in my hand, can I go after finishing it?”

No, the ticket is at 2 o’clock this afternoon, and the case can be handled by someone else.” The director smiled.

Ray was silent.

In the past, the director wanted to use him like a donkey of the production team, so there was no reason to let him go on a seven-day vacation for no reason, and he even booked a tour group to book air tickets.

If something goes wrong, there must be a demon, and it should be related to the case of severed hands.

He thought carefully

The bureau chief didn't let him investigate, so he just did it secretly. If he entered this line of work, he had to be worthy of the uniform he was wearing.

"Okay, public travel is so cool, we'll leave in the afternoon." Ray turned around and left without hesitation.

"Ray." The director called to his most proud confidant general, with a solemn expression, and clicked, "Some people, you can't afford to offend."

That is Joe's Family, Joe's Family, who can crush Ray into powder with a flick of a finger Family!

"I know." Ray's voice was lazy, his footsteps kept moving, but his eyes became more determined.

Sky Street, Chess Building.

This is the place where the master selection competition is held, and the red carpet extends from the door to the street.

A bunch of reporters gathered around the door, unlike the paparazzi reporters, they are regular TV reporters, and this competition will be broadcast simultaneously on the TV station.

Among them were four Japanese journalists.

Reporters wore signs around their necks with filming permits for five different arenas.

Every time a chess player steps on the red carpet, a reporter will take pictures and record the material.

Some well-known chess players will be chased by reporters to ask questions.

When Tony pushed Joe, who had a small red suitcase on his lap, and Xavier appeared on the red carpet behind them, the crowd of journalists went into a commotion. "The talented female chess players from Holt Family and Joe's Family are here, hurry up and interview them!"

They swarmed up, and after a brief interview with Gemini, they focused on interviewing Joe.

Joe, do you think you can break through the siege and win the master title in one fell swoop?"

"Are you sure you can beat Japan's Shita Yamamoto?"

"Shita Yamamoto made a statement internationally before the game, saying that you can't last 70 steps in front of him, What do you want to

say about this?"

"Have you done any special review training for

Shita Yamamoto?" Joe answered their questions with a smile and was very polite, which aroused the reporter's inner emotion, "

It really deserves to be Rose from a wealthy family.!

At the same time, I am very regretful, It would be great if Joe didn't have a disability!

If she had no disabilities, she would definitely have a greater fortune!

In the lively and exciting atmosphere, a reporter in charge of filming Go, poked the reporter in charge of arranging chess, and raised his eyebrows, "How

about it, are you envious of our Go world, who is so young and so topical? A 19-year-old first-class female chess player?"

Joe is undoubtedly admired by the outside world.

She came from a big family, but suffered a car accident and became disabled.

Instead of being depressed, she focused on Go and became a well-known talented female chess player in the USA.

You know, women are at a disadvantage when it comes to chess.

Because playing chess requires a calm and rational brain, and women are often emotional creatures.

Looking at the rankings of top chess players in various types of chess in the world, there are really not many women.

As a woman, after being disabled in a car acci

Joe can still stand at the current height at the age of 19. It is really rare and very inspirational. Many textbooks about Go have used her as the cover character, which shows her status in the Go world.

The chess reporter who was mentioned by the Go reporter glanced lazily at Joe,

"Yes, yes, I envy you that there is such an awesome 19-year-old first-level female chess player in your Go world.

Unlike our chess world, there is only one An 18-year-old female alternate master.

Besides playing chess, the master just won a hip-hop champion, a car racing champion, an Olympiad champion, a companion player champion, and a monthly exam champion, that's all!" "?" Go reporter,

"Wait a

minute, I seem to be hearing impaired, can you say it again?"

A low-key taxi stopped at the entrance of the red carpet.

Hedy, wearing a peaked cap, leaned forward.

"Hedy Ms. Ellis is here!" the chess reporter howled.

The reporters immediately focused on Hedy. Even the people who interviewed

Joe before replaced the interview target and approached Hedy.

"Ms. Ellis, are you sure you can win the title of Chess Master?"

Netizens are very curious, how do you not waste your studies and at the same time, you are so versatile!”

Which university do you plan to apply for in the college entrance examination?”

“How did you meet ‘ Sam’, the big guy in photography ?”

“I don’t interview you, I just want you to sign me!”

Joe is a genius in the Go’world.

Hedy is different.

She is almost an all-around genius!

And younger than Joe!

Who should I focus on interviewing, who is more valuable to interview, and do I need someone to remind me?

Faced with numerous questions from the reporters, Hedy didn’t say a word, put his hands in his pockets, passed by the twin stars of the Holt Family and Joe, and walked into the building, no one bothered to pay attention.

“Damn it!” Reporter A slapped his thigh suddenly, and suddenly realized,

“Isn’t this attire the heroine who saved all the passengers in Nanc1226 yesterday? Hedy is really amazing!” In the

middle of the red carpet, Xavier’s amber pupils Shining, “Is my right girl so powerful?”

“No matter how powerful she is, she’s still a cold-blooded animal.” Tony pushed Joe in.

No one noticed, the decent smile on

Joe’s face dissipated, his eyes became colder and colder, and his hand holding the red suitcase became tighter and tighter. -For about an

hour,

all the players and referees of this tournament were present except for

Shita Yamamoto “, who received much attention. The opening ceremony starts.

The opening ceremony looked no different from a serious press conference, with five referee representatives from five venues delivering speeches and congratulations. The representative of the referee in the Go game is

Tod who had reprimanded Hedy before.

Hedy doesn’t know the remaining four, but only know
