

## Genius 2881

### Chapter 2881

After hearing this, Jiayuan I stretched out his finger and gave a light tap on Yin Xiao Boa's head, while the latter cooperated and shrank his neck.

"Since you know the state affairs, you are still joking with this king."

This is not his small test, but in general, Yin Xiao Boa's answer although a little naughty but he is still quite satisfied, thankful, receive the principal and understand the matter.

The people behind him had already told him not to interfere with anything in the royal family, and to avenge his family, he only had to serve the king as well as he could.

And she now understands, can sit on the throne of the king and how can be ordinary people.

"Your Majesty, so say well, the state affairs, you ask me a small woman, is not a white question?"

A sentence all of the Jia Yuan I laughed straight.

"By the way, your Majesty, can you tell me what causes this body of yours?"

"I also have someone to find a special physician and herbs for you, so that you can recover soon."

Jiayuan I shook his head with a bitter smile, "You don't have to waste this mind on finding medicine and medical practitioners."

He the lord of a country are not able to, how can go to expect a little girl, of course have this heart is always good.

"The reason, to can also explain to you, anyway, is not a state secret."

Jiayuan I look beyond the palace, the eyes also became deep.

"Counting should also have more than twenty years, at that time the little boa was not even born yet."

"At that time, there was an expert who surpa\*sed the Patriarch outside the country, infiltrated our Southeast Asia to take away a divine item.

And that expert, the cultivation is indeed extremely evil gong method, at the cost of human blood, with human life as the foundation of cultivation."

"If he takes away which divine object and cultivates it, in the future, our Southeast Asia area will definitely be coated with living beings."

Yin Xiao Boa took advantage of the break in his speech to ask curiously, "Your Majesty, which country is that expert from?"

Jiayuan I shook his head and spoke with a serious face.

“He is a forbidden general existence, it is better for you not to know, knowing about him will only bring you calamity.”

After he cautioned, then said.

“In order, not to let that forbidden expert take away the divine relic, thought a permanent aftermath, this king contacted a group of experts from the Basha divine Mountain.”

“After they learned the original story, they made an exception to the mountain in the interest of the greater good.”

“Then I had contacted, Lin Xiao of China joined forces together and planned to surround and kill the forbidden experts.”

Yin Xiao Boa froze: “That Lin Xiao, what is it?”

Basha divine Mountain is a high-end atmospheric existence, and Jiayuan I is noble as the lord of a country, such a lineup, suddenly appeared a notorious Lin Xiao, seems extraordinarily abrupt.

“Lin Xiao ah!”

After Jiayuan I repeated this name, a look of remembrance appeared in his eyes at first.

“He was the king of the North of the then Chinese country, his talent was crowned with a world of talent, he was upright and bold, yet he was borderline.

If he had not died halfway, today should be should also be the world’s top experts.”

“Unfortunately so buddy ..... Forget it, do not mention this. .”

Yin Xiao Anaconda quietly looked at the king in front of him, from the sorry expression on his face can be seen, he and Lin Xiao’s relationship is not shallow.

After secretly noting this information in his heart, Yin Xiao Anaconda redirected the topic back.

“Your Majesty, what happened afterwards?”

“Afterwards, it was a scorching and tragic siege battle, this forbidden expert, although he was alone.

But we also paid a heavy price to keep it forever in Southeast Asia.”

“And the reason why my body is so poor is also because of the serious injuries suffered in that great battle, which led to.”

## **Chapter 2882**

Knowing that Jia Yuan Yi could not possibly divulge information about that expert, Yin Xiao Boa focused her gaze on that divine object.

“Your Majesty, what is that divine object that you are talking about, mysteriously.”

Jiayuan I shook his head helplessly, “It is said to be a divine stone, and those who obtain him can become a dominant expert within a period of time, even if they do not have any martial arts foundation.”

“Of course, you don’t have to think about it, the divine object disappeared after the Great War. Later, for several years, the three forces are constantly searching, but unfortunately all came up empty.”

Yin Xiao Boa took this matter also quietly in his heart, and then began to flatter the old king.

“It’s a pity that Boa was born a few years late, or else she might have seen Your Majesty’s valiant heroism in killing demons and eliminating devils.”

Said her soulful eyes, then a strong feeling of longing.

Jiayuan I scratched her nose with a dotting face: “What a sweet little mouth, a slip of the tongue.”

“I am telling the truth! Nasty.”

Jiayuan Yi Shi saw her angry look and originally wanted to tease her, but the sleepiness that came without him made him yawn.

Yin Xiao Boa also understood: “Your Majesty, then you should rest first, and Xiao Boa will retire.”

Before leaving, she also carefully put on a thick blanket for Jiayuan I. After offering a kiss on his forehead, she turned around and walked out of the room, and by the time she stepped out of the door, the sound of snoring was already rising behind her.

“Greetings, Your Highness!”

After seeing Yin Xiao Boa, the king’s new favorite, the guards hurriedly saluted respectfully.

“His Majesty has already fallen asleep, don’t let outsiders disturb the coming.”

Yin Xiao Boa instructed, before leaving without delay.

After she returned to her boudoir, before the tea table Wen Qiang was slowly tasting the tea in front of him, only Yin Xiao Anaconda was not surprised to see him, instead, she familiarly took off her dignified and gorgeous jacket, revealing her exquisite body.

The reason why she could have the opportunity to enter the royal palace and approach Jiayuan I was completely also because of the support behind Wen Qiang as well as the Great Prince, otherwise she alone would not have been able to do such a big thing.

“Mr. Wen, you are really bold, how dare you trespa\*s on the boudoir of the princess in broad daylight.

If His Majesty finds out about this, be careful with your life!”

Wen Qiang didn’t care at all: “It’s okay, it’s worth my life to have a king consort to bury with before I die.”

Yin Xiao Boa smiled charmingly, and her eyes flashed with a little glow.

“Mr. Wen on this point of pursuit, right, slave girl to make you more worthy.”

Finished, she gently tugged to their thin clothes white shoulders as well as the hidden biceps, instantly revealed in front of the eyes.

After Wen Qiang stood up, the back of his hand gently crossed the former's white and smooth skin, I have to admit, this woman after a few days of royal inculcation, more and more charming, plus the aura of the superior, ordinary people difficult really can not hold.

Unfortunately, he, Wen Qiang, was not among them.

"Your Highness is born with a good skin, no wonder it makes His Majesty dote on you."

Yin Xiao Boa was pinched by the other side chin, lowering her eyebrows shyly a smile.

"It is whether the slave servant can get Mr. Wen's favor yet."

Such a flirtatious expression, completely at the mercy of Wen Qiang arbitrary picking ravishing look.

And Yin Xiao Boa was not joking, if the other party had gone further, she might have pretended to resist a bit, thus arousing the other party's desire to conquer, but the ending would definitely be obedient and submissive.

She has seen all the members of the royal family, although there is no shortage of high prince and princess, but no one can compare with the Wen Qiang in front of her, it is not about temperament, status or appearance, but Wen Qiang gives her a feeling more like a chess player.

Chapter 2883

Yin Xiao boa after the extermination of the clan experienced life and death, he has long ceased to be that ignorant young girl, not only the mind is strong, the mind has also become more mature.

It is because of this that she knows that the half foot in the coffin king can not give her shelter, want to revenge at ease, she must find a solid backer, and her best target is the immediate Wen Qiang.

Unfortunately, although she has the intention to throw her arms around, but people Wen Qiang simply do not move, before the ambiguous interaction is more like a show.

"My princess, you are playing with fire."

After saying that, Wen Qiang took back his long fingers and sat back down, once again picked up the cup of hot tea that was still smoking white.

Yin Xiao Anaconda saw the situation and felt as if she had been teased, but although there was fire in her heart, but she quickly suppressed it, now she had to beg, and it was not the time to turn the other cheek.

After a faint smile, Yin Xiao Boa quickly cleaned up her instrument.

"Mr. Wen, I have some information that I think might interest you."

"Oh, tell me about it."

"I learned about some past events under the casual conversation with His Majesty ....."

Perhaps Jiayuan I also did not expect that his own royal palace have begun to be encroached upon by his own son, and his most favored royal concubine, but also told what he said, the original to outsiders.

After listening to it, Wen Qiang pondered with a tight frown and quickly grasped the point.

“There is an important intelligence in this.”

“One is the matter of His Majesty’s injury; two is the divine stone; three is the mysterious forbidden expert; as for the fourth well is the King of the North.”

Yin Xiao Boa was deeply impressed by the first three things, but after hearing the fourth point, her eyebrows shrank.

“Is not a person already in the ground, why are you all so concerned about him.”

Wen Qiang laughed: “Those who don’t know are fearless, you can’t imagine how strong the Lin family was at its peak.”

“Especially the King of the North, Lin Xiao, that is known as an existence that could possibly surpa\*s the War God of China, even the War God himself admitted this.”

But such an achievement is not worth mentioning in Yin Xiao Boa’s eyes: “In the end, he still turned into dust.”

Wen Qiang secretly shook his head, more such people can not explain, he is to understand the people who have been inside the year, the battle of the northern border involved in the gathering of the war, extinguished ten Wanxiang are more than enough.

“Forget it, let’s not dwell on this matter, or to talk about the matter of the divine stone.

This, what does the crown princess think about it?”

Speaking of this matter, Yin Xiao Boa’s face, which was originally playful, instantly became serious.

“I see that His Majesty does not look like a lie, that year, among the three powers, the king of the north, the Lin family was exterminated several times, and the divine stone is not in the royal family.

In this regard it seems that the most likely place to appear is over the Bashar divine Mountain.”

Wen Qiang nodded and gave Yin Xiao Boa a surprised look, not expecting that this young girl was also so smart.

“This is what I also see. I just don’t know what your plans are, Your Highness?”

“I don’t care about anything else, this divine stone I must get, this is my bottom line.”

Yin Xiao Boa’s serious and earnest appearance had the feeling that if she didn’t give me the divine stone, she would lift the table.

And her idea was simple, since Wen Qiang could not be relied on, she could only rely on herself, after she was seated as the crown princess, with the aid of the divine stone, she could still kill Lin Mo with herself, and this divine stone was the key to it.

“This is naturally no problem, as long as you obediently listen to my arrangements, the divine stone and all that is fine?”

After saying this, he calmly took a sip of tea and looked at Yin Xiao Boa with deep meaning.

And that he a “I” word instead of the big prince, which in Yin Xiao Anaconda heard is extraordinarily harsh, but after she understood, also reported the same smile Wen Qiang.

## **Chapter 2884**

On the other side, at the Sixth Prince’s castle.

Since she recovered from the ecstasy last time, Bai Shaoer has been staying over here, with the beautiful name of being a reparation, allowing him to have fun in the country of Wanxiang.

And the thing that makes her vanity burst is that every time she goes out, the third prince Jiabailiou is accompanied by her, the compulsion is instantly full.

“Your Highness, there is no need to be so troublesome, I am just going out for a little viewing and shopping, it is embarra\*sing to have you accompany me all the time.”

Although she said so, but feel the other women on the road cast admiring glances, white shallow can not help but straighten the waist, chin slightly up.

This feeling is simply awesome, after living for more than twenty years, this is also the first time she has this kind of treatment.

Jia Bai slightly disdain, but the face does overflow with a warm smile.

“Can accompany and shallow such a beautiful girl together shopping, that is my honor’s, besides you are you and Lin brother is old country, I naturally have to take care of thoughtful, otherwise Lin brother can blame me.”

If Lin Mo himself or other knowledgeable people were present, they might have scoffed at his words.

From the beginning to now, this Jia Bailiu is hard to rub Lin Mo’s goodwill, at most can only be considered friends, far from the point of brothers. But can’t help but at this time drifting white shallow child still ignorant it.

In addition to the third prince so a compliment, she floated even higher.

“Nasty, your highness, I’m just an ordinary girl.”

The mouth said ordinary, but the heart is already happy.

“By the way, the meaning of Your Highness’s words, you and Lin Mo’s relationship is very close?”

“That’s natural!”

Third Prince Jia Bai slightly smiled mysteriously and came up to her side and said softly.

“Back then at my sixth brother’s banquet, if I hadn’t stopped my second sister, she would have struck out at Lin Mo long ago.”

“You were in a coma at that time and did not know about it, but you know ask the guards in my castle and you will know.”

White shallow child does not make doubts, which day the third prince to intervene to stop, as well as the defense of their own matter, she has long heard of.

“What’s more, a few days ago, Lin Mo held a banquet, but I personally went to support him.

Don’t look at my sixth brother Jiade Lie and Lin Mo’s superficial relationship so well.

Lin Mo held such a grand banquet he also only sent a beloved to appear.”

“So you get it!”

These things are all obvious things, not to be panicked at all, just stolen by the third prince, but Bai Shaoer is convinced.

“No wonder, but I still want to thank Your Highness, the company of these few days now.”

Jia Bai Luo saw this look in her heart secretly smug, while generously expressed.

“My brother’s friend is soon my friend, Miss Asahier you always mention this thank you more or less is a bit out of place.”

“By the way, Miss Asahier, I have always had a question in my heart, I do not know if it is convenient to ask you?”

The company has already fallen into the pit at this time, did not even think more then directly agreed to it.

“Miss White first of all, I do not mean anything else, purely just curious.”

Bai Shaoer looked at his restrained appearance of, suddenly covered his mouth a smile, did not expect that your son of a king, also has such a cute side.

“Hee hee, your highness you just dare to ask, I will not count, did not you say, we are all friends ah.”

After slightly scratching his head in embarra\*sment, Jiabai then opened his mouth and asked.

“It’s like this, I’m just a little curious, why this time Miss Bai Rongruo why you have and you came together.”

“I heard that Miss Rongruo and Miss Asahier, known as the White Family double pearl it!”

This time, Bai Sha’er faced with his boast did not leave a happy smile again, however a worried expression.

## **Chapter 2885**

"I originally wanted to speak to Lin Mo about this matter face to face, but he left too quickly last time and hasn't had the chance."

"Since Your Highness and Lin Mo are good brothers, please help Your Highness to convey it to me."

The third prince saw her look so serious also secretly felt that there was something hidden in it, so he then exactly found a high-end restaurant and took Bai Shaoer into the private box.

"I've already ordered people to check the whole neighborhood, so don't worry about the ears on the wall, Miss Asael please speak.

I will definitely convey the truth to Brother Lin."

After Bai Shallow nodded, only then did she tell a secret.

"My bestie Rong originally intended to come to the Great Qu United Province for a period of time even if she didn't receive an invitation."

"Only, just a week before the departure, he suddenly began to launch a high fever and was in a coma for several days."

"Then later, when she woke up again, something strange happened.

A serving servant, after contact with RongRong's palm, turned into a dry corpse in just three or five seconds."

She paused in her speech, the expression on her face also became more and more serious.

The third prince heard at this point, could not help but gulp, how this thing sounds so seeping it.

"Dry corpse?"

White shallow nodded with a serious face.

"Yes, I was at the scene and saw it with my own eyes."

"Later on, I heard the old man Bai say that Rong Rong this is awakened in the body of the white family once in a thousand years white king bloodline.

Although the strength soared straight to the patriarchal powerhouse, but there is a terrible side effect."

"As long as she comes into contact with other people, she will instantly suck away the other person's flesh and blood spirit, and finally turn into a dry corpse."

When the third prince heard this, he also felt aware that he had been informed of a remarkable news, and at the same time, he was also secretly amazed that the strength was straightforward to the sect master ah, this was a level that the majority of martial artists would not reach in their lifetime.

"So, this is the reason for Miss Bai Rongruo's absence?"

"Yes, after RongRuo's body appeared strange change, in order not to bring danger to the people around her then chose to close down and cultivate.

If this bizarre symptom cannot be resolved, RongRong may not be able to come out for the rest of her life.”

In fact, at first, Bai Rongruo’s idea is to let Bai Shallow’s play while, by the way, help themselves to look after Lin Mo, if Lin Mo encountered a threat, you can always contact yourself to mobilize the forces lurking within the Great Qu.

The original white shallow child is intended to find a suitable time and place after the banquet, to inform Lin Mo at this time, but the banquet midway, he was drugged, and when he sobered up after Lin Mo has sneaked back and mountain to deal with the Kong family.

This matter was shelved for a period of time, after the fall of the Kong family, she intended to contact Lin Mo by phone about a time to meet, but has been contacted to make up for it, she did not meet the three princes are intended to go directly to the city of Heshan to Lin Mo face to face about this matter.

Although the white old man and white rongruo, stressed again and again Lin Mo is now dealing with a major event, can not be this matter and he said, but white shallow child is in can not bear to own bosom friend suffer that kind of crime.

White shallow child due to again and again after, or decided to let Lin Mo know, when the time will not Kyoto is his choice.

Inside the box, the three princes after listening to the process, suppress their surprised interest, replaced with a smiling face.

“Miss Asahier, I know about this matter, when the time comes I will convey the original message to Brother Lin.”

“Then, thank you, Your Highness!”

Talking about this point, Bai Shou’er also did not have the nature of shopping further, and after speaking with the third prince, he went back alone.

Just what he did not know was that Jia Bai Liao, whom she originally thought to be on good terms with Lin Mo, drove away in a sub-haste after learning this news.

## **Chapter 2886**

After arriving at the White Elephant Manor, the third prince slowly parked his luxurious seat beneath him.

“Hello sir please show, your VIP card!”

This is the rules of the White Elephant Manor, regardless of identity only recognize the card, and the two biggest points of this place is the issue of confidentiality, do not worry about being tracked, enter the manor range, all customers will put on a uniform mask, and then a receptionist led to the four-way bottom labyrinth, and finally arrived at the appropriate room, midway any customer may not move at will.

“Sir this your box, wish you a happy meal.”

The manor is said to be a distinctive restaurant, rather than a place for the exchange of various confidential information.

After the third prince pushed open the door of the room with his mask, someone was already waiting for him inside.

“Mr. Wen, I didn’t expect you to come so early!”

That’s right the person in front of him was none other than Wen Qiang, and was also the owner behind this manor.

To outsiders, he has been the first prince’s advisor, but in fact his real identity, is the third prince’s man.

When Wen Qiang saw Jia Bailiou, he hurriedly stood up and bent down to perform the etiquette reserved for royal nobles.

“Greetings, Your Highness the Third Prince!”

“Mr. Wen, what are you doing? We are like brothers, there is no need to do these false manners.”

Gabriella quickly stepped forward and put Wen Qiang in his place, then the latter sat down together, after exchanging a few pleasantries Gabriella went straight to the main topic.

“This time I called you to come here, on the one hand, I want to understand my brother’s secret actions during this period of time.

On the other hand, there are also some things I want to talk to you about on my side.”

After the meeting, Wen Qiang respectfully revealed all the secret plans of the Grand Prince, all of them.

“Good man, this big brother of mine is still exactly bold, to rush to place his own people in front of Father.

If the father king knows that he knows about this, he will definitely not end up well.”

Of course, this is just a casual remark, even if he reveals this, there is no evidence, but to alarm the snake, in addition, even if the king is angry, but in consideration of the royal face, will choose to suppress this matter, at most reprimand the first prince some.

Without a fatal blow and is the premise of great certainty, between the prince and the prince and will not fight to the death, snipe or other princes.

“As for the black-robed man that His Highness Gabriel saw at the Kazan City banquet, I did not find out the identity of the other party.

This matter is so tightly grasped by the Grand Prince that even a few other beloved members of his inner circle have not known about it, except for himself.”

The third prince did not dwell too much on this matter: “It’s just a few fighters, the shadow can’t think about the big picture.”

“By the way, I just learned of a peculiar matter, it is about the White Family in Kyoto, China.”

Saying that, the third prince directly leaked out what Bai Shaoer said to him, intact.

After listening to it, Wen Qiang frowned and pondered for a while before returning.

“This matter reveals bizarre, but the intelligence we know today is too little, the story of the White King’s bloodline awakening may be a smoky formation put out by the White Family.”

“This matter, I still need a little time to check some evidence, when there is news, I will inform Your Highness at the first time.”

Jia Bailiu waved his hand: “It’s okay, this matter is just a mystery, it doesn’t affect us much.”

“Consider it as a news, just listen to see, no need to talk too much thought.”

These years the old king’s health, day by day, his primary goal as a prince or put on top of the throne struggle, as for other things, as long as the sky is not falling, through to me to flash to once.

“Mr. Wen, the conflict between my elder brother and the sixth brother, you well from the side to add fire, if you can fight hands, it is the best .....”

The next topic, then began to turn to the stage of provoking relations, secretly layout, the two sides began to discuss.

## **Chapter 2887**

The meeting process between Wen Qiang and the Third Prince lasted for about two hours or so, and while exchanging information, both sides also made a clear direction for the next plan.

“Mr. Wen, there are too many eyes staring at me, so I won’t stay much longer, thank you for your hard work.”

“It is an honor for me, Wen Qiang, to serve Your Highness, Your Highness is not required to be polite.”

“Then I will leave first.”

When the third prince left since, Wen Qiang sat back on top of the magnificent seat, holding a tall gla\*s in one hand and slowly and elegantly shaking it, the expensive red wine inside it was like bright red blood constantly swaying.

After a while, the knock on the door of the box suddenly recalled.

“Lord, the third prince has driven away.”

Wen Qiang stopped the movement in his hands and took a shallow sip.

“Okay, I know, Xiaolan sit down and eat some together, this table of dishes is worth hundreds of thousands of dollars.

These princes, exactly defeat eat two bites and then leave.”

He said he picked up the white jade chopsticks and ate by himself, but did not eat a few bites of food, he suddenly stood up.

“You eat first, later let Xiao Zhu come to my study.”

The plum, the orchid, the bamboo and the chrysanthemum are Wen Qiang’s four beloved maids, he finished wiping his mouth and left the place directly from the secret passage.

After Wen Qiang came to the study, he immediately took out a pen and paper and listed out all the key information about the Bai family’s change.

He stared at the three words Bai Rongruo on the head of the paper for a long time, and a pensive look appeared on his face.

Wen Qiang for ‘a thousand years a white king bloodline’ statement to deceive others is okay, in front of him is a complete joke, the white family was founded but a hundred years of time, which comes to the thousand-year legend.

“White King, White King .....

Wen Qiang chanted this word over and over again, and frowned more and more deeply, seeing that he could not find any breakthroughs, he simply listed the key information in the past events described by King Jiayuan I also.

“White family, white rongruo, white king, divine stone, forbidden strong man!”

After these terms flashed through his mind, Wen Qiang once again stood up and approached the bookshelf, and what came to his eyes was that the country of China and its neighboring countries in the past hundred years, all kinds of major events and all kinds of secret matters, although not complete, but already included the vast majority.

After his gaze crossed, he finally landed on the ‘Battle of Expulsion’ between Daqu United Provinces and the Japanese.

“When the Japanese sent a large number of experts into Da Qu, they were also looking for something.”

After murmuring a sentence, a spiritual light appeared in his mind, and all the broken information instantly connected together.

“I probably know it!”

A smile of surprise appeared on Wen Qiang’s face, and by the time he had strung together the entire trail in its entirety, dense intelligence information had appeared on the originally blank paper.

When he looked up, his beloved maid Xiaozhu had already arrived, only that he had just been immersed in intelligence analysis and had not noticed it.

“Xiaozhu, you came just in time, this message you send to the Japanese side.”

Said Wen Qiang and handed over a note.

“Yes!”

After Xiaozhu's voice disappeared, Wen Qiang rose a lazy back satisfied, although his head was swollen, but he liked and enjoyed this feeling of playing everyone and all the forces between the palm of his hand.

What Wanxiang, what great prince, what great prince, what great Qu, in his opinion are just tools, but just a slightly different pawn.

"My target is that sleeping dragon!"

After muttering a sentence, Wen Qiang with a deep meaningful gaze, looking far to the east.

This, Yin Xiao Boa's sixth sense is not wrong, he Wen Qiang is indeed a qualified and powerful chess player.

As for the desk, between the cluttered papers, two words could be faintly seen: chaos!

## **Chapter 2888**

Inside the Grand Prince villa complex, loaded guards patrolled back and forth, and when a group had gone by, a figure scurried over the wall, athletic body like a leopard, coming and going is to pair of guards, surprisingly none of them found his presence.

After coming to the back garden, he leaped down the inner fence, and by a good chance, the place where he landed happened to be a dry twig.

Click!

The faint sound was extraordinarily piercing under the silence.

"Who?"

With an angry cry ten-man squad, armed with rifles, flew to this side, only to find only a familiar figure when they got closer.

"Greetings, Mr. Wen!"

"What's wrong, you guys are in such a hurry, did you encounter something?"

Wen Qiang asked with a calm face after turning around.

The patrol captain answered truthfully.

"My subordinate just heard a commotion over here and thought someone had sneaked in, so I rushed over to check the situation."

"But, Mr. Wen, aren't you in your room, reading a book?"

Wen Qiang's face darkened: "Tired of reading, can't I come out to get some fresh air?"

"Why, such a thing, also need to want you to report!"

The words fell, Wen Qiang lifted his foot after lifting the twig, his face revealed a faint anger.

The captain naturally did not dare to offend, the great prince's heart and soul in front of him, his face was embarrassed: "subordinates do not dare, it is my talkative, Mr. Wen you continue, we will not disturb."

After discovering that it was a misunderstanding, said a few words into the chest microphone and the alarm was lifted!

After waiting for the patrol guard's far away, Wen Qiang could not help but breathe a sigh of relief, fortunately he reacted in time, otherwise he would have been found out.

Before you analyze the clues, wasted too much of his time, and a single-minded immersion in it, he almost to the evening meal with the Grand Prince, in order to prevent being caught following, he went out is sneaking out, the man in the room is just a stand-in.

It is also because of this that he rushed back also great quietly sneak in, just a little by a twig spoiled the big event.

After a few deep breaths, he adjusted his emotional state, which returned to his room, as for the double was removed from the disguise skin, restored the identity of the personal guard, the two looked at each other and smiled, everything is in words.

After a change of clothes, Wen Qiang rushed to the Grand Prince's dinner party.

"Mr. Wen is here, quickly take a seat, everyone is waiting for you."

"Sorry Your Highness, I just went to the back garden to get some air and almost forgot the time."

After apologizing, Wen Qiang swept his eyes around the scene, the people who came were all ministers or strategists of the Grand Prince's side, among them the Minister of Border Defense was also present, this old immortal is usually very arrogant, I did not expect that today he would be willing to show up.

The great prince once said that there was no harm and once introduced Wen Qiang into the meal.

"Mr. Wen, today called you, come over but there is an interesting news to tell you."

"Such a coincidence, I also have a message to tell Your Highness!"

"Hahaha, in that case, Mr. Wen, you speak first."

After the two of them took their seats, the subordinates also immediately poured the red wine.

Wen Qiang skimmed his gaze over everyone and nodded his head slightly, after nodding his gaze slightly, he then briefly recapped the information he obtained from Yin Xiao Boa.

The people in the room are the heart of the Grand Prince, a relationship of honor and prosperity, such things are not necessary to hide, after all, the new princess to the throne, everyone in front of you is a contribution.

The first prince listened to the gaze fell on the wine gla\*s in front of him, whispered a soft whisper.

"Bashar divine Mountain all dare to covet, this woman really does not know the fear of ah!"

“But the words of that divine stone, this king is also a little interested, it just so happens that the two things together.”

## Chapter 2889

If his cultivation realm directly reaches the clan master, coupled with the identity of the first son, this battle for the throne, he will be 9 out of 10, as for Yin Xiao Boa, it is just a pawn.

“Your Highness, you just said two things, I wonder what the other thing is?”

Border Minister Zat Wanliu asked curiously.

After the Grand Prince returned to his senses, he pulled out a thumb-thin note from his bosom.

“This morning, someone sent me a message that Lin Mo is currently on top of the Basha divine Mountain.”

Upon this statement, everyone present instantly widened their eyes, with their status plus their relationship with the Grand Prince, they naturally knew of the existence of the Bashar Divine Mountain.

Just that place, has always marked the benchmark not to intervene in secular disputes, independent of the world? Even the Lord of the Wanxiang Kingdom, the year the joint divine mountain experts only in the periphery of the message, simply did not set foot here. And what does this Lin Mo have the ability to enter the divine mountain.

“Everyone need not be surprised, existence is reasonable, now Lin Mo stretches out the divine mountain, we do not need to solve why he can enter.”

“In addition the matter of Princess Yin, everyone consider it, although we are not involved in this matter openly, but that divine object must be in our hands.”

After the great prince instructed, there fell his gaze on the border minister.

“By the way, Uncle Zat, Lin Mo’s wife and his right-hand men are currently on their way to the Bashar divine Mountain.

I wonder if you are interested?”

Zat Wanliu once heard this news face suddenly gloomy, his son is because Lin Mo completely disfigured, originally he also wanted to use this Zat White Clam and the second princess to make good relations, increase the bottom of the Zat family in this big shock.

Zat white clam has been disfigured, the second princess this line is completely broken.

Zat Wanliu a thought at this point, the heart of the long-suppressed anger used up at once, the foot of the cup in his hand was pinched by his crunching sound.

“Originally I still want to find Lin Mo to settle accounts, now let’s start with some interest from these people.”

The words leaked this thick murderous spirit.

The people know each other a smile, and did not put this matter on the heart, but just a trivial little thing, and say and themselves and no relationship.

.....

The other side.

The prince and his party after a day and a night of rush, finally about to arrive at the Basha divine Mountain.

“Little bald ah, we saw before on the mountain those stone statues should be you.”

Being asked by the crown prince, Du Qi’s face couldn’t help but blush.

“Little monk before, because wandering between the villages to treat the villagers, and later because I have not been receiving their reward.

When they combined, they set up stone statues for me, and the little monk did his best to stop them.”

Only now it seems clear that the ferry disease was not stopped.

“OK, the little bald head mixed can ah, if this continues you have become a living Buddha, remember to cover me when the time comes.”

The prince said habitually will have to plate the shiny bald head of the ferry disease, but just raised his hand, he stopped his arm.

“Bully!”

The prince retracted his arm, the level of identity is different, some jokes can no longer be opened, this is the rule.

“After we find Lin Mo, we will hold a reception banquet for you ha.

Don’t resist if you are a friend, don’t worry, all vegetarian feast, absolutely not force you to open meat. The time has come to let Lin Mo then leave a hand, he .....

When the prince was full of excitement to plan the banquet, the car braked hard, his head heavily mounted on the backrest of the front seat.

“Diem, you will not drive!”

Waiting for his words to fall, the car window was remembered, the sound of a heavy explosion.

The prince immediately reacted, they were under attack.

## **Chapter 2890**

After the head car was blown up and blown up, the whole caravan was forced to stop directly.

The prince reacted with an angry curse and pushed open the car door.

“Everyone just find cover and cover each other, Tong Jun you guys scatter out to find the high ground and move alone.

Finish them off!”

He was angry at this point, but more of a concern, Xu Hanxia was still in the front car.

“Sister-in-law are you okay!”

He heart anxious, a car door to remove, just to Xu Hanxia safe and sound after, this is a little relieved.

“Hurry over a few brothers to protect the safety of sister-in-law, little baldy you take care of yourself.”

Once the words fell, all the men flew to carry out the Prince’s order to act.

After taking out the sniper rifle on Tong Jun’s side, he made a proliferation gesture toward several other fellow snipers, and several of them tacitly understood towards their respective predetermined positions and raced over.

The first time I saw him, I was in the middle of the game.

And when Tong Jun leapt up the tree branches at the top of the hill, he immediately set up its sniper rifle began to observe the surrounding, however, through the high magnification lens to see the scene, the face can not help but black down.

The enemy was waiting for a few people to enter the encirclement, and behind them, a dense convoy of vehicles was speeding by, and it was obvious that they wanted to encircle the front and back, leaving all the twenty people behind.

At that moment, the walkie-talkie on his chest went off.

“What is the situation of Tong Jun?”

The person who finished speaking was none other than the Crown Prince, however, when he listened to Tong Jun’s report, his mood couldn’t help but be heavy, with the other side’s attitude, relying on their own twenty-two people, moreover, they couldn’t stand up, and the situation was urgent he simply didn’t have time to think.

“Tong Jun, your side of the people, direct fire, can solve one is one.”

“Ah Fei, you protect your sister-in-law’s safety! If there is nothing but accidents, I will die with you.”

With a roar from him, A Fei immediately cat ran behind the small dirt slope where the crown prince and Xu Hanxia, on the way to the other side of the snatcher, also towards

“Boss, don’t worry, even if I die, I will never let my sister-in-law get a little hurt.”

The prince patted his shoulder: “Well, pay attention to safety.”

“Sister-in-law, you do not have to worry, we will protect your safety.”

At this moment, Xu Hanxia, instead of the imagined panic, had a calm face as she instructed the crown prince to take care of his safety.

After the prince nodded, he took the pistol handed over by Fei.

“Chen Jin you and I will lead the way, be aware that there are people in ambush ahead, the number is estimated to be more than one hundred.”

“Copy that!”

“Roger!”

After several people replied, Tong Jun a few snipers, the first to open the robbery, after solving a few opposing robbers, Tong Jun immediately leapt down the tree branches, did not wait for him to land, the top of the tree he was in was directly hit into a sieve.

“Bah, little trash, still want to hit your father!”

The other snipers were in a similar situation, hitting one shot for another, P\*ssing off the group of ambushed enemies in all directions.

If there was enough ammunition and no enemy reinforcements in the rear, just a few of their snipers would be able to play each other, but this is all hypothetical.

Once Tong Jun solved one person again, he realized that the clip was about to empty.

“Prince, we’re running low on ammunition.”

“Good! I’ll cooperate, let’s break in.”

Tong Jun and the others had already solved quite a few people by now, plus their snipers had attracted some of the firepower, and it was the right time to break out.

“Chen Jin, let’s go!”

As soon as the crown prince and the others showed their heads, several black and eerie sniper muzzles aimed directly at them.
