A Man Like None Other Chapter 2856-Feeling their formidable auras, Jared and the others did not utter a word even though they were rude. Vasily and the Three Bandits lowered their heads, avoiding direct eye contact, clearly not daring to challenge them.

“Who are you? What happened here before?” asked an old man. His piercing gaze swept over them as he exuded a formidable aura.

It was clear that he was not someone to take lightly. With his volatile temperament, he would not hesitate to act quickly. Jared frowned as he felt her terrifying aura, and his heart trembled.

Judging from the old man’s aura, it was likely. in the Eighth-Level Body Fusion Realm, if not higher. Jared knew he was no match for the old man.

In addition, there were three of them, and each one showed significant strength. Jared and his companions couldn’t even face one of these adversaries, let alone all three.

“Sir, we don’t perceive anything unusual. What are you looking for? Is there anything we can do to help?” Jared asked serenely.

“Didn’t you perceive anything?” The old man frowned and fixed his gaze on Jared. “The abnormal phenomenon was incredibly powerful. How is it possible that you don’t feel anything? You’re a liar! If you confess everything sincerely, I will release you from liability for lying. However, if I find out that you are lying, me, you will not be able to bear the consequences.”

Given the intensity of the abnormal phenomenon and its proximity to Jared and his party, the old man found it hard to believe that Jared was not fully aware of it.

“Sir, we are not lying. We just got out of Jipsdale and are completely oblivious to any abnormal occurrences,” Jared replied, feigning fear. He looked pale and his body trembled slightly.

At this moment, a middle-aged man with a sword and an octagonal hat stepped forward. “Konce, just look at how terrified he is. I doubt he dares to deceive us. In addition, it is likely that the phenomenon was caused by a magical object. They don’t seem to possess such an object.”

“Lofton, you don’t know anything. The less flashy and lower-level individuals are, the more likely they are to possess magic items. The abnormal phenomenon occurred right here, but they claimed they did not witness it. It is evident that they are “You are deceiving us. You are too trusting. I must conduct a search to determine if they have any magical items,” Konce said.

With that, he turned to Jared and said, “Line up and take off your clothes so I can check you in. Remember to take out all your storage rings as well.”

La expresión de Jared se oscureció cuando escuchó la intención de Konce de registrarlos e inspeccionar sus Anillos de Almacenamiento.

Jared poseía numerosos objetos mágicos dentro de su Anillo de Almacenamiento, y si Konce pusiera sus manos en él, no había duda de que se los apropiaría para sí mismo.

Controlando su ira, dijo cortésmente: “Señor, esto no está bien. Tenemos una joven entre nosotros”.

“¿Y qué? Me he encontrado con numerosas mujeres. Si te inspecciono y descubro que no posees nada, te liberaré ilesa. No le haré daño. Ella no sufrirá ninguna pérdida incluso si examino su cuerpo. Deja de perder el tiempo y quítate la ropa”, dijo Konce con descortesía.

Las mejillas de Viola se sonrojaron mientras miraba a Konce. “¡Viejo lascivo!” La mirada de Konce se volvió helada. Sin dudarlo, emanó una oleada de aura y la dirigió hacia Viola. Viola no tenía idea de que su enojada respuesta la invitaría a la perdición. El viejo era demasiado irracional.

A Man Like None Other Chapter 2857-The aura of a cultivator in the Eighth Level Body Fusion Realm surged towards Viola like a huge rock. If he hit Viola, he would have no chance of survival.

Jared was enraged when he saw Konce trying to kill Viola. Although he knew that he was no match for Konce, he refused to see her suffer a horrible death in front of him.

Jared approached Viola and activated his Golem Corps. Countless golden scales covered his body as the Power of Dragons and the Power of Three gushed out from within.

Boom! The old man’s formidable aura collided with Jared’s body. Jared felt as if a high-speed train had hit his chest. His internal organs screamed in agony as he was propelled by the air.

After spitting out a mouthful of blood, Jared fell to the ground.

“Jared!”

“Mr. Chancel” Viola and the others rushed to help him. “Jared, are you okay?” Viola asked worriedly. “I’m fine. Don’t worry.” Jared smiled as blood ran down the corner of his mouth.

The other three were surprised to see Jared stand up since he was only at the Second Level of the Body Fusion Realm. It seemed impossible that he could withstand an attack from a cultivator in the Eighth Level Body Fusion Realm.

“Konce, did you show him mercy?” asked Lofton. Otherwise, there was no doubt that Jared would not have survived his devastating assault.

Konce quickly explained, “I was just trying to scare them into submitting. He

wasn't planning to kill anyone.”

Deep down, Konce was completely dismayed. He knew that he didn't hold back just now, but Jared's sudden surge of power didn't correspond with someone in the Second-Level Body Fusion Realm.

At that moment, the other individual who had been silent all the time finally spoke. “Koncé, don't try to make excuses. You didn't suppress your attack just now. This young man is quite extraordinary. He is a cultivator in the Second-Level Body Fusion Realm, but he managed to unleash such formidable power. Moreover, the aura he released seemed different from ours. It is peculiar as there seems to be a mixture of demon and beast auras inside. It's really extraordinary.”

Lofton interjected: “Sunny is right. I felt it too. There was something unusual about this young man's aura. And the golden armor that wrapped around his shape was unlike anything he had ever encountered.”

Konce sneered, “He's right in the Second-Level Body Fusion Realm, but he managed to resist my assault. His aura was peculiar and he had golden armor protecting him. It is evident that he possesses numerous magical items! Perhaps the strange phenomenon was caused by his magic item.”

Con eso, Konce desató su aura una vez más y le lanzó a Jared una mirada fría. “Joven, si entregas tu objeto mágico, te perdonaré la vida. No creas que podrás sobrevivir después de soportar uno de mis ataques. Puedo acabar con tu vida cuando quiera. Será mejor que seas sabio...”.

Un brillo helado apareció en los ojos de Jared mientras observaba al codicioso Konce.

“Dije que no tenemos ningún objeto mágico. Si te niegas a dejarnos ir, no tendré más remedio que hacer todo lo posible”, respondió Jared, sonando decidido.

“¿Por todo lo alto?” Konce quedó desconcertado por esa respuesta. No pudo evitar estallar en carcajadas. “¿Cómo piensas hacer eso? ¿Con tu poder en el Reino de Fusión Corporal de Segundo Nivel?”

Jared dijo: “Viola, deberías dar un paso atrás”.

Le estaba diciendo al resto que se mantuviera alejado. Viola no sabía cuál era su plan, pero obedientemente dio un paso atrás con el resto.

A Man Like None Other Chapter 2858-After Viola and the others stepped back, Jared's eye instantly reddened. Subsequently, a drop of blood essence spurted from his forehead. It then transformed into a blood-colored mist that encapsulated Jared's body and began to swell inside him.

Jared knew that unless he gathered all his forces, there was no way to resist the enemy. Because of the power gap, he and his companions would be finished if they took over his Storage Ring.

After all, the magic items in it were so valuable that anyone would try their best to get them. "Are you trying to blow yourself up, kid?" Konce asked with a frown when he saw Jared's posture.

"That's right. Since you are cornering us, I have no choice but to sacrifice my life to defeat you!" Jared replied nodding.

"Hmph, you are too proud of yourself, kid. You are nothing more than a cultivator in the Second Level Body Fusion Realm. Even if you self-destruct, do you really think you can harm a few?" Konce smiled, unfazed by Jared's threat.

"Why don't we find out?"

Once again, Jared unleashed his terrifying aura, enveloping the three men in a bloody mist. Konce's expression changed drastically when he realized that Jared was serious.

"Kid, calm down. The three of us are not villains and do not have any ill will. It's just that Konce has a bad temper. Actually, we are just curious to know what caused the strange phenomenon. Since you have no idea. what is it, let's forget the matter," Sunny said frantically.

"That's right. We don't even know each other, and there is no grudge between us. Blowing everyone up through self-destruction would only cause unnecessary harm to both sides." Lofton also stepped forward to calm the situation.

"Good gentlemen, we are nobody and we are not looking for any trouble. However, we have no choice but to retaliate with a suicide attack against anyone who attacks us."

Jared was aware of the opposing party's attempt to de-escalate the situation and decided to play along. After all, he didn't want to blow himself up either.

"Okay, then. Hurry up and retract your aura. We're not going to look for you anymore. You can continue your journey," Sunny assured Jared, Konce was visibly dissatisfied as he kept a deadly gaze on Jared.

One of the reasons was that he felt humiliated. He was a powerful cultivator in the Eighth Level Body Fusion Realm who ended up fearing a cultivator in the Second Level Body Fusion Realm.

"Child, I will leave you alone for my two companions. However, no one but you has dared to threaten me, so you'd better be careful!" Konce chuckled.

Las cejas de Jared se fruncieron levemente. Definitivamente sufriremos si este anciano nos ataca durante nuestro viaje. No hay manera de que pueda

seguir repitiendo mi amenaza de un ataque suicida, ¿verdad?

“Realmente hablas en grande, ¿no?” Tan pronto como Konce habló, una figura apareció detrás de ellos.

“Sr. Sparrow...” Los ojos de Jared se iluminaron de alegría cuando vio quién era. Los tres hombres se inclinaron ante Hester al mismo tiempo. “Señor Gorrión...”

En ese momento, la expresión arrogante de Konce desapareció de su rostro.

“Jared, ¿qué está pasando?” —preguntó Hester. Jared contó todo lo que le había sucedido. Ester frunció el ceño. “¿Cómo se atreven ustedes tres a cometer un robo en la entrada de Jipsdale? ¿No tienen ningún respeto por las autoridades de la ciudad? ¿Quién se creen que son para insistir en un registro al desnudo? Incluso las autoridades de Jipsdale nunca han exigido nada de ese tipo. ¡No puedo creer que tengas la audacia de hacer eso!”

Mientras hablaba, Hester se acercó a Konce y le dio una fuerte bofetada. El impacto hizo que la cara de este último se pusiera roja y lo acobardó hasta que guardó silencio.

A Man Like None Other Chapter 2859-The other two explained frantically: “Mr. Sparrow, we didn’t register the young man. You can ask him about it. Neither of us did anything at all!” Konce, with half of his face swollen, lowered his head like a child being reprimanded.

The haughty air he had adopted before was nowhere to be seen. Jared was amused by that view. In Ethereal Realm, it always came down to survival of the fittest. In the face of absolute power, even the most arrogant of men would become cowardly.

“If I ever find out that you are committing robberies in Jipsdale again, I will destroy your divine souls. Now, get lost!” Hester barked.

“Yes Yes...”

With that, the three men fled without even looking back.” Thank you very much, Mr Sparrow. Your timing was impeccable!” Jared stepped forward to express his gratitude.

“I was also attracted here by the strange phenomenon. He could feel the intense demonic aura contained in it. It couldn’t come from whatever you’re holding, could it?” asked Hester.

“It’s the emerald badge. All I did was shed my blood to claim the property and that phenomenon occurred,” Jared answered truthfully.

He wasn’t afraid that Hester would seize his belongings. Since they were on the same side, the latter would definitely not hurt him.

“It seems that the emerald badge is more than just a key to some hidden treasure. You’d better be more careful once you leave Jipsdale. I won’t be able to watch you anymore,” Hester recalled.

Jared nodded. “Thank you for reminding us, Mr. Sparrow. I will keep that in mind.”

Once Hester left, Jared and his companions moved on quickly. The phenomenon that had just occurred would definitely attract many more curious people and bring unnecessary trouble.

“Vasily, what about the emerald badge? Why does it contain such a strong demonic aura?” asked Jared to Vasily.

“I have no idea like you, Mr. Chance. When the treasure was being built, I heard that many of the construction workers were demonic spirits. At that time, they were already treated as undesirable. Many of them fled to the far north, which was the territory of the cultivators of the Archaic Corps, there they were captured and forced to perform slave labor.

Cuando se completó el tesoro, todos los Cultivadores Demoníacos fueron asesinados para mantener su ubicación en secreto. Cualquiera que fuera encontrado dando refugio a los Cultivadores Demoníacos sería castigado y perseguido. Pero todos estos son sólo rumores que escuché. En realidad, no tengo muy claro qué pasó exactamente”, le dijo Vasily en detalle a Jared. Jared recuperó la insignia esmeralda para examinarla de cerca. Si lo que dice Vasily es cierto, muchos restos de almas de Cultivadores Demoníacos deben haber sido sellados dentro de él cuando fueron masacrados.

“Dado que el extremo norte pertenece a los cultivadores del Cuerpo Arcaico, ¿qué tiene que ver la familia Tall con eso?” —preguntó Jared.

Vasili suspiró. “La familia Tall se estableció allí después de nosotros y solo tiene una historia de unos pocos cientos de años. Sin embargo, sus poderosas técnicas permitieron que su fuerza creciera rápidamente y gradualmente se apoderaran de nuestro territorio. A partir de entonces, comenzaron a masacrar a nuestra gente y a hacer Nosotros sus esclavos y, a pesar de la feroz resistencia que opusimos, mi gente no era rival para ellos en

absoluto.

Nos vimos obligados a escondernos en lugares aún más fríos.

Lamentablemente, la familia Tall continuó presionándonos. Para poder hacerse con el tesoro, cortaron nuestros suministros para que nos viésemos obligados a someternos. De lo contrario, no habría tenido que venir hasta aquí, a Jipsdale, para luchar en la arena sólo para obtener suministros”.

Vasily habló en un tono profundo y sombrío, preocupado por el destino de los cultivadores del Cuerpo Arcaico.
