A Man Like None Other Chapter 3278-I Am Not That Kind Of Person Cloud and Feenix went up to Jared when he returned. "Mr. Chance, what did Uncle Lawrence talk to you about? You guys looked so secretive," Cloud asked curiously.

"Master, I heard you have a new addition to your harem, and she's Cloud's sister. Why don't you just take both sisters in? Doesn't a threesome with twin sisters sound awesome?" Feenix joked.

Jared shot a glare at Feenix, then answered resignedly, "Pack up your things.

We'll be leaving here tonight." "What happened, Mr. Chance?" Cloud was stunned at the sudden order and assumed Lawrence had done something untoward to Jared.

"Why are we in a hurry to leave tonight, Master?" Feenix questioned with the same confusion.

Noticing their puzzlement, Jared had no choice but to repeat Lawrence's words.

The two couldn't stop laughing after that.

"Why are you sighing over such good news, Master? You'll get to choose any woman you want throughout the entire Seizon family. Just one thing, though. Mr.

Lawrence treats you like a studhorse to improve the Seizon family genes," Feenix laughed.

On the other hand, Cloud was embarrassed. "How can Uncle Lawrence have such thoughts? This is too embarrassing." "Well, power dominates over everything here in Ethereal Realm. Many are willing to do whatever they can just to strengthen their abilities. They're even willing to sleep with others for that reason," Feenix said casually.

If sleeping with another person can improve one's bloodline, tons of women in the Ethereal Realm will throw themselves at Jared.

“All right, make the necessary preparation, you two. We’ll be leaving in secret tonight. Cloud, if you want to stay with the Seizon family, it’s fine. You don’t have to accompany me to Demonica Mountain.” Jared knew Cloud had been through a lot to find his family, and it might be unfair to him to leave after just a few days of reunion.

“I’ll follow you, Mr. Chance. I already said I would follow you everywhere you go.

I’ll be wherever you are,” Cloud announced with determination.

“Great! You guys go and pack your stuff. We’ll be leaving discreetly tonight, so don’t alert anyone else.” Jared sent Feenix and Cloud to pack their things. The sky began to darken, and Jared lay on the bed, waiting for the night to deepen before he left.

Right when he was bored, someone lightly opened the door to his room.

Thinking it was Feenix, Jared didn’t pay any heed to the intruder.

Soon, two figures stopped before Jared’s bed. Despite the pitch blackness, Jared could still discern the two were Miya and Livya.

Both of them were naked, and Livya even looked shy. They figured Jared had fallen asleep but didn’t know he was scrutinizing their every move.

“Miya, I’m scared,” Livya whispered.

“What are you scared of? Don’t you know how many women are eager to sleep with Jared? I heard all the women in the Seizon family are open for his choosing tomorrow. There will be so many women by then, and you won’t even stand a chance. Thus, enjoy tonight because you won’t have this opportunity tomorrow,” Miya enticed Livya.

Livya nodded and finally mustered up her courage to climb into Jared’s bed discreetly. Livya’s body trembled slightly. After all, it was a first for her to be in such close proximity to a man and be naked at that.

However, right when Livya was about to pounce on Jared, he suddenly sat up, startling her.

“I hope you can respect me before deciding on your own. What kind of man do you take me as?” Jared scolded sternly.

Miya was taken aback. She didn't expect Jared to reject a woman sent to his bed. Meanwhile, Livya was flushed from humiliation and hurriedly hid behind Miya.

“Miya, let's go.” Livya tugged on Miya's arm to leave.

A Man Like None Other Chapter 3279-Exchange However, Miya didn't budge. Instead, she asked, “Jared, feelings can be developed. We didn't feel anything for each other too, but you still slept with me in the end-” “I did that to enter the Seizon family's ancestral land,” Jared stated with a deadpan expression. Jared knew he was about to leave the Seizon residence and might never return, so he didn't want Miya to fall for him.

He wanted to hurt her so that she wouldn't long for him. As expected, Jared's cruel words were like a wet blanket to Miya. Her body shook as she stuttered, “You...” She was at a loss for words because she was the one who initiated, while Jared only accepted her advances passively.

“Let's go, Miya. This is too embarrassing.” Livya yanked at Miya to leave. She didn't expect that outcome. Two beautiful twins stood naked before Jared, yet he was completely indifferent.

Maybe Jared was unlike any other man or hated being treated as a studhorse.

With a wave of his hand, a bed sheet covered Miya's and Livya's bodies.

The two women were stunned, not knowing his intention. Yet, Jared's spiritual sense caught something, and he said, “Come out.” Miya and Livya looked around but didn't see anyone. They had no idea who Jared was talking to. With a slight fluctuation in the void, an elderly soon appeared in his room out of the blue. The elderly wasn't a random person, he was Ozrell of the Seizon family.

Miya and Livya immediately dropped to their knees and bowed their heads at his appearance. Their eyes were filled with confusion.

Didn't they say Old Mr. Ozrell never takes a step out of the ancestral land? But he's here!

“Two of you leave first. I have something to say to this young man.” Ozrell waved his hand dismissively. Miya and Livya obediently left. After they were gone from the room, Ozrell started, “You can actually stay composed with two beauties in front of you.” “It’s true that I’m a man, but I’m not a tool for the Seizon family to improve your bloodline.” Jared’s expression darkened.

“Haha! I see you have a personality, but I can make a deal with you. I can pass my lifelong knowledge to you if you sleep with them tonight. You’re considered half of the Seizon family after all,” Ozrell negotiated.

Jared’s interest was piqued by his offer. “What’s your specialty?” “I can demonstrate to you. If you’re interested, then let’s strike up a deal.” Ozrell suddenly held up a finger, and a sliver of odd aura was swirling atop it.

Next, Ozrell pointed at the table, and the table broke in an instant.

Breaking a table with an aura wasn’t anything special. With just a shake of his body, Jared could destroy every piece of furniture in the room, much less a finger. He couldn’t understand what kind of specialty was it.

“That’s it?” Jared asked with a look of disdain.

Ozrell smiled faintly. “Look closely.” Jared didn’t understand what he was asking him to look, so he asked, “What are you asking me to see?” “The destroyed table, of course,” Ozrell answered.

Jared turned to look at the destroyed table and was surprised to learn that the pieces had kept the exact shape when it broke. It didn’t fall apart as if frozen.

Jared’s eyes widened at the discovery. Disbelief crossed his face as if he had been thunderstruck. However, something more unbelievable happened next.

The destroyed table pieced itself together again and appeared perfect the way it originally was. He hurriedly rubbed his eyes, doubting his sight.

A Man Like None Other Chapter 3280-His Ultimate Skill “Did you catch that?” Ozrell asked with a faint smile.

“Catch what? It seems like you didn’t do anything. Did you cast some kind of illusion spell on me just now?” Jared noticed that nothing in the room had

changed. Even the table that was shattered a moment ago was now intact in its original place.

It seemed like Ozrell's spell had not destroyed anything and was using an illusion spell to show Jared a different sight.

"An illusion spell?" Ozrell scoffed. "Since you don't get it, I won't insist. Maybe my ultimate skill isn't the right fit for you." With that, Ozrell began walking away. Jared furrowed his brow; he had illusion nascence himself. Even though illusion spells were profound and unpredictable if Ozrell had cast an illusion spell in front of them, he should have been aware of it.

But earlier, he clearly did not sense the presence of an illusion spell, and what he saw had been real. But how did the broken table become whole again?

Just as Ozrell was about to leave the room, Jared widened his eyes and cried out, "I get it now! This is... This is a time spell! You didn't use an illusion spell; you used a time spell. You can freeze time, even rewind it, so the broken table can become whole again." Ozrell smiled when he heard Jared's words. "You have potential. Do you think we can exchange what we have?" "Of course, of course!" Jared nodded fervently. His feelings mattered not. Even if he were to sleep with all the women in the Seizon family, he would do it, let alone the sisters, Miya and Livya.

This was a time spell. If he could learn it, he would be able to reverse time and bring the dead back to life. He would become a miracle worker. Even if it meant becoming a sperm bank for a few days, he was more than happy to oblige with Ozrell's request.

Ozrell smiled, then left.

Both Miya and Livya were still lingering outside, waiting for him.

"Head inside and do everything to drain him. This is our family's chance and yours as well. I'm afraid we won't get a chance like this anymore, and you won't come across him in the future," Ozrell muttered.

Upon hearing this, Miya and Livya remained silent but obediently walked in. This time, Jared did not resist at all; instead, he was unusually proactive.

Soon, sounds of intimate moments echoed from the room. It was a threesome and a truly exhilarating experience for Jared. After a while, Miya and Livya,

exhausted, emerged draped in bedsheets. Both staggered back to their respective rooms.

“Sir, I’ve kept my promise. Shouldn’t you teach me your ultimate skill?” Jared shouted toward the outside. With a slight tremor in the void, Ozrell appeared.

Jared, looking at Ozrell in the room, could not help but joke, “Sir, you weren’t peeking the whole time, were you?” “Nonsense! I am the Seizon family’s ancestor. How could I possibly watch the Seizon women do such things?” Ozrell replied, irked.

“Sir, calm down. I was just joking. No need to get angry,” Jared hastily apologized. If Ozrell got angry and refused to pass on the ultimate skill, Jared would be suffering a huge loss.

“This technique is the Immortal’s Pointer. It can only be unleashed after attaining time nascence. You should know that both time nascence and space nascence involve true immortal techniques, making them quite challenging to learn. Also, this Immortal’s Pointer can’t casually alter the flow of time or reverse it. At my current level, I can only use it on lifeless objects and restore them.

Resurrecting the dead is something beyond my capabilities,” explained Ozrell.
