An Understated Dominance by Marina Vittori Chapter 2152

Chapter 2152

The things he recalled in his mind were all the scenes from the previous battle with dustin.

After repeated simulations and pondering, he finally came to a very helpless conclusion.

The gap in strength between the two sides was too big. No matter how hard he tried, he could not win against dustin.

Even if you simulate it thousands of times in your mind, you will only lose.

“Da da da.....”

Fang Chao walked down the street in despair, his footsteps stepping into the stagnant water, causing ripples to appear.

At this time, Kuang Chao seemed to sense something and suddenly stopped, looking up and looking ahead.

At the end of the road, I saw a black figure, holding a long sword, approaching slowly.

The figure was clad in black and masked, and exuded an aura of death.

Even the falling rainwater did not dare to come close to its body and automatically avoided it.

Although the figure was walking in the rain, his clothes were not wet at all.

“who are you?!”

Kuangchao frowned and quickly became alert.

The terrifying aura of death made all the hairs on his body stand up.

“The person who wants your life.”

The figure spoke calmly, his voice hoarse and calm, without any fluctuation.

“Kill me?”

Kuangchao snorted coldly: “Do you have what it takes?”

“Is there any? You’ll know if you try it?”

The figure held the sword and continued to approach without any pause.

“Hmph! You’re a fool! I just happened to hold back my anger, and now I’m going to take it out on you!”

Kuangchao stretched out his hand and grabbed the rainwater underground.

Soon, a water jet formed in his hand.

At the level of a martial arts master, anything can be turned into a weapon.

“You little thief! Die!”

Kuangchao roared, holding the water knife, and rushed forward.

The figure was silent, his steps began to speed up, and the sword in his hand dragged a long trace on the ground.

“The first move of the Blood Mad Sword Technique – Demon Killing!”

Kuangchao didn’t hesitate, and it was a masterstroke as soon as he took action.

I saw him jumping up high, holding a knife in both hands, and slashing at the figure in the air.

“The sword cuts the galaxy!”

The figure tiptoed a little, and his whole body turned into a cold light, rushing straight up.

“Whoosh!”

The two afterimages collided in the air, then passed each other, and finally landed on the ground, standing back to back.

There was no earth-shattering explosion or terrifying destructive power. The fight between the two was short and fast.

Instantly separate.

“Qiang!”

After landing, the figure returned the sword to its sheath, turned around and left.

“who are you?”

There was a frantic sound behind him.

“You are not qualified to know my name.”

The figure did not look back. After saying a word, he disappeared into the rainy night.

“Snapped!”

After the figure left, the water knife in Kuangchao’s hand exploded.

His head also rolled down from his shoulders.

His eyes were widened, his face full of shock.

Until his death, he never imagined that the figure’s sword could be so fast.

It was so close that he couldn’t resist it at all.
