

An Understated Dominance by Marina Vittori Chapter 2178

An Understated Dominance by Marina Vittori Chapter 2178

Chapter 2178

Faced with the provocation from Ma Wang and Niu Mang, Dustin smiled lightly and agreed simply: "You want to bet, right? Okay, then I will play with you."

"Good boy! You are so talented! I'll see how you die in a while!" Hearing this, Niu Mang couldn't help laughing.

It would be okay if Dustin gave in. Although it would be embarrassing, at least he could save his life.

Unexpectedly, the other party actually agreed directly, which was simply asking for death!

"Master Lu! You absolutely must not!"

Seeing Dustin bet with his life, Meng Yao couldn't help but change his expression, and quickly advised: "A giant cauldron of 50,000 kilograms is not child's play. If you fail to catch it, you may be shattered to pieces. Please think twice!"

Although Dustin has majestic weapons and good looks, he is still just an idle warrior, not from a famous family, and his strength is definitely far inferior to that of Senior Brother Ma Wang.

Under such circumstances, betting against Brother Ma Wang is undoubtedly self-destruction.

She just wanted to make friends and never thought she would cause such trouble.

"Yao Yao, what do you care about him? He ignored Senior Brother Ma and insisted on challenging Brother Ma. He deserves to die!" Niu Mang sneered.

“We are all children of the world. If we have anything to do, we can sit down and talk slowly. Why make such a fuss?” Meng Yao frowned.

If Ma Wang and Dustin were just having an ordinary sparring match, she would not stop them. This was a common occurrence in the world.

But she had to dissuade her from betting her life like this, a behavior that could lead to her being shattered into pieces if she wasn't careful.

“Yao Yao, some guys who don't know the bounds of heaven and earth must be taught a lesson. This kid is the one who brought it on himself!” Niu Mang said.

“But.....”

Meng Yao was about to say something, but was interrupted by Niu Mang raising his hand: “Okay Yaoyao! You are from our Xuanwu Sect. You shouldn't turn your elbows outward. This kid has already agreed to the bet. Whether he lives or dies, it all depends. It's his own fault!”

Meng Yao was speechless for a moment, with an anxious look on his face, and looked at Dustin again, trying to persuade him to admit defeat.

“Miss Meng, thank you for your kind reminder, but now, what you should be concerned about is not me, but your senior brother Ma. The fifty thousand kilogram tripod is a big burden for him.” Dustin said with a faint smile.

“Hmph! You guys who have never seen the world, my senior brother Ma can lift a 50,000-pound cauldron. It's as easy as eating and drinking. Just open your eyes and see clearly!” Niu Mang's face was filled with disdain.

Although he can't lift a 50,000-jin cauldron, King Ma can certainly do it.

The chief disciple of Litang is by no means a person who has gained fame in vain.

“Boy, I will definitely make you regret your decision.”

King Ma didn't say much. After saying a harsh word, he walked straight to the 50,000-jin cauldron and said loudly: "I will continue to challenge the 50,000-jin cauldron."

"Good luck."

Unlike before, the referee did not dissuade the horse king, but nodded appreciatively.

As the saying goes, an expert will know if something is there as soon as he makes a move.

The horse king's performance just now amazed the audience, and he is indeed qualified enough to challenge the 50,000-pound cauldron.

"Everyone, please get out of the way. If the cauldron falls down later, I'm afraid of hurting innocent people."

Ma Wang looked around and spoke calmly.

Hearing this, some of the registered contestants behind Dustin dispersed for fear of harming Chi Yu.

Not to mention smashing the 50,000-pound tripod, even if it rolls after falling to the ground, it is enough to cause the loss of limbs, limbs, and even body parts.

"Boy, look, today I want to show you what absolute power is!"

King Ma first snorted at Dustin, then faced the 50,000-jin cauldron and clapped his hands violently.

"Bang!"

Just hear a crisp sound.

The fifty thousand kilogram cauldron trembled slightly, shaking off a lot of dust.

"rise!"

While the cauldron was shaking, King Ma stretched out his hands to hold the bottom of the cauldron, and then lifted it up with all his strength!

The true energy all over his body surged out, and an astonishing force exploded from his body.

The heavy cauldron began to rise slowly under the great force of King Ma.

Although slow, it is very stable.
