An Understated Dominance by Marina Vittori Chapter 2186

## **Chapter 2186**

Horse kings who take Tiger Roar Pill can be said to have doubled their strength.

With one kick, the 50,000-pound cauldron flew up like a football, unstoppable.

The expressions of everyone present changed in shock, and they scattered away for fear of being hit.

The 50,000-pound cauldron, coupled with the terrifying impact force, would probably fall apart if it were hit head-on.

“Be a good boy! Who can stop this kick?!”

Everyone was secretly frightened and terrified.

They didn't expect that after taking the elixir, King Ma would become so powerful that he could kick a 50,000-pound tripod as a ball.

The power that exploded in that instant reached an incredible level.

“Boy! Let's see if you're still alive now!” Niu Mang showed a ferocious smile.

Even if Dustin had the ability to reach the sky, he would not be able to block the extremely fast collision of the fifty thousand kilogram cauldron.

The opponent has only two choices, either to admit defeat and avoid it, or to be smashed into a pulp.

“Ah.....”

Looking at the big cauldron coming towards him, Dustin just curled his lips and still stood there without evading.

It wasn't until he was about to be hit head-on that he suddenly stretched out a hand and grabbed the cauldron.

“boom!!”

There was a loud bang.

Dustin's palm collided firmly with the fifty thousand kilogram cauldron.

The powerful impact instantly set off a violent wave of air that swept away in all directions.

Wherever he passed, flying sand and rocks were flying, and smoke and dust were everywhere.

The onlookers were pushed back by the air waves, and for a while they couldn't even open their eyes.

After everything calmed down, the scene in front of them shocked everyone.

Dustin was still standing steadily, not taking a step back.

His left hand was clasped behind his back, and his right hand was holding the bronze tripod. His expression was calm and unruffled.

His terrifying finger strength directly scratched several deep finger marks on the bronze tripod.

The heavy bronze tripod was carried by him with one hand, hanging in the air, as if he was holding a big lantern.

It's so stable that it's hard to move at all.

quiet!

The entire scene was surprisingly quiet.

Everyone's eyes widened, looking at Dustin holding the cauldron with one hand, their faces filled with disbelief.

They never dreamed that in the face of the fierce impact of the 50,000-pound cauldron, Dustin would not only be safe, but even catch the cauldron.

And, only one hand was used!

Holding a fifty thousand kilogram cauldron with one hand, is this even a human being? !

"I...did I read that correctly? This guy actually grabbed the cauldron with one hand?"

"Oh my god! How strong is this person to be able to do it so easily?"

"A monster...what a monster!"

After a brief silence, the whole place was in an uproar.

Everyone was stunned by Dustin's behavior.

They thought that Ma Wang, who had taken the Tiger Roar Pill, would be able to turn things around, but they didn't expect that there would be a mountain higher than the other.

From beginning to end, Dustin was hiding his strength.

The 50,000-jin cauldron was like a toy in his hands, without any pressure.

There is only one explanation for being able to achieve this level, and that is true innate divine power!

"Blocked... blocked? How is that possible?!"

Compared to the shock of the onlookers, Niu Mang was more afraid.
