

## Married At First Sight

**Married At First Sight Chapter 3033**-Samira said, "Why have I slandered you? You don't drink when talking about business and entertainment. You are able to negotiate business. Isn't it because of your beauty and your good figure? Callum married you. Maybe your head is already a piece of cake."

Carrie quickly seized the opportunity to refute Samira: "Miss Levine, who said drinking is necessary for socializing and discussing business? Your mind is really dirty, Miss Levine. Doesn't it mean that you rely on your beauty and figure to negotiate business? If you are dirty yourself, think of others as dirty as you are."

"Who are you?" Samira questioned Carrie.

Carrie sneered, "You don't care who I am, Miss Levine; your mouth really stinks."

Carrie handed the glass of red wine in her hand to Camryn and said to her, "Second Young Madam York, I'll give you another glass of wine and help Miss Levine wash her stinky mouth."

Camryn took the glass of wine and actually threw another glass of wine at Samira. She said coldly, "Everyone here heard it. It was Miss Levine who insulted me, slandered me, and ruined my reputation. I behave upright and sit upright. I have never done anything immoral. She is spreading rumors that I cuckolded my husband. She is spreading rumors that I cheated on him. I reserve the right to pursue responsibility. Miss Levine, please wait for my lawyer's letter."

Rylee didn't expect Samira to be even crazier than before. She actually talked about Camryn in front of so many people.

This was making enemies for the Levine family.

Everyone else looked at Samira, and someone advised her, "Miss Levine, you have gone too far. You have spread unfounded rumors about war with the Second Young Mistress York, and you have not even apologized to the Second Young Mistress York."

How did the Newman family fall into Camryn's hands? Didn't Samira know?

Camryn might seem soft and weak, but she was very strong and could endure.

After enduring for more than ten years, she regained everything that belonged to her and avenged her father.

Even if there is no York family to back her up, Samira said this to the Second Young Mistress. If the Second Young Mistress wants to take revenge on Samira, she has plenty of means.

Samira said, "What am I apologizing for? Didn't you see that she threw a drink at me? She stained my evening dress. Blind Camryn, please pay for my dress! Others are afraid of you, but I am not afraid of you. You think you are very powerful. If you hadn't shamelessly climbed up to Callum, do you think you would be where you are today?"

"you..."

Before Samira finished speaking, everyone saw a figure flashing sharply and then heard a snap.

Samira was slapped hard.

The person who beat her was Mrs. Levine, Samira's biological mother.

Samira was beaten so stupidly by her mother that she stared blankly at her.

Mrs. Levine stared at her with cold eyes and cursed coldly: "What nonsense are you talking about? How do I usually teach you? You disappoint me so much!"

Samira: "Mom, I..."

"Shut up!" Mrs. Levine scolded.

Samira did not dare to speak anymore. The side of her face that Mrs. Levine had spanked quickly turned red and swollen.

The way everyone looked at her also made her uncomfortable.

Seeing the three wives of the York family coming with Joelle again, Samira came back rationally and immediately regretted her mistake.
