An Understated Dominance by Marina Vittori Chapter 2200

Chapter 2200

“Really? Then let’s wait and see who wins in the end?”

Dustin smiled faintly, but his eyes were extremely cold.

Although the identities of these killers are not yet known, it is certain that they are on the opposite side of the Dragon Kingdom.

“Hmph! Boy! I hope you don’t regret it!”

The man in black smiled ferociously, looking like a dead man.

In his opinion, Dustin is a typical person who doesn’t know the heights of the world. He is arrogant and arrogant based on his ability. No one takes him seriously. He is simply seeking death!

You know, every mountain is as high as a mountain.

A young man in his twenties, no matter how powerful he is, cannot possibly compete with those old monsters who have been famous for a long time.

“Whether you regret it or not, you will know soon, but before that, you three have to be dealt with.” Dustin slowly approached.

“You...what are you going to do?”

The face of the man in black changed: “I warn you not to act recklessly, otherwise when our reinforcements arrive, I will make you live or die!”

“Why are you so nervous? I won’t kill you. At least you can’t die until your accomplices arrive.”

Dustin said, waving with one hand.

“Whoosh! Whoosh! Whoosh!”

Three silver needles ejected from the sleeves and accurately hit the necks of the three killers.

The three of them froze and sat there, unable to move.

“Quick! Move faster!”

“No one can be spared of any suspicious persons!”

At this time, there was a burst of shouting.

The group of decent experts who rounded up the killer before turned back in force.

They chased and intercepted him for a long time, but in the end, the killer jumped into the river and escaped. It can be said that they found nothing.

“Look! There are three men in black over there!”

Soon, some warriors noticed the situation on Dustin’s side, and swarmed around him.

When he saw that Dustin was safe and sound, and that the three killers had been subdued, he couldn’t help but marvel and admire him even more.

There were dozens of them, but they didn’t even catch a single killer. As a result, Dustin caught three killers by himself.

The gap between the two sides is obvious.

“Brother Dustin, how are you? Are you okay?”

After receiving the news, Yan Buqi and his party rushed back immediately.

Only now did they realize that they had fallen into the killers’ plan to lure the tiger away from the mountain.

Use a killer to lure them all away, and then assassinate Dustin.

This move is not unwise.

Fortunately, Dustin was strong enough and successfully subdued the three killers, otherwise the consequences would be disastrous.

“I’m fine. These three little frog thieves can’t hurt me yet.” Dustin shook his head.

The man in black gritted his teeth and looked very unhappy when he heard the name “little thief”.

After all, he is a martial arts master and a key member of the organization. It is really aggrieved to be treated with such contempt.
