

## An Understated Dominance by Marina Vittori Chapter 2202

An Understated Dominance by Marina Vittori Chapter 2202

### Chapter 2202

“Brother Dustin, we still don’t know how many people there are in this killer organization. Is it too risky to do this?” Dong Qianqiu seemed a little hesitant.

Before planning the ambush, he thought there was only one killer.

But now he knows that the killers are a group.

To deal with a killer, they can rely on the large number of people to surround and kill him together.

But dealing with a group of killers, it’s a completely different story.

You know, these killers are amazingly powerful, far beyond ordinary warriors.

And they were a temporary team, so there was a big gap in quality.

If they fight head-on, they may not necessarily get an advantage. Even if they can win, they will probably suffer heavy losses.

So he was not sure whether he should fight to the death with these desperadoes?

“Mr. Dong, tonight is the best opportunity to uproot this killer organization. If you miss it, it will be difficult to catch them next time.” Dustin said with a serious face.

The characteristic of a killer is to hide in the dark and make sneak attacks. If there is an open and honest duel, it will be difficult to use his advantage.

On the contrary, if you play hide and seek with the killer, you are likely to be defeated one by one.

“I understand the truth, but with the strength of people like us, it may not be possible.” Dong Qianqiu frowned.

“If Mr. Dong is not sure, then please go and ask for reinforcements. It is best to ask the masters from Longhu Mountain to help.” Dustin said.

“I’m afraid it’s too late to invite you now.” Dong Qianqiu sighed.

They were in a small town near Longhu Mountain. It took at least half an hour to go back and forth from here to Longhu Mountain.

When the experts from Longhu Mountain are invited, the day lilies might even be cold.

“Mr. Dong, just go and invite someone, I will try my best to delay for you.” Dustin said.

“Then what do they do?”

Dong Qianqiu looked around: “I called them over, and I have to be responsible for their safety.”

“Mr. Dong is right. Let’s do this. I won’t force anyone. If you want to stay, you can stay. If you don’t want to, you can leave on your own.” Dustin did not force himself.

It would be best if he had a helper, but if there was no helper, he would have no problem being alone.

“Have you heard this, all heroes? If you are willing to stay and face the enemy with Brother Dustin, please raise your hands. The rest will follow me up to Longhu Mountain.” Dong Qianqiu spoke loudly.

As soon as these words came out, the scene suddenly became silent.

Everyone looked at me and I looked at you. They looked at each other for a moment, looking a little hesitant.

Most of them are people called by Dong Qianqiu, and they should follow Dong Qianqiu.

But now fleeing without a fight has a huge impact on your reputation.

“You don’t have to bear any burden. Whether you go or stay, it all depends on your heart.”Dustin said calmly.

Seeing no one responded, the man in black, whose acupuncture points were sealed, couldn't help but laugh in a low voice: "Hehehe...boy, you guys are just a piece of shit, how can you fight with us?"

Dustin didn't say anything, just waited quietly.

Fighting against the killer organization is not a matter of one person, but requires the joint efforts of everyone.

After all, these killers specifically targeted the elite warriors of the Dragon Kingdom, which threatened the lives of most people present.

If everyone wants to stay out, the final result will only be defeated one by one.

I believe everyone understands this truth, but it is unknown how many people dare to take the risk.

After all, many people have a lucky heart and always feel that if the sky falls, there will be someone tall to hold it up.

As everyone knows, the lips are dead and the teeth are cold.

"These killers have done many evil things and killed innocent people indiscriminately. As an upright disciple of a famous family, I should do what is right for heaven. I am willing to stay and fight with Brother Dustin!"
