## Married at First Sight Chapter 4341

“Sister Tong, congratulations.”

Du Yumeng smiled and congratulated him, “I’ve been busy these days. I just came back from a business trip, so I don’t have time to go over for now. But you must tell me when your baby is one month old, and I’ll go over for the full moon celebration.”

Haitong hummed, “I will definitely invite you to the full moon banquet. Do you want Lao Si to call you?”

“No need. The Fourth Young Master and I are just ordinary friends. It’s his freedom to go wherever he wants. He doesn’t have to tell me. I just think if he told me, even if I can’t go, I will let him take the small golden lock that I prepared a long time ago to the baby.”

Regardless of whether she and Zhan Yiyang can have a result, she and Haitong have a good relationship and are already friends. When Haitong gives birth to a baby, she will definitely give her a gift.

After learning from Zhan Yiyang that Haitong’s due date was this month, she prepared a gold lock and a gold bracelet in advance.

Haitong did not expose Du Yumeng’s lie. In Du Yumeng’s heart, Zhan Yiyang was not just an ordinary friend.

She said, “Okay, you go ahead and do your work. When the full moon comes, I’ll invite you to come over for a full moon banquet.”

“good.”

Du Yumeng hung up the phone quickly.

Miss Du asked her, “Did the eldest mistress of the Zhan family give birth?”

“She gave birth to a son. Both mother and son are safe. Everyone guessed that she must have given birth to a son.”

Du Yumeng smiled and said, “Everyone says that their Zhan family is a Buddhist temple. Women who marry into the family always give birth to sons. It’s very difficult to give birth to a daughter.”

“Zhan Yiyang has not been here for the past two days. He went back to visit his eldest sister-in-law. Sister Tong’s baby is very important to the Zhan family. She is Grandma Zhan’s first great-grandchild.”

“I guess the other young masters of the Zhan family will go home after receiving this news. They will become uncles now.”

Du Yumeng really likes the way the Zhan family gets along with each other and finds it very loving.

Zhan Yiyang can make her heart beat faster, and the Zhan family’s good family tradition adds a lot of points.

Zhan Yiyang can make her heart beat faster, and the Zhan family’s good family tradition adds a lot of points.

She likes the Zhan family.

More loving than their Du family.

Miss Du’s words were full of envy. She said, “Not only is the Zhan family in Guancheng prosperous, but they are also very harmonious. This is indeed something that makes people envious and jealous. Haitong is a very happy woman.”

“She is loved by her elders, deeply loved by her husband, and respected by all her brothers-in-law.”

“In a normal family, even if the sister-in-law gives birth, the brother-in-law will at most call or send a message to express congratulations. It is rare for them to go home to visit. They attach great importance to their nephew.”

This is what is enviable.

Du Yumeng nodded, “Yes, the Zhan family attaches great importance to Sister Tong’s pregnancy. If Sister Tong had a girl, the Zhan family would have set off firecrackers for a month.”

“...How much do the elders of the Zhan family want a daughter?”

Miss Du laughed and said, “Most wealthy families hope to have many children and grandchildren.”

“If our family hadn’t had daughters for several generations, we would definitely be the ones to be spoiled by everyone.”

Miss Du smiled, “Yes, if there is no daughter for several generations, one will hope for a daughter. People are like this. If they have a son, they want a daughter. If they give birth to a son, they hope for a daughter.”

They all gave birth to daughters, but also hoped for sons.

“When the baby is one month old, I will go over to have the full moon wine party. From now on, our two families will be relatives.”

Miss Du teased her sister.

Du Yumeng said generously: “As long as you have time, Sister Tong welcomes you to come over for a drink anytime.”

## Married at First Sight Chapter 4342

“As early as when I fell in love with Zhan Yiyang, I decided to marry him. The Zhan family is my future in-laws.”

Miss Du laughed at her: “I thought you had given up.”

“How is it possible? I finally found such a good in-law family. Only a fool would give up. Besides, Zhan Yiyang has always loved me. If he really loved someone else, I might give up.”

“But before I give up, I will try to fight for it. If I can’t fight for it, then I will give up. It only means that he and I are not destined to be together.”

“Fortunately, he and I have a good relationship. Grandma Zhan helped him choose me as his wife. He now says that he will listen to Grandma Zhan’s arrangements and has chosen me for his life.”

Miss Du said, “That’s because he knows that the fox is you, so he said that.”

“The fox is me, Mengbao is me, and Du Yumeng is also me. No matter which one he falls in love with, it’s still me. It’s just that, sometimes, I still get jealous of myself. How can I, the second young lady of the Du family, be inferior to the fox?”

Du Yumeng admitted that she was sometimes jealous of herself and was troubled by the fact that Zhan Yiyang loved her under the guise of a fox rather than the second Miss Du who was with him in her true identity.

“Don’t worry about it. He loves you anyway. How you two get along in the future is up to you. You can wear red clothes and put on some makeup from time to time and pretend to be a fox to get along with him.”

“No, that would only make him more obsessed with me in disguise. I think I should be more straightforward in disguise, without the shackles of a lady from a noble family.”

“He likes that kind of personality in me.”

As the second daughter of the Du family, Du Yumeng has to consider her family in everything she does, so as not to ruin the family’s reputation.

She has invisibly been burdened with the shackles of being a daughter of a wealthy family, and cannot be free and unrestrained.

But when she was walking outside wearing a vest, no one knew that she was the second daughter of the Du family. She did not need to consider the Du family in anything she did, she just did it according to her own preferences.

The true nature that is hidden will also be exposed.

What Zhan Yiyang likes is her true nature.

“Actually, you don’t have to put too much pressure on yourself. Just do whatever you want. Big Sister is there to support you in everything. Big Sister is the one who can’t do whatever she wants.”

“Actually, you don’t have to put too much pressure on yourself. Just do whatever you want. Big Sister will support you in everything. Big Sister is the one who can’t do whatever she wants.”

Miss Du is the head of the family, and her words and actions will affect the Du family.

As long as other people don’t go too far and don’t do anything illegal or disciplinary, the impact on the Du family won’t be too great.

“Habit.”

Miss Du stopped talking.

The education they received since childhood and the teachings of their parents have made them develop a cautious nature, which is indeed a habit.

After Du Yumeng hung up the phone, Haitong said to her husband, “Didn’t you tell Yumeng that Lao Si was coming back? Yumeng said she wanted to come back with him.”

Zhan Yin looked at Zhan Yiyang who had already picked up his nephew. Zhan Yiyang had just returned not long ago. He might not even have entered the house, but went straight to the hospital.

I bought a lot of supplements, in big and small bags.

Zhan Yiyang didn't notice his brother and sister-in-law's gaze. He carried his little nephew to the small hall outside.

Although his sister-in-law has not been discharged from the hospital to go home for confinement, it is not appropriate for him, as her brother-in-law, to stay in the room for a long time. He should carry his nephew to the small hall, where the other brothers are.

Seeing Zhan Yiyang coming out with the child in his arms, several people immediately surrounded him.

Zhan Yichen reached out to take the child from Zhan Yiyang's arms, and Zhan Haoyu also stretched out his hands.

However, none of them managed to hold the child, as Zhan Yiyang turned around and avoided their hands.

"I just came back and just held the baby, and you guys are trying to snatch it from me!"

Zhan Yiyang complained about his brothers.

## Married at First Sight Chapter 4343

"We didn't really get to hold the baby. If my parents were there, we would only have a chance to take a look at the baby, and we had to squeeze in."

The fifth brother, Zhan Yu, took advantage of the time when Zhan Yiyang was on guard against his second and third brothers and quickly and carefully snatched his nephew.

"Haha, I finally got you, baby. I'm your fifth uncle, you know, your fifth uncle is holding you."

Zhan Yiyang still wanted to snatch the child back, but Zhan Yu walked around the small hall with the child in his arms, avoiding the brothers who wanted to snatch the child back.

Zhan Wei followed him and begged as he walked: "Fifth brother, let me hold the baby. I really have never held the baby before. From the time the baby was born yesterday to now, I haven't even had the chance to take a closer look at him."

There are too many people at home.

If the elders were all present, the younger generations wouldn't even have the chance to take a look.

"My eldest brother and his wife should have three or four babies each time. That way, we have a much better chance of sharing the babies."

Zhan Yin came out with a bottle of milk. When he heard what Lao Qi said, he said with a smile, "Do you think you can have as many children as you want? If you like children so much, you should get married quickly and have a baby of your own so that you can hold it every day."

"Lao Wu, give me the baby. I need to feed him."

Zhan Yu said, "Brother, give me the bottle and I'll feed him. If I let go, I don't know when I'll be able to hold my little nephew again."

"I haven't even gotten my wife yet. She only agreed to give me a chance. We haven't gotten married yet."

Zhan Yu's fiancée fell in love with him after his persistent pursuit and gave him a chance. Now the two are developing their relationship, but it is still unknown when they will get married.

However, compared to the fourth brother, the fifth brother felt that he was fine. At least he and his fiancée were already in love. They had kissed and hugged each other. But the fourth brother was afraid that he had not even given his first kiss yet.

The future sister-in-law has not yet agreed to the fourth brother's pursuit.

There is one thing. Grandma wanted to watch Fourth Brother chasing his wife to the crematorium, but she was afraid that the show might not be exciting enough. Apart from eating chili peppers once and being frozen once, Fourth Brother did not encounter any other challenges or hardships.

The Du family's fighting ability is too poor.

It should be said that the Du family couldn't wait to marry into the Zhan family, but they were afraid that if they went too far, they would scare away the fourth young master of the Zhan family.

"You don't even have a wife yet, how can you feed a baby?"

"You don't even have a wife yet, how can you feed a baby?"

Zhan Yin said something to Lao Wu.

The fifth brother replied bluntly to the eldest brother: "This is also the first time for the eldest brother to be a father. Don't you have no experience either?"

After Zhan Yin glared at him, Zhan Yu didn't dare to yell anymore and quickly and carefully handed his nephew back to his elder brother.

He muttered to himself that after he got married, he would have more children, at least three, so that he could have the most children among his brothers. It would be best if he could have a daughter, so that his brothers would then come and grab his daughter.

He was just like his elder brother. With a glare, his daughter returned to his arms.

Hahaha!

Zhan Yu only dared to mutter to himself, dreaming and secretly rejoicing. When he was really faced with his eldest brother's glare, he cowered faster than anyone else.

Zhan Yin carried his son back to the room.

The young masters are not allowed to follow us anymore.

At this time, there was a knock on the door.

Zhan Yiyang went to open the door and saw Zhou Honglin and his parents standing at the door.

All three of them had something in their hands.

When he saw Zhan Yiyang, Zhou Honglin was a little stunned and didn't know how to start.

Especially when he saw that the small hall was filled with the young masters of the Zhan family, Zhou Honglin's face turned red and he was speechless.

It was Zhan Yiyang who broke the awkward silence. He asked coldly, "Why is Mr. Zhou here?"

Zhou Honglin is Yangyang's biological father. Everyone loves Yangyang, and only for Yangyang's sake will they give Zhou Honglin some face.

## Married at First Sight Chapter 4344

Father Zhou touched his son.

Zhou Honglin came back to his senses and said quickly: "I, I heard that Haitong gave birth, so I came with my parents to see it."

Haitong used to be his sister-in-law, and it could be said that he watched her grow up.

When he and Liberty were in love, Hai Tong was still a minor.

When getting married, the only condition Liberty proposed was that her sister had to live with them after marriage. Before, when he still loved Liberty, he understood Liberty's concerns about her sister.

Because they were worried about letting Haitong live alone outside, they proposed the condition that Haitong should live with them.

He watched Haitong grow up, and before he changed his heart, he really treated Haitong as his own sister.

So, he agreed to Liberty's request without any hesitation.

He didn't know how he ended up getting divorced.

Even though he was jealous that Liberty was better than him, and asked Liberty to quit her job and stay at home to prepare for pregnancy after marriage, and then get pregnant and give birth to a child, so that Liberty would be out of touch with society, but at that time, he still wanted to spend his whole life with Liberty.

He didn't know when she started to change her mind. It might be because his parents and sister often said bad things about Liberty in front of him, or it might be because Liberty lost her source of income and had to ask him for living expenses again and again.

He began to feel that Liberty was useless and could only rely on him to live.

He also lost patience with his sister-in-law, whom he had watched grow up, and finally proposed an AA system to Liberty. He was displeased with Haitong living in his house, which Liberty had spent hundreds of thousands of dollars on decorating.

It was he who gave up on Liberty first. It was he who broke his promise to Liberty first and failed to fulfill his promise to treat her well all his life.

Pulling back his wandering thoughts, Zhou Honglin smiled and looked at Zhan Yiyang, waiting for the Zhan family to allow him to go in and see Haitong.

He bought some supplements for Haitong.

The parents bought some new clothes and some packs of diapers for Haitong's son.

Knowing that Haitong had everything she needed, the Zhan family treated her like an ancestor and looked down upon the things he bought.

Knowing that Haitong had everything she needed, the Zhan family treated her like an ancestor and looked down upon the things he bought.

But he still had to send it.

He is Yangyang's father.

Haitong is Yangyang's biological aunt. She is extremely kind to her nephew Yangyang. Not to mention the past family affection, Zhou Honglin has to come just for Yangyang and give him some supplements.

"Come in."

Zhan Yiyang said this lightly, then stepped aside to let the three people from the Zhou family enter.

He followed back.

Zhou Honglin handed the supplements he bought to Zhan Yiyang and said, "I bought some supplements for Haitong."

Zhan Yiyang refused to answer, "Mr. Zhou is very thoughtful. We appreciate your kindness. What my sister-in-law lacks the most is supplements."

Zhou Honglin smiled and said, "I know Haitong has everything she needs. This is a small token of our appreciation. I hope the Fourth Young Master will accept it on your behalf."

Zhou's father and mother also handed the things they were holding to Zhan Yiyang.

After thinking about it, Zhan Yiyang took the things they bought and placed them on a single sofa.

Zhan Yichen asked the three members of the Zhou family to sit down.

Zhou Honglin couldn't go in to see Haitong and her child, so Zhou's mother asked, "Masters, can I go in to see Haitong and the child?"

"My sister-in-law is resting and my brother is feeding the baby. It's not very convenient."

The person who answered the call was Zhan Haoyu.

Mother Zhou smiled awkwardly and said, "Well, I'll wait a while and go see the baby."

## Married at First Sight Chapter 4345

Zhan Yin came out at this time.

He held the bottle in his hand.

After the baby ate the milk powder, Haitong held the baby in her arms and fell asleep.

It's not easy to put the baby down right after eating, for fear that he will spit up milk, so Haitong will hold him.

Since she gave birth to her son, she rarely hugs him.

Everyone was afraid that she would get tired, so they always asked her to lie down and rest.

"Master Zhan."

Zhou Honglin stood up and nodded to Zhan Yin.

Zhan Yin stopped and said, "Mr. Zhou is here, please sit down."

"I wash the bottles."

He raised the bottle in his hand.

Zhou Honglin smiled and said, "I heard that Haitong had given birth, so I came with my parents to see her. Is Haitong okay?"

"Mr. Zhou is very thoughtful. Thank you. Haitong is doing well."

Zhou Honglin smiled again, "That's good, that's good."

Zhan Yin asked his younger brothers to entertain the three people from the Zhou family, and he went to wash the bottles himself.

Watching Zhan Yin doing these things, Zhou Honglin smiled unnaturally. When Liberty gave birth and was in confinement, he neither took good care of Liberty nor took care of his son Yang Yang.

Liberty has no parents and was originally counting on his mother to take care of him during his confinement.

His parents said they had to take care of his sister's family and couldn't bear to leave Xiaobao, so they couldn't come to take care of Liberty during her confinement.

The eldest sister even said that Liberty had a normal birth and would be able to take care of herself after being discharged from the hospital.

Don't you think that my eldest sister gave birth to three babies through natural delivery? Why did she have to stay in confinement after childbirth and ask my mother to come and take care of her during the confinement period?

Don't you think that my eldest sister gave birth to three babies through natural delivery?

Why did she have to stay in confinement after childbirth and ask my mother to come and take care of her during the confinement period?

It was Haitong who took care of her sister during her confinement and took care of Yangyang.

Yangyang was not easy to take care of three months ago. He was crybaby and had a reversed day and night schedule. Haitong had to take care of her own business while also taking care of her sister during her confinement. She had lost weight visibly.

Thinking back to the past, Zhou Honglin wanted to slap himself a few times.

Zhan Yin washed the bottle, came out of the bathroom, and went straight back to the room. He didn't want to chat with Zhou Honglin.

If Zhou Honglin was not Yangyang's biological father, he would not even have the chance to appear here.

Zhou Honglin knew it very well. Although Zhan Yin asked his brothers to entertain the three members of the Zhou family, those young masters didn't say much and the scene was very awkward.

"Well, we have to go back soon, so we won't disturb Haitong's rest. When the baby is one month old, can we come over to drink a full moon wine?"

Zhou Honglin decided to take his parents away. Before he stood up to leave, he asked Zhan Yiyang.

Zhan Yiyang stood up to see him off. He replied, "Mr. Zhou, I dare not make the decision on behalf of my elder brother. I have to ask my elder brother's opinion."

"I'll tell my brother later. Mr. Zhou, just wait for the call."

"Okay, thank you."

Zhou Honglin knew in his heart that the Zhan family might not invite him to a full moon banquet.

He left with his parents.

Zhan Yiyang left the diapers and the clothes he bought, and asked Zhou Honglin to take the supplements back.

It was useless for Zhou Honglin to take diapers and clothes for newborn babies back, so Zhan Yiyang kept them for his brother and sister-in-law. As for the supplements, which the Zhou family could eat, he let Zhou Honglin take them back.

After some refusal, Zhou Honglin reluctantly took the supplements he bought and left with his parents.

After leaving the hospital and getting into her son's car, Zhou's mother said, "I told you not to come. They won't welcome us. Haitong is now the eldest lady of the Zhan family. Her status has changed dramatically. She is so high up that we can't even reach her."
