

# Married at First Sight Chapter 4351

“What did your brother say?”

After Zhan Yuan hung up the phone, Ouyang Ya asked him.

“My eldest brother told us to go home first and have dinner. If it’s still early, go to the hospital. If it’s late, we can go visit my eldest sister-in-law and the child tomorrow. My eldest sister-in-law will be discharged from the hospital tomorrow afternoon.”

Zhan Yuan looked at her and said gently, “Brother thinks that since it’s your first time to go home with me to meet my parents, you shouldn’t go straight to the hospital after getting off the plane. Even though my sister-in-law giving birth is a happy event, the hospital is always a taboo place.”

“So, big brother didn’t let us go directly to the hospital. It was also my inconsiderateness. We just listened to big brother and went home first after we arrived.”

“I’ve told my family. Grandma and my parents will definitely be waiting for us at the villa.”

This was the first time he brought a girl home, and this girl was the granddaughter-in-law chosen by his grandmother.

The elders in the family will naturally take it very seriously.

Zhan Yuan blamed himself for not thinking of this. Ouyang Ya didn’t care, but he couldn’t ignore such details. He couldn’t go straight to the hospital when Ouyang Ya came back with him to meet his parents for the first time.

Ouyang Ya smiled and said, “Actually, I don’t care about those things.”

However, Ouyang Ya was still very satisfied that the Zhan family valued her so much.

“Whether you care or not, we must have the right attitude. We can’t do whatever we want just because you don’t care.”

Zhan Yuan held her hand and said, “Do you want to take a nap? The flight is more than three hours long, we can both take a nap.”

He is fine and can rest normally.

Ouyang Ya is busy with work and always goes out early and comes back late, so she doesn’t have enough time to rest.

“Okay, you get some sleep too.”

Ouyang Ya was indeed tired.

However, she can relax for three to five days afterwards, which is not bad.

Originally, she thought she would only be there for three days.

Her sisters were considerate of her, and her parents and elders thought that three days was too short, and suggested that she should stay for at least five days to truly feel the Zhan family’s attitude towards her.

Her sisters promised that the company would be fine and operate normally when she was not at home.

Ouyang Ya arranged her work and returned to Wancheng with Zhan Yuan, deciding to stay for five days.

Ouyang Ya arranged her work and returned to Wancheng with Zhan Yuan, deciding to stay for five days.

One is to meet the parents, the second is to see Haitong and her son, and the third is to take it as a vacation and have a good time in Wancheng for a few days.

Zhan Yuan will always be with her.

After his brother hung up the phone, Zhan Yin said to the others, “Sixth Brother brought Miss Ouyang back today. This is the first time Miss Ouyang has come here. This is considered a formal meeting with the parents. You all should go back.”

“We need to give Miss Ouyang a good impression and let her feel our family’s sincerity.”

Zhan Yichen and the others said, “Okay, we’ll go back later. Lao Liu just took a plane. It will take more than three hours to fly back from there. We’ll go back later.”

“Grandma is at home. She will arrange everything.”

These brothers just need to go back and show their faces so that Ouyang Ya can recognize them.

The elders will arrange how to entertain Ouyang Ya. Since grandma is at home anyway, they don’t have to worry about anything.

Grandma Zhan: You guys are a bunch of bad boys. Grandma is already old, and you still expect her to take care of everything for you.

Everyone: Isn't grandma enjoying it?

Not long after, Ning Yunchu came to the hospital.

She brought a bouquet of flowers.

For Haitong.

Ning Yunchu was here to chat with Haitong, and everyone was driven back to their hometown by Zhan Yin.

Zhan Yuan brought Ouyang Ya back, definitely to his hometown, where all the elders were.

That is to say, during the time when Haitong was in the hospital waiting for delivery, everyone lived in Zhan Yin's big villa in the city so that it would be convenient for them to visit Haitong in the hospital.

After Haitong gave birth, both mother and child were safe, so the elders returned to Youyou Villa.

Haitong will be discharged from the hospital tomorrow and go home to recuperate after giving birth. She has discussed with her husband and decided to go back to Youyou Villa to recuperate after giving birth. It is quiet, the air is good, the elders are all at home, and there are many servants at home, so she can get the best care.

Although the big villa under Zhan Yin's name can be well taken care of, it is impossible for the elders to live with them all the time. They are more accustomed to living in their own territory.
