

Married at First Sight Chapter 4356

Now there is a fake Second Miss Ning who is looking for trouble with Ning Yunchu on her behalf. She, the real Second Miss Ning, is not allowed to resume her identity and live a carefree life. She can only play the role of a mistress under this fake identity.

Screw Mrs. Long, she's not the real Mrs. Long.

In Mr. Long's eyes, she was just a plaything, not even a mistress.

I heard that Mr. Long has a new love, and he treats her especially well, and the real Mrs. Long doesn't seem to care at all.

There is probably no way to control it. A pervert like Mr. Long has a constant stream of women outside. A woman who marries him will be unlucky for the rest of her life.

Ning Siqi had thought about escaping.

But with the two bodyguards watching her all the time, she didn't stand a chance.

She had to think of a way to win over these two bodyguards and make them work for her. Even if they couldn't work for her completely, at least they could be soft-hearted towards her, so that they would turn a blind eye when she tried to escape.

Ning Siqi always felt that the role of Mrs. Long that she played was just a clown in front of Haitong and others.

I always feel like Ning Yunchu and Haitong both know her true identity.

They didn't expose her, maybe they just wanted to find out Mr. Long behind her.

How could it be possible that people as smart as Zhan Yin and others could not figure out the problem after such a long time?

Ning Siqi, who is one year older, is no longer as innocent and naive as before.

He hated Haitong and Ning Yunchu deeply. He really wanted to see them suffer, and wanted to see the Zhan family fall and be dominated by Mr. Long.

But as time went by, Ning Siqi gradually came to her senses.

The Zhan family is like a local tycoon in Wancheng. They have deep and strong roots. How could it be so easy for Mr. Long to take over?

No matter how powerful Mr. Long is, he is still a strong dragon that cannot defeat the local snake in Wancheng.

Moreover, after such a long time, she did not see that the plan set up by Mr. Long could damage the foundation of the Zhan family.

Instead, I felt that Mr. Long was becoming more and more impatient. Could it be that the boy he was looking for had fallen into the hands of someone else?

Instead, I felt that Mr. Long was becoming more and more impatient. Could it be that the boy he was looking for had fallen into the hands of someone else?

How important is that boy to him?

Ning Siqi looked at the backs of the two bodyguards. They were both men in their early thirties. They had been monitoring her here for a long time and could not be reunited with their families. Regardless of whether they had wives or not, they were normal men, right?

Don't they have a need?

Ning Siqi thought about the torment that Mr. Long had done to her, and suddenly she had an idea. She plotted against the two bodyguards. She just had to have sex with them separately, but they couldn't let each other know.

That way they will slowly soften towards her.

Maybe in the end, I will develop feelings for her.

When she escapes from Wancheng, even if they find out, they will turn a blind eye and pretend they don't know about her escape.

That way she can live a good life in the second half of her life.

Anyway, she has become Mr. Long's plaything and has lost her innocence long ago.

Ning Siqi thought about this and turned her head to look at the sky outside the car window. It was evening and the sky was slowly getting darker.

She wants to go to the bar.

The bar she used to frequent.

She's going to get some medicine.

These two bodyguards are loyal to Mr. Long. It is difficult for her to win them over when they are sober.

The only thing we can do is to plot against them.

In that case, when they wake up, the matter will be a done deal. Would they dare to strangle her to death?
