

Married at First Sight Chapter 4357

“I don’t want to go home.”

Ning Siqi suddenly spoke.

The bodyguard driving the car didn’t even turn his head. The bodyguard sitting in the passenger seat turned his head to look at her and asked in a cold voice: “Where do you want to go, Madam?”

“I’m in a bad mood and want to go shopping alone.”

The bodyguard rejected her request without a second thought, saying, “The wife must go home and cannot hang around outside unless the husband agrees.”

“Hey, I’m a human being, a living being, you can’t restrict my personal freedom like this.”

“Anyway, I’m in a bad mood, so I’m going to go for a walk.”

The bodyguard said in a cold voice: “What’s the matter that makes Madam unhappy? Madam, you don’t have to worry about food and clothing now. You live in a big villa and have a lot of pocket money every month. You live a life of luxury. What else is there to worry about?”

They are not in a bad mood yet.

The head of the family arranged for this woman to be kept under surveillance for a long time, and she cannot even return home.

Although they are not married yet, they are normal men and are in love.

They have been unable to leave Wancheng, and their girlfriends have threatened to break up with them. No matter how they explain, their girlfriends won’t listen.

But the master of the house didn’t let them go back, so they didn’t dare to go back unless they didn’t want to do this anymore.

In H City, the head of the family is able to cover up everything with one hand. If they just resign and leave, the head of the family will retaliate against them, and it will be difficult for them to survive in H City.

If they have girlfriends but can’t make money, they will leave them anyway.

Besides, they could not afford the suppression and retaliation from their master.

They knew a little about what the head of the family had done.

The master of the family thinks that they know too much, and if they want to survive, they must remain loyal to him and work for him. Once they want to leave, even if the master agrees to their leaving, they will be held accountable by him afterwards.

The ending is a dead end.
The ending is a dead end.

“When I see Haitong so happy, I feel bad. When I see Ning Yunchu is still fine and getting happier and happier, I feel bad. Your master says he is invincible, but now nothing happens to the Zhan family.”

“Even my Ning family didn’t lose a hair. I know that Ning Yunchu managed the Ning family’s business very well.”

“Hai Tong’s son is born. In the past, everyone said that she couldn’t have children and that she would be kicked out of the Zhan family sooner or later. But now she has given birth to a son. It’s a boy in one pregnancy, and her position as the eldest young lady is as stable as a rock.”

“What about my child? If not... my child would have been born this year.”

Her child didn’t even have a chance to take shape.

Seeing Haitong so happy, Ning Siqi hated her more and more.

She hated Mr. Long for treating her like this.

If you don’t want her to get pregnant and have a baby, just don’t take any contraceptive measures.

After the miscarriage, her body had not yet fully recovered, and he began to abuse her again, and still did not take any contraceptive measures.

This forced her to take medicine constantly.

If she takes too much of that kind of medicine, there will be serious side effects. What if she can’t have children in the future...

She also wanted to escape from Wancheng and find a loyal and honest man to marry. With the money she had accumulated now, it would not be difficult for her to live a peaceful and wealthy life.

She also wants to have some children.

The bodyguard stopped talking.

After a long while, the bodyguard asked calmly, “Where do you want to go, Madam? We will go with you.”

“I want to go to the bar and drink. I’m in a bad mood and I need to drink to relieve my sorrow.”
