

Married at First Sight Chapter 4376

Ouyang Ting complained.

Her mother was a very rule-abiding person.

She always wears makeup, high heels, and neat clothes at home, and she only takes off her makeup when she goes to bed.

It was late at night, and the mother was still waiting for her to come back. She had not even taken off her makeup. She always maintained a dignified, generous and noble image.

Ouyang Ting didn't know if her mother would feel tired carrying it like this, but she felt very tired anyway.

"My eldest sister is on vacation for a few days, and I will take over her work. I am very busy, so I will be late when I come back. Tonight is still early, but I may be back very late in the next few days. Mom, if you have anything, you can call me. You don't have to wait here so long."

The second wife complained: "I called you, but after just a few words, you said you were busy. You went out in the morning, and I didn't get up yet. I couldn't see you, so I could only wait for you to come home at night."

"Nothing much, I just heard that the eldest young master of the Long family has been pursuing you. How is he? Is he good? Do you like him?"

"The Long family is in H City, adjacent to A City. The closest drive is only an hour. The city center of the two cities is a little further away, and the drive takes two hours, which is not very far."

"Compared to the distance between your eldest sister and Zhan Yuan's home, it's already very short."

"If the eldest young master of the Long family is sincere to you, why don't you give it a try."

Ouyang Ting immediately sat up straight and looked at her mother.

Being looked at like this by her daughter, the second wife felt a little uncomfortable and asked, "Why are you looking at me like this?"

"Mom, did you accept benefits from Long Tuo? Why would you speak for him?"

The second wife immediately patted her on the back and said, “Is mom that kind of person? Mom thinks you are just a little younger than your eldest sister. She has found a partner now and will probably get married this year.”

“Your life is about to start, but Mom doesn’t want you to marry far away. Even if you marry to H City, Mom thinks it’s too far. But you haven’t taken a fancy to any of the young talents in our A City.”

“Mom was thinking that if the eldest young master of the Long family is okay, you might as well give it a try. I heard that he goes to the company gate every day to wait for you to get off work, and gives you flowers and gifts. He seems very sincere.”

“The Long family is the richest family in H City. They are more powerful than our Ouyang family. They shouldn’t be eyeing our family property.”

Besides, the real head of the Ouyang family is Ouyang Ya, not his own daughter.

The daughter was just helping Ouyang Ya share some of the burden.

Ouyang Ting rolled her eyes speechlessly.

The second wife caught her daughter rolling her eyes, patted her again, and gently scolded her: “Don’t roll your eyes, it’s not ladylike.”

“Mom, you are the second wife of our Ouyang family. You usually go out to meet people from the outside world and mix in the rich circle. It is impossible for you not to know that Long Tuo is only the son of the acting head of the family.”

“He is not the rightful eldest son of the Long family. The real eldest son of the Long family died long ago.”

“It’s true that the Long family is the richest in H City, but what does that have to do with Long Tuo’s family? His father is only the acting head of the family. He has no token, no clan seal, and can’t even mobilize the elites of the Long family.”

“Once the child of the Long family’s direct descendant is found and comes back, everything in the Long family will return to that child. Long Tuo and his son will just be helping others.”

“As for the character of the acting head of the Long family, I don’t think highly of him. He was the mastermind behind the massacre of the Long family’s direct descendants.”

“How can the son of such a cruel person be any good? Don’t say that I don’t like Long Tuo. Even if I like him, I will break up with him and dare not marry into a family like that.”

“There are too few males in our family. Jun and Jian are only a few years old. No matter how capable we sisters are, the men will look down on us. Once Long Tuo and I are together, our family may suffer the same tragedy as the direct descendants of the Long family.”
