Married at First Sight Chapter 4336

Duncan nodded. "You should get some rest too. You look exhausted—those dark circles under your eyes are obvious. You're not as handsome as the old Zhan Shao anymore."

Zhan Yin smiled. "As long as Tongtong and the baby are safe, a little fatigue and sleepiness don't matter."

Compared to the pain Haitong endured during childbirth, his exhaustion was insignificant.

"Drive safely," Zhan Yin reminded the driver.

He watched his friend's car disappear into the distance before turning back and heading inside.

Though he was extremely tired, the joy of becoming a father kept him awake.

That night, he stayed up to care for the baby, letting Haitong rest peacefully.

Noticing how worn out Zhan Yin was, Liberty insisted that he sleep on the family bed for a while, while she helped her sister take care of the baby.

At this stage, the baby only needed to eat and have diapers changed. Once fed and clean, the little one quickly fell asleep again.

The next morning, the old lady and a few others came over.

They brought breakfast for Haitong and the rest. Now that Haitong had given birth, she could have some meat porridge and soup, but with limited oil.

Her meals were arranged by the family's nutritionist.

After a night's rest, Haitong woke up feeling much better, as though nothing had happened.

After breakfast, she even got out of bed and walked around a bit.

She didn't need to worry about caring for the baby just yet.

As the first child of this generation in the Zhan family, the baby would enjoy a few years as the center of attention and affection. Only after younger cousins were born would he need to share that love.

Still, the eldest child always receives the most attention from adults.

Just as Zhan Yin had said—even after his cousins were born one after another, his status as the eldest brother remained unshaken, and he continued to be deeply loved by the elders.

Of course, being the eldest also comes with a heavy sense of responsibility.

Shen Xiaojun and his wife also came by to visit Haitong.
Shen Xiaojun and his wife also came to visit Haitong.

She didn't bring their son along. The little boy was only a month old, and it wasn't convenient to take him out. Her mother-in-law had also advised against it.

Meanwhile, in H City—

Just as Ouyang Ya finished breakfast and was about to head out for work, Zhan Yuan approached her to request time off.

"Time off?"

Ouyang Ya paused, looked at him, and asked, "Did your sister-in-law give birth?"

She remembered him mentioning that when his aunt gave birth, he planned to take two or three days off to visit. It would be his first nephew, so it held special significance—he felt he had to go.

Since he had started working at her home, it seemed he hadn't gone back even once.

Zhan Yuan smiled. "She gave birth yesterday evening. A baby boy, seven pounds. Both mother and child are doing well."

"Miss, I'd like to take three days off. I'll visit and come right back. I've already shown the chefs at home how to prepare your meals. I think the food they make will suit your taste."

They were all experienced chefs. With a bit of his guidance, they should be able to cook to Ouyang Ya's liking.

Ouyang Ya smiled. "Congratulations on becoming an uncle."

"When are you leaving?"

“I haven’t booked the flight yet,” Zhan Yuan replied. “I wanted to get your approval first. Once I have it, I’ll go ahead and book the tickets.”

“Alright, book two tickets for the afternoon flight. I’ll return to the company to arrange a few things and go with you later today.”

She was not only his employer but now also his girlfriend.

Ouyang Ya wanted to return to Dongguan with him.

The last time she visited Grandma Zhan and Aunt Tang was at the Jun family’s Fengchen Villa—not the Zhan family’s Youyou Villa.

Zhan Yuan looked surprised. “Miss, you want to come with me?”

Married at First Sight Chapter 4337

After the two confessed their love to each other, their relationship progressed by leaps and bounds. However, according to the normal course of love, the two have not yet reached the stage of meeting each other’s parents.

He didn’t expect that his busy fiancée would be willing to go back with him.

Ouyang Ya said: “The last time I visited you, I went to Fengchen Villa, not your home.”

“I’m going to pay a formal visit this time.”

“Why, you’re not welcome?”

Zhan Yuan grinned, “Welcome, very welcome, of course I’m welcome, I warmly welcome you.”

Ouyang Ya also smiled, “Just say welcome. I’ll go back to the company first, you pack up, and then you can pick me up at the company, and we’ll go to the airport together.”

“good.”

“I have nothing to pack.”

When he came, he only brought a few sets of clothes and daily necessities.

Ouyang Ya said to him: “You’ve only been home for so long, shouldn’t you buy some H City specialties and bring them back for your family to try?”

“This is my first visit, so I need to prepare some gifts. How many people are there in your family? What are everyone’s preferences? Please help me make a list and I’ll give it to my secretary to prepare for me.”

“No need to prepare any gifts. My family will be very happy if you come back with me. No need to spend any more money. We have everything we need at home.”

Zhan Yuan instinctively declined so as not to let his eldest lady spend money.

Ouyang Ya said, “This is my first time meeting your parents, and you want me to go empty-handed? If you don’t tell me what they like, then I won’t go back with you, and I won’t go back with you ever again.”

Zhan Yuan: “...Okay, I’ll send it to you in a moment.”

When she met his parents for the first time, she prepared a gift for his family. It was polite. If he didn’t let her prepare it, it would embarrass her. How could he let her embarrass herself?

When she met his parents for the first time, she prepared a gift for his family. It was polite. If he didn’t let her prepare it, it would embarrass her. How could he let her embarrass herself?

He also had to prepare a gift for everyone in the Ouyang family, and then give the gift to everyone in the Ouyang family as Ouyang Ya’s boyfriend.

There is give and take.

“I’ll go back to the company first.”

“good.”

Ouyang Ya left.

After she returned to the company and attended a morning meeting, she received a list from Zhan Yuan. After reading the list, she sent it to her secretary and asked her to help her prepare a gift according to the preferences of everyone in the Zhan family.

Afterwards, she notified the second and third young ladies to come upstairs to meet her.

The second and third young ladies arrived soon.

“Sister, please find us.”

Ouyang Ting came over with her sister, and they each pulled out a chair and sat down in front of her sister’s desk.

“Would you like some water?”

Ouyang Ya asked.

“Sister, we are not thirsty. If we were thirsty, we would pour water for ourselves.”

Ouyang Ting asked curiously: “Sister, please tell me what it is. I’m very curious.”

“Don’t you think it’s the company’s business?”

Married at First Sight Chapter 4338

Ouyang Ya spoke about her sister with amusement.

“It’s not a company matter. It’s a company matter. Big sister wouldn’t ask us to go upstairs. She would have given the order long ago.”

Ouyang Ting, who was the first to follow her eldest sister to shoulder the burden of the family, is very clear about her eldest cousin’s style of doing things.

Ouyang Ya smiled, looked at her two sisters, and said, “I will go to Wancheng this afternoon for three to five days. During these three to five days, the company will be handed over to you two.”

“If there’s anything you can’t handle, call me again and I’ll give you instructions over the phone. If you really don’t understand, you can wait until I get back.”

Ouyang Ya paused for a moment and then said, “But I believe in your abilities. Even if I’m not in the company, you can handle anything.”

My sisters are all very smart, and those who are already working are very capable.

The two sisters looked at each other, and finally Ouyang Ting asked curiously, “Sister, are you going to Wancheng to meet your parents?”

Everyone already knew about the relationship between Ouyang Ya and Zhan Yuan, so Ouyang Ya didn’t need to hide it. She admitted generously: “I went back with him to meet his parents.”

“The eldest mistress of the Zhan family gave birth these two days. She is Zhan Yuan’s biological sister-in-law. When her nephew was born, Zhan Yuan, as his uncle, wanted to go back to see him. I thought there was nothing important to do recently, so I took a rest for three to five days and went with him to meet his parents.”

The last time she met she only met Grandma Zhan and Aunt Tang.

She had never met so many people in the Zhan family.

Ouyang Ting giggled, “Big sister and Zhan Yuan’s relationship is improving rapidly. It’s a good thing for them to meet their parents earlier. I hope that we will both have brothers-in-law to call during the Chinese New Year this year.”

Ouyang Ya smiled and said, “You can call him brother-in-law now. Since I have fallen in love with him, I will only marry him in this life.”

Knowing that she was the candidate chosen by Grandma Zhan, she had nothing to worry about.

Zhan Yuan’s feelings for her are deeper than hers for Zhan Yuan. He is not afraid that she will change her mind, so she doesn’t have to worry about it either.

Ruotong said that the men of the Zhan family in Wancheng are very loyal. Once they get married, they will live with their wives for the rest of their lives. They will not cheat on their wives or commit domestic violence. They are truly a couple who will stay together for life.

Ruotong said that the men of the Zhan family in Wancheng are very loyal. Once they get married, they will live with their wives for the rest of their lives. They will not cheat on their wives or commit domestic violence. They are truly a couple who will stay together for the rest of their lives.

Such wealthy families are extremely rare and very uncommon.

The Ouyang family’s family tradition is good, but Ouyang Ya knows that her father and uncles had many romantic scandals when they were young, they just didn’t let the women outside disturb their original wives.

Especially since her mother and aunts gave birth to girls one after another.

Her parents were doing it secretly in order to have a son, and her mother knew about it.

But later on, the parents gave up, and as the children grew up, they showed their love to them.

Don’t think that she was just a few years old and didn’t understand anything because she knew that her parents were quarreling in private.

After Ajun and Ajian were born, their parents felt relieved. Now they seem to be in love and don’t care about the past. The younger generations, especially the younger sisters, don’t know that their parents had scandals and of course they won’t expose the mistakes their parents made when they were young.

It is really rare to find wealthy and powerful families who are as loyal and responsible as the men of the Zhan family. Even ordinary men can resist the temptation from outside if they have the opportunity.

Ouyang Ting said: "I'd better wait until you two get married, then I'll change my mind, that way it will be legitimate."

She didn't mean that Zhan Yuan would change his mind, but she felt that since the two of them were truly married, it would be better for her to change her mind, at least it would be legitimate.

The third young lady also smiled and said, "Second sister is right. We will change our mind after eldest sister and Zhan Yuan have their wedding or get their marriage certificate. Eldest sister, have you decided? Do uncle and aunt have any objection?"

Ouyang Ting said to her sister, "If uncle and auntie were against it, how could the family be so peaceful? If you don't believe Zhan Yuan, you have to believe our eldest sister."

My eldest sister has the final say in her marriage.

My uncle is in poor health and my aunt doesn't have much of an opinion, so my eldest sister has long been the one who has the final say in the family.

"Zhan Yuan is worthy of our eldest sister."

Married at First Sight Chapter 4339

"But Zhan Yuan's home is in Wancheng, which is so far away."

The third young lady said, "I don't want my eldest sister to marry far away. If I want to visit my eldest sister in the future, I will have to spend a whole day on the road."

"Zhan Yuan works at home and basically lives with us." Ouyang Ting has long known that her eldest sister would not settle in Wancheng after getting married.

Only when the younger brothers grow up and are able to take over the family business will the eldest sister have the possibility to follow Zhan Yuan back to live in Wancheng.

At that time, their nephews were all teenagers.

The third young lady thought about it and smiled, "I understand."

That way, their eldest sister will still live with them, which is great.

The young ladies, who are used to revolving around their eldest sister, are reluctant to see their elder sister marry far away.

However, after the eldest sister and Zhan Yuan's relationship was made public, they were not in a position to ask too much about where they would live in the future.

"Big sister, you can go back with Zhan Yuan to meet our parents. You can take this opportunity to have fun in Wancheng for a few days. Don't worry about family matters. We are here for you."

Ouyang Ting expressed her position.

Not to mention that her younger sisters help share the burden, even if she is alone, she can hold on for three to five days, allowing her sister to rest for a few days.

Spend a few days without any burden.

"Um."

"Sister, have you booked the tickets? Or are you going by private plane?" the third young lady asked with concern.

I had never heard my elder sister mention it before today.

They were not prepared at all.

"Zhan Yuan has booked it. If he doesn't take a private plane, he won't be able to arrange it in time."

"It's just me and Zhan Yuan, so we can just book two tickets."

Ouyang Ya was going on a long journey this time and she didn't even bring a bodyguard with her.

Ouyang Ya was going on a long journey this time and she didn't even bring a bodyguard with her.

Zhan Yuan can protect her, and she also has the ability to protect herself.

The place she went to was Wancheng, which was the territory of the Zhan family.

In Wancheng, who dares to touch the future sixth young mistress of the Zhan family? Isn't that courting death?

Ever since she knew that she was the one chosen by Grandma Zhan, Ouyang Ya specially asked someone to go to Wancheng again to inquire about the people and affairs of the Zhan family.

This time, her people were able to find out the real news.

Ouyang Ya then realized that the Zhan family had interfered with her decision to send people to investigate Zhan Yuan last year, so she did not find out that Zhan Yuan was the sixth young master of the richest family in Dongguan City.

Without asking, one can guess that it was done by Zhan Yin, the current head of the Zhan family.

“We can rest assured that Zhan Yuan is with Big Sister.”

The third lady smiled.

Her sisters are very satisfied with Zhan Yuan, their future brother-in-law.

At the same time, I was also very curious about how Grandma Zhan chose their eldest sister? But I had to admire Grandma Zhan. Zhan Yuan was a perfect match for their eldest sister.

The eldest sister is picky about food, and Zhan Yuan is an excellent cook.

From now on, Zhan Yuan will be responsible for the eldest sister’s three meals a day, and the Ouyang family has also stopped changing chefs like changing clothes.

Zhan Yuan is not only a good cook, but also a good businessman. He has businesses in big cities like Dongguan, and he runs them very well. Even without the background of a rich young master, Zhan Yuan is a successful person.

Ouyang Ya arranged her work here and prepared to go back to Wancheng with Zhan Yuan in the afternoon.

Du Yumeng in Haicheng discovered that Zhan Yiyang had been missing for the past two days.

It was the eldest sister who first discovered that Zhan Yiyang was no longer waiting for her outside the company as usual.

The eldest sister asked her: “Mengmeng, why hasn’t Zhan Yiyang been around these past two days?”

Married at First Sight Chapter 4340

“Could that kid have given up again?”

“If he dares to give up halfway like he did last time, you should never talk to him again in your life. There are many good men in the world, and you don’t have to be with him.”

Du Yumeng then realized that Zhan Yiyang had not shown up for two days. No wonder she always felt like something was missing.

It turned out that it was because Zhan Yiyang’s constant nagging was gone.

“He may be busy with work.”

Du Yumeng speculated, “The Zhan family wants to open a branch here, and he is in charge. He can’t just ignore everything.”

Zhan Yiyang usually came to wait for her to get off work. He would come just before getting off work. When she was at work, he would also go to handle official business.

Maybe it was because she saw how hard Brother Xiang Yang worked, and she said he had so much free time, so he started to focus on his work.

“He doesn’t have work during normal hours? But when it’s time to get off work, he will still wait for you at the company gate, and he will even wait an hour or half an hour in advance.”

“I haven’t seen him at all in the past two days. Could it be that he feels that Xiang Yang is more liked by our family and has withdrawn?”

If that were the case, she would look down on Zhan Yiyang.

Du Yumeng smiled: “Don’t you think highly of him, elder sister?”

“It’s not that I don’t like him, I’m just annoyed by the way he treated you before. When it comes to truly evaluating a person, Zhan Yiyang can still give him a high score.”

The most important thing is that Zhan Yiyang gave up his sister because he was tricked by her. He didn’t know that his sister was the girl he loved.

My sister has many vests.

Miss Du only found out about this later.

In the past, she didn’t know that her cousin had so many aliases. She only knew that her cousin was good at fighting. Who would have thought that as the second daughter of the Du family, her sister would often go out to roam the world in the middle of the night wearing a mask.

“You and Xiang Yang are just siblings. My second uncle and second aunt also recognize Zhan Yi Yang in their hearts. Xiang Yang’s heart is not with you. So, when will Xiang Yang and your sister have a real ending?”

Du Yumeng was silent for a moment and then said, “That’s their business. They will handle it themselves.”

“I only have brotherly and sisterly feelings towards Xiang Yang.”

“I only have brotherly and sisterly feelings towards Xiang Yang.”

She didn’t know Xiang Yang very well, even though he was her mother’s godson and her brother.

But Xiang Yang has always been abroad, and when he returns to China occasionally, he doesn’t stay for long.

When Xiang Yang returned to China before, she was still learning from her master and was not at home, so they had very few opportunities to meet.

“The one I like is Zhan Yiyang. It’s him from beginning to end.”

Du Yumeng picked up the phone and was about to call Zhan Yiyang when Zhan Yiyang sent her a message.

It is picture information.

She opened WeChat and saw Zhan Yiyang’s message, which was a photo of a newborn baby.

Whose child is this?

Du Yumeng suddenly remembered Sister Tong. She instinctively looked at the desk calendar and realized that the photo of the newborn baby must be Sister Tong’s son.

Sister Tong gave birth!

Zhan Yiyang must have received the news, so he returned to Wancheng.

That bastard left without even telling her.

Sister Tong gave birth, so she went to see the baby. It was not impossible for her to do so, but Zhan Yiyang did not tell her and hurried back to hug his nephew.

She was so busy that she forgot about it.

Du Yumeng quickly checked the Moments, but didn't see Haitong posting anything. She guessed that Haitong must have just given birth and hadn't posted anything yet.

She called Haitong, and after Haitong answered the phone, she asked with a smile: "Sister Tong, did you give birth? Is it a prince or a princess? Did Zhan Yiyang go back? Why didn't that bastard tell me?"

Haitong replied, "She was born yesterday evening. It's a son, weighing seven kilograms. Both mother and child are safe. The fourth child just came back. Anyway, I just saw the fourth child now."
