The room went silent and we looked at each other, none wanting to say it. But I am the first to gag and spit out the very spicy and salty mac and cheese back into the bowl. F*ck. Was I food poisoned?

Xade rubs my back, grabbing a paper towel and dabbing my mouth with it. Xaden who was sitting across us winced and looked sheepish. "I may have added a bit too much salt and pepper."

Xade shoots him an icy glare and asks him sarcastically. "You added a bit too much of everything don't you think?"

Xaden scratches his chin. "I'm usually the better cl around J, you and Xade are to be blamed for this turn of events. You two killed my mojo," he pointed an accusing finger at both Xade and me.

My lips part in disbelief. "How were we the ones-

You two had blessed the countertop. I should have bleached the area before using," he wiggled his nose, teasing me with a smirk. I turn. instantly red, my cheeks hot and pushed the plate away. "I am not hungry anymore."

"I'll order us some pizza," Xade suggested, still rubbing my back soothingly. Xaden looked between us and snorted. "Should I give you two some privacy?"

Xade stopped rubbing my back and shot him an irritated scowl. "Not that you know anything about privacy Xaden."

Xaden smirked. "You're right, I don't," he pushed off the stool and

took his plate. Dumping the food in the trash he says. "Order a large pineapple and sausage pizza, extra cheese"

"I'm not ordering you shit a*shole," Kade grumbled, obviously not serious about leaving his brother out of it. Xaden turned around, a mischievous glint in his eyes. "That pizza isn't for me brother but for V. Heard the pineapple makes the women taste even better down there, you know what I mean," he wiggled his eyebrows in suggestion.

Xade grabs the fork and flings it at him, Xaden ducks and the fork smacks against the cupboards. Xaden roars in laughter, running off before Xade could fly something else toward him. I buried my face in my hands, groaning. "Oh my God, please kill me now."

Xade pulls me in his arms, hugging me and chuckling. "I love it when you get shy."

I move my hands off my face and playfully glared at him. "If you're to be blamed for this. You just had to-" I stopped, flushing beet red.

He tugged the huge t shirt he gave me to wear, his eyes flickering down to my lips." What can I say....I'm always hungry when it comes to you."

I swatted his hand away and got off the stool. "I'm going to order us some pizza."

Xade licks his lips, grinning as his eyes flashed naughtily. "Are you buying the pineapple? You don't need it since you already taste like heaven. Don't order me any, I already have my meal that I intend to have later on."

Yes, this would be the best time for the floor to open up and swallow me whole.

Avery's pov

Xade stumbles back, as if my words had hit him so brutally, speared him right through his heart. I regret them instantly, my eyes softening along with my voice.

"I'm sorry. I didn't mean." I took in a shaky breath, ripping my gaze from his. The last thing I want is to hurt him. All this had been my fault and I'm stupid for thinking this could really work between us.

I'm just ruining our friendship for something that we don't know will last. What if this is just an infatuation because I slept with him? What

if this burns out for him? I rather only be his friend and risk 1

him forever.

"It's time to face the truth Xade." I pointed between us, keeping my voice calm. "This. Us. You're out of my league and I can't be what you want. This is risking our friendship Xade."

It hurts to even say that we can't be and it hurts even more when I know it's the truth.

Xade shook his head, taking a step forward. "You're wrong Avery," I can't move away, not when his eyes have pinned me where I stood. My skin buzzes and my throat runs dry. I love when he looks at me like that, with longing and desperation.

His eyes are intense and making me breathless by the second. "You're everything I need," he stressed out on all the words, his gaze burning into mine. My breath hitches when his palm presses against the middle of my back, right on my spine. Fire.

Xade." I said breathlessly, the word barely more than a gasp of air. Being in his arms makes me not think clearly. I needed- I needed to think. "I'm going back to my dorm." I tried to step out of his arms but he won't let me.

His brows are drawn into a frown, his eyes deep with frustration. "I'm so tired of you running away from this V." I let out a surprised squeal when I am suddenly thrown over his shoulder and now face to face with his very sexy bottom.

de!" I practically yelled, my head swinging from side to side as he alked to God knows where." What the hell?"

I let out a shrill gasp when I felt the impact of his palm right on my left a*s cheek. It stings and feels...good. Very good. "I' Where you belong is beside me and not far away."

My heart thrums in my chest. "Put me down!" I demanded and earned another smack on my a*s, this time on the right. Both stung from his brutality and I am embarrassed to admit it made a very delicate part of me tingle. Right between my legs. I am already growing so wet.

It's like he knows too, because his hold grows more firm and a sound so feral comes out of his throat. "I will, on my bed," he growled, squeezing one of my cheeks and I bit my lip.

"Do I even want to know what's going on?" Xaden's voice made me squirm with mortification. Great. Now I'll never live this down.

Xaden." Xade hissed.

Okay okay, just keep it down. I'm trying to catch some sleep." Xaden snorted and I heard the sound of the door closing, indicating that he had stepped into his room. Xade kicks the door shut behind us when he enters the room and in seconds I am thrown on his bed.

111

I glared at him as I bounced on the mattress. Despite being a bit frustrated with him, I also felt that buzz of excitement which further irritated me more." You're unbelievable." I puffed out.

"Yes, unbelievably in love with you and I am trying to figure out what it will take for you to see that." His voice held so much emotion and the way his eyes searched mine, seeking for something I was afraid to show him.

I swallowed, looking away. "Xade, what you feel right now is lust. This will fizzle out just like all your other relationships have. Please, let us not ruin our friendship like this," I want him, there's no

mistaking I want this. But I have a good head on my shoulders to know that it's impossible for us to work.

And maybe, I just feared that if we were to not work, we'd never go back to how things were between us. I wasn't sure if I would risk friendship. I'd rather have him as a friend than as nothing at all. Search the website to access chapters of novels early and in the highest quality.

He was my lifeline.

My words seem to have made him angry, his eyes grow hard, and a muscle ticks in his jaw. "Lust," he spat the word out, his blue eyes storming.

"I know what lust is Avery and this, he pointed between us both. " This is not that feeble feeling, it's more than that, it is raw and real. It's something I won't ever find with someone else."

Avery's pov

Xade had always been a smooth talker, that's why he always got exactly what he wanted. This time is no different. His words and his longing stares are breaking down the warning barrier around my heart.

I pulled my lower lip in my mouth and watch his eyes darken and his voice grow hoarse." You've always trusted me V, this time I want you

Trust me with your heart. I want to hold it just like you hold mine."

My heart thrums, blood rushes in my ears and I am convinced that Kade and I are in our own little world. He approaches, his eyes soft. "I've always wanted this," he gulped and sat weight dipping the bed a little

eside:

Just him being close makes me feel so warm, heat radiates from him and burns my skin. His scent, I pulled it in. It feels like I need to be beside him, right beside him to be able to even breathe properly

We both are facing each other, both breathing the same air. His eyes fall to my hand on the bed and his crawl to interlock through mine. I held my breath. Warmth. The air crackles around us, and buzzes with

tension.

Those blues returned to mine and I can't breathe. "I want you to give me the chance to show you how much I love you V. Let me prove that this is not just lust," his eyes are pleading for me to understand, to give in. "That this is more." He wants me to give in.

And I am. I am.

I let out a breath, looking down at our interlocked fingers on the bed. It

田

looks so right. Feels so right "I'm scared." I admitted. "Scared that you'll one day not want me anymore and what then? Will we still go back to being friends? I don't want to lose you Xade"

I really don't. But I really want him too. Was this a risk I would be willing to take?

He squeezed my hand. beckoning me to look back at him which I did. The intensity in his eyes stole my breath and I sucked air into my nostrils sharply "I've been in love with you for so many years. I'm afraid it's not possible to fall out of love with you Avery"

I looked down, my cheeks flushing with his confession His fingers brush my blonde strands behind my ear. then they trace the shape of my jaw before they stop on my chin and he tipped them up so I can look at him once more.

We catch on fire.

We're burning.

He's leaning in.

I am leaning in.

We're breath apart.

Our hearts beating.

This is it.

This is all I've ever wanted.

"I want you, I need you." he breathed out on my lips and I shivered. " Please stay with me."

I nod, no hesitation as my eyes fluttering close just as his soft warm

hips brush against mine "I'll stay." I whispered on his lips.

Tonight I will stay. Tonight it's just me and him. No one else. The rumors swept behind my head, and the friendships that broke because of what we had done floored away at the back of my head too. Every little voice in my head that warned me that this will end bad, vacuumed away.

Tonight I will stay. Tonight it's only him and I.

Xade's lips move against mine gently as if he was trying to make sure he poured every single emotion into it. My toes curled and my lower belly pinches with need. I moaned when the tip of his tongue rush against my lower lips, coaxing me to give him entry.

His taste was branding itself on my tongue, his breath on my lips, his fingertips pressing into my skin, my spine, my ribcage. I sighed, my heart

racing as he pushes his tongue in deeper. He's tasting me, making sure to get every tang of me.

My fingers thread into his soft hair, the strands running across my fingers and making me moan. I gripped them as he angled his mouth in a way that would make his tongue go even deeper into my mouth.

He groaned, his taste printing on my tongue. The kiss grow intense, and Xade pushes me down fully on the bed, hovering over me as his fingers glide along my sides. Goosebumps rise on my skin like little dots and he traces them with the pads of his fingers delicately. [SEARCH the website](#) to access chapters of novels early and in the highest quality.

"Xaden is here," I reminded him. The last thing I want is for Xaden to hear us and tease us about this..

"He's going out," Xade groaned on my neck, nibbling on the delicate. flesh that seem to tingle by his sweet torture. His words set me on fire and the air around us grew with a kind of buzz one could feel all on their skin. His teeth brushed my ear, just on the lobe softly and I moaned, shivering. One touch. It took one touch. Not even his lips and my body was under his command.

"Xade." I breathed out like a prayer, my lips parting as I gasp for air. I'm breathing in his scent and I love it. Engulfed by him was my sweet torture. He rolled his hips forward, his hardness brushing against my aching center.

Oh this feels so good.

My heels dig into the mattress, my hips pushing up as I seek to feel more of him." You smell so good baby." he moaned, teeth brushing my neck, on my pulsing vein. My nails dig into his back. Searching for his skin through the material of his shirt to mark him..

His lips feathered soft kisses down my neck to my collarbone, to brush against the cleavage he could get." You'll smell even more mouthwatering with my scent on you." his tongue push out of his lips and lick just between my breasts making me let out one of the loudest

moans.

He nipped on my breasts and my nails snake up into his hair, thread through his strands and gripped them. There's no doubt he was leaving me a surprise there to wake up to tomorrow morning.

He let go of my skin, lick across the sting and his lips land on my chin and his mouth open so his teeth could also nip the skin there before his tongue darted out to lick from my chin to my lower lip. I gasp. my lips

And with my scent in you.” he groaned, pressing his hips harder. He feels so warm, hot. I want to feel him.

“Please.” I begged. I didn’t know I could crave someone as much as I crave him right now. It was like I needed him to breathe, needed him like air into my lungs. My soul yearned for him to connect so badly. I needed him. I crave him.

Xade nibbled my lower lip and pulled back to look down at me. His eyes, they swam with so much emotion. Emotions I wished. I had taken notice of before. His thumb brush against my lower lip, his eyes flickering down to watch his actions like a hawk. They darken.

“I’m going to take my sweet time to enjoy you wrapped around me. tonight baby.”

My thighs tremble, as if already anticipating the feel of him right between my folds, sliding just the same way as that night I gave him my virginity. He peeled off me. scooting into a kneel as he reaches behind him to peel off his shirt.

My eyes drank the sight of his toned muscles, those abs I could not wait to skit my fingers across. As if knowing what I am thinking in my head. his muscles flex and his fingers hook under his shirt I wore.

“Need this off.” he grunted. pushing it further up my belly to reveal my breasts that were bare. my nipples that were hard and aching for him. My heels dig deeper into the mattress, my heart roaring to life as the cool air brush against my exposed skin.

I helped him take it off. my hair falling wildly across the pillows when I set my head back down. His eyes burn a trail across my skin, my breasts, my nipples. He looked at them hungrily as his fingers hooked through the waistband of his boxers.” These need to be off too.” he

He grabbed his hardness and stroked himself while looking at me with eyes that promised a night long of pleasure. “Open your legs for me V.” he demanded, his fingers wrapping around his base and I watch with fascination and hunger as his tip leaked pre c*m.

“Let me see what’s mine.” his pink tongue pushed between his lips and sweep across his lower lip to wet it.

I complied eagerly, my entire body buzzing with need. His blue darkened eyes locked on the spot that ached for him the most. As if to agree, my p*ssy clenched. Xade lets but a sound at the back of his throat that sounded so wild, it makes a shiver run down my spine and butterflies to flutter in my belly.

Such a pretty little p*ssy.” he groaned out raspily and joins me back. on the bed, his eyes on me and nowhere else. He leans down, his tip brushing my folds, teasing them with his head. I moaned, arching my back

This feels so good.

“Whose pretty p*ssy is this V?” he panted above me, the head of his c*ck caressing between my p*ssy lips.” Who does it belong to?” I opened my legs wider, staring up at him as I moaned, “Yours,” just as the tip pushed between my folds. “All mine. Only mine. ” he agreed as his c*ck slid inside me inch by inch.

My breath hitches as he fills me, his length and girth stretching my walls to accommodate him. My hand cupped his jaw as he looks at me intently. This is the second time he is inside me and I am holding my breath with each delicious stretch.

He’s pushing in slow and deliberate, as if to make sure I could feel every single inch of him entering me, savoring the feeling of being inside me. “*uck you feel so good V” he moaned, pushi in deeper.

I’m gasping, willing my walls to stretch for him. I could tell he was no all the way in yet. ” Xade,” I breathed out, moaning as the head of his c*ck brushes a tender spot. “More please.” I begged, pushing my hips forward, aching for him to fill me to the brink.

He groaned, head falling to the crook of my neck where his tongue dart out to sweep across my skin. His fingers dig into my hip, gliding down to the curve under my knees where he hikes them up and with a nibble to my neck, he thrust his hips forward all the way.

I gasped, back arching off the bed, nails raking down his back, p*ssy clamping around his pulsing c*ck. “Like that baby?” he groaned, teeth nipping my skin, surely leaving his marks there.

I can’t wait to see them on my skin.

“Mmmm,” I whimpered, pulling him closer to me. His breathing is rough on my neck, his hold firm as if he wants to make sure that I do not move away from him. My walls grip and suckle him in, caressing

I clung to him, crying out his name as he hit that sweet spot once more.
