

## Chapter 754

"What do you think? If you cut off one of your hands, I'll let Sophia go. Otherwise, I'll let her die right away!"

Loomis raised his hand.

Sophia was strangled immediately.

She was already dying from the torture. Being strangled, it would be too much for her to endure. Meanwhile, Chuck still kept his mouth shut and couldn't say that he didn't want to do it.

Chuck remained silent!

"I'll count to three. Don't force me to do it! I want to see you guys harm yourself, that's more interesting!" Loomis said with a smile.

"Will you let her go with just a severed arm?" Chuck asked calmly.

"Of course, I'm a man of my word!"

Loomis laughed loudly, "Hurry up and think about it. Sophia won't be able to last for more than a few seconds."

Crack!

Sophia's neck was squeezed so tightly that she was suffocating. Her beautiful face was ghastly pale...

"Stop! Fine, I'll cut it off!" Chuck was still as calm as ever!

Chuck didn't want to see Sophia in pain. He didn't even want to see it for a second.

"Yes? Alright then, cut off one of your arms yourself! Start now! As long as you sever your arm, I'll let Sophia go! Do it now, I can't wait any longer!" Loomis urged excitedly.

"No, Chuck, don't do this. It's not worth it... Get out of here!" Sophia's neck was still being squeezed tightly. She used all of her strength and shouted with difficulty.

"It's worth it!" Chuck replied calmly. He took out the dagger that Sophia had given him and tilted his head to look at one of his arms.

"No, don't..."

Sophia shut her eyes. In an instant, she was so desperate that tears started streaming down again.

"Hurry up!" Loomis could not wait any longer. He was not going to even blink for a second as he was eager to enjoy the bloody scene.

It was because he found it enjoyable!

.....

Meanwhile, in the Yeager family!

In the darkness, three people appeared quietly and hid themselves.

Karen, Willa and Yvette were approaching the place!

Karen glanced around. Among the three, she was the most powerful, so Willa would certainly listen to her. Even Yvette, who held a grudge against Karen, would listen to her at that moment.

"The security is very tight! There's a trap!" Karen's sixth sense told her that there was a trap in the Yeager family!

It was nothing surprising to her.

It was expected!

Yvette and Willa were shocked!

"What should we do?"

Yvette was really anxious. At this moment, Chuck must have already met with Loomis. If they couldn't sort it out here, Chuck would definitely die!

She really couldn't control it, could she?

Willa was also anxious. Her sixth sense told her that there was something wrong with that place!

"It's good to be careful. I'll be at the front while the two of you follow behind me." Karen had a lot of experience with that kind of trap.

"Hey!" Karen suddenly turned her head.

Yvette and Willa also looked back. There was no one behind them.

"What's the matter?" Both of them asked.

"Nothing, maybe I'm thinking too much..." Karen shook her head and didn't look at it again.

Yvette and Willa glanced at each other. They did not find anything. It seemed that Karen was too sensitive earlier.

But of course, it was better to be safe than sorry.

The three of them approached the Yeager family!

The Yeager family was deep in the mountains and there were surveillance cameras hidden in the trees. Karen had brought high-tech gear so they could accurately locate where the cameras were and which route to take in order to avoid them.

If they really couldn't avoid it, then they could only use interference. A few seconds of interference was enough to let them pass.

Yvette had a bad hunch, but Karen was indifferent, which made Yvette feel a little down. There was still a big gap between them.

How was she going to kill her after this?

"Don't be distracted. You can think about it after we're done with this!" Karen reminded them.

There was a moment of murderous intent, how could

Karen not sense it?

Yvette lowered her head.

Karen could actually read her, which made her feel ashamed.

Apparently, the gap between them was more than she had imagined.

Yvette and Willa followed behind Karen, moving slowly toward the Yeager family!

Suddenly, Karen stopped!

Even Willa and Yvette sensed the threat!

"The two of you, wait for me here!"

Karen disappeared into the darkness the moment she gave the instruction.

Her intuition told her that there was someone in front of her, thus she had to take care of it as soon as possible.

Yvette was taken aback while Willa who wanted to follow along, sighed and said, "Yvette, let's wait here."

"Okay." Yvette stared at the direction where Karen went over to get rid of someone.

It was still dead silent.

"Yvette, are you still thinking of killing her?" Willa sighed.

"How can I not kill her? She murdered my dad! I'll always remember that!" Yvette replied lividly.

Willa sighed and said nothing.

After a moment, Karen returned. She made no sound upon returning and no one noticed that she had returned.

Yvette was dumbfounded and felt even more disappointed.

The gap between them was really too big.

"Let's go!" Karen continued to move forward.

Suddenly, a knife flew over!

Karen caught it with a cold look on her face.

She was wearing gloves. The gloves were made out of steel mesh, it was impervious to blades and spears!

Yvette and Willia were stunned!

A man appeared out of the darkness!

"Last time, we haven't identified who was the winner, so don't leave this time!" An elderly man walked out.

When Chuck made a huge fuss in the Yeager family previously, the strongest bodyguard finally showed himself. However, he was immediately knocked out by Karen!

Since then, he trained hard and was determined to fight to the death with Karen!

It was his dying wish!

It was not easy to meet a fighter who was so good. How could he let her go?

"The two of you, go first. Wait for me one kilometer away in a minute," Karen said solemnly.

Yvette and Willa could clearly feel the aura of that old man!

He must be the best of the best!

"But..." Yvette wanted to stay and see how Karen would deal with that person.

"Go!"

Yvette and Willia were frozen for a moment before heading off!

"One minute? Does this mean that you can get rid of me in just a minute?" The man laughed with excitement. He walked over step by step.

"It won't even take a minute. Thirty seconds is enough!" Karen threw away her knife.

"You are quite confident. Do you think you are invincible just because you defeated me last time?" The elderly man sneered.

During the recent days, his aged body had been through vigorous training, and he had been waiting for this moment! He would seek redemption for the humiliation he had suffered previously!

"I'm not invincible, but I'm giving you high regards by sparing you thirty seconds!" Karen shook her head and stepped forward.

## Chapter 755

Karen's movement was as fast as the speed of light. In an instant, she appeared in front of the man!

The old man sneered, showing her the true strength of the strongest bodyguard in the Yeager family.

A fight against Karen!

Bang!

The two of them were locked in a fierce battle!

If anyone saw that, they would definitely be taken aback!

Because the two of them were so fast that any ordinary person wouldn't be able to clearly see it with their naked eyes.

One second!

Two seconds!

Three seconds!

The fierce battle lasted 15 seconds!

The old man was surprised all of a sudden!

Bang!

Karen threw a punch!

The old man couldn't block it and retracted a few steps. He was knocked down by Karen. He lowered his head, he felt like his chest was being torn apart, and he probably broke his rib cage too!

He couldn't help but spit out blood!

"Did she hide her true strength last time?" The old man was stunned!

He was the strongest bodyguard of the Yeager family. Even when he was younger, he was not as aggressive as Karen!

When skilled martial artists fought, often the winner would be identified in an instant!

In less than fifteen seconds, the old man was defeated!

Karen indeed hid her strength. Could an old man really make her go all out?

After the man regained his composure, he chose to retreat.

Run away! He chose to run away!

It took 15 seconds to knock him down! Even a fool would be able to see the huge gap between their skills.

They were not on the same level of strength. If he continued to fight, he was just looking for death!

"Escape? Do you think you can just escape?"

The stone cold voice sounded like thunder, and rang in the ears of the frightened old man.

The old man who was confident earlier, was already shaken to his core after fifteen seconds. That was Karen's true strength!

Crack!

Karen caught up with the old man and punched him!

The old man's body trembled!

He turned his head and found that his ribs were broken, "..."

"Plop!"

The old man was lying on the ground, with a frightened expression still on his face. He was not moving at all and lay still on the ground.

"If you're old, you should admit that you're old. If you're young, maybe you could still challenge me. You're on the verge of death, but you still want to challenge me? If that's the case, then I'll send you to your graveyard."

Karen glanced at him and caught up with Willa.

Karen was in her prime when she started battling. But the old man was about to die, and he would probably be out of breath after running for a minute. How could he still fight in that state?

It was not bad that he wasn't immediately killed by Karen.

When she caught up to the two of them, only forty-five seconds had passed!

The two of them were astonished.

Yvette felt even more disappointed. The difference in their skill was really obvious!

Seeing Karen deal with the old man in just fifteen seconds, Yvette was not confident at all. She definitely couldn't defeat her.

Yvette bit her lip and swore in her heart that she had to surpass Karen!

"Let's go, move on!"

The three of them continued to go deeper.

Meanwhile, in the security room of the the Yeager family.

Ring, ring, ring!

Suddenly, someone realized there was a situation!

"Zoom in on the surveillance!"

Someone gave an order!

The huge monitor screen zoomed in immediately. It was a picture of the forest. After zooming in, they were all puzzled when they saw a dead man lying on the floor!

When the people in the security room saw that, they were shocked!

"He is the strongest bodyguard of the Yeager family!"

"How could he die with that frightened expression on his face?"

Everyone thought that it was unbelievable. "What's going on? What's going on!"

"Someone's breaking in!"

"Number three ambush team, report the situation, report the situation!" A masculine man shouted!

He was the captain of the family security!

A few places in the Yeager family had been set up with traps. As long as someone stepped on it, the person would definitely be trapped!

However, at that moment, none of the alarms were alerted. Are they encountering a ghost?

"How could it be possible that all the monitoring equipment didn't work?"

"Number three ambush team reporting. Nothing suspicious!" Someone spoke through the intercom.

"Number four ambush team, report immediately!" The masculine man, Olan, shouted angrily!

"Number four ambush team reporting. Everything is normal!"

"Number five ambush team report now!" Olan continued to shout furiously!

"Number five ambush team... Crack!"

Suddenly, the walkie-talkie went silent. That crack was the sound of a broken neck!

The people in the security room started to have cold sweat on their backs!

There were many people in the number five ambush team. Every one of them was a combat expert!

"How could this be?"

The whole team was wiped out!

.....

Everyone was dumbfounded!

Bang!

Olan slammed his fist on the table in anger. "Number four, number three, report now!"

"Number four... "

"Three..."

The walkie-talkie went silent again.

The security room was terribly quiet!

"Gulp!"

Everyone gulped hard. There were three ambush teams! Those were the traps that Loomis had personally set up!

They were useless at that moment. Were they all wiped out?

How did that happen!

No one could imagine it.

Thud!

Thud! Thud! Thud!

Olan was stunned and he slammed on the alarm trigger!

The entire Yeager family was clamoring!

"What's going on? What's going on!"

A lot of people in the Yeager family were still asleep. They were awakened by the alarm in a daze. They gathered in the hall of the Yeager family.

"What the hell is going on?"

"I don't know. I just heard the alarm when I was sleeping. What happened?"

A lot of people in the Yeager family were still half asleep.

They had no idea what was going on!

In the security room!

Olan was prepared to tell them that someone had broke in!

But all of a sudden!

There was a loud boom!

The door of the security room was blown up by a bomb!

A person took the lead to rush in!

There were another two who followed at the back!

Bang!

Karen took the lead and punched Olan who was about to talk!

Olan was slammed against the wall. He lowered his head in shock. His ribs were broken, and he was gasping for air.

"Ah..."

After a few screams, his voice became so weak that it couldn't be heard!

In ten seconds, he actually stopped moving!

Everyone was shocked!

Killing a person with one punch?

"This person is also a combat expert!"

"He couldn't even withstand a single blow?"

"Don't move!" Willa was holding a gun!

Yvette was also holding a gun!

Following Karen and relying on her intuition, they seemed to have beaten all of the people until there was no one left!

The three ambush teams were all wiped out!

It happened so quickly that Yvette could not believe her

eyes.

Karen had been trying to find the blueprint of the Yeager family in recent days!

Karen, who had a clear mind, certainly knew about the situation of the Yeager family!

It was not too difficult to sneak their way in.

Karen was an expert in that!

No one in the security room dared to move. They were completely shocked by Karen wiping people out with just one punch!

How could a woman be so terrifying?

No one could imagine how that woman had become so powerful. All they knew was that if they moved, they would die in an instant!

Because Karen's presence was like an impending death!

## Chapter 756

Karen, Yvette and Willa took control of the security room!

"Yvette, can you stay here?" Karen asked.

"No problem!"

Yvette was quite capable too. After all, she was armed with a gun.

All the people in the security room were shocked by Karen's punch earlier, and they were frightened.

"Willa, let's head out!"

Karen was taking over control of the Yeager family.

Meanwhile, the members of the Yeager family were all gathering in the hall, discussing what just happened.

Willa and Karen went out.

In the Yeager family's hall!

A lot of bodyguards were on high alert.

"What the hell happened?"

"Why don't you go and figure it out!"

The Yeager family was infuriated. They were mad for being woken up from their sleep.

"Yes, sir!"

The bodyguards were ready to find out what happened!

All of a sudden, there was a sound of the trigger, then a shot was heard!

Boom!

It hit someone, right on the forehead!

Bang!

The man suddenly fell to the ground and there was the

smell of blood in the hall, which immediately caused panic amongst everyone!

"What!"

"Who fired the shot?"

Everyone was panicking.

"That man is dead!"

The inside of the Yeager family's house was as sturdy as gold. How could anyone fire a gunshot inside their house?

"Oh no, someone broke in!"

"How is this possible?"

Everyone felt that it was unbelievable. How could someone break into the Yeager family?

However, they had to believe it!

Bang!

Another shot went straight into the bodyguard's forehead!

The accuracy of the shot was frightening!

"Don't move!"

Karen's gruff voice could be heard.

Karen and Willa marched in!

How could the descendants of the Yeager family not know these two people?

All of a sudden, they started screaming!

"Somebody help! Someone is dead! How did they come in?"

"Quick, catch them!"

All of the Yeager family members were panicking.

Karen's gunshot completely shocked them. Most of the Yeager family members who had been living in comfort

all the while, were scared out of their wits when they saw something which they had never seen before.

"I said don't move!" Karen snorted coldly. She was extremely domineering!

All of a sudden, everyone in the Yeager family did not dare to speak!

"Whoever dares to move, I will just shoot!" Karen glanced at them coldly.

There were a lot of bodyguards, but Karen suddenly pulled the trigger continuously!

"Ah!"

Five gunshots rang out!

Five people fell to the ground. They all lay motionless after the bullets hit them in their foreheads.

Blood started to flow everywhere, and the smell was pungent!

The rest of the bodyguards didn't dare to move.

She had bullseye accuracy aim!

In the security room, Yvette witnessed all of the scenes. She knew clearly that she was not as skilled as Karen.

With that kind of accuracy where every shot hit them right in the forehead, no one dared to take the risk.

Karen's powerful aura shocked them!

"Karen, do you know what you are doing? This is my house!" An old man trembled and shouted!

In the past, there had never been anyone who dared barge in like that into that place. It was really unbelievable.

Bang!

Karen pulled the trigger!

The bullet directly pierced through the old man's

forehead!

Plop!

The old man lay on the ground, looking shocked.

He still couldn't believe that Karen shot him for just uttering a word.

"Help!"

The Yeager family's descendants were trembling in fear!

"I said don't move!" Karen warned coldly!

Her voice wasn't loud, but no one dared to move!

"Call Loomis! Hurry up!" Karen pointed at someone!

That person was Loomis' father!

He was shocked beyond words. The fact that someone actually dared to barge into their home was unbelievable to them.

"Karen..." Loomis' father was gnashing his teeth in anger.

However, he didn't manage to finish his words!

Karen decisively pulled the trigger!

Bang!

Bullets fired out crazily!

"Ah!"

Loomis' father's arm was broken as the bullet went through his arm.

He couldn't stop screaming!

"Ah!" He was in so much pain. He could not believe that Karen had actually shot him!

Everyone else was completely shocked! It was terrifying!

She was serious! She said that she would fire the shot and she actually did!

"Don't talk nonsense to me. Call Loomis and ask him to

let go of my son. Otherwise, I will kill all of you today. Call him now!" Karen said coldly.

"Do you all want bullet holes in your heads!" As Karen finished her words, she pulled the trigger!

A bullet penetrated Thomson's thigh!

"Ah!! I'll call, I'll call!" Thomson couldn't stop screaming. He was so terrified that he almost peed his pants.

Karen could be brutal when she had to!

"Call now! You have already wasted ten seconds of my time!" Karen said with a gruff voice.

Thomson trembled as he took out his phone!

He had never thought that something like that would actually happen!

He called the number, but to his surprise, the call was not connected!

"Karen, the call won't go through! See for yourself!" Thomson was terrified.

"Call again!"

Thomson tried again, but the call still couldn't seem to connect.

"Someone is interrupting the signal!" Willa said.

Karen frowned. She suddenly turned her head and looked with her eyes squinted.

"I was wondering why I was so upset. It turns out..."

Willa was shocked and turned her head!

Yvette walked in coldly. There was another person behind her, holding a gun that was pointed at her. It was apparently Sabina, who had disappeared.

Sabina was the one who supplied information to Alexandrina Middleton. She had sworn that she would take back the Yeager family!

It was her plan!

It looked like the tables had turned!

"Have you figured out that it was me a long time ago?"

Sabina's expression was cold.

"I always trust my intuition, but this time it was a little unexpected, which means that you have changed a lot. You hid it quite well," Karen said.

That's right!

When she came over, she felt that something was wrong. She always felt that something unexpected would happen. It seemed that her intuition was right. Sabina, who had been missing for some time, finally appeared!

She was camouflaged well!

"No, it was not that easy for me to enter. There really isn't anyone who can stop me!" Sabina's expression was extremely serious!

Along the way, Karen had surprised her again and again.

Especially after Karen killed the strongest bodyguard of the Yeager family, she was really surprised!

Without Karen, it would've been impossible for Sabina to go in.

With Karen leading the way ahead, the tide seemed to have turned.

"You've changed a lot." Karen shook her head. Meanwhile, Sabina was cold, as if she had experienced death before.

"Of course. I've learned to suppress my feelings, especially after your son shot me!" Sabina said indifferently. That shot from Chuck had hurt her physically and mentally!
