### Chapter 3451

The strong man's words and the look of resignation on his face caused all those around him to fall silent.

They then took a step forward in unison and spoke.

"Please show us proof that you have that much money in your bag."

"Otherwise we'll decide that you're scamming our brothers!"

Lin Mo, who was standing not far away, looked at them and a look of relief flashed in his eyes.

At least this small group was still trusting each other.

As for other things, in the presence of trust.

Naturally, it was a handful.

The thin man standing in front of the group was startled as he watched a group of strong men come forward in unison.

The whole man took a step backwards of his own accord, fear flashing in his eyes.

"What are you all up to!"

"I kindly gave you ten maple leaf coins for unloading, and this is how you treat me?"

"Not only am I going to the inspector's office, I'm also going to the Abyssal Union's Chairman Ryuichi Uemoto High."

"People don't cover up like you guys do!"

Lin Mo's eyes on the periphery of the crowd narrowed slightly.

Sure enough, this was his real purpose, what with moving goods and losing money.

It was all an excuse to find something to do.

"Good, well said!"

"Brothers of the Powerworkers Union, it's not me who says that you guys this ....."

A somewhat sighing voice rang out from afar.

Lin Mo faintly glanced sideways towards the distance.

Ryuichi Uemoto, dressed in an elegant suit, strolled over from afar.

He was followed by a dozen of men who looked fierce.

He looked with a regretful expression at the burly men surrounding the skinny men on the dock.

“It’s just a bit too much bullying.”

The appearance of Ryuichi Uemoto caused a flash of joy and reassurance to pass through the skinny man’s eyes.

Although it quickly rolled over and disappeared.

But Lin Mo took it all in.

It seemed like this thing today had come to bang.

“President of the Abyssal Union, coming to my Powerworkers Union’s docks privately, do you want to die?”

A voice full of killing intent rang out at the dock.

Hua Qiang casually placed a box of goods on the ground, and his thick eyebrows and big eyes stared firmly at Uemoto Ryuichi.

Although he was not very clever in the head.

But he also knew that the president of another dock had barged into his own dock privately.

This was a mad attempt to tease himself as well as the forceworkers’ union.

Uemoto Ryuichi looked at Hua Qiang’s eyes as if he wanted to kill, and said with an unchanged face.

“Don’t say that, Chairman Hua Qiang, I’m just here to do justice today.”

“After all, Chairman Hua Qiang your men are all bullying each other with their power, this is not okay.”

“You bullsh\*t, our brothers have said no!”

“Chairman, beat this motherf\*cker to death.”

Uemoto Ryuichi’s words directly aroused the emotions of everyone in front of Lin Mo.

One by one, they glared angrily at Uemoto Ryuichi.

Hua Qiang’s face was gloomy, and the anger on his face could barely be suppressed.

In the next moment, the power-filled body directly sprinted in an instant.

The whole man attacked Uemoto Ryuichi’s body with the speed of lightning.

A huge fist was aimed at Uemoto Ryuichi’s cheek.

Uemoto Ryuichi’s pupils shrank slightly, and then a hint of interest appeared on his face.

The thin body turned directly and slightly sideways, dodging along the edge of Hua Qiang’s fist.

And at a time when Hua Qiang’s old strength had just gone and new strength had not yet been created.

A fist hitched directly onto Hua Qiang’s body full of muscles.

Hua Qiang's whole body was knocked backwards several steps by this punch from Ryuichi Uemoto, and his face heaved up.

"This is fake, isn't it ....."

"Didn't I hear that that Uemoto Ryuichi's hand has no power, how come it's so strong?"

"I don't know, once something happens to the president, let's just set fire to it!"

The strong men of the Powerworkers Union watched Hua Qiang being knocked back with a single punch.

A look of worry passed through their eyes.

Their hands had already started to touch the weapons on their waists.

"Chairman Hua Qiang, are you still coming? "

### **Chapter 3452**

Uemoto Ryuichi's palm hooked gently towards Hua Qiang.

In the next moment, the two figures instantly interlocked.

Lin Mo watched Ryuichi Uemoto's movements, although the two exchanged blows very quickly.

But he was able to tell that Uemoto Ryuichi's kung fu had definitely been practiced all the time.

The kind that had never been deserted.

Ryuichi Uemoto once again lightly dodged Hua Qiang's heavy punch attack.

And with a kick, he directly sent Hua Qiang flying backwards, cutting several meters on the ground before stopping.

"Chairman!"

A group of burly men immediately surrounded Hua Qiang anxiously.

Lin Mo's brow frowned slightly, acting like this was a bit too much.

This Shang Yuan Ryuichi, it was also time to teach him a lesson.

As the strong men poured towards Hua Qiang, one by one, anxiously.

Lin Mo, who was originally standing behind the crowd, appeared in front of Shang Yuan Ryuichi.

The moment Uemoto Ryuichi saw Lin Mo, he was slightly on alert.

Lin Mo's gaze looked at Shang Yuan Ryuichi, his eyes narrowing slightly.

Shang Yuan Ryuichi's entire body, who had just been all alert, stiffened abruptly.

He would die!

His body was covered in hair and bones, and it was as if his entire body was being stared at by a flood of fierce beasts.

He couldn't move at all.

Lin Mo looked at Shang Yuan Ryuichi, who was standing not far away drenched in sweat, as if he had climbed up from the sea.

Suddenly, he didn't quite understand.

Why was this guy suddenly sweating so much?

He himself hadn't used his killing qi either, he had just looked at Ryuichi Uemoto.

Even though Lin Mo didn't use his killing Qi to stare at Uemoto Ryuichi.

But the aura that had accumulated over a long period of time was simply not something that Ryuichi Uemoto could withstand.

Turning his gaze away, Lin Mo looked at Hua Qiang, who was looking a little worse for wear.

Hua Qiang didn't have any injuries, but his body was only a little weak at the moment because of Uemoto Ryuichi's kick.

Seeing Lin Mo's gaze finally leave.

Uemoto Ryuichi's entire body let out a sigh of relief so violently that his entire body was now a little unsteady.

He touched his already soaked shirt.

The look in his eyes towards Lin Mo was no longer the original scorn.

Instead, there was a strong look of fear.

Lin Mo was too strong, just by looking at himself.

He was so stiff that he couldn't bear it.

Even if Lin Mo had wanted to kill himself just now.

He would not have been able to resist at all.

Shang Yuan Long Yi now clearly knew that the scruples he had had since then were simply a joke.

People and oneself were simply not on the same level.

Afterwards, Shang Yuan Long Yi's eyes sank deep.

Anyway, he had come to test himself, so the rest was none of his business.

"Lord Special Envoy, as you can see, I am not a match for others at all."

Uemoto Ryuichi's head looked behind himself, the human snake envoy clad in black robes.

“Heh heh, naturally it’s my turn to fight.”

The Human Snake Envoy’s shrill voice rang out in a hoarse, eerie sound.

He no longer continued to stand behind Shang Yuan Ryuichi, but slowly walked out.

The strange figure of the Human Snake Envoy instantly attracted the attention of the strong men of the Powerworkers’ Union.

They had just seen the human snake envoy clad in black robes following behind Uemoto Ryuichi.

They had thought it was some kind of henchman who did not like to see his real face.

But at this moment, how did this black robed man suddenly walk out.

Lin Mo’s gaze looked towards the black-robed man, and his gaze was also looking at Lin Mo.

The two men’s gazes were gazing at each other in mid-air.

Lin Mo’s ancient eyes and the turquoise eyes of the Human Snake Envoy.

Neither of them opened their mouths to speak, but the atmosphere gradually froze.

Even the burly men behind Lin Mo, who were so reckless as to be unbearable, did not dare to speak at this moment.

One by one, they held their breath as they looked at Lin Mo, who was standing in front of them, and the black-robed man in the distance.

After a long time, the Human Snake Envoy’s shrill voice rang out from beneath his mask.

“Kid, I admit that you do have some strength!”

### **Chapter 3453**

Lin Mo’s face did not have the slightest expression on it.

It was as if he was looking at the Human Snake Envoy like a clown.

“However, your strength is below mine.”

“Now I’m giving you a chance to submit to me and take the Serpent Seal.”

“I can recommend you to join the Human Serpent Organisation and be the junior leader straight away.”

The words of the Human Serpent Envoy were filled with confidence as well as condescension.

He believed that the other party would not be able to refuse the temptation of being a minor head of the Human Snake Organisation.

Once he became a small head of the Human Snake Organisation, he could apply for the organisation’s help.

At that time, even the political departments of some big countries were not impossible to enter.

Finally, Lin Mo's single lips opened.

"The Human Snake Organisation trafficked so many people, this alone is a capital crime."

"You deserve to die, your men deserve to die even more, all of them, the Human Snake Organization, deserve to die!"

Lin Mo's words were flat, without the slightest hint of urgency.

However, the tone contained a monstrous killing intent!

The demonic face under the mask of the Human Snake Organization's envoy slightly turned white.

But immediately afterwards an endless fury erupted from his turquoise eyes.

It seemed that he had been too polite to him.

It made him feel like he was groveling and begging him.

A hint of joy appeared in the eyes of Shang Yuan Long Yi, who was standing behind the envoy of the Human Snake Organisation.

Fight, fight to the death.

It's better if all of you die, then this island will be mine!

Hua Qiang, who looked a bit bad, reluctantly stood up.

He told his little brother who was helping him to get lost.

He stood straight by Lin Mo's side and took his own Fang Tian Hua's halberd.

"Brother Molin, don't worry."

"Even if it's a deadly battle today, brother will definitely die in front of you!"

Lin Mo looked at Hua Qiang, who looked beside him with a face ready to die, and said in a soft voice.

"Thank you Brother Qiang, just leave it to me."

A short turquoise blade shaped like a swimming snake appeared in the hand of the envoy of the Human Snake Organisation.

Together with his turquoise eyes, his whole person was like a poisonous snake ready to strike.

The atmosphere was getting heavy, and just as the Human Snake envoy was about to make his move.

A woman's voice suddenly sounded out.

"Wait!"

The sound of dense footsteps quickly rang out in all directions.

Lin Mo glanced sideways slightly.

A woman dressed in camouflage combat uniform walked quickly.

Her straight features and clean stance made her look like a woman with a woman's face.

The moment Shang Yuan Long saw the woman, a look of shock immediately surged in his eyes.

Even after a full ten-year interval, Shang Yuan Long Yi could recognise her straight away.

This was the daughter of the previous island master!

Hadn't she jumped off the cliff without knowing where she was?

How could she suddenly appear here and .....

Looking at the group of soldiers around the woman who were dressed ably and looked very extraordinary.

The bottom of Uemoto Ryuichi's eyes were clouded with a layer of gloom.

So was he or she seen by her back then or not?

A strong killing intent rose in Uemoto Ryuichi's heart.

No matter what, this woman should never be allowed to live.

The envoy of the Human Snake Organisation looked at the woman who had suddenly appeared and asked in a deep voice.

"Who are you that you dare to stop me?"

"This envoy of the Human Snake Organization, I hope I can be given face today."

"How about this matter, even if it is understood?"

The woman did not answer the words of the envoy of the Human Snake Organization, but asked directly.

When he heard the woman's words, the Human Snake envoy was directly exasperated and laughed.

Today, he felt like he had stepped on sh\*t.

First, he had met a Lin Mo who didn't know what the sky was like.

Then there was a woman who wanted to give face to him.

Did they all think that the Human Snake Organisation was a joke?

"Hahahaha, giving you face?"

"What are you, you're worthy of me giving you face!"

"Lord Envoy, wait a minute, she ....."

"Who is she, get rid of her! "

**Chapter 3454**

Ryuichi Uemoto, who was behind the Human Snake Envoy, wanted to say something.

But he was directly interrupted by the Human Snake Envoy, waving his hand for Uemoto Ryuichi to go up and kill the woman.

“Uncle Uemoto. Looks like you’re doing pretty well now.”

The woman’s gaze went to Uemoto Ryuichi.

As soon as her words came out, everyone froze straight away.

Why was she asking Uemoto Ryuichi to call her uncle, there was actually a connection between the two of them?

When Shang Yuan Ryuichi heard the woman’s name for herself, a trace of surprise flashed in his eyes.

Could it be that she hadn’t even seen that she had personally killed her father in the first place.

But then a smile immediately appeared on Uemoto Ryuichi’s face as he spoke.

“Miss Bing’er is joking, how can I deserve this lifetime uncle of yours.”

“When the old island master pa\*sed away, my heart was like a twinge and I pa\*sed out straight away.”

“When I woke up again, I heard the news that you were missing and had people searching the entire island for three days.”

“When I heard that there was no news, I was endlessly guilty inside, uncle.”

“Thanks to the eyes of the old heavens, you are still alive, Bing’er, otherwise I would not have had the face to face your father even if I had gone down there.”

Uemoto Ryuichi’s acting skills were described as being at the top of the cla\*s.

A refined face was full of remorse as well as gratitude.

“Huan Bing ..... I heard that the old island master had a daughter in his old age during his lifetime, and the real name of his daughter is not known.”

“But it is known to be known by others as Miss Bing’er.”

“Brother Mo Lin, now it seems that this is the one.”

Hua Qiang, who was beside Lin Mo, recalled a moment and casually spoke to Lin Mo.

Huan Bing’s face did not change in the slightest when she heard Shang Yuan Long Yi’s words.

“I wonder if I can get this special envoy of the Human Snake Organization to give me a face now.”

Huan Bing’s gaze gleamed as he looked at the Human Snake Envoy.

The Human Snake Envoy’s gaze met with Shang Yuan Long Yi for a moment.

Both of them now understood that this was definitely not a good time to continue the fight.

If the people brought behind Huan Bing were to help that fellow on the opposite side.

Then it would be hard to say what the final outcome would really be.

“Good, since the last Island Master’s thousand-year-old daughter has given her word.”

“Then I will give you and the now deceased Island Master face.”

“But for today only, offend my Human Snake organisation and I will show him what terror is.”

The Human Snake envoy also nodded and left a few harsh words.

Turning around, he intended to leave together with Ryuichi Uemoto.

Lin Mo, who had been standing quietly with a slightly cold face, suddenly spoke.

“As I said, you deserve to die, and your men deserve to die even more.”

“Today, no one will be able to leave, especially you.”

Lin Mo’s calm words caused Huan Bing’s delicate face to change drastically.

Turning her head towards Lin Mo, she said loudly, “Are you insane!”

She had been lurking on this island for a whole decade to develop the strength she had now.

But even so, she was not confident that she would be able to dominate the entire island again.

For this reason Lin Mo and Hua Qiang, who had just performed brightly, were in her eyes.

She wanted to rope them in to help her avenge her father’s death.

However, she did not expect Lin Mo to be so arrogant and arrogant.

Did the envoy of the Human Snake Organisation really think that he was a freeloader?

The Human Snake envoy, who had already planned to leave, now looked very ugly, his anger rising from his heart.

Under his mask, his veins were already rippling with anger, and he said angrily.

“How dare a good-looking, slightly powerful little white boy be so arrogant!”

“And you want to just leave me behind, go back inside your mother’s belly and study for a few hundred years more.”

“Uemoto Ryuichi, let your men do it.”

“Today I will kill this arrogant and C\*cky frog from the well!”

The words of the Human Snake Envoy caused Huan Bing’s good-looking face to change drastically, and he said sharply.

“Everyone prepare for battle and protect the Powerworkers’ Union!”

## Chapter 3455

The situation now had long since become an arrow on a string and had to be fired.

Even if Huan Bing now gave up protecting Lin Mo.

But he had already revealed himself.

Huan Bing's afterimage glanced at Shang Yuan Long Yi, the bottom of his eyes were filled with bitter hatred.

But he could not tell all of this now.

One had to wait a little longer, until one was sure of completely eliminating Shang Yuan Long Yi, the man who had killed his father.

The Human Snake Envoy's gaze looked towards Huan Bing and said loudly.

"Miss Huan Bing, I respect you for being the daughter of the previous island master."

"Don't you be so blind as to seek death!"

Huan Bing's face was decisive as she said in a cold voice.

"If you want to do it, then hurry up and do it, why so much nonsense."

The Human Snake Envoy's face became even more ugly, and gave Shang Yuan Long Yi a solemn look and said.

"Since people are asking us to make a move, why are you still standing there."

"Tell all your men to come out."

There was a slight look of hesitation on Shang Yuan Long Yi's face.

All his power had originally been reserved for One-Eye and the foolish group from the inspector's office.

But it hadn't occurred to him that it was about to be used in a place like this now.

Shang Yuan Long Yi placed two fingers to his mouth, and a loud and clear ringing sound shot up into the sky.

At once, countless birds were startled in the distant forest.

Huan Bing's face changed, and her gaze was filled with a gaze of gravity.

Her beautiful eyes stared deadly at Shang Yuan Long Yi.

Even if she might die today, she must kill this hypocrite, Shang Yuan Long Yi!

When he had approached his father in a superficially kind manner, he had ended up killing him when he was not paying attention.

Huan Bing would never forget that scene of his father's death in his life.

Like a tidal wave, members of the Abyssal Union poured out from the distant woods.

At a glance, there were at least three to four thousand of them.

On a normal day, the number of people on the docks of Shang Yuan Long Yi was barely a thousand and a half.

Now there was a direct increase of several times that.

He had been hiding his strength all along, constantly scheming.

"Miss Huan Bing, I am now giving you one last chance."

"Are you going to continue to protect that group of guys from the Powerworkers' Union?"

The Human Snake Envoy's gaze looked towards Huan Bing, and his tone was thick with threat.

Even the soldiers behind Huan Bing were at this moment looking at the members of the Abyssal Union who were coming in a mountainous torrent.

The seriousness on their faces were all a little pale at the moment.

The difference in numbers was simply too great.

Of all the people present, all except Lin Mo would probably feel that this battle was bound to be lost.

Huan Bing didn't say anything, he just raised the gun in his hand.

Lin Mo looked at the Abyssal Union members who were like a tidal wave in the distance.

Not only was there not a hint of worry on his face, but he even wore a slight smile.

Such a number was far less than the battlefield at the foot of the Shaba divine Mountain.

Even as long as Lin Mo cause, within ten minutes.

This place could be covered in corpses and rivers of blood!

"Dog, didn't you trash want to kill me just now?"

"Now why don't you have the arrogance you had just now?"

"Here's the deal, just kneel down on the ground now and kowtow to me honestly a hundred times."

"Then crawl over obediently, I can still let you live and let you be a slave!"

The Human Snake Envoy's words were filled with a winning tone.

Smugly, he looked at Lin Mo with an air of magnanimity.

The smile on Lin Mo's face gradually thickened, but the chill in his eyes caused people to tremble.

"You do deserve to die."

After finishing his flat words, Lin Mo struck out.

His figure turned into a streak of shadow in a flash.

In just a short breath, he appeared in front of the envoy of the Human Snake Organization.

The palm of his long, white hand lifted up and grabbed towards the neck of the Human Snake Organisation's envoy without any haste.

"Move, move, why can't I move! "

## **Chapter 3456**

Lin Mo left from where he was until he appeared in front of the Human Snake Envoy.

Only a short breath or two had passed.

Everyone hadn't reacted yet.

The Human Snake Organisation envoy's eyes shrank like the tip of a needle as he continuously cried out within his heart.

"Give me movement!"

His body tilted towards the right, wanting to directly dodge Lin Mo's attack.

Lin Mo's palm changed slightly, and the First Form of the Twelve Scattered Hands of the Bai Family grabbed the Human Snake Envoy directly from the other direction.

In the unbelievable gaze of the Human Snake Envoy.

Lin Mo's long and slender palm directly grasped his neck.

The face of Shang Yuan Long Yi behind the Human Snake Envoy changed greatly.

How could his strength be so terrifying!

Shang Yuan Ryuichi had thought that Lin Mo might be very strong.

But he hadn't expected Lin Mo to be this strong.

Huan Bing's originally anxious gaze suddenly froze.

Looking at the Human Snake Envoy who was pinched by Lin Mo's neck, he pinched his arm somewhat incredulously.

"Hiss ....."

Huan Bing sucked in a breath of cold air backwards, he wasn't dreaming.

This mysterious guy had indeed subdued the Human Snake Envoy in an instant.

Reacting, Shang Yuan Ryuichi instantly said loudly.

“Let go of Lord Envoy!”

No matter what one’s inner opinion of the Human Snake Envoy was.

Uemoto Ryuichi was now clear that he had to save the Human Snake Envoy.

Otherwise, in this current situation, himself and this mysterious man would already be rivals.

Once the Human Snake Envoy died, his own chances of winning would be even lower.

The Human Snake Envoy, who was being choked in Lin Mo’s hand, turned red and looked at Lin Mo incredulously.

The move that Lin Mo had just used, he had seen it before.

And recalled the video handed to him by a Human Snake Organisation ma\*s before.

The rhythm just now was exactly the same as what he had seen in the video before.

Even though it was a rain curtain that covered the sky in the video.

But the furious attack of those two figures shattered the entire curtain of rain.

A look of supplication as well as remorse pa\*sed through the eyes of the Human Snake Envoy.

A sound barely escaped from Lin Mo’s neck that was being choked.

“I didn’t know it was you before, so please spare my dog’s life.”

“I can give you the list of all the people here and the organisation’s personnel.”

“I only beg you to spare me, yes, I am still willing to be a dog for you!”

The Human Snake envoy looked at Lin Mo’s face and felt more and more identical.

This was not some little white boy who knew a little bit of martial arts.

This was a big man that his own ..... no, even his own boss did not dare to easily mess with openly.

Not far away, Shang Yuan Ryuichi when he heard the pleading voice of the human snake envoy.

The entire body stiffened and did not dare to move, his heart was like being struck by five thunderbolts.

A figure as powerful as the Human Snake Envoy could only beg.

Was he really someone like himself that could be provoked?

Lin Mo didn’t bother to care that the Human Snake Envoy had recognised his identity.

Or rather, when he used the Twelve Scattered Hands of the White Family, Lin Mo was not afraid that the Human Snake Envoy would recognise him.

Because from then on, the Human Snake Envoy was left with only one way to die.

“I told you.”

“The Human Snake Organisation can be sentenced to death by virtue of one article alone for trafficking those people.”

“You will die, your subordinates will die, and your boss ..... will die!”

“No, don’t kill .....”

“Click .....”

A gut-wrenching sound of bones cracking rang out.

Dots of blood flowed down the neck of the Human Snake Envoy above Lin Mo’s slender white palm.

The same glow flashed across Huan Bing’s eyebrows.

He was decisive, handsome, and treated his enemies without mercy .....

Lin Mo tossed the corpse of the human snake envoy in his hand to the side.

The two indifferent eyes looked at Uemoto Ryuichi and his thin lips opened lightly and said.

“Then Chairman Uemoto Ryuichi, do you want to continue your attack? “

### **Chapter 3457**

At this moment, Shang Yuan Long Yi’s face was pale.

Upon hearing Lin Mo’s words, a bitter smile appeared on his face as he spoke.

“You’re not joking.”

Uemoto Ryuichi took a deep breath and directly knelt down on both knees and said.

“Ryuichi Uemoto of the Abyssal Union is willing to submit to Your Excellency!”

At this moment, Uemoto Ryuichi had long since lost any desire to resist.

His heart was already dead ashes.

His own plans over the past ten years had completely gone up in smoke today.

Lin Mo was able to effortlessly kill the Human Snake envoy.

Then he would be able to hesitate to kill himself.

The members of the Abyssal Union who surrounded the entire pier from afar now had shocked faces.

“What is the chairman doing!”

“Why is the chairman kneeling down to that guy, there are so many of us!”

“So are we ..... going to continue the siege?”

A member of the Abyssal Union said with some uncertainty.

Once his words came out, everyone fell silent.

“The president has even knelt down. Let alone us as junior brothers?”

Along with Shang Yuan Long Yi’s kneeling, a full three to four thousand people from the Abyssal Union also knelt down in unison.

The entire scene was incomparably silent at the moment, as everyone waited for Lin Mo’s speech.

The men of the Power Workers’ Union all held their breath as they looked at Lin Mo.

Their eyes were like the eyes of a bull, full of worship and respect.

And Huan Bing’s beautiful eyes were also autonomously placed on Lin Mo’s body.

“Shang Yuan Long Yi, you really are a wise man.”

Lin Mo looked at Shang Yuan Ryuichi with his head lowered, not saying a word.

A smile appeared on his face autonomously as he said softly.

“Before, it was a villain who was not long-suffering and followed the wrong person, now I am willing to cleanse my heart and face.”

Uemoto Ryuichi’s forehead rested dead against the ground.

All he wanted now was to survive.

Other things were no longer that important to Uemoto Ryuichi.

“This lady, Uemoto Ryuichi is in your hands.”

Lin didn’t pay any attention to Shang Yuan Ryuichi, but turned his head to Huan Bing with a faint smile.

Huan Bing’s expression was dumbfounded, it was just given to me?

But when she saw Shang Yuan Long Yi on the ground, Huan Bing’s eyes reddened slightly.

For decades, she had used her father’s hatred to urge herself on.

Disguising an ice-cold and powerful appearance for herself.

Today, the chance to avenge her father’s hatred had just been delivered to her by someone else.

After hearing Lin Mo’s words, Shang Yuan Ryuichi’s face suddenly turned white.

He raised his head and said anxiously to Lin Mo who had his back turned.

“My lord, I am still of use to you, my lord!”

“You can know a lot of hidden information by leaving me behind, even .....”

“I can tell you the secrets that the old island master has been guarding for years as well!”

Shang Yuan Long Yi’s anxious words caused to Huan Bing’s delicate body to tremble slightly.

Now Uemoto Ryuichi had shown so much value.

Would that mysterious man still put Shang Yuan Long Yi at his disposal?

Lin Mo still didn't pay any attention to Shang Yuan Long Yi, but instead looked sideways at Huan Bing who was standing at the side.

"Miss Huan Bing, still not making a move?"

Lin Mo's words caused Huan Bing to abruptly turn back to his senses and look at the upright and handsome Lin Mo.

Huan Bing's heart was somewhat mixed up.

Looking at Shang Yuan Long Yi who was kneeling on the ground.

Huan Bing's heart was secretly thinking, perhaps after killing Shang Yuan Long Yi.

After taking revenge for his father.

Couldn't she also go and get married and raise a family?

Huan Bing's gaze once again glanced at Lin Mo, although this guy was a little short on words.

But he seemed to be a very nice person.

Huan Bing walked towards Shang Yuan Long Yi with a heavy killing intent in his eyes.

"Shang Yuan Long Yi, did you ever think that you would have this day?"

Shang Yuan Long Yi's face was pale as he looked at Huan Bing who was gradually walking in, at this moment there was no more fear.

"Oh, come here, I'll tell you a secret."

### **Chapter 3458**

At this moment, Shang Yuan Long Yi no longer had his previous elegant aura.

His body was filled with the look of madness before he died.

Huan Bing had a hesitant look on her face, she did not trust Shang Yuan Long Yi.

But there was the fear that the other party was trying to say something related to her own father.

"Don't you want to know in the slightest what your father said at that time before he died?"

Shang Yuan Ryuichi spoke as if he had pinpointed Huan Bing's lifeline.

Huan Bing no longer hesitated and walked a little closer to Shang Yuan Long Yi and said in a cold voice.

"What did my father say before he died?"

"Come a little closer."

By the time Huan Bing pressed his ear to Shang Yuan Ryuichi's mouth.

Shang Yuan Ryuichi finally opened his mouth to speak.

But instead of shock on Huan Bing's face, his words welled up with monstrous anger.

"When your father died, that old man still didn't forget you on his deathbed."

"In a pleading tone, he said to me, begging me to spare you, his daughter."

"But I did not grant him that, and even spoke to him directly that I would sell your daughter inside the kilns."

"And tell everyone on the island that you are the daughter of the noble island master."

"That you would serve all the men of the island."

"Do you know that unwilling look in his eyes at that time, hahaha."

Endless anger surged in Huan Bing's heart, and a monstrous killing intent surfaced in her eyes.

"You're ..... looking for death!"

Huan Bing restrained herself even as best she could, her silver teeth clenched as she looked at Shang Yuan Long Yi and said in one sentence.

Shang Yuan Long Yi's forehead face emerged a little smile, teasingly looked at Huan Bing and said.

"Eldest niece, no matter what, I've also called your father a brother, so I'm also considered your uncle."

"Do you want to kill your own uncle?"

"Let me tell you, when your father died in the first place, he was dismembered by me and thrown into the sea to feed the sharks."

"Hahahahahaha ....."

Shang Yuan Long Yi kept provoking this Huan Bing.

He even let out a sound of rampant laughter.

But as he was laughing wildly, a dagger plunged directly into his chest.

Shang Yuan Long Yi's wild laughter came to an abrupt halt.

He looked down at the dagger in his chest, and a mysterious and unpredictable smile suddenly appeared on his face.

"Eldest niece, you are still too young after all!"

Shang Yuan Long Yi's body could no longer support itself and collapsed to the ground.

Huan Bing held the dagger in his hand and looked at the bright red blood on it.

The last words of Shang Yuan Long Yi kept echoing in his mind.

"Eldest niece, you are still too young!"

“Eldest niece, you are still too .....

She just stood there in a daze, the dagger in her hand constantly dripping blood.

Lin Mo’s figure walked over and said softly.

“He is right, you are indeed still too young.”

“He has been looking for death and could go on to enrage you so that you would kill him.”

Hearing Lin Mo’s words, Huan Bing hurriedly turned his head and said.

“If you knew that he was estimated, why didn’t you stop me just now?”

Hearing Huan Bing’s words, a slightly puzzled look could not help but appear inside Lin Mo’s eyes.

“Why should I stop you, isn’t that your ultimate goal?”

“And do I know you well enough to go and take care of your own thoughts?”

Lin Mo’s voice gradually went cold.

He had originally looked at this woman’s desire to help himself and the others.

Only then did he leave Uemoto Ryuichi to her own disposal.

Now she had failed to keep her emotions in check herself and was questioning Lin Mo instead.

Huan Bing also realised the wrongness in her words and hurriedly changed her tone and said.

“I’m sorry, I just got a little emotional just now, I apologize.”

At this time, Huan Bing did not look the least bit like the kind of woman she had just been.

It even looked a little .....

Little girl?

## **Chapter 3459**

Lin Mo just shook his head gently and said softly.

“No matter, since the matter is over.”

“Then Miss Huan Bing should please leave as early as possible.”

Now, the Abyssal Union’s Shang Yuan Long Yi was dead.

But the Abyssal Union’s men and horses were all still kneeling in a distant place.

Lin Mo as well as the Forceworkers’ Union had to deal with all those people first.

A look of consternation appeared on Huan Bing’s face.

Was this guy just so desperate to drive himself away?

Huan Bing still had some confidence in her own looks, but this guy just ignored it like that?

“Wait!”

Huan Bing hesitated for a moment, but still spoke out to call out to Lin Mo.

Lin Mo turned around to look at Huan Bing and said in a deep voice.

“Miss Huan Bing, is there anything else, we’re very busy right now.”

“I can help you guys.”

Huan Bing didn’t know why she had said such words.

The turmoil within her heart could not be cared for.

She must be trying to make her father’s island a better place herself.

Her finger pointed to the Abyssal Union soldiers who had fallen to their knees in the distance, not knowing what to do.

“What do you have in mind?”

Lin Mo looked towards Huan Bing and asked in a soft voice.

These soldiers of the Abyssal Union were quite numerous.

The Powerworkers Union definitely couldn’t place them all for a while.

But if they were all left unattended, it was inevitable that some kind of villain with ill intentions would appear.

So how to house these Abyssal Union men also became a problem.

“I can have my men temporarily watch them with you to stop them from causing trouble.”

Huan Bing’s eyes that looked like a pool of autumn water looked at Lin Mo and said in a small voice.

“Then what does Miss Huan Bing need as payment?”

Hearing Lin Mo’s word of reward, Huan Bing waved her hand repeatedly and said.

“No, no, you helped me avenge my father’s murder, you have been kind to me.”

“How can we talk about any reward for such trivial matters.”

A slight smile appeared on Lin Mo’s face as he said with a smile.

“Then thank you Miss Huan Bing, since you have helped our Powerworkers Union, then you are our friend.”

“Do you need a sip of tea?”

Lin Mo’s attitude was very different from before.

The previous Huan Bing was at most an enemy of an enemy to Lin Mo and the Powerworkers’ Union.

But now since he was willing to help himself and the others.

Then Lin Mo was also naturally extending his hand and being polite.

“Since you’ve invited me, then I’ll have a small drink for a while.”

A smile appeared on Huan Bing’s face as he nodded at Lin Mo.

Although he was a little surprised that Huan Bing would agree to it straight away, Lin Mo’s face did not change.

“Good, then I’ll take you there.”

Lin Mo nodded and walked ahead to lead the way for Huan Bing.

“This gentleman, I don’t know the name?”

Huan Bing followed behind Lin Mo and asked him.

“Mo Lin.”

The only person who recognized Lin Mo on the entire island was the Human Snake Envoy.

So that guy had been killed by Lin Mo.

The matter of him coming to the West Vientiane Islands to investigate the supplies had always been hidden.

If that group of guys who had seized the supplies had known the news of Lin Mo’s arrival.

They would definitely hurry to collect themselves and hide their horses to the extreme.

“Molin, where are you from?”

A look of helplessness appeared on the face of Lin Mo who was walking ahead.

The valiant Huan Bing of a moment ago and the lively and active one who kept striking up conversations now were simply two people.

“I’m from the Wanxiang Kingdom, and I had no way to escape from it because I had offended the Chief Financial Officer.”

Lin Mo casually made up a reason to tell Huan Bing.

If the Finance Minister who was in the Wanxiang Kingdom had heard Lin Mo’s words.

He would have cried out loudly, “That’s not what you said when you beat me on the board.”

“That Chief Finance Minister is so bad, he bullies you even when you are so nice, he is simply not a thing!”

**Chapter 3460**

Lin Mo was speechless for a while, he had become the good guy in her eyes so quickly?

“Miss Huan Bing, let’s not talk about these sad past events any further.”

Huan Bing nodded, and a pitiful look appeared in her eyes as she looked at Lin Mo.

Such a good person had actually been made to leave his homeland by the top bra\*s of those countries.

Huan Bing was brought inside the lounge on the dock.

This room was still because of the time when business came from above the pier.

There was no place for people to rest, so Hua Qiang brought people to build it out.

There was only a table inside the room, as well as a few wooden chairs.

Lin Mo smiled at Huan Bing and said, “Miss Huan Bing, this place is rather humble, sorry.”

“You can sit down a little first, and then I will ask them to bring some sofas over.”

Although Lin Mo was speaking to Huan Bing, his eyes were looking at the wall to the side.

Jump ropes, sandbags, and most outrageous of all, there were dumbbells on top .....

Even though Lin Mo was a patriarchal cultivator, at this moment, he was all overwhelmed by this group of tiger pussies.

The people in the lounge are all putting poker, mahjong and so on.

What the hell a bunch of brainless put these things, are they treating it as a gym?

“It’s alright, this place isn’t really that bad.”

Huan Bing waved his hand, the environment here was compared to the stronghold he had been lurking in.

It was a good few times better.

“Good, then I’ll leave you alone for now, you take a good rest.”

After saying that, Lin Mo planned to go outside and watch the group of tiger pussies.

Don’t make some more college stuff up.

A group of guys made Lin Mo wonder if their brains were all muscles already.

“That Mr Molin, have you considered what to do afterwards?”

Huan Bing looked at Lin Mo and suddenly opened his mouth to ask.

When Lin Mo heard Huan Bing ask himself this, he didn’t know what she meant for a moment.

“No idea yet, what does Miss Huan Bing mean?”

Huan Bing looked at Lin Mo with divine eyes, her red lips lightly opened and said.

“I can help you, Molin, to become the island master of this island.”

Huan Bing knew that she simply didn't have the strength to fight for the position of island master right now.

Or even what kind of position the guy from the inspector's house was in when his own father died.

All Heng Bing was now willing to help Lin Mo out.

By virtue of her own reputation as the daughter of the last island lord to help Lin Mo take the position of island lord in name only.

This way he himself, with this relationship, may not be unable to .....

The first thing that happened was that Huan Bing gave Lin Mo an indefinite look.

He then hurriedly expelled those thoughts from his mind.

No, how could one have such thoughts.

Huan Bing had always been a very strong woman.

However, Lin Mo, a person full of mystery as well as specialness, had caused her to think wildly frequently.

Just when Huan Bing thought that Lin Mo would simply agree to do so.

“No need Miss Heng Bing, thank you for your kindness.”

Lin Mo gently shook his head.

He really didn't see eye to eye on something like being an island master.

And this strand of the island wasn't even the average size of Guangyang.

Heng Bing, who thought Lin Mo would definitely not refuse, directly froze.

“Why, do you know how much power the Island Master has?”

Heng Bing looked at Lin Mo with great incomprehension, why would the other party still refuse such a condition.

“I have no idea about the position of Island Master, if Miss Heng Bing wants to be one.”

“As a friend of the Forceworkers Union, we will do our best to help you become the Island Master.”

Heng Bing's words however also caused some thoughts to rise in Lin Mo's heart.

Although this island was not that big, it was located at the end of the Western Wanxiang Islands.

In itself, it was easy to defend and difficult to attack.

He could make Heng Bing the lord of this island.

Then arm the island as well as develop its economy.

Cultivate it into a new base!
