

Chapter 156

Jason's steps trembled slightly. He lowered his head and his face was full of tenderness. He said, 'Let's go back. When you've recovered from your injury I will tell you, okay?'

My poor wife, I shouldn't have hidden it from you.

From this moment on, I will tell the world that you are my wife, the Young Madam of the Smith family!

No one will be able to bully you!

Cindy nodded and leaned against Jason's arm like an injured kitten.

Jason held Cindy in his arms. When they arrived at the door, Bruce had already been waiting with his men for a long time.

He saw everything that had just happened. That was Silas from the Azure Dragon Society. He was destroyed!

Even Bruce had to look up to Silas. He who was in charge of the Azure Dragon Society. How could he

have been defeated by Jason in less than three minutes?

The Azure Dragon Society disbanded!

The Lyu family was destroyed!

Bruce's respect for Jason had reached its peak.

Mr. Smith's identity and status were indeed unfathomable.

The Lyu family in the capital city had been easily destroyed. Even the special forces had been ordered to help him!

Bruce's vehicles escorted Jason and Cindy all the way to Palace No.1 in Dragon City.

The most advanced, luxurious and comfortable villa suite.

They also had the top medical team in Shang Jiang City.

All were gathered there by Joe.

Jason waited by the door of the white and gold Western Europe decorated corridorr. Bruce accompanied him with a few of his men.

The others didn't dare to sit unless Mr. Smith sat

down first. Everyone just stood there patiently, If something had happened to Mr. Smith and Miss Jiang, Bruce couldn't forgive himself.

Shang Jiang City was Bruce's territory. How could he have allowed Miss Jiang to get involved in this incident? He blamed himself and felt annoyed.

'Mr. Smith, I'm sorry. It's my fault that I didn't protect you well enough!'

Paul stood forward at this moment. He was an impatient guy

Although he had been secretly protecting Cindy these days, he wasn't able to enter some places. Sometimes, he couldn't see her, so he couldn't have prevented this.

Accidents would happen. Nobody could predict it.

Bruce also bent down and apologized respectfully, 'Mr. Smith, it's my negligence. Please punish me.'

Jason glanced at him calmly, 'It has nothing to do with you.'

Bruce felt relieved after hearing what Jason said, but he still felt uncomfortable.

Then, Jason looked at Bruce very seriously, 'Do

you want to work for me?'

Bruce was stunned at first, but he reacted in an instant. He hurriedly nodded and bent down. He said excitedly, 'Just say the word and I'll do it!'

This was an opportunity!

This was Bruce's opportunity and a turning point that he couldn't afford to miss!

He was already the Emperor of Shang Jiang City's underworld. Although he had a good reputation, sometimes he was hindered and couldn't do whatever he wanted.

All of this was because Bruce did not have a strong support and background.

Joe?

Joe just provided him financial support. Most of the time, Joe did not participate in Bruce's affairs.

Now, with Mr. Smith's order, Bruce believed that his status and influence would reach an unsurpassable peak!

'Bring your men and take over the Azure Dragon Society. From now on, Bruce, you are my second in command. You can't betray me. Otherwise, you

will end up hundred times more miserable than Silas. Can you do that?'

Jason said flatly. He had a calm look on his face.

Without any hesitation, Bruce immediately nodded and bowed. He said respectfully, 'Mr. Smith, you are my big brother from now on! I will give all my life and my family's lives to Mr. Smith!'

'Me too!' Paul followed.

'So will we!' Several underlings echoed.

Jason smiled. He patted Bruce on the shoulder, 'Go ahead, do it properly.'

Bruce took his men away excitedly. It was as if he had returned to the days where he fought for his life and career.

Everything was for Mr. Smith!

Looking at Bruce's back, Jason didn't know whether his decision was right or wrong.

Didn't he have his own power?

This was obviously impossible.

However, Jason did not mind developing a little more of a relationship and kept it as a trump card.

In the most southern part of the sky garden at Palace No.1, two people were sitting at a crystal tea table. There was a young man in a clean sweat shirt. He had a slender figure. The other was an old man in his 60s or 70s. He was wearing a suit and looked humble and smart. He was making tea for the young man.

This sky garden cost hundreds of millions of yuan to build. There were hundreds of colourful flowers adding to the beauty and various kinds of birds singing in the skygarden.

'What about Juliette?'

The young man was Jason.

The one sitting in front of him respectfully was Joe.

'Young Master, don't use the levy order again in the future. Although it was only the lowest of the levy orders, it caused a lot of trouble. A few elders in our family are already dissatisfied with you.'

Joe showed no worry on his face

'I guess it isn't only them.' Jason leisurely tasted the tea.

'Yes, and there are also the senior statesmen. They said that you are too impulsive. It's not worth you making such a big scene for the Lyu family ! Joe looked helpless.

His Young master had gone too far this time.

To be exact, this incident was the first time in the past seven years.

Previously, the Young master had been much worse.

Joe even missed his Young master's old behaviour. He was fearless, arrogant and domineering, and did not use tricks to hide his true identity.

'Then let them grumble. Anyway, I don't intend on seeing them in person.'

Jason said calmly, not caring at all.

Joe bit his tongue before asking, 'Young Master, are you really going to do something to Madame Juliette?'

Jason was not sure. He said, 'It's not the right time. I can't deal with Juliette now. Besides I don't have a good enough plan. If we confront each

other, both of us will suffer. She underestimated me for six years and didn't see me for seven years. It won't be so simple.'

Joe just nodded and took out a letter from his pocket. He handed it to Jason, 'Young Master, this is what the old master has asked me to give you. He said that if you encounter problems that are difficult to solve, read the letter and you will know what to do. Burn the letter after you've read it.'

Jason took the dark envelope and held it in his hand. There was a little piece of sandalwood in it.

'My dad... Is he all right?'

Jason hesitated for a while before he asked.

Joe shook his head and seemed to be a little sad. He said, 'Old Master has been waiting for you to go back. Young Master, why don't you go back? Old Master has always been upset about what happened that year. He...'

'Well, let's not discuss this further. Tell my dad that he has a granddaughter and a beautiful daughter-in-law.'

Jason got up. Then he put his hands in his trouser pocket and left the sky garden under the sunlight.

Looking at Jason leaving, Joe sighed helplessly. He silently took out his mobile phone and dialed the old master's number.

At the other end of the phone, there was a faint voice with the sound of anxiety and a cough. It was very husky. 'Jason..what did he say?'

'Master, Young Master can't... go back for the time being.'

Joe was sad. He wiped his tears.

Cough!

There was a rush of coughing.

'Ah, okay... I see. Let him enjoy his life outside for a few more days... Let's go.'

'Sir, Young Master asked me to tell you that you have a beautiful granddaughter and daughter-in-law.' Joe choked with tears.

He had been waiting for this moment for so long, but he did not dare to tell his master.

On the phone, he was gasping intermittently.

'Really... really? I, I, Titus have a... a granddaughter? Jason got married?'

Titus didn't know about Jason's marriage.

Because Juliette had already replaced all the old staff with people loyal to her.

Now, Titus had no other way but to get the information from Juliette.

On the other hand, after Titus found out that Jason was married and had a daughter, his personal nurse with a serious look took the mobile phone away from Titus' ear and said blandly, 'Master, it's time for you to rest.'

After that, she got Titus ready to rest. The woman then walked out of the luxurious room. She took out her mobile phone and dialed a number, 'Madam, the old master knows. It was Young Master who asked Butler Joe to tell him.'

Juliette was in the Royal Villa, wearing a pink lace nightgown, and her figure was extremely voluptuous.

With her curly hair flowing like a waterfall, she stood by the window with an attractive look. She held her chest with one hand and a goblet in the other. She took a sip of red wine and looked out of the window.

'Jason, are you testing my limit?'

Juliette murmured to herself, her already cold face turned colder.

At the same time, a pair of big hands from behind her slowly held Juliette's waist. A man buried himself in Juliette's fair and tender neck.

Even an extremely noble woman needed daily care and affection.

.....

Back at the Palace No.1.

Cindy woke up. She slowly opened her eyes and saw a huge crystal chandelier and the luxurious layout of the room.

The style overall was luxurious, low-key, clean and comfortable.

The pure white and flawless bedding was engraved with a golden crown, making the whole bed extremely soft and comfortable.

Even the closet at the bedside which was a custom made model by Chanel.

Cindy looked at everything in front of her with surprise and nervousness.

Where am I? Why am I here?

Jason?

'Jason!' Cindy shouted.

Jason rushed in. When he saw Cindy lying on the bed, he finally breathed a sigh of relief.

Cindy jumped off the bed quickly. She stepped forward and rushed to Jason, her long, slender legs flowing in the air. She hugged him and cried.

'Okay, okay, it's all right. It's all over.'

Jason held Cindy in his arms. He put her on the bed and wiped her dirty face.

About ten minutes later, Cindy had calmed down.

She stared straight at Jason and asked lots of questions, 'Jason, where is this place? Is it a hospital? It seems to be very expensive. I don't want to stay here anymore.'

Jason smiled and scratched Cindy's bright nose. He said with a smile, 'Do you remember what I told your mother before? About Split Mountain. I have already bought a house.'

'Did you really buy it? Where is it?'

Cindy wiped her tears and opened her eyes wide.

She looked at Jason in surprise.

Jason was in a good mood, 'Do you know the villa in Dragon City?'
