

## Chapter 158

Jason turned his head and saw his mother-in-law, Amanda, walking over with a puzzled face. Her eyes and eyebrows were almost narrowed to a line, and she looked very unhappy.

Amanda could not hide her disdain for Jason.

The two ladies beside her were dressed elegantly. One of them was Amanda's second sister, Jasephine. Jason did not know the other lady. It was the first time he had seen her. But judging from her aura and appearance, she was not from an ordinary family.

Amanda and Jasephine were obviously buttering her up. It was obvious that the lady's identity was extraordinary.

'What are you doing here?'

Seeing Jason here, Amanda was also surprised. More than that, she was angry.

Amanda finally got Jasephine to help her contact the Long family's distant relative to view a villa in Dragon City.

'Didn't expect that I'd meet my useless son-in-law here. If the lady knew, wouldn't it be embarrassing?' She thought.

'!..'

Jason wanted to say that he was heading to the hospital. He was carrying a lunch box in his hand.

However, Jasephine interrupted him, 'Amanda, can't you see? He is here to deliver food. Look at the things in his hand.'

Jasephine would mock Jason whenever she had a chance. This would embarrass Amanda.

Amanda looked again when Jasephine said that. She was frutious. This useless son- in- law embarrassed her.

'So many places for him to deliver food, yet he had to bring it here.'

And it was in front of Mrs. Zhao. Amanda felt humiliated.

The elegant middle- aged woman who wore a gauze robe on her shoulder raised her fingers and put them under her nose. She frowned and pretended to cough a few times, 'What's that

smell? It's pungent. Amanda, is this peasant your loser son-in-law?'

Luciana was the younger sister of Wylde, the sixth wife of Sonny. She was also the third generation of the Long family.

With the help of the Long family's power, Luciana had become a rich wife.

Amanda's son in law might have a clean look, but he wore ordinary clothes.

He was just a delivery guy. Before coming there, Jasephine had mentioned to her that Amanda had a good-for-nothing son-in-law. A guy like this was holding a lunch box in his hands. He must be here for delivery. He couldn't be staying here.

This was the villa area built by her brother-in-law's family. It was the property of the Long family.

Luciana frowned and sized Jason up. Yup, Jason was from a working class background. He didn't look presentable at all. No wonder that he could only be a delivery guy.

Peasant.

Amanda was also very angry now. She glared at

Jason and kept giving signals for him to get out of there quickly.

'Why doesn't this loser look at himself in the mirror? Can't he see that everyone is very disgusted with him?'

Why did her daughter marry such a good-for-nothing? Her daughter was a great lady.

The three middle-aged women did not speak. They just stood there and looked at Jason.

Jason also wanted to go because Bruce's Maybach was parked close by. Paul Reed was waiting for him by the side of the car.

If it hadn't been for Jason's eye signal, Paul would have come over.

'Well, you better deliver your food and go back immediately.'

Amanda couldn't stand it anymore and ordered Jason to leave quickly.

If it weren't for Luciana's presence, Amanda would have slapped Jason

The last time she had seen Jason, he told her second sister that he had bought a house.

Thinking of it gave Amanda a headache.

If it weren't for that, she wouldn't have begged her second sister to contact some people in the villa area and see if she could give some concessions.

Jason felt very depressed. 'Mom, I really bought the villa. Look, this is...'

Hearing Jason calling her mother, Amanda felt uncomfortable as if her whole body had been pricked. She scolded coldly, 'Enough! Stop with your lies. What are you talking about? Do you still want to say that you bought a villa in Dragon City? Don't you know how expensive the villas are here?!'

'Why is Jason mentioning that now? It's so embarrassing.'

Hearing this, Luciana was doubtful. She turned to look at Amanda and sneered, 'What's going on?'

Amanda was just an ordinary woman. She had a sharp tongue, a harsh personality, and was a gold digger. She could only be mean to her family, but she would lick the boots of anyone who was rich.

When she heard Luciana's unfriendly tone, she immediately bowed and explained, 'Mrs. Zhao,

don't listen to his nonsense. He's mental.'

However, Jasephine sneered, 'Amanda, this is your fault. I heard about it in your house last time. Jason said that he had bought a villa. Listen to him, maybe he really did buy a villa in Dragon City?'

Ridicule and mockery.

It was crystal clear.

Amanda suddenly felt embarrassed and hurriedly explained, 'No, no, don't listen to Jason's nonsense. If he could buy a villa here, I would be his servant.'

'Humph!'

Luciana snorted, 'Do you think that the villas in Dragon City are vegetables sold in the market? You think anyone can just buy them?'

Amanda answered in a hurry, 'No, no, of course not. Mrs. Zhao is right.'

Amanda glared at Jason with indignation. She came over angrily and slapped him, 'Didn't you hear me? Why do you have to humiliate me here?'

Jason didn't expect that he would be slapped like

this.

His face froze, his gaze turned cold. He had been tolerating Amanda Yang for a very long time.

He would've shown this cruel woman a lesson if she were not Cindy's mother.

Jason shook his head helplessly. He turned around and walked toward Paul's Maybach.

Seeing Jason's reaction, Jasephine and Luciana despised him even more.

'Is this guy crazy?'

'That's a Maybach!'

'Did he drive this car to deliver takeout?'

Amanda was irate. She immediately ran over and grabbed Jason's arm, 'Jason, are you stupid? Where are you going? Are you blind? Will you be able to afford it when you break this car? Do you want your mother-in-law to help you pay for it? Get out of here. The gate is over there. Get out! You make me mad!'

Jason frowned and looked at Amanda who was scolding him. He was very unhappy. Jason knew Paul was about to rush over, so he walked toward

the gate himself first.

Why should he tell Amanda that the Maybach and Palace No. 1 was his?

'Doesn't she always think that I'm a loser? Then let this misunderstanding continue.'

Jason didn't want to waste his breath explaining things.

However, before Jason left, he suddenly turned to look at Amanda, 'Mom, if I really bought a villa, will you live in it?'

'Ha ha ha!'

Jasephine and Luciana laughed before Amanda could.

'This loser really is mental.'

Amanda almost fainted with anger.. She put her hands on her waist, 'No! You are a loser. You can't afford a villa. Hurry up and leave. You're an embarrassment. How can I have such a good-for-nothing son-in-law like you?'

Jason nodded. Without saying anything, he turned around and left.

Seeing Jason leave, Jasephine immediately

twisted her big ass and approached Amanda. She sneered, 'Amanda, your son-in-law loves to boast. You didn't teach him well.'

Amanda gritted her teeth in anger and muttered, 'I will teach him a lesson when I go back.'

Then, she turned around and said to Luciana with a smile, 'Mrs. Zhao, if I want to buy this villa, how much will it cost?'

Luciana looked at the fingernails she had just painted and proudly said, 'Amanda, stop dreaming. Although the villa is my sister's property, I can't make the decision. Look, the villa in front of you is the most expensive and luxurious villa here. It costs one hundred million yuan! Two hundred million if you include the interior decoration! Do you know how much the cheapest villa we saw when we entered just now costs? Thirty five million yuan!'

When Amanda heard the number, she was shocked.

She looked up at the villa with an electronic gate that was guarded by seven or eight guards.

This was the most expensive villa in the Dragon

City. It cost two hundred million yuan!

What kind of rich people could live here?

Amanda felt jealous. How good it would be if she could live here.

'Even if I can't stay here, it's okay to go in and have a look.'

The gate, the courtyard wall and the green trees and flowers on the outside alone already looked expensive.

The tall and majestic stone arch door was carved with runes of Western Europe's mythological characters. The corner of the porch stood an elegant stone building. The vines attached to it looked interesting. They were classic yet fashionable.

From the gate alone, she could see that the classical and cheerful buildings complemented each other. There was also a small castle with a pointed spire-shaped tilted top, which looked like a palace.

Jasephine took a disdainful look at her sister, then leaned over to Luciana and said, 'Mrs. Zhao, can you let us have a look? It's not easy for us to come

here, so we can't just leave like this.'

Luciana turned around and looked at Palace No.1. The words were emblazoned across the plate. Four guards stood sentry on both sides of the gate.

She knew the place, but only on paper. She never entered it before. Now that she heard Jasphine's proposal, she felt an itch to go in.

Palace No.1!

What on Earth was in the villa that could be named after the Imperial Palace?

Luciana was also curious. Then she raised her chin and said with great confidence, 'Give me a second. I'll call my sister and ask her if the owner of this villa can let us in and have a look.'

Amanda and Jasephine were very excited.

Luciana took out her mobile phone and called her sister. After asking about it for a while, she got the phone number of the villa's owner.

'It's this number. Should I call him now?' Luciana asked.

Amanda and Jasephine nodded, 'Call him. Your

sister should have told him about us.'

Luciana dialed the number.

The three women were very curious about the owner of this villa.

Meanwhile, when Jason went out of the villa in Dragon City, Paul, who was behind him, drove out and chased after Jason.

His ringtone played.

Suddenly, his phone rang.
