

Chapter 163

The living room quieted down.

Randy was the first to laugh. He shook his head helplessly and looked down upon Cindy's husband more.

It was ridiculous.

How could a loser like him have spent ten million to buy a company?

If that was really the case, Aunt Amanda would've been treating Jason like her son. Everyone knew how much she loved money and power.

Amanda was also stunned. Her face sank. She picked up the book from the table and threw it at the door. Pointing at the door, she shouted, 'Get out of here! You are a disgrace. Is bragging all you know? You don't even work Don't you feel ashamed? Don't you think you're an embarrassment? Well I do.'

Jason didn't bother to explain. His mother-in-law would never believe what he said.

On the other hand, Amanda immediately took Randy out of the door. She insisted on taking Jason to the interview.

Under her insistence, the four of them got in Randy's Porsche and headed to the Pharmaceutical.

'Randy, your car is not cheap.'

Amanda got in the car and sat in the passenger seat happily. She kept adjusting her seat to feel the comfort of the luxury car.

'It's not that expensive. It was just little more than one million yuan. If Aunt Amanda likes it, I'll give it to you. There are two other cars in my villa anyway. A Koenigsegg and a Lamborghini.'

Randy smiled. He revealed his financial resources 'inadvertently.'

Amanda was elated to hear that.

'Wow, Randy's rich. He has two more cars like this one. And he has a villa!'

'I've decided!'

Amanda hyperventilated. Such a good man must be her son-in-law!

Jason was a loser. He couldn't compare with Randy.

'Randy, would you really give me this car?'

Amanda was very excited. Cecelia Zhou, the daughter of her second sister, only drove a car worth little more than one million yuan. And Cecelia was already bragging about it all day long.

'Randy, don't listen to my mother.'

Cindy told him from behind. 'My mom is shameless.' She thought. 'Don't just go and agree to it.'

Randy smiled, 'It's okay. It's only one million yuan. I was in a rush today. If I had known this earlier, I would have driven another one. It's more comfortable. By the way, Jason, have you bought a car?'

Suddenly, Randy changed the topic and asked this with a fake smile.

The temperature dropped ten degrees.

Amanda wanted to kick Jason out of the car.

Jason smiled, 'I've bought one, but I don't always drive it.'

'Oh? I didn't expect that you had money to buy a car? Did you and Cindy take a loan to buy it?' Randy grinned sarcastically.

Cindy and Amanda were staring at Jason.

'You bought a car. When? How come I didn't know?'

Amanda was the first to scream as if she had heard some big news.

Now Jason made the situation even more awkward.

Randy shook his head, 'Aunt Amanda, you didn't even know? It seems that your car is still in the shop.'

That meant Jason lied.

Amanda immediately understood what Randy was saying. She glared at Jason fiercely. Dissatisfaction welled up in her heart. Jason was lying compulsively now. She was really ashamed to be in the same car as him.

Jason didn't bother to explain. Beside him, Cindy pinched on his waist and asked quietly, 'Did you really buy one?'

Jason only nodded.

'It's just a car. I really don't care about it.' Jason thought.

He had a lot of luxury cars in his family. He had so many cars that he needed to use a mountain to build a parking lot.

Randy smiled calmly He bragged about his financial strength to shame Cindy's husband.

Soon, the car stopped at Healer Pharmaceutical.

It was an international building and the headquarters of Healer Pharmaceutical.

A listed company with a thousand staff.

It was the second largest pharmaceutical factory in Shang Jiang City after Sunrise Pharmaceutical.

Thanks to the bankruptcy of the Sunrise Pharmaceutical, Healer Pharmaceutical was now at its zenith.

As soon as Jason and others entered the building, a hottie came up to them. When she saw Jason, her expression changed. Before she could say hello to Randy and others, she rushed to the CEO's office.

'Sir! He's here! The person you asked me to ask about has arrived at the reception of our company!'

This hottie was Xenia Wang, the assistant to Healer Pharmaceutical's CEO, Yanko Xu.

'Really?'

Yanko was pleasantly surprised. He stood up immediately.

The thing that happened Sunrise Pharmaceutical a few days ago was very big news. He sent his people to ask around and finally found something out.

That photo was something he spent a lot of money to get his hands on.

The bankruptcy of Sunrise Pharmaceutical and the destruction of the Lyu family in the capital city was all done by the young man in the photo.

When Yanko found out the secret behind this, he was dumbfounded!

He must try to be friends with such a powerful person.

Because if that person could destroy one

pharmaceutical factory today, he could destroy another.

Yanko was worried about himself.

'Where is he?'

'It seems that Mr. Randy has taken them to the HR department.'

'Hurry up! Follow me!' Yanko had to do this himself. The gravity of this matter could not be stressed enough.

The pair rushed to the HR department.

In the office of the HR manager.

'Binh, do me a favor. This is Aunt Amanda's son-in-law. I want to see if there's any job available in our company. Please arrange it for me.'

Randy was sitting on the sofa drinking tea. Standing in front of him was a mousey man with a mischievous grin.

It was the personnel manager, Sun.

Binh had great respect for Randy. Randy was the overseas CEO the company spent a lot of money hiring. Randy was also the successor to the He Group. Binh wouldn't dare to offend him. He

treated Randy like his master.

'Well, Mr. Randy, what position do you want for him?' Sun asked sheepishly.

'What vacancies do we have?'

'They are all full. If you insist on employing him, we still need a security guard to guard the door. However, this job is tough. Can this guy do it?' Sun smiled.

Before coming here, Randy had told him that today he was going to humiliate this loser named Jason.

This loser's wife was quite pretty. No wonder CEO Randy was fond of her.

Randy frowned and looked at Amanda, 'Aunt Amanda, it's too bad. Only the security guard position is vacant. What do you think? If it's okay, I'll personally give Jason a salary of seven thousand yuan.'

Randy said the number wrongly on purpose. That surprised everyone.

Seven thousand?!

Not bad!

Amanda was moved. She wasn't the one guarding the door. Jason was. She hurriedly looked at Jason and said angrily, 'What are you looking at? Say thank you to Mr. Randy. You dumba**.'

Cindy frowned. For the first time, she felt that Randy was no longer the boy she once knew.

He had changed. He was just a hypocrite now.

Randy wanted to humiliate Jason. That much was obvious.

'You don't have to, Jason, let's go back.' Cindy was angry. She pulled Jason's arm and walking away.

Amanda was anxious. She looked at Jason impatiently. 'Why are you leaving? Being a guard is better than a delivery guy, isn't it?'

Jason was very unhappy. 'Amanda, you can be the guard dog if you want it so much,' he said coldly.

'What did you say? You're p*ssing me off!'

Amanda bristled. Jason embarrassed her.

'Hehe, brother, don't be so arrogant. A lot of those who want to join our Healer Pharmaceutical don't even get a chance. But Mr. Randy is giving you

one. You're just going to throw it away. Look at you, you are just a loser. Don't try to act like you're something more.'

Binh laughed mockingly. Even his nostril was wiggling in glee.

Randy glanced at Jason, 'Jason, you should know that you're a loser. You shouldn't rely on woman. Don't you think you're a disgrace to us men?'

'Mr. Randy, what you said is true. Losers should know they're losers. Here, I'll offer you a salary of seventy five hundred. You can come to work tomorrow. I'm doing this for the sake of Mr. Randy. What do you think?'

Binh sneered at Jason. 'Go and thank Mr. Rand after you go back. He doesn't help everyone, especially losers like you. Being a guard is already a blessing for you. Don't be ungrateful.'

Suddenly!

Someone roared from the doorstep.

'Binh, what did you just say? Who did you call ungrateful?!'

An angry middle-aged man's voice came from the

door. Binh almost jumped up from shock.

Then, everyone looked over and saw a man and a woman standing at the door.

'C... CEO, why are you here?'

Seeing the angry Yanko standing at the door, cold sweat broke out on Binh's forehead. He quickly went up and bowed down to Yanko.
