

Chapter 118

Everyone was stunned and turned to look at the young man who was suddenly standing out.

He was just an ordinary guy. How could he say something like that?

"Could it be that a hero had saved a beauty?"

This was forty thousand dollars!

Many people looked down disdainfully upon him!

Although he was dressed in plain clothes, he spoke in a loud voice.

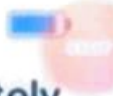

"Haha, where did this poor boy come from? How dare he pretend to be rich in this place?"

"Maybe it's because she's beautiful, so he's thinking about something else."

"Him? He's wearing cheap clothes. He looks like a loser at first glance."

Many people sneered openly and indirectly, but they didn't care about Jason's feelings at all.

At this time, Fiona looked up and saw Jason

with tearful eyes. She was immediately ashamed and annoyed. In her eyes, Jason was a poor man who was bragging. How could she not be angry when such a loser saw her embarrassing situation?

Moreover, she thought that Jason had just come to ridicule her!

"Jason, what are you doing here? Go away, I don't need your help here!" Fiona scolded with shame and indignation.

It was also at this time that Joanne ran over out of the crowd.

"Sister Fiona, what happened to you?"

"Joanne..." Fiona burst into tears when she saw Joanne's arrival. She hugged her and began to cry.

"Sister Fiona, it's okay. What's wrong? Tell me." Joanne comforted her and patted Fiona's back gently.

She noticed the broken bottles on the ground, and a large pool of red wine, coupled with the accusations of the onlookers, she immediately understood.

Fiona was in trouble!

"Joanne, I broke six bottles of Lafite, and she asked me to pay forty two thousand dollars!"

Fiona cried very sadly.

"Forty two thousand?" Joanne was shocked.

She didn't have a much better family background. She couldn't afford the price of forty-two thousand dollars in such a short time.

She even regretted it a little bit. Now, it would be difficult for her to not help her best friend.

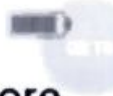

The waitress next to her was impatient and said in a cold voice, "Madam, please pay for it quickly. We still have work to do. Otherwise, I will call the police so they can deal with it."

There were so many people in the store. If it was not handled in time, she, as a waitress, would be scolded.

"Don't call the police. Please don't. I will pay for it."

Fiona cried and shook her head. Then she looked at Joanne with her hopeful eyes and pleaded, "Joanne, you are my good sister. You will help me, won't you?"

Joanne was now in a dilemma. She looked embarrassed and said, "Sister Fiona, I... I don't have that much money either. You know my family's situation. I still have a brother who needs my financial support for his studies."

When Fiona heard this, she became more panicked and despised Joanne's words at the same time.

Well they were plastic sisters but they couldn't rely on each other at this critical moment.

"Sister Fiona, why don't you ask Adam for help? He must be rich and might be able to pay for it for you. Anyway, you two f*cked just now. He won't let you in trouble, will he?" Joanne suggested.

"I... Is this okay?" Fiona was very ashamed. At this time, if she asked Adam for help, wouldn't he look down upon her?

She had the temperament of a goddess in front of others.

However, there was nothing she could do if she didn't beg for his help.

"Can you hurry up? Can you take the money or not? If you don't pay, I'll call the police." The waitress urged.

"..." Tears could not stop flowing out of Fiona's eyes. Finally, she made up her mind and immediately took out her mobile phone to call Adam.

Elsewhere, Adam, who was sulking in the room, suddenly received a phone call from

Fiona and was crying. After asking the reason, he was very domineering and said, "Okay, wait for me. I'll come right away. It's just a few bottles of wine, isn't it? Is it really necessary to call the police?"

Slam!

After hanging up the phone, Adam arrived triumphantly with a group of classmates. At a long distance, he shouted, "Hey, what's going on? You are bullying my girlfriend, aren't you? It's just a few bottles of shabby Lafite. How much is it worth?"

Adam was very unhappy just now, so he couldn't wait to get some respect again in front of everyone.

When Fiona saw Adam coming, she immediately threw herself into his arms and burst into tears.

"Brother Adam, they hurt me! They want me to pay for the forty-two thousand!" Fiona cried and complained in a low voice.

Adam held Fiona in his arms and comforted her, "All right, it's okay. It's just forty-two thousand. I'll help you to pay."

Upon hearing his words, Fiona's face was full of joy. She hurriedly wiped away her tears and kept thanking him, "Thank you, Brother Adam,

muack!"

With this, Fiona kissed Adam directly on the face.

This time, Adam couldn't flirt with her. He leaned over and whispered a few words in Fiona's ear, which made Fiona blush and her legs were twisted in the shape of hemp ropes.

Then, Adam said to the waitress in a cold voice, "Fourty- two thousand dollars, right? Send it to my account and we'll settle it together later."

When the waiter saw Adam, who looked like a big boss, he immediately nodded and agreed.

However, all of a sudden!

A man in a suit came over. It was the lobby manager. He asked coldly, "Linda, what's going on? Why are there so many people here?"

Previously, Keith Huang, the lobby manager, had heard the noise. At that moment, seeing this, he roughly guessed something must have happened.

Seeing the lobby manager coming, the waitress hurriedly bent down and said, "Manager Huang, this lady accidentally broke six bottles of Lafite for our guests. I'm settling

the problem."

Upon hearing this, Keith nodded and did not say anything. Instead, he said a few polite words to Adam.

However, when his eyes fell on the broken bottles on the ground, he suddenly panicked!

"How much did you ask them to pay just now? The price is forty-two thousand dollars?" Keith asked in a hurry.

The waitress nodded and said, "Yes, Manager Huang, Lafite, one bottle costs seven thousand dollar, six bottles equal to forty two thousand dollars."

Slap!

Keith slapped her directly and roared, "Are you f*cking blind? Is this a bottle that costs seven thousand dollars? Look at the year of this Lafite carefully!"

The slap was so sudden that the waitress was stunned and her eyes were full of tears. She faltered for a while.

Keith glared at her a few times, then turned around with a smile and said to Adam,

Excuse me, sir, the waitress is new here. She doesn't know anything about our products. This is our new batch of Lafite, which is a treasure from the year 1787. There are

only six bottles in the whole city, each bottle costs one hundred and ten thousand British pounds, equivalent to nine hundred and sixty thousand dollars! Therefore, the total number of these six bottles is five million seven hundred and sixty thousand."

Crack!

The whole place was dead silent!

"What?! Five million seven hundred and sixty thousand?! Who the hell are you lying to?!"

Adam exploded on the spot!

"Is this f*cking red wine?"

It was money!

Flora was also shocked. She immediately jumped out and pointed at Keith, cursing "Damn it! I didn't expect that your Triumphal Restaurant was so shameless to con guests!"

Many onlookers around were scared out of their wits at that moment.

What the hell? A bottle of wine cost nine hundred and sixty thousand dollars?

Six bottles of five million seven hundred and seventy thousand dollars!

This sounded like a scam!

Keith's face darkened. He pulled his suit and

picked up a broken glass bottle from the ground lightly, saying, "Please look at it carefully. The year is clearly written on it. If you don't believe it, you can check it on the Internet. How much is Lafite worth in 1787. I can only tell you that this are only six bottles left in the whole city. It's genuine. Our Triumphal Restaurant has been business for so many years and we would never bully our guests. If you think I'm lying, you can ask the market supervisor to investigate at any time.'

Keith's expression was disdainful looking at these two people who had never seen expensive things before.

"They don't even know what Lafite 1787 was. What's the point of talking about drinking wine?"

Adam was shocked. He took the broken glass pieces in person and found that it was indeed written 1787.

However, he wouldn't admit it so easily.

This is f*cking five million seven hundred and sixty thousand!

Adam's company earned only more than three million dollars a month!

How could he make up for it?

Adam panicked and said to Fiona, "Well,

Fiona, you have made a big mistake! Five million and sixty thousand dollars, I... I can't afford it."

When Fiona heard this, she immediately pestered Adam and cried, "Brother Adam, they are talking nonsense. How can it be five million seven hundred and sixty thousand. They must be lying. Let's just pay the forty thousand dollars!"

Why wasn't she panicking?

If it was true, she, Fiona, would not be able to pay for it, even if she sold her body!

"Fraud?" Keith's face turned cold and he said angrily, "Lady, please go out and inquire about it. When has our Triumphal Restaurant ever deceived people? You don't want to compensate me, right? Then I have to call the police and let them deal with it!"

As soon as Adam heard that he was going to call the police, he immediately stood aside and no longer cared about this matter.

Fiona cried for mercy, but there was nothing she could do to help herself.

This was nearly six million!

Which local tyrant would be silly enough to pay for her?

However, Jason, who had been quietly standing aside, suddenly said, "Well, can you please consider my reputation and forget about this incident."

Chapter 119

When everyone heard this, they were shocked!

What do you mean by "For your reputation"?

Your reputation is worth six million dollars?

Adam frowned. Seeing Jason standing out at this moment, he was quite dissatisfied. He sneered and said, "Jason, are you an idiot? Didn't you hear him say that the six bottles are worth six million? Your reputation is so big, is it worth six million?"

Jason must want to show off!

Then, let's wait and see how he'll get out of this one.

Fiona was also full of anger and embarrassment. Jason wanted to show off several times. In the end, it was not only him but also Fiona who was ashamed.

"Jason, get out of here! It's none of your business!" Fiona roared with tears in her eyes.

She was so angry that she was about to explode.

Then, Jason, such a good-for-nothing, was still pretending to be something he wasn't.

Jason shook his head helplessly and smiled. He looked at the waitress and said, "Six million dollars. I'll pay for it."

Even if Fiona and Adam didn't believe in him, Jason had to help. After all, they were classmates.

Does he want to be a bitch?

It seemed that way.

The waitress raised her eyebrows, looked Jason up and down, and said disdainfully, "You want to pay for it? This guest, please listen up, Lafite from the year 1787, and six bottles cost five million seven hundred and seventy-six hundred thousand! Can you really afford it?"

It was not that the waitress looked down on Jason, but his clothes were too ordinary and poor looking.

Moreover, even though Fiona had looked down on him, he still had the courage to stand up for her.

This guy's head must have been squeezed by the door, hadn't it?

At this moment, the people around also

sneered and pointed at Jason, showing sarcasm.

"Haha, this guy is really stupid!"

"I've never seen such a shameless person. Why do you have to come out and pretend? Sit down and wait for a slap in the face."

"Ah, sure enough, all men are animals that only think with their lower bodies. When they see a beautiful woman, they don't even care about their reputation anymore."

In the face of everyone's disdain and jeering, Jason didn't care.

He said, "Maybe I can afford it."

The waitress was stunned and laughed. When she was about to shout at him, Keith, who was next to her, turned his head and looked at Jason. At this time, his eyes narrowed!

"Sir, please don't make trouble, okay? Can people like you afford to compensate?" The waitress sneered.

However, all of a sudden!

Slap!

Under the gaze of thousands of people, a loud slap fell heavily on the waitress's face.

"Huang... Manager Huang, why did you hit me?" The waitress was stunned, covering her red cheeks, and her eyes were full of tears and grievances.

This scene naturally shocked everyone.

What the f*ck!

What's going on?

However, the next second, everyone was shocked again!

Keith walked quickly to Jason, bending over 90 degrees, and said respectfully, "President Smith, I'm sorry. She's new here so she doesn't know you. I hope you don't mind."

President Smith?

Everyone gasped. They looked at each other in confusion.

This poorly dressly dude is a president?

Are you kidding me?

Adam raised his eyebrows and felt extremely unhappy in his heart. He said coldly, "Manager Huang, are you also stupid? Jason holds some shares of the Runing company. He is nothing but an ordinary Mr. Smith."

He was not happy. He didn't expect that Manager Huang would be so respectful to

Jason.

However, Keith turned his head and glared at Adam angrily. He shouted angrily, "Shut up! What do you know? President Smith is our..."

His voice came to an abrupt end!

Jason interrupted Keith's words and said blandly, "Alright, Manager Huang, shall we just let it go?"

Keith nodded hurriedly and said, "Okay, let's follow President Smith's instructions."

Slap!

An metaphorical slap swept across everyone's face.

It was a slap in the face which had come so fast!

Jason, just because of Jason, this six million dollars could be settled like this?!

Everyone was dumbfounded and looked as if they could not believe what they had just seen.

Fiona stopped sobbing and stared at Jason. Then she looked at Keith and asked, "Really... really?"

Keith looked dissatisfied. This stupid woman didn't believe what he had said, so he said

solemnly again, "Yes, you don't have to pay for it."

"Thank you, thank you!"

When Fiona heard this, she kept bending down and nodding to thank him!

Keith said, "Miss, you should thank President Smith."

Jason?

Fiona frowned and looked at Jason, who was playing with his mobile phone with an indifferent expression. She was puzzled.

After thinking about it, she still thanked Jason and said, "Jason, thank you so much this time. If you have time, we... we can..."

What could she do? What Fiona wanted was to pay with her body.

Could it be that Jason had no purpose in saving her?

This pervert must want to possess me.

However, Fiona's heart was also beating. On one hand, it was Adam, and on the other, it was Jason.

Adam knew everything, but he was confused about Jason and Fiona.

What was his identity? Did he really just have

some shares from Runing?

Jason replied calmly, "It's okay. It's all for an ex classmate. It's just a piece of cake."

After that, he didn't wait for everyone, he quickly took his mobile phone and went to the side to pick it up.

After the crowd dispersed, Adam left angrily with his men.

Fiona and Joanne stayed where they were, waiting for Jason the whole time.

"Sister Fiona, I think Jason is not so simple. That's six million dollars. He said that you didn't need to compensate, that couldn't be true?" Joanne asked with a puzzled look on her face.

Fiona was also very confused now. Jason's appearance and domineering look just now were really difficult to overlap.

Then, Jason came over.

Fiona couldn't wait to go forward and then pretended to be angry. She asked, "Jason, do you really don't need me to pay you the six million?"

Jason nodded and said, "Don't worry. I know the boss here. It's okay."

Fiona was shocked, opened her eyes wide,

and asked in astonishment, "Do you know the boss of the Triumphal Restaurant?"

Jason nodded and said, "Yes, my friend from the past."

If I tell you that I am the boss, would you pee yourself?

In this way, Fiona's heart calmed down.

It turned out that Jason was only acquainted with the boss of the Triumphal Restaurant. She had really thought that he may have been someone extraordinary.

Pfft!

He's still a loser!

All of a sudden, Fiona's face changed. She said thank you in a moody way, then turned around and left with Joanne with her hips crossed.

On the other hand, Jason had a helpless look on his face. Fiona changed her expression so quickly.

After all, I've done her a favor.

However, after a few steps, Fiona called back again. She took out her mobile phone and said, "Jason, give me your friend's number. I have to thank him face to face."

Fiona suddenly remembered that she must meet the boss of the Triumphal Restaurant. If she could, she must have him.

Jason was stunned and asked, "Why don't you thank me?"

Fiona was stunned and said grumpily, "Didn't I thank you just now?"

Jason was helpless. After thinking for a while, he reported another number to Fiona.

When Fiona got the number, she was very happy and said, "Okay, when it's done, I'll treat you to dinner."

Did he make it?

What is it?

Jason's face was full of doubts. He watched Fiona happily twist her hips and leave.

What's this woman up to?

At the same time, Jason was also ready to leave. As soon as he walked out of the hotel gate, Fred came over and personally sent Jason off. He also said a few words to Jason with respect.

As soon as Jason's cell phone rang, he took out another cell phone and received a text message.

It was from Fiona.

"Brother, thank you for what happened tonight. Are you free? I'll treat you to dinner."

Jason was speechless. It turned out that Fiona was thinking of this idea.

He smiled helplessly and did not reply to her message.

However, a series of text messages were sent by Fiona.

There were all kinds of flirty messages.

Jason felt helpless and replied, "Who are you?"

Fiona immediately replied, "Mr. Rich, finally you have replied my messages. I accidentally broke red wine in your store today. Jason said that you were his friend, so he wouldn't let me compensate you. But I'm sorry. I want to treat you to a meal and apologize to you in person."

Jason chuckled and replied, "It's okay. You don't have to treat me dinner."

After replying to the message, Jason no longer paid any attention to her.

On the other hand, Fiona and Joanne were staying in the parking lot. When she found that the other party did not reply to her message, she gave up helplessly.

"Let's go. It seems that we have to find another guy." Fiona said.

However, at the same time, when she glanced over, she saw a familiar figure sneaking into a pink Porsche 911.

Fiona's face was full of shock and doubts. She asked Joanne who was next to her, "Joanne, look at that person. Does he look like Jason?"

Joanne narrowed her eyes and said, "I think so. Why don't we just go and have a look?"

Fiona frowned, stood up and said, "Let's go and have a look."

Chapter 120

Fiona and Joanne hurried over to the pink Porsche.

The closer they got, the more surprised Fiona's expression became, because that person was too similar to Jason. Although it was only a side profile, he was chatting and smoking with a tall and strong man.

"Jason Smith?" Fiona tried to shout.

The man turned around and saw that it was Fiona. He was obviously shocked and asked, "Didn't you leave?"

Jason was also very helpless. He didn't expect that Paul and him would meet Fiona when they were smoking.

Fiona's eyes rolled and stared at Jason for a while. Then she stared straight at Paul.

This car must belong to this man.

How could this Porsche belong to Jason?

That's definitely impossible!

He looked like a loser, and even riding an electric bicycle would be too good for him.

Therefore, at the first time, Fiona hooked Joanne's arm and launched a flirty attack on Paul. "Handsome guy, is this car yours?"

Paul looked at Fiona and Joanne with confusion. These two women were good-looking and in good shape.

At first, he wanted to say no, but before Paul could speak, Jason said in a hurry, "Yes."

Hearing this, Fiona smiled, but then stared at Jason and said unhappily, "Do you need to talk so much? What are you looking at? Hurry up and get back!"

Fiona was unreasonable and ungrateful, but Jason understood. He touched his nose helplessly and said, "I'll smoke a cigarette and leave in a while."

Fiona rolled her eyes at him and then pestered Paul by asking some questions, pretending to be very enthusiastic.

Paul was also confused. If Jason said that it was his car, then it was his car.

"Hey, brother Paul, do you know Jason?" Fiona and Joanne Qian, who were already holding Paul's arms, glanced curiously at Jason.

Paul smiled awkwardly and said, "Yes, I do."

Do I know him?

Fiona and Joanne Qian looked at each other in surprise.

It seemed that Jason had had a good life these past few years. The boss of the Triumphal Restaurant was his friend, and he also knew this rich brother Paul.

In this way, Fiona could not help but think highly of Jason. It seemed that this guy had hidden his strength well.

"Hey, let's go" Jason smiled and said to Paul. Then he opened the door and was about to get in.

Fiona was anxious at that moment. She took an arrow stance and dragged Jason down. With a cold face, she reproached, "Jason! What are you doing? Do you think you can get in this car?"

Joanne also put her arms around her chest and said with a shameless smile, "Haha, I think he is out of his mind. You can see clearly that this is a Porsche, not a taxi! What a bumpkin!"

Jason's face was full of confusion. Who had he provoked?

He asked, "Why can't I go?"

Fiona snorted twice and said fiercely, "Why? Don't you see your identity? Do you really think it's a big deal to get some shares in a poor delivery company? This is brother Paul's car. Are you qualified to sit in it? Besides, you have been approved by brother Paul?"

This loser, the owner of this car is still here, but he is just going inside. Is there any etiquette?

Moreover, Fiona made up her mind that tonight's Porsche's passenger seat must be hers!

She still had to take pictures and show off in her friend circle!

Jason touched his nose and looked at Paul. Paul said nothing and slapped Fiona in the face angrily!

Slap!

All the people in the parking lot heard him.

"Paul.. brother Paul, why did you hit me?" Fiona was stunned. The slap was so powerful that it turned Fiona's body several times, and her ears were buzzing.

"Shut up! You're courting death!" Paul shouted fiercely!

This time, Fiona panicked and was so scared.

She held Joanne's hand tightly and cried, "Brother Paul, why did you hit me? I'm helping you. Jason, this loser, wants to get into your car!"

Fiona was very unhappy. She had been beaten for no reason and her cheeks were now swollen.

Today, it was really a worst luck she had had in her entire life, so she should not have gone out.

Paul glared at Fiona angrily. This bitch really deserved to die!

Then, he turned around and said respectfully to Jason, "Mr. Smith, please get in the car."

Seeing this scene, Fiona and Joanne were dumbfounded!

What... what does this mean?

Isn't this Paul Reed's car?

"Brother Paul, what did you call him just now? Isn't this your car?" Fiona blinked her big eyes in disbelief.

Could there be anymore shocking news than this?

This burly man actually respected Jason very much.

Not waiting for Paul to talk, Jason said calmly, "Yes, the car is not mine, but he is my driver."

Otherwise, he might be annoyed to death by Fiona, if he didn't pretend to be a jerk.

Your driver?!

Joanne suddenly remembered that when she came here just now, Jason said that the driver had made a shortcut.

Was Jason's driver Paul, who drove a pink Porsche?

He's crazy!

Paul respectfully welcomed Jason into the car, and then glared at Fiona and Joanne, saying, "Go and find out about Black Cat Street's Paul Reed. If you dare to disrespect Mr. Smith again in the future, don't blame me for being rude!"

Fiona and Joanne just watched Jason drive away in the charming Porsche.

She was not convinced, so she snapped a photo of the license plate and said angrily, "Joanne, do you believe that it's Jason's driver?"

Joanne also looked confused and said, "I'm not sure, but I seem to remember hearing of Paul's name from my ex-boyfriend."

Fiona was very angry. She blamed Jason for the slap. She immediately sent the car license plate photo to Adam and said, "Brother Adam, I just saw Jason enter this car. You should check whose car this is."

Adam had been in a bad mood for the whole night. When he received Fiona's text message, he became even angrier.

What? Jason, that good-for-nothing, actually left the place in a Porsche 911?!

Impossible!

So, he immediately replied, "Okay wait, give me five minutes!"

Five minutes later, Adam found out that the car was actually belonged to 20-year-old.

So he immediately called Fiona and said sarcastically, "This is so funny. This car belongs to a little girl. I guess it's a rich second generation. I think Jason can't be the little girl's secret lover, can he?"

When Fiona heard this, she immediately felt that it must be true, and her heart was filled with disdain and ridicule.

How could Jason be kept as a secret lover?

It's so disgusting!

He must be having an affair!

No, I must find a chance to tell Cindy so that they will be torn apart and then she will kick Jason out!

"F**k! It turns out that he had found a white, rich, and beautiful woman. How disgusting!" Fiona cursed. Then she turned around and left with Joanne twisting her hips.

Meanwhile, Jason was dropped off at the hospital by Paul.

When he came to Angela's ward, he saw that the Angela was fiddling with Snow White and the Seven Dwarfs doll and her hair was tied with two braids, she looked really cute.

With big eyes, porcelain skin, and chubby baby face, she shouted at Jason in a childish voice, "Dad, come and play with me."

Jason hurried forward, sat on the ground, pretended to be an old witch, and made an angry face. He said, "Dad has apples here. Do you want to give them to Snow White?"

Angela rolled her eyes at Jason and said "Dad, you are so childish. I won't play with you anymore."

As she said this, Angela turned her head and stopped talking to Jason.

Jason was depressed and coaxed her for a long time before she would talk again. He

asked, "Angela, who gave this to you?"

Angela pouted her mouth and said with a smile, "It was a beautiful big sister. She asked me to call her Sister Yusra."

Yusra Su!

Jason's face instantly pulled down, and he played with Angela for a while. Then he walked out of the hospital and called Yusra.

His attitude was not very friendly. Jason said, "Yusra, thank you for sending the Snow White doll, but don't send anything again in the future. Cindy doesn't like it."

He was straightforward.

"Jason, is it because your wife doesn't like it, or because you don't like it?"

On the other end of the phone, it was Yusra's sinister voice.

Jason was still indifferent. He said, "Neither of us like it. What do you want to do? I advise you to go back to the capital city as soon as possible. I will give you an explanation for what happened between us."

"An explanation?" Yusra smiled coldly and said, "Jason, what can you give me? You even hide from your wife. Are you still a man?"

Yusra felt ridiculous.

She couldn't figure out why Jason, who was fearless and extremely arrogant in those days, had become such a coward and cautious recently.

"It's none of your business. Anyway, I warn you not to test my bottom line, let alone to attack Cindy and Angela!"

Jason warned Yusra. He knew that Yusra's character was the kind of person that would not give up until she reached her goal.

"I'm afraid I'll let you down. Guess where I am now?" Yusra chuckled.

Then, there were a few faint sounds in Jason's ears.

"Miss Su, why do you come to our company? What do you want to do?"

It was Cindy's voice!

"Yusra! What on earth do you want to do?" Jason's face turned cold. He directly ran out of the hospital and was ready to rush to Cindy's company.

"Jason, you still have ten minutes. After ten minutes, you will know what I want to do."

Yusra's cold voice came from the other end of the phone.

Then, slam!

The phone was hung up.

Back to Bi Kang Pharmacy, General Manager's office.

Yusra sat on the sofa like an arrogant queen.

In front of her stood Cindy, whose cheeks were red and the corners of her mouth were bleeding. Behind Cindy, there were two bodyguards in black suits, who were tightly holding Cindy's arms.

As for the wound on Cindy's face, there was no need to guess who had caused it.

Chapter 121

Cindy glared angrily at Yusra, who was sitting in front of her.

She didn't expect that this woman would be so unreasonable.

With her men, she broke into Cindy's office and made her bodyguards secure Cindy's hands.

Two bodyguards also stood at the door of the office and blocked it.

At the door, a lot of the company's employees were gathered around, and at that moment, they were also watching with their hearts in a panic.

They had seen it with their own eyes just now. The woman in the vice president's office was so cruel that she had slapped Manager Jiang six times!

Even James Huang, the CEO, had been stopped at the door at that moment. He couldn't get in at all.

It was not that James didn't want to go in, but that he couldn't afford to provoke the woman

in the General Manager's office one bit.

Six hundred million!

Yusra had taken out six hundred million dollars to buy his company!

James was now the temporary CEO. Yusra was the real boss of the company!

Yusra looked indifferently at the Patek Philippe crystal watch on her wrist and said softly, "There are only ten minutes left. Jason should be here soon."

Jason?

Cindy was stunned and said in a low voice, "Miss Su, why did you ask Jason to come over? If you want to make trouble, please find me instead and don't make Jason come over!"

Cindy was in panic. If Jason saw her current state, she was very worried that Jason would do something excessive.

Because the incident involving Irene Liu's last time was just a precedent.

Moreover, in Cindy's eyes, Jason's family background was definitely not as good as Yusra's. If Jason really did something to Yusra, the consequences would be unimaginable.

However, Yusra smiled coldly and said, "It's Jason's fault. It's reasonable for me to teach you a lesson. Jason must see it and he must know it. If he can't give me an explanation, I don't mind making you disappear from this world!"

Disappear from the world?

Cindy was stunned and scared. How terrible Yusra's tone was!

What was she trying to do?

Yusra could see that Cindy was very flustered at that moment, so she added coldly, "Cindy, if you don't want anything happen to your daughter, I advise you to divorce Jason as soon as possible. I don't want to see something bad happen."

A threat!

A naked threat!

At that moment, Yusra's whole body was full of cold momentum, aggression, especially her eyes, which were horrible and frightening!

However, Cindy Jiang would not admit defeat like this, especially for the sake of Angela!

"Yusra, I warn you, don't touch my daughter, otherwise, I'll fight you to the death!"

At this moment, Cindy changed her fearful

and dispirited posture. She suddenly became very strong and struggled desperately.

However, the two bodyguards in black suits behind her were tightly holding Cindy's arms, which made her feel painful all over!

"What did you say? Are you threatening me?" Yusra smiled, and her face was full of coldness. Her momentum suddenly became scary, which would give anyone infinite pressure, especially the power that came out of her big family, and she vented it out at once.

In the face of Yusra at this time, Cindy was undoubtedly like hitting a brick wall with an egg.

With just a glance from Yusra, Cindy's imposing manner was quickly defeated.

In the entire vice president's office, the atmosphere suddenly became extremely tense!

Even the onlookers in the company hall couldn't help but tremble at that moment.

"Yusra, what on Earth do you want to do?" Cindy asked nervously, holding back the fear in her heart.

Yusra looked at Cindy silently, stood up, walked to her, and slapped her. Her eyes were

full of disdain, and she said, "You are not qualified to ask me."

Upon hearing this, Cindy instantly felt her whole body explode with anger.

Yusra was too strong and horrible. She gnashed her teeth and said, "Yusra, I advise you to leave quickly. Jason will definitely not let you go!"

At that time, Cindy could only think of Jason.

Yusra sneered and said, "Cindy, you think too highly of yourself. Maybe you don't know that you are just a dispensable object in Jason's eyes. You don't even know what Jason is doing today. What qualifications do you have to talk to me in such a tone?"

"I don't care what Jason did. I only know that he is my husband!" Cindy replied fearlessly.

Slap!

Another slap!

Yusra slapped her hard, and her eyes were scary.

Cindy's cheeks were red, and blood oozed from the corner of her mouth.

"If you have the ability, you can beat me to death now!" Cindy was indeed a fierce woman. At this time, she was not a coward at

all.

If she had been afraid of Yusra just now, Cindy was now undoubtedly better than Yusra with her momentum.

Yusra was angry!

Cindy was really an unscrupulous b*tch in her eyes who didn't know the immensity of heaven and Earth. Did she really think that she dared not do anything to her?

"It seems that if I don't teach you a lesson, you won't know who Yusra is!" Yusra said coldly, her eyes indicating to the two bodyguards.

The two bodyguards immediately clasped Cindy's hands, pressed her head on the ground, and then kicked hard on Cindy's calf!

Cindy screamed in pain. She fell to her knees with a thud.

The two bodyguards pressed hard on Cindy's stubborn head and shouted, "Apologize to Miss!"

Yusra looked down at Cindy with a sneer and said, "Cindy, aren't you very honest? What are you doing now? Begging me? Tell me. As long as you ask, I will let you go."

Cindy struggled angrily with unwillingness on

her face, but the two bodyguards were so strong that she couldn't get rid of them.

Cindy raised her head stubbornly and stared at Yusra angrily. She spat out a mouthful of blood and said with a smile, "I won't beg for mercy from you even if I die! Yusra, do you have such little ability?"

Hearing this, Yusra flew into a rage immediately. With a ferocious expression, she directly raised her hand and threw it towards Cindy angrily!

Suddenly!

A furious shout came from the door!

"Stop!"

Jason ran into the company and saw what was happening in the office at a glance, which made his eyes wide open!

Damn it, Yusra, you're courting death!

You're courting death!!!

Yusra looked back and touched Jason's blood-red eyes. But she didn't stop. Instead, she waved it away with a sneer on her face.

In an instant, a surge of anger completely burned in Jason!

At the door, two bodyguards stopped Jason

quickly.

However, Jason directly kicked them one by one and sent them flying to the ground!

At this moment, Jason did not hide anything at all!

Back then, he had learned some martial arts from Zayne Xiao, and finally he had a chance to use it!

'Yusra Su! You're courting death!'

Jason roared and stood at the door. He clenched his fists and contracted his pupils. His anger made him completely lose his mind.

Especially when he saw the obvious wound on Cindy's face, she knelt on the ground in front of so many people.

Bang!

Another punch and kick!

The two bodyguards who were holding Cindy were also knocked down by Jason and fell to the ground. They were twitching all over and didn't know whether they were alive or dead.

Jason helped Cindy up. His eyes were red and he took a deep breath. Then he turned around and stared at Yusra with his eyes fixed on her.

How dare she beat Cindy!

How dare Yusra ask Cindy to get down on her knees!

Yusra had crossed his bottom line!

'Jason, I didn't expect that I would see what you used to be like today. Shouldn't you thank me? I let you release your nature.' Yusra was not worried that Jason would beat her, so she still said this proudly.

The corners of Jason's mouth curled into a sneer, and his face was extremely cold. He said in a voice as cold as the Nine Serenities Devil King, 'Yusra, you asked for it!'

Slap!

Jason raised his hand and slapped her in anger!

Yusra had been slapped hard and fell back onto the sofa. She covered her face with her hands and her eyes were full of disbelief. She shouted hysterically, 'Jason, how dare you hit me?!'

'Why not?' Jason said angrily, 'Yusra, I've warned you again and again, don't mess with me, let alone Cindy. Why won't you listen?'

At this time, all the staff of the company were shocked by Jason's aggressiveness!

Was he still Cindy's useless husband?

Is he... is he really fierce?

At that moment, Cindy stood behind Jason. For the first time, she felt that Jason was a complete stranger to her, as if he was another person.

In particular, Jason's current momentum was really terrible, which was a hundred times more terrible than Yusra's!

Yusra stood up from the sofa and said angrily, 'Jason, you will regret for hitting me today!'

Jason smiled coldly and said, 'Yusra, don't try to challenge me. Your Su family is nothing in my eyes! Don't forget who brought your family back to that position!'

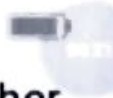

Split!

Like a muffled thunder, it exploded in Yusra's heart.

Yes, the reason why the Su family could return to the top of the wealthy families in the capital city was because of Jason.

Yusra had been used to being a daughter of a wealthy family in the past few years. She had forgotten how the Su family had signed a covenant with Jason.

At the thought of this, Yusra Su's momentum

suddenly fell to the ground as she fell further back on the sofa.

Seeing that Jason still wanted to say something, Cindy hurriedly stopped him and shook her head, saying, 'Jason, all right, I'm fine.'

Cindy didn't understand the meaning of Jason and Yusra's conversation. She just didn't want Jason to offend Yusra because of her.

Because Cindy knew that Yusra's family was definitely rich and powerful.

Could Jason afford to offend her?

Jason looked at Cindy and his cold eyes became gentle. He said, 'Okay.'

After saying that, he ignored Yusra and left with Cindy.

Behind him was Yusra's hysterical roar. 'Jason, you will regret it! Of course!' Leaving Bi Kang, Jason took Cindy to the hospital and checked her injury.

After taking some medicine and sitting in the rest area, Cindy hesitated for a while before suddenly asking, 'Jason, are you hiding something from me?'

Chapter 122

Jason knew that he had been too aggressive and cold when he was at Bi Kang Pharmacy just now.

There was nothing wrong with Cindy's suspicion.

The problem now was how he would explain it to Cindy.

Tell her his true identity?

That was impossible.

Juliette was already in Shang Jiang City, and Jason still didn't know what her plan was.

It was impossible for her to have come to Shang Jiang City for no reason. She definitely had her own purpose.

The agreement he had made with that woman was too vague.

If it was not for the purpose to abide by the law and to protect the person he wanted to protect, Jason had already moved mountains!

'Cindy, do you really want to know?' Jason frowned and asked.

Cindy hesitated for a while, nodded, and said, 'I want to know your past. I have felt recently that you are different from the Jason I know. Have you been like that before?'

Jason hurriedly shook his head and lied, 'No, no, no, no.'

If Cindy knew the absurd and arrogant things Jason had done before, she would probably go crazy.

After a moment of silence, preparing his words. Jason said, 'Yusra and I are aristocratic families. We had previously made an engagement, but I have always treated her as my sister. So, on the day of the engagement, I had a big fight with my father, and then I left home. I didn't expect that Yusra would hate me for seven years. Do all you women hold grudges like this?'

Jason's words were half true and half false.

After hearing this, Cindy agreed with Jason's explanation and said, 'That's an engagement banquet. You just left without saying goodbye. And you didn't even explain it. If I were her, I would also have hated you for seven years and would even want to kill you.'

At this time, Cindy suddenly felt sorry for Yusra. She was also a poor woman.

She didn't expect that her husband used to be such a jerk.

'By the way, Jason, when will you take me to see your parents? Since your parents arranged this marriage for you, are they particularly in love with Yusra? If they know about me and Angela, will they deny us?'

Cindy couldn't help but become nervous, and her voice became lower and lower.

She was really worried that Jason's parents would not approve of her.

Even they don't want me, they will have to claim Angela.

That was their granddaughter.

Jason narrowed his eyes and saw the expression on Cindy's face change. He suddenly laughed and said, 'Don't think about it. Don't worry. You are my wife and Angela is my daughter. They will love you. If they really don't approve our relationship, then just don't keep in touch with them. Anyway, as long as the three of us are together, we will be very happy.'

This was Jason's simple needs.

It was also the same seven years ago when he escaped from home, trying to find simple happiness.

Cindy rolled her eyes at him and said, 'It's easy for you to think about it. I hope that Angela can have better living conditions. Even if your parents-in-law don't like me, as long as they like Angela, it will be fine.'

This was a mother's deepest love.

Jason patted Cindy on the shoulder and held her in his arms, saying, 'It's okay. I'm here for you.'

In this way, Cindy slowly leaned against Jason's shoulder, fantasizing about the reunion between the family and Jason's parents in the future.

No, she had to get ready as soon as possible.

She had to work hard in her job as well. At least she had one thing which could be approved by Jason's parents.

In order to run the North Pole Starry Sky Restaurant, Jason's family had to be very rich. His parents must pay special attention to his daughter-in-law's family education, upbringing, status.

No wonder Yusra had become Jason's fiancée.

She was indeed excellent. Her family background was superior, she was beautiful, and very strong. She was really suitable to be

Jason's wife. In the future, she would manage the family or the restaurant for him.

At the thought of this, Cindy couldn't help but feel inferior again and began to feel depressed.

Jason did not notice and said happily, 'By the way, Cindy, do you have time tomorrow night? I'll go to your company and wait for you.'

Cindy was stunned. Looking at Jason who was mysterious, she asked puzzledly, 'Yes, what's wrong? What are you going to do?'

Jason smiled slyly and said, 'Hehe it's a secret. You'll know when the time comes.'

The two of them joked for a while and then went back to the hospital to accompany Angela.

Three days afterwards, would be Angela's operation.

Professor Tang was ready. Over the past few days, he had come every day to visit Angela to do checkups her body. He also constantly perfected the operation plan and the recovery process of the later stage.

Surprisingly, in the evening, Amanda called Jason back with a deadly series of phone calls.

As soon as he entered the door, Jason felt that the room was full of a chill!

Amanda, who was sitting on the sofa, was obviously angry. She was very angry.

'Mom, what's wrong? Who has made you angry?' Jason asked cautiously.

Amanda picked up the mop that she had prepared, came up and hit Jason with it a few times. She said fiercely, 'You're a good-for-nothing! What a wastrel! Look at what you've done. Why did you want to give the Emperor Qianlong's ring as present. Do you know how much that thing is worth?!

Jason couldn't fight with Amanda, so he could only be beaten.

After a few blows, Amanda also felt tired. She pointed at Jason with her hands on her waist and spat, 'You must really hate me! How can our family have such a good-for-nothing son-in-law like you?! You are such a jerk!'

Of course, Amanda was very angry. A hundred million dollars treasure had been given out by Jason in such a mix up!

Of course, she didn't want to come back. After being scolded by her father in the Yang Family, she had been asked to go back to the city.

Along the way, she had been humiliated and mocked by her second sister, Jasephine.

As soon as they got home, Amanda was in a bad mood and immediately called Jason to come back.

She was going to vent her anger.

Jason finally understood what she meant. The Yang Family knew the price of the jade thumb ring.

What should I do now?

They won't doubt my identity, will they?

'Mom, what's going on? What do you mean by one hundred million dollars?' Jason pretended to be innocent and asked.

Seeing him like this, Amanda was even angrier and cursed, 'You are a loser! You don't know anything! Get out, immediately, I'm so angry when I look at you!'

Alright, let's go.

Jason's mother-in-law was angry, so he didn't want to stay here to listen to anything else. He turned around and was about to leave.

However, after a few steps, Amanda suddenly shouted arrogantly, 'Wait, come back!'

'Mom, is there anything else?' Jason asked.

Amanda thought for a moment and asked, 'You... Did your jade thumb ring really come from the antique market?'

Amanda still didn't believe it.

'Well, when I bought that painting for dad last time, I bought the ring as well. What's wrong? Is it very valuable?' Jason pretended to be very excited.

'Nonsense! You b*stard! It's more than just valuable. Master Feng checked it and it's worth one hundred million dollars! One hundred million dollars! You're such a wastrel!'

Amanda's heart ached again. She fell down on the sofa, crying and rolling.

After a while, Amanda stood up and couldn't wait to take Jason's hand. She said, 'Let's go. Take me to the antique market. Let's buy some more.'

Jason was stunned for a moment, and then he understood what Amanda meant.

Did she regard him as a having a keen eye?

'Mom, I just bought it blindly.' Jason said helplessly.

Did his mother-in-law really love money so much?

Amanda didn't listen to him at that moment, and her mind was filled with a hundred million yuan. She said discontentedly, 'Are you coming or not? If you don't want to go, get out of my house! I'll ask Cindy to divorce you!'

What was with Jason? Didn't he obey her anymore?

He turned out to be a rebel!

When Jason saw Amanda's sharp-tongued look, he had no way but to nod and said, 'Okay, I'll go. But I don't have money at the moment.'

Hearing about money, Amanda shrank back, stared at Jason with vigilance and asked, 'How much do you want?'

Jason thought for a moment and said casually, 'Two or three thousand.'

'So much? You wouldn't lie to me, would you?' Amanda shouted. Obviously, two or three thousand dollars was as easy as cutting her flesh.

Jason said that he really needed that much money.

Amanda gritted her teeth and made up her mind. She ran back to the bedroom and took out a few thousand dollars with her. Then she urged Jason to leave quickly and run into

good luck

As soon as he left, Jason made an excuse to buy something and then dialed Simon's number.

At the other end of the phone, Simon Feng's voice was immediately respectfully heard. 'Hello, Mr. Smith. What can I do for you?'

Jason didn't hesitate and said directly, 'Are you familiar with the antique market?'

'Yes, I have a lot of friends there. Why, Mr. Smith, do you need to buy some old things? If you need anything, just tell me, and I give it to you for free.' Simon flattered.

'No, nothing ...'

Following which, Jason gave Simon a clear explanation of the matter. Simon said that he was half responsible for this matter, and he should not have so easily revealed the price of the jade thumb ring.

Jason did not blame him, but said, 'Well, we'll meet in the antique market. You can take us to buy one thing. Make my mother-in-law happy. And as for the money, I'll give it to you later.'

Simon did not dare to accept Jason's money. He said, 'Mr. Smith, it's very kind of you. Just take it as a small gift from me to aunt. Then

we will meet at the antique market's north gate.'

'Okay.'

After that, Jason hung up the phone. Behind him came Amanda's discontented urging voice, 'Jason, what are you busy with? Hurry up! You are really a loser. It's a waste of time to ask you to do something.'

Jason felt very helpless. He replied and then took Amanda to the antique market.

As a result, as soon as they arrived at the antique market and met Simon, the two of them greeted each other a few words, and Amanda began to dislike Jason even more.

'That's enough, Jason. You go back now. I'll be escorted by Master Feng.'

Amanda's eyes were now fixed on Simon, and she was extremely excited. 'You're a master, and you definitely have better eyes than Jason right?'

Jason was very helpless. He looked at Simon and politely asked, 'Then I'll have to trouble you, Master Feng.'

Simon smiled and waved his hand, saying, 'It's okay. I'll just take it as I'm taking Sister Yang in to explore.'

Simon was seven or eight years younger than Amanda.

Seeing Amanda follow Simon into the antique market, Jason's right eyelid began to jump. He felt that something bad would happen, so he did not rush to leave, but smoked a cigarette at the door and waited for a while.

Sure enough, in less than ten minutes, he received a phone call from Amanda.

On the end of the line, there was a very fierce noise.

'Jason, come here quickly! These crazy poor guys said that I broke their blue- and- white porcelain and asked me to pay thirty million!'

Amanda said fiercely, and at the same time, she quarreled fiercely with the shop owner.

Chapter 123

Thirty million?

Jason felt so helpless.

He had a hunch that something bad would happen. He didn't expect that Amanda would make such a big trouble.

'Okay, mom, I'll be right there. Wait a minute.' After Jason finished speaking, he hung up the phone quickly and went straight to the scene.

At the scene, it was a century-old store. There were already a lot of people gathered at the door. Some of them were selling old things, some were just watching the fun, there were many people.

There was a lot of quarrelling coming from the store. Just at the door, Jason heard Amanda's shouting.

As soon as he entered the door, he saw Amanda accusing the owner of cheating the guests and selling fake goods to cheat their money. 'I won't pay! Why should I pay for it? What kind of cheap blue-and-white porcelain? It must be fake. You just want to bully me, an

incomprehensible woman. I'll call the police to arrest you. You are blackmailing me!

Amanda was mad with anger now. Wasn't it just a porcelain vase? How dare he ask her to pay thirty million dollars for it!

He must be bullying her because she didn't know anything about antiques. He just wanted to con her.

However, Amanda also felt guilty in her heart. The store was here, and behind the owner stood two burly tattooed men.

If Simon hadn't stopped her, Amanda wouldn't have been able to get any benefits.

'Mom, what's going on?' Jason squeezed in from the crowd and asked with a puzzled face.

Amanda glared at Jason angrily. She thought he came too slowly, which made her so embarrassed. She scolded, 'Why did you come so late? Forget it, it's this little vase. I accidentally broke it. They asked me to pay thirty million. I don't care about this matter. You stay here and solve it, I think it's worth only a few hundred dollar. I have to go back and make lunch for your father.'

After that, Amanda turned her head and was about to run away.

If she didn't run now, how long would she have to stay?

Jason looked down at the broken porcelain bottle on the ground, then looked up at Simon and asked, 'Master Feng, is this true?'

Simon also nodded helplessly. 'It's really blue-and-white porcelain. The owner is my friend. The goods are really worth thirty million dollar.'

Simon was also very sad. This was a treasure of someone else's shop, and the owner was his friend.

Amanda was just picking an item. Unexpectedly, Amanda looked around touched everything as soon as she entered the door, and broke a blue- and- white porcelain.

The owner saw that Jason was a reasonable person. He held a purple clay teapot and drank tea. He said, 'Little brother, this is authentic blue-and-white porcelain from the prime years of China. I won't bully you. Thirty million dollar, you can leave after paying the money. Otherwise, I will call the police. This is the treasure of our shop. Your mother just broke it.'

Jason also sighed. The price was a little high.

But who knew that, when Amanda heard this, she immediately screamed, 'Bullsh*t! What are you talking about? I think it's fake. Your shop is blackmailing me! I've seen too many fakes like you. You are really poor!'

Hearing this, the owner's face darkened.

She said that he sold counterfeit goods in his store?

He couldn't bear it!

In the business world, especially in the antique market, there were many things that needed to be done according to the rules.

Who could bear to be scolded by such a shrew?

'Madam, please have a look. This is a one-hundred-year-old shop! It's the most trustworthy place. There has never been a fake sold here. If you slander my reputation like this, it's just not only about the compensation of money.'

The owner was very angry. He put down the clay teapot, picked up his phone, and said, 'Let's not talk about it today. I'll call the police and hand it over to them.'

When she heard that he was going to call the police, Amanda became anxious and panicked. Knowing that she could no longer

stay in this place, she hurriedly said to Jason, 'Jason, you deal with this. I will... go back first. If you get into trouble, you solve it yourself.'

An escape plan!

This was what Amanda was thinking now.

But, could she leave?

Amanda was quickly blocked by two burly men at the door. Their fierce appearance and strong muscles scared Amanda until she fell down and sat on the ground on the spot and cried loudly, 'Look, they hit me, they hit me! This is an evil shop, which is used to cheat people and con the guests. It was only a fake vase and he told me that it was blue and white porcelain, and wants me to pay thirty million dollar!'

What else could she do?

Of course, it was a cry, a mess, and drama.

Amanda used this tactic everytime.

But she forgot one thing. This was not her home, how could people allow her to do whatever she wanted?

A strong man grabbed Amanda's collar and dragged her into the room like a dead dog.

'Let me go! Let me go! Or someone is going to

die!

Amanda struggled desperately and shouted. When she saw Jason standing aside and not helping, she immediately swore, 'Jason, why are you standing there? Beat them! Are you just going to watch me being beaten like this?'

She was brutal, rude, and mischievous.

This was Amanda's self-cultivation as a mischievous woman.

Jason shook his head helplessly and asked, 'Mom, did they hit you? You broke their things, why can't you apologize? It's enough for us to apologize and pay the money. Why do you want to make a scene?'

Pay for it?

Of course, Amanda was not willing to do so!

Thirty million? That's right!

'Are you crazy? Why do you want to compensate it? It's fake! It's fake!' Amanda was really shameless when she went crazy.

Slap!

The owner couldn't bear it any longer and looked directly at Amanda. He slap Amanda Yang in the face.

In an instant, Amanda, who was fierce, calmed down. Her eyes were full of anger and she stared at Jason.

She didn't dare to be fierce with the owner, so she went up to scratch Jason and scolded, 'Why do I have such a useless son-in-law like you? I have been beaten by him, but you still stand there and watch! You are a loser! I will make Cindy divorce you!'

Jason was very helpless, but he was too lazy to argue with her. He turned to the owner and said, 'Sorry, we'll pay for it. Why don't we talk inside?'

The owner took a look at Simon, then nodded and said, 'Okay, you are one of the best.'

After that, they went into the room.

Amanda was still complaining outside, 'Jason if you want to compensate, you can do it yourself. This has nothing to do with me, not with our family!'

However, when her eyes met the cold eyes of the two strong men, she was scared like a little mouse. She shrank her head and stood in the corner, staring at them fiercely and murmuring.

Meanwhile, Jason followed the owner into a room.

'Mr. Smith, I'm sorry. It's all my fault. I'm responsible for this matter.'

As soon as he entered the room, Simon said to Jason apologetically.

This scene really scared the owner of the shop just now. He asked with puzzlement, 'Master Feng, what are you doing?'

What the f*ck!

What had happened to Simon? How could he be so respectful to the young man?

Simon smiled and said, 'Old Yu, this is Mr. Smith, whom I mentioned before.'

Thud!

The owner was shocked and immediately invited Jason to the seat respectfully.

It turned out that he was the top rich second generation who had invested two billion dollars to Simon!

For such a rich man, a piece of blue-and-white porcelain was nothing.

'Well, Mr. Smith, I'm really sorry. I didn't know your identity before. How about this, you don't have to pay for the blue-and-white porcelain. Just treat it as a little token of my kindness to Mr. Smith.' The owner said with a flattering smile.

Jason waved his hand and said, 'No, fair and square. Thirty million is thirty million. I'm not short of money. Give me your account number later, and I'll ask someone to send the money to you.'

The owner looked at Simon and saw him nod, so he did not refuse.

After talking for less than five minutes, Jason came out of the room with them one after another.

Seeing Jason come out in a good condition, Amanda was very surprised and asked, 'Are you all right?'

'What's the matter?' Jason asked back.

The owner of the shop politely said, 'You are welcome in my shop any time, Mr. Smith. I'll send you off.'

Jason shook his head and said, 'No need.'

After that, they left.

On their way home, Amanda stared at Jason as if she had seen a ghost. It took her a lot of effort to seize the opportunity and asked, 'Jason, stop! Tell me honestly, did you hide your private money behind Cindy's back?'

Private money?

Jason shook his head and said with a faint

smile, 'Mom, what are you talking about?'

Amanda chuckled and said, 'What do you want me to say? The boss just said that he wanted us to pay thirty million. If you didn't pay, how did he let you leave?'

Jason must have hidden his private money. It was estimated that he had compensated a lot.

But it couldn't be as much as thirty million dollars.

Amanda felt that the blue-and-white porcelain was fake, deceptive, and cheating.

Jason explained casually, 'Mom, that was fake blue-and-white porcelain. As long as Master Feng is here, the owner won't pursue it anymore. I paid one hundred thousand dollars for it.'

That was the only thing he could say now.

'One hundred thousand dollars.'

Amanda's voice was high. When she heard one hundred thousand dollars, she suddenly felt nervous and cursed, 'You are such a prodigal! Where did you get one hundred thousand yuan? You even said that you didn't hide your private money. Tell me, where did you get the money? Are you lying to Cindy and have a mistress?'

Jason must have done something sneaky!

Amanda had to ask about this one hundred thousand dollars.

Jason's face was helpless and he was very annoyed.

Amanda was too brash.

'Mom, it's nothing. Don't think too much.' Jason said. Then he took a taxi and brought Amanda back.

However, at this moment, a beautiful figure, with a cold fragrance, went straight to Jason.

She slapped Jason hard on the face in front of Amanda!

Yusra's face was cold and she was wearing a long dress, which perfectly outlined her figure. But now, she only hated Jason.

'What are you doing?!' Jason was scared. This woman must be crazy.

'Jason, you said that you didn't do anything bad. Who is this little bitch?'

Amanda was so angry that she stared at Yusra with hatred in her eyes.

This woman was coquettish. One could tell at a glance that she was a mistress!

This was Amanda's first impression of Yusra.

However, a fantastic thing happened in a second.

'Are you Jason's mother-in-law?' Yusra stared at Amanda with a cold face and a pair of cold eyes.

Amanda felt scared when she was stared at by Yusra. She said guiltily, 'Yes... I am. What's wrong? Who are you?'

Slap!

Yusra raised her hand and slapped Amanda on the face. She said coldly, 'Remember, you are not qualified to ask me who I am!'

Chapter 124

Slap!

This slap stunned Amanda, who had always been arrogant and unruly.

Amanda now was as timid as a dog. She hid behind Jason, covered her face, gnashed her teeth and said, 'Who... who are you? Why did you hit me? My son-in-law is here!'

What could she do? Now Jason was the only one she could rely on.

'I have been researching for a long time. Jason's mother-in-law is rude, unreasonable, and arrogant. Today, I see that she really lives up to her reputation,' Yusra said with a cold smile.

In her eyes, Amanda was just an ordinary old woman. She didn't even need to do it herself. Such a person would naturally be punished by others eventually.

Hearing this, Amanda was very angry. She knew that she was unreasonable. Amanda was proud of this and took a lot of advantages.

But now, it being said by a stranger right in front of her, she was embarrassed.

'Even so, you can't just beat me like this.'

Amanda had lost her arrogance and a look of being obsequious and fear.

She was like a totally different person now. The one who had always been sharp-tongued when she was against Jason.

It turned out that she was also a character who bullied the weak and feared the strong.

Yusra glanced coldly at Amanda and ignored her. Then she stared at Jason and said, 'Jason, the slap just now was meant for you. You owe me more than you can pay in your life!'

Jason was very helpless. He felt guilty for Yusra.

However, he would not allow Yusra to do anything that would hurt Cindy and Angela.

'Yusra, I warn you, don't try to cross my line. You should know who I am.' Jason's face darkened and his eyes were solemn.

However, Yusra smiled coldly and stared at Amanda. She said, 'Remember, my name is Yusra. I advise you to be a good person in the future and not do anything to make things

difficult for Jason. Otherwise, I will not forget it!

After saying that, Yusra turned around silently and got in the black Mercedes and drove away.

After she left, Amanda felt relieved and breathed a heavy sigh of relief.

Slap!

Before Jason could understand what was going on, Amanda had slapped him, pointed at his nose and scolded, 'What are you glaring at? What were you doing just now? I was bullied by her. Are you dead? Don't you dare to say a word? How can I have such a good-for-nothing son-in-law like you? I'm so pissed off!'

Amanda was very angry, so her attitude was naturally very bad.

No one had ever dared to teach her a lesson like this.

What a shame!

Anger!

After scolding Jason, she turned back and stared at the direction in which Yusra had left. She arrogantly cursed, 'Is it really so great to have so much money and drive that silly car?'

When I also have this car in the future, I will definitely beat you to death, little coquette!

Amanda was this kind of person. She didn't dare to condemn people in front of others. Only when she left did she dare to be arrogant again.

Jason's face darkened. Amanda slapped him in vain, but he couldn't do anything to Amanda.

'Mom, do you know who she is?' Jason said coldly.

'What? Who else could she be? Bah, she's just a little vixen! I'm telling you this. I'm not done with you. You have to explain to me clearly what the relationship is between you and that little vixen? Tonight, you and Cindy will come back together and explain to your dad and me face to face!'

Rubbing her swollen face, Amanda's heart was full of resentment and her expression was sinister.

Jason was really amazing. He was having an affair without Cindy knowing.

Now, the little vixen had come to find him!

Jason shook his head helplessly and smiled bitterly. This Amanda had a great imagination.

If he told her that Yusra was the Miss Su who had given her a gift, how would she react?

Would she still be as outspoken as she is now?

I don't think so.

Therefore, Jason was too lazy to say anything. There were some things that could be done.

For people like Amanda, she needed to be taught a lesson.

After parting with Amanda, Jason went directly to the company to monitor. Otherwise, as a boss, it was not good not to monitor, since he was not in the company all the time.

It was not until late at night that Jason received a phone call from Cindy, saying that her parents had asked them to go home.

There was no need to guess. It must be about the thing that had happened earlier that evening. Amanda was going to question him.

Helpless.

Jason was in Ashley's car and returned to the old house. He happened to meet Cindy at the gate of the courtyard. The three of them greeted each other.

If he told her that Yusra was the Miss Su who had given her a gift, how would she react?

Would she still be as outspoken as she is now?

I don't think so.

After parting with Amanda, Jason went directly to the company to monitor. Otherwise, as a boss, it was not good not to monitor, since he was not in the company all the time.

It was not until late at night that Jason received a phone call from Cindy, saying that her parents had asked them to go home.

There was no need to guess. It must be about the thing that had happened earlier that evening. Amanda was going to question him.

Helpless.

Jason was in Ashley's car and returned to the old house. He happened to meet Cindy at the gate of the courtyard. The three of them greeted each other.

'Sister Ashley Su, come to my house if you have time.' Cindy waved to Ashley with a smile.

Ashley also politely replied a few words and drove away.

After Ashley had driven away, Cindy looked jealous. She crossed her arms around her chest and stared at Jason coldly. She asked, 'Was it comfortable to be in Sister Ashley's car?'

'It was quite comfortable.' Jason didn't care about Cindy's expression at all and blurted this out.

Thump!

Cindy went up and kicked Jason's leg. She pulled his ear and said sternly, 'Well, Jason, you went wild after I didn't check on you a few days, right? Are you comfortable?'

After a pause, Jason realized that Cindy was jealous.

He grinned, smiled like an idiot, and said, 'I don't feel comfortable.'

Cindy rolled her eyes at him and then gave up.

When they arrived at the door of the house, Cindy did not go in immediately. Instead, she

looked at Jason with some worries and said, 'Jason, I always feel that when my mother calls us back, it's never a good thing. If she is scolding you or hitting you later, you... you can fight back.'

Cindy was also very helpless concerning her own mother's unreasonable behavior. In the past, no matter how Amanda beat and scolded Jason, Cindy turned a blind eye because Jason and her had almost got divorced at that time.

But now it was different. Cindy felt that there was a long-lost love between her and Jason.

Jason was stunned. He shook his head and said, 'It's okay. Your mother is my mother. She scolded me a few times and beat me, and I won't lose my cool.'

Cindy looked at Jason. In the night, there was a different look in her eyes.

All of a sudden.

She tiptoed, kissed Jason's mouth, and soon separated.

'Don't think too much about it. It's a reward for you in advance.' Cindy blushed, then quickly stepped into the yard and knocked on the door.

Amanda looked angry and asked Jason in a questioning tone, 'Jason, I, your dad, and Cindy are all here today. To be honest, who is that little fox we saw during the day? Is it the mistress you keep outside?'

Mistress?

All of a sudden, there was dead silence in the room.

Cindy's reaction was the most extreme, and she stared at Jason in disbelief.

Was he having an affair?

It was not until now that Charles knew what Amanda was going to do. At that time, he got up angrily, pointed at Jason in anger, and shouted, 'Jason, do you have a mistress elsewhere?!'

This good-for-nothing son-in-law dared to do such a heartless thing!

If the neighbors knew this, what would happen to Charles's reputation?

What should he do with his daughter, Cindy?

Jason knew that it would be like this. He explained, 'Mom, you misunderstood, that's not it.'

Amanda did not give up and asked angrily, 'Then today, in front of everyone, tell us who

the woman is and how she knows you. She said that you couldn't pay off what you owe her for the rest of your life?'

Jason looked at Cindy helplessly and then asked Amanda, 'Mom, do you really want to know?'

'Nonsense! Tell me quickly. If you can't tell me why, you should divorce Cindy as soon as possible and get out of here'

Amanda stared at Jason with sinister eyes and said coldly.

This guy, if he had the money to compensate for the broken bottles, he must have hidden his private money!

If he didn't take out all his money, Amanda wouldn't let Jason go just like that.

Jason thought for a moment and then said calmly, 'She is the Miss Su who sent you the things.'

Hey!

Amanda's words were stuck in her throat. What Miss Su?

Impossible!

'What are you talking about?' Amanda's face was full of disbelief.

Jason didn't want to explain, so he said, 'Mom, I will return those things to her tomorrow. I can't say more about it, and you don't ask. I really have nothing to do with her.'

'What? You want me to return the things?'

On the spot, Amanda was furious. She got up and pointed at Jason's nose angrily, shouting, 'Who are you to request me to return those things? They were given to me by her.. They're my things!'

Amanda began to hurl abuse hysterically.

As a result.

After sitting for less than ten minutes, Jason had been kicked out of the Jiang family.

Helplessly, he looked at Cindy for a few times and then they took a taxi to the hospital.

They had to sleep in the hospital for the past two days.

'Jason, what are you going to do with Yusra?' Cindy, who was lying on the bed in the hospital with her back to Jason, asked with her eyes closed.

Jason put his arms around Cindy's waist and said, 'I will handle it well. You and Angela are all mine. No matter what happens, I always love you and Angela.'

Cindy moved her body, with a sweet smile on her mouth.

The next day, early in the morning, Jason found a few workers to go to Jiang family's old house.

'What are you doing? Who asked you to come? Get out!' Amanda shouted. These people began to move things as soon as they entered the door, and they were all those things that had previously been sent by Yusra.

How could Amanda not be worried?

Looking at Jason, who was smoking quietly at the door, Amanda was furious. She stepped forward and was about to slap him. She scolded, 'Jason, you're breaking the law! This is my home. Please make them stop!'

However, her palm missed its target and was caught in the air by Jason.

'Amanda, I've been patient with you for the sake of you being an elder, but don't push me too far!'

Jason said coldly and waved his hand.

Amanda was stunned. Jason had never talked to her like this before.

'Is he crazy?'

Amanda was about to explode with anger. In front of so many people, he didn't even respect her!

This was her home, and she was his mother-in-law. Jason actually dared to speak like this. What status did she have now?

'Jason, are you crazy? Are you really talking to me like this? Do you still look down on me, your mother-in-law?' Amanda stared at Jason angrily.

However, Jason ignored Amanda and picked up the phone and left.

It was from Bruce. He said that Monkey, who was from the Yang Family Village, had just come to see him.

'Mr.... Mr. Smith, I'm Monkey. I have something urgent to tell you.' Monkey was obviously very nervous on the phone.

'Tell me, what's the matter?' Jason said calmly.

'Mr. Smith, you must be careful of Travis. He took a few people to the city to find his sister-in-law.' Monkey said anxiously.

'Travis has come to the city?'

"And he's looking for Cindy?"

What was this dude trying to do?

Chapter 125

Hanging up the phone, Jason felt uneasy and called Cindy.

'Cindy, what are you doing?' Jason asked.

Cindy replied, 'I am in the company, and I'm having a lot of trouble. The contract with Tang Ren hospital has not been signed yet.'

At that moment, Cindy was sitting in the office. Facing a pile of documents, she was quite annoyed.

Last time, because Yusra made a big fuss about the contract meeting, the cooperation had not been reached yet.

Later, James and the other party contacted each other. The reply from the other party was also to wait and see. They were not in a hurry.

Therefore, all of a sudden, the heavy burden fell on Cindy.

After all, she was now a General Manager, and James had also assigned her a task. Tang Ren had to cooperate with the branches of Shang Jiang City.

However, he did not know that it was all caused by Yusra who had made things difficult for him.

Now the big boss of Bi Kang was Yusra, and the reason why Tang Ren's cooperation did not succeed was that Yusra was relying on the power of the Su family in the capital city to put pressure on him.

To put it bluntly, Yusra was making trouble for Cindy.

Women were indeed magical, but yet terrible beings.

Hearing this, Jason immediately replied, 'Okay, I know.'

After hanging up the phone, he called Hermin Tang in person. 'Professor Tang, why haven't we discussed the cooperation with Bi Kang yet?'

Hermin replied respectfully, 'Didn't we reach an agreement? I don't know. I've already handed it over to my subordinates. Mr. Smith, don't worry. I'll call them right away.'

Jason did not say anything more.

About five minutes later, he received a call from Hermin and said, 'Mr. Smith, don't worry. I've already sent someone to talk about the cooperation with Bi Kang. I'm sure there will

be an answer soon.'

'Okay, thank you, Professor Tang.' Jason said politely.

At the same time, under the building where Bi Kang Pharmacy was located, a black Audi A8L arrived quickly. It was Tang Ren hospital's Mr. Song and he had come to Bi Kang Pharmacy in person.

'Manager Jiang, please go to the conference room. Mr. Huang is looking for you. It is said that Mr. Song has come to talk about the cooperation in person.' Mandy was very happy at that moment and ran into the vice president's office.

Cindy was worried about it a second ago, but when she heard it the next second, she asked in a hurry, 'Really? Is Mr. Song here in person?'

'Yes, please go and have a look. They will bring the paper and ask you to sign it.' Mandy was very excited.

The company had been talking about Tang Ren's cooperation for a long time. This time, the dust was finally to be settled.

In her heart, she was happy for Cindy, because Cindy took care of her like a close sister.

Cindy was also stunned for a moment before

she came to her senses. She glanced at the phone on the table.

Was it because of Jason's help?

Because not long ago, she was still on the phone with Jason.

But on second thought, Cindy denied this idea.

I don't think so.

Tang Ren's hospital's cooperation was too big.

Even if Jason and Professor Tang had a little relationship, they would not be able to talk about the cooperation.

After all, this was all related to the benefits of the enterprise and company that he represented.

Holding back the impulse to call Jason to question him, Cindy got up. She was wearing a beige shirt and a red hip-wrapped skirt. She stepped on a pair of white high heels and walked slowly to the conference room.

In the meeting room, he saw Mr. Song and shook hands with him politely and enthusiastically.

'Mr. Song, have you really thought it through?' Cindy asked.

Mr. Song raised his glasses and said with a smile, 'Manager Jiang, our investigation is over. Now we can sign the cooperation with your company.'

After that, both parties no longer dragged it on and signed it quickly.

'Congratulations, Manager Jiang. Let's have a pleasant cooperation.' Mr. Song got up and shook hands with Cindy again.

'Mr. Song, thank you for your trust in Bi Kang. We will definitely live up to your expectations.' Cindy said politely with a smile on her face.

After sending off Mr. Song and his men, Cindy staggered.

She couldn't believe that he had signed it.

It was a contract worth fifty million dollars!

'Congratulations, Manager Jiang!'

'Manager Jiang is awesome. Where are you going to treat us tonight?'

'We've finally got it. Manager Jiang, it's not too much if you treat us.'

All of a sudden, the company was in an uproar. Everyone stood up and applauded.

Some of them even took out champagne and did small salutes.

James also came out and expressed his congratulations. Then he suggested, 'Well, let's go to the Triumphal Restaurant for dinner tonight. What do you think?'

'Oh, thank you, Mr. Huang!'

The group of people raised their hands excitedly.

Cindy was also happy and forgot her date with Jason was that night.

At that moment, James's phone rang. He looked at the number and immediately ran respectfully to the side to pick it up. 'Miss Su... Miss Su, what can I do for you?'

'Did Cindy win the cooperation with Tang Ren's branch?' she asked coldly.

'Yes, Miss Su. Mr. Song personally came. He signed it.' James was so scared that his legs were shaking slightly with cold sweat on his forehead.

Yusra was so powerful.

At present, only James knew Yusra's identity as the new boss behind the scenes.

He vaguely guessed everything Yusra had done had something to do with Cindy.

What's more, it was because of Jason.

'I see.'

Slam!

The phone was hung up.

James panicked and did not understand her intention at all.

After a sigh of relief, he went back to the company. They were still fiercely discussing what they would eat at the Triumphal Restaurant later that night.

At the same time, Cindy received a call from Travis.

'Hello, cousin, where are you? I'm going to the People's Square of Shang Jiang City. Come and pick me up.'

On the phone, Travis's tone was very arrogant, as if he was giving a command to a servant.

Cindy was stunned and said in a cold tone, 'Travis? What are you doing in the city?'

Why would Travis come over?

'Cousin, of course I'm here to have fun. What's wrong? Don't tell me you don't want to entertain me?' Travis was in the square of Shang Jiang City People's Residence. He was wearing sunglasses, short sleeves and chewing gum. He looked very fashionable and unrestrained.

He was leaning on a red Mercedes-Benz sports car and playing with the car key in his hand. He looked very cool and attractive, attracting a lot of beautiful girls to stop and chat with him.

Next to them, there were also a few modified sports cars, including Mazdas, BMWs, and Mitsubishis.

Next to each car, there was a defiant boy, as well as two very fashionable beauties dressed up.

They had a dirty braids, earrings, nose rings, pairs of horse boots, pairs of hip-high shorts, and a navel-revealing shirts.

Usually, rich playboys dressed like racers.

Cindy thought for a moment and said, 'Okay, I'll pick you up later.'

Travis hung up the phone. He looked at the blue sky with a sinister sneer on his face.

Travis snapped his fingers and said with a smile, 'The show is about to begin.'

They looked at each other and nodded to show their agreement.

About fifteen minutes later, Cindy took a taxi to the People's Square alone.

There were a lot of cars parked in the big

square, but she did not see Travis.

She was about to call him and ask where he was.

Suddenly!

There was a roar of motor!

As soon as Cindy turned around, she saw a red Mercedes-Benz sports car rushing toward her at a high speed!

In the car, it was Travis, with a gloomy sneer on his face.

At that moment, Cindy was stunned. She stood in the same place and watched the red Mercedes almost crash into her, with the roar of the motor ringing in her ears.

Just as the Mercedes-Benz sports car was about one meter away from Cindy, the car drifted quickly, circled around Cindy, and then stopped on the spot with a buzz.

Travis got out of the car, pushed open the car door, put his hand on the door, took off his sunglasses, and said provocatively, 'Hey, cousin, are you scared?'

Ha ha ha!

With a burst of laughter, Travis's friends came out one after another and looked at Cindy up and down unscrupulously.

Among them, a few men also laughed shamelessly and said, 'What the f*ck, brother Bruce, your cousin looks really good. She has such a figure.'

'Hahaha, this woman is good. She's very attractive. I can't wait to see her. Brother Bruce, how about it? One hundred thousand dollars per night, okay?' Another man with dirty braids said with a lascivious smile.

Travis waved his hand and said, 'Hu Boyan, let's talk about money. You have to talk to my cousin. I have nothing to say if she wants to.'

The little man with dirty braids immediately turned his head and walked to Cindy with a smile. He reached out his hand to touch her face and said with a smile, 'Beauty, how about it? One hundred thousand dollar per night.'

This woman was very sexy, and she gave off an air of charm from both the inside and out.

Especially her figure, haughtiness, tall and straight!

And her little face was really more delicate and smoother than a pearl.

Slap!

Cindy had recovered from the fear she had felt just now. She slapped him on the face and shouted angrily, 'Didn't your mother teach

you how to speak properly? What are you trying to touch?

Chapter 126

The unexpected slap from Cindy was beyond Travis's expectation.

The little man with a dirty braids was also stunned. Suddenly, he reacted and roared, 'F*ck! You b*tch, how dare you beat me? Do you want to die?'

The little man with a dirty braids was so angry because he had never been slapped by a woman in public.

Slap!

He raised his hand and pulled it back.

The slap landed squarely on Cindy's face. In an instant, her right cheek turned red and started to swell.

'Bitch! You f**king slapped me in the face, didn't you? Let's see how I torture you to death today!'

The little man with the dirty braids was furious and stared at Cindy fiercely. He pulled her arm and pressed her against the hood of the car heavily.

'Let me go! Otherwise, I'll call the police!'

Cindy struggled to shout, but it didn't help at all.

The seven or eight people around him were all Travis's friends. At that moment, they became bystanders and they looked at this scene coldly.

They knew that Travis was going to teach this woman a lesson that day.

'Just shout! Just struggle! Little bitch, I'll let you hit me. If I don't play with you today, I wouldn't be a very good gangster!'

The little dirty- braided man cursed and sneered lewdly. He raised his chin at the crowd and was very arrogant.

At this time, Travis was leaning against the red Mercedes- Benz sports car, smoking a cigarette and looking at everything coldly. He did not moved at all.

Seeing Cindy being bullied, he felt so happy.

This woman deserved it!

'Travis, do you know what you're doing?'

Cindy was pressed tightly on the hood of the car by the little dirty braided man, and her face was angry and eyes were red.

She had never thought that her cousin would do something like this. He was simply a

beast!

At this time, Travis slowly walked over and looked down at Cindy. He scanned her from top to bottom, passing through her body to her hourglass figure, then her fair neck and her delicate face.

He sneered mercilessly and patted Cindy's cheek with his hand, saying, 'Cousin, of course I know what I am doing. What's wrong? Are you afraid? Don't you have a good husband? Come, call Jason over here. Today, if you want to leave safe and sound, Jason must kneel down and kowtow to apologize to me. Do you understand?'

Travis added, 'Cousin, we are a family. Of course, I won't make things difficult for you. As long as you call Jason over and ask him to kneel down and kowtow to me, I will let you go. Think about it, Jason is a loser and an outsider.'

After that, Travis motioned for the little dirty braided man to make his move.

After waiting for a while, the little dirty braided man swallowed his saliva and let out a lewd sneer. Then, he pinched Cindy's tender face and said, 'Bitch, if you don't listen to brother Bruce, you will suffer today.'

Cindy gritted her teeth and her eyes were full of tears. She struggled a few times angrily and shouted, 'Travis, you're going to die a terrible death!'

If she asked Jason to come over, Travis would definitely not treat him well.

Cindy couldn't do that.

Clenching her red lips angrily, Cindy closed her eyes, and the lascivious smile of the little man with a dirty braid echoed in her ears.

She was ready to accept all of this.

Even if she was insulted, Cindy would never call Jason over.

Because she knew in her heart that Travis's goal was to get Jason. If he came over, he would be miserable.

Travis raised his eyebrows, and the expression on his face quickly turned cold. Looking at Cindy's strong woman look, he was extremely unhappy.

'Take her away. You can do whatever you like with her,' Travis said coldly.

'Bitch, why are you pretending to be a fierce woman?'

F**k!

'Then I'll let someone mess with you until your death!'

Travis and the other boys looked at each other, and the latter took out a pill from his pocket. Without saying a word, Travis pinched Cindy's neck and made her swallow it!

'Cough!'

After a burst of violent coughing, Cindy's eyes turned red. She stared at Travis and others and asked, 'What did you give me?'

Travis sneered and said, 'Of course, it's a female simulant. Added with something so that you can let down your hair. Don't worry, there are many men here. They must be able to satisfy your needs. Take her away.'

Travis then waved his hand coldly.

The men grabbed Cindy who had weak legs, got on the car and took her out of the square.

At that moment, Cindy's heart was burning like a fire. She was limp all over, especially in her head, and started constantly fantasizing about that kind of thing.

The effect of this medicine was very strong.

It had been brought there from abroad by Travis. No woman could stay awake under the influence of this medicine.

In the car, the four men, at that moment, all looked at Cindy lecherously and had sexual reactions. Especially when she bit her red lips and pressed the hem of her dress, which was particularly attractive.

The fiery red face and the fragrant sweat on the forehead formed a wonderful image.

They looked at each other and smiled, licking their dry lips.

The car quickly arrived at a hotel.

After getting out of the car, they took Cindy to a room.

Meanwhile, Jason was anxiously calling Cindy, but no one answered. In the end, he switched off his phone.

Oh no, something's wrong!

This was Jason's intuition!

He immediately called Mandy. 'Mandy, where is Cindy? Why hasn't she answered her phone all this time?'

Mandy was in the company discussing what to eat later that evening with her colleagues. She replied, 'Manager Jiang went out twenty minutes ago. It seems that she went to the People's Square. By the way, she went to pick up her cousin, Travis.'

Travis?!

Jason felt more and more uneasy. He immediately hung up the phone and dialed Bruce's number. 'Tell me where Travis is! Hurry up!'

Bruce replied respectfully, 'Mr. Smith, I'll send someone to investigate immediately. Don't worry!'

How could he not be anxious?

Jason did not say anything. He quickly hung up the phone and then called Travis.

Soon, the phone was connected. Travis sneered and said, 'Yo, isn't this my brother-in-law? Why have you called me?'

'Travis! Where is Cindy?' Jason roared.

He was very angry at that moment, and his whole body was burning with anger.

If Travis dared to do anything cross the line, Jason would definitely give him an unforgettable lesson that he would remember for rest of his life, and he would also make the Yang Family disappear from Shang Jiang City!

'Jason, tone down your attitude. You are so hot tempered, I don't necessarily remember.' Travis was drinking in the bar which had been opened by his brothers at that moment. He

was holding girls on both sides, enjoying it very much.

As expected, Jason came over.

Ha ha ha!

His plan had succeeded.

Jason's chest was filled with anger, and he was not afraid at all. He roared and asked, 'Travis, tell me, where is Cindy?! I warn you, if anything happens to Cindy, you Travis will regret for the rest of your life. You, the Yang Family, have to pay the most painful price for what you have done!'

Travis was angry!

'F*ck! Jason, Cindy is in my hands now. What qualifications do you have to talk to me like this?'

Travis was very angry. He didn't expect that Jason, who had always been a coward, would shout at him like this, which made him lose his respect.

'Jason, I can only tell you that Cindy should be having a very enjoyable time right now. Four men are with her by the way, five minutes have passed. I don't know how far they have progressed. It's room 3088 in Aurora Hotel. If you can get there in time, you probably can watch a good show.'

Travis sneered shamelessly, and his eyes and corners of his mouth were full of a sinister expression.

Boom!

A muffled thunder struck Jason's heart!

'Travis! You're courting death!!!'

Jason roared angrily, and his eyes were wide open.

D*mned Travis! He had arranged his own doom!

It was too late to make trouble for Travis. Jason quickly called Bruce and asked his men to rush to the Aurora Hotel.

At the same time, he drove his company's BMW and sped all the way to the Aurora Hotel!

Back at the bar, after Jason had left, Travis sneered with a gloomy face. 'Haha, I hope you have a happy day.'

Then, a figure pushed open the door of the room and came in. With a sinister smile, he said, 'Travis, you promised me that you wouldn't hurt Cindy, as long as you destroy Jason.'

Travis glanced at the man sitting opposite him and asked curiously, 'Noble, I don't

understand. Do you like my cousin so much? Jason is your former good buddy. You are really that cruel to play with him like this.'

Two days ago, Noble found Travis and said that he had a plan to retaliate against Jason.

Travis accepted it happily.

The only thing he didn't understand was that Noble, who used to be a wealthy man, was so down-to-earth now. He asked him the reason, but he didn't say.

Noble's eyes were dark, and a gloomy sneer appeared at the corner of his mouth. He kept silent, drank a glass of wine, stood up, and left.

His back was bleak with an endless chill.

After Noble left, Travis kicked the tea table and shouted, 'F*ck! How dare he be so two-faced with me!'

Travis did not like Noble's performance just now. He felt that he was being looked down upon.

He picked up his phone and made a phone call to the little pervert. 'Let's follow the previous plan and f*ck her to death!'

Can't hurt Cindy?

You, Noble, are nothing!

He's just a good-for-nothing who's in a state of distress!

Back with Jason, he went straight to room 3088 in Aurora Hotel.

Without thinking, Jason kicked the door violently!

Bang!

The door was kicked open and Jason rushed in. When he saw the scene in front of him, his anger was instantly ignited and his eyes turned red!

'You're all going to die!'

His roar shook the whole room.

Chapter 127

Jason was enraged by the scene in front of him. His eyes were scarlet and he was very angry!

Cindy's hands were tied to the head of the bed, and she groaned uncomfortably. Especially her face, there was a faded palm print, and the corners of her mouth overflowed with blood.

Her clothes were almost torn apart, revealing her tender shoulders and a small piece of fair abdomen.

There were four men, three of whom were holding their phones and taking pictures with dirty smiles.

The other man couldn't wait to take off his clothes and rush to Cindy who was lying on the bed.

Jason was furious. He rushed over quickly and kicked the abdomen of the dirty braided man!

Bang!

The whole body of the dirty braided man flew backwards and hit on the bedstand because

Jason. His head hit the bedstand so hard that his head began bleeding in an instant. He screamed a few times miserably.

The other three men, at that moment, were all stunned when they saw Jason breaking in. But in a second, they came to their senses and pulled out baseball bats and small daggers from the bottom of the bed one after another!

This was what they were waiting for!

This was a trap, a trap that had attracted Jason to fall for

Cindy was tied up on the bed at that moment. Her legs were twisted like Pretzel, biting her red lips and bleeding. Her eyes were full of tears and she tried her best to stay awake. Looking at Jason being beaten up by three people, she shouted with difficulty, 'Jason... Jason, run, run!'

At that moment, she still recognised Jason's situation.

In the room, in less than a minute, Jason grabbed the shiny blade with his left hook and right kick, and all three of them were knocked down on the ground by his bare hands.

After grabbing the baseball bat from one of their hands, Jason swung it down at the man's head!

Clang!

Blood was flowing everywhere. The man covered his bloody head and fell to the ground. His body was curled up and he let out a cry!

The other two struggled to get up from the ground and huddled together in a group. They looked at each other and roared and rushed to Jason!

In less than half a minute, they were knocked out by Jason!

Bang! Bang!

The two figures flew backwards and twitched a few times. They were so dizzy that they didn't know whether they were dead or not!

Then, Jason took a big step and walked step by step to the dirty braided man on the bedside table. He coldly stared at the dirty braided man lying on the ground with his hands covering his head.

Bang!

He kicked on the dirty braided man's chest, and he could hear the sound of ribs cracking!

A scream cut through!
The dirty braided man passed out.

'Ja... Jason.'

Cindy shouted weakly, and her whole body was hot and dry. She bit her red lip tightly and couldn't help but utter a sigh of deep thought.

Jason suddenly reacted, dropping the baseball bat from his hand, his red eyes slowly regained consciousness. He quickly untied Cindy who was lying on the bed.

However, in the next second, Cindy could no longer control herself. She pounced ferociously into Jason's arms. Like an octopus, she wrapped herself around Jason!

'I... I want it!'

Cindy's mind was completely lost, and her whole body was burning hot.

Jason was shocked and turned around to control her under his body.

At this time, Bruce rushed in with his men. When he saw this scene, he was completely dumbfounded!

'Take them out!' Jason roared.

Bruce hurriedly led his men to drag the four

men on the ground out and then closed the door.

Bruce personally guarded the door.

Gangsters in black suits were lined up in two rows on both sides of the door in an orderly manner.

Five meters from the door!

'Cover your ears!' Bruce ordered.

All the brothers covered their ears.

This scene naturally shocked some couples who came to the hotel to get a room. Many people wanted to pass by, but all of them were driven out.

Inside the room, it was very barbaric and brutal!

The stumbling Cindy pressed Jason heavily under her body, and the shining waves of her hair fell down.

Jason was completely stunned. The barbaric side of Cindy was so emotional.

Jason didn't say anything. The two adults were taciturn.

Travis's medicine was a good excuse.

The two of them were entangled and surrounded each other. The flames that were

out of control completely lit up the two of them!

Travis was still enjoying the gentle countryside in the bar.

He was extremely frivolous now. Finally, he could teach that little bitch Cindy a lesson.

And that Jason. It was estimated that he should have been beaten badly now.

He picked up his phone and called the dirty braided man, but no one answered.

Travis sneered shamelessly and murmured, 'It seems that everything has gone well. I didn't expect that Cindy was so much of a bitch. They haven't finished yet after so long.'

As he thought about it, Travis flirted with the beautiful girls beside him.

However.

Bang!

The door of the room was violently kicked open!

Four strong men in black suits quickly rushed in.

Paul looked coldly at Travis, who was lecherous on the sofa, and shouted coldly, 'Travis Yang!'

Travis turned around abruptly. When he saw someone breaking in, he flew into a rage. He stood up and raised his finger, shouting arrogantly, 'Who the hell are you? Get out of here! Don't you see that I'm busy with my business?'

In Yang family, Travis was the little bully, who was used to being arrogant and domineering.

Paul sneered and threw a heavy punch at him!

'Crack!'

It seemed that his nose bridge was broken.

Travis's entire body fell backwards. His nose was bleeding and his head was buzzing.

'F**k! You... How dare you hit me? Do you know who I am? My name is Travis, Travis from the Yang Family! My grandfather is Felix Yang, and my father is Jacques Yang. You are all finished!'

Travis covered his nose with his hands and roared with his eyes wide open, as if they were about to burst open.

'No matter who your father is or who your grandfather is, we are looking for you!' Paul shouted coldly. With a wave of his hand, the two men directly clasped Travis with his

hands behind their back.

Travis struggled and roared, 'Let me go! I'm from the Yang family. My father knows Bruce! He also celebrated my grandfather's birthday! If you dare to harm me, you'll be looking for death!'

Slap!

Paul was annoyed by his words, so he slapped him hard.

All of a sudden, Travis became good again.

In the hotel room, Cindy was very satisfied. Her face was ruddy and she was lying in Jason's arms.

The atmosphere in the room seemed to have not completely dissipated, and the ambiguous emotion between the two people was still there.

Cindy just stared with her eyes wide open.

Jason's hand passed through her beautiful hair and whispered, 'Do you want more?'

Hearing this, Cindy couldn't help trembling her legs under the quilt. She raised her face and rolled her eyes at him, saying, 'No! You were too rough just now!'

Jason smiled awkwardly and said, 'We haven't been like this for a long time, and we

can't hold it back.'

All of a sudden, Cindy was stunned. She quickly got up, pulled out the tissue from the bed, and put it under the quilt.

After a while, the clean paper towel was kneaded into a ball and thrown on the ground. There was a flash of blush on Cindy's face. She sat upright and stared at Jason. She said in a delicate voice, 'Be careful next time.'

Jason shrugged and looked at her beautiful back. He took her into his arms and gave her a kiss.

Jason's hand was not honest at all. Cindy knocked it off several times and scolded, 'Well, lie down for a while, I have to go back to the company.'

Jason said, 'Don't go back. Go accompany Angela.'

'How about you?' Cindy raised her head and asked.

The scene that Jason rushed into earlier still flashed in Cindy's mind.

She didn't dare to ask.

'I still have something to do. You go first. Tomorrow will be Angela's operation.' Jason's

tone suddenly became cold, and his eyes flashed cold.

Cindy felt it and looked at Jason. After thinking for a while, she said, 'Be careful. Don't get yourself into trouble.'

Jason gently kissed Cindy on the forehead and said, 'Okay, I'll listen to you.'

'By the way, Jason, why did you fight so fiercely just now? Why didn't you tell me that you know how to fight?'

Cindy suddenly raised her little head and asked with curiosity in her eyes, 'I can't see through you now. Are your parents really just running a restaurant?'

The way Jason fought just now was just like what you would see in a movie. It was amazing!

'What should I do?'

Cindy was still suspicious. Should he tell her?

'Cindy, if I tell you, in fact, my family...!' Jason frowned slightly, thought for a while, and was ready to explain.

But just as he was about to explain, Cindy punched him in the chest. Her delicate body shook and her face turned red. She snorted

and said, 'You're so annoying.'

Then, she quickly took out the tissue and repeated the cleaning she was doing just then.

Then she got up and picked up the clothes from the ground, only to find that her shirt had been torn. She helplessly held her arms and looked at Jason.

Jason said, 'It's okay. Someone will send you a new set of clothes later.'

Jason took a deep breath, got up, put on his clothes, washed his face, said goodbye to Cindy, and left the suite.

At the door, Bruce and the others stood respectfully.

Seeing Jason coming out, they released their hands from covering their ears.

'Mr. Smith, we've already taken control of him. Please give us your orders at any time,' Bruce said respectfully.

Jason nodded and said, 'Get someone to send a new set of clothes in.'

After that, he left the hotel with Bruce and the others. At the door, he got in Bruce's Maybach and went straight to the basketball arena.

In the car, Jason's eyes were cold and his chest was full of anger.

'Travis, I'm coming.'

I warn you, you will have to pay the most painful price for what you have done!

Chapter 128

A Maybach was quickly driven to the basketball court.

At that moment, outside the basketball court, there was a row of black suited fighters. They were all wearing sunglasses, with their hands clasped behind their backs, standing in a very serious manner.

When the car stopped at the entrance, someone quickly stepped forward, opened the car door, and respectfully shouted, 'Mr. Smith.'

Then, about twenty to thirty fighters all bent down and shouted respectfully, 'Mr. Smith!'

It was a shocking display of power!

Jason got out of the car with a cold face. His eyes seemed to suppress his anger, and he walked towards the basketball court.

Bruce followed him with all due respect. He was ready to handle the aftermath of the matter.

Walking into the basketball court, Jason heard Travis's hysterical roar.

'Let me go! My name is Travis Yang, and I am from Yang Family! My grandfather is Felix Yang. If you don't let me go, my grandfather will make you pay for this!'

'My dad knows Bruce. He is the underground Emperor of the Shang Jiang City. You'd better let me go right now!'

'And you, you must kneel down and apologize to me. Otherwise, I will ask brother Bruce to kill you!'

Travis, who was arrogant and domineering, shouted arrogantly at that moment.

Even if he was to be tied to a chair, he would still be extremely rampant.

Why?

Because his grandfather was Felix Yang, and he was a member of the Yang Family.

His father was Jacques, who knew Bruce.

Who would dare lay a finger on him?

This group of people were looking for trouble!

However, Paul stood in front of Travis with an indifferent expression, as if he were looking at an idiot. He quickly slapped him with his big hand, knocked out his two teeth, and

shouted, 'You talk too much nonsense. I am about to kill you and you don't even know what it is you've done wrong. You're really an idiot.'

Travis stared at Paul with sinister eyes and spat out a mouthful of blood. He sneered and said, 'You're going to die. I'll remember you. You're over! I'll smash your teeth with my own hands!'

In fact, Travis was a little flustered.

When he had been brought in just now, he looked around. There were a lot of people, and all of them were hatchet men dressed in black suits.

Such a big scene could not be caused by an unknown person in Shang Jiang City.

It was reasonable to say that Travis had just arrived that day, and had not offended anyone.

The only people he had provoked were Cindy and Jason.

Could it be Jason?

That must be impossible!

How could that good-for-nothing cause such a big scene!

If this had been arranged by that good-for-nothing, then Travis could eat shit.

However, the next second, a familiar figure appeared at the door.

Travis was dumbfounded when he saw the figure!

How... How could this be possible?!

It really was Jason.

Why was he there?

Wait!

It turned out that it was Bruce who had been following behind Jason!

It was brother Bruce!

All of a sudden, Travis ignored Jason and frantically asked Bruce for help. He shouted, 'Brother Bruce, it's me. I'm Travis from the Yang Family. My father is Jacques Yang. Get them! They dared to hit me. They're looking for death!'

However, no matter how hard Travis shouted, Bruce remained cold. He stood behind Jason and looked at Travis as if he was looking at a dead man.

Then, under Travis' shocked gaze.

Jason walked toward him step by step. His

whole body was full of anger, and his eyes reflected a bone-piercing chill from hell.

Boom!

All of a sudden, his knee was in the air!

Jason's knee, in an instant, slammed into Travis's chin with great momentum!

'Crack!'

A crisp sound burst out!

Several teeth flew out of Travis's mouth, along with a blood spurt!

At that moment, the sharp pain caused Travis to tremble all over!

'It hurts!'

It was a heart-wrenching pain!

Especially when he didn't have the chance to close his mouth just then. He even bit off a small piece of tongue with his teeth, and his whole mouth was full of sticky blood!

'Ah!'

Cries of agony were heard!

Travis's head was lowered, and his mouth was bleeding. His eyes were red, and he stared at Jason viciously. He stuttered, 'Jason! How dare you... How dare you attack

me! I wish a terrible death upon you and your whole family!

'My whole family?'

Jason said coldly, looking down at Travis from above like a Nine Serenities Demon King.

Bang!

His leg kicked upwards!

Travis was kicked in the chest, and his whole body, along with the chair under his butt, flew backwards and fell to the ground!

Then, Jason rushed forward, grabbed the chair on the ground, raised it high, and smashed it on Travis!

The wooden chair was destroyed!

Travis felt as if his whole body had been torn apart. The pain that came from his soul would be remembered by him for the rest of his life.

'No, don't hit me. I was wrong, I was wrong!'

Travis was no longer as arrogant as before. He fell to the ground and struggled to beg for mercy. He crawled forward on his knees.

However.

Jason was already standing in front of him

indifferently. He stepped heavily on Travis's hand!

In an instant, a squeal like a pig being slaughtered rang out in the basketball court.

About ten minutes later, Travis collapsed to the ground like a dead dog.

Bruce handed over a clean towel. Jason took it, wiped his hand, and threw it on Travis.

He took out the cigarette from his pocket, Jason lit it silently and took a deep breath. Then he looked at Travis on the ground coldly and said, 'Travis, now do you understand what the consequences of provoking me are?'

Travis was so miserable that he couldn't bear to look up. He trembled all over and opened his bruised eyes with difficulty. He asked in a low voice, 'Who... who are you?'

Travis had never thought that Jason, who was a good- for- nothing, would one day explode like he had just now!

That was unbelievably harsh.

Also, why was Bruce standing so respectfully beside Jason?

All of this completely broke Travis's mind.

Why?

'Isn't he a good-for-nothing?'

Jason thought for a moment and said calmly, 'I am someone you can't afford to mess with. Remember, in my eyes, your Yang Family is nothing. Don't try to cross my bottom line, otherwise, I won't mind erasing the Yang Family from this world.'

Jason originally wanted to remove the Yang Family today, but he suddenly remembered what Cindy had said to him earlier.

'Don't get yourself into trouble.'

Therefore, Jason had a change of heart and just felt like he wanted to teach Travis a lesson.

If he still wanted to behave badly, then there was no reason for the Yang Family to exist.

Travis lay on the ground with a giggle and said, 'Jason, it seems that I have underestimated you. It turns out that you have been forbearing.'

Travis couldn't figure out how a good-for-nothing could be so powerful!

Jason just chuckled and said, 'I'll give you a piece of advice. Stay away from Cindy and don't try to do anything. Otherwise, you will

end up in a miserable situation.'

After that, Jason turned and left.

Bruce nodded to Paul and then personally sent Jason out.

In the basketball court, only Paul Reed and others were left. They looked at Travis on the ground coldly and sneered.

Travis felt a chill run down his spine. Being stared at by a few strong men made him feel like he was about to lose his life.

'You, what do you want to do? I am Felix Yang's grandson, and my father is Jacques Yang! You can't do this! No!'

In Travis's desperate eyes, Paul and others came over with sacks and ropes. They put him into the sack, tied him up, and then quickly put him into a van.

After leaving the basketball court, Jason went straight to the hospital.

Bruce had dealt with all the people led by Travis. He broke their hands and feet and threw them at the hospital's entrance.

Arriving at the ward's door, Jason took a deep breath and then pushed the door open and walked in.

It was a very warm scene.

Cindy was playing with Angela in the ward. This scene was what Jason had always been waiting for.

'Daddy.'

Angela saw Jason and ran over to him. She opened her hands and threw herself into his arms.

Jason raised Angela high up in the air, making her giggle like a crisp bell.

After playing for a while, Cindy took Jason to the rest area.

After hesitating for a moment, Cindy asked, 'Jason, tell me honestly, did you do anything to Travis?'

Jason knew that Cindy would ask this question, so he replied, 'No, what can I do to him? I just talked to him.'

'And then?'

Cindy was suspicious and didn't believe it.

'Then he went back.' Jason shrugged.

Cindy couldn't believe it.

How could she not have known what kind of person Travis was?

Just because you, Jason chatted with him for a while and he just left?

Seeing that Cindy didn't believe him, Jason explained, 'It's true. I'm not lying to you. Maybe the way I explained is more touching. He cried bitterly and then admitted that he was wrong, then he left.'

Cindy stared straight at Jason, trying to find a flaw on his face, but he had said it so sincerely.

'All men are like this now?'

He was lying with his eyes wide open, without blinking at all.

'Then I'll call and ask,' Cindy suddenly said, and then took out her mobile phone.

Jason was stunned and panicked at once.

Oh no!

'I'm going to expose myself.'

Chapter 129

Cindy held her arms and held her crystal chin high. She stared at Jason and dialed Travis' number.

In fact, she was thinking that even if Jason had really taught Travis a lesson, Cindy would not say anything.

Because Travis had gone too far this time.

If the Yang Family asked about this matter, Cindy would definitely stand on Jason's side.

Toot! Toot! Toot!

No one answered after she had waited for a while.

Cindy gave up and continued to call him. She looked at Jason with suspicion and said, 'Okay, I believe you for this time.'

Jason grinned and touched her cheek, which was still red and swollen. He asked, 'Has the swelling gone down?'

Cindy nodded shyly and said, 'I've dealt with it. It's okay.'

They looked at each other.

'Damn it! I almost forgot about the business!'

Jason suddenly patted his head and ran out in a hurry. 'Well, Cindy, I'll come to pick you up later.'

Cindy's eyes were full of suspicion. She couldn't figure out what Jason was doing.

That's right.

Jason asked her yesterday if she was free today.

'Damn, I promised to have dinner and celebrate with my colleagues tonight.'

Cindy hesitated for a moment and called James. After explaining the reason, she refused today's celebration banquet.

James was a reasonable person and he said she could always go next time.

Then, Cindy breathed a sigh of relief and stood at the door of the ward, staring at the place where Jason disappeared from.

She was looking forward to seeing what Jason would do.

Back with Jason, he rushed to the French restaurant that he had booked the day before.

When the restaurant manager saw Jason, he immediately came out and greeted him respectfully, 'Mr. Smith, you're here. Where's

Madam?'

The fat manager looked around a little, but he couldn't see the woman. He was very puzzled.

Yesterday, Mr. Smith paid a deposit of thirty thousand dollars and said that he would book the whole restaurant for tonight.

At first, the manager refused. After all, Jason's clothes were really ordinary, and he would be considered as a blue collar worker.

However, after seeing Jason paid the deposit, the manager changed his mind.

This was a secret rich second generation.

Jason took a breath and asked, 'I'm here to see if you have prepared well.'

The manager was very enthusiastic. He personally led Jason to visit the venue for tonight. It was near the window and by the lake, where he could see the beautiful colour of the Golden Chicken Lake.

'Mr. Smith, we prepared a violin accompaniment and invited a piano player according to your instructions. By the way, when Madam enters, there will be red roses falling down. It's the rose rain you wanted. They're the freshest roses that have just been

harvested from Erdeduo. Our waiter personally picked the petals and soaked in some Chanel perfume...'

The manager kept on speaking, and Jason followed him and nodded silently.

'Good, you did well. This is the final payment of two hundred thousand dollars.'

Jason was very happy. He took out his bank card and handed it to the manager.

The manager's face was full of a smile. He took the bank card and said, 'Please wait for a moment, Mr. Smith.'

After swiping the card, the manager rushed out and respectfully returned the card to Jason.

If he had any hesitation previously, then now, his doubts had been all dispelled.

Two hundred thousands dollars.

There were not many people who would have been able to take out two hundred thousand to book the whole restaurant.

Jason was one of them.

Therefore, the manager thought that Jason must be a low-key tycoon.

Such guests must be served well.

After Jason left, all the waiters in the restaurant who were also anthomaniacs and looked at Jason's back with envy and jealousy.

'Wow, that man is so rich. He booked our restaurant for two hundred thousand dollrs. How nice it would be if I had such a boyfriend who kept a low profile and had a lot of money.'

'Hey, I don't know which woman is so lucky to have such a man who loves her so much. I'm so envious.'

'All right, all right, hurry up and get ready. There can't be any mistakes tonight!' Seeing the infatuated expressions of a group of waitresses, the manager said with seriousness.

The night fell.

At the Shang Jiang City People's Hospital's entrance, a few Mercedes-Benz decorated with flowers stopped at the gate.

All of a sudden, the whole hospital was filled with a buzz of excitement.

Everyone gathered around the door, looking around.

A lot of people even took out their mobile

phones to record videos and then sent them around to their circle of friends.

'Holy sh*t! Which rich man is so rich and with so many luxury cars?'

'I don't know. He's so rich. He's so generous. I'm so envious of him being able to show off so publicly.'

'How nice it would be if he came to pick me up. It's simply so romantic. This fairy tale scene is like something one of a Korean drama.'

Many crazy nurses gathered at the gate of the hospital at that moment, and their envious eyes were shining.

At the same time, Cindy came out from behind the crowd, holding Angela in her arms.

She had just received a phone call and asked her to take Angela to the hospital entrance.

As soon as they arrived at the entrance, the four drivers who were stood at the side of the Mercedes bowed and reached out their hands very gentlemanly and said, 'Miss Jiang, please get in the car.'

All of a sudden, everyone's eyes fell on Cindy.
She was the girl!

Jealousy! Envious!

However, what kind of fairy-like beauty was this woman? The little girl in her arms was so cute and beautiful!

Cindy was also shocked. She looked at the luxury cars and got in the car with the jealous eyes of the crowd looking at her.

Soon, the car pulled up at the entrance of the restaurant.

Cindy got out of the car with Angela in her arms. Her dull eyes were full of doubt.

'Mom, are we here for dinner?' Angela blinked her big gem-like eyes, looking very surprised.

Cindy didn't know how to answer.

'Miss Jiang, nice to meet you. Please come with us.'

At the entrance, when the waitress saw Cindy, she had already walked up to her with a smile on her face. She bent down and nodded, making an inviting gesture to her.

'Oh, okay.'

Cindy replied, her mind was as blank as a piece of paper.

When she entered the restaurant and saw everything carefully arranged, she was

completely shocked and moved.

As the violin sounded, with the piano playing, the familiar sound of singing was wandering in the restaurant.

Cindy held Angela and covered her mouth with her hand. Tears fell down her cheeks like beads rolling down a jade plate.

At this moment, she was happy.

It was Jason. It must be Jason!

He had remembered.

Today was their wedding anniversary!

In the music, behind the dim light, Jason slowly came out in a clean and straight suit with a bunch of red roses in his hand and a smile on his face.

Jason knelt on the ground and raised his head. Looking at Cindy, who was immersed in emotion and crying with her hands covering her mouth, he smiled happily and said, 'Cindy, I haven't done well enough these years. I have wronged you. From now on, you will become the most blessed woman in the world.'

Cindy looked at Jason seriously with tears in her eyes.

At that moment, all her grievances disappeared.

She was very touched at this moment.

'Dad, I want it too.' Angela suddenly said with jealousy.

Jason and Cindy looked at each other and smiled. He took one rose out of the bouquet and gave it to Angela, saying, 'Okay, this is for Angela.'

Angela happily took it and kissed Jason on the face.

Then, Jason stood up and looked at Cindy. He tilted his head and raised his face.

Cindy rolled her eyes at him and quickly kissed him on the face.

At that moment, the waiters at the side were all moved by this scene and started to wipe away their tears.

It was such a warm and happy picture. How wonderful it would be if this had happened to them.

However, this scene of happiness came to an abrupt end!

Suddenly!

A figure rushed into the restaurant and went straight to Jason and Cindy!

Slap!

Yusra appeared and slapped Cindy's face angrily. Pointing at her nose, she scolded, 'Bitch! You don't deserve it!'

With this, she angrily threw the bouquet from Cindy's hand to the ground and trampled on it hard with her high heels!

This scene was so sudden!

Everyone was shocked.

Especially the waiters, at that moment, all of them widened their eyes and covered their mouths with their hands. They could not believe what they had just seen.

Among them, there were some who had been recording the video on a live broadcast.

It was a complete reversal!

'Are you crazy?' Jason roared, his eyes red, and an angry slap landed on Yusra's face.

This woman was crazy!

Yusra covered her face, stared at Jason and Cindy with resentment, and said, 'Jason, I won't forget this. As long as I'm here, you won't have a good day with this b*tch!'

While speaking, Yusra stared at Cindy, sneered, and said, 'Cindy, you are so pitiful. Until today, you don't even know who Jason

is, such a humble clown!

After that, she turned around and left.

Jason clenched his fists and glared angrily at Yusra's back as she left. Then, he turned around and looked at Cindy.

Cindy was furious at that moment. She picked up Angela and slapped Jason on the face again. She said coldly, 'Jason, I've had enough! You must sort out between you and her. Otherwise, I want a divorce.'

Cindy really had enough.

She was willing to take a knife and be hospitalized for Jason, and even had Travis humiliate her. She didn't want Jason to get hurt.

However, as a woman, she could not tolerate another woman interfering with her marriage.

Moreover, this woman had had an engagement with her husband.

In a fit of anger, Cindy left the restaurant with Angela.

Jason stood there alone, with anger and helplessness on his face. He kicked the flowers on the ground and then chased after the two of them.

'Cindy, wait for me. Let me explain.' Jason

shouted at Cindy, who was in front of him. Cindy stopped and turned around. She stared at Jason angrily and said, 'Well, then tell me, who are you? Why did Yusra tell me again and again that I don't know who you are? Who are you? What are you hiding from me? Why can't you tell me?'

Chapter 130

Jason was stunned and didn't know how to explain.

He said, 'Cindy, trust me, I will tell you, but not now, I have my own difficulties.'

Jason really wanted to tell Cindy, but the reality did not allow him to do so.

Juliette Yun was still in Shang Jiang City. He had not figured out what she was going to do.

That woman would never forget Jason so easily, along with his most beloved Cindy and Angela.

Therefore, he had no choice.

As soon as he finished his words, Cindy sneered and said, 'Okay, then you keep your secret. Angela will be having her operation tomorrow. I don't want to quarrel with you today.'

After that, Cindy turned around, with tears in her eyes, she left with Angela in her arms.

Jason's felt lonely and looked at Cindy who was walking away with Angela who was

leaning on her shoulder and reaching out to him.

'Cindy, I'll tell you.'

That day is not far away.

Once I've solved all my problems, I'll definitely be perfectly justifiable and bring you and Angela back to the Smith family in a proper way!

Meanwhile, Yusra returned to the hotel after leaving the restaurant. She sat alone on the carpet, drinking red wine, and became drunk.

Her eyes were full of tears and she looked out of the window at the night view of the city. She murmured, 'Why, why do you treat me like this? What have I done wrong?'

In Yusra's heart, Jason was everything to her. But now, all of this belonged to someone else.

She was not willing to give it up!

The third daughter of the largest family in the capital city, the Su family, was madly in love. If the world knew about it, it would probably cause a great disturbance.

How could such a strong woman be so drunk for a man?

The moonlight outside the window sprinkled into the suite. Yusra stood up and slowly took off her lace nightdress, showing her graceful figure.

She looked at her natural body in the mirror. It was only an inch away from her heart, and there was a ferocious scar.

It was a knife wound.

She still remembered that Jason was also a person who had tried his best to fight for her.

Warm tears rolled down her face and dripped down to her heart.

Yusra touched the scar and her lips trembled slightly. She murmured, 'Jason, have you forgotten? I once fought for you. Why can't you love me back? Why?'

If all the love in the world could be explained perfectly, there wouldn't be so many without love.

Yusra deeply understood this, but she couldn't do it.

She loved Jason, she loved him so crazily.

She was just a woman madly in love, and she had not done anything wrong.

The mistake was that Yusra did not get

Jason's love.

Back in Yang Family's courtyard, Felix was playing with the jade thumb ring which had given by Jason on the wooden armchair in the inner hall. He couldn't hide his smile.

'It's a good thing.'

It was worth one hundred billion!

Jason was a good-for-nothing. How could he get such a good treasure? The key was that he had even given it to Felix in a daze.

Sure enough, a good-for-nothing didn't even deserve such a treasure.

Suddenly!

Yang family's butler rushed in and shouted in horror, 'Old Master, something's wrong!'

Felix glared at him angrily and shouted, 'What the hell are you yelling about?'

The butler immediately bent over and lowered his head, trembling all over.

'Tell me, what's the matter?' Felix said coldly, still playing with the jade thumb ring in his hand.

'Sir, Young master, Young master has been in an accident.' The housekeeper looked anxious, with cold sweat on his forehead.

Just now, he received a notice that Travis, the Young master, had been seriously injured. His limbs were broken, and so were his teeth. Now, he was lying in the hospital after being rescued.

This was a big matter!

Someone had started a fight against the Yang Family!

Snap!

Felix got up angrily, trembling with anger.

Clang!

He rushed out of the inner room with his walking stick and said in a hurry, 'Hurry up, take me to the hospital. Hurry up! My Travis, you can't be hurt.'

Felix was anxious and immediately asked someone to arrange for him to go to the hospital.

Travis was his grandson, the youngest grandson he loved the most.

In the ward of the Second People's Hospital, Travis was lying on a bed, with dull eyes and bandages all over his body.

Since he had woken up, he only looked at the ceiling in a daze, without any expression on

his face.

Three of his ribs were broken, and the tendons of his hands and feet had been cut. It would take at least a year for him to recover!

Travis stared at the ceiling, and the dullness in his eyes suddenly became irritable. Then he growled angrily, and his words leaked out. He shouted, 'I'm going to kill him! I'm going to kill him!'

What was the difference between him and a good-for-nothing now?

The doctor said that it would be difficult for him to hold the knife and fork in his hands in the future, so he needed a long time of rehabilitation training!

Not to mention walking down the stairs.

Of course, Jason didn't know that it was Bruce who had instructed somebody to do all of this.

Offending Mr. Smith was like playing with fire!

Beside Travis stood a majestic middle-aged man. He looked as though he was in his 40s or 50s, and his face was about eighty percent similar to Travis'.

He was the CEO of Coastal Trading, and also Travis' father—Jacques Yang.

On Travis' bed sat a middle-aged woman in luxurious clothes. At that moment, her eyes were already red with tears. 'Who is so cruel to beat my son like this?'

She was Travis's mother, Wei Xiaoqing.

At that moment, her heart was very painful, he was her beloved baby. Then, when she saw her son was hurt like this, Wei Xiaoqing's heart felt like it was bleeding!

'Son, tell mom, who hurt you. I'll ask your father to get them!'

Wei Xiaoqing wanted to hold Travis's hand, but she was worried that it would hurt him, so she could only look at him anxiously.

There was the trace of tears in the corner of Travis' eyes, and his lips were trembling with tears. 'Dad, you must avenge for me! It's Jason, the loser! Kill him for me! I'm disabled now!'

Jacques hadn't say a word since he had appeared in the ward, and his face was extremely gloomy.

Jason?

'Isn't he a good-for-nothing?'

How could he have done this?

'Doesn't he want to live?'

'Jacques, what do you want to say? Don't you feel bad that my son has been beaten like this by that good-for-nothing? You must avenge him! I want that bastard to apologize to my son!'

Wei Xiaoqing was crying, and there was a vicious look in her eyes!

'Enough!'

Jacques was annoyed. He glared at Wei Xiaoqing and said, 'You're just a woman. You don't take good care of your son, he causes trouble all day long. If he hadn't done anything, would Jason, that good-for-nothing, have done this?'

'What did you say? Isn't he your son? Good for you, Jacques. I, Wei Xiaoqing, must have been blind to marry you. My son is suffering...'

Wei Xiaoqing suddenly stood up and pushed Jacques away. Then she began to cry and made a fuss.

Seeing his wife crying so sadly, and looking at the son on the hospital bed, Jacques was also angry. He held Wei Xiaoqing and said,

'Well, stop crying. I will deal with our son's matter. I will make Jason feel ten times the amount of pain that he inflicted on Travis.'

Jacques really didn't care about a good-for-nothing.

However, did Jason dare to hit so hard?

Jacques knew about his son's temper. He must have been hiding something.

However, it didn't matter anymore.

Jason had to pay the price!

After that, Jacques turned around and left the ward.

At the same time, Felix rushed to the hospital after Jacques had left.

When he saw Travis wrapped in bandages lay the hospital bed, he was furious. He hit the floor with his walking stick and shouted, 'Who has done this to my grandson?! I want him to pay ten fold!'

When Travis saw Felix coming, he immediately cried out with snot and tears. 'Grandpa, I have become a cripple. It's Jason. All of this was done by Jason Smith. Take revenge for me!'

As soon as he heard that it was Jason who

had done this, Felix's face turned red. His hands trembled and he held the walking stick and said, 'Well, Travis, I'll go and find Jason right now. I'll smash his bones and avenge for you.'

After that, Felix took a group of people with him and rushed to Amanda's house.

At the same time, more than half an hour later, Jason received a call from Amanda.

'Mom, what's up? It's so late.'

Jason was preparing the things that were needed for Angela's operation from the small seventy-five square meter house. At the same time, he was also sending tens of millions of bonuses to reward his employees.

'Jason, how dare you! Come here immediately!'

With a shout, the voice on the other end of the phone was not Amanda's, but Felix's.

Jason frowned and immediately understood. He replied calmly, 'Felix, are you calling about Travis?'

'Jason, how dare you call my name! You're too presumptuous! Come here immediately!'

Felix was so angry that he hung up the phone as soon as he finished his sentence.

At that moment, Amanda and Charles were trembling with fear in the old house of the Jiang family.

They didn't know why the old master had suddenly come over in the middle of the night and why he had brought so many people with him.

It seemed that he was extremely angry.

Amanda looked at Charles and scolded in her heart, 'Damned Jason, he must have caused trouble again! This time, if he has offended the old master, he will be hurt to death.'

Felix sat on the sofa with his hands leaning on the tiger style head of the walking stick and his face was full of coldness.

The whole room was filled with a chilling atmosphere.

It didn't take long for Cindy to come back.

She had also received a call from her mother. As soon as she entered the door, she saw her gloomy and angry grandfather at that moment.

'Grandpa, why are you here?' Cindy came forward and asked politely.

However!

Slap!

Felix raised his black and gold tiger headed walking stick in his hand and smashed it on Cindy's leg!

Cindy was in pain and fell down to the ground. Her face was pale and sweat was rolling down it.

'Grandpa?'

She didn't understand why her grandfather had suddenly become so angry. This was the first time that her grandfather had hit her like this.

'Kneel! Kneel until Jason comes back!'

Felix shouted angrily, 'Useless, bringing the wolf into the house! You have ruined our family!'

Chapter 131

The whole room was filled with a murderous atmosphere.

No one dared to speak.

Amanda, who had always been unreasonable, stood aside like a good child and looked at Cindy who was kneeling on the ground obediently. She didn't dare to say a word.

Cindy knelt with a good posture and said with a stubborn look, 'Grandpa, you have to tell me the reason why you have called me here, right? Is it Jason who has made a mistake?'

'Tell Jason to come here!' Felix roared angrily. His face was flushed, and there was coldness in his eyes.

Amanda did not dare to say a word. She just stood there, looked at Cindy, winked at her,

and signaled her to call Jason quickly.

That wastrel must have caused trouble. Otherwise, the Old Master would not have rushed over from the Yang Family's courtyard in the middle of the night. He had brought so many people with him who were stood in rows at the door. There were even four people standing in the house.

It was terrifying!

Because of this, Amanda hated Jason even more.

Cindy had just arrived home and did not understand what was happening, but she vaguely guessed that this matter must have something to do with Travis.

Although Cindy was stubborn on the outside, she was extremely nervous in her heart.

She was facing her grandfather, Felix. When

she was a child, she felt that her grandfather was a tough person. The feeling of not showing anger but exuding power was fully on display at that moment, which put a lot of pressure on Cindy.

'Grandpa, you have to tell me what Jason has done, or I won't be able to call to tell him.' Cindy said weakly, still kneeling straight.

Felix glared at Cindy, feeling pity for his granddaughter in his heart.

Cindy was a good girl, but she married a loser and had become a joke.

In the very beginning, Felix did not go to Cindy's wedding. He claimed that the Yang family no longer considered Cindy as their granddaughter.

This also led Cindy to lose her top ranking job and then her entering the Bi Kang Pharmacy.

'Cindy, you can't interfere in this matter. As long as you call Jason and tell him to come here, it's none of your business!' Felix said coldly. His tone was indifferent and his words revealed his deterrent power.

Hearing this, Cindy was naturally very unhappy.

She was Jason's wife. If there was anything to happen to Jason, she wouldn't be able to bear it.

'Jason will not come here today. He is accompanying Angela in the hospital. If you have anything to say, just tell me directly. If he has made a mistake, I will kowtow to apologize to you.' Cindy said stubbornly.

However.

Felix stood up with a cold smile on his face. He walked to Cindy with a walking stick.

What happened next shocked everyone!

Without saying a word, Felix raised his hand and slapped Cindy in the face.

With a loud slap, everyone in the living room heard a loud noise.

'What gives you the right to talk to me like this? Can you represent Jason? Do you know what he has done wrong?'

Felix was so angry that his whole face turned red. He roared, 'If Jason doesn't come back today, you will kneel on the ground until I say so! You will only get up when he arrives!'

'My stupid granddaughter, Why don't you come to your senses?'

Although Felix was very angry, he still loved Cindy a little in his heart.

Seeing Cindy being beaten, Amanda didn't dare say a word.

She was a person who only acted according to others. She was just playing tricks with people like Jason. When she was with people like her father, she wouldn't cause any trouble at all.

However, when she saw Cindy being beaten, she felt uncomfortable. She said in a hurry, 'Cindy, hurry up and make that coward come back! Even now, you are still taking responsibility for him? He has made a mistake, and he is not the son-in-law of the Jiang family, nor the grandson-in-law of the Yang family.'

Amanda cursed fiercely and took a look at the old man's expression and attitude.

However, the stubborn Cindy just knelt on the ground and did not say a word. She did not take out her mobile phone.

This caused Felix to explode!

He was exasperated at Cindy's failure. He pointed at her and rebuked her, 'Well, well, well, well, well, well, well! You aren't my granddaughter from now on. My Yang family doesn't want a half-blood like you!'

He said it in a very serious tone.

When Amanda heard this, she was scared so much it caused her to tremble at that time. She hurriedly shouted to her father, 'Dad, you can't do this. Cindy is your granddaughter. This is all Jason's fault.'

With this, she rushed to Cindy angrily, grabbed her shoulders, and shook her then desperately. She said, 'Cindy, don't be conflicted. Make Jason, that good-for-nothing, come back quickly. We can't intervene in this matter. It's his own fault. Let him solve it by himself.'

How could her daughter be so stupid and

stubborn with this old man for the sake of good-for-nothing, Jason?

However..

Cindy smiled coldly and her eyes were filled with tears. She looked at Amanda and then stared at Felix. She asked with a red nose, 'Grandpa, I know you are here for the matter concerning Travis. Although I don't know what happened to Travis, you attacked me as soon as you entered the door. Didn't you ask Travis what he did wrong? Don't you know what Travis did to me today?'

Cindy was very angry.

This was her grandfather, an old man who didn't care who was right or wrong and only treated people according to their gender.

In his heart, Travis was the flesh and blood of the Yang Family, and his beloved grandson.

'I, Cindy, am no longer your granddaughter?'

Felix's mouth trembled, but he, who loved his grandson so much, had already ignored these things. He said angrily, 'Travis is the grandson of the Yang Family. Even if he has done wrong, it should be the Yang Family who should punish him, not an outsider who has disabled him!'

Thump thump thump!

While speaking, Felix knocked heavily on the floor tiles with his black and gold tiger head cane in his hand.

In an instant, all the people in the room quieted down.

What?

'Jason had disabled Travis?'

Amanda was the first to feel that it couldn't be true. Her breathing became rapid, her eyes

turned white, and she almost fainted.

'I'm going to die! I'm going to die!'

Jason has made a big trouble this time!

Hearing this, Cindy was obviously stunned. She didn't expect that it would have been that serious.

But she didn't regret it. Jason was her husband, and she was willing to stand beside him.

'Travis deserved it.'

Out of everyone's expectation, Cindy bit her lip angrily and said this sentence.

'Alright, alright, alright!'

Felix sneered, gestured to the bodyguards he had brought, and said, 'Beat her! I'd like to see how hard Cindy's bones are! I'll see if Jason will come here before you've been

beaten to death!'

After that, the two bodyguards stepped forward and waved their big hands. Several slaps fell on Cindy's face in succession!

Cindy was really a fierce woman. Even being beaten like this, with blood coming from her mouth, she still knelt down stubbornly and did not cry out in pain.

Felix looked at Cindy with a cold face. He did not believe that Jason would not come!

'Call! Call Jason and tell him that Cindy is here. If he doesn't come, I will beat her to death!'

Felix turned his head and shouted at Amanda with cold eyes.

Amanda was shocked. She picked up her phone in a hurry and dialed Jason's number. 'Ja... Jason, come back quickly! Cindy, Cindy

is going to be beaten to death...'

The sound of crying echoed throughout the house.

It was Amanda's crying.

Seeing that her daughter was beaten badly, her heart ached.

At that moment, Jason just happened to appear at the corner of the street outside the Jiang family's old house. At the same time, he received this phone call from Amanda. When he heard the sound of the slap on the phone, he was filled with rage!

'D*mn Felix!'

'You're asking for death!'

All the people of the Yang Family were asking for death!

Alright!

I forgave you, and now you have taken advantage of it!

Now the Yang Family must be completely destroyed!

Jason rushed to the old house. As soon as he entered the door, he saw Cindy kneeling in front of Felix. Her face was red and swollen, and her mouth was bleeding. The two bodyguards were still slapping her!

'You're all going to die!'

An angry roar!

Jason jumped forward and threw a few punches at them!

Boom!

Before the two bodyguards knew what was going on, they had each been hit with a heavy punch on their faces and fell back in a daze.

However, they were both very strong and could easily bear this.

Jason's face darkened. He squatted down and took a deep breath of cold air.

Especially when he saw the wound on Cindy's face.

The anger in his heart couldn't be suppressed!

'How dare they beat Cindy!'

'They're playing with fire!'

'Jason, you're finally here. Are you going to come back with me willingly, or do you want me to kidnap you?'

Felix heavily knocked on the floor with his tiger headed walking stick, which made a terrifying sound.

Jason turned his face, and his eyes exuded a

piercing chill. The corners of his mouth curled up into a cold smile. This smile was very dangerous!

If Yusra was there, she would definitely understand the meaning of this smile!

Jason was angry!

He was so angry that he was ready flatten the mountains and rivers!

Jason, who used to ruin his enemies for Yusra and the Su family with this smile!

'Felix , do you know how it feels like to have your family destroyed?' Jason said coldly.

Chapter 132

Felix sneered disdainfully and said, 'Jason, such an useless thing like you is not qualified to talk big like this.'

Jason clenched his fists tightly and glanced at the four bodyguards in the room with gloomy eyes, as well as those who were blocking the door outside.

'It's not that easy.'

Although he had taken a few lessons from Zayne, his fists were no match for this many people.

He could only do it quick.

'Felix, the people you have brought, I don't think they are good enough,' Jason said coldly.

Felix's face became even colder with

contempt. Although he didn't know how Jason, who was a loser, had found the courage to say such things, he had brought so many people with him in order to take him back. Could he go against the will of the world?

How could it be possible for a good-natured wastrel acquire such a miracle?

At that moment, Amanda stood up and pointed directly at Jason's nose and shouted, 'Jason, take care of your own stupid business. Our Jiang family has nothing to do with you.'

Amanda was afraid and was eager to end their relationship with Jason.

If her father was angry, the consequences would be very serious.

However, Amanda had never thought that the consequences of Jason's anger could be more serious!

It was even more serious than if the sky were to collapse!

'Jason, there is a debt in this matter today. Break your hands, and then follow me to kneel down to Travis to beg for forgiveness. If he is willing to forgive you, I will naturally release you. However, you can't appear in Shang Jiang City in future. You must also divorce Cindy.' Felix smiled coldly.

In his eyes, Jason was a useless waste.

Upon hearing this sentence, Cindy's heart trembled violently.

Grandpa was so powerful that he wouldn't even give him a chance to live.

A person like Travis would forgive Jason?

'No! I won't agree! Why should you send Jason away? Why don't you ask Travis what he did? He deserved it!'

Cindy stood up in front of Jason. She stared at Felix and said this angrily.

'Shut up! If you say one more word, I'll punish you as well!' Felix was very angry. Cindy provoked his majesty again and again, which made him very uncomfortable.

Even if she was his granddaughter, Felix would not mind giving Cindy a hard time if she continued to pester him in this way.

Amanda was extremely scared, especially when she heard her father's words. She became even more panicked.

She didn't want her daughter to be implicated by a jerk such as Jason.

'Jason, I don't care what you think. From now on, you are not a son-in-law of the Jiang family. My daughter has to divorce you!' Amanda yelled at Jason anxiously.

'Shut up!' Jason said angrily. His eyes reflected coldness as he stared at Amanda.

He had had enough of Amanda's inexplicable accusation.

He had suffered for three years with a mother-in-law like her.

Amanda was shocked at once, especially when she saw Jason's murderous eyes. Her heart was pounding, and she shouted, 'Well, Jason, now you dare to provoke me! I don't recognise you as my son-in-law! Dad, take this good-for-nothing away now!'

After she was done with her scolding, Amanda took a few steps back, for fear that Jason would rush over and beat her.

Just now, she saw that Jason had rushed in and beat the two bodyguards as soon as he had arrived.

'This guy is quite good at fighting.'

Felix sneered and looked at Jason with pity, saying, 'Did you hear that? You, Jason, are alone now. Kneel down and break your own arms. Then, follow me and beg Travis for forgiveness. Maybe you can save your own life.'

However..

Jason's face darkened, and he raised his eyebrows. With a faint smile, he suddenly said, 'Are you sure you can get me to be on my knees?'

Felix frowned and suddenly had a sense of crisis in his heart. He asked, 'Huh, why do you think you can escape with both your hands intact? Even if you can escape, what about your wife and child?'

The corner of Jason's eyes turned cold. Felix actually threatened him with Cindy and

Angela!

In an instant, Jason took the initiative to get close to him. The bodyguard beside Felix didn't even see how Jason made his move.

Bang!

One punch!

Jason's fist connected directly with Felix's face, and his blood splashed out in an instant!

Felix stumbled and sat on the sofa feebly. His face was covered with blood which was coming out of his nose and his head was buzzing!

He was so old that he couldn't bear this punch. Instead, he had felt it so badly that he became dizzy!

This scene completely shocked Amanda and other people in the house.

'Jason, what have you done?!' Amanda screamed!

At the same time, Jason successfully settled the four bodyguards.

Cindy looked at Jason in a daze. Once again, she saw that his skills were so terrific!

The people at the door wanted to rush in, but they didn't dare to move when they saw Jason standing by the side of Felix and holding his neck tightly.

Felix's face was bloody, his breathing was rapid, and his hands were trembling. He squinted and stared at Jason fiercely, saying, 'You... you really dare to do it! I... I will kill you!'

Till now, Felix still didn't know his situation at all.

Amanda had been scared watching from the

side, watching Jason pinch her father's neck.

She shouted excitedly, 'Jason, let go of him! If anything happens to my dad, I will never forgive you!'

How could such a good-for-nothing dare to do this?

However, Jason only glanced at Amanda indifferently and said, 'Amanda, he is your father, but not mine. If he dares to beat Cindy, he has to pay the price!'

His words made people feel as if they had fallen into an ice valley.

Amanda had never thought that Jason, who had always been a good-for-nothing, could have such a strong will like he was showing today.

That was the Yang Family's leader.

Seeing this scene, Cindy reacted after a while

and said in a hurry, 'Jason, let go of him. That's my grandfather!'

Yes, it was her grandfather after all.

Cindy couldn't bear to watch her grandfather being held around the neck like this by Jason.

Jason raised his eyebrows, looked at Cindy, and asked very seriously, 'Cindy, he asked people to beat you indiscriminately, and threatened you and Angela. Are you sure you want me to let go?'

Cindy was also very conflicted in her heart. After thinking for a moment, she said, 'After all, he is my grandfather. Even if he has made is a big mistake, I have to forgive him.'

Jason was silent. He didn't say anything and slowly loosened his hand.

Felix's whole face turned red. The moment

Jason loosened his grip, he opened his mouth wide and took a deep breath.

At that moment, he had really felt the threat of death.

For so many years, he had never suffered any hardship.

But now, he had almost been killed by a good-for-nothing like Jason.

'Cindy, take your parents out. I want to have a good talk with the old master.'

Jason said suddenly in a serious tone, and his eyes revealed something that could not be explained.

'Okay.' Cindy didn't know what to do, but now she could only believe in Jason.

'I hope that he won't cause any more trouble.'

Because the old man was in the room, Jason's

position was very advantageous, so the people outside did not dare to act rashly.

Jason said coldly, 'Old Master, ask your men to withdraw from the old house. Believe me, I have the strength to kill you before they can take action.'

Until now, Felix's head was still buzzing. After thinking for a while, he waved his hand angrily and signaled the people at the door to leave.

Meanwhile, Cindy took Amanda and Charles out of the house.

'Jason, don't create any more trouble. Talk to grandpa nicely.' Cindy turned around and said this the moment she left.

She was worried that Jason, with his hot temper, would do something irrational.

'Okay, I promise,' Jason said with a smile.

Soon, only Felix and Jason were left in the

room.

Sitting on the single sofa, Jason went straight to the point and said, 'Old Master, what kind of family do you think the Yang Family belongs to in Shang Jiang City?'

Felix had come to his senses at this time. Hearing Jason's question, he couldn't help sneering and said, 'Jason, even if our Yang Family is not a first-class family in Shang Jiang City, it is at least a rich family. What's wrong with you? You are just a useless person. Do you still want to hurt our Yang Family?'

Felix was very disdainful of Jason's current attitude and expression.

What did he mean?

'Do you want to attack the Yang Family?'

'He's just a loser!'

However, Jason smiled calmly. He took out his mobile phone and dialed a number. He looked at Felix and said, 'Do you want to see how easily I can destroy the Yang Family in just ten minutes?'

Thud!

Felix's heart suddenly trembled. Looking at Jason's indifferent smile, he suddenly had a sense of crisis.

This kind of sense of crisis made Felix feel very uncomfortable.

'What's going on? I can feel such a strong pressure from him, a good-for-nothing.'

Impossible!

After a moment of silence, Felix said slowly, 'Jason, I came here too hastily today. Maybe it's really Travis' fault. Let me go back and talk to Travis. Why don't we just pretend this

never happened?'

Felix was scared out of his wits.

Yes, he felt unprecedented pressure from Jason.

And this pressure made him have second thoughts.

However, Jason did not pay attention to this. He just smiled faintly and said, 'If a father does not teach his son a lesson, nothing good will come of the Yang Family. I have taught Travis a lesson during today. But, Old Master, why are you in a hurry to stand up for him? Could it be that the whole Yang Family is less important than Travis?'

After saying this.

The next second, the phone was connected. Jason said calmly in front of Felix, 'Joe, I want all the industries of the Yang Family to

bankrupt within the next ten minutes. In addition, all the evidence showing that the Yang Family has obtained benefits through illegal means, will be handed over to the law enforcement!'

Chapter 133

Hearing Jason's words, Felix sneered instinctively.

'Are you kidding me?'

Just ten minutes to bankrupt the entire Yang Family?

'Jason, do you know how many assets does Yang Family own? Twenty billion dollars worth!'

Felix smiled coldly, and his eyes revealed his contempt for Jason. He said, 'Do you think you can bankrupt the Yang Family with just a call? You are so naive.'

Felix shook his head and suddenly felt that his worries were unnecessary.

Jason was just a good fighter. Did he really have the means and ability to make people go bankrupt instantly?

Am I getting old?

He had been scared by Jason, who was in fact such a coward.

However.

Jason smiled calmly and said, 'Since you

don't believe me, then let's start with Jacques. He is Travis's father. It's his responsibility for not teaching Travis well.'

After that, Jason called Joe and said, 'The plan has changed. I want the Yang's industries to go bankrupt one by one, starting from Jacques.'

On the other end of the phone, Joe replied very respectfully, 'Okay, Young master, please wait a moment. I'll deal with it right away.'

After hanging up the phone, the room fell into silence again.

Felix did not understand why Jason had such confidence.

'Well, I'll wait and see.'

At the same time, Jacques was in his company, looking for several top-ranking local bullies in Shang Jiang City. He wanted to teach Jason a painful lesson.

'Remember, just disable him, don't kill him.' Jacques said with a cold face.

Several local tyrants took the money and said with a smile, 'Don't worry, Mr. Yang. We've been working together for so many years. You will be satisfied.'

Jacques nodded and his eyelids jumped

wildly.

At this time, a female secretary rushed in in a panic and shouted, 'Boss, something serious has happened! All the foreign traders has stopped their supplies and the eight domestic branches have also just received the notifications from the suppliers. They have also received a tax notice just now that our company has been shut down and all the financial and account books have been taken away by tax officers!'

The secretary looked very flustered. All of a sudden, so many big events had all taken place in the company all of a sudden!

Every single one of them was enough to cause bankruptcy of Coastal Trading!

Jacques's heart trembled!

'What's going on? Make it clear, why are they ending the funding? Isn't our financial department doing a good job? Why are we being investigated?' Jacques was anxious.

Which company would have no problem with their finances?

If this was discovered, he, Jacques, would be put in jail for at least ten years!

'Boss, we don't know. It is said that we have

been reported by a member of public,' the female secretary replied in a panic.

Reported by a member of public?

Jacques stood up from his seat, beads of sweat rolled down from his forehead. He slammed the table and said, 'It should be fine. Our accounts are very detailed. There won't be any problems. Now the problem is why the domestic and foreign suppliers have stopped their supplies?'

'Are you kidding me?'

Coastal Trading was a domestic trader, as well as being a foreign trader!

Now things were in short supply, Jacques would have to pay a lot of money to find the goods again. This was a matter of time and money.

The secretary hemmed and hawed for a while and eventually said, 'They replied to say that they have found a new business partner, whose price is half of ours.'

'What? Half of it? Wouldn't that just make very little profit?' Jacques was shocked.

With half of the price, there would be almost no profit at all.

Therefore, he was very sure that he had an

opponent now!

At that moment, Jacques's heart was in a mess. He quickly said, 'Hurry up and find out who has introduced those partners. We must find out! I'd like to see who is messing with me.'

After the secretary left, there were only Jacques and a few local tyrants left in the large meeting room.

They knew that Jacques's business was now in danger, so they did not stay and left one after another.

However, Jacques's butt had not yet hit his chair properly, the secretary rushed in once again with a look of extreme panic.

'What's the matter? Speak slowly!' Jacques also realized that something had happened yet again.

'Boss... Boss, our downstream retailers have all asked to return all the money as compensation!' The female secretary swallowed loudly as she said this.

'All? Compensate all the money?'

Jacques was excited. His breathing became rapid and his face was red!

Once he compensated the money, his Coastal

Trading would go bankrupt!

Ten billion dollars worth of assets!

Was he going to be destroyed in this way?

'Find someone to stop this! We can't return the compensation!' Jacques said fiercely.

The secretary said with a tearful tone, 'No, boss. They have blocked the doors of all the branches and asked for compensation. There is something wrong with our goods. All of them are inferior. The businessmen have sent people to investigate.'

Hey!

Jacques's heart broke.

'Inferior? What's going on?' Jacques was completely panicked. If this was proven true, he would not only go bankrupt, but also go to jail!

The secretary cried and shouted, 'I don't know, the businessmen and tax officers are here, they're downstairs. They are looking for you. Now the security guards are stopping them at the door.'

Jacques suddenly collapsed, fell down on the seat, and looked at the chandelier hanging on the ceiling in daze.

They had found him so quickly.

He didn't even know where the inferior goods had come from.

This opponent must be very strong!

'He's trying to torture me to death!'

Jacques did not know when he had offended such a powerful opponent.

There was no time to think about it. Jacques quickly took out his mobile phone and called his father. Now, only his father could save him.

Soon, Felix, who was in the Jiang family's old house, received a phone call from Jacques.

The ringtone was like the sound of the devil.

Felix stared at the phone on the table and did not dare to answer it for a while.

It was less than ten minutes since Jason had said that Jacques's Coastal Trading would go bankrupt.

Could it be...

Impossible!

'Old Master, answer it. It must be Jacques who is asking you for help.' Jason calmly took a sip of tea as he said this.

Felix was dubious. He picked up the phone and heard Jacques' crying voice. 'Dad, you

must save me. The company has gone bankrupt, and the businessmen and tax officers have come to get me.'

Thud!

Felix's heart suddenly throbbed, and his eyes trembled as he looked at Jason, who was calm.

He had done what he said he would.

'Jacques, what did you say?' Felix still did not believe it and asked in a trembling voice.

'Dad, the company... the company has gone bankrupt! They came to me and wanted to take me away. Please think of a solution quickly.' Jacques was very anxious and terrified.

Once he was caught, he would definitely go to jail!

At that moment, Felix was completely in a panic. He looked at Jason and asked, 'Did you really do it?'

Jason nodded and said, 'Yes, it's just a beginning.'

His words shattered Felix's defense line, as if the sky and Earth were falling apart.

Jacques, who was on the other end of the

phone, naturally heard it. He asked curiously and nervously, 'Dad, who are you talking to? Who did it?'

Felix said in a trembling tone, 'Jacques, it was Jason who organized your company's bankruptcy.'

Although Felix didn't want to believe it, he had to believe it since the fact was right in front of him.

Jason had really done it!

Who on Earth was he?

In less than ten minutes, Jacques's company had gone bankrupt!

'Horrible! It's so horrible!'

Was he still the good-for-nothing son-in-law of the Jiang family?

Jacques was stunned when he heard this. It took him a long time to react. 'Dad, how is this possible? Isn't he a loser?'

Jacques couldn't believe it.

He was had been discussing how to ruin Jason with others just now.

At this time, his company had gone bankrupt, and it was Jason who had done this?

Felix sighed and said, 'He's right by my side

now.'

After that, Felix handed the phone to Jason. Jason took it and said with a smile, 'Jacques, you have a good son. These are all the sins your Yang Family deserves.'

Jacques thought for a moment and said, 'Jason, I don't know what Travis did wrong, but since he has been disabled, let's end this matter. For the sake of you being the grandson-in-law of the Yang Family, stop.'

Jacques had no choice. He was a good-for-nothing who he had always looked down upon. He suddenly gave him a fatal blow. What could he do?

Fight back?

Downstairs were the two groups, waiting for him to leave.

However, unexpectedly, Jason said, 'There is no turning back from after you have done something wrong. Enjoy your last moments of freedom.'

After that, Jason hung up the phone. Then he looked at Felix coldly and said, "Old Master, I know you know a lot of people. You can start resisting. I hope you won't let me down.'

Felix was stunned and his heart trembled

violently.

Suddenly, his eyes turned cold and he said, 'Jason, are you sure you won't forgive my Yang Family?'

'If the Yang Family is not destroyed, it will be difficult for me to sleep and eat. Moreover, this is the price you should pay,' Jason said calmly.

Felix's face suddenly changed, but he had seen a lot of things for so many years. He quickly calmed down and said, 'Jason, I have to admit that I have underestimated you. But I advise you not to show too much power, and you should spare people whenever you can. The Yang Family is not a softhearted people. If you want to attack the Yang Family, you have to think about the consequences!'

Felix understood that Jason only had a little strength and at most some good relationships with a few people.

However, if he attacked the Yang Family like this, he would definitely exhaust his strength and contacts eventually.

Another possibility was that he was bluffing.

It was very likely that making Coastal Trading go bankrupt was the extent of Jason's

greatest ability.

Therefore, Felix was very confident that he was not able to fight against the whole Yang Family in Shang Jiang City, except for a few other big families!

When he dialed the phone, Felix was still as steady as Mount Tai. He said, 'Fang, I have some trouble here, so I need your help.'

Chapter 134

A grand voice came from the other end of the phone, with a little bit of vicissitudes of life.

'Old Yang, what's happened? It's unlikely for you to call me at this hour.'

At that moment, Morgan was reading tomorrow's work record in his study at home. He was wearing an old-fashioned pair of glasses and had grey hair.

He looked like he had been in a high position for a long time, and every word and every line of his had a formal tone.

Felix had been a good friend of his for many years. Back then, the two of them worked hand in hand in the government, making a lot of achievements.

It was just that Felix had retired early, but his prestige was still there, especially when there were many disciples.

Felix glanced at the calm Jason and said, 'Old Fang, there is something wrong with my son, Jacques's company. The tax manager went to him and said that there is something wrong with the company's accounts. Please help me

to settle the problem. You should also inform Old Sun that the commercial office said that Jacques' Coastal Trading goods are inferior. Please do me a favor. You are familiar with these two people. Please ask them to help me.'

Although Felix was old, his mind was active. He knew very well that if he wanted to save Jacques, he had to contact his old friends. It was mainly because Morgan was still in the government and had the right to speak.

'Something's wrong with Jacques's company? Haven't they been doing well all this time? How could it be so sudden?' Morgan sat up straight and took off his presbyopic glasses in shock.

It was impossible that he hadn't seen any benefits from Jacques after all these years. As a junior, it was understandable for him to show some respect to his elders.

However, this time, this was a huge favor for him to be involved in.

Therefore, Morgan also understood that once there was something wrong with Jacques, he couldn't get away too.

'Travis, the son of Jacques, had provoked

some people. The other party attacked Jacques's company. All right, you don't have to worry about anything else. You can ask these two people to clear things up.' Felix was also feeling anxious. He still needed to find another person.

'Okay, Old Yang, I'll do it now. Wait... Wait! Who are you? Who let you break in? Get out!'

Suddenly, an angry roar came from the other end of the phone.

Following, Felix heard a voice coming from the phone, 'Morgan, you are suspected of taking bribes, exploiting power and money. Now you are officially under arrest. Come with us!'

Hearing this, Felix's body trembled instinctively.

He shouted anxiously, 'Morgan, Morgan! What's going on? Who has broken into your house?'

With a click, the phone was picked up, and a middle-aged man's voice came out from it. He said with a faint smile, 'Felix, I am sorry to inform you that your line has been cut. Morgan has officially been arrested. Prepare yourself too.'

Thud!

Felix panicked and came to his senses. He quickly dialed another number, which was Jackson's. 'Hello, Jackson, is there something wrong? Your uncle has been taken away.'

'Dad, something has happened! I have just been fired. Now, two men are waiting for me at the door. You must save me!' Jackson's call for help came from the other end of the phone.

Upon hearing this, Felix's whole body was wet with a cold sweat!

Morgan was a spy who had been hidden by him for many years to convenience Yang Family doing business in future.

Jackson was also the one who had been sent into the system by Morgan. But now, he had been caught too!

He had been scheming for most of his life, and these two spies had been found so easily!

They were the support and foundation of Yang Family for their future!

Jacques's company had become bankrupt. While Jackson and Morgan had both been

arrested!

The cold sweat broke out all over Felix's body, and his hands could not help but trembled.

At this moment, he understood what Jason had meant about the feeling of his family being destroyed.

'Did you do all of of this?' Felix asked in a trembling voice, enduring the shock in his heart.

Jason sat on the sofa indifferently. He glanced at his phone and said, 'The next one is Xavier Yang.'

Xavier?!

Felix trembled all over and was about to call his favorite grandson to remind him to be careful.

However, his cell phone suddenly rang at this time!

It was Xavier!

For a moment, Felix did not dare to answer the phone. His face was pale and he was afraid that the phone call would bring bad news.

'Just answer it. Some things are destined. It will be the same result if you find out later,' Jason said calmly.

Felix shook his hand and picked up the phone. At once, Xavier's anxious voice came from the other end, 'Grandpa, something had happened! There has been an accident in the Oasis project in the south city branch of the company. The contract has been leaked and the project has collapsed. We are going to have to pay six billion dollars for the breach of contract!'

Six billions!

Felix almost couldn't breathe!

His Yang Family's total assets were just about ten billion dollars. Adding onto the previous investment of ten billion dollars, he only had twenty billion dollars!

Now that Jacques's company had gone bankrupt, he had already lost ten billion dollars!

However, did he not dare to pay the six hundred million dollars compensation?

The Oasis project development in the south city was the one of the Sheng Ding Group's projects.

He couldn't go back on his word!

'I'll pay! We must settle the problem with Sheng Ding Group properly and strive to seize

this project with both hands. Then we will have a chance to stage a comeback!' Felix gritted his teeth and said with his eyes full of scarlet red.

Yes, he still had a chance!

As long as the project was still there, his Yang Family would not fall!

At the worst, his Yang Family would not make any money with this project, but if his reputation was saved, he would still have a chance in the future!

However, the next second, Xavier shouted, 'Grandpa, no, Joe, CEO of Sheng Ding Group, called me in person and said that the Yang Family will no longer take over this project! We will not only need to compensate six hundred million dollars, but our two hundred million dollars deposit is also gone as well.'

This time around Felix collapsed. He fell on the sofa, clutching his chest, and kept sobbing.

How could this be?

Jacques's company had become bankrupt!

Jackson had been caught!

The south city's Oasis project had lost eight hundred million dollars!

'What on Earth has happened? Is this world crazy?'

Even if Felix had great power, he couldn't let the Yang Family face such a dangerous abyss in such a short time!

Felix now regretted it so much that his heart was now bruised with regret!

Only then did he realize how stupid he had been to provoke a person like Jason.

He was not a good-for-nothing. He was a demon!

Felix suddenly came to his senses and quickly picked up his mobile phone. He still had an alternative, the angel investor!

As long as the investor could continue to invest in the Yang Family, he would have a chance to turn the situation around!

Mr. Smith, yes, Mr. Smith!

The investor had said that it was from Mr. Smith.

Felix couldn't wait to find the mysterious rich man, Mr. Smith.

However, it was at this moment.

Jason looked at his mobile phone indifferently, then grinned and said, 'Old

Master, are you looking for the foreign investor who invested ten billion dollars last time to save you?'

Felix was stunned and glanced at Jason. From his eyes, he could see that he was sure to win.

Could it be that Mr. Smith...

'No, it's impossible!'

Felix kept shaking his head and shouted unwillingly, 'It can't be you! It's absolutely impossible! You're a good-for-nothing, the good-for-nothing son-in-law of the Jiang family!'

He couldn't believe it!

However, the next second, Jason dialed a number with his mobile phone and said, 'Barrett, take back the one billion dollars investment.'

'Okay, my honorable Mr. Smith, I'll do it right away.' It was a very respectful voice from the other end of the phone.

At that moment, he was in the capital city, and he had already booked a flight to Shang Jiang City the day after.

As soon as Jason finished speaking, Felix's mobile phone rang.

He hurriedly picked it up and wanted to hear some good news.

However, there was an anxious voice from the other end of the phone, 'Old... Master, our family has gone bankrupt! All the investment of one billion dollars has been taken back just now!'

Plop!

Felix couldn't stand this pressure, his whole person collapsed on sofa and he looked at the chandelier with his dull eyes.

He was over. The Yang Family was over.

In less than twenty minutes, the huge Yang Family had suddenly fallen from heaven to hell.

At that moment, Felix collapsed on the sofa as if his whole body had been drained of blood.

Jason got up and looked silently at Felix, who was crying on the sofa. He said, 'It's all you Yang Family's fault. You have to swallow the bitter fruit you have planted.'

After that, Jason was about to get up and leave.

But at this time, his cell phone rang. When he saw the caller ID, Jason frowned deeply!

He turned around.

Felix held the phone in his hand and knelt on the ground. At that moment, he suddenly looked decades older and said, 'Jason, I beg you to forgive the Yang Family!'

Bang! Bang! Bang!

Felix was an old man. Immediately, he knelt down in front of Jason and kept kowtowing and begging for forgiveness.

The lofty Felix, like an old man who was in his declining years, knelt there, begging for forgiveness.

Jason looked at him coldly and answered the phone.

A female voice from the other end of the phone said, 'Jason, I heard from my fourth uncle. Grandpa also sent me a text message just now. I... I want to ask you to forgive the Yang family.'

Silence.

Jason said indifferently, 'Sister Gabrielle, I'll give you two choices. One, you can save the Yang Family; two, you can become Barrett's student.'

Gabrielle was the only person in Yang Family who treated Jason and Cindy well. So, from

the beginning to the end, Jason had no intention of attacking Gabrielle.

But now, she was begging Jason to forgive the Yang Family, so there was only one chance, and she had to choose it herself.

Gabrielle, who was on the other end of the phone, was silent. After a while, she said, 'I choose to save the Yang Family.'

'Okay.' Jason replied and hung up the phone.

Turning around and looking at Felix who was trembling and kneeling on the ground, Jason said coldly, 'For Gabrielle's sake, the Yang Family wouldn't die, but don't try to stir up a storm. From now on, your family will vanish into the crowd and go out of Shang Jiang City. I don't want to see anyone from your family appear in front of me. Otherwise, don't blame me if I'm ruthless!'

After that, Jason didn't look at Felix who was kneeling on the ground and constantly kowtowing. He opened the door coldly and walked out of the house.

Outside the house, Cindy and others were waiting anxiously.

Seeing Jason came out safely, Cindy breathed a sigh of relief in her heart. She

immediately ran over and hugged Jason. She cried with tears in her eyes, 'Don't leave me alone in the future. I can't bear it without you.'

Jason held Cindy in his arms and said with a smile, 'Okay.'

On the other hand, Amanda rushed into the house in a hurry. When she saw her old father kneeling on the ground, she immediately shouted, 'Jason, what have you done to my father?! You useless swine!'"

Chapter 135

Jason ignored Amanda. He glanced at the hatchet men standing outside the house with her eyebrows crossed and said coldly, 'Do you still want to attack me?'

Those people looked around. When they saw Felix kneeling on the ground in the house, they silently retreated.

Then, Jason took Cindy out of the Jiang family's old house.

Before leaving, Cindy took a look at the situation in the house and asked Jason, 'Jason, what did you do to my grandfather? Why was he kneeling down?'

Cindy was scared!

This scene was so shocking!

That was the Yang Family's old master!

It was her grandfather, a stubborn old fogey!

At that moment, he was kneeling on the ground with tears streaming down his face.

Jason... What exactly had he talked about with the old man?

Jason looked at Cindy and said, 'I will tell you in the future. Now, I will take you to the hospital to treat the wound on your face. If there is a scar, it will not be beautiful.'

Cindy's words were stuck in her throat. Looking at Jason's side profile, she wanted to ask but dare not to. She could only rolled her eyes at him.

At this time, he still said these flirty words.

Jason had changed, and he had really changed.

That kind of sense of security was something that Cindy had never experienced.

Currently, Jason seemed to be able to do anything.

It was also because of this that Cindy felt unprecedented pressure.

When they arrived at the hospital and dealt with her injuries, Jason and Cindy went to Angela's room to accompany her.

Angela was going to have her operation the next day.

That night, Cindy and Jason couldn't fall asleep, and both of them had their own thoughts.

The next day, news of the Yang Family's

bankruptcy spread like wildfire, causing a stir in Shang Jiang City. It also became a hot topic for many people to talk about.

The Yang Family was considered a second-tier family in Shang Jiang City, especially Felix, the Yang Family's old master. In the past, he used to be a high-level official in the provincial government. Although he had retired, he still had many disciples.

However, the Yang Family had gone bankrupt overnight.

Moreover, the Yang Family actually had to move out of the family's courtyard belonging to the Yang Family Village overnight. No one knew where they had gone.

As for those disciples of Felix, after the incident happened to the Yang Family, they surprisingly chose to be silent. No one spoke of the Yang Family.

The news spread quickly like wild fire.

Even in the hospital, there were a lot of people discussing, because this matter had already been on the news.

All the companies under the name of the Yang Family had declared bankruptcy.

On the TV, Felix seemed to have become several decades older than he was the night

before. After announcing the news, he left in a hurry.

'Jason, tell me, what happened last night?'

Cindy was shocked the moment she got the news, and then she found Jason who had just came back from buying things.

She could not believe that the Yang Family had gone bankrupt overnight.

Had this really been done by Jason?

Where did he get such power?

Jason knew that this matter couldn't stay hidden, but he didn't intend to admit it. He shook his head and said, 'I don't know. The old master answered several calls last night. Just like that, we didn't talk about anything else.'

Cindy was dubious, especially when she looked at Jason's sincere eyes. She said suspiciously, 'You really didn't do it?'

Jason smiled awkwardly, scratched Cindy's nose and said, 'What are you thinking? Do I have that ability? If I had that ability, I wouldn't need to be looked down upon by your family.'

Cindy rolled her eyes at him and said, 'I don't look down on you.'

Yes, if Jason had such an ability, why had he

endured this family for three years?

Why did he want to be a good-for-nothing who was willing to be ridiculed by everyone?

Looking at Jason, who was laughing and joking, Cindy was very flustered and asked, 'Is there any problem with Angela's operation today?'

Jason put his arm around Cindy's shoulder and comforted her, 'Don't worry, it will be fine.'

At nine O'clock in the morning, Angela was officially pushed into the operating room.

Cindy and Jason sat outside the operating room and waited anxiously.

After two hours of operating, Angela was safely pushed out of the operating room.

Professor Tang took off his mask and said excitedly, 'Mr. Smith, Miss Jiang, the operation was very successful.'

Hearing this, Cindy burst into tears and they rolled down her cheeks. She took Hermin Tang's hands very excitedly and thanked him, 'Professor Tang, thank you, thank you so much!'

Hermin Tang looked at Jason and said, 'It's all I can do. The rest of the recovery will be carried out according to my plan. Four

months later, Angela should be able to be discharged from the hospital.'

'Thank you, Professor Tang. Thank you for your hard work.'

Jason thanked him and pulled Cindy to look at Angela through the glass window of the ward who was still in the period of anesthesia. His eyes were full of love.

'Can you rest easy now?' Jason put his arms around Cindy's shoulders and said.

Cindy nodded and wiped her tears.

She had been waiting for this day for too long.

Meanwhile, in the old house of the Jiang family, Amanda was hysterical and made a big fuss.

Since the Yang Family had gone bankrupt, she, Amanda, had lost the support of her family. What about her position in this family?

When she walked out of the door and met her neighbors, what would her reputation be?

The news about this matter was also on the national broadcast.

She received a few messages from her old friends early in the morning. Their words were full of joy at her misfortune.

'These cunning friends really wished for this day. One by one sent messages and pretended to be merciful. What's the point of having crocodile tears?'

Amanda was mad. She called her father and brother, but none of them answered.

After thinking for a while, she sat on the sofa and called her second sister.

'Second sister, what should we do? Our family has gone bankrupt. We will be okay, right? Do we need to compensate the money as well?' Amanda was in a panic.

She inquired about it and found out that the Yang Family had gone bankrupt and was going to lose more than ten billion dollars!

The Yang Family only had ten billion yuan. What should they do about the rest of the money?

Jasephine was also very nervous on the phone and said, 'Amanda, don't worry about this matter. Anyway, our father didn't give us many benefits. In his heart, he only cares about our eldest brother and our fourth brother. I don't care about this matter. It's the Yang family's fault anyways, it has nothing to do with me. I advise you to quickly break off the relationship with our eldest and fourth

brothers. I've heard that they still owe two hundred million dollars!

When the great disaster came, Yang Family's two daughters didn't want to get involved with it. They thought about it in the most realistic way!

When Amanda heard that there was still two hundred million dollars left, she was scared and hurriedly said, 'Well, well, well! I'll break off relationship with them right now!'

After hanging up the phone, Amanda couldn't wait to block her elder brother and little brother's contacts

After all this, she was still worried. She pulled Charles to negotiate and said, ' Charles, let's move. We can't live here anymore.'

Charles had been annoyed for a whole day. Their father-in-law had gone bankrupt and the Yang Family was ruined.

He as a son-in-law, had a dark future.

'Moving? Why?' Charles asked in confusion.

Amanda slapped him on the arm and scolded, 'You are so stupid! My dad still owes two hundred million dollars! What if he asks us to borrow money from selling the old house? I don't care, anyway, I just want to move! Tomorrow, you go out to search for houses

with me and sell this old house. I heard that the house price has risen a lot recently. Our old house is quite valuable. It can be sold for seven or eight million dollars. At that time, I will add the one million dollar that Jason gave me last time and borrow some money from your brother to buy a small bungalow!

Amanda had already been planned this for a long time.

Second sister, Jasephine, could live in a small villa, but why couldn't Amanda?

Hearing this, Charles' face was full of unwillingness. He said, 'That's your dad. If he really wants to borrow money, can we not borrow it? Besides, why do we need to buy a bungalow? It's enough to buy a house just one hundred square meters in size.'

Amanda was unhappy when she heard this. She slapped him and scolded, 'You behave just like a loser like that loser Jason! That's my dad. I won't borrow it if I don't want to. Hurry up and go out with me to search for houses. We must buy a bungalow!'

Then she added, 'By the way, call Jason. He must have hidden some private money. Last time in the antique market, I... he broke a small vase and compensated ten thousand dollars. Don't you think he was stupid? He

must have been scammed by people.'

Charles was very helpless. It was really unlucky for him to have such a wife.

If it weren't for her position in the Yang family, Charles wouldn't have married such a horrible woman.

Seeing that Charles didn't move, Amanda called Jason with her mobile phone.

Soon, Jason's voice came from the other end of the phone. Amanda's face became cold immediately as she said in a low voice, 'Jason, if you don't want to divorce my daughter, you have to take out your private money and hand it over. Our family wants to sell the old house and buy a bungalow. We still need about one million dollar more.'

'By the way, the wedding house of Cindy and yours should be sold too. Since we are getting a bungalow, I'd save you guys a room.'

At the same time, Amanda also proudly raised her chin to Charles.

Jason was in the hospital. After glancing at the busy Cindy, he walked to one side and asked, 'Mom, do you want to sell your house and move?'

'Yes, the Yang Family has gone bankrupt. What if they want to borrow money from us?'

Tomorrow, we will move. You and Cindy better move too.' Amanda were kind enough to remind him.

Jason smiled helplessly and said, 'Mom, I've bought a house. If you have time, I'll take you and father to check it out'

'You bought it?' Amanda was very surprised, and her tone was high. She sneered and said, 'Jason, what's wrong with you? Can a good-for-nothing like you afford to buy a house?'

Amanda disdained him in her heart. She knew what her son-in-law was like.

Even if he had hidden his private money, it could be only tens of thousands of dollars. How could he really have the money to buy a house?

Even Amanda paid some money for Jason and Cindy's house.

As long as the house was sold, she would almost have the money.

Jason was helpless and pursed his lips. 'Mom, I really bought it. It's in Dragon City...'

The Dragon City!

The Palace No.1 was worth one hundred million dollars!

'What the hell are you buying? Do you still

want to talk about the bungalow in Dragon City? Do you know where it is? It costs millions of dollars to buy a house there! Come back quickly! Remember to bring back all your private savings, or you can sell your wedding house to make up for it!' Amanda was very angry and hung up the phone.

'Jason is getting more and more absurd now. He even dared to brag.'

The Dragon City?

'Are you kidding me?'

Amanda did not take it seriously.

Jason hung up the phone, touched the back of his head, and heard the clicking sound of high heels behind him. Cindy came over and casually asked, 'Why was my mother looking for you?'

'She wants to sell her old house to buy a bungalow and asked me to share some money,' Jason said with a smile.

Cindy frowned and said suspiciously, 'To buy a bungalow? What does she want to do? Where did our family get so much money?'

'It's okay, Cindy. In fact, I have already bought...' Jason smiled and said.

Chapter 136

Before he could finished his words, the telephone in Cindy's pocket rang.

She rolled her eyes at Jason and said, 'No matter what my mother says, you don't need to give her any more money. She always does things like this. She will be fine soon.'

After saying that, Cindy crossed her arms over her chest and went to the side for some phone calls.

Jason was silent. He looked at Cindy's back and said to himself, 'Forget it. When Angela has recovered, I'll bring you to move into our new house.'

On this day, the incident concerning the Yang Family's bankruptcy was becoming more and more intense. All the families and forces were guessing which big shot had done it.

'His means were amazing!'

They inquired about it for a while before they understood how horrible this thing was!

One night!

Overnight, the Yang Family had gone bankrupt

and fallen down to the bottom.

And the reason was that the Yang Family had offended someone.

Who was this man?

It had become a secret that many upper-class families and forces in Shang Jiang City wanted to find out.

In other words, Jason's small move had attracted the close attention of all the prominent figures and families in Shang Jiang City.

Jason accompanied Angela and left the hospital in the afternoon. Amanda made a lot of phone calls to ask him go back to the old house.

Cindy had to go to work again, and she was busy with the cooperation between Tang Ren's branch and Bi Kang.

Therefore, Angela was temporarily handed over to Ashley.

Jason called a taxi and went back to the Jiang family's old house. In the living room, Amanda was sitting with a few cards in front of her, as well as the information for some real estate.

Seeing Jason coming over, Amanda

immediately served him with tea and water. With a flattering smile on her face, she said, 'Jason, come on, sit down quickly. These are the grapes that I have just washed. Have a taste.'

Jason was stunned. For the first time, he felt the enthusiasm of his rude mother-in-law.

It was as if he was sitting on pins and needles.

'Mom, just tell me what's the matter. I'm not used to this kind of treatment from you.' Jason smiled awkwardly.

Charles glanced over the newspaper from the side and couldn't help but smile.

Jason could see the little trick his wife was playing.

Hearing this, Amanda was also very embarrassed. She glared at Charles and then glared at Jason angrily.

'What's wrong with this good-for-nothing? I served him with delicious food and drinks, but he could even say that he is not used to it.'

He was really a loser. He would not be able to enjoy happiness for the rest of his life.

'Well, I won't hide it anymore. You must bring me five hundred thousand dollars. I'm going

to buy a bungalow. If you can't get enough money, I'll sell your's and Cindy's wedding house.'

Amanda sat down and said directly, 'Of course, your father and I will leave a room for you and Cindy. Don't worry about that. But we have three rules in advance. In the bungalow, everything is up to me. You have to do laundry and do housework. When you have nothing to do, you have to clean up the house. By the way, I may ask a few sisters to come over to play mahjong sometime. You have to serve them well and don't embarrass me. Do you understand?'

Amanda said these rules one by one, and the more she said, the more brilliant the smile on her face became.

It was as if she had already bought a bungalow.

Charles shook his head helplessly and sighed, 'I'll go out for a walk.'

Amanda glared at him and knew that he didn't like to listen, so she scolded, 'Old thing, don't live there when I buy it!'

Of course, it was an angry remark.

'Hey Jason, speak up! What do you think with these conditions. After all, if you want to take

advantage of my family, you have to listen to me if you want to live in the bungalow I buy.'

Amanda said arrogantly.

In fact, she was very reluctant to live with Jason, a good-for-nothing son-in-law. But there was nothing she could do about it. Just because she lacked money.

'Mom, don't be so troublesome. I have already bought a house. When Angela is discharged from the hospital, our whole family will move in,' Jason said with a smile.

Amanda was stunned for a moment and then cursed disdainfully, 'All right, Jason, I don't know how much you have. Could you really have bought a house? Do you even have so much of personal savings? Even if you have bought it, it will only be a dozen of square meters at the most. I won't even live there!'

Amanda could not believe that Jason could have bought a house.

It must be a joke.

He was a good-for-nothing who had wasted three years in the Jiang family. What could he do?

No.

Jason glanced at the stalls on the table,

which were selling room leaflets, belonging to Dragon City.

'Mom, here it is.' Jason picked up one of the leaflets for the Dragon City and smiled.

All of a sudden, Amanda's face darkened. She glared at Jason angrily and rebuked, 'Jason, do you think it's fun to joke? Don't you want to contribute? If you don't want to contribute, then just say it. Why beat around the bush!'

This Jason just didn't want to chip in.

'All right, I know. You get out of here. Don't enter my house anymore! When I buy this bungalow, don't even think about living in it.'

Amanda was very angry. She got up and began to drive Jason out of the house.

Jason had no choice but to be driven out of the house by his mother-in-law.

While standing at the door, he heard Amanda's scolding from the room.

After thinking about it, Jason made a phone call to Joe. 'Joe, can you help me find out which houses are on the market at the moment? Cindy's mother wants to buy a bungalow. If she asks about anything, you can do it yourself.'

'Okay, Young master, I know what to do.' On

the other end of the phone, Joe replied respectfully.

After hanging up the phone, Joe immediately informed the secretary and all the real estate dealers in Shang Jiang City.

As long as Amanda went to ask about the purchase of a villa, the price would be reduced by half.

In that case, Amanda could afford it.

After doing all this, Joe replied to Jason. Jason nodded to show that he gave permission.

It was just a present for the Jiang family. After all, over the past three years, Jason had not given anything to Amanda.

When Jason left, Amanda was angry at home alone. She wanted to ask her friends to borrow her money but she couldn't beg them.

But judging from the prices of those villas, she was still short of money.

When Charles came back in the afternoon, she couldn't wait to take Charles to see several real estate options. She was ready to consult first.

Amanda first went to the Split Mountain sales department. She had liked this housing area

for a long time. She heard that her second sister's home was also there, and one villa cost ten million dollars!

Her old house was to be sold for up to seven or eight million dollars, and she should have been able to buy it if she put in a lot of effort to make a deal.

Split Mountain's sales department was really unique. It was very magnificent. The high glass dome had a crystal chandelier hanging down from it, they didn't have floor tiles, but instead a soft carpet. The inside was decorated with platinum and gold, which was generously shared out on every wall!

Moreover, the sales officers here were all tall and beautiful women, and each one of them was beautiful.

But Amanda didn't like it. She hated these little vixens!

'When I was young, I was more beautiful than them.'

As soon as she entered through the door, Amanda went straight to the real estate model. The area was beautiful and luxurious. The surrounding green environment was excellent, and the lake was so close to the bungalow. There were private shopping malls

and theaters around her. It was simply a paradise for women.

When the young and beautiful sales girls saw that someone was looking at the house, she naturally came over with a sweet smile and said, 'Hello, aunt, this set is the most popular one here. There are two bungalows with four floors. Three hundred square meters and forty thousands per square meter. Now there are only two sets left. If you like it, you can sign for it on the spot.'

Upon hearing this, Amanda immediately exclaimed, 'That is to say, it costs twelve million?'

'Yes, Auntie. There are only two sets left.'

Amanda frowned. She liked this bungalow very much, but the price was too high. She couldn't afford it at all. 'Well, I'll look at it again. I'll look at it again.'

Amanda's smile was a little embarrassed. She tugged at Charles walking around it to pretend to look interested, then left.

At this time, a coquettish woman, dressed in a fiery red hip-wrapped skirt, twisted her hips and walked in. She wore heavy makeup and smacked her lips as she looked at it. She said, 'Poor man, if you can't afford it, why have you

come to see a villa? Honey, look, these two must be from the countryside. They have come to see the Split Mountain villas. It's really a shame.'

Next to her was a middle-aged, greasy fat man. He looked at Amanda and frowned with disdain. He said with a smile, 'Hey, you can't say that. The poor also have the right to come see the villas. Although they could never afford it in their life, they can still have a look.'

The coquettish woman scornfully said, 'We should set a rule. We should pay first to check the room and cure the poor people who have inordinate ambitions. They really dirty Split Mountain!'

The two of them humiliated Amanda a lot just by saying a few words.

Who was Amanda?

Was she a person who could endure this?

It was obviously impossible.

At that time, Amanda was very angry. She pointed at the little vixen and shouted, 'What are you talking about? Who is poor? Who says I can't afford it? You are the poor. You are a vixen. You have seduced a married man, but you still have the nerve to talk nonsense. Be careful that the legally married wife finds

you and expose you on the Internet. B*tch!

Amanda was quite sharp-tongued when she scolded others.

Especially, she was right. The woman was a mistress. When she heard this, she was furious and scolded Amanda, 'Bullshit! You are a mistress! You are a pauper. If you don't have money, why have you come to check out the villa? If you have the guts, you can buy it! If you don't have money, get out of here!'

As they cursed, the two of them began to fight.

How could Amanda be the young woman's opponent? After being slapped a few times, she fell to the ground and cried out in pain, 'Someone beat me! Look at her! She beat me! This vixen beat me!'

The salesgirls looked at each other in dismay and hurried to stop them.

Seeing Amanda being beaten, Charles also went up to argue, but the fat middle-aged man punched Charles in the face, causing his nose to bleed.

'F**k! You two old guys dare to hurt my girlfriend. You asking for trouble!' The fat middle-aged man shouted angrily, and his momentum was shocking.

Amanda was scared at once, but she would not let it go. Pointing at the vixen and the middle-aged fat man, she scolded them fiercely, 'Wait and see. I'll ask my son-in-law to come and teach you a lesson!'

Amanda had seen Jason's skills last time, so she said this.

'Okay, you can call him. I'd like to see what kind of person you can call, as long as it's not a poor man.' The coquettish woman sneered coldly with her arms crossed in front of her chest.

Amanda lay on the ground and she didn't want to get up. She called Jason and shouted, 'Jason, come to the Split Mountain's sales department. Your dad and I have been beaten! We're going to be beaten to death! Come here quickly!'

When Jason received this call, he also broke out in cold sweat. 'Okay, Mom, I'll be there right away.'

'What's wrong?' Cindy asked beside Jason. She had just returned from the company.

'Mom and Dad have been beaten in Split Mountain's sales department. It seems to be very serious.' Jason touched his nose and said.

Amanda was really good at making trouble.

'What? My mom and dad were beaten?' Cindy was scared and ran out immediately. She said anxiously, 'Let's go.'

Jason thought for a moment and sent a text message to Joe first. Then he caught up with Cindy and said, 'Wait for me. I'll drive you there.'

Cindy was stunned. She turned around and asked, 'A motorbike? Where did you get it?'

At the same time, she saw a BMW motorbike next to her, which had been ridden by Jason from the company.

When Jason got on the BMW and handed the helmet to Cindy, she looked confused and asked, 'Jason, did you forget to tell me anything? Where did you get this motorbike?'

Chapter 137

Jason put a helmet on Cindy, scratched her nose and said, 'Nothing, it's just the company's bike that I happened ride back just now.'

After that, he quickly started the bike, turned the handle, and the BMW gave out a loud rumbling sound, which was music to ears!

This was a man's dream.

'Hold on tight,' Jason said with a smile.

The bike sped away quickly in a clod of smoke.

Cindy sat behind Jason with her hands tightly wrapped around his waist. She felt so scared!

When passing through a corner, Jason actually made the movements of the racing drivers you see on TV, going down low to the tarmac!

He looked very handsome!

This also caused a lot of passerby to scream and take photos.

'Is this really the useless husband of mine?'

'I can't believe he knows how to do this.'

Cindy looked at Jason's back, and there was no explanation to what enters her eyes now.

She didn't know what else her husband had hidden behind her.

Soon, Jason rode the motorcycle with Cindy has arrived the sales department of Split Mountain villas.

Cindy got off the bike quickly and rushed into the sales department.

Jason had to park the bike, because they did not allow him to park right at entrance. He had to park it in the underground parking lot.

This was the sales department of Split Mountain, which had its own underground parking lot.

When Cindy rushed into the sales department, she saw Amanda lying on the ground, screaming and cursing as if she was going to die.

Charles's face was also full of blood which had come out from his nose. Although it had stopped, his face was pale and he was seriously injured.

'Mom, Dad, are you all right?' Cindy rushed over and hurriedly helped Amanda up from

the ground with an anxious look.

Seeing Cindy coming over, Amanda immediately pointed at the vixen and the middle-aged fat man with tears in her eyes and scolded, 'Cindy, come here, your dad and I were about to be killed by these people!'

Hearing this, Cindy got angry. She pulled Amanda up, glared at the arrogant woman who was still cursing, and asked coldly, 'Were you the one who beat my parents?'

The woman looked Cindy up and down with disdain in her eyes. She was so much more beautiful than she was.

All of a sudden, the woman's jealousy came shining through.

The coquettish woman crossed her arms around her chest and said with a disdainful expression, 'Yes, I hit her. People like your mother deserve to be beaten. A poor couple still dares to come see the villa. Don't pretend if you can't afford it. Get out of here quickly.'

The coquettish woman was very unhappy with Cindy's attitude. Although she was beautiful, her clothes and style were ordinary. She was not from a rich family.

At first glance, the coquettish woman was very confident. It turned out that the whole

family was poor.

Cindy said with a cold face, 'Even if we can't afford it, how can you just simply hit someone? Apologize to my parents, or I'll call the police to deal with this matter.'

Cindy was very reasonable and didn't pester her too much.

However, when the coquettish woman heard this, she sneered and slapped Cindy in the face. She pointed at her nose and scolded, 'What's wrong with hitting your parents? I'm hitting you now. If you are not happy, then call the police! Let me tell you, my brother is a police captain in this area!'

Arrogant! So arrogant!

The coquettish woman have a sense of overbearing money and power.

'You poor people want to call the police? Believe it or not, I'll make my brother catch all of your family'; The coquettish woman said coldly, with disdain in her eyes.

'How dare these poor people fight with me? They really don't know what's good for them.'

When Amanda heard that her brother was a captain, she immediately became timid. She shrank her neck and hid behind Cindy. She pulled her arm and whispered, 'Forget it,

Cindy. We better not argue with them. Let's go.'

Amanda appeared very spineless at that moment.

There was no other way. She couldn't afford to offend them. The b*tch has someone in power among her family.

She was just putting a show. When she was outside, whenever she met with trouble, she would always appear to be coward.

The coquettish woman heard her and immediately laughed. She scolded her sarcastically, 'You really are a b*tch! Now you are feeling scared? A group of poor people have come to Split Mountain to check out the houses. If you don't have any money, get out of here quickly.'

The fat middle-aged man by her side was also angry. He pointed at Cindy and scolded the sales person, 'What's going on here? How dare you let this kind of garbage family in? What is this kind of customer experience?'

'Sir, lady, I'm sorry, it's due to our negligence.'

The salesgirl bowed down to apologize in trepidation. She frowned and looked at Cindy and the other two people, and cursed in her heart with disdain.

At first, she thought that Amanda was a rich woman who had come to check out the houses, but she didn't expect that she would be so poor.

Then what was the place they were looking for?

If they have offended the genuine customer, their sales performance for the day would be ruined.

'Hey, the three of you, get out of here!' The salesperson did not show mercy to Cindy and immediately shouted this with a cold face.

Suddenly!

A cold voice came from the door.

'My mother-in-law and father-in-law came to see the villa. Why are they being kicked out?'

Jason appeared at the door and walked over step by step with a cold face.

His eyes became fixed on Cindy's left cheek at once. There was obviously a red palm print on her cheek. 'Has my wife been beaten by someone while I was parking the car?'

Jason walked up to Cindy, touched her left cheek, and asked with anger in his eyes, 'Who hit her?'

Cindy looked at the coquettish woman with

tears in her eyes. She shook her head and said, 'It's alright. Let's go.'

Cindy was very angry deep down, but she didn't want to cause any trouble. After all, there was an important person in their family, and she, a commoner, couldn't afford to offend them.

However, to everyone's surprise.

Jason said coldly, 'That won't do. In this world, no one can beat my wife. No matter who he is, even if he is a king, he has to kneel down to beg for my forgiveness.'

He was domineering!

The whole sales department was silent.

Everyone stared at the man who had broken in from the door with an incredible look in his eyes.

'What the f*ck! What did you just say? Do you mean that you want to teach me a lesson?' The coquettish woman gave shameful smile.

'This man is a fool, isn't he?'

Dressed in cheap clothes, it was obvious that he was one of the lowest people in society.

He actually had the guts to say those kind of words just now. It was so funny!

The fat middle-aged man also smiled coldly, raised his eyebrows, stared at Jason and said, 'My friend, you are over-confident and want to make trouble. Your mother-in-law and your wife said forget about it. Do you still want to be reckless?'

'Does this guy want to show off in front of everyone and earn face in front of his wife?'

'Well, then I'll make him lose face completely.'

'He's just a loser!'

However, the next second.

Jason turned around and stared at the coquettish woman and the middle-aged fat man. He said coldly, 'Sorry, I have a grudge. You beat my wife, so..''

Before he could finish his words, Jason slapped the coquettish woman in the face without warning!

Slap!

The whole of the sales department heard the noise.

The coquettish woman lost two of her teeth and spat out blood.

It was overbearing!

Jason's behavior at that moment really scared

everyone.

Amanda was also scared at that moment. She had never expected that her son-in-law, who was a loser, could be so fierce.

'He's simply a fool!'

'Her brother is a police captain. He's done. He's in trouble!'

'Jason, what are you doing? Do you want me to be a good-for-nothing along with you? Now, you're in trouble!'

Amanda didn't care about anything else, so she pulled Jason over and scolded him.

Then, she pulled Cindy and Charles and wanted to run away. She said, 'Cindy, let's go. This has nothing to do with us. It's Jason's fault. He is responsible for it.'

This scene shocked the sales department once again.

This mother-in-law really liked to act out in front of others.

She had sold out his son-in-law who had rushed to her rescue so quickly.

Shameless!

However, Amanda didn't care about these strange look now. She just wanted to run

away.

However, Cindy did not move. She still stood behind Jason, stared at Amanda and said, 'Mom, are you serious? Didn't Jason come here because of you? What's the point of saying this now? If you want to leave, you leave. I won't leave!'

After that, Cindy went straight to Jason's side and immediately bent down to apologize to the coquettish woman. 'Sorry, sorry, my husband is too harsh. We will compensate for the medical expenses. Please tell me what it will take.'

Cindy also knew that Jason was in trouble, but she didn't want to leave Jason alone to take the responsibility.

Jason had done it because of her.

However, the coquettish woman obviously would not let Jason go so easily. She hysterically roared, 'You... You poor man, how dare you hit me? Honey, he hit me!'

She was very angry and two white teeth from her mouth had been knocked out. It was painful.

The fat middle-aged man was also furious. He clenched his fist and was about to hit back. 'F*ck, how dare you hit my woman. Do you

want to die?'

However, Jason directly kicked his big greasy belly, and the latter fell back to the ground, making a loud thudding sound.

Jason felt that he was very powerful. After a while, the fat middle-aged man still couldn't get up.

All of a sudden, the coquettish woman panicked and ran to the middle-aged man. She pulled him up, took out her mobile phone and shouted impatiently, 'Don't leave! I'm going to call my brother right now. You're over! Wait for my brother to come, I want all of you to go to jail!'

However, Jason looked at all this indifferently. He took out his mobile phone and called Bruce. He said coldly, 'The sales department of Split Mountain, bring some people here.'

Chapter 138

Cindy was standing next to Jason, watching all of this in silence.

This man was so familiar, but yet so unfamiliar.

Amanda and Charles were already stunned at this moment. They looked at each other with bottomless anger in their eyes.

'Jason, do you know how much trouble you've caused? What are you trying to do? He's a captain. We're all doomed. You've ruined our family!'

Amanda went up to push Jason and scolded him for a while, and then simply sat on the ground and screamed unreasonably.

Jason was very disgusted with Amanda's two-faced attitude. She was just like a dog biting its owners hand after just receiving a treat.

'Mom, it's okay. I can handle it.' Jason said calmly.

'What can you deal with? You're just a good-for-nothing? You have really killed our family!' Amanda cursed angrily, wishing that she could tear Jason into pieces.

This Jason was really a jinx.

If the lady really called her brother over, the whole family would not be able to leave from this place anymore, and they would have to be imprisoned.

'Mom, can you stop with that nonsense? Jason did this for us, didn't he?'

Cindy was really angry. Amanda spat on Jason's reputation in public, which was a joke for everyone.

Amanda was almost going insane. She pulled Cindy and cursed angrily, 'Cindy, are you stupid? Jason beat someone until she was spitting out blood. Her brother is a police captain. If he really goes to jail, we will still have to compensate on behalf.'

At the same time, Amanda glared at Jason indignantly.

'He's such a good-for-nothing who can't do anything he promised!'

'I shouldn't have asked him to help.'

However, Amanda would not admit that she was wrong.

Now, everything was Jason's fault.

On the other side of the room, after the glamorous woman finished her phone call,

looking at this dramatic scene, she couldn't help but stand up and sneer, 'Haha, do you regret it now? It's too late! You hit me like this, and my husband was also kicked by you. This matter can't be solved without you giving us one million dollar!'

This was a blatant attempt at blackmail!

Hearing the one million dollar, Amanda was so angry that she almost burst.

'I don't care. This matter has nothing to do with our family. It's all his fault. He has to compensate you!'

Amanda Yang completely gave up and blamed all of this on Jason.

Then, she held Charles's hand in anger and wanted to run away as quickly as she could.

However, a figure at the door blocked their way and pushed them in. He shouted, 'Who f*cking dared to bully my sister? Do you want to die? Don't you know my name? I'm Max Hu!'

The man who came in was very tall. There were handcuffs hanging from his belt, but he wasn't wearing a uniform. Obviously, he was on patrol in ordinary clothes.

As soon as he came in, the temperature of

the sales department suddenly dropped by a dozen degrees, the temperature was so cold that it made people trembled hard.

In particular, he stared at Amanda fiercely. Holding Amanda and Charles in each hand, he threw them on the sofa and said in a cold voice, 'If we can't solve this matter today, none of you will escape!'

As he said this, the man sat on the sofa and slapped the handcuffs that were hanging from his belt on the table!

This move was so frightening that Amanda screamed on the spot. She hurriedly pointed at Jason and scolded, 'You... shouldn't catch me. It was not me. It was him. It's him, a good-for-nothing son-in-law, who hit her. It's not our concern if you catch him.'

It was done!

She had mercilessly betrayed Jason.

This was Amanda, a realistic mother-in-law.

Slap!

As a result, the bulky Max stood up and gave Amanda a hard slap on her face. He shouted coldly, 'B*tch, shut up!'

This time, Amanda was stunned. She immediately shrank her head and covered her

face with her hands, not daring to speak. Jason looked at all this silently and did not want to make a move at all.

Amanda should have been beaten up by others a long time ago. It was good to teach her a lesson.

At this moment, the coquettish woman rushed to the side of Max along with the fat man, pointed at her mouth and cried, 'Brother, look at him, he is such a fool. You must get him! And all of them must be caught! This matter cannot be settled unless they pay one million dollar!'

Max looked at his sister's injury and immediately flew into a rage. He pointed at Jason and shouted, 'Kneel down and apologize to my sister!'

Brutal and barbaric!

This was Max.

In his eyes, his sister was everything. Whoever was daring enough to hurt his sister, he would kill!

However, Jason looked at him coldly and walked over.

Cindy suddenly grabbed Jason's arm and shook her head at him. She whispered, 'Why

don't we just apologize? Don't make trouble. We can't afford to offend him.'

However, Jason gently patted the back of Cindy's hand and said, 'It's okay. I'm here.'

Of course, Amanda also saw the little movements of Jason and Cindy. She muttered, 'Trash, don't pretend. Let's see what he will do if something happens.'

Max glared at Amanda, who was so scared that she pretended to be dead with her pale face.

At this time, Jason calmly walked opposite Max, sat straight down, and said, 'Tell me, how do you want to solve this matter?'

Max frowned and muttered to himself as he looked at Jason, who was calm and composed.

'This guy is not afraid of me.'

'Could it be that he doesn't know who I am?'

'Haha, how dare you be so arrogant after beating someone. You're the most fearless I've ever seen.'

Max sneered, grabbed the handcuffs on the table, and showed them, 'Are you going to handcuff yourself, or do you want me to handcuff them for you?'

The coquettish woman next to him interrupted, 'I'll handcuff him!'

However, Jason said calmly, 'Don't you just want money. tell me how much do you want.'

Upon hearing this, the group went silent all of a sudden.

The coquettish woman and Max looked at each other and secretly exchanged glances.

Max immediately understood and said with a smile, 'Well, since you have said so, then two million dollars. Then this matter will be forgotten. After all, my sister has been beaten by you.'

Jason nodded and said in the surprise of all those present, 'Okay then, two million it is.'

His words made the three people in front of him burst into laughter.

They didn't expect that this poor guy really had any money. He said that he would give two million dollars if they said so.

However, Amanda was anxious.

'What? Two million? Are you trying to rob us?' Amanda was furious. This was obviously robbery in her eyes.

'B*tch, shut up. It's none of your business!'

Max glared at Amanda, who lowered her head and shut her mouth again, shivering all over.

But in Amanda's heart, she hated Jason so much and cursed him.

As expected, this good-for-nothing was still hiding his personal savings.

It must have been given to him by Joe Qiao in the past.

It was definitely more than one million dollar.

'How dare you, Jason, have you been playing tricks on me?'

The more Amanda thought about it, the angrier she became. She glanced at Jason fiercely, thinking about how to get all his money when she goes home later.

Meanwhile, the coquettish woman looked at her brother with more admiration. Sure enough, as soon as her brother had arrived, there was nothing he could not solve.

In this way, she had confidence in her heart and suddenly said arrogantly, 'It's not enough for you to just pay. You slapped me just now. I have to give one back!'

This woman got an inch and she wanted to take another mile.

Max also laughed coldly and said, 'My sister is right. Just one slap plus two million. Then this matter will be consider settled.

However, an unexpected answer was given again.

Jason said leisurely, 'Well, three million dollars then. Shall we consider nothing else was going to happen?'

As soon as he said this, Max and the coquettish woman took a deep breath.

Three million!

This poor boy was really rich!

'Okay!' Max thought for a moment and looked at his sister. Both of them agreed.

It was worth it to exchange one million at the cost of one slap!

At this time, Cindy was anxious.

Where had Jason gotten three million from? What was he trying to do?

Jason picked up his phone and dialed Bruce Scott's number. He asked, 'Where have you been?'

'Mr. Smith, we are already at the door.' Bruce, together with Paul Reed and a dozen of his brothers, had arrived at the sales department

of Split Mountain.

As soon as he had got out of the car, he received the call from Jason and rushed into the sales department.

When he was at the door, he saw Jason sitting on the sofa and waving at him.

Bruce hurriedly ran to Jason with a shy smile and said respectfully, 'Mr. Smith, I'm here. What can I do for you?'

While speaking, Bruce bowed to Cindy and said with a smile, 'Hello, sister.'

Thud!

Cindy was shocked!

'Isn't that Bruce Scott?'

She had seen him at her grandfather's birthday party a few days ago.

He was a well-known and powerful big shot in Shang Jiang City!

Why would he have come?

'Besides, did he call my husband, Mr. Smith just now? Shouldn't it be Brother Smith...'

Chapter 139

Cindy stared at Jason with doubt in her eyes.

'Who on Earth is my husband? Why does such a big shot like Bruce Scott have so much respect for him?'

Not only Cindy, but also Amanda and Charles also looked really surprised.

They had met Bruce once at the Old Master's birthday party.

The old master was extremely respectful to Bruce.

But now, Bruce was being even more respectful to Jason, the good-for-nothing.

What a joke!

Amanda's were looking suspicious. She glanced around, but she did not find Jason's any better than before.

Because of this, she was even more certain that Bruce was just not some big shot.

'Even a good- for- nothing was so well respected. It doesn't seem like he's that great.'

'Was my father blind? How could he be so

respectful to a ruffian like him?'

Meanwhile, Max was also slightly stunned when he saw that Jason had really called for someone. He frowned and had a bad feeling in his heart.

He and his sister looked at each other and decided that they still wanted the money.

'No one scares me. I'm the captain!'

Anyone who dared to fight back would be caught!

Therefore, Max slammed on the table, and the teacups on table suddenly jumped up, spilling the tea on the table, and he cursed angrily, 'F*ck! Are you only here to watch the show, quickly get my three million dollars, or I'll arrest all of you!'

'Who are you going to arrest?'

Upon hearing this sentence, Bruce turned around with a cold face and glared at Max.

Max was originally angry, and he was about to get even angrier, but when he saw the appearance of the other party, his face immediately turned pale with fear and his heart began to beat very fast!

'What the f*ck!'

ould this be f*cking Bruce Scott, brother

Bruce?'

'That's impossible!'

Max thought that he was in a dream. He blinked his eyes and asked in a trembling voice, 'Are... are you brother Bruce?'

Bruce looked serious. He stood up straight and put his hands behind his back. He looked at Max silently and said, 'That's right. I'm Bruce Scott.'

Crack!

Max was so scared that he fell from the sofa to the floor. He completely ignored his image and got up. He ran to Bruce, suddenly bent down and nodded, trembling all over. He said with fear, "Brother... brother Bruce, why are you here?'

His legs were trembling, and the muscles at the corner of his mouth were jumping.

Max was scared out of his wits!

The man in front of him was a very well-versed underground emperor in Shang Jiang City!

It was very simple!

Who would dare to provoke him?

That would mean that they were courting

death!

Especially then, Bruce's attitude toward that young man was simply very respectful.

It could be imagined that the real identity of the young man was absolutely terrifying!

'It's over! It's over!'

Max's heart was beating hard. He had lost that day, and he had provoked such a big shot.

'I... I'm sorry! brother Bruce, I was too blind to understand what was going on. It's my fault!'

Max suddenly nodded his head and admitted his mistake. Then, under everyone's surprised gaze, he turned around and apologized to Jason, 'This... Mr. Smith, I'm sorry, I was wrong. I was too snobbish. Please forgive me this time.'

With this, Max turned his head, signalled to his sister, and said, 'Quickly, apologize to this gentleman, this lady, and these two elder persons!'

Now, there was only one thought in Max's mind, which was to apologize and beg for forgiveness.

Otherwise, if Bruce got angry, his family would be destroyed.

The coquettish woman had an innocent look. She did not understand why her brother, who was not afraid of anything, would change his attitude so greatly when he saw this person.

She sneered coldly, 'Brother, have you turned dumb? Who is he? Is he worthy of your good treatment? I think he is very ordinary. You are the captain, how can you be afraid of him?'

Max couldn't wait to strangle his sister at the moment. Talking to Bruce like this was digging her own grave!

Bruce looked coldly at the coquettish woman, frowned and asked, 'What's your name?'

Plop!

Before the crowd could react to Max's apology, they saw him kneel directly on the ground with a thud, and his face was covered in tears.

'Brother Bruce! brother Bruce! Please spare my life!'

Max shouted, suddenly kowtowed and admitted his mistake. At the same time, he got up and slapped his sister in the face with anger!

Slap!

Max took a look at his sister. It was all

because he had always spoiled her. She was too pampered.

The clear slapping sound of skin against flesh exploded throughout the entire sales hall!

Everyone was dumbfounded!

'What's going on?'

In the big sales hall, a lot of sales officers and people who had come to see the houses were all stunned at that moment.

Max, who had been so arrogant before, was the captain of the nearby area. He was well-known and had done a lot of dirty work, so no one dared to provoke him.

But now, he had given his own sister a slap.

'Brother, why did you hit me?' The coquettish woman was very shocked and covered her face with grievance.

Today, two of her teeth had been knocked out.

As a result, his brother slapped her twice more.

'What the hell is this?'

'F**k! I asked you to kneel down to apologize to this gentleman and lady! Are you not going

to listen to me?'

Max was particularly angry. His sister was so stupid. She still couldn't figure out the reason even until now.

The crowd was dumbfounded again.

Max and her had just said firmly that it would not be settled unless Jason paid three million dollars.

But he was going to kowtow and apologize right after what had happened earlier?

They didn't understand what was going on. All eyes were on Jason.

What on earth was the identity and background of this ordinary looking man?

Amanda's face was full of shock, and cold drops of sweat dripped down her body one after another. She had thought that Jason must be dead, but she did not expect that Jason could get Bruce to come over with a simple phone call. Now, the strong man who had been full of arrogance just now also lowered his head and admitted his mistake...

Cindy's eyes had become sluggish. She had a general understanding of Bruce's strength and influence, but she didn't expect it to be so exaggerated. He just mentioned his name,

and then Max kowtowed and admitted his mistake.

Cindy couldn't help to look at Jason again.

'What on earth is my husband's background?'

Was it really as simple as owning a restaurant?

'Did he really run away from home?'

For the first time, Cindy was full of doubts about the reason.

However, at this time, Jason said calmly,

'Bruce, don't scare the man. I always stick to my word. Since they want three million, then give them three million.'

After that, Jason took out a card from his pocket and handed it to Bruce, saying, "Help me to get three million dollars now.'

'Okay.' Bruce took the bank card respectfully and then went out in person. He rushed to the bank nearby and took out three million dollars. There were seven or eight bags in total.

Slam!

Seven or eight bags landed in front of Max, all of which were filled with red 100 dollar bills!

The cash were bundled together!

This scene really shocked everyone!

Three million?

Amanda was the first one to become so excited that she almost fainted. Three million!

Jason had really taken out three million!

In this way, Amanda stared at Jason's back with resentment in her eyes and muttered in her heart, 'Good for you, Jason. You said that you didn't hide any personal savings, but you have actually hid so much money!'

Now, Amanda was even more certain that when Jason said that he had helped Joe Qiao last time, he had definitely given a lot more than a million dollar. Looking at it, Jason could have gotten at least five million dollars!

'D*mn wastrel! How dare he keep this from me?'

Amanda was very angry. She was even angrier than when the coquettish woman beat her.

'There's three million dollars here. Do you want to count it?' Jason sat calmly on the sofa and looked at Max, who was standing in front of him with his waist bent.

At that moment, Max wanted to die, and his

whole body was shaking.

Did he dare to take these three million dollars?

He didn't dare!

This was enough money to buy one's life!

However, the coquettish woman ran over confidently, grabbed the money on the table and stuffed it into the bag. She said, 'Take it, why aren't you taking it? This is what he has paid to us!'

'It's three million dollars. So tempting!;

Her brother was too timid. He didn't even dare to take it!

However!

Boom!

Max couldn't stand it anymore. He stepped forward and kicked his sister, like he would have kicked a dog. He shouted, 'If you dare to take it, I'll chop your hand off!'

Then, he turned around and knelt down in front of Jason again. He kowtowed and begged for mercy, 'Mr. Smith, please forgive my sister and I. She is so stupid. I apologize to you and your wife on behalf of her! We were wrong! We will pay, we will pay!'

With this, Max took out his bank card from his pocket and handed it to Jason respectfully, saying, 'Mr. Smith, this has two million dollars on it. I'm sorry for what I have done to you and your wife, as well as the mental damage and medical expenses for the elderly. I hope you can accept it!'

Since that moment, most people knew that Jason's identity was not so simple!

Among all the people present, only Amanda did not approve of this matter. In her eyes, Jason was still a loser.

His money was his own personal savings.

'What the hell Bruce is talking about? He was asked to act and scare him.'

However, she was so happy to watch him admit his mistake. She couldn't wait to take the card from Max's hand and put all the money on the table into the bag. She took it for herself and said, 'Well, I'll take it for my son-in-law. Get out of here.'

Everyone was dumbfounded and looked at Amanda in astonishment.

This person was really shameless!

Jason felt very helpless. He looked at Bruce and shook his head, indicating that he should

just let it go.

What could he do?

His mother-in-law was so money minded.

Bruce shrugged and roared, 'Come in!'

Amanda was shocked and looked up sharply. More than a dozen men in black suits rushed in from the door. She thought that they were there to rob the money, so she hurriedly protected the money from them.

However, the men in black suits just carried out Max and his sister, as well as the middle-aged fat man who had been silent the whole time, and put them in a car.

At this point, Bruce bent down to Jason again and said, 'Then Mr. Smith, I'll leave now.'

After that, Bruce left with his men.

Amanda was very happy and had long forgotten the pain. She couldn't wait to pretend to be rich and said to Jason disapprovingly, 'Jason, I'll take care of the money for you. You can ask me for it when you need it in the future.'

This was not a good place to stay for a long time. Amanda was afraid that Jason would go back on his word. She pulled Charles, dragged a few bags of money, and ran away

quickly.

Jason felt even more helpless. He looked at Cindy beside him and said, 'Let's go. Let's go back.'

Cindy didn't say anything and left the sales department of the villa with Jason. But outside, she grabbed Jason's arm and stared at him. She asked, 'Where did you get so much money? And, what happened to Bruce? Why did he treat you...'

Before Cindy could finish her words, Jason interrupted her and handed her the card. He said, 'Hey, this card was originally for you. I saved some money before I ran away from home. In recent years, I secretly bought some shares and made a lot of money. I planned to take you around the world when Angela is out of the hospital.'

In fact, this card had been acquired by Jason in the bank last time. The deposit on it was ten billion dollars!

But Cindy didn't know that it was saved under her name.

Cindy was stunned and took the card silently. She smiled suspiciously and asked, 'You saved this money? How much is there in the card?'

Jason touched his chin and smiled slyly."Do you really want to know?"

Cindy rolled her eyes at him and mumbled, 'Why? Are there hundreds of millions on this card?'

Of course, this was Cindy trying to make a joke, but Jason nodded and said calmly, 'Well, there should be ten on this card...'

Chapter 140

'There should be ten billion dollars on the card.' Jason said lightly, raising his eyebrows and smiling confidently.

Cindy was stunned and stared at Jason with suspicious eyes. Her heart was beating wildly.

Then, she rolled her eyes at Jason, pinched the fat on his waist, and said angrily, 'You just like to tease me, don't you? If you have one billion dollar, I'll only serve you everyday.'

Hearing this, Jason smiled happily. He put his arms around Cindy's delicate neck and said, 'This is what you have promised. Let's go back and write it in a contract.'

Cindy slapped his hand and scolded him with a smile, 'Well, you really do have ten billion dollars. If you don't want to tell me then just forget about it. But you can't escape from this matter today. You must give me an explanation when we reach home.'

Cindy raised her eyebrows and rolled her eyes at Jason.

She did not believe that there was ten billion

dollars on this card. She thought it was just a joke from Jason.

Even if Jason had told her before that his family was running the Polaris Restaurant, there wouldn't be so much money.

Moreover, didn't he run away from home? Where did he get so much money?

Therefore, Cindy did not take it seriously at all. However, she happily kept the card.

This was handed over by Jason. She had to keep it safe.

Jason shrugged his shoulders. 'Sometimes when I'm speaking the truth, why doesn't anyone believe it?'

A few days passed peacefully. These days, Jason had been staying in the hospital with Angela.

Cindy was busy with the company's matters, especially the cooperation with Tang Ren's branch. She was bogged down.

As for Amanda, she was surprisingly quiet these days. However she had tried calling Jason on and off and wanted Jason to return to the Jiang family's old house for all kind of things.

How could Jason not know what Amanda

was up to? He was afraid that Amanda would be interested in the money that he had shown in the Split Mountain's sales department.

This woman really had nothing but money in her eyes.

Amanda stayed at home these days and looked at all the villas in Shang Jiang City. Now she had money on hand. The old house had been put on the market by the real estate agency and could be sold for more than seven million, plus Jason's four million dollars and Max's two million dollars compensation.

Since Amanda was able to buy a villa, she was naturally very happy in her heart.

Moreover, there was still a lot of money left.

However, once she had some money, Amanda began to make plans.

'Old Jiang, I say, Jason must have hidden a lot of money. Did you see that he casually took out three million dollars and didn't really bother me since I took it. Isn't it strange?'

Amanda knew that if Jason really wanted the three million dollars back, she really couldn't hide it.

However, after waiting for a few days, Jason

did not come to find her, which made her even bolder.

Charles sat on the sofa and read the newspaper. He said, 'Oh, with your temper do you think Jason dares to ask for the money? I'm not scolding you. Since this money belongs to Jason, you should return it. If you don't want to return it, you should be nicer to him in the future. Don't put on a straight face all the time. After all, he's your son-in-law.'

Charles shook his head helplessly. He knew his wife's character.

Now that she had these three million dollars, she would definitely not return it.

He knew that Jason also understood this, so he was too lazy to ask for it.

Upon hearing this, Amanda was unhappy and scolded, 'Old Jiang, are you starting to side with that wastrel now? Didn't he just buy you a painting? Are you okay? Are you starting to kiss his ass now? If Jason has the ability, he should buy me a villa himself, instead of letting me think of ways to buy it.'

Amanda was unhappy and started to do something else.

Charles sighed and said, 'It's really

unreasonable. Forget it, I'm going out to play chess with Old Wang. You can continue being calculative all day long. In my opinion, if one day Jason and Cindy divorce and ask you for money. What are you going to do?'

After that, Charles went out.

His words woke Amanda up.

Yes, this money belonged to Jason. If Jason and Cindy got divorced, what would she do if they asked for money?

Was this property they aquired before or after their marriage?

'No, I have to get to the bottom of it.'

Thinking of this, Amanda called Cindy.

'Sigh, Cindy, I need to ask you something.' Amanda sat cross-legged on the sofa.

'Mom, what's the matter? I'm at work.' On the phone, Cindy's voice sounded a little tired.

Amanda thought for a moment and asked, 'Cindy, do you know how much personal savings Jason has hidden?'

There was a moment of silence on the other end of the phone. Then Cindy asked suspiciously, 'Mom, why are you asking this? Are you asking for money from Jason again?'

Amanda said with hatred, 'Are you stupid? If Jason really keeps money and has a mistress elsewhere, would you know? He is your husband, so you should hold the power of property in your hands. Go back and ask him if he is still hiding money behind your back. You have to ask him clearly about the money. Did he have them before your marriage or after. The property acquired after marriage will be split in equal halves. When you divorce in the future, you will not lose any money, moreover, you can still get your share.'

Amanda said a lot. The more she said, the more excited she became.

When Jason and Cindy got married, there was no one from his family attended the wedding.

Could it be that Jason's family was a rich family?

Was this money hidden by him before he got married?

After hearing this, Cindy was speechless and hurriedly said perfunctorily, 'Okay mom, I know. I'll go back and ask. If there's nothing else, I'm going to hang up. I'm busy in the company.'

Clap!

Before Amanda could reply, Cindy hung up her mobile phone and threw it on the table. She sighed helplessly.

How could her own mother do this?

Thinking of this, Cindy took out the card from her wallet, which had been given to her by Jason, and held it in her hand. She looked at it several times and no one could tell what she was thinking.

Did this card really have a lot of money in it?

After getting up and putting on a white suit jacket, Cindy who was wearing a black lacey blouse paired with white pant suit has walked out of the deputy general manager's office.

'Lynn, I'm going out for a while. Call me if you need anything.' Cindy said to her assistant Mandy.

'It's okay, Sister Cindy. By the way, do you want to drive my car?' Mandy was a kind and lovely woman.

Young and energetic.

'Sure.' Cindy took the car key, handed over by Mandy and went straight to the parking lot.

She was going to the bank to see how much

money was on Jason's card.

Mainly was because of curiosity.

Meanwhile, Jason was coming out of the mall with a half-meter-tall princess doll in his arms.

Angela was badgering for it.

As a result, when they had just walked out of the mall, a pink Porsche 911 drifted and stopped in front of Jason.

'F*ck!'

Holding back the urge to swear, Jason bypassed the sports car and was ready to leave. He didn't have time to confront them.

However, the window of the pink Porsche rolled down, revealing a young girl with long purple hair and a pair of sunglasses. Her figure was also very good, which made her look like a mystical girl.

'Hey, get in the car.' The girl turned her head and lifted her fair chin towards Jason.

It was a sweet voice.

Jason's face was full of suspicion. He looked around and pointed to himself, asking, 'Are you calling me?'

The purple-haired girl got out of the car in

bad temper. She was in a black hip-wrapped skirt, with white, tender and slender legs fitting in a pair of mid heeled boots and white T-shirt. She directly grabbed the doll in Jason's hand threw it into the car and said coldly, 'Get in the car.'

Jason's face was full of confusion, and he helplessly followed her into the car.

It was mainly because he was familiar with this car. It was the car that Paul had driven last time.

'Could this be Bruce's daughter, Melissa?'

From the looks of it, it probably was.

'Isn't this abducting? She just pulled a man to get in a car in public.'

The pink Porsche gave out the sound of the performance motor and then quickly left the mall.

As soon as Jason left, a woman in a long black dress with a bag walked out of the mall's door, Fiona.

She was looking at the direction in which the Porsche left with a puzzled face, and said to herself, 'Wasn't that Jason just now?'

'What's going on?'

He had actually got into a Porsche driven by a young girl. Wouldn't that mean...

All of a sudden, Fiona thought that Jason had a mistress, or he was kept by a rich woman!

Adam Zhao's investigation from last time was right.

This Jason, she didn't expect him to be so disgusting.

Looking at the video which she had recorded on her mobile phone, a sinister sneer appeared on Fiona's lips.

Jason, you're screwed!

If your wife Cindy finds out about this, you will not be able to get away with it!

'Let's see how I torture you to death!'

At this moment, Fiona's cell phone rang. She looked at the caller ID and frowned. After hesitating for a while, she finally picked up the phone reluctantly. Meanwhile, a woman's cry came from the other end, 'Fiona! Where are you? Why are you not at home? Your father went out to gamble again. He lost thousands of dollars and detained by them. You should send me some money quickly. Any later will cause your father will be beaten to death.'

When Fiona heard this nightmare-like voice, she trembled all over and said angrily but helplessly, 'Mom, don't call me anymore. Just let the addicted gambler be beaten to death. He is not my father!'

Snap!

Fiona hung up the phone, and her mood instantly changed.

His father was an addicted gambler. Her family bankrupted and owed more than one hundred thousand dollars.

Over the past few years, Fiona had enough of it and ran away from her family.

If it wasn't for her repaying all the debts for her dad and her family, Fiona wouldn't have become the gold-digger she had become today.

She had never told anyone about it because she was afraid that everyone would mock her.

However, her vampire-like father was always able to find her and ask for money.

'If you don't give me the money, I will beat you!'

Since she had been a child, Fiona had been afraid of being beaten.

Fiona, who was depressed and helpless, shed a few tears from the corner of her eyes and sniffled.

How could she have money now?

The calls came one by one. She had no choice but to answer the phone and shouted, 'All right! Don't bother me! I'll send the money right away! This is the last time!'

After hanging up the phone, Fiona squatted down, covered her face with her hands, and burst into tears.

Money! Money! Money!

After thinking for a while, Fiona found the address book and found the number that was remarked as "Tycoon Boss". After hesitating about it for a few minutes, she sent a text message out that says: 'Mr Tycoon, I'm having an emergency. Please lend me five thousand dollars. I'll repay you after next month's payday!'

Chapter 141

As soon as the text message had been sent out by Fiona, Jason who was sitting on pins and needles in the car received it.

He looked at it and saw that it was from Fiona.

He ignored it immediately.

However, a few text messages arrived one after another.

Jason felt helpless. He opened it and looked at it a few times. 'Tycoon Daddy, I beg you. I am not a liar. My name is Fiona. This is my ID card and my address. Please lend me five thousand for emergency! I will definitely return it to you!'

There was Fiona's ID card below, which was really clear.

Jason thought for a moment and suddenly wanted to teach Fiona a lesson. He replied, 'Why should I lend it you? What benefit can I get from you?'

As Fiona received the reply she was feeling excited, but once she looked at the text message, she was silent.

After hesitating for a while, Fiona bit her red lip and replied, 'As long as you are willing to lend it to me, I will accompany you for a week and you can whatever you want every night. I will also return the money to you next month.'

Fiona couldn't help it. In fact, she was very angry in her heart. She didn't expect that this rich boss was that kind of man.

Seeing Fiona's reply, Jason quickly asked her for nude photos.

Although it was a cheap move, Jason wanted to see what Fiona was thinking.

Fiona hesitated for a long time and then replied, 'Okay, wait for a while.'

After that, she walked quickly to the ladies' toilet and get busy behind closed doors. She was busy for a while and then sent them to him.

After receiving it, Jason opened it and took a look.

'What the f*ck!'

Her figure was really explosively incredible!

He didn't expect Fiona would do this. These need two hands!

'Boss, what do you think? Is this all right?'

'Please don't send it out.' Fiona continued to send messages.

Jason did not restrain himself. After receiving Fiona's photo, he immediately asked her for her bank account number and transferred ten thousand dollars to her.

When Fiona received the text message, she was both excited and surprised!

Ten thousand!

'I didn't expect the sugar daddy to be so generous!'

'Sugar daddy, thank you! Ten thousand dollars, I'll return it to you as soon as possible! If you need me to accompany you someday, you can find me any time. I'm safe these few days.'

After sending this message shyly, Fiona hurried to the bank.

When Jason saw this text message, he only noticed the word 'safe'

They were both adults. Jason clearly understood the meaning of it.

She was clean from disease and had contraception on.

'What the f*ck!'

Fiona was really bold and open-minded. Thinking of this, Jason's heart was itchy, but he immediately threw the disgusting idea out of his mind.

'I couldn't let Cindy down!'

'I can't be a jerk!'

Sigh, it seemed that he was also a lecher.

Jason sighed helplessly and quickly calmed down. After closing his eyes and meditated for a while, his eyes slowly regained clarity.

He had almost made a big mistake that most men would have made.

At this time, Melissa had arrived in front of a mansion in the Porsche. There were more than a dozen luxury cars parked in front of the entrance.

The cheapest one was the GTR!

Jason was confused. He innocently looked at the purple-haired girl beside him and asked, 'Well, who are you? Why have you brought me here?'

The purple-haired girl unbuckled her seat belt, and the breasts under her collar would make people's eyes hurt.

She turned her face, looked at Jason

curiously, and asked, 'Is your name Jason?' Jason nodded and felt very helpless. Shouldn't she have asked someone's name before she brought them into her car? What if she had mistaken him for someone else?

'That's right.' Melissa smiled and took off her sunglasses. Jason was suddenly shocked.

This girl was really beautiful. She had a small face, big eyes, cherry red lips, and two lovely dimples in the corners of her mouth. Her eyes were especially pure, as if there were no impurities.

Melissa got out of the car, and so did Jason.

She walked up to Jason and looked him up and down carefully. She pinched her fair chin, frowned and shook her head. 'My dad said that you are very special, but why do I feel that you are very ordinary? You wear such skimpy clothes. There is nothing extraordinary about you.'

Being looked at by Melissa, Jason felt very embarrassed. He shrugged and said, 'That's your dad's fault. If there's nothing else, I'll go.'

After that, Jason turned around and left.

Now that there was a generation gap between himself and teenagers, it was

impossible for him to understand what they were thinking.

'Hey, wait a minute. Did I let you leave?' Melissa put her hands on her waist and pointed angrily at Jason.

Jason turned around. Meanwhile, several young men and women came out of the mansion, noisy and playfully. They were all dressed very extravagantly. At first glance, it was obvious that they were not from average families.

When they saw Melissa, they all smiled and waved their hands to greet her. 'Hey, Melissa, we were just waiting for you. Where were you? Didn't you say that you're going to pick up a friend? Where is he? Introduce him to us.'

'Miss Melissa's friend is definitely not simple.'

'Could it be her boyfriend? Now we can't help but feel worried about Fei master.'

A few people chatted with each other. The atmosphere was full of youthful spirit.

Melissa glared at the boy in yellow short hair who was talking nonsense, and cursed, 'Kaiden, you're so annoying, you're the only

one who talks so much.'

The boy with yellow short hair shrugged his shoulders and stuck out his tongue. He seemed unbothered by Melissa.

Standing next to him was a boy in a white shirt with two buttons opened who appeared to be unrestrained. He had long Korean styled hair and his facial features were clear. He looked very handsome and energetic.

His pair of pants were a simple black suit pants and with excellent quality. I looked expensive.

A pair of white sneakers, very fashionable, revealing the vitality of youth.

The Cartier watch on his wrist was worth more than hundred thousands!

He had to admit that this young man was very handsome, and at first glance, he was a rich second generation.

At the same time, he had been staring at Melissa. In his eyes were bottomless admiration towards Melissa. He smiled and said, 'Melissa, you're back. Where's your friend?'

Perhaps he was not confident enough in front of Melissa, so he quickly changed the topic.

It was also at this time that everyone noticed Jason.

The main reason was that Jason's clothes were too ordinary especially in front of these rich kids. He looked unremarkable.

At first, they regarded him as a passerby in the mansion area who probably was just picking up thrash.

However, when they saw Melissa staring at Jason, they suddenly realized what was going on.

'What the f*ck! Melissa, is he your friend? Isn't he such a bumpkin?'

The yellow short-haired boy made a joke at this time. He circled around Jason a few times and scanned him up and down. 'Big brother, are you here to pick up some thrash?'

As soon as he said that, the other boys and girls were also laughing at him.

'Kaiden, don't say that. Don't you understand the pleasure of rich people now acting low-key?' One of the girls who looked enchanted crossed her arms over her chest with a proud look on her face.

Kaiden snorted and laughed a few times. He pointed at Jason very provocatively and said,

'He, can he be rich? Are you kidding me?'

With this, he turned to look at Melissa and asked with a smile, 'Melissa, is he really your friend?'

Melissa nodded and didn't move. She looked at Jason calmly and said, 'Hello, you should introduce yourself. We'll go racing in the Rock Dragon Mount later.'

Racing?

Jason was completely out of his depth. He said helplessly, 'I'm sorry. I have something else to do so I have to go now. You guys have fun.'

'What's wrong with Melissa?'

'Is this how Bruce teaches his own daughter?'

Suddenly!

A cold reproach sounded behind Jason.

'Stop! Who told you to leave?' Finn shouted with a cold face.

He was very unhappy with Jason's attitude towards Melissa.

He even dared to ignore Melissa. How could he, a poor loser, put on a straight face for Melissa?

'You're courting death!'

Finn came over, looked at Jason coldly and said, 'Hey, what was your attitude just now? Melissa asked you to introduce yourself. Why are you leaving?'

The reason why Finn was not happy with Jason was that Melissa had personally picked him up. Did they have anything to do with each other?

In Finn's eyes, Jason was undoubtedly a rival in love.

However, this guy was such a loser, and he looked just like a bumpkin from head to toe.

Jason looked at Finn indifferently and said, 'Sorry, I don't have anything in common with you kids. I don't know her either. If you want to show off in front of her, then you've found the wrong person. I'm just an ordinary person. I won't bother you.'

After that, Jason continued to turn around and prepared to leave.

However, Kaiden ran over with a faint smile on his face and directly blocked Jason's way. He said with a smile, 'Big brother, don't worry. Stay and play with us. Since Melissa has brought you here, if you leave now, it will seem that you're not respecting us.'

Kaiden winked at Finn while speaking.

The two of them had been playmates since they were kids, so it was easy to guess what they were thinking.

They would torture Jason to death in a while.

Melissa looked at all this indifferently and did not help. She just wanted to see what Mr. Smith was really good at.

Now it seemed that he was just an ordinary loser.

'I really don't know what my father is thinking, but he still wants me to please such a person.'

'Disgusting!'

At the same time, Cindy had arrived at the bank's ATM and was ready to find out how much money Jason had given her on the card.

She inserted the bank card and entered the password.

Jason had said that the password was her birthday, and Cindy was very happy about it.

Click, checking balance...
