

Medical Genius's Unspeakable Marriage Chapter 61

Demi suddenly said, "Sasha, just accept the flowers. It's just Young Master Cooper's small wish. You're not going to leave him hanging, are you?"

James joined in, "She's right. Young Master Cooper is your childhood sweetheart so there's nothing wrong with accepting his flowers."

Helen added, "Sasha, don't be rude. Just accept the flowers!"

Sasha's face turned red. How could I accept these flowers?

Just then, a hand appeared out of nowhere and took the bouquet of flowers from Francis's hands. It was Matthew.

"Young Master Cooper, you come from a wealthy family so you should know politeness and ethics. Yet, you're giving flowers to a married woman. Are all members of the Cooper family this shameless?" Matthew said with a chuckle.

The expression of everyone in the room changed. James angrily slammed his fist on the table and roared, "Matthew, what are you talking about? How could you insult Young Master Cooper like that?"

Helen joined in and yelled, "Hurry up and apologize to Young Master Cooper!"

Demi added, "Matthew, how dare you compare yourself with Young Master Cooper? A single strand of Young Master Cooper's hair is even more valuable than you. Do you understand?!"

At first, Francis was a little furious, but after hearing what everyone said, a smile appeared on his face. He glanced sideways at Matthew and didn't say anything. He was waiting for Matthew to apologize.

Just then, Sasha directly held onto Matthew's arm and softly asked, "Young Master Cooper, is there a reason for your visit today?"

"Get Matthew to apologize first!" Demi yelled.

Sasha ignored her and continued, "If there's nothing else you want to say, I have some business to deal with at my company. Matthew, send me to my office!"

Hearing this, Francis's expression turned cold. She's trying to chase me out of the house.

He glared angrily at Matthew before he forced a smile and said, "Sasha, a friend told me that you borrowed money from a loan shark today."

Sasha instantly looked upset. With a solemn expression, she asked, "How did you find out?"

Francis replied, "The loan shark that you borrowed money from, Henry, is a blabbermouth and is notorious for his bad reputation. He spread word everywhere that the most beautiful woman of Eastcliff borrowed money from him. He even said that if you can't pay him back in a month, he'll force you to

sleep with him. Everyone knows about this now!”

Sasha’s face turned dark. This is simply an insult!

Francis then sighed regretfully. “Sasha, if you’re facing any difficulties, you can just come to me. Why did you go to a loan shark? It’s just a small amount of money. How much do you need? I’ll transfer it to you and you can use it for turnover first. Don’t you know that you should never get involved with people like that?”

Hearing this, there was a gleam of hope in Helen’s eyes. “Young Master Cooper, a-are you sure?”

Francis replied, “Aunt Helen, I’ve already said that you shouldn’t treat me like an outsider. There’s nothing wrong with lending you money. Sasha, I can transfer 50 million to you first. How about it? Is it enough? If it’s not, I can transfer an additional 50 million to you within three days!”

James and Helen were overjoyed and they nodded vigorously. “That’ll be enough. Young Master Cooper, you really are a loyal friend. Sasha is really lucky to have a friend like you!”

As they spoke, the two of them even glanced at Matthew in disgust.

How can two people of the same age differ so much?

James said, “Young Master Cooper, we’ll pay you interest using the highest interest rate out of all banks currently. What do you think?”

“Uncle, are you kidding me?” Francis widened his eyes and stared at him. “I’m lending money to Sasha. Do you really think I will ask for interest? Are you trying to embarrass me so that I wouldn’t dare to step foot in your house anymore?”

“I...” James panicked.

Seeing this, Helen hurriedly said, “Young Master Cooper, I could tell that you were a kind man ever since you were young.”

Demi joined in and said, “Sasha, look how good Young Master Cooper treats you. You should stop worrying and treat Young Master Cooper to a meal later to express your gratitude!”

James and Helen chimed in, “She’s right. The two of you should go out and have dinner while we eat at home. Matthew will cook for us!”

Sasha looked distressed because she knew the price she had to pay after borrowing money from Francis, and she couldn’t accept it.

“Young Master Cooper, thank you for your offer but I don’t need money right now!”

Matthew immediately felt a warm feeling in his heart, and he was happy Sasha said that.

“Sasha!” James roared. “Do you not know the situation you’re in right now? What do you mean, you don’t need money?! The company’s bank account is already frozen, yet you say you don’t need it!”

“Dad...”

“Shut your mouth. Are you planning to borrow money from a loan shark and let the whole family live in shame for the rest of our lives?”

“That’s not what I meant...”

“If that’s not what you intend to do, do what Young Master Cooper says. Go out right now and treat Young Master Cooper to dinner to express your gratitude!”

Tears welled up in Sasha’s eyes. Her parents had always been compelling and there was nothing she could do but feel aggrieved.

Just then, Matthew spoke up. “Sasha is right. We don’t need his money!”

“Why would you say that?” Helen was infuriated. “Matthew, do you know the company’s current situation? Are you trying to kill Sasha?”

James was also furious. “Matthew, not only are you a loser, but you are also extremely selfish. Do you know that Sasha borrowed money from a loan shark? Do you know the consequences of borrowing money from them?”

Demi yelled, “You have no abilities, yet you’re jealous of others. I’ve never met such a loser like you before!”

Matthew ignored them and looked at Sasha calmly. “Sasha, trust me. The company bank account will definitely be unfrozen tomorrow!”

Looking at Matthew’s sincere gaze, Sasha felt safe.

However, James shouted, “Trust you? Did you just say that the company bank account will be unfrozen tomorrow? Matthew, you really know how to brag. Are you still daydreaming?”

Helen chimed in, “Matthew, are you planning to ask Billy Newman for help? Do you know that Billy Newman said that he has repaid all his debt to you and doesn’t owe you anything? We met Mr. Newman yesterday and he told us exactly that. Do you understand?”

Sasha spoke up at this moment. “Dad, Mom, I trust Matthew!”

“You...”

“Stop talking!” Sasha waved her hand and said, “Young Master Cooper, thank you for the kind offer but we really don’t need your money! Demi, return all the gifts to Young Master Cooper. I’m sorry Young Master Cooper, we don’t cook much for dinner so I’m afraid that you can’t stay and eat with us!”

Francis looked upset. Sasha has given the order to chase me out of the house.

Helen immediately roared, “Sasha, don’t be capricious!”

However, Sasha didn’t even say a word and went straight to her room. Then, she closed the door loudly to show her stance. James and Helen looked at each other in dismay because they knew that once Sasha made a decision, they couldn’t change her mind.

Francis looked grim. After a while, he forced a smile and said, “Uncle, Aunty, it’s okay. Save the gifts. If Sasha can’t solve this problem by tomorrow, let me know!”

After he left Cunningham residence, a sinister grin instantly appeared on Francis’s face and he gritted his teeth.

“Sasha, you b*tch. How dare you treat me like this? I’ll just wait and see how you’ll unfreeze the bank account. If you can’t solve this, you’ll have to kneel before me. When that happens, you’ll find out how I’m going to make you pay!”

“Matthew!” Helen was infuriated. “You said that the company’s bank account can be unfrozen. Tell me, how are you planning to do that?”

Matthew replied, “The person in charge of this is a manager called Bart. We’ll invite him to join us for lunch tomorrow and the problem will be solved.”

James and Helen were immediately disappointed. “Nonsense. If it could be solved so easily, we would have done it! Bart is obviously targeting us. Do you really think that having a meal with him will solve the problem?”

Demi glared at Matthew with deep hatred. “Matthew, let me explain it to you simply. Bart is doing this because he wants Sasha, but you’re asking her to treat him to a meal? Are you planning to let Sasha sleep with him?”

James was furious as well. “Matthew, you really are a worthless loser! You just pushed Sasha into a fire pit!”

Helen joined in, “Young Master Cooper was kind enough to lend money to Sasha without any conditions but you rejected him. Instead, you’re asking Sasha to treat an old man with bad intentions to a meal. Matthew, I believe that no loser is as worthless as you are!”

Demi yelled, “He just hates to see us happy!”

Sasha, who was in her room, was also disappointed. I thought Matthew had a good solution. I didn’t expect him to suggest this. Bart is not a good person, and treating him to a meal would basically put me in a position that lets him insult me as much as he wants. Matthew, you disappoint me!

“Enough. Matthew, you should prepare a divorce with Sasha.” James waved his hand and said, “Don’t worry. After you get a divorce, we’ll give you 500,000 as compensation. It should last you for a long time!”

Matthew sighed and said, “Please believe in me. Inviting him to lunch tomorrow will definitely solve this problem!”

Hearing this, Helen yelled, “Why should we trust you?”

Matthew instantly replied, “I will guarantee it with my life!”

“You...” Helen was suddenly at a loss for words.

After a while, Helen muttered in a low voice, “How much do you think your useless life is worth?!”

After dinner, James and Helen went downstairs for a walk. Not long after, they saw Liam running toward them.

“Mr. and Mrs. Cunningham!” Liam called out anxiously. “I have something to discuss with you.”

“What is it?” the two of them asked in surprise.

Liam mysteriously said, “When I was working, I got to know a big shot that is really powerful. I told him about the problem with the company’s bank account today and he said that he could easily solve it just by talking to someone.”

“What?” James and Helen said impatiently, “Then can we ask him for help?”

“Of course. Otherwise, I wouldn’t come to tell you!” Liam said with a smile. “Mr. and Mrs. Cunningham, coincidentally, this big shot is free tonight so I asked him to come over. Why don’t you two come with me and meet him so that we can discuss it?”

James lowered his voice and replied, “We’re meeting him now? We didn’t prepare anything. Why don’t I go and buy some gifts for him first?”

Hearing this, Liam pursed his lips and said, “Don’t worry about it. A big shot like him earns over 100,000 in a minute. Do you really think he cares about gifts?”

“You’re right!” James was overjoyed. “Liam, we’re lucky to have you. Let’s go and meet this big shot right now!”

When James and Helen returned home, they looked delighted.

“Sasha, you don’t have to worry about the company’s bank account anymore!” James waved his arms in excitement. “You can be rest assured that it will be unfrozen soon!”

“What?” Sasha was dumbfounded. She wondered why her parents suddenly became so confident after coming back from their walk.

James said, “One more thing. From tomorrow onward, Liam will be your personal secretary and driver!”

“No!” Sasha instantly refused.

“You have to agree no matter what!” Helen said angrily. “Sasha, Liam is thoughtful and detailed and he’s part of our family. We feel rest assured with him staying by your side to help. How could you manage such a big company by yourself?”

Sasha was infuriated. “I’ve already told you no. If he must come to the company, I’ll sell the company tomorrow!”

“You...” Helen was stunned as she never thought Sasha would resist so strongly. “Enough. It’s just a small matter,” James said as he waved his hand. “Will you agree to give Liam some company projects?”

Hearing this, Sasha turned to look at Matthew. After seeing that he didn’t object, she let out a sigh of relief and said, “Only small projects.”

With that, James and Helen muttered to themselves as they returned to their room.

After they left, Matthew walked over and hugged Sasha from behind. Then, he whispered, “Thank you, Sasha!”

When Sasha felt the warmth from Matthew’s body, she felt her body relax.

“You really are fearless! Who allowed you to hug me, huh?”

Sasha glared at Matthew but she was the first to burst into laughter.

That night, Matthew continued to sleep on his small bed. However, he had a feeling that it shouldn’t take long before he could sleep with Sasha.

The next morning, Matthew received a call from Mr. Harrison and heard that Mr. Graham had recovered.

Specifically, Mr. Graham was able to have sex with his wife last night. After Mr. Graham came back from Orleans, he hadn’t been able to do so for a long time. Even though his wound had not healed yet, his body had a reaction last night and he was so overjoyed, he almost passed out.

However, Matthew already guessed Mr. Graham would have this result.

He asked Mr. Harrison to come retrieve a mini Rejuvenating pill from him to hand to Mr. Graham. At the same time, he also asked Mr. Harrison to tell Mr. Graham there was a banquet at noon that he

needed to attend.

Matthew remembered that Mr. Harrison mentioned that Graham had tremendous power in the banking industry in Eastcliff, and even the whole Eastshire.

Would Bart's power be able to compare with Mr. Graham's?

Meanwhile, Francis was sitting in Bart's office at the bank.

"It seems that the b*tch's loser husband is planning to come to you for help."

Bart sneered, "He's planning to treat me to a meal? Do I look like the kind person that will easily accept invitations? If I agree to have a meal with that loser, my reputation will be ruined!"

Francis smiled and waved his hand. "Uncle Bart, you should at least give people a chance. Since they invited you to a meal, you should accept it. You can also grab the opportunity to make them completely give up. Am I right?"

There was a flicker in Bart's eyes. "Are you saying that I should accept his invitation and embarrass him in front of everyone?"

"Yes!" Francis nodded and said. "That b*tch Sasha is still hopeful. This time, I want her to feel complete despair and let her know that no one else in the world can help her except me! This way, she will kneel before me obediently!"

Hearing this, Bart burst into laughter. "Francis, you really have a lot of devilish ideas. Fine, I'll do as you say. This afternoon, I will completely humiliate Matthew!"

James and Helen both walked up to the entrance of Crowne Plaza at noon.

"Do you think Mr. Jones is reliable?" Helen said softly. "He said that he'll handle the problem for us. Is that possible?"

Mr. Jones was the big shot that Liam introduced to them the night before.

James told Mr. Jones about the company's frozen bank account last night and he agreed to help him handle it.

However, James was still worried. "Let's just wait and see. Besides, we have nothing to lose. It'll be great if he can help us solve the problem. If he can't, at least Sasha will give up hope and ask Young Master Cooper for help!"

Helen nodded and said, "You're right. Solving the company's problem is not the key to the meeting. The most important thing is to make Sasha give up hope! In my opinion, Young Master Cooper is the best partner for Sasha. After all, he is worth several hundred millions and he is from a powerful family.

If Sasha marries him, her business will be much smoother. When that happens, we would be able to be one of the wealthy families in Eastcliff that Eric Cunningham and the others wouldn't be able to compare."

There was a gleam of hope in James's eyes. He felt extremely humiliated to be controlled by Eric Cunningham. Now that he had the chance to retaliate, he naturally wouldn't want to miss it.

"The most important thing is to ask Matthew to divorce Sasha!" James said through gritted teeth. "If it weren't for him dragging Sasha down, Sasha would've married into a wealthy family long ago!"

"You're right!" Helen was angry too. "We'll use the lunch meeting today as an excuse. If Matthew can't solve the problem, we'll force him to divorce Sasha!"

The two of them arrived at the VIP room that Matthew mentioned. After they pushed the door open and entered the room, they noticed that there were already five people sitting inside.

Matthew and Sasha had arrived long ago. The other three people were Old Mrs. Graham, Mr. Graham and Mr. Graham's wife.

Mr. Graham's wife was called Alice Buckner. At that moment, she was snuggling up to Mr. Graham like a newlywed.

As for Mr. Graham, he was full of vigor and looked energetic, completely different from his decadent past.

The revival of his manly power last night made him feel like he was reborn. This morning, he received a mini Rejuvenating pill from Mr. Harrison again. After swallowing it, not only did his injury fully recover, but he also felt extremely energetic.

Mr. Graham was almost 40 years old but at that instant, he felt so lively, he felt like he wasn't even 30. All of these were all thanks to Matthew's help, which was why Mr. Graham was extremely grateful toward him. Naturally, even Sasha didn't know about Mr. Graham's identity. When James and Helen saw these three people, they looked confused.

Matthew hurriedly got up to introduce them and Mr. Graham even stretched out his hand and said, "Mr. and Mrs. Cunningham, nice to meet you. I'm a friend of Matthew's!"

James and Helen glanced at each other. A friend of Matthew's? He's probably on the same level as him.

They didn't even reach out to shake Mr. Graham's hand. Instead, they directly sat down and said, "Matthew, the lunch banquet today is to deal with official business. Do you think it's suitable to choose this time to treat your friend?"

Mr. Graham looked embarrassed. Seeing this, Sasha hurriedly said, "Dad, Mom, Mr. Graham is here to join the meeting."

"Join the meeting?" Helen sneered. "Do you know who we are meeting this noon? We're meeting with Mr. Jenkins, a senior manager in charge of most of the bank's business. Not everybody can join the meeting."

Sasha also felt embarrassed. “Mom, don’t... Stop talking nonsense! Mr. Graham, I’m sorry. My mother is just joking around!”

Mr. Graham could tell Matthew’s position in the Cunningham family and felt curious, but he wasn’t really bothered by it. From the beginning to the end, James and Helen looked at Mr. Graham and his family in disgust. During their conversation, it was obvious that they were mocking them, but fortunately, Mr. Graham and his family were in a good mood today. Furthermore, for Matthew’s sake, they didn’t rebuke them.
