

My Dreamy Old Husband

Chapter 431

The director was exasperated because a good shot was ruined just like this, so he snarled, “One more take!”

As the scene was reshot, Nicole also had to crawl and yell again.

“Sis, please leave immediately! Otherwise, I will kill you—Oops, sorry! I said it wrong!” It was Olivia who said the wrong line as she hurriedly apologized. However, there was a tinge of glee behind her gaze after her prank was successful.

Left without a choice, the scene had to be reshot.

Nicole lay down on the ground and repeated her part. Unfortunately, the supporting actresses kept making mistakes in the following takes.

After crawling and yelling for a few times, Nicole’s voice became hoarse, and her skin started bleeding. Nevertheless, she still did her best no matter how many times she had to repeat doing her part.

Watching on the side, Sophia’s eyebrows knitted together as she was anxious.

These people are obviously pulling a prank on Nicole. When will this scene ever be completed? Her voice is hoarse, and her limbs are bleeding. If this prank keeps going on, how are we going to move on to the next scene?

Since the shot was unsuccessful, the director told everyone to take a rest and continue later.

Sophia and the assistant quickly passed a bottle of water to Nicole and held out an umbrella for her.

Upon a closer look, Nicole was injured all over her body. Even when she was saying thanks to Sophia, her voice was gravelly.

Meanwhile, the supporting actresses were laughing at how laughable Nicole was now.

Sophia shot a stern look at the supporting actresses, who stared back at her fearlessly as they had never taken Sophia seriously.

Xyla was especially elated. Knowing that Nicole and Sophia were close to each other, she deliberately made life difficult for Nicole.

On the other hand, Sophia was powerless to deal with Xyla.

As one of the supporting actresses, Olivia was delighted that Nicole, the female lead who had come from nowhere, was targeted.

On the matter of dealing with Nicole, Xyla and Olivia were on the same side.

Meanwhile, the director had gone to another site to direct a more important scene, so only the deputy director remained there.

All of these supporting actresses were the relatives of the director and the investors, so the deputy director didn't have the courage to offend them. Without a choice, he begged them to do their best.

However, Xyla wasn't flustered at all because most of the female lead's scenes were not hard to shoot. Even if she pulled a prank on Nicole for two days, it wouldn't slow down the progress. I'm definitely going to do it again later.

Just when the supporting actresses were discussing how to mess with the female lead, Sophia appeared behind them and persuaded in a low voice, "Stop it. This isn't a place where you should make a fuss. If you keep doing this, you will slow down the progress."

Understanding what Sophia was trying to say, Xyla reapplied make-up on her face and replied lightly, "I don't know what you're talking about. We've been doing our best for the drama."

Olivia chimed in, "I've been in this field for years, so I know what I'm doing. With so many people taking part in the same scene, there are bound to be mistakes. What's wrong? Does the pampered female lead have a problem with it?"

With that, all of them shifted their attention to Nicole. During the break, most people were having drinks and chatting under umbrellas, but Nicole alone was pacing around and memorizing her lines seriously.

Without saying a word, Sophia turned to leave in a fury.

After that, one supporting actress said bitterly, "Who is that walk-on? She's so arrogant. Will she make a complaint?"

Hearing that, Olivia put on a disdainful and arrogant expression. As the most experienced actress among the cast, even the director had to give in to her. Watching Sophia leave, she said to the other actresses in a loud voice, "I've found out about it. She's just the housekeeper of my cousin, and she was lying to everyone that she's Taylor's cousin. Haha, Taylor exposed her lie on the spot. What a disgusting woman!"

"Hahaha, that's so embarrassing for her!"

They all burst into laughter. Since Sophia was so arrogant, they thought that she was the director's relative. To their surprise, she was just Taylor's housekeeper, not even his assistant.

As Xyla listened to Olivia, a moment of realization shone within her eyes.

So she's just Taylor's housekeeper. It's no wonder that Taylor is good to her and she can live in The Imperial, Villa No. 8. I didn't expect that it was Taylor who bought her off to be his housekeeper for eighty thousand. It's a lie that she's married to the boss of a coal company! A slut will always remain a slut after all!

All of a sudden, Xyla smiled in a mysterious way.

After leaving the supporting actresses, Sophia returned to Nicole and consoled her by saying, "Just do your best for the scene later and don't be influenced by anyone. I'll talk to the director."

Nicole knew that it was useless for Sophia to look for the director, but she still remained in a tip-top condition and was determined to complete the scene perfectly.

Then, Sophia went to another site, where a more important scene was taking place. The two male leads were in an intense standoff.

When the shot was over, Michael caught a glimpse of Sophia looking furious in one corner. After gesturing to him with a gaze, she sneaked into a tent.

Michael rehearsed with Harry for a while and told him that he needed to take a rest. Upon getting into the tent, he told Hale to keep guard outside so that no one could enter.

There was a simple bed in the tent. Sometimes, when Michael was tired, he would take a rest on it. Sophia was seated on the bed when Michael came in. Seeing him, she lay down and said, "Come here. I need your help."

Gazing at his bold wife, Michael was surprised. However, since his wife needed him, he took off his clothes and walked over.

A while later, Hale heard a creaking sound coming from the tent. The bed is creaking. It's time to buy a new one, he thought.

The tent was a mysterious place in the production site. Inside the tent, different stories happened and under-the-table deals were sealed every day.

Outside the tent, it was the hustling and bustling production site; inside the tent, however, two people were making love.

As the tent wasn't soundproof at all, they could clearly hear the sounds of footsteps and the chatters outside the tent.

At that moment, these people had no idea that the upright-looking best actor and idol, Taylor Murray, was making love to a woman inside the tent. It seemed like there was only a fine line between the lovable best actor and the lechers who cajoled actresses for sex in exchange for better opportunities!
