

My Dreamy Old Husband

Chapter 436

Before eighteen, Cooper was a tender and kind-hearted man who was polite to others and loved Annabel as well as his cats and tortoisés.

However, after witnessing the woman he loved being burned to death right before his eyes while he was powerless to save her, he transformed into an indifferent and ruthless man. Since then, he was no longer the young man who would take care of the Fletcher kids.

It was late into the night when Michael was done telling the tales of his time catching fish and crabs with Cooper.

The next morning, Sophia was energetic as she followed Michael to the production site.

She remained a walk-on who would occasionally show her body parts in the drama. When she came across Nicole again, she didn't even know how to thank her.

Certainly, Cooper never expected that there was a woman called Nicole who still admired him secretly. With so many secret admirers, he probably didn't even remember Nicole. Perhaps, he might even be married with children of his own, then Nicole's love for him would turn out to be a disappointment in that case.

The day before, Sophia did the deed with Michael and managed to get the supporting actresses' part in the drama removed. Therefore, they didn't dare make a fuss now. However, they had figured out the culprit who made them lose their part.

“Sophia!”

Finally knowing Sophia’s name, Olivia and the other supporting actresses surrounded Sophia, who was buying two bottles of water from a kiosk.

With the bottles in her hands, Sophia understood that they had found out that it was her doing. “Hi. What’s the matter?”

Confronted by Michael’s cousin, Sophia was acting all reserved, for she didn’t want Michael to feel troubled should things turn ugly.

Olivia directly slapped away her bottles of water and snarled, “You slept with the director and told him to cut our part in the drama, right?”

Elizabeth was the director’s favorite actress, and Olivia was Elizabeth’s niece, so the director was in favor of Olivia. After helping her get into the industry, he directly gave her the supporting role in such a blockbuster drama.

Unexpectedly, the director, who was biased toward her, would remove her part in the drama. Upon Xyla’s reminder, she believed that Sophia must have slept with the director.

Sophia took a look at the elated Xyla behind Olivia and the other supporting actresses. Xyla remains the same. She would incite others to make a scene while she stays on the side and tries to gain benefits for herself secretly.

Seeing that Sophia was remaining silent, one actress angrily pulled away the scarf on Sophia’s neck. It’s so suspicious that she’s wearing a scarf on such a hot day! As expected, the kiss marks on Sophia’s neck were exposed right before their eyes. She didn’t have these kiss marks two days ago. She must have slept with the director!

Seeing the kiss marks, Olivia gasped. I have underestimated this slut! Then, she pointed at Sophia and growled, “What a slut! Do you think you can do whatever

you want and replace me after sleeping with the director? Dream on! Wait right here. I'll kick you out of the set soon!" I, Olivia, totally can do that!

With that, she turned to leave in a fury while the other actresses were gleeful.

Nobody on the set had the guts to offend Olivia because she was Elizabeth's niece as well as Taylor's cousin.

After the actresses left with Olivia joyfully, Xyla remained on the spot and stared at Sophia with an exhilarated expression. "Well, I didn't expect that Taylor bought you off to be his housekeeper." Xyla's voice was filled with coldness and extreme disdain. I can't believe that I have lost to a housekeeper like her!

Without responding to her, Sophia picked up the bottles of water from the ground and returned to the production site. Xyla followed her and mocked her coldly, "You thought you could be successful with the help of Taylor, but you didn't understand that you're just a nobody! You're just a slut with little to no importance!"

However, Sophia totally ignored her vicious words as she looked anxiously in the direction where Olivia left. She's going to make a complaint to Michael! The idea made Sophia nervous, for she wasn't sure who Michael would side with.

She slept with Michael in exchange for the removal of Olivia's part. What if he denied it after the sex? Well, if he really denies it, I'll just sleep with him one more time to settle the issue...

As Sophia paced around outside the production site in anxiety, she watched Olivia approaching Michael.

Xyla knew that Sophia would be flustered, and she believed that she had seen through the latter's true colors. She's just a slut who's managed to move into Taylor's house as the housekeeper. Behind Taylor's back, she's taken advantage of his fame and fooled everyone that she's also a prestigious woman herself.

She's told lies like she has married a rich man, and her husband has donated money to a school. I'm sure she has never expected that Olivia has found out her secret and is going to expose her lies! Taylor, who is the real prestigious man, is going to kick this slut out of here! I must watch her be expelled from the set!

Meanwhile, Olivia reached Taylor and started making a complaint in anger. Sophia, on the other hand, didn't dare go near them as she paced around in anxiety.

Xyla deliberately shouted, "I've told Richard to come over to watch your lies being exposed and you getting kicked out of the set. Go back to your gutter!"

Ignoring her, Sophia stared fixedly at Michael as she waited for his response in uneasiness.

"Taylor, you have to stand up for me... Your haughty housekeeper is bullying others on the set using her relationship with you. You have to do something, Taylor!" Olivia feigned a sob as she spoke. "She's lying and bullying others behind your back. Such a housekeeper will bring trouble to you one day!"

Michael was reading his script with a frown and didn't pay attention to Olivia. Obviously, he had guessed she was trying to get him to kick Sophia out of the set because she had bullied her.

However, her request put him in a difficult situation, for he had always wanted Sophia to show off their relationship. This way, at least it could prove that he was useful. Moreover, he didn't think it was appropriate to kick his wife out of the set.

This surprised him quite a lot, for he never expected Sophia to be this lively when he wasn't paying attention to her.
