

NH

Jiang Ning's eyes were extremely cold.

He deliberately raised his hand and waved the manual he just obtained from Bao Rongdong.

“How dare you try and snatch my things?”

Then he placed the manual in his pocket straight away and even patted it like both men were nothing in his eyes.

He was arrogant!

He was domineering!

“Kill him!”

The two highly skilled fighters looked at each other and attacked Jiang Ning without hesitation as they charged towards him once more.

They had waited for a long time to get an opportunity to get the manual.

They only found the chance today to come close to the ever-vigilant Bao Rongdong. It didn't cross their minds that Jiang Ning would be able to get the manual so easily.

SWOOSH!

SWOOSH!

They were both advanced grandmaster level fighters. They swept towards Jiang Ning at the same time, one on the left and the other on the

NH

right to execute fatal moves!

Without the manual, they would have failed their mission.

If they failed, they had to pay with their lives!

“You’re asking for it!” said Jiang Ning as he glared at them. He raised his fists swiftly and caused a gust of wind to start blowing.

Jiang Ning hurled a punch and it collided with his attacker.

BAM!

He unleashed a powerful blow. Jiang Ning stood there motionlessly as its violent impact sent the man flying right away. The man slid several meters before he was able to steady himself. His face was filled with shock.

The other man pounced on the chance to attack Jiang Ning from another direction.

He was fast!

And vicious!

“Go to hell!”

The man flicked his wrist as he gripped his dagger tightly and attacked Jiang Ning as swiftly as lightning.

But how could someone like him ever be able to

NH

hurt Jiang Ning?

CRACK!

Jiang Ning's fist came crashing down on the dagger straight away. With a crisp crack, the dagger broke into two instantly.

The man was so frightened that his face turned pale.

"That's impossible!"

How hard did Jiang Ning's fists have to be to break that dagger of his?

"Nothing is impossible." Jiang Ning reached his hand out and grabbed the man right away. Then his fingers instantly had the man in a stranglehold as he said, "You just haven't seen the world yet."

Then he suddenly pressed hard, and the man's body went completely limp with a crack.

THUD!

The corpse landed heavily on the ground. The other man trembled without daring to make a move.

He felt that Jiang Ning was a monster. He was inhuman!

They were both advanced grandmaster level fighters. Wherever they went, they were

NH

considered the best. Even within Hidden Sect, His Lordship had promised them very respectable titles.

But when faced with Jiang Ning, he could feel nothing but helplessness!

He was simply too strong for them!

Bao Rongdong was gradually losing consciousness as he held onto his wounds hard.

But when Bao Rongdong saw both of Jiang Ning's punches, he couldn't help trembling as terror filled his eyes.

Although he possessed one page of the manual and had practiced it for years, he was never able to master it fully.

But Bao Rongdong was keenly aware of his ability. He was many times stronger than he was years ago. And he used to think that he was great enough to rise above everyone and become one of the top experts in the world...

However, after seeing Jiang Ning, the helplessness in Bao Rongdong's heart almost made him collapse!

Even he couldn't have been able to withstand Jiang Ning's blows at all.

Even though he was violent, Jiang Ning was wilder!

NH

Despite his agility, Jiang Ning was nimbler!

Even though he was fierce, Jiang Ning was crueler!

“Aren't you going to snatch it anymore?”

Jiang Ning walked over to the last man and said, “No one has ever dared to snatch my things. No one has ever been able to take what is mine. Come and try snatching it!”

NH

“AHHH!”

The man screamed before charging towards Jiang Ning madly.

BAM!

BAM!

BAM!

Jiang Ning's silhouette flashed and dodged the attack at a shocking speed. Then he grabbed the man and punched him three times in a row!

“AHHH!”

The man screamed in agony as three big bulges appeared on his back!

As though something had torn right through him.

Jiang Ning released him and let the body fall heavily to the ground without even glancing at it.

30 seconds!

Just like Jiang Ning had said earlier, all he needed was 30 seconds to finish off the likes of them.

But...they were advanced grandmaster level fighters!

“Save...save me...” said Bao Rongdong anxiously as he raised his hands when he saw Jiang Ning

NH

turning to leave. “You promised...you promised me...”

Blood kept gushing from both sides of his waist. Bao Rongdong felt as though his life was draining from him bit by bit.

“Just hang in there. You can afford to bleed a little more. It’ll be fine.”

Jiang Ning walked straight out of the room. The Bao family butler had shrunk under the sofa as he shivered.

“Stop trembling,” said Jiang Ning as he kicked him. “Go save your master now. You don’t have much time now.”

The butler rushed in to save Bao Rongdong.

Just as Jiang Ning was about to walk off, he suddenly stopped in his footsteps.

Then Jiang Ning raised his head to see a man standing at the door. When Jiang Ning saw that strange mask with a strange smile, a murderous look gradually intensified in his eyes!

His Lordship!

He was here!

His long robe was flapping even though there was no wind in the air!

His Lordship stood there with a frighteningly

NH

imposing aura as though he was the strongest man on earth.

His Lordship looked at Jiang Ning with both hands behind him as he said calmly, "The manual is mine."

"Oh, is that so?" replied Jiang Ning.

Jiang Ning fished out the page that Bao Rongdong had just given him from his pocket. He waved it at His Lordship and said, "Why don't you call for it and see if it agrees?"

His Lordship's eyes gradually darkened under the mask as a shred of coldness kept circling in his pupils.

"I don't want to kill you."

"But I want to kill you," responded Jiang Ning as he put the manual away and suddenly moved...

"Now that you are here, you can forget about leaving!"

Almost instantly, Jiang Ning prepared himself for battle and raised his energy to its peak!

Each of the seven steps he took almost shook the ground as he punched seven times in a row. Each blow was more violent than the last, and he almost instantly formed a rushing tide of attacks.

BAM!

NH

It only took an instant for Jiang Ning to appear in front of His Lordship. With a blow, his punch collided with His Lordship's!

The look in His Lordship's eyes altered slightly. Then he punched Jiang Ning's fists directly before backing off by a few steps.

He stabilized himself, swung his sleeves and made an attack too.

Both men were instantly embroiled in an intense battle!

Their blows rang thunderously as they collided!

BAM!

BAM!

BAM!

From an outsider's perspective, this wasn't a fight. It was clearly two wild beasts knocking each other hysterically with their bodies.

Each blow sounded like it had landed on an iron board, and dull thuds rang in the air.

Jiang Ning became increasingly aggressive as his blows became wilder. It seemed as though nothing could exhaust him.

His Lordship was wearing a mask, so Jiang Ning couldn't see his expression.

NH

He was fast!

He was even faster!

Jiang Ning's speed became faster and faster!

His blows became increasingly domineering!

Despite His Lordship's prowess, he wasn't able to retaliate in time. Then Jiang Ning's blow came crashing down on His Lordship's shoulder and made him retreat five to six steps.

"I've underestimated you," said His Lordship with a murderous voice.

It seemed as though they were about to fight each other to their deaths in an instant!

"My Lord!"

But before His Lordship made a move, another silhouette hastily flashed across the room and threw a smoke grenade. Intense fumes instantly filled the hall!

Jiang Ning waved his hands to make the fumes dissipate. But His Lordship was nowhere to be seen.
