

“In any case, the most important thing now is to ensure my sister’s safety. Rescue her first and we can talk about the rest later!”

Once the Salo family reached Japan, the Yamaguchi Syndicate would definitely notice them. Even someone like Jimmy would attract unnecessary attention.

But Jiang Ning was foreign to them and nobody would notice him.

And since Jiang Ning was so highly skilled, he would definitely be able to rescue his sister once located.

Lance looked at Jiang Ning and said very sincerely, “My sister is not the most important person to the clan, but she is extremely important to me. Please help me this once?”

He didn’t talk about providing help to Lin Group anymore, because that made this a business transaction or a partnership instead of a favor.

“Hubby, I heard that there are cherry blossoms to see in Japan during this time of the year. Do you want to go see the cherry blossoms?” Lin Yuzhen looked up at Jiang Ning.

“If you want to see them, I’ll go with you,” replied Jiang Ning.

Lance exhaled deeply.

“Thank you!” He looked at Lin Yuzhen. “You’re really an angel!”

Once Jiang Ning agreed, he suddenly felt relieved. It was as if everything was going to be ok as long as Jiang Ning agreed to go.

He didn’t waste any more time. He took down Lin Yuzhen and Jiang Ning’s contact and left with his bodyguards.

He was going to head for Japan first and be in a separate party from Jiang Ning so that nobody would notice Jiang Ning.

After Lance left, Lin Yuzhen looked at Jiang Ning.

“You were going to agree to help anyway, right?”

“Uh huh.” Jiang Ning nodded.

“His elder sister is the real reason why we attended this conference,” he explained without hiding anything. “She is in control of certain technologies that are very important and Professor Luo needs that.”

That was something that Luo Lin had told him personally, so if Luo Lin placed such great importance on it, this was definitely something very important.

“Let’s go, I’ll go with you to see the cherry blossoms.” Jiang Ning smiled brightly. To him, it was a great chance to accompany Lin Yuzhen on a nice trip to take in the sights of the world at the same time, so he was killing two birds with one stone.

They were in no hurry. After Lance left, they remained in Shudu to enjoy this food paradise. If they didn’t have fun eating and drinking in this city, then it would be a waste of their plane ticket to this city.

Once they were quite done, these two finally strolled back to the airport to catch the next flight to Japan.

Meanwhile.

Back in Silicon Valley.

Jimmy sat in his office with a nasty expression on his face.

Everything that happened on the cruise already had a huge negative impact on the Jimmys. Many powerful factions took this chance to make trouble for his clan, and it placed a lot of pressure on him.

“More and more people are getting involved, and they even involved my family. These bastards at the Yamaguchi Syndicate are really vicious!”

shouted Jimmy angrily as he slammed the table.

“I don’t care about any of this,” scoffed Fang Yin. “I just want to know when I can get the manual.”

Jimmy glanced at Fang Yin and scoffed. “If that woman dies, then you can forget about getting the manual!”

He knew what significance Lance’s sister had.

“I don’t care about that. If I don’t get the manual, then you’re not going to live either,” said Fang Yin calmly. “If you want to live, then get the manual for you. I don’t care what method you use, I just want the manual.”

He looked back at Jimmy. He didn’t care whether Jimmy was afraid to die or not. At most it was just another one dead.

Jimmy looked at Fang Yin and he was so angry that he started trembling.

Things had come to this stage and it was already beyond anything he had anticipated. He didn’t know where things were going anymore.

“If you get that woman, you’ll get the manual!” He clenched his teeth and said sinisterly, “If you want the manual, get it yourself!”

## Chapter 1825 His Papa Is Here (Part 1)

Different countries were beautiful in a different way.

The scenery was different depending on the seasons and the weather, so it made one feel different too.

Jiang Ning walked with Lin Yuzhen across the stone pavements and the feeling of doing that was indeed different.

“I didn’t even know that you knew how to speak Japanese.”

After they got out of the plane, Lin Yuzhen realized that Jiang Ning seemed to be very familiar with this place. He seemed familiar with even their culture and language.

She didn’t need to ask for directions and most certainly didn’t need a tour guide.

“Well, back then, the Beggars’ Sect...”

“Don’t tell me there was a Japanese in your Beggars’ Sect as well?” Lin Yuzhen rolled her eyes in annoyance. She still hadn’t seen this so called Beggars’ Sect of his.

She didn’t know how many formidable people were hiding in this mysterious group.

There were doctors, lawyers, people in power and

now they came from all over the world?

She had never heard of any group that could possibly remain so low key despite being so formidable.

“Of course. Beggars’ Sect spans across international borders, so we’ve got people from the east, the west, the south, and even from the North Pole.”

The North Pole?!

That was ridiculous. Was this man undermining her intelligence now?

“Sure, make sure you bring me to the southern hemisphere and to the North Pole to see these friends of yours,” remarked Lin Yuzhen on purpose.

“No problem.” Jiang Ning smiled and scratched Lin Yuzhen’s nose gently. “They’ll definitely welcome you.”

He held Lin Yuzhen’s hand and continued strolling.

It was so rare for them to get time to date.

Meanwhile.

Lance was in a hotel room and his expression was nasty.

## Chapter 1825 His Papa Is Here (Part 1)

“What does that mean? I’m here to negotiate with them and they get to set the negotiation date?”

Of course he was furious.

The Yamaguchi Syndicate had kidnapped a member of his family, but still dared to be so arrogant about it!

“The clan leader has already talked to the leader of the Yamaguchi Syndicate over the phone and couldn’t reach an agreement. The Yamaguchi side is very aggressive.” The subordinate reporting to Lance also had a stern expression on his face. He didn’t expect things to become so difficult either. “We’re on their territory, Mr Lance, so we still have to be very cautious. Apparently there are issues within the syndicate, so nobody knows if anything might suddenly go wrong.”

This was the biggest unknown factor.

“Then what do they want?!” Lance slammed a fist onto the table.

“They didn’t say.” The subordinate was also having a headache. The Yamaguchi Syndicate didn’t say anything and didn’t raise any terms either. They didn’t even confirm where and when the negotiation would be, but just held onto Lance’s sister.

Lance frowned.

## Chapter 1825 His Papa Is Here (Part 1)

The syndicate had some internal conflict but they weren't letting his sister go either. He didn't know what to do either.

Did he have to kill his way into the syndicate?

It was impossible to do that with this team of men with him.

Besides protecting himself, there was nothing he could do. He knew that there were definitely people from the Yamaguchi Syndicate watching his every move right now. If he did anything, those people would know immediately.

"Continue to think of a way to talk to them!" ordered Lance.

He didn't know what the Yamaguchi Syndicate was up to. But now, he couldn't get in nor see his sister. Even if he was worried, he had no choice but to just sit here and wait.

Lance was very frustrated and found it hard to sit still.

He went into the bathroom and shut the door behind him. He checked the place very carefully and made sure there were no cameras or recording devices inside.

He pulled out his phone and called Jiang Ning.

## Chapter 1825 His Papa Is Here (Part 1)

The phone rang a few times before finally getting through, and all he got was a lazy sounding voice.

“Jiang Ning, have you just woken up?” Lance’s eyes were wide.

He checked his watch and realized it was nearly noon time, for crying out loud.

He was so anxious and worried, but this Jiang Ning was sleeping really soundly.
