

Chapter 105

Everyone was stunned.

William and Felicity...

Flavia even addressed them so intimately...

Their imaginations ran wild.

Did William and Felicity have a close relationship with Flavia?

Nathan, who already had his hand out to guide Flavia, was totally stunned.

He froze.

A few minutes ago, he was being admired by the audiences, but now, the tables had turned!

Flavia completely ignored him!

And she walked towards William and Felicity!

Earlier on, Nathan had just made fun of Felicity in front of everyone saying that she was making a fool of herself.

However, Flavia had taken the initiative to walk over to them even when Felicity was not jostling for her attention.

What happened was too shocking, Nathan was already hitting the ceiling.

"I'm supposed to be the center of attention!" he cursed silently.

He couldn't take it any longer and walked straight over to them.

At that moment, Felicity stared at Flavia, who was less than a meter away, and was astounded.

Felicity couldn't believe Flavia would take the initiative to walk up to her and greet her.

What's more shocking, Flavia still remembered her name.

Felicity felt a strong sense of happiness surrounding her.

Previously, she was content with seeing Flavia from afar. She didn't expect much.

Now, her dream had come true, and in such a magical way!

She immediately stood up. Her body and voice were trembling, her face was blushed as she said, "Hi Flavia, how, how are you..."

"It was so nice to sing with you last time!" Flavia held Felicity's hand.

Felicity was so excited, she almost fainted.

On the other hand, everyone around them was very envious! They were about to go crazy!

Just a while ago, Nathan extended his hand to Flavia but she didn't even look at him.

Yet, Flavia had just taken the initiative to grab Felicity's hand.

"I really don't understand why Felicity is so lucky! They just sang a song together," someone whispered.

Nathan approached Flavia and the couple. Noticing their closeness, he gnashed his teeth.

He couldn't help interrupting them, "Flavia, the banquet is about to begin. Since you've greeted your friends, I think it's best to take a seat first. Otherwise, no one would want to sit down."

Flavia let go of Felicity's hand and quickly looked around. She stuck out her tongue like a little girl and said shyly, "Oh, I'm really sorry. Let's all sit down together."

After hearing this, Nathan felt relieved. Flavia was only greeting them. It was enough for William and Felicity to boast about for the rest of their lives.

However, it is what it is. Nothing else could be changed.

As he spoke, he was about to stretch out his hand to hold Flavia, when he straightened his gaze!

Around him, everyone exclaimed in disbelief.

Flavia had sat down beside William!

At her own will!

It was the furthest table, the most inferior seat in the entire room.

Flavia was the focus of everyone's attention that day but she had chosen such a terrible seat.

Nathan was so shocked that he got goosebumps all over his body. He quickly advised politely, "Flavia, this is not your seat! I've reserved a seat for you at the main table."

He thought Flavia just casually sat down.

However, Flavia turned to Nathan with a smile and said, "Oh, it's okay. I can sit here. It's just an alumni gathering, there shouldn't be a main table. Oh, I almost forgot! William and Felicity are very popular figures. There must be tons of people who want to sit with them. I'm sorry that I occupied their seats."

Hearing those words, the guests' faces turned pale.

Very popular figures?

Tons of people who want to sit with them?

Her words were like a slap in their face.

Everyone was trying to keep a distance from William and Felicity.

They were the only ones in that table, no one wanted to share a table with them.

What's worse, two other people had fled the table.

They couldn't understand why a big star like Flavia would show so much respect to them.

How could they be favored like that?

Flavia was about to stand up and apologize when

Felicity drummed up the courage to hold her hand, "Flavia, there's no one sitting at this table."

When Flavia heard this, she sat back down with a smile on her face. "Alright! Then I shall sit here and chat with you and William!"

Everyone was startled.

Flavia was determined to sit there.

Nathan's face was extremely ugly.

At that instance, an unforeseen setting took place.

A few people quickly occupied the rest of the seats.

When the other people saw that, they were so angry and were stomping on the ground!

All of them were blaming themselves for not getting the seats quick enough.

It was a once in a lifetime opportunity to have dinner with a star!

The two people who fled from the table earlier regretted even more.

"Well, everyone, please take a seat!" Flavia said with a smile.

Only then did everyone return to their seats indignantly.

Nathan sat on the main table and looked at the empty chair beside him. He almost lost his temper!

"William Lu!"

"And Felicity Bai!"

"How dare you steal my spotlight again?!"

"D*mn it!" Nathan swore hundreds of times in his mind.

Later, the dishes were served.

However, everyone was obviously not in the mood to eat, and their eyes were fixed on William.

In everyone's opinion, William was the most useless man in the entire room.

Nonetheless, Felicity, the famous beauty was sitting on his left.

On his right, it was another famous beauty, Flavia!

One woman as beautiful as Felicity or Flavia would already be a rare encounter for any ordinary person.

However, this useless man was having two such gorgeous women around him!

Thinking of this, everyone was extremely jealous. Their eyes were bloodshot.

Seeing everyone's burning eyes, Felicity suddenly burst into laughter and whispered, "Honey, everyone hates you."

William replied calmly, "Then I might as well own it!"

As he was speaking, he exchanged seats with

Felicity, so she was sitting next to Flavia.

Seeing this, everyone was momentarily stunned. Could it be that this loser couldn't bear the pressure being between the two great beauties?

Luckily, he still knew what was best for himself.

On the other hand, Flavia was depressed. Part of the reason that she came to Qena City was to complain to William.

She hadn't started but William had already switched seats.

"William, what's wrong with you? Are you so uncomfortable sitting beside me?" Flavia asked half-jokingly.

William's expression did not change. With a slight disdain, he said, "Well, your body is too fragrant and it was making me uncomfortable."

As soon as he finished speaking, the entire room went silent.

That one sentence rekindled everyone's anger.

"What the h*ll was that!" People started blaming William.

He was lucky enough for Flavia to treat him well, but yet he said she was too fragrant and moved away? Why would anyone do that?

"Where did he get the courage to do that to Flavia?"

Flavia felt quite upset, but she obviously knew that

William was planning something. She just curled her lips and said coyly, "Hmph! You should give your nose away as it's problematic! My perfume is really nice, okay?"

Everyone couldn't stand the fact that Flavia was flirting with this useless man!
