

The Charismatic Charlie Wade Chapter 466 – 470

Chapter 466

Youngzheng Wei hurriedly said: “It is estimated that the effect of the medicine has not yet come up. You must first repair the damaged part. Only after the repair, will you regain your glory, but I estimate that after half an hour to an hour, no matter what, you can stand tall!”

Fredmen said excitedly: “If this is the case, then the time is rushed, so Willson will not bother you, and leave first.”

After speaking, he immediately left Youngzheng Wei’s house with Wendy.

When he was in the car, Fredmen was already a little uncontrollable. While driving, he fidgeted and said: “The heat is getting stronger and stronger, but it seems that it hasn’t reached that place yet...”

Wendy hurriedly said, “Didn’t the Wei family’s Patriarch say that the medicine must be repaired before it can work there!”

“Hahaha!” Fredmen said excitedly: “It’s like the game you young people play. The enemy has five seconds to reach the battlefield!”

Wendy smiled and said, “Fredmen, how long will you get to the battlefield?”

Fredmen smiled and said, “I guess it will be another half an hour, how come it should be there? Hahahaha!”

Having said that, Fredmen stretched out his arms around Wendy’s waist and said seriously: “Wendy, after I am completely healed, you should follow me. As long as you take care of me, I will protect you for the rest of your life and you will enjoy it. “

Wendy said with a charming expression: “Wendy will definitely take care of you!”

Fredmen nodded, and then said in a vicious voice: “That Charlie, this b@stard made me almost unable to be a man, I definitely can’t let him go!”

This time I planted myself in Charlie’s hands in Aurous Hill, I don’t know how many times, not only the roots were destroyed, but I also had to call him grandpa several times.

It can be said that his Fredmen’s face was lost on Charlie.

After you get better, you don’t need to be afraid of Charlie, and you don’t need to be afraid of Tianqi, just find an opportunity to kill them both!

That Tianqi is also very *fcking hate*, *he didn’t give it to him, and threatened him with his mother, dmn it!*

.....

Soon, Fredmen drove back to Willson’s house.

After the two got off the car, they passed through the living room and went straight to the guest room on the second floor.

The Old Mrs. Willson was drinking tea in the lobby. When Fredmen was pulling Wendy back, the two hurried upstairs and couldn’t help asking Noah Willson next to her: “Fredmen has his hidden illness cured?”

“I don’t know either.” Noah Willson said, “Since the monkey went back to the room so anxiously, it feels like there is improvement.”

The Old Mrs. Willson smiled and nodded, and said: “Okay, okay! Fredmen can regain his power, and Wendy can follow him again. Our Willson Group’s follow-up investment of 70 million is another show!”

With that said, the Old Mrs. Willson hurriedly said to Noah Willson: “Go, go to their door and listen to see if Fredmen has really recovered. If he has, I will talk to Fredmen tomorrow morning. About the investment thing!”

Noah Willson said embarrassingly: “Mom, Wendy is my daughter. I’ll go to her door to eavesdrop. This is not appropriate...”

Old Mrs. Willson glared at him and said, “Can’t you tell the most important thing about the useless things? At this time, the most important thing is whether Fredmen has recovered or not!”

Noah Willson’s wife Horiyah nodded quickly and said, “Mom is right. At this time Fredmen’s situation is the most important thing. If you are embarrassed to eavesdrop, then I will go!”

Mrs. Willson looked at Horiyah approvingly, and said: “Horiyah is still courageous in doing things! In our family, women are always better than your dad. I do things better than your dad, and you do things better than usual. , Claire that unfilial granddaughter who turned her elbow out is also a bit better than Harold in doing things.”

Chapter 467

Inside the room. Professor

Fredmen lay on the bed, anxiously waiting for the effect of the medicine to arrive on the battlefield.

Wendy put on a bathrobe and went to the bathroom first.

Don’t know why, Fredmen always feels something is wrong. The lower abdomen has been hot and hot since he was in Wei’s house, but his key parts have never changed.

Even at this moment, he vaguely felt itchy and aching.

“It is estimated that the medicine is working!”

Fredmen comforted herself. At this time, Wendy also came back from the bathroom.

Wendy, lying in Fredmen’s arms like a wild cat, asked softly, “Fredmen, do you feel better now?”

Fredmen shook his head and said with an ugly expression: "Not yet, but it should be soon."

Wendy deliberately served Fredmen well and got more benefits, so she winks, and then lowered her head to untie Fredmen's pants.

Seeing this, Fredmen also showed expectant eyes, and his heart was hot and unbearable.

As a man, he really endured too long, too much pain.

however.....

The next second, Wendy suddenly yelled in horror, her voice harsh.

"Oh my god, Fredmen, what's the matter with you, why are you starting to grow black and purple, and the roots are still a little festered!"

"Huh?!" Fredmen's brain exploded, pushing Wendy away, lowering his head to look there.

After seeing it clearly, his face instantly turned green.

He thought it might just be that the effect of the medicine hadn't arrived yet, but he didn't expect that his key point had become black and purple, and even some of it was corrupted!

What the h*ll is going on!

Fredmen's scalp exploded, and he went crazy in an instant!

If he was expecting much after he had just taken the medicine, he would have collapsed now.

From a good man to a living eunuch, he got hope several times, but he was struggling in desperation.

After finally getting the Wei family's magical medicine, after taking it by himself, it turned out to be ulcerated.

It is not too much to say from heaven to h*ll!

“dmn, there must be something wrong with the Wei family's medicine. I said that Youngzheng Wei, the old and undead man, was so kind to let me take the medicine first. It's clear he was treating me as a fcking mouse.”

Wendy was also stunned, and subconsciously said: “Fredmen, what should we do now...”

Fredmen slapped her directly, and said angrily: “It's all d*mn rot, what else can I do, go to the hospital! Let your dad prepare the car!”

.....

Noah Willson almost broke down when he heard that he was going to the hospital again!

He thought that Fredmen was finally effective this time, and that his daughter would be able to regain the favor of Fredmen, but he didn't expect that this time, it was still nothing to do with the bamboo basket!

Moreover, he heard from Fredmen, it seems that the situation this time is much more serious than before!

Chapter 468

In the middle of the night, Noah Willson drove the car, where Fredmen and his two bodyguards rushed to the People's Hospital.

Fredmen didn't even hang up the emergency number, so he broke into the emergency room of the hospital with his bodyguards.

As soon as he entered the emergency room and saw a male doctor sitting in front of the computer, Fredmen untied his belt and took off his pants on the spot.

The male doctor in the emergency room was shocked.

“What are you doing? You are perverted!”

The male doctor was taken aback, and hurriedly shouted, “Hurry up and put your pants on and give me out, or I will call the security guard!”

Suddenly encountering this situation in the middle of the night, no one can stand it.

Fredmen hurriedly explained in tears, “Doctor, you have misunderstood, I am not a pervert, I have a serious problem with my body, I should show it to you! Otherwise, I will be finished!”

At this moment, the festering has become more serious.

The male doctor glanced at it, sucked in a cold breath, and said, “This is your body tissue is completely necrotic...”

“Total necrosis? What do you mean?”

The male doctor said: “There is no room for rescue. Like some people who have been in a car accident and their legs are crushed into fleshy flesh, they cannot recover and are facing serious infections. They have to amputate their limbs. There is no other way.”

“Amputation?!” Fredmen’s eyes were red, and he said crumbled: “Cut off my roots?”

The doctor nodded and said, “Hurry up and amputate it before it causes your body to fester.”

Fredmen cried loudly: “I am a big man, how can I cut it off? I just want to keep my roots. Even if it doesn’t work anymore, I want it to grow there for me honestly!”

Now he doesn’t want to restore his original function, he can not be bad, even if he is a living eunuch!

Thinking of this, he hurriedly pleaded: “Doctor, as long as you can cure me, I am willing to pay no matter how much money you say. You can think of a way for me!

The male doctor shook his head and said, "It's not about money. Your condition is very serious. Now it is completely necrotic. I suggest you cut it directly."

With that, the doctor further explained: "If you don't cut it off and wait until the ulceration and infection become more serious, it will cause serious bacterial infections, leading to the collapse of your body's immunity, and it will be life-threatening! You know we have several times every year. This patient dragged himself to death because he refused to amputate! He died of an uncontrollable bacterial infection!"

Fredmen was already scared.

At this time, the male doctor comforted: "Don't worry, although your case is very rare, but I have done several similar operations before, and I will definitely cut you clean without leaving any lesions."

When Fredmen heard this, tears couldn't help but flow down his cheeks: "Doctor, I beg you, please show me a clear path, I really can't cut it off, I am a living eunuch, if it is Really cut, more uncomfortable than a living eunuch! I...I might as well die."

The male doctor said helplessly: "I'm sorry, our hospital really has no way to save. If you are unwilling to undergo amputation, we can't cure you..."

Fredmen almost collapsed, gritted his teeth and said: "You Rubbish, can't you even stop the ulceration?"

The male doctor was also a little annoyed, and said solemnly: "Why can't you listen to what the doctor said? I told you, now this situation can only be amputated, and the possibility of preventing the ulcer is very slim!"

"And don't think that it's just the root matter now. The infected bacteria will soon flow through the bloodstream. By that time, you will have a systemic infection and your life will be in danger!"

Fredmen's heart completely collapsed, and the hatred in his heart for the Wei family was almost overwhelming at this moment!

Oh sh!t! Wei family!

If my roots are gone, you Wei family will wait for the end!

I want to turn your entire Wei family men into living eunuchs!

Thinking of this, he shouted at the two bodyguards beside him: "Follow me to Wei's house!"

Chapter 469

Fredmen left the People's Hospital with great anger and rushed towards Wei's house with his two bodyguards.

As soon as he arrived at the door of Wei's house, a member of the Wei family hurriedly greeted him and asked flatly, "Fredmen, why are you here so late..."

However, Fredmen looked at him gloomily, slapped him over, and roared, "Get out of here!"

The anger and humiliation in his heart at the moment, like a boiling active volcano, may erupt at any time!

Immediately, Fredmen took two bodyguards and walked into the gate of Wei's house. As soon as he entered the yard, he said viciously: "Youngzheng Wei, get out of here! One step later, I will kill you!"

With Fredmen's roar, the entire Wei family suddenly jumped.

Not long after, Youngzheng Wei didn't wear his clothes properly, and he walked out hurriedly, supported by Barena Wei.

When he came out to look at Fredmen, who was full of anger, he also looked surprised and quickly asked: "Mr. Willson, what are you doing? You just took medicine and restored your former glory. Isn't it right that you should be upset at home??"

"Turn the dragon to the phoenix? I turn your mother!"

Fredmen observed at Youngzheng Wei and pointed at Youngzheng Wei and said, "You immortal, dare you to use me as a guinea pig and try your Wei family's broken medicine! Now my roots are rotten, if you don't give me Solve it, I will f*cking destroyed your Wei family!"

Youngzheng Wei's brain buzzed, and he immediately understood Fredmen's words. The co-author had a problem with taking medicine.

So he hurriedly calmed and said: "Mr. Willson, this must be a misunderstanding, a misunderstanding! Listen to my explanation, our Wei family is also very kind, and never think of you as a guinea pig, but you happen to have this need. Thinking that the medicine will be produced and let you take it first is entirely out of concern for you."

Shaking with anger, Fredmen took off his trousers in public, his eyes were cold and scary, and he pointed to the place where he had festered, and said: "It's f*cking so bad that it's going to be amputated. You tell me this is a misunderstanding?"

Youngzheng Wei's eyes didn't work well, so he rubbed his eyes carefully. Under this look, he immediately clamped his legs subconsciously!

His eldest son Barena Wei and illegitimate son Liang Wei were watching them, and their faces were equally scared.

d*mn it!

It really sucks!

How could this be?

He doesn't blame Fredmen for delivering the goods. What will be the replacement?

Barena Wei hurriedly said, "Brother Willson, don't be angry...maybe the effect of the medicine has not been fully developed, you can wait two days to see..."

Wait two more days? I don't need to go to the f*cking hospital anymore, it just sucks!

Fredmen lifted his pants and yelled at Barena Wei furiously: “Wait for your mother, I will blame you as a fool. If you hadn’t lied to me, saying that your Wei family medicine could cure me, I wouldn’t end up like this! “

After he finished speaking, he said to the two bodyguards around him: “Give me one of his hands first!”

These two bodyguards are both good players.

At first he brought six bodyguards to Aurous Hill, but Charlie abolished four of them, and now only these two remain.

However, even if there are only two bodyguards left, the Wei family dare not fight against him!

After all, Fredmen is the chairman of Future Company Group, and his strength is much stronger than that of the Wei family.

Chapter 470

The Wei family originally hoped that the new medicine would allow them to rise, but now it seems that the new medicine is not as good as the old one!

At least the old medicine will not make people rot, at most, it is a little liver and kidney toxicity for many years.

Therefore, if Fredmen really wants to fight the Wei family, the strength of the Wei family is indeed not enough.

At this time, Fredmen’s two bodyguards came forward and directly grabbed Barena Wei. It was useless to let him cry for mercy. He snapped his right hand with a click, and folded it into a strange angle. , People can’t help but straighten their hair.

“My hand hurts so much...”

Youngzheng Wei was angry and frightened in his heart. Barena Wei was his eldest son and his most beloved son. However, seeing his son’s hand being broken, he dared not speak.

At this time, the pharmacist Professor Ke also rushed over and said: “Mr. Youngzheng Wei, Fredmen, what’s the situation?”

Fredmen looked back and couldn’t help but sneered: “You b@stard, you just came here, calling me!!”

Professor Ke was dumbfounded and said, “Fredmen, misunderstanding, I cured your illness, didn’t you say you want to gift me the villa?”

Fredmen sneered and said, “I will send you to live in a villa in the Hell Temple!”

The bodyguard pushed Professor Ke to the ground, and it crackled like a hammer. One of them hit his temple with a punch. Professor Ke rolled his eyes and passed out.

At this time, the entire Wei family was frightened, and Fredmen was really cruel!

In fact, Fredmen is not to blame. From losing his ability to now beginning to fester, his whole body and mind have suffered a huge blow that ordinary people can’t imagine.

If he really needs to be amputated, he will be completely crazy.

Fredmen was still puzzled at this moment. He stepped forward, grabbed Youngzheng Wei by the collar, and threatened: “I will give you two ways now. One, I will destroy your Wei family now, and two, immediately take my illness and cure it, which one do you choose?”

Youngzheng Wei’s face was extremely pale, and he begged: “Mr. Willson spared me, I will choose the second one. We, the Wei family, must find a way to cure your illness!”

Fredmen asked in a cold voice: “How long will it take to get it done? If my roots are really not preserved, I will let people kill you! I want you to be buried with the Wei family!”

Youngzheng Wei nodded as if pounding garlic and blurted out: “We also have many very powerful doctors in the Wei family. I will let them come over and give you anti-bacterial and anti-inflammatory treatment first. It should be able to persist for a while!”

Fredmen sat down on the main seat of the sofa in the living room and said coldly, "Hurry up and find the doctor!"

Youngzheng Wei did not dare to delay, and quickly asked Barena Wei to contact the team of doctors from Wei's Pharmaceuticals to come over.

After the doctor came over, they immediately infused Fredmen with antibiotics, and then treated the ulceration part. However, the doctors of the Wei family agreed with the doctors of the People's Hospital that simply antibacterial and anti-inflammatory cannot solve the problem, but can only delay the speed of the ulceration, but, The end result is amputation.

Fortunately, through processing, it can be delayed for a few days.

In a few days, if the Wei family could not find a cure for Fredmen, Fredmen still had to undergo amputation.

After Fredmen infused the liquid, he said to the Wei family: "I will give you one day. If it can't be solved by tomorrow night, the Wei family will not need to exist in the future!"

Youngzheng Wei complied with a full mouth and respectfully said: "Chairman Willson rest assured, we will definitely go all out!"

The eldest son Barena Wei pulled him aside and whispered nervously, "Dad, the doctor said, there is basically no good way to treat it, what should we do?"

Youngzheng Wei gritted his teeth and said: "Then I have to find a way too! Otherwise, would it be possible to watch the Wei family's death?!"
