

The Charismatic Charlie Wade Chapter 816 – 820

Chapter 816

Stephen breathed a sigh of relief and said, “That’s good, the Wade family cooperates very closely with the central bank. I say hello, and the money will be returned to your card.”

“Okay.” Charlie also relieved a little.

Two minutes after hanging up the phone, Charlie received another text message on his cell phone:

“Dear Mr. Charlie, RMB 21,900,000,000.00 will be credited to your Black Gold Card account at 15:06 today.”

Charlie breathed a sigh of relief when the money came back.

But then another serious problem came to mind.

Elaine stole his card.

Tried out his own password.

She also saw the amazing balance in his card.

If Claire knew about this incident, how to explain it to her? !

Thinking of this, Charlie’s expression grew colder.

Elaine, thinking that she is Claire’s mother. He has endured her for so long, but she is really playing too much today.

He must not let her go easily today!

So he immediately called Issac again.

On the other end of the phone, Issac's voice rang respectfully: "Mr. Wade what's your order?"

Charlie said angrily: "My mother-in-law died, stole my black gold card, and ransacked me 21.9 billion. I am going to teach her a lesson. Please help me contact the relevant department and cooperate."

Issac said immediately, "Mr. Wade please give me your orders!"

Charlie immediately informed Issac of his arrangements, and said: "You must make arrangements for me, don't go on a business trip, understand?"

"Understood Master!"

.....

Citibank VIP room.

Elaine refreshed her mobile banking over and over again.

In mobile banking at this time, there was only a pitiful 0.32.

All she was thinking about was that the 21.9 billion hurriedly arrive, so that she could instantly reach the pinnacle of her life!

However, after brushing for a long time, ten minutes passed, and the money has not arrived yet.

She couldn't help being a little irritable, and was about to scold that Dongtao, when she suddenly received a call from a friend.

"Hey, Elaine, are you going to make a face tomorrow? We are going to form a group and go together."

Elaine disdainfully said, "Making face? What kind of face? What kind of face do I have, and making faces with you? What the h*ll do you think?"

The voice of the other party immediately changed: "What do you mean by talking that way?"

Elaine sneered: "What do I mean? I tell you that going to a beauty salon to do facials is what people like you do, and I want to buy the beauty salon directly and serve me alone. I will not follow you in the future. This kind of person draws a line!"

The other party said in disbelief: "Elaine, are you crazy? Just you, and you still bought the beauty salon? Are you dreaming!"

Elaine shook her head and said with a sense of superiority: "I have nothing to say with you, poor, I tell you, Elaine is now different from what I used to be. You can't imagine the money I have in this life."

The other party sneered and said, "I think you should take medicine!"

After speaking, she directly hung up the phone.

Elaine didn't care when she was hung up. Now she's floating all over, like this kind of poor friend, don't need to touch her, if she sees her in the future. .

So she drank a sip of the top Blue Mountain coffee and watched Dongtao scolded: "Hurry up, do it faster! This Lady's money hasn't arrived yet, what are you doing? Believe it or not, I'll call you tomorrow. Don't do it?"

Dongtao was very annoyed by Elaine's arrogant attitude, but he could only bite the bullet and said: "Madam, please wait a moment, the central bank will take time to deal with it!"

Elaine said unreasonably: "I don't care about your sh!t reasons, you can find out what happened there, otherwise I will just give millions to kill you!"

Chapter 817

Dongtao was frightened by Elaine, and could only say helplessly: "Then I will help you look at our progress. If it has been reported to the central bank, I can't find the rest."

Elaine was anxious, so she splashed coffee on his face and cursed: "Hurry up, what's this all? Your mother is going to die!"

Dongtao was screaming when he was hot on face. Fortunately, the coffee was not very hot, otherwise he would have to be disfigured.

He was furious, but he really didn't dare to provoke such a big woman, so he could only humbly say: "Wait a minute, I will help you see the progress."

After that, after entering the system and checking, he said in surprise: "No! This money shows that the central bank has returned it."

"What is it? Where did you go?"

Dongtao said: "Your black gold card has been returned to the account."

"What?" Elaine slapped Dongtao when she went up, cursing: "What's the matter with you b@stard? Why is my money returned again?!"

Dongtao, an Old Master who was aggrieved, cried and cried, "Madam, I really don't know...this is returned by the central bank, not by me... ."

"f*ck your mother!" Elaine slapped the table and yelled, "Hurry up and transfer it to me again! Maybe I will break this bank!"

At this time, Elaine was full of hurriedly getting the 21.9 billion. Even if her mother stood in front of her, she would kick away without hesitation.

She thought that the money was coming soon, but she never dreamed that the central bank returned the money again. What the h*ll? Cheating?

At this moment, there was a rush of footsteps outside the VIP room.

Immediately afterwards, the door was kicked open. A group of police officers with guns and live ammunition quickly rushed in and asked: "Who used the black gold card to transfer the money just now?!"

Dongtao was frightened, and pointed to Elaine tremblingly and said: "This lady, is there any problem?"

The police ignored him and said directly to Elaine: "What's your name?"

When Elaine saw the police coming, she was shocked and panicked.

what happened? Charlie called the police?

I am his mother-in-law! Should it be illegal for a mother-in-law to take money from her son-in-law?

Just when she was stunned, the police questioned again: "What is your name!"

"I...I..." Elaine said flusteredly: "My name is Elaine..."

The police said coldly: "Elaine, right? You are now officially arrested by us for being suspected of participating in a major bank fraud case!"

After that, he shouted to the two people around him: "Handcuff me and take it away!"

When Elaine heard this, her face paled in fright, and she blurted out: "Police officer, misunderstanding, I just came to transfer the account, the card is not mine, and I have not defrauded the bank!"

Officer said coldly: "Let's say these things when you arrive in the interrogation room. As servants of the people, we will not wrong any good person, but we will never let any bad person go."

Chapter 818

Elaine hurriedly shouted: "This card is not mine, this card belongs to my son-in-law, and my son-in-law's name is Charlie! Are you misunderstanding?"

Officer said coldly: "I'm telling you, this card was forged by an overseas high-tech criminal group! It was specially used to defraud banks of huge amounts of money! This transnational case, we have joined the International Criminal Police Organization of 23 countries and it has been investigated. It's been two years, and now it's finally time for you, the fox, to show the feet! Now that the evidence is there, you still dare to quibble?!"

Elaine suddenly collapsed!

d*mn, that card is forged? !

"He just said it!"

Charlie, this d*mn stinky silk, how could he have 21.9 billion so much money!

It turned out to be a f*cking lie!

The point is, listening to the police, this card seems to be involved in a major transnational case? !

Joint tracing by Interpol in 23 countries? This battle is too big, right? If they really think she did it, they can't shoot her?

Thinking of this, Elaine knelt on the ground with a puff, and tremblingly cried: "Comrades, you really wronged me. I'm an ordinary law-abiding citizen. This card was given to me by my d*mn son-in-law, the son-in-law is idle all day long and is cheated everywhere. You must catch him and give me my innocence!"

After she finished speaking, she hurriedly said: "This Charlie is now in Tomson Villa a05. Go and take him away. It's better to sentence him to life imprisonment! I don't like to see this b@stard again in my life. !"

The leading policeman snorted coldly: "You are shaking the pot quickly! We don't know Charlie, we only know that you used this card. You used this card to defraud Citibank 219. Fortunately, we discovered it early and intercepted the transfer in time. Otherwise, you would succeed! You will wait to sit in prison this time!"

Elaine collapsed completely, and she slumped on the ground and cried loudly: "Comrade police, I am really innocent, I am wronged!"

Just as she was talking, a cup of tea was suddenly poured on Elaine's face. Dongtao rushed up and kicked Elaine to the ground with a single kick. Then he rushed up crazy and slammed her face, shouting hysterically. "d*mn, you liar, I'm also a bank leader, you screamed at me, poured coffee on my face, and slapped me in the face, I'll kill you!"

The two young policemen hurriedly pulled Dongtao away, when Elaine was already bloodied and terrible.

The police headed at this time said: "Okay, take the people in the car and go back to the bureau for the trial!"

Elaine, with a blood-stained face, was dragged by two policemen, her legs slid on the ground, and her mouth was crazy and shouted in a torn voice: "I'm wronged! The card is not mine! The card is Charlie's. b@stard! What are you doing with me? Why don't you catch that b@stard?"

The people in the whole bank lobby were staring at this scene dumbfounded. Elaine couldn't care about the embarrassment. The wow-wow rusher shouted: "Help! I was wronged! You must testify for me! "

Everyone froze, testify? What proof do they know her?

At this time, the policeman leading the team said coldly: "I tell you, even if you have a skyrocket, it's useless! When you arrive at the police station, there is a longer interrogation waiting for you. I advise you to keep your strength!"

The blood-stained Elaine was like a Rakshasa, desperately breaking free from the restraint of the police and the handcuffs, and shouted: "Let me make a call! I want to call my daughter! Let my daughter bring the liar over to accept the crime. Turn yourself himself in, then you will know that I am innocent!"

The policeman took the phone out of her pocket directly and said coldly: "You are the main suspect in a major transnational criminal case. During our interrogation and handling of the case, you have no right to contact anyone!"

After that, he turned off Elaine's cellphone and shouted to the two policemen who were dragging her: "Hurry up and get her in the car, hurry up!"

The two of them moved directly to the left and right, lifted Elaine, carried her out of the bank lobby, and stuffed it into the back seat of the police car.

Immediately, a group of police cars roared to the police station!

Chapter 819

Aurous Hill Police Station.

As soon as Elaine arrived, she was directly taken to the crime team for interrogation.

Seeing the words “criminal group”, Elaine trembled in shock.

Being taken all the way to the interrogation room of the police station, Elaine had already panicked and was about to collapse, and the whole body was no longer arrogant, like a cock that was defeated.

In the interrogation room, the incandescent light shone on Elaine’s face.

Sitting on the opposite side were several police officers from the crime team.

One of them said coldly to Elaine: “The criminal suspect, Elaine, you are now the first suspect and the only suspect of an overseas high-tech criminal gang. You must truthfully explain your criminal process, otherwise, what is waiting for you will be is a just trial.”

At this moment, Elaine immediately started crying: “Comrade, you caught the wrong person, Charlie is the suspect...No, he is a criminal, I am a good citizen who abides by the law, the card I stole it from his pocket, not me.”

The police officer frowned and said, “You said it was your son-in-law, will we believe it? It’s stuck on you, and you took it to the bank to withdraw money. You are the biggest suspect!”

Another police officer beside him sneered and said: “I see this Elaine, because the situation has been revealed, do you want to pull son-in-law to top the bag?”

After that, he observed at Elaine and said coldly: “You can even do such a frenzied thing. It’s too inhuman, right?”

Elaine shouted wronged: “What I said is true. My son-in-law Charlie is really a liar. He is best at scams and abductions, and he is definitely a criminal!”

The police officer slapped the table and said angrily: “I think you are the criminal! I’ll say it again, be lenient in confession and strict in resistance.”

Elaine cried anxiously: “Comrade police, I have already confessed...If half of what I said is false, I will be thundered!”

The policeman shouted angrily: “This is the police station, do you think it is a temple? Give me a swear to the heavens? I tell you! Hurry up and explain your upper family, next family, and accomplices, and link your organization’s crime chain Let me explain everything clearly! Now the International Criminal Police of 23 other countries require you to be taken back to the country for investigation. If you resist to the end, we will hand you over to the US police and let them take you to the US for interrogation. Let me tell you that the American police are very violent in law enforcement. They often use torture to extract confessions. Say it all for your own blessings!”

Elaine wailed in fright: “Police officer, I was really wronged. How can I go to my next home? I stole a bank card from my son-in-law, and then I was arrested here, please. Don’t hand me over to the American police...”

The police officer stood up and said to others: “The criminal Elaine has a rampant attitude. She refuses to explain the crimes of forging bank cards and transnational fraud. First, put her in the detention center and wait for further investigation.”

Elaine was frightened and cried, and went straight to the ground, and started to splash: “If I don’t go to the detention center, you can’t wrong the good people. If you wrong me, I will die with you!”

The police officer looked at Elaine, who was lying on the ground and reluctant to get up, and said coldly: “Put her up for me and close the detention center directly!”

“Yes!”

The others immediately set up Elaine like a dead pig, and it was useless for Elaine to cry for father and mother, and sent directly to the Aurous Hill City Detention Center.

.....

There are three detention centers in Aurous Hill, which specialize in administrative and criminal detention, as well as prisoners who have not yet been tried or have a short sentence.

After the trial, prisoners with longer sentences are directly transferred to prison to serve their sentences.

Chapter 820

The three detention centers in Aurous Hill perform their duties. One is dedicated to detaining male suspects, one is dedicated to detaining female suspects, and the other is dedicated to detaining juvenile detainees.

After the four members of the Willson family were arrested in the afternoon, they were sent to two detention centers.

The Old Mrs. Willson and Wendy went to the women's detention center, while Noah and Harold went to the men's detention center.

When she first entered the cell, Mrs. Willson was still very uncomfortable. After being locked in, she sat on a simple bed, thinking about her experience during this time.

During this period of time, it was the greatest catastrophe for Mrs. Willson and the Willson family. Mrs. Willson's life's hard work and coffins were all sealed by the court, and her son refused to let her live in the Tomson Villa, and called her to the police. Grasping the prison, these things made her think more and more angrily.

Sitting cross-legged on the cot, thinking of the painful place, she slapped the bed in despair, crying loudly: "What a sin I have done, my family is bankrupt, my son doesn't support me, and my daughter-in-law has sent me to the detention center, this goddamn unfilial son! This is to make me die in the detention center!"

Wendy sat aside, also angry and sad, and cried and said, “Grandma, Second Uncle never used to be like this. He used to obey you and never dared to resist. Why is he so cruel now...”

Old Mrs. Willson coldly snorted, and said angrily: “It’s not Elaine’s vixen who suffered a thousand swords! This vixen has been uneasy since she got married to our Willson family. If it weren’t for her to stop him this time, second uncle I guess I agreed to let us live in!”

With that said, the Lady Willson felt sad again, wiped a cloud of tears, and cried: “I’m really too fateful. When I go there and meet the Old Master, if he knows I was forced by my daughter-in-law Dead, don’t know how much he feel sorry for me...”

The grandfather and grandson were in the prison cell, mourning in their hearts and crying.

Because the Lady Willson is too old, the inmates in the same cell rarely see anyone who is still in the detention center at such an age, so they came to inquire curiously.

Among them was a tall and strong middle-aged woman who had been squatting in this cell for three months. She was the boss of this cell. She walked up to her and asked, “Lady Willson, is your daughter-in-law so bad? Put you in the detention center? What is going on?”

“Yeah, what’s the matter? Tell us about it?”

When someone asked questions, other prisoners in the cell also gathered in front of Mrs. Willson.

They were originally a group of old ladies who love gossip, and their favorite gossip is the short stories of the parents, so they all hurriedly came to the front, pricked their ears, and waited to hear the following.

At this time, Mrs. Willson had nowhere to vent the evil fire that was holding her stomach.

Hearing so many people coming to inquire, she cried and cried: “I tell you, my life is really bitter! My daughter-in-law is simply not human, she and her shameless Rubbish son-in-law, constantly Framed us, made us a big family in Aurous Hill with a big face,

step by step pushing us to bankruptcy, let us owe a debt, even our house was taken away by the court.”

The fat woman said coldly: “Why is there such a bad person?”

Old Mrs. Willson flushed suddenly, and said angrily: “They are so bad, they are so bad!”

“My grandchildren and I were driven out by the court to be homeless, but their family bought a Tomson first-class villa, worth more than one billion!”

“Our family has nowhere to go, but their family of four sleeps in more than a dozen bedrooms!”

“I thought they were my own sons and daughters-in-law. No matter what, they wouldn’t see me living on the street? So I went to run to them. Who knows, they not only beat me, scolded me, kicked me, but also called the police. Saying that I broke into the homes and provoked troubles, and let the police arrest us all!”

As soon as the fat woman heard this, she clenched her fists and said angrily: “I, Gena Jones, hate the b@stard who disrespects the elderly the most in my life! If it weren’t for my brother-in-law, my mother-in-law, my mother could not commit suicide by drinking pesticide! So I was sentenced to ten months in detention because after my mother died, I blasted my brother-in-law!”

Speaking of this, Gena Jones’s eyes were already filled with anger and tears. She gritted her teeth and said: “Lady Willson, don’t cry. If I have a chance to see your daughter-in-law, I will hammer her to death for you!”
