

# The Charismatic Charlie Wade Chapter 851 – 855

## Chapter 851

The driver drove the Rolls-Royce Phantom away, and Charlie also drove the fifth-series BMW of the Old Master.

As soon as the car stopped in front of the three people, the Old Master hurriedly opened the rear door, and the gentleman said to Meiqing: “Meiqing, please first!”

Meiqing nodded and smiled, bending down and getting into the car.

Immediately afterwards, Paul seemed to go to sit with his mother in the back row on the other side, but Jacob said to him: “Oh, Paul, you and Charlie are both young people. You should have many topics in common. Have a good chat with him while driving!”

After speaking, without waiting for Paul’s promise, he already came to the back door on the other side, opened the car door and sat in.

Paul had no choice but to get into the co-pilot.

Charlie drove toward the city, and Jacob in the back row said to Meiqing with a little embarrassment: “Oh, Meiqing, this car is a bit crude, and I hope you don’t mind too much.”

Meiqing said helplessly: “Jacob, I have already told you, I don’t care about these things, so you don’t have to mention them all the time.”

“Yes, yes.” Jacob complimented: “I don’t mean you care, I just feel that this car is not worthy of your temperament. Look at how you look like a fifty-year-old middle-aged and elderly person. It’s less than forty! A woman with temperament like you should ride in a top luxury car like a Rolls-Royce.”

When Meiqing heard him complimenting herself, her face flushed slightly, and she smiled and said, "After so many years, you still speak so well."

Jacob smiled and said, "What I said is all from the bottom of my heart."

Meiqing nodded and asked him, "By the way, how are you doing for so many years?"

Jacob sighed and said angrily: "I have done it, that is, to be honest, after graduating from university, I have not been so happy."

Meiqing asked in a low voice, "Are you and Elaine unhappy?"

"Happiness?" Jacob gave a wry smile and exclaimed: "I have never had these two words with her for more than 20 years."

Seeing Jacob's wry smile, there was an inexhaustible pain, and a distress and regret flashed in Meiqing's beautiful eyes.

She remembered the thing that she could not forget the eve of college graduation.

That day, her roommate ran back, crying and said to her that her boyfriend took her for the first time after drinking.

She suddenly felt a bolt from the blue sky, and the whole person was on the verge of collapse.

At that time, she had already started happily planning the route after graduation. The family arranged for herself and her boyfriend to go abroad for further study, so that the two could stay and fly together, and at the same time, they could get a higher diploma together and come back later. Serve the country and become a pillar of the country.

But who would have thought that suddenly, such a disintegrating thing would happen.

At that time, her roommate was still crying and confessing in front of her, saying that she was sorry for her and that her boyfriend was too drunk and didn't know.

But how can she not mind?

My boyfriend is sleeping with her roommate, how could she not care?

Especially her own character, she is born to emphasize feelings rather than interests. For the one she loves, she can be wronged by heaven, but she must never allow her beloved to betray her or have any flaws in her relationship. .

Therefore, she could not accept such a thing, so she chose to quit, and left Aurous Hill and China sadly.

Even after going abroad, she was even more shocked when she learned that her ex-boyfriend had married that roommate.

## **Chapter 852**

At that time, it happened that an American boy was madly pursuing her, so out of anger, and out of wanting to forget the past as soon as possible, she agreed to the other party's pursuit.

As a result, the two quickly married, got married, and soon had a child.

That American boy was very kind to her and cared for her for a lifetime, but she has been unable to forget her ex-boyfriend for more than 20 years.

When she looked back at that period of history, she realized that she had been deliberate and fooled by others.

The roommate didn't come to her to confess at all, nor did she really hope that she would not mind this. She just hoped that she would mind, that she couldn't let it go, and she wanted to take the initiative to quit, and then handed her ex-boyfriend to her.

But the oneself back then was still too young, too proud, too focused on the principles of life and the purity of feelings, so she gave up her beloved man. Right in the arms of that roommate.

Because of Jacob's unforgettable heart, Meiqing's married life was actually very painful.

Her husband loved her very much, and she had fulfilled the responsibilities and obligations of a good wife, never betrayed him, took good care of her family and child, and even helped him a lot in his career.

However, deep in her heart, she knew that this was just a life of supporting and respecting him. Although she thanked him very much, respected him, cared for him, she did not love him.

The marriage without love lasted for more than 20 years, and her husband died because of cancer.

Meiqing took care of her husband wholeheartedly until he was buried.

After her husband was buried, Meiqing's heart suddenly became empty.

At this time, she realized that she had completely fulfilled all her obligations to her husband as a wife.

Virtuous, loyal, caring for the family, passing on from generation to generation, she goes all out at every point.

However, after her husband died, she suddenly realized that her life should be lived for herself once.

So, she resolutely prepared to return home.

And what she wanted to see most when she returned to China was Jacob, who was impulsively handed over to Elaine.

However, she really did not expect that Jacob and Elaine would be so unhappy.

In the words of Jacob, He hasn't felt happiness in more than 20 years, so how much torment in these days?

Although she hasn't felt true love for more than 20 years, but fortunately, her husband treats her very well, even if there is no love, at least he is still very happy.

Jacob was also very melancholy at this time.

For more than twenty years, he has been regretting that he had drunk too much that night.

For more than 20 years, he has never loved Elaine, nor has he felt the happiness of his family.

He has been obsessed with Meiqing for more than 20 years, and it is more than 20 years since he saw Meiqing again and her scorching demeanor. His heart is full of regret.

He should have been with this perfect, humble, intellectual and understanding woman for half of his life.

But why, just missed her and came together with a shrew like Elaine?

At this moment, Jacob felt that what he had missed was the whole world!

## **Chapter 853**

Jacob recalled this in his heart, his eyes flushed, and two lines of tears could not help but flow out.

The main reason is that the current Meiqing is too perfect. Even if Charlie saw it, he felt that she was more than 100,000 times stronger than Elaine, and Jacob spent more than 20 years with a b\*tch who only had one in 100,000 of his ex-girlfriend. , Now that he looks at Meiqing and thinks about it again, can he feel uncomfortable in his heart?

When Meiqing saw Jacob's tears, she felt even more uncomfortable.

She also regretted.

Regret shouldn't have left him on impulse.

In the past twenty years, he has not been happy and he has no love.

Both people suffered the same torture.

Since this is the case, why did separate separate in the first place?

She knew that he couldn't like Elaine.

She knew that he must have completely lost consciousness before being taken advantage of by Elaine.

She even knew in the subconscious that Elaine was behind the scenes.

However, she couldn't help that arrogance at the time.

The results of it? For more than 20 years, the two people have no real happiness.

Thinking of this, Meiqing felt very uncomfortable.

She quietly took out a pack of tissues from her bag, took out one, and stuffed it into Jacob's hand.

Jacob originally turned his face to the window, not wanting Meiqing to see his tears, but suddenly he was stuffed with a tissue in his hand. He hurriedly looked at Meiqing on the side, only to find that her eyes were also choked. Tears, tears gleaming.

At this moment, Jacob asked herself in his heart, does Meiqing still have feelings for him? !

If she really still has feelings for him, can she reconnect with her? !

Thinking of this, when he was excited, he suddenly became nervous again.

He was nervous, where did Elaine go, and will she come back?

If she didn't come back, how nice it would be!

He can pursue Meiqing wholeheartedly!

He is already fifty years old, and if he doesn't pursue true love, he will never have love for his life!

But what if Elaine comes back...

If that b\*tch knew that Meiqing was back, she would be crazy! She will definitely observe at her, and will never let him have the opportunity to meet or contact Meiqing!

More importantly, once Elaine sees Meiqing now, she will definitely be stimulated.

Because now Meiqing is much more beautiful than Elaine, and more temperamental than her, more educated than her, richer than her, and more cultivated than her, in every aspect, she is much better than her.

So compared to her, Elaine is just a mess of stinky sh!t.

## Chapter 854

Jacob couldn't help begging to heaven in his heart, hoping that Elaine would never come back. She had harmed him for more than 20 years, so she should give him some freedom. After all, it was really not easy to bear her for more than 20 years.

If Elaine never comes back, then he believes that he must have the opportunity to continue to be with Meiqing and to continue his relationship.

Moreover, he thinks that Meiqing's son is still a very nice person, and he should be able to accept him as his stepdad.

And his daughter Claire is also a more sensible and filial girl.

If her mother indeed goes missing, she would not object to his search for his second spring without gambling. After all, it is impossible for him to live alone after Elaine disappeared.

The only thing he worried about now was whether Elaine, a woman, would return.

So he can only pray to God.

And he didn't know at this moment. It is not God that can decide all of this, but his son-in-law, Charlie.

.....

After Charlie drove to Shangri-La, the hotel staff immediately stepped forward and opened the door.

He handed the car to the waiter who parked the car, and then said to his father-in-law and his first love, Meiqing, mother and son: "Shangri-La is considered to be a relatively good hotel in Aurous Hill. The local cuisine is the best. It's delicious. I've already booked a good box here, but I don't know if it fits the taste of the your personality."

Meiqing hurriedly said, "Oh, Mr. Charlie, you are really too polite. I don't have any requirements for food, and I'm honest, after leaving Aurous Hill for so many years, I still want to try our Aurous Hill. The local flavors!"

Charlie said with a smile: "Then you came to Shangri-La, you really didn't come wrong."

After all, he was next to Paul: "Mr. Paul, I don't know how you feel about Chinese dining? Are you still used to eating?"

Paul smiled and said, "Mr. Charlie, don't forget that I am also half Chinese, and to be honest, I prefer Chinese food to those fast food and western food in the United States."

As he said, Paul hurriedly said: "By the way, let me tell you, my mother cooks very well. She is the best Chinese chef I have ever seen. She has great cooking skills."

Charlie couldn't help but exclaimed: "I didn't expect Aunt to look so beautiful, have such a good temperament, and cook deliciously."

Meiqing said modestly: "Don't listen to this kid's nonsense, he brags too much for me."

Jacob could not help but sigh at the side at this time: "When we were going to school together, you always said to cook for me, but at that time everyone was living on campus, and there was never a very suitable opportunity. More than 20 years have passed. Now, to be honest, I haven't eaten this meal yet..."

Meiqing smiled and said seriously: "Then if I have the opportunity, I can cook for you to taste. But I can put the shame on the front. My cooking is not as delicious as Paul said. If you are disappointed then If you do, don't blame me."

When Jacob heard this, he became excited, and blurted out, “Really? When will you have time?”

After that, Jacob couldn’t wait to say: “If you have time, we can make an appointment at my house! What kind of dishes you will do, or what you want to do, tell me directly. I will buy and make all the ingredients in advance. Everything is prepared, and then you and Paul come to the house, you just cook, I’ll help you, let the children just eat.”

Meiqing said with some embarrassment: “Is this appropriate? Elaine shouldn’t want to see me, right?”

In yesterday’s phone call, Jacob told Meiqing that he and Elaine had broken up and had separated, but there was no specific reason for that, and he did not say that Elaine is now missing.

Therefore, Meiqing thought that the two had just separated bedrooms, but they still lived in a house, so they didn’t want to go to his house, for fear that they would meet Elaine again, not to mention that this woman is not a good thing.

Jacob hurriedly waved his hand at this time, and said indifferently: “You don’t have to worry about her. She is not at home now, and I don’t know when she will be back. It will be impossible for a while.”

Having said that, Jacob said again: “In my opinion, choosing a day is better than hitting the sun! Let’s have dinner in Shangri-La at noon, and then you will go back to the hotel to rest. Come to my house in the afternoon. We can cook together. Have a meal, so I can also introduce my daughter to you!”

## **Chapter 855**

Jacob’s consideration was simple, because he was worried that Elaine would come back suddenly in the next two days.

In case she suddenly returned home, then she would not have such a good opportunity.

Killing him, he would not dare to invite Meiqing to eat at his home while Elaine is still at home.

In that case, Elaine would probably hack him to death with a knife.

So he felt it. If he want to have such an opportunity, he must do it as soon as possible, and the sooner the better.

Meiqing couldn't help thinking back then.

Because her hometown was in Suzhou, when she was studying in Aurous Hill, she could only live in a dormitory.

Moreover, when everyone was in love, they were relatively shy and low-key, and didn't dare to let the family know, so she always wanted to cook a meal for Jacob, but she never found a suitable opportunity.

Back then it was not as convenient as it is now.

Now if you want to find a place to cook for couples, you can directly find a hotel apartment or a short-term rental family apartment to solve the problem, and there are kitchen utensils, everything.

But at that time, there was no such condition.

Even if you are staying in an ordinary guest house outside, you need to open a letter of introduction by your unit. Therefore, young people at that time are in love, it is impossible to go out to a hotel or guest house to open a room.

At that time, the school's own guest house did not need to open a letter of introduction, as long as the student ID can open a room, but ordinary students dare not go there to open a room, because they are likely to be caught by classmates and teachers.

The first time that Meiqing and Jacob tasted the forbidden fruit was when Jacob secretly took her home one night when there was no one in Willson's house. The two of them hurriedly finished it at home.

After that, the two wanted to taste that taste again, they could only wait until Jacob had no one at home.

However, in the Willson family at that time, although the eldest brother Noah went to school in other places, most of the projects of Mr. Willson were in the local area and he did not often go out.

And Mrs. Willson seldom travels far, so the chance of no one at home was extremely rare.

Therefore, for a long time, when two people wanted to try the forbidden fruit, they could only choose to go to the school grove, or in the park of Aurous Hill, or to abandoned houses or even construction sites.

Most college students of that era used this way to fall in love, and there was no way.

It seems crazy now, but it was really normal in that era. After all, young people's hormones need to be released and there is no suitable venue to choose from.

Especially the small woods in the school are the most popular. They are dark inside. There may be a pair every ten meters. Everyone can hear other people's voices, but no one says nothing and doesn't look at other people. A tacit understanding, each busy with own things.

Because no one can see who, and no one knows who it is, no one feels ashamed.

Sometimes, the school teacher took a flashlight to catch in the small woods. Thought that at most one or two couples could be caught in it, but unexpectedly, he was shocked as if he plunged into a pile of wild ducks. A sky full of wild ducks.

Now, when two people think back to the past in their hearts, especially when they think back to the bits and pieces of the two people together, even now they seem crazy, romantic, or shameful details. There is an extraordinary throbbing in heart.

Charlie found that Meiqing's face suddenly turned red. And the whole person seems to be still shy.

He couldn't help thinking in his heart, didn't he just asked to go to the house to cook and eat? Why did this Aunt suddenly blush?

Then turned to see the Old Master beside him again, and found that his face turned red all of a sudden.
