

The Charismatic Charlie Wade Chapter 876 – 880

Chapter 876

In the kitchen at this moment, Meiqing has put on her apron, and with the help of Jacob, she began to process the ingredients and prepare to cook.

Jacob hit the side, playing very diligently.

He dreams of having such a day, he and his beloved Meiqing can have a sumptuous dinner in the kitchen together.

But he didn't expect that this dream would finally come true after twenty years.

Meiqing was full of emotion. She has lived in the United States with her husband for more than 20 years, and the two often cook together, but she has never made herself feel the way she is now.

She feel that the man next to her, as long as he stands by her side, he can bring her an infinite sense of intimacy.

Cooking for him by her, busy in the kitchen with him, full of joy and satisfaction.

When two people are cooking together, there is always some friction and contact on the body. Sometimes they rub their hands, sometimes they touch other parts. Soon, the two of them are red. face.

After all, both of them have had a lot of past events, and they are each other's first love, and even when they first tasted the forbidden fruit, they both gave each other the first time.

So after so many years, after seeing each other again, the hearts of these two people are always affected by the memories of the past.

It is as if there is a strong magnetic field inside the two people, and it is the kind of magnetic field that the opposite sex attracts.

When Jacob laid hands on Meiqing, they had been close to each other countless times, and had an impulse in heart several times, wanting to hug the other person directly in arms.

But this impulse was quickly suppressed by the timidity in his heart.

Meiqing herself is very capable in housework, but today because she has her first love around her, she also feels that no matter what she does, she seems a little absent-minded.

Even always distracted by the man around her.

A few times when she cut things, she almost cut her own hands because of distraction.

Jacob was also a little absent-minded by the side. His energy was not on washing vegetables, picking vegetables, and helping Meiqing at all, but on Meiqing herself.

At this moment, Jacob even regretted moving to Tomson's big villa.

Because, if it were in the previous home, in such a small kitchen, two people were busy working in it, even if they borrowed it, they would have to touch or even stick to each other.

But the kitchen of Tomson's villa is really too big.

Even if there are five people working in it at the same time, they can be in order without disturbing each other.

Therefore, every time Jacob wants to get closer to Meiqing, he needs to find some special reasons or excuses.

Jacob struggled for a long time and didn't dare to hug Meiqing. Every time he mustered up the courage, he soon persuaded himself against it.

Finally, when Meiqing put the shrimp into the pot, Jacob suddenly showed courage and hugged her from behind Meiqing, and murmured nervously and excitedly in her mouth: "Meiqing, Over the past twenty years, I really missed you!"

Chapter 877

Suddenly, Meiqing was hugged tightly by Jacob, and her whole body stiffened in a moment.

From the bottom of her heart, why didn't she hope that Jacob could hug herself tightly after twenty years?

After all, this is the only person she has loved in her life.

At this moment, the first lover from more than 20 years ago hugged her so tightly, his hands clasped tightly on her belly, and the feeling seemed to have brought her back to the twenty-year-old. Youth years.

The true feelings in Meiqing's heart were surging, and she suddenly couldn't help it, and put her hand on the other's hand.

But at the moment she put her hand on Jacob's hand, she suddenly realized that it was wrong for her to do so.

So she broke away from Jacob's embrace, arranging her hair in a panic, and said unnaturally: "Jacob, we two can't do this, you are married after all, and I can't wrong Elaine! "

Jacob was immediately anxious, and blurted out: "At the beginning, she was sorry for you. When we were together, we were in such a good relationship. She knew that I was your boyfriend, and she took advantage of it when I was drunk. And in, if she were not so shameless, the two of us would have already been together!"

Meiqing sighed lightly and said: "Even though the past was her fault, I was the one who chose to let go. Since I have chosen to let go and give you to her, I will not be like her

back then. I'm sorry for that, and I'm sorry for her again. This is a matter of principle. Otherwise, would I be like her?"

Jacob was anxious and said, "That woman has almost ruined the relationship between the two of us for a lifetime. Do you still need to talk about her about principles at this time?"

Meiqing said seriously: "In fact, after that incident happened back then, I also knew in my heart that all of this was caused by Elaine behind my back. I knew she is a villain, but I can't become a villain because of being hurt by a villain."

As she said, she looked at Jacob again, and said very seriously: "You are her husband after all. I can meet you and eat with you like a normal friend or an old classmate, but we can't have such things, it's not possible at all..."

Jacob's tears were streaming down. He looked at Meiqing and choked and said, "Is it impossible for the two of us in this life? After so many years, we can finally meet again, don't you want to make up for us? Was it a regret back then?"

Meiqing's expression was also a bit painful, and she sighed: "Of course I want to, otherwise I won't make a special trip back from the United States, but I think that gentlemen must do everything they want when it comes to money and feelings. If we The two have a chance to be together again, and that must be after you and Elaine divorced."

Jacob blurted out without hesitation: "Then I will divorce her immediately!"

Meiqing said very seriously: "Jacob, don't get me wrong. I'm not saying that after you divorce Elaine, the two of us can be together."

Jacob asked nervously, "Meiqing, what do you mean by this? I don't understand, don't you want to be with me?"

Meiqing said sincerely: "Jacob, after all we haven't seen each other for so many years, how could we suddenly decide to be together? This is too trifling."

As she said, she said with a serious face: "We were in school when we were dating. At that time, we were all students. We had to study and socialize with our classmates

every day. We never lived together. Life is different from falling in love. Especially at our age, we must not only consider our own life, not only our own feelings, but also our children and their views on each other.”

Chapter 878

“So this kind of thing is not something we can decide with our lips when we are like teenagers. We must think carefully before we can make a more mature decision.”

Jacob said immediately: “I can’t accept what you said. I know you still have feelings for me in your heart, and I have feelings for you in my heart. Since both people have feelings, what can’t you break through? “

With that said, Jacob forced himself to ask: “Meiqing, I want you to tell the truth, do you really feel about me now?”

Meiqing said with some embarrassment: “How do you ask me to answer your question? After all, we were together back then, and the relationship was so good, and we were all our first loves, and we had regrets for more than 20 years. It’s self-deception.”

As she said, Meiqing said again: “But as I said just now, this matter is not just about how you feel.”

Jacob’s tears flowed more and more, aggrieved like a child.

For so many years, he has suffered too much emotionally. So he felt great comfort at the moment when Meiqing came back.

When he saw Meiqing, he really realized that his previous life had always been in dire straits.

Therefore, he didn’t want to live that kind of life for a minute.

Seeing Jacob crying like a child, Meiqing’s eyes were red.

She walked up to Jacob, used her sleeves to gently wipe away his tears, and said distressedly: “Jacob, you have worked so hard for so many years. If you can go back in

time, return to the one before our graduation. At that time, even if you and Elaine already have facts, I will not give up on you...”

As she said, she sighed sadly again: “It’s a pity, time is gone, no one can let the years turn back. In a blink of an eye, we are all middle-aged and elderly people over half a hundred years old.”

Jacob grasped her hand tightly and said excitedly: “Meiqing! Because we can’t let the years turn back, we should not let down our future! Let us not let down in a second!”

At this point, Jacob was very excited, knelt on one knee, and blurted out: “Meiqing, I want to be with you!”

Seeing him kneeling, Meiqing suddenly panicked, and hurriedly pulled him up and blurted out: “Oh, Jacob, what are you doing? Get up!”

Jacob said stubbornly: “If you don’t agree to me, then I won’t be able to get up here!”

Meiqing glanced at the door of the kitchen and said anxiously: “Oh, get up quickly, if you let the children come in, how can you explain this?”

Jacob said seriously: “If Paul comes in and sees it, then I will tell him that I love his mother. I want to be with his mother and hope to be blessed by him; if it is Claire seeing it, Then I will tell her that I love you, and I want to divorce her mother and be with you!”

Chapter 879

When talking about this, Jacob suddenly became emotional.

He observed at Meiqing’s eyes and said emotionally: “Meiqing, I’m really not joking with you. Every word I say comes from the bottom of my heart. In the past twenty years since you left, I have never been happy, we are all this old, why can’t we put aside those scruples and pursue a real love vigorously?”

Meiqing sighed faintly: “Jacob, I have thought about everything you said, and to be honest, I also have illusions in my heart. It’s just that the current situation is really not like before. The third party I hate most in my life. So I don’t want to become a third party,

so we shouldn't be so anxious about this matter. Give me some time, and I will give you some time."

Jacob hurriedly asked: "Are you willing to stay with me after I divorced Elaine?"

Meiqing's big beautiful eyes with a few fine wrinkles observed at Jacob unblinkingly, and said seriously: "Jacob, I admit that one of my big motives for returning to China is to hope to see you again. I hope I can continue with you again."

Having said that, she changed the conversation and said: "However, we are not 18 or even 20-year-old youngsters. We have to think carefully about things now. I have no way to answer the question of whether we are willing to be with you. After you are truly single, the two of us have tried to get along for a while, and I will answer your question solemnly."

Jacob blurted out without hesitation: "I am willing, I am willing, ten thousand times willing, one million times willing."

Meiqing said seriously: "Jacob, I also hope that you will seriously and solemnly consider Elaine, your marriage. Consider whether there is still love between you two. If you still have love, then I will wish you all the same as before; if you do not have love, then you must tell her clearly as early as possible. I still know your character very well. If you are constantly interrupted, you will always be disturbed."

Meiqing is already a complete winner in life, but the only thing she has not won in her life is true love.

Therefore, she is obsessed with Jacob.

Everyone should have an obsessive object in their heart. If this obsessive object is with him, then his life is happy and his life is fulfilled; but if the obsessive object is not with him Together, he will regret for life.

Therefore, Meiqing's return to China this time can be said to be nothing else, just to rediscover the unforgettable love during this period of sunset in life.

Jacob couldn't wait to say: "Meiqing, as long as you don't dislike me and are willing to stay with me, I will definitely divorce Elaine!"

Meiqing sighed softly and said, "Whether you and her were intentional or unintentional, or if you were used by others, in the final analysis, you have betrayed our feelings. If you are really willing to make up for it, then of course I am also willing. Give you a chance."

Recalling that year, Jacob suddenly stood up and once again hugged Meiqing face-to-face.

While hugging her tightly, he said: "Meiqing, I regretted what happened back then for more than 20 years. This time I will never let myself regret it again. You must wait for me!"

Meiqing nodded and said softly: "Okay! I'm waiting for you! But you can't hold me like this anymore. What we do now is wrong!"

Jacob said stubbornly: "Whether it is right or wrong, I just want to hold you now!"

Meiqing was struggling in her heart. Want to talk about her feeling of being held in his arms, but she has lived a decent life in her life and cannot accept that she is so close to a married man.

So she said in a panic: "Oh, you let me go first, it's not good for us, and I still have to cook..."

Jacob said: "I have you in my heart, and you also have me in in your heart. What's so bad about this!"

After speaking, Jacob actually plucked up the courage, lowered his head and wanted to k!ss Meiqing.

Meiqing hurriedly avoided him, and said very solemnly: "Have you talked to yourself for a long time?"

Chapter 880

As she was talking, a burning smell spread in the kitchen.

Meiqing exclaimed: "Oh, my Longjing Shrimp!"

Having said that, she hurriedly pushed Jacob away, blushing and ran to the side of the stove, and when she looked into the pot, she let out a mournful cry: "It's over, it's over, the shrimps are all cooked!"

Jacob quickly reminded her from the side: "Quickly turn off the fire, or it will burn out soon."

Meiqing hurriedly turned off the gas on the stove. The shrimp that had been burnt in the pot said helplessly, "I blame you, originally this was my best dish, but it's all over now..."

Jacob was also embarrassed and guilty, and said, "Should I go out and buy you a bag of shrimps again?"

At this time, both Charlie and Paul, who were drinking tea outside, could smell the mushy smell spreading out of the kitchen, and Charlie subconsciously said, "Is it not a mess?"

Paul frowned and said, "My mother cooks very professionally. It shouldn't happen to her..."

Charlie stood up and said, "Paul, sit down for a while. I'll go in and take a look. Don't be surprised."

Paul hurriedly said, "I will come too."

After saying that he was about to get up, Charlie stretched out his hand, pressed him back, and said with a smile: "Sit and drink tea. I'll just go and see it."

What Charlie was thinking at this time was, if his mother and father-in-law were doing the firewood in the kitchen at this time, and the two of them were disheveled and forgot what was in the pot, how embarrassing would he be to rush in like this?

He's different. His mother and Jacob are not related by blood. He just went in to watch the show.

Paul didn't know that Charlie's heart at this time was all thoughts of watching the show. Seeing that Charlie had already stepped to the kitchen, he didn't insist on it anymore.

Charlie came to the kitchen, opened the kitchen door, and probed in.

Seeing that the two people in the kitchen were hurriedly tidying up and had burnt the pot, their clothes looked neat, and there was nothing wrong with them, Charlie couldn't help feeling a little disappointed.

He wanted to come over and eat a melon, but he didn't even have a watermelon rind.

However, looking at the faces of the old man and his first love, both seem to be a little red, and it feels as if the two should have had some closer contact just now.

So Charlie deliberately pretended to be surprised and asked: "Dad, Aunt, I don't know what burned, are you two all right?"

Jacob hurriedly said in a panic: "Well, nothing is wrong, nothing is wrong, just accident, the pot burned, I am dealing with it, don't worry."

Charlie said, two people can still see the confusion after watching a pot, you two must have done nothing good just now.

Jacob said with a guilty conscience at this time: "Charlie, you should go out and have tea with Paul. It is enough to have me and Aunt here..."
