

# The Charismatic Charlie Wade Chapter 916 – 920

## Chapter 916

It's like a few people rushing to pay after dinner.

Everyone is rushing to pay, but not everyone really wants to pay.

It is very possible that everyone just wants to be polite, because if you are not polite, it seems that you are not sensible.

Therefore, there are often people at the hotel bar asking who pays the bill, and you come and go all the time.

Charlie saw many such people, but he admired people like Paul, who is witty, decisive, and straightforward.

Since he has said something, he will absolutely stop talking nonsense, and send him away directly. This is the way of communication between smart people should take place.

Afterwards, Paul took Charlie all the way out of the company and came to the elevator door.

He took the initiative to press the elevator button for Charlie, and then an elevator came up from the first floor and stopped on this floor.

As soon as the elevator stopped, Paul hurriedly made a please gesture.

Just about to speak to Charlie, at this moment, the elevator door suddenly opened, and a super beauty with a glamorous and tall figure, wearing a small suit on the upper body and a skirt with a covered hip suddenly appeared in the elevator.

The beauty is glamorous and moving, but at the same time there is no lack of glamorous and s\*xxy look. It can be described as the best of the best, so that all men are excited.

Paul looked at her in surprise and exclaimed: "Miss Song, why are you here?"

The beauty was about to speak when she suddenly saw Charlie next to Paul, her cold and pretty face suddenly seemed to be bathed in the spring breeze, with a cheerful smile of the little girl, she said in surprise: "Mr. Wade, why are you here?"

Charlie looked up and found out that the person in the elevator turned out to be Warnia, the eldest of the Song family. She was also accompanied by several bodyguards, each holding a beautiful flower basket.

Warnia didn't expect to meet her sweetheart Charlie here, and she was naturally very happy in her heart.

Charlie felt a little surprised to see her here, and said with a smile: "I came here to help my friend take a look at his Feng Shui."

After all, he thought that Paul had recognized Warnia just now, so he guessed that the two of them must know each other.

Warnia smiled and said, "It seems that Mr. Wade, you also know Mr. Paul. I came here because my grandpa asked me to help him and gave Mr. Paul some flower baskets to congratulate him on the opening of his company."

After speaking, she realized that she hadn't greeted Paul, so she said with some embarrassment: "Mr. Paul, it's been a long time."

Paul is a smart man, and the most contacted suspects in his work as a lawyer, so he has a very strong ability to interpret people's eyes and expressions.

FBI in the United States once offered a course on interpreting facial expressions.

This is mainly to teach the case handlers how to use the subtle expressions and eye changes of the suspect to guess whether the other party is lying.

This is a very high-end psychology category, but it is also a compulsory course for every judicial officer.

Paul studied law in the United States for many years, and also became a lawyer, coupled with his childhood family edification, so that he has a unique talent in this area.

Therefore, from Warnia's look at Charlie's expression and eyes, he could tell that Warnia liked Charlie.

While admiring Charlie, he was able to attract such a stunning beauty as Warnia, and he couldn't help but sigh. It seems that Charlie is really extraordinary, and even the eldest lady of the Song family has a deep love for him.

More importantly, Charlie is a married person. The Song family's eldest lady would actually like a married man. This is simply explosive news!

## **Chapter 917**

At this time, the graceful Warnia walked out of the elevator.

Although she came to give Paul a flower basket, her eyes were always on Charlie's body.

Every time she saw Charlie, Warnia felt very happy, as if she had returned to the age when she was 18 years old.

In fact, an eldest lady like her matured earlier than most people, got in touch with the human world earlier, and learned to put on a mask earlier.

But after seeing Charlie, after falling in love with Charlie, Warnia's ability to put a mask on herself failed in front of him.

She looked at Charlie with admiration and affection in her eyes, and she answered shyly: "Mr. Wade, how did you and Mr. Paul know each other? Mr. Paul should have just arrived in China not long ago?"

Charlie smiled slightly and said, "My father-in-law and Mr. Paul's mother are college classmates, so they met each other."

Warnia was surprised and said: “Oh, how could it be such a coincidence!”

Paul on the side smiled and said, “It’s such a coincidence. I didn’t expect that, Miss Song, you also know Mr. Wade.”

Warnia took a deep look at Charlie and said to Paul: “Mr. Wade can be regarded as my savior. Do you remember one time when our export goods arrived in the United States, they were immediately said to be unqualified, but they still want to sue us and make us bear huge compensation?”

Paul immediately nodded and said: “Of course I remember that time you asked me to rush from the east coast of the United States to the west coast to help you resolve this dispute, but the problem was resolved before I reach the west coast.”

Warnia said with lingering fear: “I accidentally broke the Feng Shui at home that time. Not only did the business suffer, but I also had many problems with it. I even had frequent driving problems and accidents.”

With that, Warnia raised her wrist to reveal the bracelet her mother had left her, and said with emotion: “At that time, this bracelet was already lost. If it weren’t for Mr. Wade, I wouldn’t be able to find it back.”

Paul exclaimed: “It turns out that the great Feng Shui master you told me was Mr. Wade!”

Warnia nodded and said, “Yes, it’s Mr. Wade.”

Paul’s eyes looking at Charlie are already full of worship and admiration!

He blurted out: “Mr. Wade, I really didn’t expect that you are the Feng Shui master who has always been praised by Miss Song!”

Charlie smiled indifferently, waved his hand and said, “It’s nothing more than a little bit of bugging skills, not worth mentioning.”

Paul hurriedly said: “Mr. Wade, you are really too modest. If you hadn’t pointed it out just now, my Feng Shui bureau might have a big problem. I’m so grateful!”

Although Charlie was very humble, Paul didn't think so. He already had some respect for Charlie in his heart.

Moreover, even the eldest lady of the Song family praised Charlie for being more natural, not to mention Charlie.

At this moment, Charlie said, "I still have something to do, so let's talk about it first, and I will leave now."

Warnia hurriedly asked: "Mr. Wade, where are you going? Do you have the car? If you aren't driving, I will see you off!"

Charlie smiled and said, "Don't you need to retell the past with Paul?"

Warnia hurriedly said: "Paul and I are old acquaintances. From now on, he will develop in Aurous Hill. We have time to relive the past. If you don't drive today, please let me see you off!"

Seeing this, Paul knew that Warnia not only liked Charlie, but also put Charlie in a very, very important position in her heart.

At this time, he said in a hurry, "Miss Song, thank you for the flower baskets you gave, and thank, Mr. Song, for helping me. If you have the opportunity, you will definitely come to visit me next time."

## **Chapter 918**

Warnia glanced at Paul gratefully, and said to him, "That's fine, since you have something to do, then I won't bother you much, let's get together again!"

Paul is indeed very high in EQ, and also very high in IQ. He can see that Warnia's mind is all on Charlie, so he proposed to send Charlie to her. In that case, why not push the boat along the way and help her?

So Warnia said to Charlie: "Mr. Wade, I'll give it to you!"

Charlie nodded and said with a smile: "Well then, I will trouble you."

Warnia smiled shyly, and said seriously: "Mr. Wade, don't be so polite with me."

.....

Warnia left her bodyguard to carry the flower baskets to Paul. She pressed the elevator, reached out to block the elevator door, and said to Charlie, "Mr. Wade, please!"

Charlie nodded slightly, stepped into the elevator first, and Warnia followed in.

The elevator door closed, and the faint and advanced fragrance of Warnia's body slowly penetrated Charlie's nostrils.

Warnia's taste is very high, the perfume on her body is light and long. Not only makes people feel very comfortable and refreshing, but it also smells not vulgar, and even makes people obsessive and addictive.

Standing with her, Charlie even had some contemplation in his heart.

It is undeniable that Warnia is indeed very beautiful, with a very noble temperament, and more importantly, this woman is too gentle when she is in front of him, and she can't see the air of Missy.

The two left the Gemdale Building together, and Warnia personally opened the door of her Rolls-Royce and asked Charlie to sit in.

After getting in the car, Warnia respectfully asked Charlie next to her: "Mr. Wade, where are you going, I will see you off!"

Charlie smiled slightly: "Then please take me back to Tomson Villa."

Warnia asked in amazement: "Mr. Charlie, are you going to do errands? Why are you going home suddenly?"

Charlie said with a smile: "The time to do something hasn't arrived yet, I'll go home and wait."

Although Warnia was a little surprised, she nodded slightly and said, "Then I will take you back."

As she said that, she plucked up courage again and asked expectantly: “Mr. Wade, when will you have time? I want to treat you to dinner...”

Charlie thought for a while and said, “Let’s take two days. There have been a lot of things recently, especially today.”

He has already explained to Issac very clearly that once he is ready to release Elaine, the detention center will specifically ask her to call him.

At that time, he will go and pick Elaine back.

The reason why he had to pick up Elaine himself was mainly because he wanted to see how miserable Elaine was now.

This woman, who dared to steal 21.9 billion, would never be able to learn a lesson if she didn’t suffer from it.

21.9 billion. If show mercy to her and she are not afraid of revealing identity, and he calls the police directly, Elaine will be sentenced to at least a suspended death sentence even if he doesn’t shoot her for such a large amount of money involved.

Let her go in and suffer for a few days and then let her out. It’s already very cheap for her!

## **Chapter 919**

After Elaine returned to the detention center from the police station for questioning, she has been waiting for the result with anxiety.

She didn’t know if the police would let herself go, so she could only pray in her heart.

In the two days since entering the detention center, Elaine has suffered. She has never suffered the painful torture in her life. Now she feels that she is on the verge of collapse. If they not let her go out, she will really have to die here.

Old Mrs. Willson knew that Elaine was called to the police station for questioning in the morning, and she felt a little worried in her heart.

She was afraid that Elaine would tell the police officers that she and Gena tortured and beat her.

Moreover, she was also worried that Elaine would apply for a cell change with the police officer.

If the police officer replaced her, wouldn't she lose the greatest pleasure?

For so long, the Willson family has suffered so many misfortunes and tribulations, that the Old Mrs. Willson's mood has been very low. It was not until Elaine and her were locked up in the same cell that she regained the joy and joy of life.

The thought that Elaine might have been in prison for more than ten or twenty years, and that she would be able to go out after waiting for more than 10 days, the Old Mrs. Willson felt excited.

Seeing Elaine curled up in the corner of the cell, the Old Mrs. Willson was very playful. She stepped up to Elaine and asked with a smile: "Oh, I heard you were called to the police station for questioning?"

Elaine looked at her, shivering: "Yes, mother, I was called to ask about the situation."

Old Mrs. Willson asked coldly: "Then did you talk nonsense with the police? Did you not complain to them?"

Elaine hurriedly waved her hand and said, "Don't worry, mom, I didn't tell the police what happened in the cell. They came to me to ask about the case."

Old Mrs. Willson relaxed, snorted and asked her: "I said Elaine, have you consulted with a lawyer? How many years are you going to be sentenced to in this situation? Is 10 years and 15 years enough?"

Elaine shook her head repeatedly and muttered: "I haven't found a lawyer yet, so I don't know how long I will be sentenced."

After returning, Elaine did not dare to say that she might be released soon.

Because once they knew she was going to be let go, they would definitely do everything possible to torture themselves severely before they left.

So Elaine decided to forbear, until the moment the police came to let him go.

The Old Mrs. Willson sneered and said proudly: "I have heard others say that in your case, at least 15 years will be sentenced!"

The Lady Willson said with a long sigh, but she said with excitement: "Oh, 15 years, Elaine, 15 days, I can't stand it for 15 years, how will you take it then? I will worry about you when I think about it."

Elaine said nonchalantly: "I don't know ah! Mom! When I thought that I might be locked up in it for more than ten years, my heart was so cool..."

Gena stepped to Elaine at this time, and slapped her right and left, and then looked down at her: "Like you, a bankrupt woman who snatches someone else's husband, don't say you will be detained for more than ten years, even if you are detained for a lifetime. It doesn't reduce the hate. Think about that Meiqing who was forced to the United States by you. Although I don't know her, I haven't even met her, but when I think of what you did to her, I want to do it for her. Bad breath!"

After that, she stretched out her hand to grab Elaine's hair, crackling her face several times.

Elaine's mouth soon shed blood, and at the moment Gena stopped, she did not expect that the Old Mrs. Willson on the side was also waiting to teach her.

Just as Gena stopped, the Old Mrs. Willson suddenly stretched out her hand, tightly grabbing Elaine's ear, and pulling desperately, making Elaine cry out in pain.

Elaine grinned and asked, "Mom, why are you pulling my ears? Did I do something wrong, mom?"

## **Chapter 920**

Old Mrs. Willson coldly snorted: "You still have the face to ask me, what did you do wrong? I tell you, as long as you are alive, as long as you can breathe, it is wrong. Your only correct choice is to die quickly. , Don't waste air in this world!"

Elaine felt that her ears were about to be pulled off, and the pain was so painful, but she didn't dare to have the slightest sense of disobedience, so she could only swallow the bitterness into her stomach, thinking that if she persisted, she could just persist this out!

After she goes out, this bad Lady Willson will also be released in less than ten days. At that time, this bad Lady Willson has no place to live, no place to eat, no place to drink, or she will go to death on the street. There is a chance to find her revenge!

Doesn't this bad Lady Willson feel that she is going to be locked up in it for more than ten years?

She also wanted to take the letter written by her and go to live in her Tomson Villa, which is simply a dream!

She must have never imagined that it would be impossible for her to be detained here for more than ten years, and she will be released soon!

When the prison guards come to let her go, she believes this bad wife will be dumbfounded, dumbfounded, and even very painful, very depressed, and very angry!

Maybe it's possible to die here on the spot.

The Old Mrs. Willson did not expect that Elaine might be released. She only felt that Elaine might stay in jail for the rest of her life.

That's why she has always regarded the letter written by Elaine as a treasure, because with this letter in her hand, she can go to live in the big mansion of Tomson after only waiting for more than ten days from now.

"OMG, Tomson, how dare I think about it before."

After staying in the Tomson First-Class this time, she said nothing would be possible to move away, and she would die in a mansion like Tomson First-Class.

She is more feudal and superstitious. She feels that only by dying in this kind of mansion can she devote herself to a wealthier family and enjoy a lifetime of prosperity.

At this time, the guards in the detention center stepped over.

Only then did Mrs. Willson reluctantly let go of Elaine's ears. Just now, with all her strength, she pulled Elaine's ears so red and swollen, and there was even some tearing and bleeding at the base of the ears.

Elaine's painful tears burst, but when she saw the prison guard, she was almost crazy with excitement.

The prison guard is here, the prison guard is here to let her go!

"I am finally going to be free again!

I can finally return to the big mansion of Tomson, have a full meal, and sleep peacefully!

For more than two days, I didn't eat anything except licking two mouthfuls of porridge on the ground, I didn't sleep well, and I also had a fever. This feeling was simply too painful."

So Elaine can't wait to leave here quickly, leave here forever.

The prison guard strode to the cell, opened the door, and said, "It's time to let the wind out, everyone lined up to the playground!"

"Out for the air?!"

Elaine's heart was extremely excited, and instantly fell to the bottom.

Are the prison guards here to take everyone out? Isn't she ready to let her out? Haven't the police officers discussed whether they want to let her out?
